This Award shall apply to workers employed by the Forests Department throughout the South-West Land Division of the State, provided it shall not apply to workers covered by any other Award of the Court of Arbitration, or by any Industrial Agreement registered under the Industrial Arbitration Act, 1912-1952.

4.—Term.

This Award shall have effect for one year from the date hereof.

## 5.—Holidays.

(a) Except as hereinafter provided, each of the following days, or the day observed in lieu thereof, shall be allowed as a holiday to all workers and be paid for, namely, New Year's Day, Australia Day (January), Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, Foundation Day, Queen's Birthday, Christmas Day and Boxing Day.

(b) Whenever any holiday falls on an employee's ordinary working day and the employee is not required to work on such day, he shall be paid for the ordinary hours he would have worked on such day as if it had not been a holiday. If he is required to work on a holiday, he shall be paid for the time worked as if it was an ordinary working day and shall, in addition, be allowed a day's leave with pay to be added to the annual leave or to be taken at some subsequent date if the worker so agrees.

(c) In the case of workers working a five-day week, no payment or a day in lieu shall be granted for any public holiday falling on a Saturday.

(d) Payment for holidays shall be in accordance with the usual hours of work.

(e) When a worker is off duty owing to leave without pay or sickness, including accidents on or off duty, except time for which he is entitled to claim sick pay, any holiday falling during such absence shall not be treated as a paid holiday.

Where the worker is on duty or available on the whole of the working day immediately preceding a holiday, or resumes duty or is available on the whole of the working day immediately following a holiday, as prescribed in this clause, the worker shall be entitled to a paid holiday on all such holidays.

(f) A casual worker shall not be entitled to payment for any holiday referred to in this clause.

(g) Any worker employed on piecework under the provisions of this Award shall be entitled to be granted and paid at the day work rate in respect of any holiday prescribed in this clause. "Day work rate" for the purpose of this subclause shall mean the rate appropriate to the worker's occupation as prescribed in clause 36.

Provided that where a pieceworker by reason of his failure to work full time, other than on account of sickness, wet weather, annual leave or any public holidays prescribed by this Award or special leave granted by the Department does not earn the amount that a worker of average capacity would have earned on piecework in accordance with a rate fixed under the provisions of clause 18 had such latter worker been employed on all working days since the date of the public holiday next preceding the holiday referred to in this subclause, then the payment to such piece worker for such holiday shall be reduced by the proportion that the deficiency in his earnings bears to the amount of the earnings of such average worker.

## 6.—Annual Leave.

(a) Except as hereinafter provided a period of two consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by the Department after a period of twelve months' continuous service with the Department.

(b) If any Award holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(c) A worker may be rostered off and granted annual leave with payment of ordinary wages as prescribed prior to his having completed a period of twelve months' continuous service, in which case should the services of such worker terminate or be terminated prior to the completion of twelve months' continuous service, the said worker shall refund to the Department the difference between the amount received by him for wages in respect of the period of his annual leave and the amount which would have been accrued to him by reason of the length of his service up to the date of the termination of his services.

(d) (i) Subject to paragraph (ii), when computing the annual leave due under this clause no deduction shall be made from such leave in respect

of the period that a worker is on annual leave and/or holidays. Provided that no deductions shall be made for any approved period a worker is absent from duty through sickness with or without pay unless the absence exceeds three (3) calendar months, in which case deduction may be made for such excess only.

(ii) Approved periods of absence from work caused through accident sustained in the course of employment shall not be considered breaks in continuity of service, but the first six months only of any such period shall count as service for the purpose of computing annual leave.

(e) In the event of a worker being employed by the Department for portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period with the Department.

(f) Any worker who may resign or be dismissed from the service for any cause, other than for pecculation or theft, shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service. Provided always that if the worker has been dismissed for pecculation or theft no claim for annual leave shall be recognised. Misconduct herein referred to shall not affect accumulated annual leave or payment therefor.

(g) "Ordinary wages" for the purpose of subclause (a) hereof shall mean the rate of wage the worker has received for the greatest proportion of the calendar month prior to his taking the leave.

(h) Any worker employed on piecework under the provisions of this Award shall be entitled to be granted and paid for annual leave at the day work rate prevailing when the holidays are taken. "Day work rate" for the purpose of this subclause shall mean the rate appropriate to the worker's occupation as prescribed in clause 36. Provided that where a pieceworker has been employed on various classes of work the rate for the occupation in which the worker has been employed for the greater portion of the calendar month prior to his taking the leave shall be applied.

Provided that where a pieceworker, by reason of his failure to work full time, other than on account of sickness, wet weather, annual leave or any public holidays prescribed by this Award or special leave granted by the Department does not earn the amount that a worker of average capacity would have earned on piecework in accordance with a rate fixed under the provisions of clause 18, had such latter worker worked full time during the period over which the leave of such pieceworker has accrued, then the period of leave of such pieceworker shall be reduced by the proportion that the deficiency in his earnings bears to the amount of the earnings of such average worker. Provided further that where in accordance with such calculations—

(i) fractional portion of a day equal to or more than half a day is ascertained, then such fractional portion of a day shall count as a full day;

(ii) a fractional portion of a day less than a half day is ascertained, then such fractional portion of a day shall be disregarded.

(i) The provisions of this clause shall not apply to casual workers.

## 7.—Long Service Leave.

The conditions governing the granting of long service leave to full-time Government wages employees generally shall apply to workers covered by this Award.

## 8.—Accidents, Transportation, etc.

In cases of accident the Department shall pay the railway and/or any other transportation fare of the injured worker to the nearest hospital. Provided that, when it is deemed necessary by the officer-in-charge that an attendant shall accompany an injured person, the Department shall pay the attendant's transportation fare and such wages not exceeding eight (8) hours per day for the actual time occupied on the journey.

## 9.—Delivery of Stores.

The Department shall make provision for the delivery of stores at reasonable intervals at least twice weekly and shall provide potable water.

## 10.—Tools.

All tools required for the performance of the work shall be provided by the Department, and such tools shall be satisfactorily accounted for when required, failing which the value of any missing equipment less a fair depreciation allowance, may be deducted from the wage of the worker concerned.

## 11.—Contract of Service.

(a) Subject to clause 33 (b) the engagement of all workers except pieceworkers and casual workers shall be a weekly contract, terminable on either side by one week's notice given on any day or by payment on any day of one week's wages in lieu of such notice.

(b) The Department shall be under no obligation to pay for any day not worked on which the worker is required to present himself for duty except such absence is due to illness and comes within the provision of clause 23 (sick pay) or such absence is on account of holidays to which the worker is entitled under the provisions of this Award.

(c) This clause does not affect the right to dismiss for misconduct and in such cases wages shall be paid up to time of dismissal only.

(d) The Department shall be entitled to deduct payment for any day or portion of a day on which the worker cannot be usefully employed because of any strike by the Union or Unions affiliated with it or by any other Association or Union associated with it or through the breakdown of the Department's machinery or any stoppage of work by any cause which the Department cannot reasonably prevent with the exception of wet weather in which case the decision as to whether it is too wet to work shall rest with the officer-in-charge.

(e) The engagement of casual workers shall be by the hour.

## 12.—Rent.

A Board shall be appointed consisting of a representative of the Department, a representative of the Union, and a chairman to be mutually agreed upon. Failing agreement the chairman shall be a person nominated by the State Arbitration Court.

The said Board shall have assigned to it the function of fixing and reviewing the rent to be charged for quarters supplied by the Department. No appeal shall lie from any decision of such Board.

## 13.—Preference.

Preference of employment shall be given to members of the Australian Workers' Union, West-Australian Branch, Industrial Union of Workers, provided that any worker or applicant for employment who is a member of another recognised industrial union and who produces proof of such membership shall be entitled to equal preference; provided, also, that any worker or applicant for employment who is not a member of any registered industrial union shall within fourteen (14) days of commencing employment under this Award, make and complete an application for membership of the said union; and provided that any worker who is a financial member of another registered industrial union shall, upon the expiration of his current membership with such other union, within fourteen (14) days of such expiry, make and complete an application for membership with the Australian Workers' Union.
