5.—Definitions.

"Sub-foreman" shall mean a tradesman appointed by the management who is required to assist the foreman to a greater degree in the control of men and operation of the workshops beyond that required of a leading hand to the extent that it requires practically the whole of his time in this direction. Whilst occupying the position of sub-foreman he will be considered as being trained for a position of foreman, and when required must be capable of taking over the duties and responsibilities during any absence of the foreman.

6.—Hours.

Forty (40) hours exclusive of time occupied for meals shall constitute a week's work to be worked in five (5) days per week, Monday to Friday inclusive, subject to the provisions of clause 7 (a) hereunder.

7.—Overtime.

All time worked in excess of the ordinary daily hours shall be classed as overtime and paid for as follows:—

(i) (a) Time and a half for the first four (4) hours after the usual stopping time and double time thereafter. Provided that all work (other than shift work) after 10 p.m. on Monday to Friday inclusive shall be paid at double time up to the usual starting time.

(b) Where work other than shift work is done on Saturdays, the workers shall be paid at the rate of time and a half for the first four (4) hours and double time thereafter, but if work is performed in any period from 5 p.m. on Saturdays, the worker shall be paid double time for all time worked after that hour.

(ii) All time worked on Sundays shall be paid for at double time rates.

Provided that overtime shall not be construed as meaning the additional time up to a maximum of two (2) hours in each week usually and necessarily worked by foremen as part of their ordinary duties prior to and after the usual starting and finishing times.

8.—Meal Money.

When a worker, without being notified on the previous day, is required to continue working after the usual knock-off time for more than one hour, he shall be provided with any meal required or shall be paid an allowance of three shillings (3s.) in lieu thereof.

9.—District Allowance.

District allowance shall be paid for as provided for in the Award covering engineering trade employees of the State Government.

10.—Camp Allowance.

Foremen and sub-foremen shall be paid the camp allowance applying to the main body of wages men with whom they are working.

11.—Country Work.

(a) When a worker is instructed to proceed on duty from the place where he is then or usually employed, the employer shall pay all fares including sleeper, and a proper allowance at current rates shall be paid for all meals and board and lodging.

(b) A worker travelling to work away from or returning to his usual place of employment shall be paid for the actual travelling time in his ordinary working hours, and in addition thereto, his actual travelling time outside his ordinary working hours shall be paid at ordinary rates up to a maximum of eight (8) hours in any one (1) day.

(c) Sunday travelling time shall be paid for at the same rates and on the same conditions as on week days.

(d) In respect to a worker who is provided with a sleeping berth in a passenger train, travelling time shall not count between 10 p.m. and 6 a.m.: Provided that this shall not operate to reduce the travelling time when paid for below eight (8) hours in any one (1) day.

(e) Fares shall be first class including sleeper when necessary except when travelling by coastal boat when saloon fares shall be paid.

12.—Annual Leave.

(a) Except as hereinafter provided a period of two (2) consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve (12) months' continuous service with such employer.

(b) If any Award holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(c) A worker may be rostered off and granted annual leave with payment of ordinary wages as prescribed prior to his having completed a period of twelve (12) months' continuous service, in which case should the services of such worker terminate or be terminated prior to the completion of twelve (12) months' continuous service, the said worker shall refund to the Minister the difference between the amount received by him for wages in respect of the period of his annual leave and the amount which would have accrued to him by reason of the length of his service up to the date of the termination of his services.

(d) (i) Subject to paragraph (ii) when computing the annual leave due under this clause no deduction shall be made from such leave in respect of the period that a worker is on annual leave and/or holidays: Provided that no deductions shall be made for any approved period a worker is absent from duty through sickness with or without pay unless the absence exceeds three (3) calendar months, in which case deduction may be made for such excess only.

(ii) Approved periods of absence from work caused through accident sustained in the course of employment shall not be considered breaks in continuity of service, but the first six (6) months only of any such period shall count as service for the purpose of computing annual leave.

(e) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period with such employer.

(f) Any worker who may resign or be dismissed from the service for any cause, other than for peculation or theft, shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service: Provided always that if the worker has been dismissed for peculation or theft no claim for annual leave shall be recognised. Misconduct herein referred to shall not affect accumulated annual leave or payment therefor.

(g) When work is closed down for the purpose of allowing annual leave to be taken, workers with less than a full year's service shall only be entitled to payment during such period for the number of days' leave due to them: Provided that nothing herein contained shall deprive the Minister of his right to retain such workers at work during the close-down period as may be essential.

(h) Workers regularly working for the Government North of South Latitude 26 shall be allowed to accumulate annual leave for two (2) years, subject to the convenience of the Department. Such workers who proceed to Fremantle and Geraldton during the period of such leave shall be allowed once in each two (2) years reasonable travelling time on the forward and return journeys between the place of their employment and either of the said ports.

13.—Public Holidays.

(a) (i) Except as hereinafter provided, each of the following days, or the day observed in lieu thereof, shall be allowed as a holiday to all workers and be paid for, namely, New Year's Day, Australia Day (26th January), Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, Foundation Day, Queen's Birthday, Christmas Day and Boxing Day.

(ii) Whenever any holiday falls on an employee's ordinary working day and the employee is not required to work on such day he shall be paid for the ordinary hours he would have worked on such day if it had not been a holiday. If he is required to work on a holiday he shall be paid for the time worked as if it was an ordinary working day and shall, in addition, be allowed a day's leave with pay to be added to the annual leave or to be taken at some subsequent date if the worker so agrees.

(iii) In the case of workers working a five-day week, no payment or a day in lieu shall be granted for any public holiday falling on a Saturday.

(iv) Payment for holidays shall be in accordance with the usual hours of work.

(v) When a worker is off duty owing to leave without pay or sickness, including accidents on or off duty except time for which he is entitled to claim sick pay, any holiday falling during such absence shall not be treated as a paid holiday. Where the worker is on duty or available on the working day immediately preceding a holiday, or resumes duty or is available on the working day immediately following a holiday, as prescribed in this clause, the worker shall be entitled to a paid holiday on all such holidays.

14.—Sick Leave.

An employee on production of an adequate medical certificate shall be granted sick leave on the following basis:—

(a) One-sixth of a week's pay for each completed month of service.

(b) The liability of the employer shall in no case exceed two (2) weeks wages during each calendar year in respect of each worker, but any portion unused in any calendar year shall be

allowed to accumulate up to the period of one (1) week and may be availed of in the next or any succeeding year.

(c) The privileges accrued by way of accumulation of sick leave prior to this amendment, or 15 working days, whichever is the greater, shall be credited to the worker concerned.

(d) Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(e) Indisposition not necessitating confinement to the house shall not be regarded as illness in respect of which leave of absence may be granted under this clause except under special circumstances as may be approved by the employer.

(f) Sick leave shall not be granted in respect of any absence due to an employee's own fault, neglect or misconduct.

(g) This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act, 1912-1944.

15.—Long Service Leave.

(a) An employee who has completed 10 years' continuous service shall be entitled to three calendar months' long service leave on full pay or six calendar months on half pay.

(b) For each subsequent period of seven years' continuous service an employee shall be entitled to an additional three calendar months' long service leave on full pay or six calendar months on half pay.

(c) The provisions of subclause (a) and (b) shall apply as from the date of the issue of this Award: Provided that previous continuous service up to that date since the date an employee's last period of long service leave became due shall only be counted in full where the conditions prescribed in relation to that previous service provided for three months' long service leave on full pay on the basis of seven years' continuous service. Where such previous service would only have entitled an employee to three months' long service leave on full pay on the basis of ten years' continuous service, then the first 18 months of such previous service shall not be counted.

(d) Continuous service shall not include the period during which an employee is on long service leave, or any period exceeding two weeks an employee is absent on leave without pay or any service an employee may have had before reaching the age of eighteen years.

(e) An employee, who resigns or is dismissed, shall not be entitled to long service leave or payment for long service leave other than that leave that had actually accrued to him prior to the date on which he resigned or the date of the offence for which he was dismissed.

(f) Any public holidays occurring during the period in which an employee is on long service leave will be treated as part of the long service leave and extra days in lieu thereof shall not be granted.

(g) A lump sum payment for long service leave accrued in accordance with this clause and for pro rata long service leave shall be made in the following cases:—

- (i) To an employee who retires at or over the age of sixty years or who is retired on the grounds of ill-health, provided that no payment shall be made for pro rata long service leave unless the employee has completed not less than twelve months' continuous service.
- (ii) To an employee who is retired for any other cause, provided that no payment shall be made for pro rata long service leave unless the employee had completed not less than three years' continuous service before the date of his retirement.
- (iii) To the widow of an employee or to such other person as may be approved by the Minister in the event of the death of an employee, provided that no payment shall

be made for pro rata long service leave unless the employee had completed not less than twelve months' continuous service prior to the date of his death.

(h) The calculation of the amount due for long service leave accrued and for pro rata long service leave shall be made at the rate of salary of an employee at the date of retirement, resignation or death whichever applies, and no such payment shall exceed the equivalent of 12 months' salary.

16.—No Reduction.

Any employee who has been, prior to the date of this Award, in receipt of a higher rate of pay than that specified herein, shall not suffer any reduction in such amount solely by reason of the Award.

17.—Contract of Service.

The engagement of a foreman or sub-foreman shall be terminated by one month's notice on either side, such notice to expire on the usual pay day, excepting that an employee guilty of gross misconduct or neglect of duty may be instantly dismissed and shall not be entitled to any such notice or payment in lieu.

18.—Acting in a Higher Capacity.

When a sub-foreman is acting in a higher capacity for one consecutive week or more, he shall be paid the minimum rate of pay of that position in which he is acting.

19.—Board of Reference.

1. For the purpose of this Award, a Board of Reference is hereby appointed, which shall consist of a chairman and two (2) other representatives, one to be nominated by each of the parties. The said board shall have assigned to it in the event of no agreement being arrived at between the parties to the dispute, the functions of—

- (a) adjusting any matters of difference which may arise from time to time except such as involve interpretations of the provisions of this Award or any of them;
- (b) dealing with any other matter which the Court may refer to the Board from time to time.

2. An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the Industrial Arbitration Act, 1912-1952, which for this purpose are embodied in this Award.

20.—Term.

The term of this Award shall be for a period of three (3) years from the date hereof and may be amended in accordance with the provisions of the Industrial Arbitration Act, 1912-1952.

21.—Leave to Apply.

Liberty is reserved to either party to apply to amend clause 4—Wages—at any time during the currency of this Award.

In witness whereof this Award has been signed by the Conciliation Commissioner this 25th day of March, 1955.
