(ii) Any person desiring to obtain the consent of the Council to the erection of such a verandah, shall deposit with the Building Surveyor a plan, elevation, section, and specification showing in detail the proposed construction of such verandah, and the manner in which it is proposed to secure it to the building to which it is proposed to be attached.

(iii) No such verandah shall hereafter be erected unless it conforms to the standard design, which has been settled and approved by the Council and deposited in the office of the building surveyor: Provided that the strength of the materials used in the construction of any such verandah and the design thereof may, subject to the approval of the building surveyor, be varied according to circumstances.

(iv) The minimum height of any verandah hereafter erected shall be 11ft. from the top of the kerb to the underside of the signboard. In the case of sloping ground the height shall be measured at the centre of the frontage: Provided that if the frontage shall exceed 20ft., a break in the verandah shall be made if so directed by the building surveyor.

(v) All verandahs in a street shall be erected of a uniform height and width. Subject to the last preceding section, the standard height and width of verandahs in each street shall be fixed by the Council.

(vi) In the construction of every such verandah the following conditions shall be complied with:—

(d) The hanging bolts are to be 1½ in. in diameter attached to the framing, as shown, and securely bolted to the building and provided with a union screw, all quite plain.

(viii) Whenever a proposed verandah will abut on to an existing verandah, it shall be so finished as to prevent rain from falling between such verandahs. Provided that when the existing verandah is shorter by not more than 1ft. than the frontage of the building to which it is attached, the person erecting the new verandah shall make the necessary extension to the existing one.

(ix) Whenever the end of a verandah abuts on to the end of a right-of-way, street, or public place, the signboard shall be curved and returned along such end to the satisfaction of the building surveyor, but so that no part of the verandah shall be within 6in. of the boundary of any such right-of-way, street, or public place.

(x) No writing, printing, or trade notice of any description shall be exhibited on any portion of the verandah, except on the outer face of the signboard and/or upon signboards under the ceiling of the verandah securely and rigidly fixed to the ceiling at right angles to the building line and having a maximum depth of 12in. and at a distance of 12ft. between one another. No paper, bill, or calico sign shall be placed or exhibited on any verandah unless the consent in writing of the building surveyor shall have been first obtained.

(xi) The owner or occupier for the time being of any building against or in front of which there is any verandah, whether constructed before or after the passing of this by-law, shall keep the verandah clean, painted, and in good repair, and it shall be lawful for the surveyor to give notice to the owner or occupier of the said building to clean, paint, or repair such verandah whenever in his opinion such cleaning, painting or repairing is required.

Brookton Road Board.

Notice of Intention to Borrow.

Proposed Loan No. 11 of £3,600.

NOTICE is hereby given that the Brookton Road Board proposes to borrow the sum of £3,600 to be expended on works and undertakings in the Brookton Road District, the said works and undertakings being the purchase and installation of a 67 h.p. Crossley diesel engine and generator complete.

The plans and specifications and the estimates of the cost of the said works and undertakings and statement showing the proposed expenditure of the money to be borrowed, including the cost of supervision and initial expenditure in connection with the raising of the loan, are open for inspection at the office of the Brookton Road Board, situated at Brookton, for one month from the publication hereof from 10 a.m. to 4 p.m. on week days, except Saturdays.

The amount of £3,600 is proposed to be raised by the sale of debentures repayable with interest by 20 equal half-yearly instalments over a period of 10 years after the date of issue thereof, in lieu of the formation of a sinking fund. The debentures shall bear interest at a rate not exceeding 5 per centum per annum, payable half-yearly. The amount of the said debentures and interest thereon is to be paid at the Bank of New South Wales, Brookton.

The works and undertakings for which the loan is proposed to be raised will, in the opinion of the Board, be of special benefit to a portion of the Brookton Road Board, namely, the Central Ward, and any loan rate applicable to such loan will be levied on the rateable land within such Central Ward of the said district. It is anticipated, however, that repayments will be met from the revenue of the electric light concern and a loan rate will be levied only if insufficient funds are available from the concern to meet the annual commitment.

6. Long service leave shall be taken at the convenience of the Board, who will, as far possible meet with the wishes of the employee, but the Board may require the employee to take leave by giving not less than three months' notice.

7. In the event of the retirement or death of an employee, the Board may pay to such employee (or in case of death, to his personal representatives, or if there be none, to his dependants) a sum of money equal to his wages or salary for the period of long service leave which the Board is empowered under these by-laws to grant to such employee at the date of his retirement or death, or if the Board after consideration of all the circumstances, direct that the death of an employee be presumed, the Board may authorise the payment to the dependants of the employee of a sum equivalent to the amount of wages or salary which would under this by-law have been granted the employee immediately prior to the date of his death, such date to be determined by the Board.

8. (a) Employees due to take long service leave shall be paid their salary or wage for the period thereof at the rate equivalent to the salary paid in the week immediately preceding the taking of long service leave.

(b) The Board may, at its discretion, either (1) pay to an employee his wages or salary periodically during long service leave, or (2) pay to the employee in advance a sum representing the amount of his wages or salary for the period of his long service leave.

9. All annual leave to which an employee is entitled or will become entitled before the expiration of his long service leave shall be taken by the employee in conjunction with his long service leave, but any public holidays which may occur during the taking of his long service leave are not to be paid for over and above the long service leave, but are to form part of such long service leave.

10. Long service leave shall be considered as a special period of recuperation after a lengthy term of service with a view to fitting the employee for a further term and during such leave no employee shall undertake any form of employment for hire or reward, unless by special permission of the Board. Any contravention of this by-law shall entitle the Board to dismiss the employee from its service, and to cease paying or to recover any amounts paid in advance on account of long service leave.
