#### IN THE MATTER OF THE LICENSING ACT, 1911, AND THE AMENDMENTS THEREOF.

AND in the matter of a Petition for Authority to grant a new License.

To His Excellency Sir James Mitchell, G.C.M.G., Governor of the State of Western Australia:

THE humble Petition of the undersigned sheweth as follows:—(1) That your petitioners are a majority in number of the electors as defined by the said Act living within a circle having a radius of 40 chains from the centre of: Portion of Fremantle Suburban Lot 38 and being lot 2 of Plan 2596 the whole of the land comprised in Certificate of Title Volume 327, Folio 3, and known as No. 204 South Street, Beaconsfield. (2) That there has been an increase of population in such area, and that such increase is likely to be permanent. (3) That there are no licensed premises within such area. (4) That a gallon license is required within the area to meet the requirements of the public. (5) That there is a store on the said land, and it is a suitable location for a gallon license.

Your petitioners, therefore, humbly pray: That the Licensing Court may, pursuant to the powers in that behalf contained in the Licensing Act, 1911, have authority to grant a new gallon license in respect of the premises on the said land. And your petitioners will humbly pray, etc.

Under Secretary for Lands.

### LAND ACT, 1933-1950.

(Parts V and VII.)

Land Open For Selection.

Yilgarn District (Boodarockin to Narla).

Applications Close 18th July, 1951.

Department of Lands and Surveys,  
Perth, 20th June, 1951.

Corres. No. 5866/23.

IT is hereby notified, for general information, that Yilgarn locations scheduled hereunder are available for selection under Part V (section 47) of the Land Act, 1933-1950, and the regulations thereunder, subject to the provisions of the said Act, at the prices per acre shown and subject to such charges for improvements as shall be determined,

and also, that the said lands are, alternatively, available for leasing under the provisions of section 116 of the said Act, at such rentals as shall be determined and subject to the special conditions enumerated hereunder. Where applicable mining conditions will be inserted in all leases.

#### Conditions for Leasing Under Section 116. Type of Lease.

1. Special Leases for cropping and grazing will, upon approval of applications, be issued under the provisions of section 116 of the Land Act, 1933-1950, with terms to expire on 31st December, 1967, unless in particular cases a shorter term be decided on.

2. No Special Lease will be granted to any person who is not already the holder of at least 1,000 acres of freehold or conditional purchase land adjacent to the area applied for by such person.

#### Qualifications.

3. Any person holding only a Special Lease for cropping and grazing, consisting of at least 1,000 acres, for a term of 10 years, may be granted a conditional purchase lease with freehold rights, subject to the provisions of the Land Act.

4. No person will be granted an area in the aggregate in excess of 7,000 acres.

5. A husband and wife will be considered as one person when calculating the maximum area to be acquired either jointly or severally.

#### Rentals.

6. Special Leases granted will be at a rental to be fixed by the Department as at the date of commencement, and be subject to appraisalment as at 1st July, 1954, and 1st July, 1961. Rent will not be charged for improvements effected by the lessee.

7. Settlers will have the right to appeal against rentals fixed on re-appraisalment, to a Board of Arbitration to consist of a representative of the settler, a representative of the Department, and a magistrate of the Local Court, as chairman.

#### Restrictions and Limitations.

8. If, during the term of the Special Lease, the settler fails to continue in ownership of his freehold or conditional purchase lands, then the Minister may, at his discretion, cancel the Special Lease.

9. Special Lease so granted will be subject to the restrictions and limitations in regard to transfers, mortgages and subleases, as prescribed by the provisions of the Land Act, 1933-1950, and as are applicable to conditional purchase leases. Timber Reservations and Rights to the Crown.

10. No timber or scrub on the land in any such Special Lease shall be ringbarked, cut, destroyed or removed, without the approval in writing of the Conservator of Forests who may direct and prescribe that such timber or scrub as he deems necessary shall be preserved to prevent soil erosion and/or provide shade and shelter for stock.

11. All marketable timber on the land in any Special Lease will be reserved to the Crown, save that the lessee may fell such timber and use it for his own reasonable requirements for domestic purposes, or in the construction and maintenance of fences, stockyards, buildings, or other erections in connection with farming operations on the lands leased.

12. The ordinary rights of resumption and reservations usually inserted in leases from the Crown will apply.

#### Improvement Conditions.

13. The settler will be required to improve for farming purposes the lands in his Special Lease to an amount of 1s. per acre per annum for the first seven years of the term: Provided that the

value of existing improvements shall be taken into account in reckoning the value of the required improvements, but for the purposes of this provision existing improvements will not be valued at a higher figure than the amount which they add to the value of the land at the date of valuation.

14. The settler will be required to maintain improvements on his Special Lease in good order and shall keep cleared land from becoming overgrown with scrub or trees.

15. The settler will have the right to claim compensation upon expiration of his Special Lease, if it be not renewed for a further term, equal to the added value which the improvements effected by him in their then condition give to the land at that date, provided that there shall be deducted from the added value which all the improvements on the leased land give to it at the date of valuation for compensation purposes, the added value so given by the improvements that existed on the land at the date of commencement of the lease, regardless of their cost or value at that date in order to ascertain the added value given to the land by the improvements effected by the settler. Provided that such right to claim compensation shall not arise if the settler himself shall choose not to seek a renewal of his Special Lease.

16. If the settler be not prepared to accept the Department's offer of compensation in such cases, he will be given the right of appeal to the Board of Arbitration as established for reappraisalment purposes.

17. The settler will be required to agree to a description of the existing improvements at the date of commencement of the special lease.

#### Residence.

18. The settler will be required to reside on his Special Lease (or his adjacent freehold or conditional purchase land) for not less than six months in each of the first seven years of the term of his special lease: Provided that the Minister may at his discretion waive this condition in special cases: Provided also that residence of the wife or a parent of the settler, or a child of the settler of the age of over 16 years, or other near relative approved by the Minister, may be accepted in lieu.

#### Use of the Land.

19. The settler will be required to cultivate in each year after the first, not less than one-sixth of the cleared area of his Special Lease during the period of his lease: Provided that such cultivation shall be carried out in such manner as to ensure that every part of the cleared land within the area leased shall be cultivated at least once in every six years. For the purposes of this clause, the land which had been cleared prior to the date of the commencement of the lease and on which there existed at that date a re-growth which would cost more than 8s. per acre to remove by efficient methods shall be deemed to be uncleared land.

20. The settler will be required to stock and keep stocked during the full term of his Special Lease the cleared land within such lease, with not less than one sheep to every 10 acres, or the equivalent thereof in large stock, and similarly uncleared land with not less than one sheep to every 30 acres, or the equivalent thereof in large stock: Provided that at his discretion the Minister may grant permission to the settler to carry for any specific period a less number of stock than otherwise required. For the purpose of this clause, six sheep shall be deemed to be equal to one head of large stock.

21. Power will be reserved to the Minister to direct that the number of stock depasturing on any Special Lease be reduced if the Minister is of the opinion that any such lease is overstocked to an extent sufficient or likely to cause permanent damage to the land. Right of appeal to the Board of Arbitration already referred to in clause 7 shall rest with the lessee in such case and the Board's determination shall be final.

#### THE TOWN PLANNING AND DEVELOPMENT ACT, 1928-1947.

Municipality of Geraldton—Town Planning Scheme. Work No. 2.

NOTICE is hereby given that the Geraldton Municipal Council on the 28th day of February, 1951, passed the following resolution:—"Resolved that the Municipality of Geraldton in pursuance of section 7 of the Town Planning and Development Act, 1928-1947, prepare the above Town Planning Scheme with reference to that piece of land being Geraldton Town Lots 1220 to 1237 inclusive and the Western moieties of Geraldton Town Lots 606, 609, 610, and the Western moieties of parts 1 and 2 of Geraldton Town Lots 613 and 614 and inclusive of the whole of Askew Road, and that portion of Keane Street between Shenton Street and Carson Terrace, an area of approximately 7.2 acres, and situate wholly within the Municipal District of Geraldton and enclosed within the inner edge of the blue border on a plan now produced to the Council by the Town Clerk of the said Municipality under his hand dated the 5th day of January, 1940, as plan No. 1.

Work No. 2.

The proposals shown on Plan No. 2 relate to the abovementioned land and have for their object the following:—

(a) The complete re-levelling of the whole area to a contour plan which provides for the reducing of sandhills and utilising the sand to fill low-lying land within the area and to provide more satisfactory residential sites, and to eliminate the existing irregularities in the street levels which make good road construction impracticable.

(b) To bring all lots within the area of the plan, under the control or ownership of the Municipality, for the purpose of carrying out the scheme.

(c) to eliminate the present unsatisfactory subdivision by a re-subdivision on modern lines, providing more desirable building sites.

It is therefore proposed that the Municipality of Geraldton shall acquire the whole of the land for the purpose, either by purchase or compulsory taking, and then re-subdivide it in the manner shown in Plan No. 2. The land coloured brown in Plan No. 2 will then be set aside as streets and the various allotments will be offered for sale.

And notice is hereby given that Plan No. 1 and Plan No. 2 referred to in the above resolution have been deposited at the Council Chambers, Geraldton, and will be open for inspection by all persons interested without payment of any fee, between the hours of 10.0 a.m. and 4.0 p.m., Mondays to Fridays (closed Saturdays).

Any objections to the above proposed scheme should be sent in writing to the Town Clerk, Geraldton, on or before 25th day of July, 1951.

(Sgd.) R. W. CARTER,  
Town Clerk.

#### TOWN PLANNING AND DEVELOPMENT ACT, 1928-1947.

Bunbury Town Planning Scheme.

Advertisement of Resolution Deciding to Amend A Town Planning Scheme.

NOTICE is hereby given that the Bunbury Municipal Council on the 3rd day of April, 1951, passed the following resolution:—

That the Council in pursuance of section 7 of the Town Planning and Development Act, 1928, amplify and amend the above Town Planning Scheme, gazetted on the 23rd of November, 1934, in so far as it applies to industrial areas, by including the undermentioned land in the industrial area:—

All that land bounded on the North by Strickland Street, on the East by Buchanan Street (or Albert Road) and on the West and South by the Railway Line, comprising lots Nos. 17 to 27 inclusive together with lots 1 to 13, inclusive, on the Eastern side of Buchanan Street (or Albert Road) as shown on Plan No. 399.

And notice is hereby further given that details of the amendment referred to in the Resolution have been delineated on the plan of the scheme deposited at the Council Offices, Bunbury, and will be open for inspection by all persons interested,

without demand of any fee, between the hours of 9.30 a.m. to 3.30 p.m. Mondays to Fridays, inclusive.

Any objections to the proposed amendment, should be sent in writing to the Town Clerk to the Council, on or before the 20th July, 1951.

F. W. FOWLES,  
Town Clerk to the Council.

MUNICIPAL CORPORATIONS ACT, 1906-1947.  
Municipality of York.

A BY-LAW of the Municipality of York made under sections 180 and 338 of the Municipal Corporations Act, 1906-1947 and numbered 89, for regulating building.

In pursuance of the powers conferred by the said Act, the Mayor and Councillors of the Municipality of York order as follows:—

Part 1.—Operation and Definition.  
Application.

1. This by-law shall apply to the whole of the district of the Municipality of York.

## Commencement.

2. This by-law shall come into operation immediately upon its confirmation and approval by the Governor and publication in the *Government Gazette*.

## Repeal.

3. From the date of coming into operation of this by-law, all previous by-laws made by the Council relating to building are repealed.

## Definitions.

4. In this by-law subject to the context:—  
"Act" means the Municipal Corporations Act, 1906-1947, and amendments.

"Alteration" means any work made or done for any purpose, in or on a building (except that of necessary repairs not affecting the construction of any external, cross, or party wall) or any change in the purpose for which the building or erection, or any part thereof shall be used.

"Apartment" means a room or rooms or part of a building intended or adapted for separate occupation as a dwelling.

"Apartment building" means a building containing two or more apartments and includes flats.

"Approved" means approved by the Council in writing or (in case where surveyor is authorised by the Council to do so) approved by the surveyor in writing.

"Area" applied to a building means the sum of the superficieses of the horizontal sections of each storey made at the point of the greatest surface of each floor, inclusive of the external walls, and such portions of the party walls as belong to the building.

"Build" means and includes erect, build, or construct, or cause to be erected, built or constructed.

"Building" means and includes, erection, structure, detached room, outbuildings, hoarding, and every structure of whatever kind capable of affording protection or shelter, either roofed, or intended or capable of being roofed, and whether enclosed by roofs or not, and every part of such structure and any addition or alteration thereto.

"Builder" means the master builder or other person employed to execute any work, or, if there is no master builder, or other person so employed, then the owner of the building or other person for whom or by whose orders such work is to be done.

"Council" means the Municipal Council of York.

"District" means the York Municipal District.

"Dwelling house" means a building used or adapted to be used wholly or principally for human habitation.

"External wall" means an outer wall of a building not being a party wall even though it adjoins a wall of another building.

"Fire-resisting" used with reference to any materials, includes—

- (a) brickwork constructed of good bricks well burnt hard and sound, properly bonded and solidly put together with good lime or cement mortar;
- (b) any stone suitable for building purposes by reason of its solidity or durability;
- (c) sheet metals or other similar materials which are in the opinion of the Council, fire-resisting;
- (d) iron and steel (when used for columns, girders or wall framing) encased in cement concrete, or other incombustible or non-conducting external coating;
- (e) slate, tiles, brick and terra-cotta, when used for covering or corbels;
- (f) concrete when composed of broken bricks, stone chippings, or ballast and lime cement or calcined gypsum.

"Frontage" means the distance measured at right angles to one of the sides of the land from the terminal point thereof to the opposite side, or a continuation of such opposite side.

"Garage" means any building used for the housing of a motor vehicle (not being a garage carried on as a business undertaking).

"Height" in relation to any building means measurement taken from the level of the footwalk (if any) immediately in front of the centre of the building, or when there is no such footway, from the level of the ground before excavation, to the level of the ceiling or tie of the topmost storey.

"Height" in relation to storeys means—

(a) in the case of the topmost the measurement between the floor and the ceiling thereof, or between the floor and the underside of the tie of the roof, or if there is no tie, then up to the level of half the vertical height of the rafters, or other support of the roof;

(b) in the case of every storey other than the topmost, the measurements between its floor and the floor above.

"Hoardings" includes any erection or structure erected, built, constructed, or used, or that may be used for the purpose of writing, painting, pasting, or posting thereon, notices, advertisements, placards, or other printed, painted or written matter, or any erection or structure being of a height greater than 6 ft. from the level of the adjoining street.

"Main rooms" means and includes all rooms used or intended to be used as bedrooms, lounges, dining rooms, ordinary living rooms, or kitchens.

"New buildings" includes—

(a) any building erected or commenced to be erected after the date of this by-law coming into operation;

(b) any building of which more than half its cubical contents has been taken down or destroyed by fire, tempest, or otherwise, and is re-erected, or commenced to be re-erected wholly or partially on the same site after the date of this by-law coming into operation;

(c) any building removed or transported wholly or in sections into the Municipality after the date of this by-law coming into operation.

"Outbuildings" means and includes any building on the curtilage of any dwelling, shop, or combined shop and dwelling used as a workshop or storeroom, not being a building for the storage of inflammable material nor for the housing of animals, including birds.

"Party wall" means a wall built to be used as a separation of two or more buildings, or a wall forming part of a building built upon the dividing line between the adjoining premises for a common use.

"Person" includes corporation.

"Prescribed" means prescribed by this by-law.

"Public place" has the same meaning as in the Act.

"Reinforced concrete" means a form of construction in which cement concrete is reinforced with iron or steel, these materials being so combined that the iron or steel will take up and resist substantially the whole of tensional stresses and assist in the resistance to shear, while the concrete will take up and resist the compressional stresses and assist in resistance to shear.

"Right-of-way" means any lane or right-of-way, not a road, over which any person other than the owner thereof has a right of carriage way.

"Road" has the same meaning as in the Act.

"Surveyor" means the building surveyor or acting building surveyor appointed by the York Municipal Council, having for the time being the administration of this by-law.

"Shop" means a building in which goods are regularly offered or exposed for sale, or in which meals or refreshments are regularly provided for payment, and also includes saloons of barbers and hairdressers, and offices of agents, auctioneers and all other businesses and trades. A bona fide boarding house shall not be included in this definition by reason only of the fact that meals or refreshments are occasionally served for payment to persons other than boarders.

"Square" applied to the measurement of any area means the space of one hundred square feet.

"Surface or ground level" means the level of the ground as determined by the surveyor.

"Wooden building" means a building constructed of wood, or buildings having a wooden frame.

#### Part 2.—Classes of Buildings.

5. For the purpose of this by-law buildings shall be divided into three classes:—

Class A.—"Domesic class" which includes all buildings subject to small vibrations and light loading of floors, such as dwelling houses residential shops, offices, hotels, private schools, club houses and studios.

Class B.—"Warehouse class" which includes all buildings subject to vibrations and heavy loading of floors, such as warehouses factories, mills and places for storage and manufacturing of goods.

Class C.—"Public building class" which includes all buildings designed to accommodate an assemblage of people, such as theatres, churches, chapels, assembly halls, museums, libraries, public schools, hospitals, lecture rooms, and other like buildings. In case of doubt the surveyor shall finally determine to which class any particular building belongs.

#### Part 3.—Notice of Intention to Build or Demolish, and Lodging of Plans.

##### Notice to be Given.

6. No builder shall commence any building, or alteration to any building without first delivering at the office of the Council a written application in the form of the First Schedule hereto before so commencing and delivering to the surveyor:—

##### Plans and Specifications.

(a) Properly prepared plans and specifications of such building, addition or alteration, together with a tracing or copy of the plans of such building, addition, or alteration, and also details and dimensions, sizes and qualities of all materials, and enumerating any old materials proposed to be used in the construction of the same. Plans shall be drawn in ink, and specifications typed or legibly written.

##### Block Plan.

(b) A block plan showing the relation of the building to adjoining buildings and boundaries.

##### Purpose.

(c) A statement in writing of the purpose for which the building is intended to be used.

##### Drainage.

(d) Particulars of the proposed method of drainage.

##### Further Particulars.

(e) Such further particulars in writing regarding the same as shall be necessary to enable the Council or its surveyor to determine if all the provisions of this by-law applicable thereto, are being complied with.

##### Tracing Retained.

7. The tracing or copy of the plans and details of materials shall be retained by the surveyor, and the original plans and specifications when approved, shall be evidenced in writing endorsed on the plans and specifications and signed by the surveyor.

##### Plans etc., to be Kept at Building.

8. Such plans and specifications shall be kept at the building therein referred to, and shall be available for inspection by the surveyor or accredited officer of the Council at all reasonable times, on demand, during the construction, or erection, or alteration, or addition, as the case may be, and for 14 days after the completion thereof.

##### Permits and Fees.

9. No person shall commence a building of any kind, or addition, or alteration to any building, or demolish any building without first having obtained from the surveyor a written permit for the commencement of the same, and without hav-

ing first paid to the Council, fees in accordance with the scale set out in the Second Schedule hereto having regard to the class of building.

#### Area of New Building.

10. The decision of the surveyor as to the area of a new building, or value of an addition shall be final and conclusive.

#### Surveyor may Enter and Inspect.

11. The surveyor at all reasonable times during the progress, and after the completion of any building, or any addition, or alteration, to any building affected by this by-law, may enter and inspect such building, or addition or alteration. Any person obstructing or hindering the surveyor shall be liable to a penalty of not more than ten pounds (£10).

#### Permit Shall Lapse after Six Months.

12. A permit obtained pursuant to this by-law shall lapse and be of no effect unless the building for which such permit was granted shall be commenced within six months and completed within 12 months from the date of such permit.

#### Surveyor may stop work if contrary to By-law.

13. The surveyor may at any time stop the progress of any building and withdraw or suspend any permission given by the Council under this by-law in the event of his not being satisfied that all the provisions of this by-law are being complied with, and any person who continues to build or erect, or works on the site after notice from the surveyor to desist, shall be guilty of an offence against this by-law.

#### Demolition or Removal of Buildings.

14. When a building is to be demolished or removed, the owner or contractor shall give 24 hours' notice to the surveyor of such intended demolition or removal.

14A. Provision shall be made so as to avoid all nuisance from dust or falling refuse by playing water on same by means of a hose or other approved method.

#### Sanitary Conveniences on Site.

15. Before commencing any building operations upon any building site, the contractor, or person responsible for carrying out building operations shall provide sanitary conveniences sufficient for the use of all men working upon the site, such sanitary conveniences to be in accordance with the requirements of the Health Act.

#### Low-lying Land.

16. Where land upon which a building is to be erected, is below the level of the crown of the road adjoining the land frontage, no building shall be commenced until a level has been given by the surveyor. When it is considered by the surveyor that having regard to the water level during the winter months, filling is required, such filling shall be carried out by the owner or contractor before the commencement of building operations. In the event of there being no made road from which to take a level at which any building shall be commenced and if he considers it to be necessary, shall require the owner or contractor to fill in to a given level.

#### Dwelling Houses—Distance from Road.

17. No building which is to be used as a dwelling house, and no addition to any such building, shall be built within a distance of 20 ft. measured horizontally from the road to the building fronts, unless a building line at a different distance has been fixed by a proper authority.

17A. Where the road a proposed dwelling or addition, is to face, is a half chain road, the distance from such dwelling or addition, to the road, shall be not less than 36 ft. 6 in.

17B. Where a proposed dwelling or addition is to be erected on block abutting on two half chain roads, the distance of such dwelling, or addition from the road classed as a minor road, shall be at the discretion of the surveyor.

#### Distance from Side Boundary.

18. No building which is intended to be used as a dwelling house and no addition to any building which is intended to be used as a dwelling house shall be built within a distance of 3 ft. if of brick, or 4 ft. if of wood or wood frame, measured horizontally from the boundary of the allotment on which such building is erected.

#### Minimum Area of Open Land.

19. At least one-third of the area of any allotment on which a dwelling house is erected, shall be left open and unbuilt on, and for the exclusive use of the occupiers of the buildings erected upon such allotment.

#### Minimum Area of Dwelling Houses.

20. Every dwelling house shall consist of a total area of at least 500 square feet, excluding verandahs.

#### Provision of Bathroom, Washtroughs, Copper, etc.

21. Provision shall be made in all new or re-erected dwellings for a bathroom fitted with bath and wash-basin, also laundry facilities consisting of wash-troughs and copper, properly fitted and housed, in accordance with any provisions of the Health Act, and any by-laws made thereunder which may from time to time be applicable.

#### Computing Distances.

22. For the purpose of computing distances from any building, the outer face of the wall shall be taken as the point from which measurements are to be taken.

#### Occupation of Dwelling.

23. No person or persons shall occupy any new or re-erected dwelling before completion, nor shall any person or persons occupy any new or re-erected dwelling until a certificate has been issued by the surveyor in writing stating that the dwelling has been completed in accordance with the plans approved by the Council, building by-laws and the Health Act.

#### Stables.

24. Stables may be erected with walls of brick, stone or concrete, provided that in stables of more than two squares in area, the distance of any wall of such stable from land not in the same occupation or possession shall not be less than the vertical height of such wall including the vertical portion of a gable and roof from the boundary of the land not in the same occupation or possession.

#### Distance of Stables from Boundaries.

25. No stable may be erected nearer than 30 ft. to any dwelling, nor than 10 ft. to the boundary of land not in the same occupation.

#### Fowl Houses.

25A. Fowl houses of not more than 200 square feet in area and not above 6ft. in height may be erected at the rear of a dwelling, provided that the nearest portion of such fowl house is at least 30ft. from any building used as or intended for a dwelling, and at least 4ft. from the boundary of land not in the same occupation.

Fowl houses of larger area may be erected if of a distance of at least 50ft. from any street and 40ft. from any dwelling house, and at least 4ft. from the boundary of land not in the same occupation; of fire-resisting material, approved by the surveyor and that the building shall not be more than 7ft. high.

#### Garages.

26. (a) Position.—No garage shall be erected nearer than the dwelling house to which it is appurtenant to any road fronted by such dwelling-house. Provided that if there is no means of access for motor vehicles to the rear portion of the allotment on which such dwelling-house is erected, a garage may be erected on the front boundary of such allotment subject to a plan showing the exact position in which such garage is proposed to be erected and the approximate position of any buildings in the allotments adjoining together with the design of the garage to be erected, and the front elevation thereof being submitted to and approved of by the Council, but so that no part of such garage shall be between the dwelling-house and

the road. In special cases where the physical configuration or dimensions of the ground preclude the observance of the distances prescribed, the Council may permit the erection of a garage in another position.

(b) Doors of Garages.—The doors of a garage, when opened, shall not encroach on any road.

(c) Materials.—Every garage shall be constructed of fire-resisting material, but corrugated iron shall not be used for the walls. Where fire-resisting sheets are used for walls, framing and dado of approved hardwood may be used.

(d) Garage Incorporated with Dwelling.—Where a garage is incorporated as part of the main building, it shall in all respects conform thereto, but must have a ceiling of fireproof material approved by the Surveyor.

(e) Garages on Corner Blocks.—No garage shall be erected on a corner block at a less distance from the road on the side boundary than the adjoining building is from such road, or if there is no adjoining building, at a less distance than 20ft. from such road.

#### Apartment Buildings.

27. Area of Land to be Occupied.—The total floor area of an apartment building together with the floor area of any other buildings erected on the same allotment, shall not exceed half the area of such allotment.

28. Area of Each Apartment.—The total floor area of each apartment shall be at least 400 square feet. In addition thereto, every apartment shall have for the exclusive use of the occupants thereof, at least 100 square feet of verandah space.

29. Area of Main Rooms.—Every main room in an apartment shall have a floor area of at least 100 square feet and no wall of such room shall be less than 9ft. in length.

30. Apartments to be Self-contained.—Every apartment shall be self-contained; it shall contain its own kitchen, bathroom, and lavatory. It shall have a separate entrance from the outside of the building, and such entrance shall be constructed of fire-resisting material as defined in the building by-laws of the Council for the time being in force.

#### Part 4.

##### Building Materials.

31. All workmanship and materials used in the construction or alteration of any building shall be the best of their respective kinds and in accordance with recognised building practice, and shall be subject to the approval of the surveyor, and the surveyor shall have power to condemn any material which in his opinion is not suitable for use in such building, alteration or addition.

32. Second-hand Material.—No old or second-hand material may be used in any building unless approved in writing by the surveyor.

33. Bricks.—Bricks used in any building must be good, hard and well burnt. When old bricks are used in any wall they should be thoroughly cleaned before being used.

34. Sand.—Sand used for mortar or concrete in any building shall be clean and sharp, and free from loam, dirt, salt and organic matter.

35. Lime Mortar.—Lime mortar shall be composed of freshly burnt lime and sand in the proportion of at least one part by measure of lime and not more than three parts by measure of sand. All lime intended to be used for mortar, shall be thoroughly burnt, of good quality, and be properly slaked before being mixed with sand.

36. Cement Mortar.—Cement mortar shall be composed of good Portland cement or other cement of equal quality, mixed with clean, sharp sand, in proportion of at least one part by measure of cement, and not more than four parts by measure of sand.

37. Timber.—All timber and wooden beams used in any building shall be of good sound material, free from rot, large loose knots, shakes, or other imperfections whereby the strength may be impaired, and in the case of dwellings shall be of such sizes, dimensions, and spaces as set forth in by-laws 37A and 63. In other buildings all timber shall be such as will afford safe loadings and shall be to the satisfaction of the surveyor.

37A. Dimensions of Timber.—The timber used in brick dwelling houses shall conform to not less than the following minimum sizes:—

Bottom wall plates, 3in. x 2in.

Floor joists, 4in. x 2in. at 1ft. 6in. centres.

Bearers, 4in. x 3in. not exceeding 5ft. 6in. centres and shall be at least 6in. clear of the ground.

Top plates, 4in. x 1½in.

Rafters, 4in. x 2in. at 2ft. centres for other than iron roofs, or 3ft. centres for iron roofs.

Purlins, 4in. x 3in. for tile roof, and 4in. x 2in. for iron or asbestos roof, in such positions that no rafter has an unsupported span of more than 7ft.

Struts to under purlins, 4in. x 2in. when not exceeding 4ft. in length, and 4in. x 3in. for lengths exceeding 4ft. to support under purlins at least every 7ft.

Battens for tiles, 2in. x 1in.

Battens for iron, etc., 3in. x 1½in. not more than 3ft. 6in. apart.

Ceiling joists, 4in. x 2in. at 2ft. centres or 3in. x 2in. at 18in. centres.

Ceiling hangers, 8 in. x 1½ in. hung to roof timbers at least every 6 ft. and in positions so that no ceiling joist has an unsupported span of more than 7 ft.

Collar ties, 4 in. x 1½ in.

Ridge, 7 in. x 1 in.

Hips and valleys, 8 in. x 1 in.

38. Lintels.—Builders casting lintels in position shall submit to the surveyor plan showing position and details of reinforcement and specifications of materials to be used, such designs to be approved at the same time as the plan of the building. Lintels up to 6 ft. span shall be three courses in depth, lintels from 6 ft. to 8 ft. span shall be four courses in depth. All such lintels shall be reinforced with at least ½ in. steel rods, not less than three rods per lintel and a proper bearing, to the satisfaction of the surveyor, shall be given at each end of the lintel.

#### Part 5.—Construction.

39. Excavation and inspection of trenches.—All excavations for footings shall be not less than 12 in. below the natural surface of the ground, except in cases of special construction of foundations approved by the surveyor. No footing shall be placed in position until at least 24 hours notice has been given to the surveyor that the trenches are ready for inspection.

40. Walls to have footings.—Unless with the consent of the surveyor, every external wall, and each party wall not carried on a bremsuer and every pier and storey post shall have footings.

41. Dimensions of footings.—The width of the bottom of the footing of every such wall shall be at least one half greater than the thickness of the wall at the ground floor level, but in no case less than 16 in. wide unless approved by the surveyor, and the height of such footing shall be at least equal to the thickness of the wall at its ground floor level, but in no case less than 9 in.

42. Construction of external walls.—Every wall constructed of brick, stone, or other similar material shall be properly bonded and solidly put together with mortar, and no part of such wall shall overhang any part underneath it to a greater extent than 9 in. and as approved by the surveyor, and provided that the projection is well and solidly corbelled out, and that the inside of the wall carrying such corbelling is carried up vertically in continuation of the lower face thereof. All return walls shall be properly bonded together.

43. Damp Course.—Every wall or fireplace of brick, stone or similar material shall have a damp-proof course or courses of asphalt, distilled tar and hot sand, or other approved material at least 6 in. above the surface of the ground below the lowest floor, and in cases where it is not desirable to place the same throughout the building at the one uniform level, then the said damp-course must be laid in horizontal layers connected at the end by a vertical course of the same materials and shall not be less than ½ in. in thickness.

Hollow Walls.

44. External walls may be constructed as hollow walls if constructed in accordance with the following rules:—

- (a) The inner and outer parts of the wall shall be separated by a cavity which, shall, throughout, be of a width not exceeding 2 in. or less than 1 in.;
- (b) the inner and outer parts of the wall shall be securely tied together with suitable bonding ties of adequate strength formed of galvanised iron, glazed stoneware, or other material approved. Such ties shall be placed at distances apart not exceeding 3 ft. horizontally and at least every fifth course vertically;
- (c) the thickness of each part of the wall shall throughout be not less than 4½ in.;
- (d) the aggregate thickness of the two parts excluding the width of the cavity, shall throughout be not less than the minimum thickness prescribed for solid walls of the same height and length;
- (e) no hollow wall of not more than 11 in. in thickness shall be greater in superficial extent than three squares in any one storey, unless strengthened by a partition wall, fireplace, or projecting pier to the satisfaction of the surveyor.

Concrete Blocks.

45. Concrete blocks shall contain not less than one part cement to five parts mixed aggregate and shall be kept damp for a period of not less than four days and shall not be used green. The blocks shall be bedded and jointed in cement mortar.

Thickness of Walls, Domestic Class.

46. No external wall in brick, stone, or concrete, or cement block, shall have less than the thickness prescribed in the following Table A:—

Table A.  
Buildings of Domestic Class.

				Thickness of Walls in inches.	
Length of Wall.	No. of Storeys.			G. floor.	1st floor.
Walls built in lime mortar—					
Not exceeding 30 ft.	G. floor	....	....	9	—
	1st floor	....	....	9	9
Exceeding 30 ft. ....	G. floor	....	....	13½	—
	1st floor	....	....	13½	13½
Walls built in cement mortar—					
Not exceeding 30 ft.	G. floor	....	....	9	—
	1st floor	....	....	9	9
Exceeding 30 ft. ....	G. floor	....	....	9	—
	1st floor	....	....	13½	9

47. If any storey exceeds in height 18 times the thickness prescribed for walls of such storey the thickness of each external and party wall throughout such storey shall be increased to one-eighteenth part of the height of the storey and the thickness of each external and party wall below that storey shall be increased to that thickness but any such additional thickness may be confined to piers properly distributed of which the collective widths amount to one fourth part of the length of the wall. No increase in thickness of brick walls shall be less than four and one-half inches.

48. The height of any storey may be 20 times the thickness of walls prescribed for such storey if built with cement mortar.

Thickness of Walls—Warehouse Class.

49. The external and party walls of buildings of the warehouse class shall be made of not less thickness than that specified in the following Table B.

Table B.  
Buildings of the Warehouse Class.

Length of Wall.	No. of Storeys.	Thickness of Walls in inches.			
		G. floor.	1st floor.	2nd floor.	
Walls built in lime mortar—					
Not exceeding 75 ft.	G. floor	....	13½	—	—
	1st floor	....	18	13½	—
	2nd floor	....	18	18	13½
Exceeding 75 ft.	G. floor	....	18	—	—
	1st floor	....	18	18	—
	2nd floor	....	22½	18	18
Walls built in cement mortar—					
Not exceeding 75 ft.	G. floor	....	13½	—	—
	1st floor	....	18	13½	—
	2nd floor	....	18	13½	13½
Exceeding 75 ft.	G. floor	....	13½	—	—
	1st floor	....	18	13½	—
	2nd floor	....	18	18	13½

Thickness of Walls under certain Conditions.

50. Walls under 75 ft. in length may be constructed 9 in. thick provided they are strengthened with 4½ in. piers equally spaced, of which the collective widths amount to one fifth of the length of the wall. The height shall not exceed 12 ft. when built with lime mortar, or 13 ft. 6 in. when built with cement mortar.

51. The thickness of walls under 20 feet in length may be two thirds the thickness required for external or party walls as stated in tables A and B, but in no case less than 9 in.

52. If in any storey of the warehouse class the thickness of the wall as determined by the provisions of this part of this by-law is less than one-sixteenth part of the height of such storey, the thickness of the wall shall be increased to one-sixteenth part of the height of the storey, and the thickness of each external wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed, of which the collective widths amount to one-fifth part of the length of the wall. No increase in the thickness of brick walls shall be less than 4½ in. The height of any storey built in cement mortar may be 18 times the thickness prescribed for such storey.

Lengths—How Measured.

53. Walls are deemed to be divided into distinct lengths by return wall and the length of every wall is measured from the face of one return wall to the face of another. Provided that such return walls are external, party or cross walls, of the thickness required by this part of this by-law and bonded into the wall so deemed to be divided.

54. The thickness of a cross wall shall not be less than two-thirds of the thickness hereinbefore required for an external or party wall of the same dimensions and belonging to the same class of building but never less than 9 in., and no wall subdividing shall be deemed to be a cross wall unless it is carried up to plate level of the top-most storey, and unless in each storey the aggregate extent of the vertical face or elevation of all recesses, and that of all the openings therein taken together does not exceed one half of the whole extent of the vertical face or elevation of the wall. If a cross wall is carried on a girder across the ground storey and is supported by piers to the satisfaction of the surveyor, it shall be deemed to be a cross wall in accordance with this regulation; but in one storey buildings of the domestic class, 4½ in. cross walls will be permitted provided the unsupported length of any wall does not exceed 25 ft.

Cross Wall becomes External Wall.

55. Whenever a cross wall becomes any part of an external wall the external part of such cross wall shall be of the thickness required for an external wall of the same height and length and belonging to the same class of building but no portion of such cross wall shall be of less thickness than is required for the external portion thereof.

### Internal and Partition Walls.

56. (1) All internal bearing walls and partition walls shall be constructed in such a manner as may be approved by the surveyor, and shall be of cement blocks, brick, stone, or concrete. All such walls shall be not less than  $4\frac{1}{2}$  in. thick, provided that, where such walls form a division between flats, then such walls shall be not less than 9 in. thick.

(2) Unless with the consent of the surveyor, every such wall, unless carried on a bressumer, shall have footings and such footings shall be at least twice the thickness of the wall resting upon it.

### Isolated Piers.

57. No isolated brick or stone piers shall exceed in height eight times the least diameter of same, if built of lime mortar, and twelve times if built of cement mortar.

### Parapet to Walls on Boundary.

58. Where the external wall of any building is erected on the boundary of the land on which the same stands, or where the overhanging eaves or gutters of any building would be within 2 ft. of such boundary, then the external wall of such building shall be carried up to form a parapet of 15 in. at least in height above the roof, or above the highest part of any flat or gutter as the case may be.

### Parapet, Warehouse Class.

59. In buildings of the warehouse class, the thickness of such parapet shall be equal to the thickness of such wall in the topmost storey, and in any other building of a thickness of 9 in. at least.

### Party Walls.

60. Every party wall shall be carried up for a height of 15 in. above the roof, measured at right angles to the slope thereof, or 15 in. above the highest part of any flat or gutter, as the case may be, and of a thickness (in buildings of the warehouse class) equal to the thickness of such wall in the topmost storey and in any other building, of a thickness of  $8\frac{1}{2}$  in. at least. Provided, however, that in the case of domestic buildings, where not more than two buildings are erected under the one roof, it shall be sufficient if the party wall is carried up at least  $8\frac{1}{2}$  in. in thickness to the underside of the roof covering, and such roof covering of iron, slate, or other material must be bedded in good mortar to the satisfaction of the surveyor, and the top of such party wall shall not be hidden from view until it has been approved by the surveyor.

61. Every party wall shall be carried up of the thickness aforesaid, above any turret, dormer, lantern light, or other erection of combustible materials fixed upon the roof or flat of any building within 4 ft. of such party wall, and shall extend at least 15 in. higher and wider on each side than such erection, and every party wall shall be carried up above any part of any roof opposite thereto, and within 4 ft. therefrom.

### Buildings Wholly or Partly in Wood.

62. The external walls of any wooden building shall not exceed 15 ft. in height measured from the floor level to the top of the wall plates. Every such building shall be wholly in one occupation, or adapted to be so.

The following shall be the minimum sizes and spacing of timbers. All timbers shall be jarrah or other hardwood approved by the Council. Where larger timbers than those specified are used, the spacings may be extended beyond the figures given, provided the approval of the surveyor is first obtained.

Stumps not less than 4 in. x 4 in. spaced not more than 5 ft. centres. They shall be sunk 18 in. into the ground and tarred to 6 in. above ground surface. Ant stops of galvanised iron, projecting 1 in. all round shall be provided.

Sole plates 18 in. x 6 in. x  $1\frac{1}{2}$  in.

Where the nature of the ground precludes the use of jarrah stumps, 9 in. x 9 in. brick piers shall be provided.

Bearers 4 in. x 3 in. at not more than 5 ft. 6 in. centres and kept at least 6 in. clear of ground. Double joists shall be provided under walls where bearers do not occur.

Floor joists, 4 in. x 2 in. at not more than 18 in. centres.

Vermin plates, 4 in. x 2 in.

Studs, 4 in. x 2 in. at not more than 24 in. centres.

Angle and corner studs not less than 4 in. x 4 in.

Top and bottom plates 4 in. x 2 in.

Where the height of a building does not exceed 10 ft., measured from the floor level to the top of the wall plate, 3 in. x 2 in. studs and plates may be used with angle and corner studs not less than 3 in. x 3 in., except where the roof covering is of tiles or slates, in which case 4 in. x 2 in. studs and plates are to be provided in all external walls.

Rafters, 4 in. x 2 in. at 2 ft. centres for tile roofs and 3 ft. centres for iron or asbestos roofs.

Under-purlins, 4 in. x 3 in. for tile roofs in positions so that no rafter has an unsupported span of more than 7 ft.

Struts to under-purlins, 4 in. x 2 in. for lengths not exceeding 4 ft., and 4 in. x 3 in. for lengths exceeding 4 ft. to support under-purlins at not more than 6 ft. intervals.

Battens for tiles, 2 in. x 1 in.

Battens for iron or asbestos, 3 in. x  $1\frac{1}{2}$  in., not more than 3 ft. 6 in. apart.

Ceiling joists, 4 in. x 2 in. at not more than 2 ft. centres, or 3 in. x 2 in. at not more than 18 in. centres.

Ceiling hangers, 8 in. x  $1\frac{1}{2}$  in. in positions so that no ceiling joist has unsupported span of more than 7 ft.

Collar ties, 4 in. x  $1\frac{1}{2}$  in.

Ridge, 7 in. x 1 in.; hips, 8 in. x 1 in.; valleys, 8 in. x 1 in.; fascias and barge, 9 in. x 1 in.

Floorboards 1 in. thick before dressing; weatherboards,  $1\frac{1}{2}$  in. lap.

No framing timber in any building shall be notched or checked out so as to decrease the above sizes by more than one quarter.

Vermin plates shall be used in all wooden buildings except sheds.

W.C.s. shall be constructed not less than 5 ft. x 3 ft. internal dimensions, and in accordance with any provisions of the Health Act and any Regulations or by-laws made thereunder, which may from time to time be applicable.

### Roughcast and Stucco.

63. Roughcast and stucco work shall be applied only to brickwork, provided that in certain cases such as gables of dwellings or other ornamental sections of dwellings, roughcast may be applied to expanded metal fixed in an approved manner.

### Interior Walls of Dwellings.

64. The interior of all walls and ceilings of every wooden or wooden framed building, and the ceiling of every other class of building, which is intended to be used, or which may be used as a dwelling-house, shall be constructed of plaster sheets, or other fire-resisting materials.

65. The roof of every building shall be constructed of metal, tiles, slates, glass, artificial stone, cement or shingles, or other materials approved by the Council.

### Reinforced Concrete Buildings.

66. In all cases where reinforced concrete is employed, whether in buildings as a whole, or in portion of buildings, before the actual carrying out of the work, or any portion thereof, complete drawings of such work, or portion, shall be delivered to the surveyor, showing all details of the construction and the size, spacing and arrangement of all reinforcing members.

### Public Buildings.

67. In any case in which the plans of any public building (proposed) are required by law to be approved by the Public Health Department, or any other department, such approval shall be obtained before such plans are submitted for the Council's approval.

### Shops—Minimum Area of Land.

68. (1) Every shop shall have a frontage to a road of at least 18 ft.

(2) No shop shall be of less width in any part thereof than 18 ft.

#### Access to Rear of Shop.

69. Every shop shall be so erected and built, that without passing through the building, there is a reasonable access to the back premises and offices of such shop for the removal of nightsoil and other refuse to the road or lane 10ft. wide at least.

#### Separate Entrance for Shop and Dwelling in Different Occupations.

70. If a dwelling attached to a shop is in a different occupation from the shop, a separate entrance from the road shall be provided for the sole use of the occupants of the dwelling.

#### Alterations and Additions—Alterations.

71. Except with the consent of the Council, or the surveyor, no alteration shall be made to any building in such a manner that when so altered it will by reason of such alteration not be in conformity with the provisions of this by-law relating to new buildings.

#### Additions and Alterations.

72. Every addition to, or alteration of a building (except necessary repairs which do not affect the construction of a building) and any other work made or done for any purpose in or on a building, shall so far as regards such addition or alteration, or other work, be subject to the provisions of this by-law relating to new buildings.

#### Ventilation, Lighting and Drainage.

##### Heights of Rooms.

73. The main rooms in all buildings shall be in every part not less than 9ft. from floor to ceiling and the minimum height for wash-houses and external bathrooms shall be 8ft. from floor level to the top of the plats.

##### Attic Rooms.

74. Minimum Area of Rooms.—Provided that in the case of buildings of more than one storey, living rooms wholly or partly in the roof, may be not less than 9ft. in height from floor to ceiling over two-thirds of the floor area.

##### Minimum Area of Rooms.

75. No main room in any building shall have a less floor area than 100 square feet and no wall of such room shall be less than 9ft. in length. The minimum floor area of bathrooms, laundries, and sleepouts shall be 42 square feet, 56 square feet, and 80 square feet respectively.

##### Windows (Natural Lighting).

76. All rooms in a building intended to be used as a dwelling shall have one or more windows opening directly into the external air, the area of such windows shall not be less than one-tenth of the area of the floor of the room in which such window or windows are fitted.

##### Ventilation (Dwellings).

77. Every part, and every room of any dwelling-house, or building intended to be used for habitation shall be ventilated as required under any provisions of the Health Act or regulations or by-laws made thereunder, which may from time to time be applicable.

##### Ventilation (Other than Dwellings).

78. The ventilation of all buildings, parts of buildings, type of ventilators to be used, arrangement and situation of ventilation openings shall be subject to approval as required under any provisions of the Health Act or regulations or by-laws made thereunder, which may from time to time be applicable.

##### Ventilation (Sub-floor).

79. The space under the ground floor of every building shall be provided with a sufficiency of openings through all walls under the floor, to allow of a current of air to flow freely under all parts of the building. Type of ventilator used and spacing of same shall be subject to approval by the surveyor, and in accordance with any provisions of the Health Act, or any regulation or by-laws made thereunder, which may from time to time be applicable.

#### Lighting and Ventilation (Shops).

80. The provisions of this part of this by-law relating to height of rooms, lighting and ventilation of main rooms in dwellings shall as far as applicable apply to all shops, save that the windows need not be constructed to open if other approved provision for ventilation is made, and the minimum height of ceilings in shops shall be 11ft.

#### Enclosing of Verandahs.

81. No verandah of any dwelling, or shop, or other building shall be enclosed or built in, in such manner as to exclude natural light, or reduce the proper ventilation of any building, or any part thereof. The use of hessian or jute bags or similar materials for enclosing or screening verandahs is prohibited.

82. No verandah shall be totally enclosed for habitation or sleeping, but may be partially enclosed if of a minimum height of 7ft. 4in. as hereunder:—

(1) A brick, concrete, jarrah, or asbestos dado shall be constructed for a maximum height of 4ft. from the floor level of such verandah or sleepout in accordance with the existing by-laws.

(2) The space above the dado shall be constructed as follows:—

- (a) Of fly wire totally; or
- (b) of fixed clear or white obscure glass louvres, minimum height 4ft.; or
- (c) of mechanically adjustable (to open and partially close) clear or white obscure glass louvres, minimum height 3ft. 6in. sash; louvres described in (b) or (c) shall be approved by the Council or building surveyor; or
- (d) of sliding windows containing clear or white obscure glass, minimum height 3ft. 6in. sash (casement windows not permitted);
- (e) the total length of the louvres or windows described in (b), (c) and (d) shall not be less than 70 per cent. of the total length of the sleepout or verandah measured along the side and one end, but the end exposed to weather (paragraph f) shall not be included in this measurement;
- (f) subject to the approval of the Council or the building surveyor, the end of the verandah or sleepout most exposed to the wet weather may be totally enclosed up in brick, concrete, jarrah or asbestos, but one window, minimum size 3ft. x 2ft. shall be provided in such enclosed end if any existing window is in close proximity or may have its lighting reduced unduly by such total enclosing.

(3) Any sleepout or partially enclosed verandah shall provide that any existing windows shall not be obscured by any opaque substance which will reduce the existing lighting to existing rooms.

(4) New sleepouts of minimum height of 7ft. (not being partially enclosed verandahs) shall comply fully with this by-law and existing by-laws.

(5) The rules of this by-law shall not apply to a sleepout where its height from the floor to the ceiling is 9ft. or more, provided the floor area is 80 square feet or more, and providing its total air space is not less than 720 cubic feet, but shall comply with the existing by-laws for habitable rooms.

#### Floors.

83. Floors, other than verandah floors, shall be fixed level, and in all buildings the ground floor if not of wood, shall have a space of not less than 6in. between the ground and the underside of the floor bearers.

#### Permit May be Refused if Drainage Not Satisfactory.

84. The Council may refuse to approve the plan of any building, or any addition, or alteration to any building, until it is satisfied that the proposed building or addition, or alteration, and the site and curtilage thereof, will be properly drained in accordance with the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

### Drainage of Waste Water.

85. Every person who shall erect a building shall provide proper drainage for the disposal of waste water in accordance with any provisions of the Health Act or any regulations or by-laws made thereunder which may from time to time be applicable.

### Waste Pipes.

86. Waste pipes from baths, sinks, washtroughs and similar sanitary fittings shall be of wrought iron of approved sizes. All sanitary fittings shall be provided with traps under fittings, metal cleaning eyes shall be fitted at all changes of direction and angles of waste pipes in accordance with any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

### Roof Water Disposal.

87. All buildings shall be provided with gutters and downpipes of approved sizes sufficient to carry all water from every part of the roof in an efficient manner, such water shall be carried at least 2ft. clear of the foundation of the buildings. In the case of large buildings where the surveyor shall deem it necessary, all stormwater from the roof of such building shall be carried by pipes direct to the street drains, or gutters, in such a manner as directed by the surveyor.

### Water Supply.

88. Every dwelling house not connected to a public water supply shall be provided with a water storage tank of not less than one thousand gallons capacity, or as may be prescribed in any provisions of the Health Act, or regulations or by-laws made thereunder which may from time to time be applicable. Such tank shall be completely covered at its top, with a tight fitting lid.

### Provision of Manhole in Ceiling.

89. Every building shall be provided with one or more manholes in the ceiling to enable access to be gained to the underside of the roof thereof.

### Removal of Buildings.

90. If any building is removed from outside the district to within the district, or from a site within the district to another site within the district, whether on the same or another block of land, such building shall be deemed for the purpose of this by-law to be a new building erected for the first time on the site whither it is removed.

### Verandahs Over Footpaths, Projections, Signs, Hoardings and Fences.

#### Verandahs.

91. (a) No person shall erect, or cause or permit to be erected, any portico or verandah over the footway of any road in the district without first obtaining the consent of the Council in writing, and such portico or verandah shall be of the shape, figure, and dimensions and materials as set forth on the plan and specifications for the time being adopted by the Council, but the lowest part of the frieze or rails of such portico or verandah shall in no case be of less height than 9ft. above the level of the outer edge of the footpath.

#### Openings in Roof of Verandah.

92. No opening shall be made in the roof of such verandah for the purpose of affording light, unless such opening be properly framed and glazed with approved glass protected underneath with fine mesh wire netting, or armoured glass, to the satisfaction of the surveyor.

#### Porch, Landing, etc.

93. Every porch, gangway, outside landing, and outside step shall be of fire-resisting material, and shall not project beyond the boundary of any road or public place.

#### Shop Windows.

94. Shop windows intended to be used for the display of goods or business advertisements, shall consist of plate or approved glass jointed and fixed in approved metal or approved timber frames, the level of the sill of such frames to be not higher than 30in., nor within 12in. of the level of the footpath immediately adjoining the same.

### Woodwork Abutting on Roads.

95. Woodwork shall not be fixed flush with the face of any wall abutting on a road unless it is encased with metal of not less than 22 gauge.

### Signboard, Hanging Lamp, etc.

96. No signboard, hanging lamp, or other fixture shall be erected on or attached to any building or verandah projecting over any roadway unless the permission in writing of the Council be first obtained. Each such signboard hanging lamp, or other fixture, shall be of material, construction and design approved by the surveyor and shall be in no part less than 8 ft. 6 in. above the level of the footpath, except with the approval of the Council.

### Unightly or Dangerous Fence.

97. When any fence abutting on any road or public place within the district is in a dangerous or unsightly state, the Council may, by notice in writing to be served on the owner, require the owner within 14 days from the receipt of such notice to take down or repair such fence as the case may require, and such owner shall comply with such notice.

### Fences and Walls.

98. Every fence to be hereafter erected abutting on any road or public place shall have affixed thereto, a plinth at least 9 in. high unless the surveyor shall consent in writing to such plinth being of less height, and every wall of brick, stone, or concrete, or other similar substance shall be constructed with a base to be approved by the surveyor.

### Chimneys, Flues, Fireplaces and Heating Apparatus.

#### Foundations, Footings etc.

99. (1) Chimneys shall be built on solid foundations and with footings similar to the footings of the wall against which they are built, unless they are carried on steel girders with direct bearings on party, external or cross walls, to the satisfaction of the surveyor, or on corbels of brick, stone, or other incombustible material, and the work so corbelled out does not project from the wall more than the thickness of the wall measured immediately below the corbel.

(2) Chimneys may be corbelled out not more than 14 in. from walls 9 in. in thickness on corbels of stone or other incombustible material not less than 10 in. in depth and of the full width of the jambs.

#### Chimneys etc., with Soot-doors.

100. (1) Chimneys and flues having proper soot-doors of not less than 40 sq. in. may be constructed at such angle as is approved by the surveyor but in no other case shall any flue be inclined at less angle than 45 degrees to the horizon, and every angle shall be properly rounded.

(2) Position of Soot-doors:—All soot-doors shall be distant at least 15 in. from any woodwork.

#### Arches.

101. An arch of brick or stone of sufficient strength shall be built over the opening of every chimney, to support the breast thereof. Every camber arch shall have the abutments tied in by an iron bar, or bars, of sufficient strength turned up or down at the ends and built into the jamb for at least 4½ in. on each side.

#### Flues.

102. A flue shall not be adapted to or used for any new oven, furnace, steam boiler or other fire used for any purpose of trade or business, or to or for the range or cooking apparatus of any hotel, tavern, or eating house, unless the flue is surrounded with brickwork at least 9 in. thick, or reinforced concrete 6 in. from the floor of the storey on which such oven, furnace, steam boiler, or other fire is situate, to 12 in. above the roof.

#### Flues in Connection with Engines.

103. A flue shall not be used in connection with a steam boiler, or hot air engine, unless the flue is at least 20 ft. in height measured from the level of the floor on which such engine is placed.

#### Linings etc. of Flues.

104. The inside of every flue, and also the outside where passing through any floor or roof, or space enclosed by the roof, or behind or against any woodwork, shall be rendered or pargetted, or lined with fire-resisting piping or stoneware.

#### Jambs.

105. The jambs of every fire-place opening shall extend at least 9 in. on each side of the opening thereof.

#### Incombustible Material in Certain Cases.

106. The breast of every chimney shall be of incombustible material, at least 4 in. in thickness and the brickwork surrounding every smoke flue shall be at least  $4\frac{1}{2}$  in. in thickness, provided that where a ventilating flue is carried up with a smoke flue, they may be separated by a properly constructed iron wyth or cast iron not less than 1 in. in thickness.

#### Backs of Fireplaces.

107. The back of every fireplace opening in party or internal walls from the hearth up to a height of 12 in. above the lintel or arch shall be brickwork at least 9 in. thick, or shall be reinforced concrete 6 in. thick. No flue shall be within 2 in. of the centre line of any party wall.

#### Thickness of Flues.

108. The thickness of the upper side of every flue when its course makes with the horizon an angle of less than 45 degrees, shall be at least 9 in.

#### Height.

109. Every chimney flue or chimney shaft shall be carried up in brick or stone work at least 4 in. thick throughout, to a height of not less than 3 in. above the roof, flat, or gutter adjoining thereto, measured at the highest point in the line of junction with such roof, flat, or gutter.

#### Top Courses.

110. The highest six courses of every chimney stack or shaft shall be built in cement mortar.

#### Chimney Shafts.

111. The brickwork or stonework of any chimney shaft except that of the furnace of any steam engine, brewery, distillery, or manufactory, shall not be built higher above the roof flat or gutter adjoining thereto, than a height equal to six times the least width of such chimney shaft, at the level of such highest point in the line of junction, unless such chimney shaft is built with, and bonded to another chimney shaft, not in the same line with the first, or otherwise rendered secure to the approval of the surveyor.

#### Slabs.

112. There shall be laid level with the floor, of every storey, before the opening of every chimney, a slab or stone, slate, or other incombustible materials, at the least, 6 in. longer on each side than the width of such opening, and at least 14 in. wide in front of the breast thereof.

#### How to be Laid.

113. On every floor except the lowest floor, such slab shall be laid wholly on stone or iron bearers, or upon brick trimmers, or other incombustible materials, but on the lowest floor it may be bedded on concrete, covering the site, or on solid materials placed on such concrete.

#### Hearths, etc.

114. The hearth or slab of every chimney shall be bedded wholly on brick, stone, or other incombustible materials, and shall, together with such materials be solid for a thickness of 6 in. at least, beneath the upper surface of such hearth or slab.

#### Flues in Party Walls.

115. A flue shall not be built in or against any party structure or existing wall, unless it is surrounded with good sound brickwork, or other approved material, at least  $4\frac{1}{2}$  in. in thickness, properly bonded to the satisfaction of the surveyor.

#### Cutting away Chimney Breast.

116. A chimney breast or shaft built with or in any party wall, shall not be cut away, unless the surveyor certifies that it can be done without injuriously affecting the stability of any building.

#### Cutting into Chimney Shaft.

117. A chimney shaft, jamb, breast or flue shall not be cut into except for the purpose of repair or doing one or more of the following things:—

- (1) Letting in or removing or altering flues, pipes or funnels for the conveyance of smoke, hot air, or steam.
- (2) Forming openings for soot-doors each opening to be fitted with a close iron door and frames.
- (3) Making openings for the insertion of ventilation valves. Provided that an opening shall not be made nearer than 12 in. to any timber or combustible substance.

#### Position of Timberwork.

118. Timber or woodwork shall not be placed:—

- (1) Under any chimney opening within 6 in. from the upper surface of the hearth of such chimney opening.
- (2) Within 2 in. from the face of the brickwork or stonework about any chimney or flue, unless the face of such brickwork or stonework is rendered.

#### Position of Wooden Plugs.

119. Wooden plugs shall not be driven nearer than 3 in. to the inside of any chimney or flue opening, nor any iron holdfast or other iron fastening nearer than 2 in. thereto.

#### Ironwork.

120. No iron or steel joists, or other iron work shall be placed in any flue except insofar as the same may be required for insuring stability.

#### Floors above Furnace or Ovens.

121. The floor or roof over any room or enclosed space in which a furnace is fixed, and any floor within 18 in. from the crown of an oven, shall be constructed of fire resisting material.

#### Exempted Buildings.

122. This by-law shall not apply to any temporary or removable offices and sheds used by builders during the construction of any building, at or about the site of such building for a period not exceeding 12 months.

#### Penalty for Breach.

123. Any person who shall be guilty of any breach of any of the provisions of this by-law, or shall fail to duly comply with any notice thereunder, shall be liable for every such offence to a penalty of not less than one pound, and not exceeding twenty pounds.

#### Enforcement of By-laws and Penalties.

124. No building may be erected except in compliance with this by-law. No person shall erect, build, or construct, remove, or make any alterations or additions to, or cause to be erected, built, or constructed, removed, or made any alterations or additions to any building contrary to the provisions of this by-law.

#### Notice to Make Building Conform to By-laws.

125. If any building shall be wholly or partly built, or erected, or added to, or altered, contrary to, or not in conformity with the provisions of this by-law, the Council or any officer thereof, may give to the owner, occupier or builder, or leave upon the site of such building, notice in writing, to bring such building into conformity with the said provisions, or requiring the pulling down or removal of such building within such time as is

limited in such notice, and such owner, occupier, or builder shall comply with such notice within the time therein limited.

#### No Alteration Infringing By-law.

126. No alteration shall be made in any building in such a manner that when so altered it will by reason of such alteration not be in conformity with the provisions of this by-law relating to new buildings.

#### No User Infringing By-law.

127. No person shall occupy or permit to be occupied, any building for any purpose for which such building could not have been built under the provisions of this by-law: Provided that this clause shall not prevent the continued use of any building in existence at the time of coming into operation of this by-law, for any purpose for which it was then being used.

#### License for Deposit of Materials on Roads etc.

128. The Council may grant licenses in accordance with the provisions of section 301 for the deposit of materials on any road or way or the making of any excavation on any land abutting on or adjoining or contiguous to any road or way. Such deposit or excavation shall be to the approval of the surveyor.

The License shall be in the form A in the Third Schedule hereto.

Before granting a license to deposit the materials or make an excavation the Council may require from the applicant a sum determined by the surveyor to be held as a deposit to cover the cost of carrying out repairs to the road, footpath, kerb, etc., made necessary by the deposit or excavation concerned.

A resolution adopting the foregoing by-law was passed by the Council on, 23rd April, 1951.

#### MUNICIPAL CORPORATIONS ACT, 1906-1947.

##### Municipality of Albany.

##### By-law No. 22.

##### By-law Relating to Buildings.

P.W. 469/37.

A BY-LAW of the Municipality of Albany made under section 180 of the Municipal Corporations Act, 1906-1947, and numbered 22 for regulating building.

In pursuance of the powers conferred by the said Act, the mayor and councillors of the Municipality of Albany order as follows:—

#### Repeal of Previous By-laws.

1. All by-laws relating to buildings previously made by the Council of the Municipality of Albany under the provisions of the Municipal Corporations Act are hereby repealed.

#### Definitions.

2. In this by-law, subject to the context:—

“Act” means the Municipal Corporations Act, 1906-1947, and amendments thereto.

“Alteration” means any work made or done for any purpose, in, to, or on a building (except that of any necessary repairs not affecting the construction of any external, cross, or party wall), or any change in the purpose for which the building or erection, or any part thereof, shall be used.

“Apartment” means a room or rooms, or part of a building intended or adapted for separate occupation as a dwelling and includes a flat.

“Apartment building” means a building containing two or more apartments.

“Approved” means approved by the Council in writing, or (in case where the surveyor is authorised by the Council to do so) approved by the surveyor in writing.

“Area” applied to a building means the sum of the superficies of the horizontal sections of each storey made at the point of the greatest surface of each floor, inclusive of the external walls, and such portions of the party walls as belong to the building.

“Build” means and includes erect, build, or construct, or cause or suffer to be erected, built or constructed.

"Building" means and includes erection, structure, detached room, outbuilding, hoarding, and every structure of whatever kind capable of affording protection or shelter, either roofed or intended to be adapted to be roofed, and whether enclosed by roofs or not, and every part of such structure, and any addition or alteration thereto.

"Builder" means the master builder or other person employed to execute any work, or, if there is no master builder or other person so employed, then the owner of the building, or other person for whom or by whose orders such work is to be done.

"Council" means the Municipal Council of Albany.

"Dwelling house" means a building used or adapted to be used wholly or principally for human habitation.

"District" means the Albany Municipal District.

"External wall" means an outer wall of a building, not being a party wall, even though it adjoins the wall of another building.

"Fire-resisting" used with reference to any materials, includes—

- (a) brickwork constructed of good bricks well burnt, hard and sound, properly bonded and solidly put together with good lime or cement mortar;
- (b) any stone suitable for building purposes by reason of its solidity or durability;
- (c) sheet metals or other similar materials which are in the opinion of the Council fire-resisting;
- (d) iron and steel (when used for columns, girders, or wall framing) incased in cement, concrete, or other incombustible or non-conducting external coating;
- (e) slates, tiles, bricks and terra cotta, when used for covering or corbels;
- (f) concrete, when composed of broken bricks, stone chippings, or ballast and lime, cement, or calcined gypsum.

"Frontage" means the distance measured at right angles to one of the sides of the land from the terminal point thereof to the opposite side or a continuation of such opposite side.

"Garage" means any building used for the housing of a motor vehicle (not being a garage carried on as a business undertaking).

"Height" in relation to any building, means measurement taken from the level of the footway (if any immediately in front of the centre of the building) or when there is no such footway, from the level of the ground before excavation, to the level of the ceiling or tie of the topmost storey.

"Height" in relation to storeys means—

- (a) in the case of the topmost storey, the measurement between the floor and the ceiling thereof, or between the floor and the undersurface of the tie of the roof, or if there is no tie, then up to the level of half the vertical height of the rafters of other support of the roof;
- (b) in the case of every storey other than the topmost storey the measurement between its floor and the floor above.

"Hoardings" includes any erection or structure, erected, built, constructed or used, or that may be used for the purpose of writing, painting, pastings, or posting thereon notices, advertisements, placards, or other printed, painted or written matter, or any erection or structure being of a greater height than 6 ft. from the level of the adjoining street.

"Main rooms" means and includes all rooms used or intended to be used as bedrooms, dining rooms, lounges, ordinary living rooms, or kitchens.

"New buildings" includes—

- (a) any building erected or commenced to be erected after the date of this by-law coming into operation;
- (b) any building of which half its cubical contents has been taken down or destroyed by fire, tempest, or otherwise, and is re-erected or commenced to be re-erected wholly or partially on the same site after the date of this by-law coming into operation;

(c) any buildings removed or transported wholly or in sections into the district, or to another part of the district, after the date of this by-law coming into operation.

"Outbuildings" means any building or the curtilage of any dwelling, shop, or combined shop and dwelling used as a workshop or store-room, not being a building for the storage of inflammable materials nor for the housing of animals or birds.

"Party wall" means a wall built to be used as a separation of two or more buildings, or a wall forming part of a building built upon the dividing line between adjoining premises for the common use.

"Person" includes corporation.

"Prescribed" means prescribed by this by-law.

"Public place" has the same meaning as in the Act.

"Reinforced concrete" means a form of construction in which cement concrete is reinforced with iron or steel, these materials being so combined that the iron or steel will take up and resist substantially the whole of the tensional stresses and assist in the resistance to shear, while the concrete will take up and resist the compressional stresses and assist in the resistance to shear.

"Right-of-way" means any lane or right-of-way, not a road, over which any person other than the owner thereof has a right of carriage way.

"Road" has the same meaning as in the Act.

"Surveyor" means the building surveyor or acting building surveyor appointed by the Albany Municipal Council having for the time being the administration of the by-law.

"Shop" means a building in which goods are regularly offered or exposed for sale, or in which meals or refreshments are regularly offered or provided for payment, and also includes saloons of barbers and hairdressers, offices of agents, auctioneers and all other business and trades. A bona fide boarding house shall not be included in this definition by reason only of the fact that meals or refreshments are occasionally supplied for payment to persons other than boarders.

"Square" applied to the measurement of any area means the space of one hundred square feet.

"Surface" or "ground level" means the level of the ground as determined by the surveyor.

"Wooden buildings" means buildings constructed of wood, or buildings having wooden frames.

#### Classes of Buildings.

3. For the purpose of this by-law, buildings shall be divided into three classes:—

Class A.—"Domestic Class" which includes all buildings subject to small vibrations and light loading of floors, such as dwelling houses, residential shops, offices, hotels, private schools, club houses and studios.

Class B.—"Warehouse class" which includes all buildings subject to vibrations and heavy loading of floors such as warehouses, factories, mills and places for storage and manufacture of goods.

Class C.—"Public buildings" designed to accommodate an assemblage of people, such as theatres, picture halls, churches, chapels, assembly halls, museums, libraries, public schools, hospitals, lecture rooms and other like buildings.

In case of doubt the surveyor shall finally determine to which class any particular building belongs.

#### Notice of Intention to Build or Demolish.

##### Lodging of Plans.

4. Notice to be given—No builder shall commence any building, or any addition or alteration to any building without first delivering at the office of the Council, at least three days prior to the date upon which it is proposed to commence such works, a written application in the form of the first schedule hereto before so commencing and delivering to the surveyor:—

(a) Plans and Specifications.—Properly prepared plans and specifications of such building, addition, or alteration, together with a tracing or copy of the plans of such building, addition, or alteration, and also details and dimensions, sizes and qualities

of all materials, and enumerating any old materials proposed to be used in the construction of the same. Plans shall be drawn in ink and specifications typed or legibly written.

(b) Block Plan.—A block plan showing relation of the building to adjoining buildings and boundaries.

(c) Purpose.—A statement in writing of the purpose for which the building is intended to be used.

(d) Drainage.—Particulars of the proposed method of drainage.

(e) Further Particulars.—Such further particulars in writing regarding the same as shall be necessary to enable the Council or its surveyor to determine if all the provisions of the by-law applicable thereto are being complied with.

#### Tracing Retained.

5. The tracing or copy of the plans and details of materials shall be retained by the surveyor and the original plans and specifications when approved shall be returned to the owner or his agent. Such approval shall be evidenced in writing endorsed on the plans and specifications and signed by the surveyor.

#### Plans to be Kept at Building.

6. Such plans and specifications shall be kept at the building therein referred to, and shall be available for inspection by the surveyor or accredited officer of the Council at all reasonable times, on demand, during the construction or erection, or alteration, or addition, as the case may be, and for 14 days after the completion thereof.

#### Permits and Fees.

7. No person shall commence a building of any kind, or addition, or alteration to any building, or demolish any building without first having obtained from the surveyor a written permit for the commencement of same, or without having first paid to the Council fees in accordance with the scale set out in the second schedule hereto, having regard to the class of building.

#### Area of New Building.

8. The decision of the surveyor as to the area of the new building, or value of an addition shall be final and conclusive.

#### Permits Shall Lapse After Six Months.

9. A permit obtained pursuant to this by-law shall lapse and be of no effect unless the building for which such permit was granted shall be commenced within six months and completed within 12 months from the date of such permit.

#### Surveyor May Enter and Inspect.

10. The surveyor at all reasonable times during the progress, and after completion of any building, or addition, or alteration to any building effected by this by-law, may enter and inspect such building, addition or alteration.

#### Surveyor May Stop Work if Contrary to By-law.

11. The surveyor may at any time stop the progress of any building and withdraw, or suspend, any permission given by the Council under this by-law in the event of his not being satisfied that all the provisions of this by-law are being complied with, and any person who continues to build, or erect, or work on the site after notice from the surveyor to desist, shall be guilty of an offence against this by-law.

#### Demolition or Removal of Buildings.

12. When a building is to be demolished or removed, the owner or contractor shall give three days' notice to the surveyor of such intended demolition or removal. Provision shall be made so as to avoid all nuisance from dust or falling refuse by playing water on same by means of a hose or other approved method.

#### Sanitary Conveniences for Workmen.

13. Before commencing any building operations upon any building site, the contractor, or person responsible for carrying out building operations, shall provide sanitary conveniences sufficient for

the use of all men working upon the site. Such sanitary conveniences shall be in accordance with the requirements of the Health Act.

#### Low-lying Land.

14. Where land upon which a building is to be erected is below the level of the crown of the road adjoining the land frontage no building shall be commenced until a level has been given by the surveyor. When it is considered by the surveyor that having regard to the water level during winter months filling is required, such filling shall be carried out by the owner or contractor before the commencement of building operations. In the event of there being no made road from which to take a level for any building, the surveyor shall determine the level at which any building shall be commenced, and if he considers it to be necessary shall require the owner or contractor to fill in to a given level.

#### Provision of Bathroom, Bath, Washtroughs, Copper, etc.

15. Provision shall be made in all new or re-erected dwellings for a bathroom fitted with bath and wash-basin, also laundry facilities consisting of washtroughs and copper, or other approved appliances, properly fitted and housed in accordance with the provisions of Health By-law 4A and amendments thereto.

#### Occupation of Dwellings.

16. No person shall occupy any new or re-erected dwelling before completion, nor shall any person or persons occupy any dwelling until a certificate has been issued by the surveyor in writing stating that the dwelling has been completed in accordance with the plans approved by the Council, building by-laws, and the Health Act.

#### Stables.

17. Stables of greater area than 200 square feet must be sited at a distance from the boundary of land not in the same occupation or possession of not less than the vertical height of the wall concerned, including the vertical portion of a gable and roof.

#### Distance of Stables from Boundaries.

18. No stable may be erected nearer than 30 ft. to any dwelling, 50 ft. from any shop, bakery or factory, or other place where food is manufactured, stored, or exposed for sale, or, 10 ft. from the boundary of land not in the same possession.

#### Material for Garages.

19. All garages shall be constructed of fire-resisting materials. Where a garage forms an integral part of a dwelling or other main building, it shall also be lined with fire-resisting material, except where Council may give temporary permit to omit such lining. Garages or other outbuildings must be sited at a distance from the boundary of land not in the same occupation, or possession, of not less than 4 ft.

#### Materials.

20. All materials used in any building must be of good quality and shall be subject to the approval of the surveyor, and the surveyor shall have the power to condemn any material which in his opinion is not suitable for use in such building, alteration, or addition.

#### Secondhand Material.

21. No old or secondhand material may be used in any building unless approved in writing by the surveyor.

#### Bricks.

22. Bricks used in any building must be good, hard, and well burnt. When old bricks are used in any wall they shall be thoroughly cleaned before being used.

#### Sand.

23. Sand used for mortar or concrete in any building shall be clean and sharp and free from loam, dirt, salt, and organic matter such as roots, grass, etc.

**Lime Mortar.**

24. Lime mortar shall be composed of freshly burnt lime and sand in the proportion of at least one part by measure of lime and not more than three parts of measure of sand. All lime intended to be used for mortar shall be thoroughly burnt, of good quality, and be properly slaked before being mixed with sand.

**Cement Mortar.**

25. Cement mortar shall be composed of good Portland cement, or other cement of equal quality, mixed with clean sharp sand, in the proportion of at least one part by measure of cement, and not more than four parts by measure of sand.

**Timber.**

26. All timber and wooden beams used in any building shall be of good sound material, free from rot, large loose knots, shakes, gumveins or other imperfections whereby the strength may be impaired and shall be of such sizes, dimensions, and spaces as set forth in clause 52 of this by-law.

**Lintels.**

27. Builders casting lintels in position shall submit to the surveyor a plan showing position and details of reinforcement and specifications of materials to be used, such design to be approved at the same time as the plan of the building. Lintels up to 6 ft. span shall be three courses in depth, lintels from 6 ft. to 8 ft. span shall be four courses in depth. All such lintels shall be reinforced with at least  $\frac{1}{2}$  in. steel rods, not less than three rods per lintel, and a proper bearing to the satisfaction of the surveyor, shall be given at each end of lintel.

**Excavation and Inspection of Trenches.**

28. All excavations for footings shall be not less than 12 in. below the natural surface of the ground, except in cases of special construction of foundations approved by the surveyor. No footing shall be placed in position until at least 24 hours notice has been given to the surveyor that the trenches are ready for inspection.

**Walls to have Footings.**

29. Unless with the consent of the surveyor, every external wall, and every party wall not carried on a bressumer and every pier and storey post shall have footings.

**Dimensions of Footings.**

30. The width of the bottom of the footing of every such wall shall be at least one-half greater than the thickness of the wall at the ground floor level, but in no case less than 16 in. wide unless approved by the surveyor, and height of such footing shall be at least equal to the thickness of the wall at its ground floor level, but in no case less than 9 in.

**External Walls.**

31. All external walls shall consist of brick, stone, concrete, reinforced concrete, or other hard fire-resisting material approved by the Council, provided that any building used or intended to be used solely as a dwelling house may have walls constructed of wood and/or asbestos-cement sheets, subject to the conditions set out in this by-law for buildings wholly or partly of wood.

**Construction of External Walls.**

32. Every wall constructed of brick, stone or other similar materials shall be properly bonded and solidly put together with mortar, and no part of such wall shall overhang any part underneath it to a greater extent than 9 in. and as approved by the surveyor, and provided that the projection is well and solidly corbelled out, and that the inside of the wall carrying such corbelling is carried up vertically in continuation of the lower face thereof.

All return walls shall be properly bonded together.

**Damp Course.**

33. Every wall or fireplace of brick, stone, or similar material shall have a damp-proof course or courses of asphalt, distilled tar and hot sand or other approved material at least 6 in. above the surface of the ground below the lowest floor, and in cases where it is not desirable to place the same

throughout the building at the one uniform level, then the said damp course must be laid in horizontal layers connected at the end by a vertical course of the same material and shall not be less than  $\frac{1}{2}$  in. in thickness.

**Hollow Walls.**

34. External walls may be constructed as hollow walls if constructed in accordance with the following rules:—

- (a) The inner and outer parts of the wall shall be separated by a cavity, which shall throughout be of a width not exceeding 2 in. or less than 1 in.
- (b) The inner and outer parts of the wall shall be securely tied together with suitable bonding ties of adequate strength, formed of galvanised iron, glazed stoneware, or other approved material. Such ties shall be placed at distances apart not exceeding 3 ft. horizontally and at least every fifth course vertically.
- (c) The thickness of each part of the wall shall throughout be not less than  $4\frac{1}{2}$  in.
- (d) No hollow wall of more than 11 in. in thickness shall be greater in superficial extent than three squares in any one storey unless strengthened by a partition wall, fireplace, or projecting pier to the satisfaction of the surveyor.

**Concrete or Sand and Cement Blocks or other Forms of Concrete Construction.**

35. The use of this type of building material shall be subject to the approval of the Council. Full detail plans and specifications of the materials to be used shall in each case be supplied before being used. Concrete blocks or wall sections shall contain not less than one part cement to five parts mixed mineral aggregate and shall be kept damp for a period of not less than four days, and shall not be used green. Cement blocks or wall sections shall be bedded and jointed in cement mortar only.

**Brick Area.**

36. No person shall build any dwelling, shop, warehouse or other structure within any area which has been declared a brick area by the Albany Council unless the material for building all walls shall be exclusively of either brick, stone, or reinforced concrete.

**Thickness of Wall, Domestic Class.**

37. No external wall in brick, stone, concrete, or cement block shall have less than the thickness prescribed in the following Table A:—

TABLE A.  
Buildings of Domestic Class.

Length of Wall.	No. of Storeys.	Thickness of Wall in inches.	
		Ground Floor.	First Floor.
Walls built with Lime Mortar—			
Not exceeding 30 feet	1	9	—
	2	9	9
Exceeding 30 feet	1	13½	—
	2	13½	13½
Walls built with Cement Mortar—			
Not exceeding 30 feet	1	9	—
	2	9	9
Exceeding 30 feet	1	9	—
	2	13½	9

38. If any storey exceeds in height 18 times the thickness as prescribed for walls of such storey, the thickness of each external and party wall throughout such storey shall be increased to one-eighteenth part of the height of the storey, and the thickness of each external and party wall below such storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed of which the collective widths amount to one-fourth part of the length of the wall. No increase in thickness of brick walls shall be less than four and one half inch.

39. The height of any storey may be 20 times the thickness of walls prescribed for such storey if built with cement mortar.

#### Thickness of Walls, Warehouse Class.

40. The external and party walls of buildings of the warehouse class shall be made of not less thickness than that specified in the following table B:—

Table B.

#### Buildings of the Warehouse Class.

Length of Wall	No. of storesys.	Thickness of Wall in inches.		
		Ground floor.	First floor.	Second floor.
Wall built of Lime Mortar—				
Not exceeding 75 ft.	1	13½	—	—
	2	18	13½	—
	3	18	18	13½
Exceeding 75 ft.	1	18	—	—
	2	18	18	—
	3	22½	18	18
Wall built in Cement Mortar—				
Not exceeding 75 ft.	1	13½	—	—
	2	18	13½	—
	3	18	13½	13½
Exceeding 75 ft.	1	13½	—	—
	2	18	13½	—
	3	18	18	13½

Buildings exceeding three storeys in height shall be subject to the approval of the Council.

#### Thickness of Walls under Certain Conditions.

41. Walls under 75 ft. in length may be constructed 9 in. thick, provided they are strengthened with 4½ in. piers equally spaced, of which the collective widths amount to one-fifth of the length of the wall. The height shall not exceed 12 ft. when built of lime mortar, or 13 ft. 6 in. when built of cement mortar.

42. The thickness of walls under 20 ft. in length may be two-thirds the thickness required for external or party walls as stated in Tables A and B, but in no case less than 9 in.

43. If in any storey of the warehouse class the thickness of the wall as determined by the provisions of this part of this by-law is less than one-sixteenth part of the height of such storey, the thickness of each external and party wall below that storey shall be increased to that thickness, but any additional thickness may be confined to piers properly distributed of which the collective widths amount to one-fifth part of the length of the wall. No increase in the thickness of brick walls shall be less than 4½ in. The height of any storey built in cement mortar may be 18 times the thickness prescribed for such storey.

#### Lengths, How Measured.

44. Walls are deemed to be divided into distinct lengths by return walls, and the length of every wall is measured from the face of one return wall to the face of another. Provided that such return walls are external, party, or cross-walls of the thickness required by this part of this by-law and bonded into the wall so deemed to be divided.

#### Cross-Walls.

45. The thickness of a cross-wall shall not be less than two-thirds of the thickness hereinbefore required for an external or party wall of the same dimensions and belonging to the same class of building, but never less than 9 in., and no wall subdividing shall be deemed to be a cross-wall unless it is carried up to the aggregate extent of the vertical faces or elevations of all recesses and that of all the openings therein taken together does not exceed one-half of the whole extent of the vertical face or elevation of the wall. If a cross-wall is carried on a girder across the ground storey and is supported by piers to the satisfaction of the surveyor, it shall be deemed to be a cross-wall in accordance with this regulation, but in one-storey buildings of the domestic class, 4½ in. cross walls will be permitted provided the unsupported length of any wall does not exceed 25 ft.

#### Cross-wall becomes External Wall.

46. Whenever a cross-wall becomes in any part an external wall, the external part of such cross-wall shall be of the thickness required for an external wall of the same height and length and belonging to the same class of building, but no portion of such cross-wall shall be of less thickness than is required for the external portion thereof.

#### Internal and Partition Walls.

47. (1) All internal bearing walls and partition walls shall be constructed in such a manner as may be approved by the surveyor, and shall be of cement blocks, brick, stone or concrete. All such walls shall be not less than 4½ in. thick provided that, where such walls form a division between flats, then such walls shall not be less than 9 in. thick.

(2) Unless with the consent of the surveyor, every such wall, unless carried on a bressummer shall have footings, and such footings shall be at least twice the thickness of the wall resting upon it.

#### Isolated Piers.

48. No isolated brick or stone piers shall exceed in height eight times the least diameter of same, if built of lime mortar, and 12 times if built of cement mortar.

#### Parapet to Walls on Boundary.

49. Where the external wall of any building is erected on the boundary of the land on which the same stands, or where the overhanging eaves or gutters of any building would be within 2 ft. of such boundary, then the external wall of such building shall be carried up to form a parapet 15 in. at least in height above the roof, or above the highest part of any flat or gutter, as the case may be.

#### Parapet, Warehouse Class.

49A. In buildings of the warehouse class, the thickness of such parapet shall be equal to the thickness of such wall in the topmost storey, and in any other building of a thickness of 9 in. at least.

#### Party Walls.

50. Every party wall shall be carried up for a height of 15 in. above the roof, measured at right angles to the slope thereof or 15 in. above the highest part of any flat or gutter, as the case may be, and of a thickness of such wall in the topmost storey, and in any other building of a thickness of 8½ in. at least; provided, however, that in the case of domestic buildings, where not more than two buildings are erected under one roof, it shall be sufficient if the party wall is carried up at least 8½ in. in thickness to the underside of the roof covering, and such roof covering of iron, slate, or other material must be bedded in good mortar to the satisfaction of the surveyor, and the top of such party wall shall not be hidden from view until it has been approved by the surveyor.

51. Every party wall shall be carried up of the thickness aforesaid above any turret, dormer, lantern, light, or other erection of combustible materials fixed upon the roof or flat of any building within 4 ft. of such party wall, and shall extend at least 15 in. higher and wider on each side than such erection, and every party wall shall be carried up above any part of any roof opposite thereto and within 4 ft. therefrom.

#### Buildings Wholly or Partly of Wood.

52. The following minimum conditions shall apply as to scantlings and spacings of timber—

Stumps shall be not less than 4 in. jarrah, spaced not more than 4 ft. centre to centre under bearers under walls and not more than 5 ft. centre to centre under bearers under floors. All stumps shall be sunk not less than 18 in. in the ground and shall be coated with coal tar to at least 6 in. above ground level.

Ant-stops of galvanised iron projecting at least 2 in. over head of stump on all sides to be provided on all stumps.

Sole-plates, not less than 12 in. x 6 in. x 1½ in. to be placed under all stumps of whatever size.

Floor-bearers 4 in. x 3 in. jarrah, spaced 5 ft. centre to centre. Floor-bearers required directly under every wall or partition.

Floor-joists, 4 in. x 2 in. jarrah, spaced 18 in. centre to centre.

Top and bottom plates, not less than 3 in. x 2 in. jarrah.

Flooring, not less than ¾ in. in thickness.

Studs, not less than 3 in. x 2 in. jarrah spaced not more than 18 in. centre to centre, or not less than 4 in. x 2 in. at not less than 2 ft. centre to centre.

Ceiling joists, not less than 3 in. x 2 in. jarrah, spaced not more than 18 in. centre to centre, or not less than 4 in. x 2 in. at not less than 2 ft. centre to centre.

Ceiling hangers, 7 in. x 1½ in. spaced not more than 6 ft. apart, up to 12 ft. span, 8 x 1½ in. up to 16 ft., over 16 ft. approved truss.

Battens, 3 in. x 1½ in. jarrah (iron roof) 3 in. x 2 in. jarrah (corrugated asbestos roof) 2 in. x 1 in. (tile roof) under purlins, 4 in. x 2 in. jarrah (iron roof) 4 in. x 3 in. jarrah (tiled roof or corrugated asbestos roof).

Collar ties, 3 in. x 2 in. jarrah.

Rafters (iron roof) 3 in. x 2 in. jarrah, spacing 3 ft. centre to centre; (tile or corrugated asbestos roof) 4 in. x 2 in. jarrah, spacing 2 ft. centre to centre. All to be properly braced with purlins and collar ties.

Ridge (iron roof) 6 in. x 1 in. (tile or corrugated asbestos roof) 8 in. x 1 in. jarrah.

Fascia 8 in. x 1 in. jarrah.

Hips (iron roof) 6 in. x 1 in. (tile or corrugated asbestos roof) 8 in. x 1 in. jarrah.

Weatherboards, not less than 1½ in. lap.

Stays 2 in. x ¾ in. (3 in. x 2 in. studs) 3 in. x ¾ in. (4 in. x 2 in. studs) jarrah.

Vermin plates (bottom plates) must be used in the construction of all wooden buildings except sheds.

No framing timber shall be notched or checked out to receive bracing or otherwise so as to reduce its cross sectional area more than one-fourth.

Where it is proposed to use timber other than jarrah, such timber shall be used above ground level and subject to approval by the surveyor.

#### Roughcast and Stucco.

53. Roughcast and Stucco work shall be applied only to brickwork, provided that in certain cases such as gables of dwellings, or other ornamental sections of dwellings roughcast may be applied to expended metal fixed in an approved manner.

#### Interior Walls of Dwelling.

54. The interior of all walls and ceilings of every wooden, or wooden-framed building, and the ceiling of every other class of building which is intended to be used, or which may be used as a dwelling shall be constructed of plaster sheets or other fire-resisting materials.

#### Roofs.

55. The roof of every house or other building shall be constructed of metal, tiles, slates, glass, artificial stone, cement or shingles, or other materials approved by the Council.

#### Reinforced Concrete Buildings.

56. In all cases where reinforced concrete is employed, whether in buildings as a whole, or in portions of buildings, before the actual carrying out of the work, or any portion thereof, complete drawings of such work, or portion shall be delivered to the surveyor, showing all details of the construction and the size, spacing and arrangement of all reinforcing members.

#### Public Buildings.

57. In any case in which the plans of any proposed public buildings are required by law to be approved by the Public Health Department, or any

other Department, such approval shall be obtained before such plans are submitted for the Council's approval.

#### Alterations and Additions.

##### Alterations.

58. Except with the consent of the Council, or the surveyor no alteration shall be made to any building in such a manner that when so altered it will by reason of such alteration not be in conformity with the provisions of this by-law relating to new buildings.

##### Additions and Alterations.

59. Every addition to, or alteration of a building, and any other work made or done for any purpose in or on a building, (except necessary repairs which do not affect the construction of a building) shall so far as regard such addition of alteration or other work, be subject to the provisions of this by-law relating to new buildings.

#### Ventilation, Lighting and Drainage.

##### Height of Rooms.

60. The main rooms in all buildings shall be in every part not less than 9ft. from floor to ceiling, and the minimum height for wash-houses and bathrooms shall be 7ft. 6in.

Attic Rooms.—Provided that in the case of buildings of more than one storey, living rooms wholly or partly in the roof may be not less than 9ft. in height from floor to ceiling over two-thirds of the floor area.

##### Minimum Area of Rooms.

61. No main room in any building shall have a less floor area than 80 square feet.

##### Windows (Natural Lighting).

62. All rooms in a building intended to be used as a dwelling shall have one or more windows opening into the external air, the area of the glass, clear of sash frames in such windows, shall be not less than one-tenth of the area of the floor of the room in which such window or windows are fitted.

##### Ventilation (Dwellings).

63. Every part and every room of any dwelling house or building intended to be used for habitation shall be ventilated as required by any provision of the Health Act or regulations or by-laws made thereunder which may, from time to time be applicable, viz.:—In the ratio of 24 square inches of inlet and 24 square inches of outlet of uncontrolled ventilating area to each hundred square feet of floor area.

##### Ventilation (Other than Dwellings).

64. The ventilations of all buildings, parts of buildings, type of ventilators to be used, arrangement and situation of ventilation openings shall be subject to approval as required by any provision of the Health Act or regulations or by-laws made thereunder which may, from time to time, be applicable.

##### Ventilation (Sub-floor).

65. The space under the ground floor of every building shall be provided with a sufficiency of openings through all walls under the floor to allow a current of air to flow freely under all parts of the building. Type of ventilator and spacing of same shall be the subject of approval by the surveyor. In all cases ventilation must comply with the requirements of the Health Act and all by-laws and regulations made thereunder.

##### Lighting and Ventilation (Shops).

66. The provision of this part of this by-law relating to height of rooms, lighting and ventilating of main rooms in dwellings shall as far as applicable apply to all shops, save that the windows need not be constructed to open if other approved provision for ventilation is made, and that the minimum height of ceilings in shops shall be 11ft.

#### Enclosing Verandahs.

67. No verandah of any dwelling, or shop, or other building shall be enclosed, or built in such a manner as to exclude natural light, or reduce the proper ventilation of any building, or any part thereof. The use of hessian, or jute bags, or similar materials for enclosing or screening verandahs is prohibited.

#### Floors.

68. Floors, except on verandahs, shall be fixed level, and in all buildings the ground floor, if of wood, shall have a space of not less than six inches between the ground and the underside of the floor bearers.

#### Permit May be Refused if Drainage Not Satisfactory.

69. The Council may refuse to approve the plan of any building, or addition, or alteration to any building until it is satisfied that the proposed building or addition, or alteration and the site and curtilage thereof will be properly drained.

#### Drainage of Waste Water.

70. Every person who shall erect a building shall provide proper drainage for the disposal of all waste water in conformity with the Health Act or regulations or by-laws made thereunder which may, from time to time, be applicable.

#### Waste Pipes.

71. Waste pipes from baths, sinks, wash-troughs and similar sanitary fittings to be of wrought iron of approved sizes. All sanitary fittings shall be provided with traps under fittings, metal cleaning eyes shall be fitted to all changes of direction and angles of waste pipes, and in all respects must comply with the requirements of the Health Act and all by-laws and regulations made thereunder.

#### Roof Water Disposal.

72. All buildings shall be provided with gutters and downpipes of approved sizes sufficient to carry all water from every part of the roof in an efficient manner, such water shall be carried at least two feet clear of the foundations of the buildings. In the case of large buildings where the surveyor shall deem it necessary, all stormwater from the roof of such buildings shall be carried by pipes direct to the street drains or gutters in such a manner as directed by the surveyor.

#### Provision of Manhole in Ceiling.

73. Every building shall be provided with one or more manholes in the ceiling to enable access to be gained to the underside of the roof thereof.

#### Water Supply.

74. Every dwelling house not connected to a public water supply shall be provided with a water storage tank of not less than one thousand gallons capacity, or as may be prescribed in any provisions of the Health Act or regulations or by-laws made thereunder which may, from time to time, be applicable. Such tank shall be completely covered at its top and provided with a manhole fitted with a tight-fitting lid.

#### Removal of Buildings.

75. If any building is removed from outside the district to within the district, or from a site within the district to another site within the district, whether on the same or another block of land, such building shall be deemed for the purpose of this by-law to be a new building erected for the first time on the site whither it is removed.

#### Verandahs Over Footpaths, Projections, Signs, Hoardings and Fences.

##### Verandahs.

76. (a) (1) No person shall erect, or cause or permit to be erected, any portico or verandah over the footway of any road in the district without first obtaining the consent of the Council in writing. Such portico or verandah shall be of the shape, figure, dimensions and materials as set

forth on the plan and specifications for the time being adopted by resolution of the Council, but the lowest part of the frieze or rails of such portico or verandah shall in no case be of less height than 9ft. above the level of the outer edge of the footway.

(2) The erection of verandahs supported by posts erected on the public highway or footway is prohibited. All verandahs over roads or footpaths shall be of the cantilever type.

(3) The erection of any rooms or the use of any verandah projecting over any public road or footway for other than weather protection is prohibited.

(4) Drainage from roofs or verandahs erected over public roadways or footways, etc., or buildings adjacent thereto shall be properly directed and discharged in to the water table of the road to the approval of the Council or its building surveyor.

#### Opening in Verandah Roof.

77. (b) No opening shall be made in the roof of such verandah for the purpose of affording light, unless such opening be properly framed and glazed with approved glass protected underneath with fine mesh wire-netting or armoured glass to the satisfaction of the surveyor.

#### Porch, Landing, Etc.

78. Every porch, gangway, outside landing, and outside step shall be of fire-resisting material and shall not project beyond the boundary of any road or public place.

#### Shop Windows.

79. Shop windows intended to be used for the display of goods or business advertisement shall consist of plate or approved glass jointed and fixed in approved metal or timber frames, the level of the sill of such frames to be not higher than 30 in., nor within 12 in. of the level of the footpath immediately adjoining the same.

#### Woodwork Abutting on Roads.

80. Woodwork shall not be fixed flush with the face of any wall abutting on a road unless it is encased with metal of not less gauge than 22.

#### Signboard, Hanging Lamp, Etc.

81. No signboard, hanging lamp, or other fixture shall be erected on or attached to any building or verandah projecting over any road unless the permission in writing of the Council be first obtained. Each such signboard, hanging lamp, or other fixture shall be of material, construction and design approved by the surveyor and shall be in no part less than 9ft. above the level of the footpath or road. No signboard shall exceed in depth 2ft. nor unless attached to a verandah, project over a footpath or road.

#### Unsightly or Dangerous Fence.

82. When any fence abutting on, or within 10 ft. of any road or public place within the district, is in a dangerous or unsightly state, the Council may by notice in writing to be served on the owner of such fence, require such owner within 14 days from the receipt of such notice to take down or repair such fence as the case may require, and such owner shall comply with such notice.

#### Fence and Walls.

83. Every fence to be hereafter erected abutting on any road or public place shall have affixed thereto a plinth at least 9 in. high, unless the surveyor shall consent in writing to such plinth being of less height, and every wall of brick, stone, concrete, or other similar substance, shall be constructed with a base to be approved by the surveyor.

#### Chimneys, Flues, Fireplaces and Heating Apparatus. Foundations, Footings, Etc.

84. (1) Chimneys shall be built on solid foundations and with footings similar to the footings of the wall against which they are built, unless they are carried on steel girders with direct bearings upon party, external, or cross-walls to the satisfaction of the surveyor, or on corbels of brick, stone or

other incombustible materials, and the work so corbelled out does not project from the wall more than the thickness of the wall measured immediately below the corbel.

(2) Chimneys may be corbelled out not more than 14 in. from walls 9 in. in thickness on corbels of stone or incombustible materials not less than 10 in. in depth and of the full width of the jambs.

#### Chimneys, etc., with Soot Doors.

85. (1) Chimneys and flues having proper soot doors of not less than 40 square inches may be constructed at such an angle as is approved by the surveyor, but in no other case shall any flue be inclined at less angle than 45 degrees to the horizontal, and every angle shall be properly rounded.

(2) Position of Soot Doors.—All soot doors shall be distant at least 15 in. from any woodwork.

#### Arches.

86. An arch of brick or stone of sufficient strength shall be built over the opening of every chimney to support the breast thereof. Every camber arch shall have the abutments tied in by an iron bar or bars of sufficient strength turned up or down at the ends and built into the jamb at least  $4\frac{1}{2}$  in. on each side.

#### Flues.

87. A flue shall not be adapted to or used for any new oven, furnace, steam boiler, or other fire used for any purpose of trade or business, or to, or for the range of cooking apparatus of any hotel, tavern, or eating house, unless the flue is surrounded with brickwork at least 9 in. thick, from the floor of the storey on which such oven, steam boiler, or other fire is situated to 12 in. above the roof.

#### Flues in connection with Engines.

88. A flue shall not be used in connection with a steam boiler, or hot-air engine, unless the flue is at least 20 ft. in height measured from the level of the floor on which such engine is placed.

#### Lining, etc., of Flues.

89. The inside of every flue, and also the outside where passing through any floor, or roof, or space enclosed by a roof, or behind, or against any woodwork, shall be rendered or pargetted, or lined with fire-resisting piping or stoneware.

#### Jambs.

90. The jambs of every fireplace opening shall extend at least 9 in. on each side of every opening thereof.

#### Incombustible Material in Certain Cases.

91. The breast of every chimney shall be of incombustible material at least 4 in. in thickness and the brickwork surrounding every smoke-flue shall be at least  $4\frac{1}{2}$  in. in thickness, provided that where a ventilating flue is carried up with a smoke-flue, they may be separated by a properly constructed iron wythe of cast iron not less than 1 in. in thickness.

#### Backs of Fireplaces.

92. The back of every fireplace opening in party or internal walls from the hearth up to a height of 12 in. above the lintel or arch shall be brickwork at least 9 in. thick or shall be reinforced concrete 6 in. thick. No flue shall be within 2 in. of the centre of any party wall.

#### Thickness of Flues.

93. The thickness of the upper side of every flue when its course makes with the horizontal an angle of less than 45 degrees shall be at least 9 in.

#### Height.

94. Every chimney flue or chimney shaft shall be carried up in brick or stonework at least 4 in. thick throughout to a height of not less than 3 ft. above the roof, flat or gutter adjoining thereto, measured at the highest point in the line of junction with such roof, flat or gutter.

#### Top Courses.

95. The highest six courses of every chimney stack or shaft shall be built in cement mortar.

#### Chimney Shafts.

96. The brickwork, or stonework of every chimney shaft except that of the furnace of any steam engine, brewery, distillery or manufactory shall not be built higher above the roof, flat, or gutter adjoining thereto, than a height equal to six times the least width of such chimney shaft at the level of such highest point in the line of junction, unless such chimney shaft is built with and bonded to another chimney shaft not in the same line with the first, or otherwise rendered secure to the approval of the surveyor.

#### Slabs.

97. There shall be laid level with the floor of every storey before the opening of every chimney, a slab of stone, slate, or other incombustible material at least 6 in. longer on each side than the width of such opening, and at the least 14 in. wide in front of the breast thereof.

#### How to be Laid.

98. On every floor except the lowest floor, such slab shall be laid wholly on stone or iron bearers, or upon brick trimmers or other incombustible materials, but on the lowest floor it may be bedded on concrete covering the site, or on solid materials placed on such concrete.

#### Hearths, Etc.

99. The hearth or slab of every chimney shall be bedded wholly on brick, stone, or other incombustible materials, and shall together with such materials be solid for a thickness of 6 in. at least beneath the upper surface of such hearth or slab.

#### Flues in Party Walls.

100. A flue shall not be built in, or against any party structure or existing wall unless it is surrounded with good sound brickwork, or other approved material, at least four and a half inches in thickness, properly bonded to the satisfaction of the surveyor.

#### Cutting away Chimney Breast.

101. A chimney breast or shaft built with or in any party wall shall not be cut away unless the surveyor certifies that it can be done without injuriously affecting the stability of any building.

#### Cutting into Chimney Shaft.

102. A chimney shaft, jamb, breast, or flue shall not be cut into except for the purpose of repair, or doing one or more of the following things:—

- (a) Letting in or removing or altering flues, pipes, or funnels for the conveyance of smoke, hot air, or steam;
- (b) forming openings for soot doors, each opening to be fitted with a close iron door and frames;
- (c) making openings for the insertion of ventilating valves providing that an opening shall not be made nearer than 12 inches to any timber or combustible substance.

#### Position of Timberwork.

103. Timber or woodwork shall not be placed—

- (a) under any chimney opening within six inches from the upper surface of the hearth of such chimney opening;
- (b) within two inches from the face of the brickwork or stonework about any chimney or flue, unless the face of such brickwork or stone work is rendered.

#### Position of Wooden Plugs.

104. Wooden plugs shall not be driven nearer than three inches to the inside of any chimney or flue opening, nor any iron holdfast or other iron fastening nearer than two inches thereto.

#### Ironwork.

105. No iron or steel joists, or other ironwork shall be placed in any flue except insofar as the same may be required for insuring stability.

#### Floors above Furnace or Ovens.

106. The floor or roof over any room or enclosed space in which a furnace is fixed, or any floor within 18 inches from the crown of an oven shall be constructed of fire-resisting materials.

#### Dwelling Houses.

##### Distance from Road.

107. No building which is intended to be used as a dwelling house, and no addition to such building shall be built within a distance of 20 feet measured horizontally from the building line fronts, unless a building line at a different distance has been fixed by a proper authority, without permission of Council.

##### Distance from Side Boundary.

108. No building which is intended to be used as a dwelling house and no addition to any building which is intended to be used as a dwelling house shall be built within a distance of three feet if of brick, 4 ft. if of wood or wood frame, measured horizontally from the boundary of the allotment on which such building is erected.

##### Minimum Area of Land.

109. No person shall build, or cause to be built, any building which is intended to be used as a dwelling house unless the site or curtilage of such building has a superficial area equal to one-sixth of an acre, and has a width of not less than 50 lineal feet, and a depth of not less than 120 feet.

Provided that when an allotment of land smaller in area than that hereinbefore prescribed was owned by any person prior to the coming into operation of this by-law, and not part of an allotment of which portion has been alienated, or excised since the coming into operation of this by-law, or such allotment is shown on any plan or subdivision heretofore approved by the Council, or by the Town Planning Board, the Council may permit a dwelling-house which shall in all other respects comply with this by-law, to be erected upon such land.

Before permission is so granted for the erection of any building the land must be subdivided so that each building is located upon a separate and distinct allotment. A plan of such subdivision shall be lodged with the application, and there shall be shown on such plan all buildings located or to be located thereon, and no building shall be proceeded with unless and until the subdivisional scheme of such land be approved by the Council.

#### Minimum Sizes of Dwellings and Areas of Open Lands.

110. No dwelling shall contain less than three main rooms or be of an area less than 800 square feet without permission in writing from the Council.

At least one-half of the area of any allotment on which a dwelling-house is erected shall be left open and unbuilt on and for the exclusive use of the occupiers of the buildings erected upon such allotment.

Where buildings erected upon an allotment are exclusively for commercial or industrial purposes, the area to be left unbuilt upon may be reduced.

#### Computing Distances.

111. For the purpose of computing distances from any building, the outer face of the wall shall be taken as the point from which measurements are to be taken.

#### Shops.

##### Minimum Area of Land.

112. (1) Every shop shall have a frontage of at least 18ft. to a road.

(2) No shop shall be of less width in any part thereof than 18ft.

#### Permit for Erection of Shop Where Dwelling Not Attached.

113. Permission may be granted for the erection of a shop where a dwelling is not attached, and where no person resides at such shop, on land having a frontage of not less than 18ft. to a road

and a depth of not less than 35ft. and a superficial area of not less than 630 square feet; provided that no portion of such shop or building shall be erected within 15ft. of the rear boundary of such land, and only if the Council shall approve of the site of the proposed building and the suitability of the site for the type of business to be conducted at such shop.

#### Notice to Make Building Conform to By-laws.

114. If any building shall be wholly or partly built, erected, or added to, or altered, contrary to or not in conformity with the provisions of this by-law, the Council, or any officer thereof may give to the owner, occupier or builder, or leave upon the site of such building, notice in writing to bring such building into conformity with the said provisions, or requiring the pulling down or removal of such building within such time as is limited in such notice and such owner, occupier, or builder shall comply with such notice within the time therein limited.

#### Australian Standard Specifications.

115. All materials, fittings or equipment of any kind used in the construction of any building shall comply with Australian Standard Specifications where such specifications exist.

#### Access to Rear of Shop.

116. Every shop shall be so erected and built that, without passing through the building there is a reasonable access to the back premises and offices of such shop for the removal of night soil and other refuse to a road or lane 10ft. wide at least.

#### Separate Entrance for Shop and Dwelling.

117. Where a dwelling is attached to a shop, a separate entrance from the road or street shall be provided for the sole use of the occupants of the dwelling.

#### Apartment Buildings.

##### Area of Land to be Occupied.

118. The total floor area of an apartment building, together with the floor area of any other buildings erected on the same allotment, shall not exceed half the area of such allotment.

##### Area of Each Apartment.

119. The total floor area of each apartment shall be at least 400 square feet.

##### Area of Main Rooms.

120. Every main room in an apartment shall have a floor area of at least 80 square feet.

#### Apartment to be Self-contained.

121. Every apartment shall be self-contained; it shall contain its own kitchen, bathroom and water closet or earth closet. It shall have a separate entrance from the outside of the building, and such entrance shall be constructed of fire-resisting material as defined in the building by-laws of the Council for the time being in force. It shall be divided from any and every adjoining apartment by a brick party wall at least 9in. in thickness which shall be carried up to the underside of the roof.

#### Miscellaneous.

##### No User Infringing By-law.

122. No person shall occupy, or permit to be occupied, any building for any purpose for which such building could not have been built under the provisions of this by-law; provided that this clause shall not prevent the continued use of any building in existence at the time of coming into operation of this by-law, for any purpose for which it was then being used.

#### Design and Appearance.

123. Notwithstanding anything in these by-laws or in any other by-laws passed by the Council, the Council may refuse to permit the erection of any building which, in the opinion of the Council,

or the surveyor is of such design or appearance as would be prejudicial to the value, interests, or purposes of property in the vicinity of the site on which it is proposed to erect such building.

Ferneries, Aviaries, Builders' Sheds, etc.

124. This by-law shall not apply to any greenhouse, fernery, aviary, builders' shed, or to an outbuilding if such outbuilding is on an area of not less than five acres used for agricultural or similar purposes only, or to temporary or removable offices and sheds used by builders during the construction of any building at or about the site of such buildings for a period of not exceeding 12 months.

#### Enforcement of By-laws and Penalties.

125. No building may be erected, except in compliance with this by-law. No person shall erect, build, or construct, remove, or make any alteration or addition to, or cause to be erected, built or constructed, removed, or make any alteration or addition to any building contrary to the provisions of this by-law.

#### Certificate of Surveyor.

126. If the surveyor shall certify in writing to the Council that any building has been removed into, or erected or re-erected within the district or occupied contrary to any of the provisions of this by-law, or that any building is in such a dilapidated ruinous or unsafe condition as to be dangerous to public safety, the Council or any officer thereof, or other authorised agent may give to the owner, occupier, or builder, or leave upon the site of such building a notice in writing requiring such owner to alter or repair, or to remove, or to pull down such building within such time as is limited by such notice, and such owner, occupier, or builder shall comply with such notice within the time therein limited.

#### Penalty for Breach.

127. Any person who shall be guilty of any breach of any of the provisions of this by-law, or shall fail to duly comply with any notice thereunder, shall be liable for every such offence to a penalty of not less than one pound, and not exceeding twenty pounds.

## ROAD DISTRICTS ACT, 1919-1948.

## Northampton Road Board.

## By-laws Relating to Beach Reserve at Three Mile Bay.

P.W. 1325/35.

PURSUANT to the powers contained in the Road Districts Act, 1919-1948, and every other power enabling, the Northampton Road Board hereby makes the following by-law numbered 123.

## By-law No. 123.

(1) This by-law shall be read as one with the by-laws passed by the Northampton Road Board on the 29th day of November, 1930, and published in the *Government Gazette* on the 8th day of May, 1931.

(2) In this by-law the words "the Reserve" shall, unless the context otherwise indicates, mean the Board's beach reserve at Three Mile Bay, consisting of Reserve No. 19672, Reserve No. 21450 and those portions of Victoria Locations 480 and 1512 the subject of deposited diagram 10952.

(3) Paragraph 1 of by-law No. 120 of the said by-laws and by-law No. 122 passed by the Board on the 13th day of September, 1941, and published in the *Government Gazette* on the 21st day of November, 1941, shall not apply to the reserve or to anything done or omitted thereon.

(4) No person shall except under the authority of a current and unrevoked permit issued under the following provisions of this by-law erect maintain or occupy any camp tent or building upon the reserve.

(5) The Board may upon application by any person issue to him a permit to erect, maintain and occupy a tent or other purely temporary structure upon a specified part of the reserve for a period to be specified in such permit, and the erection, maintenance or occupation of such camp, tent or other structure in accordance with such permit shall not be deemed to be a breach of the last preceding paragraph hereof. Every applicant for such a permit shall lodge with his application such fee as the Board shall from time to time determine, but such fee shall be returned if the application is not granted.

Any permit granted under this paragraph by the Board may be revoked after seven days notice to the person to whom it was granted and shall then be deemed to have expired by effluxion of time, but on any such revocation a proportion of the fee, according to the period from the revocation to the date of expiration stated in the permit, shall be refunded to the person to whom the permit was granted.

(6) (i) The Board may upon application by any person, and in its absolute discretion, issue to him a permit to erect, maintain and occupy or to continue to maintain and occupy a camp upon a specified part of the reserve for a period ending on the 31st day of December next following the date of issue. For the purpose of this by-law the word "camp" shall mean any building or structure (not being a tent or structure of a purely temporary nature) intended or adapted for human habitation whether affixed to the soil or not.

(ii) Every applicant for such a permit shall lodge with his application such fee as shall be payable in accordance with the scale of fees for the time being approved by the Board together with such sum for sanitary service and any other service as shall for the time being be fixed by the Board. Such fee and sum shall be returned if the application is not granted.

(iii) The Board may keep a plan or other record showing sites on the reserve, distinguished by number, and a permit may be granted in respect of any such site by reference to its distinguishing number without other description and such permit shall be read as if the site so numbered on the said plan or record had been fully described therein.

(iv) Every such permit shall be issued on the following conditions which shall be deemed to be incorporated therein.

(a) No camp shall be erected on the site the subject thereof except in accordance with plans and specifications first approved by the Board.

(b) Any permit holder desirous of disposing of his camp shall advise the Board to that effect and place a valuation on the camp. Should the valuation not meet with the approval of the Board the permit holder shall be at liberty, at his own expense, to employ a licensed valuator to value the camp. Should the Board not agree with the valuation the permit holder shall be at liberty to remove the camp.

In the event of agreement on the value, applications shall be called for purchase of the camp at the price agreed on and in the event of more applications than one being received the camp shall be balloted for.

(c) Any application for approval of a transfer may be granted or refused in the absolute discretion of the Board.

(d) If a camp shall be removed from a site the permit shall forthwith cease to have effect and shall be deemed to have expired at the date of such removal, unless the Board shall have given prior consent to the removal of the camp without prejudice to the validity of the permit.

(e) The holder of a permit shall keep the site clean and tidy and shall keep any camp thereon in good order and condition and of slightly appearance to the satisfaction of the Board and shall not do, permit, or retain anything which may in the opinion of the Board constitute a danger to any other camp in the event of fire or storm.

(f) The Board may after giving three months' notice revoke any permit if it is of the opinion that the site is required by it for improvement of the neighbourhood, but subject to mutual agreement, it shall return to the holder of the permit a proportion of the fee paid for the permit according to the period unexpired.

(g) If any permit shall expire or be revoked then, subject to any new permit which may be issued, the Board may remove any camp or other structure remaining on the site at the end of one calendar month after such expiration or revocation and the materials shall be the property of the Board.

(h) If the holder of a permit shall do or permit anything which in relation to the site the subject of his permit shall be a breach of any of the foregoing conditions the Board may revoke the permit without making any refund of the fee and the permit shall be deemed to have expired at the date of the revocation.

(v) The Board may appoint any person or persons as a referee or referees, assessor or assessors to report to it on any question which may arise in relation to any camp site or permit, but the Board shall not be bound to adopt or act on any report.

(vi) Any permit issued prior to this by-law coming into force shall remain in force for the term thereof as if issued under this by-law, but shall be deemed to be subject to the conditions set out in paragraph (iv) of this paragraph.

(7) No person shall carry out or authorise the carrying out of any structural alterations to a camp on the reserve unless the approval of the Board thereto shall first have been obtained. Such approval may be given or refused at the discretion of the Board and if given may be given subject to such conditions as to reduction of frontage or otherwise as the Board shall think fit.

(8) A permit may be granted under paragraph (6) of this by-law.

(i) In respect of a camp existing at the date of the passing of this by-law, if the frontage of such camp shall exceed 16 feet or the depth hereof shall exceed a depth for the time being fixed by the Board.

(ii) In respect of a camp not existing at the date of the passing of this by-law if

(a) the frontage of such camp or proposed camp shall be not less than 12 feet or not more than 16 feet;

(b) the depth of such camp or proposed camp shall not exceed 30 feet, but the Board may grant a further four feet for the installation of a Rain Water Tank.

(9) No camp shall be erected on the reserve within 15 feet of another camp or of a site set aside by the Board as the site for the erection of a camp in the future.

(10) No person shall cut or otherwise destroy or damage any tree or shrub on the reserve except for the purpose of doing clearing necessary to enable the erection of a camp on a site in respect of which he is the holder of a permit under this by-law.

(11) No person shall enter upon any camp or structure upon the reserve or upon any enclosed area thereon unless he does so with the permission of the Board or of the holder of a permit granted under this by-law in respect of the site upon which such camp or structure is erected or upon which such area is enclosed.

(12) No person shall light a fire upon the reserve except in a suitable and safe place or stove or in a place set aside by the Board for the purpose.

(13) No person shall suffer or allow any dog to enter or remain in any part of the reserve.

(14) The Board may at any time make and declare a schedule of charges to be paid by all persons entering the area for sanitary services and may also levy a charge on vehicles using the area for parking.

(15) Any person committing an offence against any part of this by-law shall be liable on conviction to a penalty not exceeding twenty pounds.

(16) The regulations governing caravans and camps as gazetted on the 16th December, 1949, shall apply to the area.

Passed by resolution of the Northampton Road Board on the 10th February, 1951.

The Common Seal of the Northampton Road Board was hereunto affixed in the presence of:—

## ROAD DISTRICTS ACT, 1919-1948.

Kellerberrin Road Board.

Notice of Intention to Borrow—Proposed Loan  
(No. 6) £3,000.

NOTICE is hereby given that the Kellerberrin Road Board proposes to borrow the sum of £3,000 (three thousand pounds) to be expended on works and undertakings in the Kellerberrin Road District, the said works and undertakings being:—(a) The installation of apparatus for the bacteriolytic treatment of the night soil on all occupied premises where such apparatus is not already installed in the townsite of Baandee at an estimated cost of £900. (b) The installation of apparatus for the bacteriolytic treatment of the night soil on all occupied premises where such apparatus is not already installed in the townsite of Doodlakine at an estimated cost of £2,100.

Plans and specifications and an estimate of the cost of the said works and undertakings, and a statement showing the proposed expenditure of the money to be borrowed including the cost of supervision and initial expenditure in connection with the raising of the loan are open for inspection at the Office of the Board during office hours for one month from the date of publication of this notice.

The amount of £3,000 is to be raised by the sale of debentures repayable with interest by 20 equal half-yearly instalments over a period of ten years after the date of issue thereof, in lieu of the formation of a sinking fund. The debentures will bear interest at the rate of £3 7s. 6d. per cent. per annum payable half-yearly. The amount of debentures and interest to be payable at the Commonwealth Bank of Australia, Perth.

The works and undertakings referred to in proposal (a) above will, in the opinion of the Board be of special benefit to the Baandee Townsite of the Board's district and any rate applicable to such proposal will be levied on all rateable land within the Baandee Townsite only. The works and undertakings referred to in proposal (b) above will in the opinion of the Board be of special benefit to the Doodlakine Townsite and any rate applicable to such proposal will be levied on all rateable land within the Doodlakine Townsite only.

Dated this 2nd day of July, 1951.

## INDUSTRIAL AGREEMENT.

No. 10 of 1951.

Registered 20/6/51.

THIS agreement made in pursuance of the Industrial Arbitration Act, 1912-1950, this 18th day of June, 1951, between the Hon. Minister for Agriculture of the one part and the West Australian Branch of the Australasian Meat Industry Employees' Union Industrial Union of Workers, Perth, of the other part, witnesseth as follows: Whereas the parties hereto being the parties to the industrial agreement filed on the 25th May, 1943, and Nod. 6 of 1943 as further varied by industrial agreement No. 10 of 1946, Order No. 60 (303) of 1947, and industrial agreement No. 42 of 1948, mutually agree that the said industrial agreement be further varied: Now the said industrial agreement shall be and the same is hereby further varied in the manner following that is to say:

## Clause 7.—Wages.

Delete the whole of the existing clause and insert in lieu thereof:

(a) Basic wage—	£ s. d.
Within a radius of 15 miles from the G.P.O., Perth ....	9 4 3
Outside a 15 mile radius but within a 30 mile radius from the G.P.O., Perth ....	9 4 1

(b) Adult workers—	Margin over basic wage per week.
	£ s. d.
General labourers ....	10 0
Slaughterhouse labourers ....	1 12 9
By-product workers ....	1 12 9
By-product workers, leading hand on fertiliser ....	2 1 0

Where cattle knocked down exceed 140 in any one day in the week, the margin for the "knocker-down" is to be increased to that of a slaughterman for that day.

## 10.—Definition.

Add the following new sub-clauses:—

"Pig shooter" shall mean a worker whose duties, in addition to the shooting of pigs, shall include the shooting of all other refractory animals.

"Refractory animals" shall mean cattle at large on the slaughtering floor or in the precincts of the abattoir to the danger of employees and others.

"Dead stock skinner" shall mean a worker who shall be responsible for the expert removal of skins and hides from sheep and cattle, but who, when not occupied skinning dead stock may be employed on other work in accordance with Clause 12 of Industrial Agreement No. 6 of 1943.

Whilst it is a condition of employment of the "Dead Stock Skinner" that he must be a worker who is recognised by the Union as a qualified slaughterman, the tally provision as laid down for slaughtermen shall not apply to him.

## 21.—Special Allowances.

Add new clause as Clause 21.

The Pig Shooter, when called upon to shoot a refractory animal shall be paid a special allowance of five shillings (5s.) for each such animal in addition to his ordinary wages.

This agreement shall come into effect as from the date hereof.

In witness whereof the parties hereto have hereunto set their hands and seals the day and year first hereinbefore written.

## 3.—Area and Scope.

This Agreement shall apply to workers engaged in the occupations mentioned herein and employed at the Royal Perth Hospital or any branches thereof which are under the control of the employer.

## 4.—Term.

This Agreement shall operate as from the date hereof and shall remain in force for three years as from that date; provided that on the expiration of 12 months from the date hereof, and by agreement between the parties, this Agreement may be varied in respect to the wages schedule herein.

## 6.—Hours.

(a) Forty (40) hours shall constitute a week's work.

(b) Such ordinary hours shall be worked by day workers in five shifts of eight (8) hours each, Monday to Friday, and by shift workers in eight (8) hour shifts. Where circumstances permit regular starting and finishing times may be fixed by agreement in writing between the Union and the representatives of the employer.

(c) The hours of labour shall include all time occupied in raising steam, banking fires, starting up or closing down engines.

## 7.—Overtime for Day Workers.

(a) All time worked outside of, or in excess of the usual daily hours shall be paid for at the rate of time and a half for the first four (4) hours and double time thereafter.

(b) Employees called upon to start work within an hour and a half of the usual starting time shall be paid at the rate of time and a half until the usual starting time.

(c) A worker called back after completing a day's work shall be paid a minimum of two hours at overtime rates.

(d) For all work done on Sundays, double time rates shall be paid except in connection with repairs to the employer's machinery which has broken down and caused a stoppage of operations in which case the rate of time and a half shall apply.

(e) When called upon to work without a break of eight (8) hours from the end of the preceding shift, a worker shall be paid at the rate of time and a half until he is allowed a break of at least eight (8) hours and then to the commencement of such break only.

## 8.—Overtime and Penalty Rates for Continuous Process and other Continuous Shift Workers.

(a) All time worked in excess of the normal hours of eight per shift, or any additional shift, or part thereof shall, except as provided herein, be paid at the rate of time and a half for the first four (4) hours and double time thereafter: Provided that a worker called back to perform another shift on Sunday, after having completed his five shifts of eight hours shall be paid at the rate of double time for the time so worked.

(b) Saturday Time.—(i) Rostered shift work performed on Saturday up to a maximum of eight (8) hours in each shift shall be included in the week's work and be paid for at the rate of time and a quarter.

(ii) The extra quarter rate shall stand alone and be paid for as an addition to the worker's weekly earnings.

(c) Sunday Time.—Rostered shift work performed on Sundays up to a maximum of eight (8) hours in each shift shall be included in the week's work and be paid for at the rate of time and a half. The extra half rate prescribed shall stand alone and be paid for in addition to the worker's weekly earnings, provided that time worked in excess of eight (8) hours on such Sundays shall be paid at the rate of double time, i.e., twice the ordinary rate, which rate shall be the maximum payable under this Agreement.

(d) Overtime shall not be cumulative on Saturday and Sunday penalty rates.

## 8A.—Shift Rates.

(a) Shift workers when employed on afternoon or night shift shall be paid five per cent. (5%) in addition to their ordinary rates for such shifts: Provided that any eight hour shift ending before 4 p.m. that day shall be regarded as a day shift.

(b) Shift rates shall not be cumulative on Saturday or Sunday penalty rates.

## 9.—Annual Leave.

(a) (i) Except as hereinafter provided a period of two consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of 12 months' continuous service with such employer.

(ii) Seven-day shift workers, i.e., shift workers who are rostered to work regularly on Sundays and holidays, shall be allowed, in addition to the leave

to which he is entitled under clause (a) (i) hereof, seven consecutive days' leave including non-working days.

Where an employee with 12 months' continuous service is engaged for part of the 12-monthly period as a seven-day shift worker, he shall be entitled to have the part of two consecutive weeks' annual leave prescribed in subclause (a) (i) thereof increased by half a day for each completed month he is continuously engaged as aforesaid.

(b) If any holiday under this agreement falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(c) (i) Subject to paragraph (ii), when computing the annual leave due under this clause no deduction shall be made from such leave in respect of the period that a worker is on annual leave and/or holidays: Provided that no deductions shall be made for any approved period a worker is absent from duty through sickness with or without pay unless the absence exceeds three (3) calendar months, in which case deduction may be made for such excess only.

(ii) Approved periods of absence from work caused through accident sustained in the course of employment shall not be considered breaks in continuity of service, but the first six months only of any such period shall count as service for the purpose of computing annual leave.

(d) In the event of a worker being employed for portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period.

(e) Any worker who may resign or be dismissed from the service for any cause, other than for peculation or theft, shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service: Provided always that if the worker has been dismissed for peculation or theft no claim for annual leave shall be recognised. Misconduct herein referred to shall not affect accumulated annual leave or payment therefor.

(f) When work is closed down for the purpose of allowing annual leave to be taken, workers with less than a full year's service shall only be entitled to payment during such period for the number of days' leave due to them. Provided that nothing herein contained shall deprive the department of its right to retain such workers at work during the close-down as may be essential.

(g) "Ordinary wages" for the purpose of subclause (a) hereof shall mean the rate of wage the worker has received for the greatest proportion of the calendar month prior to his taking the leave.

(h) The provisions of this clause shall not apply to casual workers.

## 10.—Public Holidays.

(a) Except as hereinafter provided, each of the following days, or the day observed in lieu thereof, shall be allowed as a holiday to all workers and be paid for, namely: New Year's Day, Australia Day (26th January), Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, Foundation Day, King's Birthday, Christmas Day and Boxing Day.

(b) Whenever any holiday falls on an employee's ordinary working day and the employee is not required to work on such day he shall be paid for the ordinary hours he would have worked on such day if it had not been a holiday. If he is required to work on a holiday he shall be paid for the time worked as if it was an ordinary working day and shall, in addition, be allowed a day's leave with pay to be added to the annual leave or to be taken at some subsequent date if the worker so agrees.

(c) In the case of workers working a five day week, no payment or a day in lieu shall be granted for any public holiday falling on a Saturday.

(d) Payment for holidays shall be in accordance with the usual hours of work.

(e) When a worker is off duty owing to leave without pay or sickness, including accidents on or off duty, except time for which he is entitled to claim sick pay, any holiday falling during such absence shall not be treated as a paid holiday. Where the worker is on duty or available on the working day immediately preceding a holiday, or resumes duty or is available on the working day immediately following a holiday as prescribed in this clause, the worker shall be entitled to a paid holiday on all such holidays.

(f) A casual worker shall not be entitled to payment for any holiday referred to in this clause.

#### 11.—Sick Leave.

(a) (i) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-twelfth (1/12th) of a week's pay for each completed month of service.

(ii) The liability of the employer hereunder shall in no case exceed one (1) week's wages during each calendar year in respect of each worker.

(iii) Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(b) This clause shall not apply where the worker is entitled to compensation under the Worker's Compensation Act.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer, or his representative, of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) consecutive working days or more.

(d) No payment will be made for any absence due to the worker's own fault, neglect or misconduct.

#### 12.—Contract of Service.

Employment shall be terminated only by a week's notice on either side, such notice to be given at any time during the week. This shall not affect the right of the Management to dismiss any employee without notice for malingering, inefficiency, neglect of duty or misconduct, and in such cases wages shall be paid up to the time of dismissal only.

#### 13.—Preference of Employment.

Preference of employment in respect to tasks for which rates of wages are specified in this Agreement shall be given to members of the Metropolitan and South-Western Federated Engine-Drivers and Firemen's Union of Workers of Western Australia.

#### 14.—Casual Workers.

Casual workers shall be paid ten per cent. (10%) over the usual rate in this Agreement for the employee's occupation. A casual worker is one for whom work over a period of one week not counting holidays, is not provided by the employer.

### INDUSTRIAL AGREEMENT.

No. 12 of 1951.

(Registered 27/6/51.)

THIS Agreement, made in pursuance of the Industrial Arbitration Act, 1912-1950, of Western Australia, this 15th day of June, 1951, between the Fremantle Harbour Trust Commissioners (hereinafter called "the employers") of the one part, and the Coastal Dock Rivers and Harbour Works Union of Workers (hereinafter called "the Union") of the other part, witnesseth as follows:—

#### 1.—Arrangement.

1. Arrangement.
2. Area and Scope.
3. Hours of Duty.
4. Rates of Pay.
5. Overtime.
6. Contract of Service.
7. Public Holidays.
8. Annual and Long Service Leave.
9. Sick Leave.
10. Sickness or Accident Arising out of Duty.
11. Uniforms.
12. Board of Reference.
13. Term.

#### 2.—Area and Scope.

This Agreement shall apply to youths employed on launches operated by the Fremantle Harbour Trust Commissioners within the Fremantle Inner Harbour.

#### 3.—Hours of Duty.

(a) The hours of duty shall be forty (40) per week to be worked between 8 a.m. and 5 p.m. on each day of the week, Mondays to Fridays inclusive, with an interval of one hour for lunch.

(b) The employers may require any employee to work reasonable overtime at overtime rates, and such employee shall work overtime in accordance with such requirement.

(c) The Union or any employee covered by this Agreement shall not in any way, whether directly or indirectly, be party to or concerned in any ban, limitation or restriction upon the working of overtime in accordance with the requirements of this subclause.

#### 4.—Rates of Pay.

Basic wage £9 4s. 3d. per week.

Youths (according to age):	Percentage of basic wage per week.
Under 16 years of age	50
16 to 17 years of age	60
17 to 18½ years of age	80
18½ to 20 years of age	Basic wage
Over 20 years of age	20s. margin

#### 5.—Overtime.

(a) Overtime shall mean and include all time worked in excess of or outside of the usual hours of duty, and shall be paid for at the rate of time and one-half for the first four (4) hours and double time thereafter.

(b) An employee required to work on a Saturday shall be paid at the rate of time and one-half for the first four (4) hours and double time thereafter.

(c) For all work performed on Sundays, double time shall be paid, with a minimum as for two (2) hours.

#### 6.—Contract of Service.

Engagement shall be on a weekly basis, and one week's notice shall be given on either side to terminate the engagement: Provided that an employee may be instantly suspended or dismissed without notice for insobriety, misconduct, or neglect of duty.

#### 7.—Public Holidays.

(a) The following days, or the day observed in lieu thereof, shall be allowed as holidays:—New Year's Day, Foundation of Australia Day, Water-side Workers' Picnic Day, Good Friday, Easter Monday, Anzac Day, Labour Day, State Foundation Day, Christmas Day and Boxing Day.

(b) Whenever one of the holidays specified in subclause (a) of this clause falls on an employee's ordinary working day, and the employee is not required to work on that day, he shall be paid for the ordinary hours he would have worked on that day if it had not been a holiday. If he is required to work on a specified holiday, he shall be paid for the day as if it was an ordinary working day and shall in lieu thereof be granted a day's leave with pay to be taken with his next annual leave.

#### 8.—Annual and Long Service Leave.

(a) An employee who serves the employers continuously for 12 months shall be granted leave of absence on full pay for a period of two weeks. Where the period of service is less than 12 months, but exceeds one month, the leave shall be *pro rata* as the length of service is to the full year.

(b) Employees shall be entitled to long service leave in accordance with the conditions authorised by the Government of Western Australia for wages employees.

(c) Annual and long service leave shall be taken at the convenience of the employers.

#### 9.—Sick Leave.

(a) An employee who is incapacitated through sickness or injury other than that arising out of or in the course of his employment may be granted sick leave with pay for a period of or periods not exceeding in the aggregate one week in any year, upon production within 48 hours of the commencement of any such period of absence of a medical certificate as to his incapacity.

(b) Where such incapacity arises through the wilful act or misconduct of the employee, or where a medical certificate is not furnished as required, or where the employee has already had sick leave with pay for a period of or periods aggregating one week during the preceding 12 months, the employee shall not be entitled to any pay for the period he is absent from duty.

(c) Upon the period of absence in any instance exceeding one week, or in the case of paragraph (b) hereof, immediately an employee absents himself, the contract of service shall be deemed to have been terminated without requiring further notice by the employers, who shall thereby be relieved of any further obligations to the employee: Provided that any such period of incapacity may at the discretion of the employers be regarded as leave without pay.

#### 10.—Sickness or Accident Arising Out of Duty.

An employee who, while on duty or acting under the instructions of the employer, receives an injury arising out of, or in the course of his employment, or contracts an illness due to the nature of and attributable to such employment and is thereby incapacitated from duty in circumstances which entitle him to the benefits prescribed under the Workers' Compensation Act, 1912-1941, shall be entitled to receive in addition to such benefits, a weekly sum equal to the difference between the compensation provided for under that Act and the wages prescribed in this Award, from the date of the commencement of his said incapacity up to and including the date of his recovery as certified by his medical attendant: Provided that the employers' liability hereunder shall in no case exceed three calendar months in respect of each separate injury or illness.

(b) All amounts payable under this clause shall be paid in the manner provided for the payment of wages.

#### 11.—Uniforms.

The employers shall provide for the use of each employee free of cost, one cap and one two-piece serge suit on the completion of eight (8) months' continuous service, and one oilskin coat and sou'wester hat each year.

Uniforms shall belong to the employers and shall be worn by employees when on duty. Should the service of any employee terminate within one month from the date of issue of uniforms or any portion of them, all the issue last made to that

employee shall be returned to the employers before the employee shall be entitled to be paid any moneys which may be due to him.

#### 12.—Board of Reference.

Should any dispute arise between an employee and the employers, the service concerned shall be continued without any cessation and the matter referred to a Board of Reference, consisting of two representatives each of the employees and employers and a chairman, to be mutually agreed upon by those representatives: failing their agreement the Registrar of the Court of Arbitration shall act as chairman.

#### 13.—Term.

The term of this Agreement shall be for a period of twelve (12) months as from and including the date hereof.

Signed and sealed for and on behalf of the Fremantle Harbour Trust Commissioners.

19. Preference of Employment.

## 3.—Scope.

This Award shall apply to Engine Drivers and Firemen employed in the South-West Land Division in the State of Western Australia.

## 4.—Area.

This Award shall operate over the area comprised within the South-West Land Division in the State of Western Australia.

## 5.—Term.

The term of this Award shall be for one (1) year from the date hereof.

## 6.—Definitions.

"Engine Driver" means any person who operates or drives an engine or engines of which the motive power is steam, gas, oil, air, electricity, or any other motive power other than manual or animal power.

## 7.—Hours.

(a) The ordinary hours of duty for day work shall be forty (40) per week, and the day worker shall conform to the starting and finishing time of the majority of the employees in the Mill.

(b) The hours of work for shift workers shall be forty (40) per week to be worked in shifts of eight (8) hours each.

(c) Time occupied in raising steam or closing down engines or banking fires or attending engines and boilers during meal time shall be regarded as time worked.

(d) For employees not working on shift, a regular starting and finishing time shall be fixed which shall not be changed except after notice of at least a week to the employee concerned.

## 8.—Overtime.

(a) All time worked in excess of the hours prescribed in clause 7 shall be paid for at the rate of time and a half for the first two (2) hours and double time thereafter.

(b) All time worked on Sundays shall be paid for at the rate of double time.

## 9.—Wages.

Fireman—(Boiler Attendant)	1	4 0
Boiler cleaners shall receive 1s. per shift dirt money, provided that any person engaged inside the gas or water space of any boiler, flue or economiser shall whilst so employed be paid a flat rate of 9d. per hour in addition to his ordinary or overtime rate of pay.		

## 10.—Shift Work.

(a) Shift workers when employed on afternoon or night shift shall be paid 7½ per cent. additional for afternoon shift and 10 per cent. additional for night shift.

(b) Shift workers, when employed on afternoon or night shift in rotation without being employed on day shift one (1) week out of three (3), shall be paid an additional one shilling (1s.) per shift.

(c) Seven-day shift workers, that is shift workers who are rostered to work regularly on Sundays and holidays shall be paid for work performed on Saturday at the rate of time and one-quarter. This extra rate shall be in substitution for and not in addition to the penalty mentioned in subclauses (a) and (b) hereof.

## 11.—Contract of Service.

Except as provided by clause 12, the contract of service shall be a weekly one terminable by one week's notice on either side, but this clause shall not apply where a worker is summarily dismissed for misconduct or dereliction of duty.

## 12.—Casual Workers.

A "casual worker" shall mean and include a worker competent to do the work he is engaged to do, who is, without any fault of his own, dismissed or refused work (as it is hereby agreed he may be) before the expiration of one week from and including the date he starts work.

Casual workers shall be paid ten per cent. (10%) in addition to the rates set out in clause 9.

## 13.—Breakdowns, etc.

The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the union or unions affiliated with it, or by any other association or union, or through the breakdown of the employer's machinery, or any stoppage of work by any cause which the employer cannot reasonably prevent.

## 14.—Absence Through Sickness.

(a) (i) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-twelfth (1/12th) of a week's pay for each completed month of service.

(ii) The liability of the employer shall in no case exceed one (1) week's wages during each calendar year in respect of each worker but the sick leave herein provided shall be allowed to accumulate and any portion unused in any year shall be availed of in the next or any succeeding year.

(iii) Payment hereunder may be adjusted at the end of each calendar year or at any time the worker leaves the service of the employer in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(b) The clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act, 1912-1948.

(c) No worker shall be entitled to the benefit of this clause unless he produces proof satisfactory to his employer or his representative of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) consecutive working days or more.

(d) No payment shall be made for any absence due to the worker's own fault, neglect or misconduct.

(e) (i) Periods of service of less than one (1) month shall not be included as service for the computation of sick leave.

(ii) Periods of one (1) month and over shall be totalled and payment for sick leave computed on the total of such service during the year.

## 15.—Annual Leave.

(a) Except as hereinafter provided, a period of two (2) consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve (12) months' continuous service with such employer.

(b) If any Award holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(c) When computing the annual leave due under this clause no deduction shall be made from such leave in respect of the period that a worker is on annual leave and/or holidays: Provided that no deduction shall be made for any approved period a worker is absent from duty through sickness with or without pay unless the absence exceeds three (3) calendar months, in which case deduction may be made for such excess only.

Approved periods of absence from work caused through accident sustained in the course of employment shall not be considered breaks in continuity of service, but the first six (6) months only of any such period shall count as service for the purpose of computing annual leave.

(d) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period with such employer.

(e) Any worker who may resign or be dismissed from the service for any cause, other than for peculation or theft, shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service: Provided always that if the worker has been dismissed for peculation or theft no claim for annual leave shall be recognised. Misconduct herein referred to shall not affect accumulated annual leave or payment therefor.

(f) When work is closed down for the purpose of allowing annual leave to be taken, workers with less than a full year's service shall only be entitled to payment during such period for the number of day's leave due to them provided that nothing herein contained shall deprive the employer of his right to retain such workers during the close-down period as may be required.

"Ordinary wages" for the purpose of subclause (a) hereof shall mean the rate of wage the worker has received for the greatest proportion of the calendar month prior to his taking the leave.

#### 16.—Public Holidays.

(a) Except as hereinafter provided, each of the following days, or the days observed in lieu thereof, shall be allowed as a holiday to all workers and be paid for, namely:—New Year's Day, Australia Day (January 26th), Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, Foundation Day, King's Birthday, Christmas Day and Boxing Day.

(b) Whenever any holiday falls on an employee's ordinary working day and the employee is not required to work on such day he shall be paid for the ordinary hours he would have worked on such day if it had not been a holiday. If he is required to work on a holiday he shall be paid double ordinary time for all work performed on such holiday.

(c) A holiday falling on a non-working day shall be observed on the next succeeding working day.

(d) Unauthorised absence on the working day immediately preceding or immediately subsequent to a holiday or holidays shall result in forfeiture of pay for such holiday or holidays.

(e) Holidays shall be paid for at the normal rate of wage, exclusive of shift allowance, in force for one week before the holidays.

#### 17.—Time and Wages Record Book.

Each employer shall keep a time book, or sheets, or cards, showing the names of the workers, the number of hours worked, the rates of pay and the wages paid to each worker from week to week, and the Secretary of the Union or any official thereunto authorised by the Union shall be allowed to, at all reasonable times, inspect such record so far as it relates to any member or members of his organisation. Such time book shall be kept available for the last preceding twelve (12) months.

#### 18.—Board of Reference.

The Court may appoint for the purpose of this Award a Board or Boards of Reference. Each such Board shall consist of a chairman and two other representatives, one to be nominated by each of the parties as prescribed by regulations.

There are assigned to each such Board in the event of no agreement being arrived at between the parties to this Award, the functions of—

- (a) adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretations of the provisions of the Award or any of them;

- (b) classifying and fixing wages, rates and conditions for any occupations or callings not specifically mentioned in the Award;
- (c) deciding any other matter that the Court may refer to such Board from time to time.

An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the regulations to the Industrial Arbitration Act, 1912-1950, which for the purpose are embodied in this Award.

#### 19.—Preference of Employment.

Preference of employment for tasks under this Award shall be given to members of The Metropolitan and South-Western Federated Engine Drivers and Firemen's Union of Workers of Western Australia.

I certify pursuant to section 65 of the Industrial Arbitration Act, 1912-1950, that the foregoing is a copy of the agreement arrived at between the parties mentioned above.

Dated at Perth this 15th day of June, 1951.

Clerk of the Court of Arbitration.

### IN THE COURT OF ARBITRATION OF WESTERN AUSTRALIA.

No. 28 of 1951.

Between The Metropolitan and South Western Federated Engine Drivers and Firemen's Union of Workers of Western Australia, Applicant, and The Swan Portland Cement Limited, Respondent.

WHEREAS an industrial dispute existed between the abovenamed parties and whereas the said dispute was referred into Court for the purpose of hearing and determination and whereas the parties subsequently met and conferred and have arrived at agreement on all matters in difference and whereas the parties have this day appeared before the Court by their respective representatives and requested the court to make the said agreement an Award of the Court: Now, therefore, the Court, pursuant to section 65 of the Industrial Arbitration Act, 1912-1950, and all other powers therein enabling it hereby declares the memorandum hereunder written to have the same effect as and be deemed an Award of the Court:—

#### Memorandum of Agreement.

(Note.—Wherever the word "Award" occurs herein it shall be taken to mean and include "Agreement.")

#### 1.—Title.

This Award shall be known as the "Engine Drivers' (Cement) Award", and replaces Award No. 10 of 1940, as amended.

#### 2.—Arrangement.

1. Title.
2. Arrangement.
3. Scope.
4. Area.
5. Term.
6. Hours.
7. Overtime.
8. Wages.
9. Shift Work.
10. Contract of Service.
11. Holidays and Annual Leave.
12. Absence through Sickness.
13. Board of Reference.
14. Record.
15. Travelling.
16. No Reduction.

## 3.—Scope.

This Award shall apply to all workers prescribed in clause 8 hereof employed by the respondent.

## 4.—Area.

This Award shall have effect over the area comprised within a radius of twenty (20) miles from the G.P.O., Perth.

## 5.—Term.

This Award shall be for a period of three (3) years from the beginning of the first pay period commencing after the date hereof.

## 6.—Hours.

(a) Forty (40) hours shall constitute a week's work. Employees working three (3) shifts shall work the forty hours in eight hour shifts, including crib time; Provided that the foregoing hours may be altered at any time by agreement in writing between the parties.

(b) Day workers shall work eight (8) hours per day, exclusive of crib time from Monday to Friday inclusive.

(c) In all cases, in reckoning the time of duty, any time necessarily occupied in raising steam, in banking fires, and attending to boilers or engines, during meal hours shall be included.

(d) Drivers shall fire the boilers and maintain steam on both the shore and floating cranes.

(e) Crib time for shift workers shall be taken in relays, at such time as not to cause a stoppage of work, and no deduction shall be made therefor from the employees' wages.

## 7.—Overtime.

(a) Overtime shall be paid for at the rate of time and a half for the first two (2) hours and double time thereafter.

(b) All work done on Sundays shall be paid for at the rate of double time.

(c) Work done in the meal hour, or any portion thereof, shall be paid for at the rate of double time, but this shall not apply to cases involving completion of work commenced before the lunch hour and not occupying more than fifteen (15) minutes from the commencement of the lunch hour, in which case the lunch hour shall be extended by fifteen minutes beyond the ordinary time. This subclause shall not apply to shift workers who are provided for under clause 6 (d).

(d) Nothing in this Award shall entitle the worker working any overtime, either on week days or Sundays or holidays, to more than twice the ordinary rate of pay.

(e) When a worker is recalled to work after leaving the job, he shall be paid at least two (2) hours at overtime rates.

(f) Notwithstanding anything contained herein:—

(i) An employer may require any worker to work reasonable overtime at overtime rates and such worker shall work overtime in accordance with such requirement.

(ii) No organisation, party to this Award or worker or workers covered by this Award shall in any way, whether directly or indirectly, be a party to or concerned in any ban, limitation, or restriction upon the working of overtime in accordance with the requirements of this subclause.

(iii) This subclause shall remain in operation only until otherwise determined by the Court.

## 8.—Wages.

The minimum rates of wages payable under this Award shall be as set out hereunder:—

(a) Basic Wage—	Per Week. £ s. d.
Within a radius of fifteen (15) miles from the G.P.O., Perth	9 4 3
Outside a 15 mile but within a 20 mile radius from the G.P.O., Perth	9 4 1

## (b) Adults—

	Margin Per Week. £ s. d.
(i) Driver of Excavator	3 10 0
(ii) Crane Drivers employed on floating cranes	3 10 0
(iii) Crane Drivers employed on shore cranes	2 17 6

## 9.—Shift Workers.

Workers employed other than on day shift shall be paid five per cent. (5%) for afternoon shift and seven and a half per cent. (7½%) for night shift in addition to the rates prescribed in clause 8 hereof.

## 10.—Contract of Service.

(a) The contract of service of all workers shall be by the week terminable by one (1) week's notice on either side.

(b) Workers called upon to temporarily work at a higher grade shall be paid the prescribed rates for such higher grade for the actual time so employed.

(c) The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the Union or unions affiliated with it, or by any other association or union, or through the breakdown of the employer's machinery, or any stoppage of work from any cause which the employer cannot reasonably prevent.

## 11.—Holidays and Annual Leave.

(a) The following days, or the days observed in lieu, shall, subject to subclause (b) hereof, be allowed as holidays without deduction of pay, namely, New Year's Day, Australia Day, Good Friday, Easter Monday, Anzac Day, Labour Day, State Foundation Day, Christmas Day and Boxing Day.

(b) All work performed on any of the foregoing days shall be paid for at the rate of double time.

(c) On any public holiday not prescribed as a holiday under this Award the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty and payment may be deducted but if work be done ordinary rates of pay shall apply.

(d) Except as hereinafter provided a period of two consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve months' continuous service with such employer.

(e) If any prescribed holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(f) If after one month's continuous service in any qualifying twelve-monthly period a worker lawfully leaves his employment, or his employment is terminated by the employer through no fault of the worker, the worker shall be paid one-sixth of a week's pay at his ordinary rate of wage in respect of each completed month of continuous service.

(g) Any time in respect of which a worker is absent from work except time for which he is entitled to claim sick pay or time spent on holidays or annual leave as prescribed by this Award shall not count for the purpose of determining his right to annual leave.

(h) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled, subject to subclause (f) of this clause, to such leave on full pay as is proportionate to his length of service during that period with such employer, and if such leave is not equal to the leave given to the other workers he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(i) A worker who is dismissed for misconduct or who illegally severs his contract of service shall not be entitled to the benefit of the provisions of this clause.

(j) The provisions of this clause shall not apply to casual workers.

#### 12.—Absence Through Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health at the rate of one-twelfth (1/12th) of a week's pay for each completed month of service: Provided that, subject to subclause (g) hereof, payment for absence through such ill-health shall be limited to one (1) week's pay in each calendar year.

(b) Payment hereunder may be adjusted at the end of each calendar year or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(c) This clause shall not apply when the worker is entitled to compensation under the Workers' Compensation Act.

(d) A worker shall not be entitled to receive any wages from his employer for any time lost through any accident not arising out of or in the course of his employment or for any accident wherever sustained arising out of his own wilful default or for sickness arising out of his own wilful default.

(e) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(f) Notwithstanding the provisions of subclause (e) hereof, a worker, who in any calendar year, has already been allowed paid sick leave on one occasion for one day only, or less, shall not be entitled to payment for any further absence of one day only or less, unless he produces to the employer a medical certificate stating that he was unable to attend for duty on account of personal ill-health.

(g) Sick leave shall accumulate from year to year, so that any balance of the period specified in subclause (a) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of two (2) years but no longer from the end of the year in which it accrues.

(h) For the purpose of assessing a worker's entitlement to accumulated sick pay, subclause (g) hereof shall be deemed to have become operative as from the first day of January, 1951.

#### 13.—Board of Reference.

The Court may appoint for the purpose of this Award a Board of Reference. Such Board shall consist of a chairman and two other representatives, one to be nominated by each of the parties as prescribed by regulations. There are assigned to such board in the event of no agreement being arrived at between the parties to this Award, the functions of—

- (a) adjusting any matters of difference which may arise from time to time, except such as involve interpretations of the provisions of the Award or any of them;
- (b) deciding any other matter that the Court may refer to such board from time to time.

An appeal shall lie from any decision of such board in the manner and subject to the conditions prescribed in the regulations to the Industrial Arbitration Act, 1912-1950, which for the purpose are embodied in this Award.

#### 14.—Record.

The wages book (or wages sheets) of the employer shall be open for inspection by the secretary or an accredited representative of the Union, at the office of the company during working hours, upon reasonable notice being given of the desire to inspect same.

#### 15.—Travelling.

Workers employed on floating cranes shall be entitled to payment for travelling time one way only from shore to crane, and such payment shall be at ordinary rates.

#### 16.—No Reduction.

This Award shall not in itself operate to reduce the wages of any worker below the rate actually received by him at the date hereof.

I certify, pursuant to section 65 of the Industrial Arbitration Act, 1912-1950, that the foregoing is a copy of the agreement arrived at between the parties mentioned above.

Dated at Perth this 15th day of June, 1951.

12. Public Holidays.
13. Sick Leave.
14. Long Service Leave.
15. No Reduction.
16. Contract of Service.
17. Acting in a higher Capacity.
18. Board of Reference.
19. Term.

##### 3.—Area and Scope.

This Award shall apply throughout the State of Western Australia to all workers employed as tradesmen foremen and sub-foremen enumerated in Clause 4 Wages hereof, by the Minister for Public Works, Minister for Water Supply, and the Minister in Charge of State Engineering Works, and to any other tradesmen foremen who may from time to time be included in the wages clause.

## 4.—Wages.

## (a) Basic Wage—

£ s. d.

- |   |   |   |   |
|---|---|---|---|
| (i) Within a radius of fifteen (15) miles of the G.P.O., Perth .....  | 9 | 4 | 3 |
| (ii) Outside a fifteen (15) mile radius of the G.P.O., Perth, but within the South-West Land Division ..... | 9 | 4 | 1 |
| (iii) Outside the South-West Land Division .....  | 9 | 8 | 5 |

(b) Foremen shall be paid margins in accordance with the classification herein prescribed.

## (i) Class 1: Foremen—

Fitting shop, State Engineering Works.  
Moulding shop, State Engineering Works.  
Blacksmith shop, State Engineering Works.  
Pattern maker, State Engineering Works.  
Meter shop, State Engineering Works.  
Machine shop, State Engineering Works.  
Boiler shop, State Engineering Works.  
Tractor shop, East Perth Workshops.  
Electrical workshop and/or installation, East Perth Workshops.  
Electrician, Metropolitan Water Supply.  
Marginal range per annum: £320-£335-£350.

Advancement from the minimum to the maximum shall be by yearly increments.

## (ii) Class 2: Foremen—

Plumbing shop, State Engineering Works.  
Carpentry shop, State Engineering Works.  
Mechanic, East Perth Workshops.

Marginal range per annum: £285-£295-£320.

The Minister shall classify each officer within the marginal range herein prescribed and may re-classify any officer, within the above range, or promote such officer or officers to Class 1, at any time when in the opinion of the Minister concerned, the experience of such officer and the nature of his duties or responsibilities warrant such re-classification.

## (c) Sub-Foreman—

First year—£200.

Second year—£225.

## 5.—Definitions.

"Sub-foreman" shall mean a tradesman appointed by the management who is required to assist the foreman to a greater degree in the control of men and operation of the workshops beyond that required of a leading hand to the extent that it requires practically the whole of his time in this direction. Whilst occupying the position of sub-foreman he will be considered as being trained for a position of foreman, and when required must be capable of taking over the duties and responsibilities during any absence of the foreman.

## 6.—Hours.

Forty (40) hours exclusive of time occupied for meals shall constitute a week's work to be worked in five (5) days per week, Monday to Friday inclusive, subject to the provisions of Clause 7 (a) hereunder.

## 7.—Overtime.

(a) Foremen and sub-foremen shall not be entitled to payment for overtime up to the first two (2) hours worked each week, Monday to Friday inclusive.

(b) Overtime other than that prescribed in sub-clause (a) hereof shall be paid for as follows:—

- (i) For the first four (4) hours each day at the rate of time and a half. All overtime in excess of four (4) hours per day to be paid at the rate of double time.

- (ii) All time worked on Sundays shall be paid for at double time rates.

## 8.—District Allowance.

District allowance shall be paid for as provided for in the Award covering engineering trade employees of the State Government.

## 9.—Camp Allowance.

Foremen and sub-foremen shall be paid the camp allowance applying to the main body of wages men with whom they are working.

## 10.—Country Work.

(a) When a worker is instructed to proceed on duty from the place where he is then or usually employed, the employer shall pay all fares including sleeper, and a proper allowance at current rates shall be paid for all meals and board and lodging.

(b) A worker travelling to work away from or returning to his usual place of employment shall be paid for the actual travelling time in his ordinary working hours, and in addition thereto, his actual travelling time outside his ordinary working hours shall be paid at ordinary rates up to a maximum of eight (8) hours in any one (1) day.

(c) Sunday travelling time shall be paid for at the same rates and on the same conditions as on week days.

(d) In respect to a worker who is provided with a sleeping berth in a passenger train, travelling time shall not count between 10 p.m. and 6 a.m.: Provided that this shall not operate to reduce the travelling time when paid for below eight (8) hours in any one (1) day.

(e) Fares shall be first class including sleeper when necessary except when travelling by coastal boat when saloon fares shall be paid.

## 11.—Annual Leave.

(a) Except as hereinafter provided a period of two (2) consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve (12) months' continuous service with such employer.

(b) If any award holiday falls within a workers' period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(c) A worker may be rostered off and granted annual leave with payment of ordinary wages as prescribed prior to his having completed a period of twelve (12) months' continuous service, in which case should the services of such worker terminate or be terminated prior to the completion of twelve (12) months' continuous service, the said worker shall refund to the Minister the difference between the amount received by him for wages in respect of the period of his annual leave and the amount which would have accrued to him by reason of the length of his service up to the date of the termination of his services.

(d) (i) Subject to paragraph (ii), when computing the annual leave due under this clause no deduction shall be made from such leave in respect of the period that a worker is on annual leave and/or holidays: Provided that no deductions shall be made for any approved period a worker is absent from duty through sickness with or without pay unless the absence exceeds three (3) calendar months, in which case deduction may be made for such excess only.

(ii) Approved periods of absence from work caused through accident sustained in the course of employment shall not be considered breaks in continuity of service, but the first six (6) months only of any such period shall count as service for the purpose of computing annual leave.

(e) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period with such employer.

(f) Any worker who may resign or be dismissed from the service for any cause, other than for peculation or theft, shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service: Provided always that if the worker has been dismissed for peculation or theft no claim for annual leave shall be recognised. Misconduct herein referred to shall not affect accumulated annual leave or payment therefor.

(g) When work is closed down for the purpose of allowing annual leave to be taken, workers with less than a full year's service shall only be entitled to payment during such period for the number of days' leave due to them: Provided that nothing herein contained shall deprive the Minister of his right to retain such workers at work during the close-down period as may be essential.

(h) Workers regularly working for the Government North of South Latitude 26 shall be allowed to accumulate annual leave for two (2) years, subject to the convenience of the Department. Such workers who proceed to Fremantle and Geraldton during the period of such leave shall be allowed once in each two (2) years reasonable travelling time on the forward and return journeys between the place of their employment and either of the said ports.

#### 12.—Public Holidays.

(a) (i) Except as hereinafter provided, each of the following days, or the day observed in lieu thereof, shall be allowed as a holiday to all workers and be paid for, namely, New Year's Day, Australia Day (26th January), Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, Foundation Day, King's Birthday, Christmas Day and Boxing Day.

(ii) Whenever any holiday falls on an employee's ordinary working day and the employee is not required to work on such day he shall be paid for the ordinary hours he would have worked on such day if it had not been a holiday. If he is required to work on a holiday he shall be paid for the time worked as if it was an ordinary working day and shall, in addition, be allowed a day's leave with pay to be added to the annual leave or to be taken at some subsequent date if the worker so agrees.

(iii) In the case of workers working a five-day week, no payment or a day in lieu shall be granted for any public holiday falling on a Saturday.

(iv) Payment for holidays shall be in accordance with the usual hours of work.

(v) When a worker is off duty owing to leave without pay or sickness, including accidents on or off duty except time for which he is entitled to claim sick pay, any holiday falling during such absence shall not be treated as a paid holiday. Where the worker is on duty or available on the working day immediately preceding a holiday, or resumes duty or is available on the working day immediately following a holiday, as prescribed in this clause, the worker shall be entitled to a paid holiday on all such holidays.

#### 13.—Sick Leave.

(a) An employee on production of an adequate medical certificate shall be granted sick leave as follows:—

Continuous service not exceeding six months:  
Three working days on full pay.

Exceeding six months but not exceeding eighteen months: Ten working days on full pay.

Exceeding eighteen months but not exceeding three years: Ten working days on full pay and ten working days on half pay.

Exceeding three years and for each triennial period after the expiration of the first three years: One month on full pay.

(b) Indisposition not necessitating confinement to the house shall not be regarded as illness in respect of which leave of absence may be granted under this clause except under special circumstances as may be approved by the respondents.

(c) Sick leave shall not be granted in respect of any absence due to an employee's own fault, neglect or misconduct.

(d) The privileges accrued by way of accumulation of sick leave prior to the commencement of the issue of this Award shall be credited to the worker concerned.

(e) Provided that if the existing clause applying to clerks employed at the State Engineering Works should at any time be varied, liberty to apply is reserved.

#### 14.—Long Service Leave.

(a) An employee who has completed ten years' continuous service shall be entitled to three calendar months' long service leave on full pay or six calendar months on half pay.

(b) For each subsequent period of seven years' continuous service an employee shall be entitled to an additional three calendar months' long service leave on full pay or six calendar months on half pay.

(c) The provisions of subclause (a) and (b) shall apply as from the date of the issue of this Award: Provided that previous continuous service up to that date since the date an employee's last period of long service leave became due shall only be counted in full where the conditions prescribed in relation to that previous service provided for three months' long service leave on full pay on the basis of seven years' continuous service. Where such previous service would only have entitled an employee to three months' long service leave on full pay on the basis of ten years' continuous service, then the first eighteen months of such previous service shall not be counted.

(d) Continuous service shall not include the period during which an employee is on long service leave, or any period exceeding two weeks an employee is absent on leave without pay or any service an employee may have had before reaching the age of eighteen years.

(e) An employee, who resigns or is dismissed, shall not be entitled to long service leave or payment for long service leave other than that leave that had actually accrued to him prior to the date on which he resigned or the date of the offence for which he was dismissed.

(f) Any public holidays occurring during the period in which an employee is on long service leave will be treated as part of the long service leave and extra days in lieu thereof shall not be granted.

(g) A lump sum payment for long service leave accrued in accordance with this clause and for pro rata long service leave shall be made in the following cases:—

(i) To an employee who retires at or over the age of sixty years or who is retired on the grounds of ill-health, provided that no payment shall be made for pro rata long service leave unless the employee has completed not less than twelve months' continuous service.

(ii) To an employee who is retired for any other cause, provided that no payment shall be made for pro rata long service leave unless the employee had completed not less than three years' continuous service before the date of his retirement.

(iii) To the widow of an employee or to such other person as may be approved by the Minister in the event of the death of an employee, provided that no payment shall be made for pro rata long service leave unless the employee had completed not less than twelve months' continuous service prior to the date of his death.

(h) The calculation of the amount due for long service leave accrued and for pro rata long service leave shall be made at the rate of salary of an employee at the date of retirement, resignation or death whichever applies and no such payment shall exceed the equivalent of 12 months' salary.

## 15.—No Reduction.

Any employee who has been prior to the date of this Award in receipt of a higher rate of pay than that specified herein shall not suffer any reduction in such amount solely by reason of the Award.

## 16.—Contract of Service.

The engagement of a foreman or sub-foreman shall be terminated by one month's notice on either side, such notice to expire on the usual pay day, excepting that an employee guilty of gross misconduct or neglect of duty may be instantly dismissed and shall not be entitled to any such notice or payment in lieu.

## 17.—Acting in a Higher Capacity.

When a sub-foreman is acting in a higher capacity for one consecutive week or more he shall be paid the minimum rate of pay of that position in which he is acting.

## 18.—Board of Reference.

(1) For the purpose of this Award, a Board of Reference is hereby appointed, which shall consist of a chairman and two (2) other representatives, one to be nominated by each of the parties. The said board shall have assigned to it in the event of no agreement being arrived at between the parties to the dispute the functions of:—

(a) adjusting any matters of difference which may arise from time to time except such as involve interpretations of the provisions of this Award or any of them.

(b) dealing with any other matter which the Court may refer to the Board from time to time.

(c) classifying and fixing wages, rates and conditions for any occupation or calling not specifically mentioned in the Award.

(2) An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the Industrial Arbitration Act, 1912-1950, which for this purpose are embodied in this Award.

## 19.—Term.

The term of this Award shall be for a period of three (3) years from the date hereof and may be amended in accordance with the provisions of the Industrial Arbitration Act, 1912-1950.

In witness whereof this Award has been signed by the Conciliation Commissioner, and the Seal of the Court has been hereto affixed this 25th day of June, 1951.

[L.S.] (Sgd.) S. F. SCHNAARS,  
Conciliation Commissioner.
