Schedule.

Boulder Cemetery (Reserve 9037).
By-laws.

By virtue of all powers in that behalf vested in the Trustees of the Public Cemetery, Boulder, the said Trustees make the following by-laws:—

1. That all fees and charges payable to the Trustees, in accordance with Schedule "A", shall be paid when applications are made or orders given.

2. That any person desiring ground in the Cemetery for a private grave, vault, tomb, monument, cenotaph, tombstone, railing, wall, or for any other purpose shall apply to the Trustees therefor. If approved the Trustees, on the payment of the required fees, shall issue to such person so applying a Certificate of Right of Burial, in the form specified in Schedule "B".

3. Any person desiring to place or erect any monument, tombstone, or enclosure in any part of the Cemetery shall, before obtaining permission to do so, submit a plan of description of such monument, tombstone, or enclosure, and specify the materials of which it is to be composed to the Trustees, and shall obtain such permission in writing before proceeding with the work, in the form of Schedule "D".

4. And every person who shall place or erect any monument, tombstone, or enclosure upon any grave the exclusive right of which has not been obtained, shall keep the same in repair; and if, after receiving one month's notice in writing from the Trustees, such repairs are not executed, then the Trustees may order such monument, etc., to be removed.

5. Every person who has the exclusive right of burial in any grave shall keep such grave, and any erection or construction thereon in proper repair; and if after receiving notice in writing from the Trustees requiring such repairs to be executed, shall fail so to do, then, after the expiration of 28 days, the Trustees may cause such repairs to be executed and may recover the cost thereof from such person in a summary way before two Justices in Petty Sessions.

6. (1) The time appointed for any funeral to arrive at the Cemetery shall be notified to the Secretary at least eight working hours before the time appointed for such arrival, and such time shall be punctually observed.

(2) The name of the deceased, age, and other particulars mentioned in Schedule "C" shall be furnished when giving the order.

7. The Trustees shall cause all ordinary graves to be dug but any person desiring to construct a brick grave or vault shall be permitted to construct the same, under the direction of the Secretary or his deputy, on payment of the required fees, and every coffin placed therein shall be bricked in, cemented, and made and kept air-tight.

8. That every coffin shall have upon the lid a metal plate with the name of deceased and date of death stamped or inscribed thereon.

9. That every grave shall be at least 6 ft. deep, except those used for the burial of infants, which the Trustees may allow to be of lesser depth; but no interment shall be allowed in any grave with a less depth than three feet from the top of the coffin to the original surface of the ground.

10. That, in case of application for interment in any private grave or vault to which during life the deceased person had no claim, the written consent of the owner shall be given with the application, or other satisfactory evidence that the person desiring to bury therein is entitled to do so.

11. That no burial shall be permitted to take place in the Cemetery without an order for burial being obtained from the Secretary in the form of Schedule "C" and delivered to the sexton at the Cemetery.

12. That hours for burial shall be as follows:—
Monday to Friday—9 a.m. - 4.30 p.m.
Saturday—9 a.m. - 11.30 a.m.

On Sundays: No interment shall be allowed except when it is certified in writing by a Medical Officer of Health that for hygienic reasons or by the Chairman of Trustees that for religious reasons, it is necessary or advisable that the burial shall take place on that day.

13. That no burial shall be allowed to take place before or after the hours above-mentioned, except by special permission, and upon payment of the fee for burials "not in the usual hours".

14. That the time stated in Schedule "C" for any burial shall be the time when the funeral is to be at the Cemetery, and the same time shall be punctually observed.

15. That every funeral shall enter by the principal entrance, and thence follow the sexton to the grave. No bicycle, velocipede, carriage, or vehicle, except hearses and mourning-coaches, shall be permitted to pass the said entrance. Horses shall not be driven faster than a walking pace, and no horses, or other animals shall be ridden in the Cemetery.

16. No erection of an estimated value of ten pounds—£10, or more will be permitted until a certificate of right of burial shall have first been had and obtained.

17. That every erection shall be placed upon proper and substantial foundations, and, if required by the Trustees, shall extend to the bottom of the grave. All refuse, rubbish, or material remaining after any work is completed shall be removed from the Cemetery at once, by and at the expense of the person causing the same.

18. All material required in the making, repairing, or completion of any work shall be fully prepared before being taken into the Cemetery.

19. That no catacomb shall be allowed.

20. When, in the opinion of the Trustees, any tomb, monument, tablet, gravestone or other erection is, or is likely to become dangerous, the Trustees shall, where practicable, give notice in writing to the owner or person responsible to repair, if his place of abode can be ascertained. If within reasonable time such repair is not effected, the Trustees may take down and remove such monument, tablet, gravestone or other erection, and sell or otherwise dispose of the materials of which same was composed. The Trustees shall not be required to account for the proceeds of such sale or for such disposition of the materials. A notice sent by prepaid post to the address of such owner or person last known to the Secretary shall be sufficient notice under this by-law.

21. The sexton shall have power to remove from any burial allotment, any unsightly ornaments such as broken glass bottles, jars, tins, decayed and broken wreaths and dead flowers, and to prune, cut down, or dig up and remove any shrubs or plants on any burial allotment, when such, in his opinion, shall have become unsightly or overgrown.

22. Where a re-open might be required within three years, provision must be made in the first instance by sinking the grave 12in. deeper than above prescribed, for every contemplated interment.

23. That the Trustees shall not (except in very exceptional cases) permit the removal of any corpse from any grave for re-interment in this or any other cemetery, and before any such exceptional case be dealt with by the trustees a written application setting forth the reasons for the proposed removal of such corpse, shall be produced by the nearest available representative of the deceased, and in the event of such application being granted, the permission of the Governor, in addition to the permission of the Trustees, shall be obtained. If found necessary, the coffin shall be enclosed in a second and air-tight wooden or leaden coffin prior to removal.

24. That any workman or other employee, whether employed by the Trustees or by any other person, shall at all times while in the Cemetery be subject to the supervision, direction, and control of the Secretary or his deputy, and shall obey all such directions, and shall be removed from the Cemetery upon any breach of the by-laws or any refusal or neglect to comply with or obey any such directions.

25. Any person taking part in dressing or attending to any grave shall comply with the following rules, namely:—

(1) That no rubbish or any other material removed in dressing a grave shall be placed on any other grave, or pathway, and if placed on any other adjoining ground shall be removed immediately after the completion of the work.

(2) That no loam shall be taken from any portion of the Cemetery for the purpose of dressing any grave.

(3) That no grave shall be dressed in wet weather except by special permission of the Secretary, nor shall any materials be wheeled or carted along any path or road while the surface is soft with rain or otherwise. Work in all cases must be carried on with due despatch, and only during regulated hours.

26. That no child under the age of 10 years shall be admitted into the Cemetery except in charge of a responsible person.

27. That no smoking shall be allowed within the Cemetery, nor shall any explosives be discharged therein except by special permission.

28. That every driver of a hearse, mourning-coach, or other vehicle, and every pedestrian shall keep strictly to the roads and pathways as laid out for vehicles and pedestrians respectively, and vehicles shall only be turned at points where provision for so doing is made.

29. That no animals other than horses drawing hearses or mourning-coaches shall be permitted to enter the Cemetery except by permission.

30. That no person in the Cemetery or its approaches shall commit any nuisance, or trespass, or be guilty of any breach of decorum, or cut, pluck, gather, or take out of the Cemetery any flower, plant, shrub, or tree or any part thereof, or do any injury whatsoever thereto, or to any plot, border or railing, fence, or any erection or road, or remove or interfere in any way with anything laid, built, or placed on or in any grave, or burying place; and any person or persons so offending may be proceeded against in accordance with the Act.

31. That no person shall promote or advertise, or carry on within the Cemetery or its approaches any trade, business, or calling either by solicitation, distribution of circulars, or cards, or otherwise, or by any other system of advertisement whatever.

32. The "Secretary" or his "Deputy" as referred to in these by-laws, means the person for the time being employed by the Trustees as the Secretary or his Deputy of the Cemetery, and such person or persons shall, subject to the Trustees, exercise a general supervision and control over all matters pertaining to the Cemetery and to the carrying out and enforcement of these by-laws; and the direction of such person or persons shall in all cases and for all purposes be presumed to be and to have been the direction of the Trustees.

33. That all fees may be recovered and all proceedings under these by-laws taken before two Justices of Petty Sessions except where otherwise provided for.

34. That any person committing any breach of these by-laws shall thereupon be forthwith removable from the Cemetery by the Trustees, or Secretary or his deputy, and shall be treated as a trespasser, and may be proceeded against accordingly in addition to any other proceedings or penalties to which such persons may be subject.

35. That licenses to grave dressers or grave decorators and licenses for various purposes not otherwise provided for may be issued by the Trustees in the form set out in Schedule "E".

36. That a plan of the Cemetery, showing the distribution of the land, sections, blocks, and graves numbered, a Register of Burials, and a Register of Certificates of Right of Burial shall be kept at the office of the Trustees.
