PERTH : FRIDAY, 22nd JUNE.

[1951.

AT a meeting of the Executive Council held in the Executive Council Chambers at Perth this 12th day of June, 1951, the following Orders in Council were authorised to be issued:—

The Land Act, 1933-1950.

ORDER IN COUNCIL.

Corr. No. 10223/02.

WHEREAS by section 33 of the Land Act, 1933-1950, it is made lawful for the Governor to direct that any reserve shall vest in and be held by any municipality, road board, or other person or persons to be named in the order, in trust for any of the purposes set forth in section 29 of the said Act, or for the like or other public purposes to be specified in such order, and with power of sub-leasing; and whereas it is deemed expedient that reserve No. 8525 (Cuballing Lot 18) should vest in and be held by the Cuballing Road Board in trust for Recreation: Now, therefore, His Excellency the Governor, by and with the advice and consent of the Executive Council, doth hereby direct that the before-mentioned reserve shall vest in and be held by the Cuballing Road Board in trust for Recreation with power to the said Cuballing Road Board, subject to the approval in writing of the Minister for Lands being first obtained, to lease the whole or any portion of the said reserve for any term not exceeding twenty-one (21) years from the date of the lease.

(Sgd.) R. GREEN,
Acting Clerk of the Council.

Land Act, 1933-1950.

ORDER IN COUNCIL.

Corres. 2277/16.

WHEREAS by section 33 of the Land Act, 1933-1950, it is *inter alia*, made lawful for the Governor to direct that any land reserved pursuant to the provisions of the Act shall be leased for the purpose for which the land is reserved as aforesaid, by instrument of lease, to any person (as defined in the said section); and whereas it is deemed expedient that reserve No. 16578 (Kent Location 515) shall be leased for a term of one year and thereafter from year to year to the Commonwealth of Australia to be held in trust for the purpose of a Rifle Range: Now, therefore, His Excellency the Governor

by and with the advice and consent of the Executive Council doth hereby direct that the abovementioned reserve shall be leased for a term of one year and thereafter from year to year to the Commonwealth of Australia to be held in trust for the purpose of a Rifle Range.

(Sgd.) R. GREEN,
Acting Clerk of the Council.

The Land Act, 1933-1950.

ORDER IN COUNCIL.

Corr. No. 1195/39.

WHEREAS by section 33 of the Land Act, 1933-1950, it is made lawful for the Governor to direct that any reserve shall vest in and be held by any municipality, road board, or other person or persons to be named in the order in trust for the like or other public purposes to be specified in such order; and whereas it is deemed expedient that reserve No. 22242 should vest in and be held by the Gnowangerup Road Board in trust for the purpose of Recreation: Now, therefore, His Excellency the Governor, by and with the advice and consent of the Executive Council, doth hereby direct that the before-mentioned reserve shall vest in and be held by the Gnowangerup Road Board in trust for the purpose aforesaid, subject nevertheless to the powers reserved to him by section 37 of the said Act.

(Sgd.) R. GREEN,
Acting Clerk of the Council.

The Land Act, 1933-1950.

ORDER IN COUNCIL.

Corr. No. 3267/49.

WHEREAS by section 33 of the Land Act, 1933-1950, it is made lawful for the Governor to direct that any reserve shall vest in and be held by any municipality, road board, or other person or persons to be named in the order in trust for the like or other public purposes to be specified in such order; and whereas it is deemed expedient that reserve No. A23209 should vest in and be held by the Nedlands Road Board in trust for the purpose of Recreation: Now, therefore, His Excellency the Governor, by and with the advice and consent of the Executive

Council, doth hereby direct that the before-mentioned reserve shall vest in and be held by the Nedlands Road Board in trust for the purpose aforesaid, subject nevertheless to the powers reserved to him by section 37 of the said Act.

(Sgd.) R. GREEN,
Acting Clerk of the Council.

The Land Act, 1933-1950.

ORDER IN COUNCIL.

Corr. No. 2845/51.

WHEREAS by section 33 of the Land Act, 1933-1950, it is made lawful for the Governor to direct that any reserve shall vest in and be held by any municipality, road board, or other person or persons to be named in the order in trust for the like or other public purposes to be specified in such order; and whereas it is deemed expedient that reserve No. 23271 should vest in and be held by the Manjimup Road Board in trust for the purpose of Hallsite, Recreation and Children's Playground: Now, therefore, His Excellency the Governor, by and with the advice and consent of the Executive Council, doth hereby direct that the before-mentioned reserve shall vest in and be held by the Manjimup Road Board in trust for the purpose aforesaid, subject nevertheless to the powers reserved to him by section 37 of the said Act.

THE HEALTH ACT, 1911-1950.

Guildford Municipality.

Resolution.

P.H.D. 696/46.

WHEREAS under the Health Act, 1911-1950, the Governor may cause to be prepared Model By-laws for all or any of the purposes for which by-laws may be made by a local authority; and whereas Model By-laws described as Series "A" have been prepared and published in the *Government Gazette* on the 4th December, 1944, and amended from time to time thereafter, and whereas a local authority may adopt the whole or any part of the said Model By-laws with or without modification: Now therefore the Guildford Municipality, being a local authority within the meaning of the said Act, doth hereby resolve and determine that the model by-laws described as Series "A" and published in the *Government Gazette* on the 4th December, 1944, together with the amendments thereto published in the *Government Gazette* on the 26th January, 1945, 30th November, 1945, 20th December, 1946, and 10th February, 1950, shall be adopted with the modifications as follows:—

Schedule of Amendments and Modifications
to Model By-laws.

Part 1.—General Sanitary Provisions.

1. By-law 4 is amended by deleting the word "privy" wherever occurring in this by-law and substituting therefor the words "sanitary convenience."
2. By adding the words "or trade" after the word "domestic" in by-law 21 of Part 1.
3. By inserting the words "owner or" before the word "occupier" in the first line of by-law 23.
4. By adding to subparagraph (a) of paragraph (1) of by-law 23 the following words, "the owner or occupier executing any of the works in this by-law specified, and also any person actually carrying out such work on his behalf, shall be responsible for the submission of the aforesaid plan for approval. No such work or works shall be commenced until such approval has been obtained."

5. By-law 23, paragraph (1), subparagraph (e) is amended by deleting this subparagraph and inserting the following words, "Every system used for the disposal of liquid refuse shall be effectively ventilated by means of an induct ventilator of 4in. diameter, provided with fine mesh gauze and cast iron grating. Such ventilator to be erected to a height of 1ft. above ground level, and an educt ventilator made of galvanised iron and of 4in. diameter and carried up to a height of not less than 18ft. or 4ft. above the eaves of each house. The position of such ventilators to be to the satisfaction of the inspector."

6. By adding a paragraph after paragraph 1 of by-law 23, Part 1, to be read as paragraph 1A, as follows:—

1A. By discharging into a French drain, when so required by the Health Inspector, which shall comply with the following conditions:—

(a) A sketch plan showing the design, situation and construction, together with the connections with such French drain, shall be submitted to and approved in writing by an inspector.

(b) It shall be constructed of agricultural drain pipes of not less than 4in. diameter laid in a straight line, with open joints and completely surrounded with not less than 9in. of broken blue metal or other approved natural stone of not less than 3in. gauge, or with other approved material.

(c) The house fittings shall be to the satisfaction of the inspector, and each such fitting shall be discharged over an open gully with a water-sealed trap. A grease intercepting trap of approved design and dimensions shall be installed at such premises as is considered necessary by the inspector and shall be situated where directed by the inspector.

(d) The dimensions of the trench in which the drain is laid shall be determined by an inspector.

(e) Every system used for the disposal of liquid refuse shall be effectively ventilated by means of an induct ventilator of 4in. diameter, provided with fine mesh gauze and a cast iron grating. Such ventilator to be erected to a height of 1ft. above ground level, and an educt ventilator made of galvanised iron, and of 4in. diameter and carried up to a height of not less than 18ft. or 4ft. above the eaves of each house. The position of such ventilators to be to the satisfaction of the inspector.

(f) Whenever ordered by an inspector, such French drain shall be emptied, cleansed and disinfected in such manner and within such time as is specified in the requisition.

7. By adding after the number (1) (1A) in by-law 23 (3), Part 1.

8. By adding the words "A grease intercepting trap of approved design and dimensions shall be installed at such premises as is considered necessary by an inspector, and shall be situated where directed by the inspector" after the word "trap" in by-law 23 (1), clause C of Part 1.

9. By adding the words "or owner" after the word "occupier" in the first line of by-law 26 of Part 1.

10. By deleting the word "dwelling" in the second line of by-law 29 (b) and adding the words "or poultry" after the word "pigeons" occurring in the second line of by-law 29 (b) of Part 1.

By adding two new paragraphs to by-law 29, Part 1, to read as follows:—

(e) No person shall keep more than 50 head of fowls or turkeys or 12 ducks or geese, upon any residential lot of land of an area of quarter of an acre or less. In respect of a residential lot of land exceeding quarter of an acre in area, no person shall keep any poultry in excess of the numbers enumerated above without having first received the written approval of the local health authority specifying the number of head of poultry which may be kept thereon.

(f) The floors of the poultry house shall be constructed of cement, trowelled to a smooth finish, and laid with a fall of 1 in 50 to the front. The fences of the poultry runs shall be constructed of 6ft. galvanised wire netting, supported by uprights of 3in. x 2in. jarrah, or equivalent thereof, set at 8ft. centres with 2ft. in the ground.

11. By adding the words "or owner of any dead animal" after the word "animal" in the first line of by-law 30 of Part 1.

12. By inserting a new subparagraph in Part 1 to be known as subparagraph 41 (e) as follows:—

41 (e). Where any house is not provided with an ample supply of clean wholesome water, the owner of the premises shall cause such house

to be properly provided with a supply, whether by connecting to any existing water main, constructing a well, or providing suitable rain-water tanks, such work to be carried out to the satisfaction of the inspector.

Part VII—Food.

13. By adding the words "or owner" after the word "occupier" in the first line of each of sections 4, 5 and 6 of Part VII.

14. Add a new by-law after by-law 7 of Part VII of the by-laws to be read as by-law 7A as follows:—

7A. The occupier of premises shall comply with all such directions as shall be given in writing by an inspector for the purpose of protecting all food for sale from contamination by flies or dust.

15. By the addition of a by-law as follows, in Part VII to read as by-law 12A of Part VII:—

12A. No person shall deposit any vegetable or other food of any kind intended for sale for human consumption upon any street, road, footpath, right-of-way, or upon any other private, public thoroughfare or land.

16. By the addition of a further paragraph as follows, to by-law 19 of Part VII, "The occupier of every public house, public bar, refreshment room, tea room, eating house, drinking booth, or other public place of refreshment, shall not permit the use of any drinking vessel, unless such vessel is sound and free from cracks or chips."

17. By specifying the following fees to be paid for the registration of offensive trade premises.

Part IX.—Schedule "D."

In respect of slaughter houses, artificial manure depots, bone mills, blood drying, fellmongeries, wool scouring establishments, chemical works, soap and candle works, gut scraping, gut spinning or sausage skins—£5.

In respect of places for storing, drying or preserving bones, bone manure, meat meal, hides, hoofs, or skins, fat melting, fat extracting, or tallow melting establishments, tripe boiling and cleaning, tanneries, manure works or depots, marine stores, rag and bone merchants, or flock factories—£3.

In respect of jute stores, cleaning establishments, piggeries, dry cleaning and dye works, laundries, fish shops, fish curing establishments—£1.

In respect of fat rendering for dripping at butchers' retail shops—10s.

In respect of any other offensive trade not specified above—£5.

18. By the addition at the end of such by-laws of a new part, to stand as Part X, as follows:—

Part X.—Morgues.

1. The annual fee for a place for a license for the temporary reception of the bodies of the dead and for keeping such bodies for the purpose of view, examination, identification, or other lawful purpose before burial or cremation shall be, £1.

2. No such license shall be granted in respect of any premises unless—

(a) the interior surface of all walls is covered with glazed tiles or is rendered impervious with some material to be approved by the local authority, so as to be non-absorbent and washable, and

(b) all floors are constructed of some impervious material, to be approved by the local authority, such as granolithic, having a fall to an outlet discharging over a trapped gully, and,

(c) the premises are adequately ventilated by direct communication to the outer air.

3. No such license shall be granted in respect of any room the dimensions of which are less than 10ft. x 9ft. x 12ft. high.

4. No such license shall be granted in respect of private premises unless the site thereof is approved by the local authority or if the same are within 20ft. of any dwelling house.

Passed at a meeting of the Guildford Municipality this 8th day of March, 1951.

THE HEALTH ACT, 1911-1950.

City of Fremantle.
Model By-laws—Part 1.
Amendment of By-laws.

P.H.D. 1157/46.

WHEREAS under the provisions of the Health Act, 1911-1950, a local health authority may make or adopt by-laws and may amend, repeal or alter any by-laws: Now therefore the City of Fremantle being a local health authority and having adopted Model By-laws Series "A" as published in the *Government Gazette* on the 8th day of April, 1927, and other subsequent dates, as its by-laws for the Fremantle Health District, doth hereby amend its said by-laws as follows:—

1. By adding to the by-law No. 3 of Part 1 of Model By-laws a new paragraph as follows:—

- (c) The owner or occupier of any premises where there is a sanitary convenience shall maintain such sanitary convenience and the pedestal-pan, cisterns and other parts thereof and the water service in good order and condition and properly repaired and fit for use.

By adding a new by-law after by-law No. 4B of Part 1 of Model By-laws as follows:—

2. (4C) In relation to cooking facilities to be provided in houses or public places or private places in accordance with the provisions of section 99 of the Act the following provisions shall apply:—

1. Every house used for human habitation shall be provided with:—

- (a) A wood stove properly installed to provide for the escape of smoke through a properly constructed brick chimney; or
- (b) a gas or electric or other approved stove.

Where a stove operated by gas or any type of oil fuel is used for cooking or heating purposes, the waste products of combustion shall be conducted by an approved flue to the outside air without creating a nuisance.

And where in any house common cooking facilities are used by more than three separate family units, a separate stove shall be provided for each three family units or part of that number.

2. The stove or stoves provided in accordance with paragraph 1 hereof and all brickwork, chimneys, or approved flues, recesses and other parts thereof shall at all times whilst such house is occupied or used or available for occupation or use, be kept and maintained in good order and condition and properly repaired and fit for use.

3. By adding after by-law 37 of Part 1 of Model By-laws a new sub-heading as follows:—

Repairs to Houses.

37 (a) The owner of every house used for human habitation shall maintain such house and any laundries, bathrooms, lavatories attached to or used in connection therewith in good order and condition and properly repaired and fit for use and in particular shall:—

1. Repair or replace any roof or part thereof which shall become in disrepair.

2. Repair any brick or stone work which shall show signs of fretting and treat or repair any walls which may become damp.

3. Replace all decayed or ant-eaten timber therein.

4. Repair and replace with new material where necessary any verandah or the roof, floor supports or other parts thereof which may become in disrepair.

5. Repair and replace where necessary any steps or handrails thereof which may become in disrepair.

6. Repair or replace any flashings which may become in disrepair.

7. Replace any ant stops which shall be missing or in disrepair.

8. Repair or renew any ventilators which shall become in disrepair or be missing.

H. E. SMITH,
Under Secretary for Lands.

LAND ACT, 1933-1950.

(Parts V and VII.)

Land Open For Selection.

Yilgarn District (Boodarockin to Narla).

Applications Close 18th July, 1951.

Department of Lands and Surveys,
Perth, 20th June, 1951.

Corres. No. 5866/23.

IT is hereby notified, for general information, that Yilgarn locations scheduled hereunder are available for selection under Part V (section 47) of the Land Act, 1933-1950, and the regulations thereunder, subject to the provisions of the said Act, at the prices per acre shown and subject to such charges for improvements as shall be determined, and also, that the said lands are, alternatively, available for leasing under the provisions of section 116 of the said Act, at such rentals as shall be determined and subject to the special conditions enumerated hereunder. Where applicable mining conditions will be inserted in all leases.

Conditions for Leasing Under Section 116.

Type of Lease.

1. Special Leases for cropping and grazing will, upon approval of applications, be issued under the provisions of section 116 of the Land Act, 1933-1950, with terms to expire on 31st December, 1967, unless in particular cases a shorter term be decided on.

2. No Special Lease will be granted to any person who is not already the holder of at least 1,000 acres of freehold or conditional purchase land adjacent to the area applied for by such person.

Qualifications.

3. Any person holding only a Special Lease for cropping and grazing, consisting of at least 1,000 acres, for a term of 10 years, may be granted a conditional purchase lease with freehold rights, subject to the provisions of the Land Act.

4. No person will be granted an area in the aggregate in excess of 7,000 acres.

5. A husband and wife will be considered as one person when calculating the maximum area to be acquired either jointly or severally.

Rentals.

6. Special Leases granted will be at a rental to be fixed by the Department as at the date of commencement, and be subject to appraisal as at 1st July, 1954, and 1st July, 1961. Rent will not be charged for improvements effected by the lessee.

7. Settlers will have the right to appeal against rentals fixed on re-appraisal, to a Board of Arbitration to consist of a representative of the settler, a representative of the Department, and a magistrate of the Local Court, as chairman.

Restrictions and Limitations.

8. If, during the term of the Special Lease, the settler fails to continue in ownership of his freehold or conditional purchase lands, then the Minister may, at his discretion, cancel the Special Lease.

9. Special Lease so granted will be subject to the restrictions and limitations in regard to transfers, mortgages and subleases, as prescribed by the provisions of the Land Act, 1933-1950, and as are applicable to conditional purchase leases. Timber Reservations and Rights to the Crown.

10. No timber or scrub on the land in any such Special Lease shall be ringbarked, cut, destroyed or removed, without the approval in writing of the Conservator of Forests who may direct and prescribe that such timber or scrub as he deems necessary shall be preserved to prevent soil erosion and/or provide shade and shelter for stock.

11. All marketable timber on the land in any Special Lease will be reserved to the Crown, save that the lessee may fell such timber and use it for his own reasonable requirements for domestic purposes, or in the construction and maintenance of fences, stockyards, buildings, or other erections in connection with farming operations on the lands leased.

12. The ordinary rights of resumption and reservations usually inserted in leases from the Crown will apply.

Improvement Conditions.

13. The settler will be required to improve for farming purposes the lands in his Special Lease to an amount of 1s. per acre per annum for the first seven years of the term: Provided that the value of existing improvements shall be taken into account in reckoning the value of the required improvements, but for the purposes of this provision existing improvements will not be valued at a higher figure than the amount which they add to the value of the land at the date of valuation.

14. The settler will be required to maintain improvements on his Special Lease in good order and shall keep cleared land from becoming overgrown with scrub or trees.

15. The settler will have the right to claim compensation upon expiration of his Special Lease, if it be not renewed for a further term, equal to the added value which the improvements effected by him in their then condition give to the land at that date, provided that there shall be deducted from the added value which all the improvements on the leased land give to it at the date of valuation for compensation purposes, the added value so given by the improvements that existed on the land at the date of commencement of the lease, regardless of their cost or value at that date in order to ascertain the added value given to the land by the improvements effected by the settler. Provided that such right to claim compensation shall not arise if the settler himself shall choose not to seek a renewal of his Special Lease.

16. If the settler be not prepared to accept the Department's offer of compensation in such cases, he will be given the right of appeal to the Board of Arbitration as established for reappraisal purposes.

17. The settler will be required to agree to a description of the existing improvements at the date of commencement of the special lease.

Residence.

18. The settler will be required to reside on his Special Lease (or his adjacent freehold or conditional purchase land) for not less than six months in each of the first seven years of the term of his special lease: Provided that the Minister may at his discretion waive this condition in special cases: Provided also that residence of the wife or a parent of the settler, or a child of the settler of the age of over 16 years, or other near relative approved by the Minister, may be accepted in lieu.

Use of the Land.

19. The settler will be required to cultivate in each year after the first, not less than one-sixth of the cleared area of his Special Lease during the period of his lease: Provided that such cultivation shall be carried out in such manner as to ensure that every part of the cleared land within the area leased shall be cultivated at least once in every six years. For the purposes of this clause, the land which had been cleared prior to the date of the commencement of the lease and on which there existed at that date a re-growth which would cost more than 8s. per acre to remove by efficient methods shall be deemed to be uncleared land.

20. The settler will be required to stock and keep stocked during the full term of his Special Lease the cleared land within such lease, with not less than one sheep to every 10 acres, or the equivalent thereof in large stock, and similarly uncleared land with not less than one sheep to every 30 acres, or the equivalent thereof in large stock: Provided that at his discretion the Minister may grant permission to the settler to carry for any specific period a less number of stock than otherwise required. For the purpose of this clause, six sheep shall be deemed to be equal to one head of large stock.

21. Power will be reserved to the Minister to direct that the number of stock depasturing on any Special Lease be reduced if the Minister is of the opinion that any such lease is overstocked to an extent sufficient or likely to cause permanent damage to the land. Right of appeal to the Board of Arbitration already referred to in clause 7 shall rest with the lessee in such case and the Board's determination shall be final.

ROAD DISTRICTS ACT, 1919-1948.

Marradong Road District:

Building By-laws.

P.W. 1043/34.

IN pursuance of the powers in that behalf contained in the Road Districts Act, 1919-1948, the Marradong Road Board makes the following by-laws relating to buildings:—

Part 1.—Operation and Definition.

Application.

1. These by-laws shall apply to all lands and buildings within the area of the Boddington and Ranford Townsite.

Commencement.

2. These by-laws shall come into operation immediately upon their confirmation and approval by the Governor and publication in the Government Gazette.

Repeal.

3. From the date of coming into operation of these by-laws all building by-laws previously in force for the Marradong Road Board are hereby repealed.

Definitions.

4. In these by-laws, subject to the context:—
“Act” means the Road Districts Act, 1919-1948, and amendments.

“Alteration” means any work made or done for any purpose in, or on a building (except that of necessary repairs not affecting the construction of any external, cross, or party wall), or any change in the purpose for which the building or erection, or any part thereof shall be used.

“Apartment” means a room or rooms or part of a building intended or adapted for a separate occupation as a dwelling, and includes a flat.

“Apartment building” means a building containing two or more apartments.

“Approved” means approved by the Board in writing or (in case where the surveyor is authorised by the Board to do so) approved by the surveyor in writing.

“Area” applied to a building means the sum of the superficies of the horizontal sections of each storey made at the point of the greatest surface of each floor, inclusive of the external walls and such portions of the party walls as belong to the building.

“Board” means the Marradong Road Board.

“Build” means and includes erect, build, or construct, or cause to be erected, built or constructed.

“Building” means and includes erection, structure, detached room, out-building, hoarding, and every structure of whatever kind capable of affording protection or shelter, either roofed, or intended or adapted to be roofed, and whether enclosed by roofs or not, and every part of such structure and any addition or alteration thereto.

“Builder” means the master builder or other person employed to execute any work, or, if there is no master builder or other person so employed, then the owner of the building or other person for whom or by whose orders such work is to be done.

“Dwelling house” means a building used or adapted to be used wholly or principally for human habitation.

“District” means Marradong Road District.

“External wall” means the outer wall of a building, not being a party wall, even though it adjoins a wall of another building.

“Fire-resisting” used with reference to any materials includes (a) brickwork constructed of good bricks well burnt, hard and sound, properly bonded and solidly put together with good lime or cement mortar; (b) any stone suitable for building purposes by reason of its solidity or durability; (c) sheet metals or other similar materials which are, in the opinion of the Board, fire-resisting; (d) iron and steel (when used for columns, girders, or wall framing) encased in cement, concrete, or some other incombustible or non-conducting external coating; (e) slate, tiles, brick, and terra-cotta, when used for covering or corbels; (f) concrete when composed of broken bricks, stone chippings, or ballast and lime cement or calcined gypsum.

“Frontage” means the distance measured at right angles to one of the sides of the land from the terminal point thereof to the opposite side, or a continuation of such opposite side.

“Garage” means any building used for the housing of a motor vehicle (not being a garage carried on as a business undertaking).

"Height" in relation to any building means measurement taken from the level of the footway (if any) immediately in front of the centre of the building, or when there is no such footway from the level of the ground before excavation to the level of the ceiling or tie of the topmost storey.

"Height" in relation to storey means:—(a) In the case of the topmost storey, the measurement between the floor and the ceiling thereof, or between the floor and the undersurface of the tie of the roof, or if there is no tie, then up to the level of half the vertical height of the rafters, or other support of the roof; (b) in the case of every storey other than the topmost storey, the measurements between its floor and the floor above.

"Hoardings" included any erection or structure erected, built, constructed, or used, or that may be used for the purpose of writing, painting, pasting, or posting thereon notices, advertisements, placards, or other printed, painted, or written matter or any erection or structure, being of a greater height than six feet from the level of the adjoining street.

"Main rooms" means and includes all rooms used or intended to be used as bedrooms, dining rooms, lounges, ordinary living rooms or kitchens.

"New Buildings" includes:—(a) Any building erected or commenced to be erected after the date of these by-laws coming into operation; (b) any building of which more than half of its cubical contents has been taken down or destroyed by fire, tempest or otherwise, and is re-erected, or commenced to be re-erected wholly or partially on the same site after the date of these by-laws coming into operation; (c) any buildings removed or transported wholly or in sections into the district or to another part of the district after the date of these by-laws coming into operation.

"Outbuildings" means any building or the curtilage of any dwelling, shop or combined shop and dwelling used as a work shop or storeroom not being a building for the storage of inflammable materials, nor for the housing of animals, including birds.

"Party wall" means a wall built to be used as a separation of two or more buildings or a wall forming part of a building built upon the dividing line between adjoining premises for the common use.

"Person" includes corporation.

"Prescribed" means prescribed by these by-laws.

"Public place" has the same meaning as in the Act.

"Reinforced concrete" means a form of construction in which cement concrete is reinforced with iron or steel, these materials being so combined that the iron or steel will take up and resist substantially the whole of tensional stresses and assist in the resistance to shear, while the concrete will take up and resist the compressional stresses and assist in resistance to shear.

"Right-of-way" means any lane or right-of-way, not a road, over which any person other than the owner thereof has a right of carriage way.

"Road" has the same meaning as in the Act.

"Surveyor" means the building surveyor or acting building surveyor appointed by the Marradong Road Board, having for the time being the administration of these by-laws.

"Shop" means a building in which goods are regularly offered or exposed for sale, or in which meals or refreshments are regularly offered or provided for payment, and also includes saloons of barbers and hairdressers, and offices of agents, auctioneers, and all other businesses and trades. A bona fide boarding house shall not be included in this definition by reason only of the fact that meals or refreshments are occasionally supplied for payment to persons other than boarders.

"Square" applied to the measurement of any area means the space of one hundred square feet.

"Surface or Ground Level" means the level of the ground as determined by the surveyor or engineer.

"Wooden building" means buildings constructed of wood, or buildings having wooden frames.

Part 2.—Classes of Buildings.

5. For the purpose of these by-laws, buildings shall be divided into three classes:—

Class A.—"Domestic class" which includes all buildings subject to small vibrations and light loading of floors, such as dwelling houses, residential shops, offices, hotels, private schools, club houses and studios.

Class B.—"Warehouse class" which includes all buildings subject to vibrations and heavy loading of floors such as warehouses, factories, mills and places for storage and manufacturing of goods.

Class C.—"Public building class" which includes all buildings designed to accommodate an assemblage of people, such as theatres, churches, chapels, assembly halls, museums, libraries, public schools, hospitals, lecture rooms, and other like buildings. In the case of doubt the surveyor shall finally determine to which class any particular building belongs.

Part 3.—Notice of Intention to Build or Demolish and Lodging of Plans.

Notice to be Given.

6. No builder shall commence any building, or any addition, or alteration to any building without first delivering at the office of the Board a written application in the form of the First Schedule hereto before so commencing and delivering to the surveyor:—

Plans and Specifications.

(a) Properly prepared plans and specifications of such building addition or alteration together with a tracing or copy of the plans of such building, addition, or alteration and also details and dimensions, sizes and qualities of all materials and enumerating any old materials proposed to be used in the construction of the same. Plans shall be drawn in ink and specifications typed or legibly written. Plans to be of good quality parchment 22 inches by 15 inches. Scale $\frac{1}{4}$ inch to 1 foot.

Block Plan.

(b) A block plan showing relation of the building to adjoining buildings and boundaries.

Purpose.

(c) A statement in writing of the purpose for which the building is intended to be used.

Drainage.

(d) Particulars of the proposed method of drainage.

Further Particulars.

(e) Such further particulars in writing regarding the same as shall be necessary to enable the Board or its surveyor to determine if all the provisions of these by-laws applicable thereto are being complied with.

Tracing Retained.

7. The tracing or copy of the plans and details of materials shall be retained by the surveyor and the original plans and specifications when approved shall be evidenced in writing endorsed on the plans and specifications and signed by the surveyor.

Plans etc. to be Kept at Building.

8. Such plans and specifications shall be kept at the building therein referred to, and shall be available for inspection by the surveyor or accredited officer of the Board at all reasonable times on demand, during the construction or erection, or alteration, or addition, as the case may be, and for 14 days after the completion thereof.

Permits and Fees.

9. No person shall commence a building of any kind or addition or alteration to any building, or demolish any building without first having obtained from the surveyor a written permit for the commencement of the same and without having first paid to the Board fees in accordance with the scale set out in the Second Schedule hereto, having regard to the class of building.

Area of New Building.

10. The decision of the surveyor as to the area of a new building, or value of an addition shall be final and conclusive.

Permit shall Lapse after Six Months.

11. A permit obtained pursuant to these by-laws shall lapse and be of no effect unless the building for which such permit was granted shall be commenced within six months and completed within 12 months from the date of such permit.

Surveyor may Enter and Inspect.

12. The surveyor at all reasonable times during the progress and after the completion of any building, or addition, or alteration to any building affected by these by-laws, may enter and inspect such building, or addition, or alteration. Any person obstructing or hindering the surveyor shall be liable to a penalty of not more than ten pounds (£10).

Surveyor may Stop Work if Contrary to By-laws.

13. The surveyor may at any time stop the progress of any building and withdraw or suspend any permission given by the Board under these by-laws, in the event of his not being satisfied that all the provisions of these by-laws are being complied with, and any person who continues to build, or erect, or works on the site after notice from the surveyor to desist, shall be guilty of an offence against these by-laws.

Demolition or Removal of Buildings.

14. When a building is to be demolished or removed the owner or contractor shall give 24 hours' notice to the surveyor of such intended demolition or removal.

14a. Provision shall be made so as to avoid all nuisance from dust or falling refuse by playing water on same by means of a hose or other approved method.

Sanitary Conveniences for Workmen.

15. Before commencing any building operations upon any building site, the contractor, or person responsible for carrying out building operations shall provide sanitary conveniences sufficient for the use of all working upon the site, such sanitary conveniences shall be in accordance with the requirements of the Health Act.

Low-lying Land.

16. Where land upon which a building is to be erected is below the level of the crown of the road adjoining the land frontage, no building shall be commenced until a level has been given by the

surveyor. When it is considered by the surveyor that, having regard to the water level, during the winter months, filling is required, such filling shall be carried out by the owner or contractor before the commencement of building operations. In the event of there being no made road from which to take the level for any building, the surveyor shall determine the level at which any building shall be commenced and if he considers it to be necessary shall require the owner or contractor to fill in to a given level.

Dwelling Houses.

Distance from Road.

17. No building which is intended to be used as a dwelling house, and no addition to any such building, shall be built within a distance of 25 feet measured horizontally from the road to the building fronts, unless a building line at a different distance has been fixed by a proper authority.

Distance from Side Boundary.

18. No building which is intended to be used as a dwelling house and no addition to any building which is intended to be used as a dwelling house shall be built within a distance of three feet if of brick, or six feet if of wood or wood frame measured horizontally from the boundary of the allotment on which such building is erected.

Minimum Area of Open Land.

19. At least one-third of the area of any allotment on which a dwelling house is erected shall be left open and unbuilt on and for the exclusive use of the occupiers of the buildings erected upon such allotment.

Minimum Area of Dwelling House.

20. Every dwelling house shall consist of a total area of at least 500 square feet, excluding verandahs.

Provision of Bathroom, Wash-troughs, Copper, etc.

21. Provision shall be made in all new or re-erected dwellings for a bathroom fitted with bath and wash-basin, also laundry facilities consisting of wash-troughs and copper, properly fitted and housed in accordance with any provisions of the Health Act and any regulations or by-laws made thereunder which may from time to time be applicable.

Computing Distances.

22. For the purpose of computing distances from any building, the outer face of the wall shall be taken as the point from which measurements are to be taken.

Occupation of Dwelling.

23. No person or persons shall occupy any new or re-erected dwelling before completion, nor shall any person or persons occupy any new or re-erected dwelling until a certificate has been issued by the surveyor in writing, stating that the dwelling has been completed in accordance with the plans approved by the Board, the building by-laws, and the Health Act.

Stables.

24. Stables may be erected with walls of brick, stone or concrete, provided that in stables of more than two squares in area, the distance of

any wall of such stable from land not in the same occupation or possession shall not be less than the vertical height of such wall including the vertical portion of a gable and roof from the boundary of the land not in the same occupation or possession.

Distance of Stables from Boundaries.

25. No stable may be erected nearer than 30 feet to any dwelling, nor more than 10 feet to the boundary of land not in the same occupation.

Fowl-houses.

25a. Fowl-houses of not more than two hundred square feet in area and not above six feet in height may be erected at rear of dwelling, provided that the nearest portion of such fowl-house is at least 30 feet from any building used as or intended for a dwelling, and at least four feet from the boundary of land not in the same occupation.

Fowl-houses of larger area may be erected if at a distance of at least 50 feet from any street and 40 feet from any dwelling house and at least four feet from the boundary of land not in the same occupation; of fire-resisting material approved by the surveyor, and that the building shall not be more than seven feet high.

Materials for Garages.

26. Every garage shall be constructed of fire-resisting materials unless otherwise approved by the Board.

Position of Garage.

26a. No garage shall be erected nearer than the dwelling house to which it is appurtenant to any road fronted by such dwelling-house. Provided that if there is no means of access for motor vehicles to the rear portion of the allotment on which such dwelling-house is erected, a garage may be erected on the front boundary of such allotment subject to a plan showing the exact position in which such garage is proposed to be erected, and the approximate position of any buildings in the allotments adjoining, together with the design of the garage proposed to be erected, and the front elevation thereof being submitted to and approved of by the Board but so that no part of such garage shall be between the dwelling-house and the road.

In special cases where the physical configuration or dimensions of the ground preclude the observance of the distances prescribed in by-law 17, the Board may permit the erection of a garage in another position.

Doors of Garage.

The doors of a garage when opened shall not encroach on any road.

Materials for Garages.

Every garage shall be constructed of fire-resisting material but corrugated iron shall not be used for walls. Where fire-resisting sheets are used for walls, framing and dado of approved hardwood may be used.

Garage Incorporated with Dwelling.

Where a garage is incorporated as part of the main building it shall in all respects conform thereto, but must have a ceiling of fire-proof material approved by the surveyor.

Garages on Corner Blocks.

No garage shall be erected on a corner block at a less distance from the road on the side boundary than the adjoining building is from such road, or if there is no adjoining building, at a less distance than 20 feet from such road.

Apartment Buildings.

27. The total floor area of an apartment building together with the floor area of any other buildings erected on the same allotment, shall not exceed half the area of such allotment.

Area of Each Apartment.

28. The total floor area of each apartment shall be at least 400 square feet. In addition thereto, every apartment shall have for the exclusive use of the occupants thereof, at least 100 square feet of verandah space.

Area of Main Rooms.

29. Every main room in an apartment shall have a floor area of at least 100 square feet and no wall of such room shall be less than nine feet in length.

Apartment to be Self-contained.

30. Every apartment shall be self-contained; it shall contain its own kitchen, bathroom and lavatory. It shall have separate entrance from the outside of the building, and such entrance shall be constructed of fire-resisting material as defined in the Building By-laws of the Board for the time being in force.

Part 4.—Building Materials.

31. All workmanship and materials used in the construction or alteration of any building shall be the best of their respective kinds and in accordance with recognised building practice; all materials used in any building must be of good quality and shall be subject to the approval of the surveyor, and the surveyor shall have the power to condemn any material which in his opinion is not suitable for use in such building or addition.

Second-hand Material.

32. No old or second-hand material may be used in any building unless approved in writing by the surveyor.

Bricks.

33. Bricks used in any building must be good, hard and well burnt. When old bricks are used in any wall they shall be thoroughly cleaned before being used.

Sand.

34. Sand used for mortar or concrete in any building shall be clean and sharp and free from loam, dirt, salt or organic matter.

Lime Mortar.

35. Lime mortar shall be composed of freshly burnt lime and sand in the proportion of at least one part by measure of lime, and not more than three parts by measure of sand. All lime intended to be used for mortar shall be thoroughly burnt, of good quality, and be properly slaked before being mixed with sand.

Cement Mortar.

36. Cement mortar shall be composed of good Portland cement or other cement of equal quality, mixed with clean sharp sand, in proportion of at least one part by measure of cement and not more than four parts by measure of sand.

Timber.

37. All timbers and wooden beams used in any building shall be of good sound material, free from rot, large loose knots, shakes, or other imperfections whereby the strength may be impaired, and in the case of dwellings, shall be of such

sizes, dimensions and spaces as set forth in by-laws 37a and 63. In other buildings all timbers shall be of such as will afford safe loadings, and shall be to the satisfaction of the surveyor.

Dimensions of Timber.

37a. The timber used in brick dwelling-houses shall conform to not less than the following minimum sizes.

Bottom wall plates, 3in. x 2in.

Floor joists, 4in. x 2in. at 1ft. 6in. centres.

Bearers, 4in. x 3in., not exceeding 5ft. 6in. centres, and shall be at least 6in. clear of the ground.

Top plates, 4in x 1½in.

Rafters, 4in. x 2in. at 2ft. centres for other than iron roofs, or 3ft. centres for iron roof.

Purlins, 4in. x 3in. for tile roof and 4in. x 2in. for iron or asbestos roof in such positions that no rafter has an unsupported span of more than 7ft.

Struts to under purlins, 4in. x 2in. when not exceeding 4ft. in length and 4in. x 3in. for lengths exceeding 4ft. to support under purlins at least every 7ft.

Batten for tiles, 2in. x 1in.

Battens for iron, etc., 3in. x 1½in. not more than 3ft. 6in. apart.

Ceiling joists, 4in. x 2in. at 2ft. centres or 3in. x 2in. at 18in. centres.

Ceiling hangers, 8in. x 1½in. hung to roof timbers at least every 6ft. and in positions so that no ceiling joist has an unsupported span of more than 7ft.

Collar ties, 4in. x 1½in.

Ridge, 7in. x 1in.

Hips and valleys, 8in. x 1in.

Lintels.

38. Builders casting lintels in position shall submit to the surveyor a plan showing position and details of reinforcement and specifications of materials to be used, such designs to be approved at the same time as the plan of the building. Lintels up to six feet span shall be three courses in depth, lintels from six to eight feet span shall be four courses in depth. All such lintels shall be reinforced with at least half-inch steel rods, not less than three rods per lintel and proper bearing, to the satisfaction of the surveyor, shall be given at each end of lintel.

Part 5—Construction.

Excavation and Inspection of Trenches.

39. All excavation for footings shall not be less than 12 inches below the natural surface of the ground, except in cases of special construction of foundations approved by the surveyor. No footing shall be placed in position until at least 24 hours' notice has been given to the surveyor that the trenches are ready for inspection.

Walls to have Footings.

40. Unless with the consent of the surveyor, every external wall and every party wall not carried on a bressummer, and every pier and storey post shall have footings.

Dimensions of Footings.

41. The width of the bottom of the footing of every wall shall be at least one-half greater than the thickness of the wall at the ground floor level, but in no case less than 16 inches wide, unless approved by the surveyor and the height of such footing shall be at least equal to the thickness of the wall at its ground level, but in no case less than nine inches.

External Walls.

42. All external walls shall consist of brick, stone, concrete, reinforced concrete, or other hard fire-resisting material approved by the Board: Provided that any building used or intended to be used solely as a dwelling house may have walls constructed of wood and/or asbestos cement sheets, subject to the conditions set out in these by-laws for buildings wholly or partly of wood.

Construction of External Walls.

43. Every wall constructed of brick, stone, or other similar material shall be properly bonded and solidly put together with mortar, and no part of such wall shall over-hang any part underneath it to a greater extent than nine inches and as approved by the surveyor, and provided that the projection is well and solidly corbelled out, and that the inside of the wall carrying such corbeling is carried up vertically in continuation of the lower face thereof. All return walls shall be properly bonded together.

Damp Course.

44. Every wall or fireplace of brick, stone or similar material shall have a damp-proof course or courses of asphalt, distilled tar and hot sand or other approved material at least six inches above the surface of the ground below the lowest floor, and in cases where it is not desirable to place the same throughout the building at the one uniform level, then the said damp-course must be laid in horizontal layers connected at the end by a vertical course of the same materials and shall not be less than half an inch in thickness.

Hollow Walls.

45. External walls may be constructed as hollow walls if constructed in accordance with the following rules:—

- (a) The inner and outer parts of the wall shall be separated by a cavity which shall throughout be of a width not exceeding two inches or less than one inch.
- (b) The inner and outer parts of the wall shall be securely tied together with suitable bonding ties of adequate strength formed of galvanised iron, glazed stoneware, or other material approved. Such tie shall be placed at distances apart not exceeding three feet horizontally and at least every fifth course vertically.
- (c) The thickness of each part of the wall shall throughout be not less than four and one-half inches.
- (d) The aggregate thickness of the two parts excluding the width of the cavity, shall throughout be not less than the minimum thickness prescribed for solid walls of the same height and length.
- (e) No hollow wall of not more than 11 inches in thickness shall be greater in superficial extent than three squares in any one storey unless strengthened by a partition wall, fireplace or projecting pier, to the satisfaction of the surveyor.

Concrete Blocks.

46. Concrete blocks shall contain not less than one part cement to five parts mixed aggregate, and shall be kept damp for a period of not less than four days, and shall not be used green. The blocks shall be bedded and jointed in cement mortar.

Thickness of Walls, Domestic Class.

47. No external walls in brick, stone, concrete, or cement block shall have less than the thickness prescribed in the following Table "A".

Table "A"—Buildings of Domestic Class.

Length of Wall. Walls built with lime mortar—	No. of storeys.	Thickness of Walls in inches.	
		Ground floor.	First floor.
Not exceeding 30ft.	1	9	—
	2	9	9
Exceeding 30ft.	1	13½	—

Not exceeding 30ft.	1	9	—
	2	9	9
Exceeding 30ft.	1	9	—
	2	13½	9

48. If any storey exceeds in height 18 times the thickness prescribed for walls of such storey, the thickness of each external and party wall throughout such storey shall be increased to one-eighteenth part of the height of the storey and the thickness of each external and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed, of which the collective widths amount to one-fourth part of the length of the wall. No increase in thickness of brick walls shall be less than four and one-half inches.

49. The height of any storey may be 20 times the thickness of walls prescribed for such storey, if built with cement mortar.

Thickness of Walls, Warehouse Class.

50. The external and party walls of buildings of the warehouse class shall be made of not less thickness than that specified in the following Table "B".

Table "B"—Buildings of the Warehouse Class.

Length of Wall.	No. of Storeys.	Thickness of Walls in inches.		
		Ground floor.	First floor.	Second floor.
Walls built in lime mortar—				
Not exceeding 75ft.	1	13½	—	—

	3	18	13½	13½
Exceeding 75ft.	1	13½	—	—
	2	18	13½	—
	3	18	18	13½

Thickness of Walls Under Certain Conditions.

51. Walls under 75ft. in length may be constructed 9in. thick, provided they are strengthened with four and a half inch piers equally spaced, of which the collective widths amount to one-fifth of the length of the wall. The height shall not exceed 12ft. when built of lime mortar, or 13ft. 6in. when built of cement mortar.

52. The thickness of walls under 20ft. in length may be two-thirds the thickness required for external or party walls, as stated in Tables "A" and "B," but in no case less than nine inches.

53. If in any storey of the warehouse class the thickness of the wall as determined by the provisions of this part of these by-laws is less than one-sixteenth part of the height of such storey, the thickness of the wall shall be increased to one-sixteenth part of the height of the storey, and the thickness of each external and party wall below that storey shall be increased to that thickness but any such additional thickness may be confined to piers properly distributed of which the collective widths amount to one-fifth part of the length of the wall. No increase in the thickness of brick walls shall not be less than four and a half inches. The height of any storey built in cement mortar may be 18 times the thickness of such storey.

Lengths—How Measured.

54. Walls are deemed to be divided into distinct lengths by return wall, and the length of every wall is measured from the face of one return wall to the face of another. Provided that such return walls are external, party or cross walls of the thickness required by this part of these by-laws and bonded into the wall so deemed to be divided.

Cross Walls.

55. The thickness of a cross wall shall not be less than two-thirds of the thickness hereinbefore required for an external or party wall of the same dimensions and belonging to the same class of building, but never less than nine inches, and no wall subdividing shall be deemed to be a cross wall unless it is carried up to the plate level of the topmost storey, and unless in each storey the aggregate extent of the vertical faces or elevation of all recesses, and that of all the openings therein taken together does not exceed one-half of the whole extent of the vertical face or elevation of the wall. If a cross wall is carried on a girder across the ground storey and is supported by piers to the satisfaction of the surveyor, it shall be deemed to be a cross wall in accordance with this regulation; but in one storey buildings of the domestic class, four and a half inch cross walls will be permitted, provided the unsupported length of any wall does not exceed 25ft.

Cross Wall Becomes External Wall.

56. Whenever a cross wall becomes any part of an external wall, the external part of such cross wall shall be of the thickness required for an external wall of the same height and length belonging to the same class of building, but no portion of such cross wall shall be of less thickness than is required for the external portion thereof.

Internal and Partition Walls.

57. (1) All internal bearing walls and partition walls shall be constructed in such a manner as may be approved by the surveyor and shall be of cement blocks, bricks, stone or concrete. All such walls shall be not less than 4½in. thick; provided that, where such walls form a division between flats, then such walls shall not be less than 9in. thick.

(2) Unless with the consent of the surveyor, every such wall, unless carried on a bressummer, shall have footings, and such footings shall be at least twice the thickness of the wall resting upon it.

Isolated Piers.

58. No isolated brick or stone piers shall exceed in height eight times the least diameter of same, if built of lime mortar, and 12 times if built of cement mortar.

Parapet to Walls on Boundary.

59. Where the external wall of any building is erected on the boundary of the land on which the same stands, or where the overhanging eaves or gutters of any building would be within two feet

of such boundary then the external wall of such building shall be carried up to form a parapet of 15 in. at least in height above the roof, or above the highest part of any flat or gutter, as the case may be.

Parapet, Warehouse Class.

60. In buildings of the warehouse class, the thickness of such parapet shall be equal to the thickness of such wall in the topmost storey, and in any other building of a thickness of 9 in. at least.

Party Walls.

61. Every party wall shall be carried up for a height of 15 in. above the roof, measured at right angles to the slope thereof, or 15 in. above the highest part of any flat or gutter, as the case may be, and of a thickness (in buildings of the warehouse class), equal to the thickness of such wall in the topmost storey and, in any other building, of a thickness of 8½ in. at least: Provided however, that in the case of domestic buildings, where not more than two buildings are erected under one roof, it shall be sufficient if the party wall is carried up at least 8½ in. in thickness to the underside of the roof covering, and such roof covering of iron, slate, or other material must be bedded in good mortar to the satisfaction of the surveyor, and the top of such party wall shall not be hidden from view until it has been approved by the surveyor.

62. Every party wall shall be carried up of the thickness aforesaid above any turret, dormer, lantern light, or other erection of combustible materials fixed upon the roof or flat of any building within 4 ft. of such party wall, and shall extend at the least 15 in. higher and wider on each side than such erection, and every party wall shall be carried up above any part of any roof opposite thereto and within four feet therefrom.

Buildings Wholly or Partly in Wood.

63. The external walls of any wooden building shall not exceed 15 ft. in height, measured from the floor level to the top of the wall plates. Every such building shall be wholly in one occupation or adapted so to be.

The following shall be the minimum sizes and spacings of timbers:—

All timbers shall be jarrah or other hardwood approved by the Board. Where larger timbers than those specified are used the spacings may be extended beyond the figures given, provided the approval of the surveyor is first obtained.

Stumps, not less than 4 in. x 4 in. spaced not more than 5 ft. centres. They shall be sunk 18 in. into the ground and tarred to 6 in. above ground surface. Ant stops of galvanised iron projecting 1 in. all round shall be provided. Paper bark stumps not less than 6 in. in diameter measured at the small end may be used if approved by the Board.

Sole Plates, 18 in. x 6 in. x 1½ in.

Where the nature of the ground precludes the use of jarrah or paper bark stumps, 9 in. x 9 in. brick piers shall be provided.

Bearers, 4 in. x 3 in. at not more than 5 ft. 6 in. centres and kept at least 6 in. clear of ground. Double joists shall be provided under walls where bearers do not occur.

Floor joists, 4 in. x 2 in. at not more than 18 in. centres.

Vermin plates, 4 in. x 2 in.

Studs, 4 in. x 2 in. at not more than 24 in. centres.

Angle and corner studs, not less than 4 in. x 4 in. Top and bottom plates, 4 in. x 2 in.

Where the height of a building does not exceed 10 ft. measured from the floor level to the top of the wall plate, 3 in. x 2 in. studs and plates may be used with angle and corner studs not less than 3 in. x 3 in., except where the roof covering is of tiles or slates, in which case 4 in. x 2 in. studs and plates are to be provided in all external walls.

Rafters, 4 in. x 2 in. at 2 ft. centres for tile roofs and 3 ft. centres for iron or asbestos roofs.

Under purlins, 4 in. x 3 in. for tile roofs, in positions so that no rafter has an unsupported span of more than 7 ft.

Struts to under purlins, 4 in. x 2 in. for lengths not exceeding 4 ft. and 4 in. x 3 in. for lengths exceeding 4 ft. to support under purlins at not more than 6 ft. intervals.

Battens for tiles, 2 in. x 1 in.

Battens for iron or asbestos, 3 in. x 1½ in. not more than 3 ft. 6 in. apart.

Ceilings joists, 4 in. x 2 in. at not more than 2 ft. centres, or 3 in. x 2 in. at not more than 18 in. centres.

Ceiling hangers, 8 in. x 1¼ in., in positions so that no ceiling joist has unsupported span of more than 7 ft.

Collar ties, 4 in. x 1½ in.

Ridge, 7 in. x 1 in.

Hips, 8 in. x 1 in.

Valleys, 8 in. x 1 in.

Fascias and barges, 9 in. x 1 in.

Floor boards, 1 in. thick before dressing.

Weatherboards, 1¼ in. lap.

No framing timber in any building shall be notched or checked out so as to decrease the above sizes by more than one-quarter.

Vermin plates shall be used in all wooden buildings except sheds.

W.Cs. shall be constructed not less than 5 ft. x 3 ft. internal dimensions and in accordance with any provisions of the Health Act and any regulations or by-laws made thereunder which may from time to time be applicable.

Roughcast and Stucco.

64. Roughcast and stucco work shall be applied only to brickwork, provided that in certain cases, such as gables of dwellings, or other ornamental sections of dwellings, roughcast may be applied to expanded metal fixed in an approved manner.

Interior Walls of Dwellings.

65. The interior of all walls and ceilings of every wooden or wooden-framed building, and the ceiling of every other class of building, which is intended to be used, or which may be used as a dwelling-house, shall be constructed of plaster sheets, or other fire-resisting materials.

Roofs.

66. The roof of every building shall be constructed of metal, tiles, slates, glass, artificial stone, cement or shingles, or other materials approved by the Board.

Reinforced Concrete Buildings.

67. In all cases where reinforced concrete is employed, whether in buildings as a whole or in portions of buildings, before the actual carrying

out of the work or any portion thereof, complete drawings of such work or portion shall be delivered to the surveyor, showing all details of the construction and the size, spacing, and arrangement of all reinforcing members.

Public Buildings.

68. In any case in which the plans of any public buildings (proposed) are required by law to be approved by the Public Health Department, or any other department, such approval shall be obtained before such plans are submitted for the Board's approval.

Shops.

Minimum Area of Land.

69. (1) Every shop shall have a frantage of at least 18ft., to a road;

(2) No shop shall be of less width in any part thereof than 18ft.

Access to Rear of Shop.

70. Every shop shall be so erected and built that without passing through the building there is a reasonable access to the back premises and offices of such shop for the removal of nightsoil and other refuse to a road or land 10ft. wide at least.

Separate Entrance for Shop and Dwelling in different occupations.

71. If a dwelling attached to a shop is in a different occupation from the shop, a separate entrance from the road shall be provided for the sole use of the occupants of the dwelling.

Alterations and Additions.

Alterations.

72. Except with the consent of the Board, or the surveyor, no alteration shall be made to any building in such manner that when so altered it will by reason of such alteration, not be in conformity with the provisions of these by-laws relating to new buildings.

Additions and Alterations.

73. Every addition to, or alteration of a building, and any other work made or done for any purpose in or on a building (except necessary repairs which do not affect the construction of a building) shall so far as regards such addition, or alteration or other work, be subject to the provisions of these by-laws relating to new buildings.

Ventilation, Lighting and Drainage.

Height of Rooms.

74. The main rooms in all buildings shall be in every part not less than 9ft. 6in. from floor to ceiling and the minimum height for wash-houses and external bathrooms shall be 7ft. 4in. The minimum height of verandahs shall be 7ft. 4in. from floor level to top of the plate.

Attic Roofs.

75. Provided that in the case of buildings of more than one storey, living rooms wholly or partly in the roof may be not less than 9 ft. in height from floor to ceiling over two-thirds of the floor area.

Minimum Area of Rooms.

76. No main room in any buildings shall have a less floor area than 100 square feet, and no wall of such room shall be less than 9 ft. in length. The minimum floor area of bath-rooms, laundries and sleepouts shall be 42 square feet, 56 square feet, and 80 square feet, respectively.

Windows (Natural Lighting).

77. All rooms in a building intended to be used as a dwelling shall have one or more windows opening directly into external air; the area of such windows shall be not less than one-tenth of the area of the floor of the room in which such window or windows are fitted.

Ventilation (Other than Dwellings).

78. The ventilation of all buildings, parts of buildings, type of ventilators to be used arrangement and situation of ventilation openings, shall be subject to any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

Ventilation (Dwellings).

79. Every part, and every room of any dwelling house or building intended to be used for habitation, shall be ventilated as required under any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

Ventilation (Sub-floor).

80. The space under the ground floor of every building shall be provided with a sufficiency of openings through all walls under the floors to allow a current of air to flow freely under all parts of the building. Type of ventilator used and spacing of same shall be the subject of approval by the surveyor and in accordance with any provisions of the Health Act or any regulations or by-laws made thereunder which may from time to time be applicable.

Lighting and Ventilation (Shops).

81. The provisions of this part of these by-laws relating to height of rooms, lighting and ventilating of main rooms in dwellings shall as far as applicable apply to all shops, save that the windows need not be constructed to open if other approved provision for ventilation is made, and the minimum height of ceilings in shops shall be 11 feet.

Enclosing of Verandahs.

82. No verandah of any dwelling, or shop, or other building shall be enclosed, or built in in such manner as to exclude natural light, or reduce the proper ventilation of any building or any part thereof. The use of hessian or jute bags, or similar materials for enclosing or screening verandahs is prohibited.

82 (a). Any verandah shall not be totally enclosed for habitation or sleeping, but may be partially enclosed if of a minimum height of 8 feet as hereunder:—

(1) A brick, concrete, jarrah, or asbestos dado shall be constructed for a maximum height of 4 ft. from the floor level of such verandah or sleepout in accordance with the existing by-laws.

(2) The space above the dado shall be constructed as follows:—

- (a) of fly wire totally; or
- (b) of fixed clear or white obscure glass louvres minimum height 4 feet; or
- (c) of mechanically adjustable (to open and partially close) clear or white obscure glass louvres, minimum height 3 ft. 6 in. sash;
- (d) louvres described in (b) and (c) shall be approved by the Board or building surveyor;
- (e) of sliding windows containing clear or white obscure glass, minimum height 3 ft. 6 in. sash (casement windows not permitted);

(f) the total length of the louvres or windows described in (b) (c) (e) shall not be less than 70 per cent. of the total length of the sleep-out or verandah measured along the side and one end, but the end exposed to weather (paragraph (g)) shall not be included in this measurement;

(g) subject to the approval of the Board or the building surveyor, the end of the verandah or sleep-out most exposed to the wet weather may be totally closed up in brick, concrete, jarrah, or asbestos, but one window, minimum size 3 ft. x 2 ft. shall be provided in such enclosed end if any existing window is in close proximity or may have its lighting reduced unduly by such total end enclosing.

(3) Any sleep-out or partially enclosed verandah shall provide that any existing windows shall not be obscured by any opaque substance which will reduce the existing lighting to existing rooms.

(4) New sleep-outs of minimum height of 7 ft. (not being partially enclosed verandahs) shall comply fully with this by-law and existing by-laws.

(5) The rules of this by-law shall not apply to a sleep-out where its height from the floor to ceiling is 10 feet or more, providing the floor area is 80 square feet or more and providing its total air space is not less than 720 cubic feet, but shall comply with the existing by-laws for habitable rooms.

Floors.

83. Floors, other than verandah floors, shall be fixed level, and in all buildings the ground floor, if of wood, shall have a space of not less than 6 in. between the ground and the underside of the floor bearers.

Permit may be Refused if Drainage is not Satisfactory.

84. The Board may refuse to approve the plan of any building or any addition, or alteration to any building, until it is satisfied that the proposed building, or addition, or alteration and the site and curtilage thereof will be properly drained in accordance with any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

Drainage of Waste Water.

85. Every person who shall erect a building shall provide proper drainage for the disposal of all waste water in accordance with any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

Waste Pipes.

86. Waste pipes from baths, sinks, wash troughs and similar sanitary fittings shall be of wrought iron of approved sizes. All sanitary fittings shall be provided with traps under fittings, metal cleaning eyes shall be fitted at all changes of direction and angles of waste pipes in accordance with any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

Roof-Water Disposal.

87. All buildings shall be provided with gutters and downpipes of approved sizes sufficient to carry all water from every part of the roof in an efficient manner, such water shall be carried at least 2 ft. clear of the foundations of the buildings. In the case of large buildings where the surveyor shall deem it necessary, all storm-water from the roof of such buildings shall be carried by pipes direct to the street drains, or gutters in such a manner as directed by the surveyor.

Water Supply.

88. Every dwelling house not connected to a public water supply shall be provided with a water storage tank of not less than one thousand gallons capacity or as may be prescribed in any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable. Such tank shall be completely covered at its top and provided with a manhole fitted with a tight-fitting lid.

Provision of Manhole in Ceiling.

89. Every building shall be provided with one or more manholes in the ceiling to enable access to be gained to the underside of the roof thereof.

Removal of Buildings.

90. If any building is removed from outside the district to within the district, or from a site within the district to another site within the district, whether on the same or another block of land, such building shall be deemed for the purpose of these by-laws to be a new building erected for the first time on the site whither it is removed.

Verandahs over Footpaths, Projections, Signs, Hoardings and Fences.

91. No person shall erect, or cause or permit to be erected, any portico or verandah over the footway of any road in the district without first obtaining the consent of the Board in writing, and such portico or verandah shall be of the shape, figure, dimensions and materials as set forth on the plan and specifications, for the time being adopted by resolution of the Board, but the lowest part of the frieze or rails of such portico or verandah shall in no case be of less height than 9 ft. above the level of the outer edge of the footway. All such verandahs and projections shall be of the cantilever type.

Openings in Roof of Verandah.

92. No opening shall be made in the roof of such verandah for the purpose of affording light, unless such opening be properly framed and glazed with approved glass protected underneath with fine mesh wire-netting or armoured glass to the satisfaction of the surveyor.

Porch Landing, etc.

93. Every porch, gangway, outside landing, and outside step shall be of fire-resisting material and shall not project beyond the boundary of any road or public place.

Shop Windows.

94. Shop windows intended to be used for the display of goods or business advertisements shall consist of plate or approved glass jointed and fixed in approved metal or approved timber frames, the level of the sill of such frames to be not higher than 30in., nor within 12in. of the level of the footpath immediately adjoining the same.

Woodwork abutting on Roads.

95. Woodwork shall not be fixed flush with the face of any wall abutting on a road unless it is encased with metal of not less than 22 gauge.

Signboards, Hanging Lamp, etc.

96. No signboard, hanging lamp, or other fixture shall be erected on or attached to any building or verandah projecting over the roadway unless permission in writing of the Board be first obtained. Each such signboard, hanging lamp, or other fixture shall be of material, construction and design approved by the surveyor and shall be in no part less than 8 ft. 6 in. above the level of the footpath or road. No signboard shall exceed in depth 3 ft. nor shall any signboard project over a road or footpath except with the approval of the Board.

Unightly or Dangerous Fence.

97. When any fence abutting on any road or public place within the district is in a dangerous or unsightly state, the Board may, by notice in writing to be served on the owner of such fence, require such owner within 14 days from the receipt of such notice to take down or repair such fence as the case may require, and such owner shall comply with such notice.

Fences and Walls.

98. Every fence to be hereafter erected abutting on any road or public place shall have affixed thereto a plinth at least 9in. high unless the surveyor shall consent in writing to such plinth being of less height, and every wall of brick, stone or concrete, or other similar substance shall be constructed with a base to be approved by the surveyor.

Brick Chimneys, Flues, Fireplaces and Heating Apparatus, Foundations, Footings, etc.

99. (1) Chimneys shall be built on solid foundations and with footings similar to the footings of the wall against which they are built, unless they are carried on steel girders with direct bearings upon party, external or cross-walls, to the satisfaction of the surveyor, or on corbels of brick, stone or other incombustible material, and the work so corbelled does not project from the wall more than the thickness of the wall measured immediately below the corbel.

(2) Chimneys may be corbelled out not more than 14in. from walls 9in. in thickness on corbels of stone or incombustible materials not less than 10in. in depth and of the full width of the jambs.

Chimneys, etc., with Soot-doors.

100. (1) Chimneys and flues having proper soot-doors of not less than 40 square inches may be constructed at such angle as is approved by the surveyor, but in no other case shall any flue be inclined at less angle than 45 degrees to the horizon, and every angle shall be properly rounded.

(2) Position of soot-doors.—All soot-doors shall be distant at least 15in. from any woodwork.

Arches.

101. An arch of brick or stone of sufficient strength shall be built over the opening of every chimney to support the breast thereof. Every camber arch shall have the abutments tied in by an iron bar, or bars of sufficient strength turned up or down at the ends and built into the jamb for at least 4½in. on each side.

Flues.

102. A flue shall not be adapted to or used for any new oven, furnace, steam boiler, or other fire used for any purpose of trade or business, or to or for the range or cooking apparatus of any hotel, tavern, or eating house, unless the flue is surrounded with brickwork at least 9in. thick, or reinforced concrete 6in. from the floor of the storey on which such oven, furnace, steam boiler, or other fire is situated to 12in. above the roof.

Flues in Connection with Engines.

103. A flue shall not be used in connection with a steam boiler or hot-air engine unless the flue is at least 20ft. in height measured from the level of the floor on which such engine is placed.

Linings, etc., of Flues.

104. The inside of every flue, and also the outside where passing through any floor, or roof, or space enclosed by the roof or behind or against any woodwork, shall be rendered or pargetted, or lined with fire-resisting piping or stoneware.

Jambs.

105. The jambs of every fireplace opening shall extend at least 9in. on each side of the opening thereof.

Incombustible Material in Certain Cases.

106. The breast of every chimney shall be of incombustible material, at least 4in. in thickness and the brickwork surrounding every smoke flue

shall be at least 4½in. in thickness, provided that where a ventilating flue is carried up with a smoke flue, they may be separated by a properly constructed iron wyth of cast iron not less than 1in. in thickness.

Backs of Fireplaces.

107. The back of every fireplace opening in party or external walls from the hearth up to a height of 12in. above the lintel or arch shall be brickwork at least 9in. thick, or shall be reinforced concrete 6in. thick. No flue shall be within 2in. of the centre line of any party wall.

Thickness of Flues.

108. The thickness of the upper side of every flue when its course makes with the horizon an angle of less than 45 degrees shall be at least 9in.

Height.

109. Every chimney flue or chimney shaft shall be carried up in brick or stone work at least 4in. thick throughout to a height of not less than 3ft. above the roof, flat or gutter adjoining thereto, measured at the highest point in the line of junction with such roof, flat or gutter.

Top Courses.

110. The highest six courses of every chimney stack or shaft shall be built in cement mortar.

Chimney Shafts.

111. The brickwork or stonework of any chimney shaft except that of the furnace of any steam engine, brewery, distillery or manufactory shall not be built higher above the roof-flat or gutter adjoining thereto than a height equal to six times the least width of such chimney shaft, at the level of such highest point in the line of junction, unless such chimney shaft, is built with, and bonded to another chimney shaft, not in the same line with the first, or otherwise rendered secure to the approval of the surveyor.

Slabs.

112. There shall be laid level with the floor of every storey, before the opening of every chimney, a slab of stone, slate, or other incombustible material, at least 6in. longer on each side than the width of such opening, and at least 14in. wide, in front of the breast thereof.

How to be Laid.

113. On every floor except the lowest floor, such slab shall be laid wholly on stone or iron bearers, or upon brick trimmers, or other incombustible materials, but on the lowest floor it may be bedded on concrete, covering the site or on solid materials placed on such concrete.

Hearths, etc.

114. The hearth or slab of every chimney shall be bedded wholly on brick, stone or other incombustible materials, and shall together with such material be solid for a thickness of 6in. at least beneath the upper surface of such hearth or slab.

Flues in Party Walls.

115. A flue shall not be built in, or against, any party structure or existing wall, unless it is surrounded with good sound brickwork, or other approved material, at least 4½in. in thickness, properly bonded to the satisfaction of the surveyor.

Cutting Away Chimney Breast.

116. A chimney breast or shaft built with or in any party wall, shall not be cut away, unless the surveyor certifies that it can be done without injuriously affecting the stability of any building.

Cutting Into Chimney Shaft.

117. A chimney shaft, jamb, breast, or flue shall not be cut into except for the purpose of repair or doing one or more of the following things:—

- (1) Letting in or removing or altering flues, pipes or funnels for the conveyance of smoke, hot air, or steam.

- (2) Forming openings for soot-doors, each opening to be fitted with a close iron door and frames.
- (3) Making openings for the insertion of ventilating valves.

Provided that an opening shall not be made nearer than 12in. to any timber, or combustible material.

Position of Timberwork.

- 118. Timber or woodwork shall not be placed—
 - (1) under any chimney opening within 6in. from the upper surface of the hearth of such chimney opening;
 - (2) within 2in. from the face of the brickwork or stonework above the chimney or flue, unless the face of such brickwork or stonework is rendered.

Position of Wooden Plugs.

119. Wooden plugs shall not be driven nearer than 3in. to the inside of any chimney or flue opening, nor any iron holdfast or other iron fastening nearer than 2in. thereto.

Ironwork.

120. No iron or steel joists, or other iron work shall be placed in any flue except insofar as the same may be required for insuring stability.

Floors Above Furnace or Ovens.

121. The floor or roof over any room or enclosed space in which a furnace is fixed, and any floor within 18in. from the crown of an oven shall be constructed from fire-resisting material.

Exempted Buildings.

122. This by-law shall not apply to any temporary or removable offices and sheds used by builders during the construction of any building at or about the site of such building for a period not exceeding 12 months.

Enforcement of By-laws and Penalties.

123. No building may be erected except in compliance with these by-laws. No person shall erect, build, or construct, remove, or make any alteration or addition to, or cause to be erected, built or constructed, removed, or make any alteration or addition to any building, contrary to the provisions of these by-laws.

Penalty for Breach.

124. Any person who shall be guilty of any breach of any of the provisions of these by-laws, or shall fail to duly comply with any notice thereunder, shall be liable for every such offence to a penalty of not less than one pound and not exceeding twenty pounds.

Notice to Make Building Conform to By-laws.

125. If any building shall be wholly or partly built, or erected, or added to, or altered, contrary to, or not in conformity with the provisions of these by-laws, the Board or any officer thereof may give to the owner, occupier or builder, or leave upon the site of such building notice in writing to bring such building into conformity with the said provisions, or requiring the pulling down or removal of such building within the time as limited in such notice, and such owner, occupier, or builder shall comply with such notice within the time therein limited.

No Alterations Infringing By-laws.

127. No alteration shall be made in any building in such a manner that when so altered it will by reason of such alteration not be in conformity with the provisions of these by-laws relating to new buildings.

No User Infringing By-laws.

128. No person shall occupy or permit to be occupied any building for any purpose for which such building could not have been built under

the provisions of these by-laws: Provided that this clause shall not prevent the continued use of any building in existence at the time of coming into operation of these by-laws for any purpose for which it was then being used.

Licenses for Hoardings.

129a. The Board may grant licenses in accordance with the provisions of regulation (3) of the Second Schedule to the Road Districts Act for the erection of a hoarding or fence to the satisfaction of the surveyor. Such license shall be in the Form A of the Third Schedule hereto.

License for Deposit of Materials on Roads etc.

129b. The Board may grant licenses in accordance with the provisions of regulation (4) of the Second Schedule to the Road Districts Act for the deposit of materials on any road or way or the making of any excavation on any land abutting on or adjoining or contiguous to any road or way. Such deposit or excavation shall be to the approval of the surveyor. The license shall be in the Form B in the Third Schedule hereto.

Before granting a license to deposit the materials or make an excavation, the Board may require from the applicant a sum determined by the surveyor to be held as a deposit to cover the cost of carrying out repairs to the road, footpath, kerb, etc., made necessary by the deposit or excavation concerned.

(b) By deleting from subclause (b) the second paragraph provisions relating to Junior Workers (Female) and inserting in lieu thereof:—

	% of Female Basic Wage per Week.
(b) Junior Workers (Female):	
Between 15 and 16 years of age	60
Between 16 and 17 years of age	70
Between 17 and 18 years of age	80
Between 18 and 19 years of age	95
	Margin per Week.
	£ s. d.
Between 19 and 20 years of age	0 5 9
Between 20 and 21 years of age	0 16 0

(c) By deleting from subclause (c) the following:—

	Margin per Week.
	£ s. d.
(c) Adults (Female):	
At 21 years of age	1 6 0
At 23 years of age and over	1 10 0

and inserting in lieu thereof:—

(c) Adults (Female):	
At 21 years of age	2 3 0
At 22 years of age	2 6 0
At 23 years of age	2 9 6

(d) By inserting after subclause (g) new subclauses to stand as subclauses (h), (i), (j) and (k) as follows:—

(h) Notwithstanding the provisions of subclauses (b) and (c) of this clause as amended by this amendment the rates of pay prescribed to female workers employed by Geraldton and Albany respondents shall be as prescribed by this Award in clause 8, subclauses (b) and (c) prior to this amendment but liberty to apply to amend the Award in similar terms to this amendment is hereby granted to the Union.

(i) (i) Part time workers may be employed following notification by the employer to the Union, at an hourly rate for a lesser period per week than the hours usually worked in each establishment, provided that the Union is unable to provide suitable full time workers.

(ii) Provided however, that if the Union should object to the employment by any employer of a part time worker, such objection must be made within 48 hours from the time of the Union receiving such application from the employer.

(iii) Any objection lodged within the aforesaid 48 hours may be referred to a Board of Reference.

(iv) Payment of annual leave and sick pay for part time workers shall be strictly related proportionately in accordance with the number of hours worked, to the conditions prescribed in each establishment for full time workers.

(v) Should the present need for part time workers be eliminated by a surplus of suitable workers offering for full time employment, the Union shall be at liberty to apply to the Court for the deletion of this subclause (i) from the Award.

(j) It is hereby expressly agreed and declared that the rates prescribed herein by this amendment for junior and adult females have been arrived at without regard for the skill involved or the nature of the work performed, and cannot be compared as between themselves or with the rates of pay prescribed in this Award for males or with the rates of pay prescribed in any other Award.

(k) In the event of the Court of Arbitration increasing the ratio of the female basic wage to the male basic wage, the margins herein prescribed for adult females shall be automatically reduced by the same amount as the basic wage is so increased and in the case of junior female workers the percentage of the female basic wage and the margins prescribed herein shall be automatically reduced by a sum and/or percentage sufficient to enable the rates to remain constant.

IN THE COURT OF ARBITRATION OF WESTERN AUSTRALIA.

No. 135 of 1951.

Between The W.A. Dental Technicians' and Employees' Union of Workers, Applicant, and The Continental Dental Coy., and others, Respondents.

HAVING heard Mr. L. M. Lipsett on behalf of the Applicant and Mr. F. S. Cross on behalf of the Respondents, and by consent, the Court, in pursuance of the powers contained in section 92 of the Industrial Arbitration Act, 1912-1950, doth hereby order and declare that Award No. 29 of 1948 as amended by interim order No. 276 of 1950 be and the same is hereby further amended in the terms of the attached schedule.

Dated at Perth this 31st day of May, 1951.

By the Court,

[L.S.] (Sgd.) L. W. JACKSON,
President.

Schedule.

The amendments made in interim order No. 276 of 1950 on the 11th day of May, 1951, are embodied in this schedule.

1.—Area.

Delete this clause and insert in lieu thereof the following:—

This Award shall have effect over the area comprised within the South-West Land Division of the State and within a radius of five (5) miles from the Post Office, Kalgoorlie.

4.—Hours.

Delete subclause (b) of this clause and insert in lieu thereof the following:—

(b) The ordinary hours of work shall be worked between 8 a.m. and 6 p.m. on five (5) days of the week, excluding Sundays, and between 8 a.m. and 12 noon on the day on which the weekly half-holiday is observed. Provided that they may be worked at such other times as may be mutually agreed between the employer and the worker but in such event the Union shall be notified of the altered starting and finishing times.

5.—Overtime.

Delete this clause and insert in lieu thereof the following:—

(a) All time worked before the usual starting and after the usual finishing time shall be deemed overtime and be paid for at the rate of time and a half for the first four (4) hours and double time thereafter. In the calculation of overtime each day shall stand alone.

(b) The employer's liability for the payment for overtime worked shall be deemed to be met if equivalent time off is given to the worker.

(c) All work done on Sundays shall be paid for at the rate of double time.

(d) When a worker, without being notified on the previous day, is required to continue working after the usual knock-off time for more than one (1) hour he shall be provided with any meal required or shall be paid two shillings (2s.) in lieu thereof.

(e) When a worker is recalled to work after leaving the job he shall be paid for at least one (1) hour at overtime rates.

(f) A meal interval of one (1) hour shall where practicable be allowed between 12 noon and 3 p.m. provided that where a meal time of less than one (1) hour is allowed the worker shall be paid at overtime rates for any portion of the hour worked.

(g) Notwithstanding anything contained in this award:—

(i) An employer may require any worker to work reasonable overtime at overtime rates and such worker shall work overtime in accordance with such requirement.

(ii) No organisation, party to this Award or worker or workers covered by this Award shall in any way, whether directly or indirectly be a party to or concerned in

any ban, limitation, or restriction upon the working of overtime in accordance with the requirements of this subclause.

- (iii) This subclause shall remain in operation only until otherwise determined by the Court.

7.—Holidays and Annual Leave.

Add to subclause (a) the following proviso:—
 Provided that, outside a radius of twenty-five (25) miles from the General Post Office, Perth, and by agreement between the worker and the employer some other day or days may be substituted in lieu of any of the foregoing holidays.

8.—Wages.

Delete subclause (a) of this clause and insert in lieu thereof the following:—

(a) Basic Wage:

	Per Week.

IN THE COURT OF ARBITRATION OF WESTERN AUSTRALIA.

No. 158 of 1951.

Between West Australian Amalgamated Society of Railway Employees' Union of Workers, Applicant, and The Western Australian Government Railways Commission, Respondent.

HAVING heard Mr. G. F. Keating on behalf of the Applicant and Mr. K. D. Reeves on behalf of the Respondent, and by consent, the Court, in pursuance of the powers contained in section 92 of the Industrial Arbitration Act, 1912-1950, doth hereby order and declare that Award No. 31 of 1948 be and the same is hereby amended in the terms of the attached schedule.

Dated at Perth this 31st day of May, 1951.

By the Court,

[L.S.] (Sgd.) L. W. JACKSON, President.

Schedule of Amendment.

Clause 51.—Wages.

Wages Schedule.—General Section.

Delete items nod. 155 (a), (b), (c) and (d) and notes following item (d) of this Schedule and insert in lieu thereof the following:—
