CLASSIFICATION.

The permanent positions created under the provisions of the Public Service Act, 1904-1948, and the officers occupying these positions fall into one or the other of two main sections, viz. :—

Where a Class figure is not shown, the Group number itself denotes that the office and officer concerned have been placed in a group for which classes have not been provided as increases in salary are automatic according to age or years of service.

Class numbers follow the ascending order of importance of positions in their respective groups and grade numbers, where they have been applied to titles, the descending order.
