## ROAD DISTRICTS ACT, 1919-1951; AND THE KWINANA ROAD DISTRICT ACT, 1953.

Kwinana Road Board.

By-laws relating to Blasting, Quarrying and Excavations.

L.G. 117/54.

THE Kwinana Road Board, in pursuance of section 202 of the Road Districts Act, 1919-1951, does hereby make and publish the following by-laws:—

1. No person, company or corporation shall, on any land other than Crown Land within the limits of the Kwinana Road District, directly or indirectly, quarry or permit quarries or excavations for stone, gravel, sand, or other materials, or do any act or thing, for the purpose of recovering any stone, gravel, sand or other material whereby an excavation is created or enlarged, without a license from the Board in writing first had and obtained: Provided that any person may excavate for foundations, wells, post-holes, septic tanks, reservoirs, air-raid shelters, according to the plans and specifications submitted to the Board upon the granting of a building permit. The owners (as shown by the ratebook), the registered proprietor, the purchaser under contract of sale, the occupier or any other person removing or assisting in removing any such material without a license having been granted in respect thereof, shall be liable as if such person were actually quarrying.

2. The application for a license shall be in writing, with a deposit of £1, and accompanied by a plan showing the site, with contours and levels and size of the proposed quarrying or excavation and its distance from the nearest buildings, roads and footpaths.

3. The fee for such license shall be £1 per annum and, if cancelled by the Board during its currency, a proportionate part will be refunded.

4. The Board may refuse to grant or renew a license without assigning any reason to the applicant.

5. The licensee shall, before commencing any blasting or quarrying, erect and keep exhibited such notices of warning as may be directed by the Board.

6. The licensee shall obey the directions of the Board as to the limit in size, weight, or amount of any explosive that may be used in any charge.

7. Every quarry shall be enclosed by a sufficient fence to keep out persons, stock and cattle, and shall have gates, which shall be kept locked during the hours when quarrying operations are not being carried on.

8. No excavation shall be made below the level of the nearest road, except with the written consent of the Board, which may require a deposit from the licensee to cover the cost of levelling such excavation.

9. Before the grant of a license, the applicant shall notify every owner of land situated within 300 yards of the proposed excavation and such notification shall inform such owner that he may within seven days object in writing to the granting of a license.

10. No license will be granted for any excavation, and no excavation shall be made or maintained within 20 yards of any road or of land owned by the Kwinana Road Board, or any person, which would be likely (after allowing for a normal angle of slope of the materials excavated) to cause a subsidence of such road or land.

11. The license shall show on its face that it is granted for 12 months and may be renewed annually, and is subject to cancellation without compensation at any time for infringement of any of the by-laws governing the same, or on the breach of any conditions under which it has been issued.

12. The licensee shall drain and keep drained the excavations, and the responsibility for the discharge and disposal of the water drained shall be upon the licensee.

13. The Board may, before or pending the grant of a license, enter into agreements with the licensee as to compliance with the above by-laws, the observance of regulations relating to heavy traffic, the constructions and maintenance of a private road to the quarry or excavation or the licensee bearing a proportionate part of the maintenance of the public road in the said district used by him, and such agreements shall be conditions of the grant and holding of the license.

14. If the Board cancels the license for any reason other than the infringement of any of the conditions of the license or agreement (if any), the licensee shall be entitled to a refund of a proportionate part of the fee paid.

15. Between five and ten minutes before blasting a charge, the licensee shall, by bell, whistle, or other means, give sufficient warning of danger.

16. The holding of a license shall not exempt the licensee from damage or liability to the public or entitle or permit him to commit any nuisance.

17. Any contravention of an agreement (if any), or the conditions imposed upon the granting of a license, shall incur cancellation of the license.

18. If there is any breach of any of the above by-laws, the penalty shall be up to £20.

19. These by-laws shall apply to existing as well as future quarries.

20. Nothing herein contained shall be construed to limit, diminish, or restrict any general by-law made or to be made under the Town Planning and Development Act, and in case of any inconsistency, such general by-law shall prevail.

21. For the purposes of section 202 of the Road Districts Act, 1919-1951 and these by-laws the prescribed area is all the land, other than Crown Land, within the Kwinana Road District.
