(iii) Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(b) This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

#### 10.—Annual Leave.

(b) If any award holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(c) (i) Subject to paragraph (ii), when computing the annual leave due under this clause no deduction shall be made from such leave in respect

of the period that a worker is on annual leave and/or holidays: Provided that no deductions shall be made for any approved period a worker is absent from duty through sickness with or without pay unless the absence exceeds an aggregate of thirteen (13) weeks in which case deduction may be made for such excess only.

(ii) Approved periods of absence from work caused through accident sustained in the course of employment shall not be considered breaks in continuity of service but the first six months only of any such period shall count as service for the purpose of computing annual leave.

(d) In the event of a worker being employed by the Commission for a portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period with the Commission.

(e) Any worker who may resign or be dismissed from the service for any cause other than for peculation or theft shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service: Provided always that if the worker has been dismissed for peculation or theft no claim for annual leave shall be recognised. (f) When work is closed for the purpose of allowing annual leave to be taken workers with less than a full year's service shall be entitled to payment during such period for the number of days' leave due to them: Provided that nothing herein contained shall deprive the Commission of its right to retain such workers at work during the close-down period as may be essential.

(b) (i) Whenever any holiday falls on an employee's ordinary working day and the employee is not required to work on such day, he shall be paid for the ordinary hours he would have worked on such day if it had not been a holiday. If he is required to work on a holiday he shall be paid for the time worked as if it were an ordinary working day and shall, in addition, be allowed a day's leave with pay to be added to the annual leave or to be taken at some subsequent date if the worker so agrees.

(ii) If any worker is required to work on a public holiday prescribed as a holiday under this Agreement which falls on a non-working day, he shall be paid the rate which he would have been paid if the day had not been a public holiday, and in addition shall have one day for each holiday so worked added to his annual leave.

(c) In the case of workers working a five day week, no payment or a day in lieu shall be granted for any public holiday falling on a Saturday.

(d) Payment for holidays shall be in accordance with the usual hours of work.

(e) When a worker is off duty owing to leave without pay or sickness including accidents on or off duty, except time for which he is entitled to claim sick pay, any holiday falling during such absence shall not be treated as a paid holiday. Where the worker is on duty or available on the whole of the working day immediately preceding a holiday or resumes duty or is available on the whole of the working day immediately following a holiday as prescribed in this clause, the worker shall be entitled to a paid holiday on all such holidays.

(f) Workers employed on Sunday work shall be entitled to half ( $\frac{1}{2}$ ) of one day extra on their annual leave for every four (4) Sundays worked during the year. Sunday work shall not be counted for the purpose of this subclause unless at least three (3) hours' actual work is done.

(g) A casual worker shall not be entitled to payment for any holiday referred to in this clause.

#### 12.—Rest Period.

(a) Subject to the provisions hereinafter contained, a rest period of seven (7) minutes from the time of ceasing to the time of resumption of work shall be allowed each morning. This interval shall be counted as time off duty without deduction of pay and shall be arranged at a time and in a manner to suit the convenience of the Commission. Morning tea may be taken by employees during this interval, but the period of seven (7) minutes shall not be exceeded under any circumstances. Upon proof of breach by any employee of any provision hereinbefore expressed or implied, the Court may grant the Commission exemption from liability to allow the rest period aforesaid.

(b) Workers engaged on essential emergency work or on some process in course (e.g., concreting) may be required to take the prescribed tea break at such time and in such manner as considered necessary by the officer in charge of the job or, in his absence, by the foreman.

#### 13.—Long Service Leave.

The conditions relating to full-time Government wages employees generally as in force at the date of this Agreement, and as may be amended from time to time, shall apply to all workers employed under the provisions of this Agreement.

#### 14.—No New Designation.

No new designation shall be introduced during the currency of this Agreement so as to reduce the status of any worker covered thereby.

#### 15.—Shop Stewards.

Subject to the recognition of properly constituted authority, shop stewards to be appointed by the Union shall be recognised by the Commission.

#### 16.—Hours of Duty.

(1) (a) Forty (40) hours, exclusive of Saturday and Sunday work shall constitute a week's work. No day's work shall exceed eight (8) hours.

(b) The ordinary hours of duty shall be between the hours of 7.30 a.m. and 5 p.m., Monday to Friday.

(c) The usual hours of duty within the scope as provided in subclause (b) hereof shall not be altered without consultation with the Union.

(2) (a) The Commission may require any worker to work reasonable overtime at overtime rates and such worker shall work overtime in accordance with such requirement.

(b) The Union or any worker or workers covered by this Agreement shall not in any way, whether directly or indirectly, be party to or concerned in any ban, limitation or restriction upon the working of overtime in accordance with the requirements of this subclause.

(c) This subclause shall remain in operation until otherwise determined by the Court.

#### 17.—Guaranteed Week.

(a) The Commission shall guarantee to each worker, other than a casual, a full week's work, exclusive of Saturday and Sunday work, except during such period as by reason of any action on the part of any section of its workers or for any other cause beyond its control, the Commission is unable to wholly or partially to continue operations at the generating stations and/or at any of its undertakings. Each week shall stand by itself.

(b) The guaranteed period may be reduced or affected as follows:—

(i) Where a worker is suspended, the provisions of clause 18 (Wages During Suspension) shall apply.

(ii) In respect of any day when, as a result of a vote taken by the workers concerned with the consent of the Commission or by agreement between the Commission and the Union, a holiday is taken.

(iii) In respect of any day a worker is absent except through sickness as provided for in clause 9.

#### 18.—Wages During Suspension.

(a) Where a worker is suspended and the charge is not proven, full wages for the period of suspension shall be paid.

(b) Where the charge is admitted or proven, the worker may be deprived of wages for the whole or any portion of the period of suspension, but in such case the Commission shall decide the amount of wages of which it is intended to deprive the worker, and any such deprivation shall be recorded and regarded as part of the punishment.

(c) Unless proceedings on any charge are commenced within seven (7) days of the first laying of the charge and finalised within one month of such date the charge shall lapse and full payment of wages made to the worker for the complete period unless proceedings are delayed by causes outside the control of the Commission.

#### 19.—Overtime and Sunday Work.

(a) Any worker who is called upon to work overtime for more than two (2) hours shall be paid an allowance of three shillings (3s.) for a meal or shall be supplied by the Commission with a reasonable meal in lieu of such payment.

(b) Any worker who has left the premises at which he is employed and is recalled after the usual ceasing time for less than one (1) hour shall receive payment for one (1) hour at overtime rates.

(c) If a worker is required to work during the recognised meal period so that the commencement of the meal period is postponed for more than half ( $\frac{1}{2}$ ) an hour, that worker shall receive payment at double time rates until he gets his meal.

(d) Subject to the preceding subclause, if a worker who is required to work during the recognised meal period does not in consequence obtain during the shift the full continuous meal period, or loses any portion of the meal period, he shall be paid at double time rates for the period not obtained or any portion lost.

(e) The expression "recognised meal period" means the period customarily observed as the meal period between fixed times on the job, or at the works, as the case may be, except where the time of commencement of the customary period is altered by mutual consent of the Commission and the workers on a job to suit the convenience of the workers of the Commission, in which case the altered times shall be the basis of any rights under the preceding subclauses (c) and (d).

(f) A worker who commences at or after midnight shall be paid double time until 6 a.m. the following morning and, subject thereto, all work performed outside the normal limits of the hours of labour shall be paid for at the rate of time and a half for the first two (2) hours and double time thereafter.

Subject to the provisions of subclause (b) of this clause, for the purpose of this subclause, the normal limits of the hours of labour shall be ascertained by reference to the time of commencement and time of finishing generally observed in regard to the worker in question for the particular job on which he is engaged.

(g) All time worked on Sunday shall be paid for at the rate of double time.

#### 20.—Away from Home Allowance.

(a) When a worker is instructed to proceed on duty from the place where he is then or is usually employed, the Commission shall pay all fares, including sleeper and, except when a camp allowance is paid under clause (b) hereof, proper allowance at current rates for all necessary meals and board and lodging. Fares shall be second class except when travelling by coastal boat, when saloon fares shall be paid and shall include return fares on completion of job.

(b) (i) When a worker is required to live in a tent or hut away from his usual residence or home station he shall be paid a camping allowance of four shillings (4s.) for each working day he is required to hold himself and does hold himself available in a camp throughout the said day, whether or not work is done on the said day: Provided, however, the total amount payable under this provision shall not exceed twenty shillings (20s.) per week.

(ii) Provided further that if suitable accommodation, not being a tent or hut, is provided for a married worker and his dependants there shall be no obligation to pay any allowance under the previous subclause.

(iii) Rent may be charged for any tent or huts or other accommodation supplied, at rates to be fixed or falling agreement as decided by the Board of Reference.

#### 21.—Payment for Travelling Time.

##### (1) Metropolitan and Suburban Travelling.

(a) The Commission shall, in all cases, pay all travelling expenses actually and reasonably incurred by the workers in going from the shop or yards of the Commission, or from one job to another.

(b) The shop or yard is the recognised depot in each district. On construction work the job shall be the recognised depot. Provided, however, on construction work employees under this Agreement shall be allowed the same conditions as to fares as are prescribed by award or agreement for the joint body of employees of the industry in which they are employed.

(c) In all cases where a worker is not required to attend at the shop or yard as above, of the Commission, but goes direct to the job, the Commission shall pay all fares actually and reasonably incurred by a worker in excess of one and sixpence (1s. 6d.) per day, and which are incurred in travelling from his usual place of residence to such job, or from such job to his residence.

Provided that where the distance necessarily travelled from a worker's place of residence to the job and return is in excess of twelve (12) miles per day, the worker shall be paid a travelling allowance at the rate of fourpence (4d.) per mile for each mile in excess thereof: Provided that the maximum daily allowance under this subclause shall be four shillings (4s.): Provided further that if the employer provides a conveyance for more than half of the distance travelled, the allowance payable shall be reduced by one-half. Provided that this subclause shall not apply to workers required to attend at the shop or yard of the Commission.

(d) Where the worker uses any kind of conveyance (including a push cycle but not including a public conveyance, or a conveyance provided by the employer) the amount of fares for which the employer would have been liable in accordance with subclause (c) of this clause, if the worker had used a public conveyance, shall be paid by the employer to the worker.

(e) During the hours of work all travelling time from and to the employer's place of business or from one job to another shall be paid for by the employer at ordinary rates. The employer shall pay all fares in connection with such travelling.

(f) When a conveyance is provided by the employer and such conveyance is regularly used for the transport of workers to and from work, such conveyance shall be provided where reasonable with suitable seating accommodation and weatherproof covering.

##### (2) Other than Metropolitan and Suburban Travelling.

(a) A worker going to work away from or returning to his home station shall be paid at ordinary rates for the actual travelling or waiting time for the first eight (8) hours, and thereafter at half the ordinary rates in any one period of twenty-four (24) hours.

(b) Where waiting time exceeds four (4) hours and suitable accommodation is made available at the employer's expense, the worker shall be deemed to be booked off duty, and shall not be entitled to payment for the time he is booked off.

(c) Sunday travelling time shall be paid at the same rates and on the same conditions as on week days.

(d) In respect of a worker who is provided with a sleeping berth in a passenger train, travelling time shall not count between 10 p.m. and 7 a.m. Provided this shall not operate to reduce the travelling time to be paid below four (4) hours in any one (1) day. Provided further that where by virtue of the length or nature of the journey the sleeping berth is available for six (6) hours or less, travelling time shall be paid for such period with a minimum of four (4) hours.

#### 22.—No Reduction.

This agreement shall not in itself operate to reduce the wages of any worker who is at present receiving above the minimum rates prescribed for his class of work.

#### 23.—Preference to Unionists.

Preference of employment shall be given to financial members of the Union. Before being engaged an applicant in the metropolitan area shall produce evidence that he is a financial member. This provision shall also apply outside the metropolitan area: Provided however that if the applicant is unable to produce satisfactory evidence immediately he shall furnish same within a reasonable period.

#### 24.—Boards of Reference.

(a) The Court appoints, for the purpose of the agreement Boards of Reference. The Boards shall each consist of a chairman and two (2) other representatives nominated by the parties. There are assigned to such boards, in the event of no agreement being arrived at between the parties to the agreement the functions of—

- (i) classifying and fixing wages, rates and conditions for any machine, occupation or calling not specifically mentioned in the agreement;
- (ii) adjusting any matters of difference which may arise between the parties from time to time except such as involve interpretations of the provisions of the agreement or any of them;
- (iii) deciding any other matter that the Court may refer to the Board from time to time.

(b) Separate boards may be appointed for different sections corresponding to the occupations, callings or vocations referred to in this agreement and/or for different districts.

(c) The provisions of regulation 92 of the Industrial Arbitration Act, 1912-1952 (Appeal from Board) shall be deemed to apply to any Board of Reference appointed hereunder.

#### 25.—Right of Entry.

On notifying the officer in charge, any officer of the Union authorised in writing by the President and Secretary of such Union shall have the right to enter any place or premises, during ordinary working hours wherein members of such Union covered by this agreement are engaged, for the purpose of conversing with or interviewing the workers in such place or premises.

Provided that such officer shall not hamper or otherwise hinder the workers in the carrying out of their work. The officer in charge shall determine whether workers are being hampered or hindered in their work.

(5) Workers employed on repairs to ovens or furnaces or on the under-pinning shall be paid ten per cent. (10%) in addition to the prescribed rate whilst so employed.
