3.—Area and Scope.

This Award shall apply to workers engaged in vocations mentioned herein and employed in or in connection with the production of iron ore in Yampi Sound.

4.—Term.

The term of this Award shall be for a period of one (1) year from the date hereof, and its provisions shall become applicable on the first pay period commencing after the said date.

Part II—General Provisions.

Clauses under this heading are to be operative throughout the industry except where otherwise specifically provided herein.

5.—Hours.

(a) Forty (40) hours, exclusive of crib time, shall constitute a week's work for surface workers, on Mondays to Fridays inclusive not more than eight (8) hours, and on Saturdays not more than four (4) hours.

(b) When more than one shift is worked on the surface, forty (40) hours shall constitute a weeks work on Mondays to Fridays, inclusive, not more than eight (8) hours, inclusive of crib time, and on Saturdays not more than four (4) hours, exclusive of crib time.

(c) Provided, however, that in the case of continuous and/or shift work this provision shall be deemed to have been complied with if the ordinary working hours do not exceed eighty (80) per fortnight to be worked in shifts of eight (8) hours each, including crib time: Provided further, that by agreement between an employer and the Union, the hours of work may be worked under a roster which shall provide for an average of forty (40) hours per week, spread over a period of three (3) weeks.

(d) The actual times for starting and finishing work shall be as agreed upon between the employer and the workers, but, in the event of these parties being unable to agree, shall be as fixed by a Board of Reference constituted under clause 15 of this Award.

(e) Nothing herein shall apply to cooks.

(f) Nothing contained in this clause or in clause 4 hereof shall apply to watchmen whose hours of duty shall not, without payment of overtime, exceed (80) per fortnight. Such hours shall be worked to suit the convenience of the employer. Overtime and all work performed on Sundays, Good Friday, Easter Monday, Labour Day, or Christmas Day shall be paid for at the rate of time and a half.

(g) In all cases in reckoning the time of duty of workers covered by Division (ii) of Part III, of this Award, any time necessarily occupied in raising steam in starting up or closing down engines or in banking fires shall be included.

(h) Crib time for shift workers shall not exceed twenty (20) minutes and shall be taken at the employer's convenience at such time as not to cause a stoppage of work.

(i) One (1) break of ten (10) minutes shall be allowed during the morning of each shift to all workers during working hours: Provided that such break shall not prevent the continuous operation of the power station, electric shovels, quarry transport, crushing plant and shiploading or other plant that should operate continuously throughout the day or shift.

6.—Overtime.

(a) For all work done beyond the hours of duty on any ordinary day, payment shall be at the rate of time and a half for the first two (2) hours and double time thereafter.

(b) Except as hereinafter provided, all work done on Sundays, Christmas Day, Good Friday, Easter Monday and Labour Day, shall be paid at double time, except when employed effecting repairs to or renewals of plant or machinery in order to enable work to be safely resumed or for maintaining the continuity of electric light, power and water supply (not including the installation of new machinery or plant) in which case the rate shall be time and a half.

With respect to workers covered by Division (ii) of Part III of this Award, all work done on Sundays, Christmas Day, Good Friday, Easter Monday and Labour Day shall be paid for at the rate of time and a half.

(c) When computing overtime the district allowances shall not be computed as an addition to the day's pay.

(d) These overtime rates shall not apply to excess time due to private arrangement between the workers themselves, or which is necessary for effecting periodical rotation of shifts, or which is owing to a relieving man not coming on at the appointed time. The time for which any worker may be paid at ordinary rates instead of overtime, due to a relieving man not coming on at the proper time shall not exceed two (2) hours, after the expiration of which overtime rates shall apply for the whole shift.

(e) A worker who is called upon to start work before his usual starting time when he has worked overtime in the preceding shift shall be paid double time up to his usual starting time.

(f) When a worker is required for duty during any meal time whereby his meal time is postponed for more than one (1) hour, he shall be paid overtime rates until he gets his meal time.

(g) When a worker is recalled to work after leaving the premises he shall be paid for at least two (2) hours at overtime rates.

(h) When a worker is required to hold himself in readiness for a call after ordinary hours, he shall be paid at ordinary rates for the time that he holds himself in readiness.

(i) When a worker without being notified on the previous day is required to continue working after the usual knock-off time for more than one (1) hour, he shall be provided with any meal required on the job.

(j) Nothing contained in subclauses (a), (b), (d), (e), (f), (g), (h) and (i) hereof shall apply to cooks.

(k) All time worked by cooks outside the daily spread of twelve (12) hours or in excess of forty (40) hours in any one week shall be deemed overtime and paid for at the rate of time and one-third: Provided that overtime in excess of seven (7) hours in any one week shall be paid for at the rate of double time.

(l) Notwithstanding anything contained in this Award—

(i) an employer may require any worker to work reasonable overtime at overtime rates and such worker shall work overtime in accordance with such requirement.

(ii) No organisation party to this Award or worker or workers covered by this Award shall in any way, whether directly or indirectly, be a party to or concerned in any ban, limitation, or restriction upon the working of overtime in accordance with the requirements of this subclause.

7.—Holidays.

(a) Except as hereinafter provided a period of three (3) consecutive weeks leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve (12) months continuous service with such employer.

(b) Seven-day shift workers, that is shift workers who are rostered to work regularly on Sundays and holidays, shall be allowed one (1) week's leave in addition to the leave prescribed in subclause (a) hereof. Where a worker with twelve (12) months continuous service is engaged for part of a qualifying twelve-monthly period as a seven-day shift worker, he shall be entitled to have the period of three (3) consecutive weeks annual leave prescribed in subclause (a) hereof increased by one-twelfth (1/12th) of a week for each month he is continuously engaged as aforesaid.

(c) If any Award holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day there shall be added to that period one (1) day being an ordinary working day for each such holiday observed as aforesaid.

(d) If after one (1) months continuous service in any qualifying twelve-monthly period a worker lawfully leaves his employment, or his employment is terminated by the employer through no fault of the worker, the worker shall be paid one-quarter ($\frac{1}{4}$) of a weeks pay at his ordinary rate of wage in respect of each completed month of continuous service, or in the case of a worker referred to in subclause (b) hereof, such payment shall be one-third ($\frac{1}{3}$) of a weeks pay at his ordinary rate of wage in respect of each such months he is so engaged.

(e) Any time in respect of which a worker is absent from work except time for which he is entitled to claim sick pay or time spent on holidays or annual leave as prescribed by this Award shall not count for the purpose of determining his right to annual leave.

(f) On any public holiday not prescribed as a holiday under this Award the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty, and payment may be deducted, but if work be done ordinary rates of pay shall apply.

(g) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled subject to subclause (d) of this clause to such leave on full pay as is proportionate to his length of service during that period with such employer, and if such leave is not equal to the leave given to the other workers he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(h) A worker who is dismissed for misconduct or who illegally severs his contract of service shall not be entitled to the benefit of the provisions of this clause.

8.—Travelling.

(a) The employer shall provide transport from Perth or any port North thereof in Western Australia to the place of employment, the fare to be deducted from the subsequent earnings of the worker in such a manner as is agreed upon in writing by the parties: Provided that, if the worker completes six (6) months continuous service with the employer, the fare shall be refunded to the worker by the employer: Provided further that if the worker completes two (2) years continuous service with the employer, the fare to Perth or the original port of embarkation in Western Australia shall be paid by the employer or pro rata after twelve (12) months of service.

(b) Board and lodging at Derby shall be provided by the employer whilst the worker is waiting for the first available and suitable transport to his place of employment.

(c) One (1) days wages at ordinary rates shall be allowed whilst travelling to the place of employment, irrespective of the place of commencement of the worker's journey, the length thereof, or the means of transport.

9.—District Allowance.

In addition to the wages prescribed in clauses 28, 29, 32, 34, 37, 40, 43 and 48 of this Award, an allowance of one pound (£1) per week shall be paid to all adult workers. Provided that no district allowance shall be payable during the period of annual holidays prescribed in clause 7 hereof if the worker leaves the Award area.

10.—Board and Lodging.

If required, workers shall be provided with suitable board and lodging. Such lodging shall include the provision of a stretcher, mattress and pillow.

The employer shall be entitled to deduct the sum of twenty-eight shillings (28s.) per week from the wages of each worker for the board and lodging so provided.

11.—Payment of Wages.

Wages shall be paid fortnightly.

12.—Accidents and Transportation.

In cases of accident the employer shall make the necessary provision for the transport of the injured worker to the nearest hospital town and, when necessary, some person shall accompany the injured worker, such attendant to be transported free and to be paid for all lost time and reasonable expenses incurred.

13.—Water Supply.

The employer shall provide potable water for workers, in quantities not less than three (3) gallons per day per man.

14.—Union Representative.

(a) The duly appointed representatives of the Unions on the works shall be recognised by the employer.

(b) In the case of a disagreement existing or anticipated concerning any of the provisions of this Award, an accredited representative of the Union shall be permitted to interview the workers during the recognised meal hour, on the business premises of the employer.

15.—Board of Reference.

The Court appoints for the purposes of the Award a Board or Boards of Reference. Each Board shall consist of a chairman and two (2) other representatives, one to be nominated by each of the parties. There are assigned to each such Board, in the event of no agreement being arrived at between the parties to the Award, the functions of—

- (i) classifying and fixing wages, rates and conditions for any occupation or calling not specifically mentioned in the Award;
- (ii) adjusting any matters of difference which may arise between the parties from time to time except such as involve interpretations of the provisions of the Award or any or them;
- (iii) deciding any other matter that the Court may refer to such Board from time to time.

An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the regulations to the Industrial Arbitration Act, 1912-1952, which for this purpose are embodied in this Award.

16.—Contract of Service.

(a) A week's notice of intention to terminate the employment shall be given on either side.

(b) The employer shall be under no obligation to pay for any day not worked upon which the worker is required to present himself for duty, except such absence from work is due to illness and comes within the provisions of clause 18, or such absence is on account of holidays to which the worker is entitled under the provisions of the Award.

(c) This clause does not affect the right to dismiss for wilful misconduct, and in such case wages shall be paid up to the time of dismissal only.

17.—Breakdowns, etc.

The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the Union or Unions affiliated with it or by any other association or Union, or through the breakdown of the employer's machinery, or any stoppage of work by any cause which the employer cannot reasonably prevent.

18.—Payment for Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-twelfth of a week for each completed month of service: Provided that payment for absence through such ill-health shall be limited to one (1) week in each calendar year. Payment hereunder may be adjusted at the end of each calendar year or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment or for any accident, wherever sustained, arising out of his own wilful default or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

19.—Time and Wages Record.

(a) The employer shall keep a time and wages record showing the name of each worker governed by this Award, the nature of his work and hours worked each day and the wages and allowances paid each week. Any system of automatic recording by means of machines shall be deemed a compliance with this provision to the extent of the information recorded.

(b) The time and wages record of each worker governed by this Award shall be open for inspection to a duly accredited official of the Union during the usual office hours at the employer's office or other convenient place and he shall be allowed to take extracts therefrom.

20.—Posting of Award and Union Notices.

The employer shall keep a copy of this Award in a convenient place in the workshop, and he shall also provide a notice board for the posting of Union notices. All notices to be submitted to the employer for approval before being posted.

21.—Piecework.

There shall be implied in every contract in which a worker is engaged to perform any kind of work at or for a remuneration other than the rates fixed by this Award:—

(a) Where the engagement is for a period of time, such period shall not be determined before the expiration thereof, without the written consent of the worker.

(b) Where the engagement is to perform a specified quantity of work, the amount of work to be performed shall not be curtailed by a greater amount than five per cent. (5%).

(c) The rate of remuneration agreed upon shall not be decreased during the engagement.

(d) The actual remuneration paid for the work done shall not be less than the amount which the worker would have received for the period of his work if he had been working for that period at the rate of wages and allowances fixed by this Award for the work done.

(e) The price of any article to be supplied by the employer to the worker shall be specified prior to the contract being entered into, and shall not be increased during the period of the contract.

(f) Where the work is to be carried out by a body of workers acting together, the number of workers to be employed shall be specified in the contract. In the event of the specified number of workers not being present during any shift, the employer may provide a substitute in the place of any worker absent, and shall pay such substitute wages at the rate fixed by this Award, or by the contract, whichever shall be the greater, for the work done by him during the time he is so employed as a substitute, and may charge such payment against any money found due under the contract.

(g) Where any workers are employed to work by or with the contractors at a wages remuneration, the employer shall be entitled to pay the amount due to such wage workers for the period they have been employed at the rate fixed by this Award or by the rate fixed by the contract, whichever shall be the greater, and to charge the payment so made against the amount found due to the contractors.

A printed copy of these conditions shall be kept exhibited in the change room on the works.

22.—Under-rate Workers.

(a) Any worker who, by reason of old age or infirmity, is unable to earn the minimum wage, may be paid such lesser wage as may from time to time be agreed upon in writing between the employer and the Union.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board, and pending the Board's decision, the worker shall be entitled to work for and be employed at the proposed lesser rate.

23.—Preference.

(a) Preference of employment in respect of tasks for which rates of wages are specified in this Award shall be given to financial members of the Unions who are parties to this Award or to persons who give to the employer an undertaking in writing to make application to join such Union within one (1) month of accepting employment: Provided that—

- (i) there are members of the relevant Union or intending members applying as aforesaid, equally qualified with other workers offering their services to perform the particular work required to be done and ready and willing to undertake the same; and
- (ii) the rules of each Union shall permit any worker of good character with the requisite qualifications (if any) coming within the scope of this Award to become a member of the Union upon payment of the subscription and/or entrance fee prescribed by the registered rules.

(b) Where a worker, not having been a member of the relevant Union at the time of his engagement, applies for membership of the Union within one (1) month after his engagement, it shall be deemed that no question of preference has arisen unless and until his application is rejected for good cause.

(c) If during the continuance of this Award anything in the nature of a strike occurs in the industry hereby regulated, or, if there is any restriction in output by the workers or any section thereof acting in concert, the benefit of this clause shall thereupon cease and determine insofar as the particular Union or Unions involved is or are concerned. For further assurance and without modification of or prejudice to the foregoing provisions of this subclause, the employer may at any time apply to the Court, upon giving seven (7) days notice to the Union for a declaration hereunder and the consequential cancellation of this clause, and the Court, upon cause being shown, shall make a declaration and order accordingly appropriate to the circumstances of the particular case.

(d) The provisions of this clause shall not apply to junior workers or apprentices.

24.—Junior Workers.

(a) Unapprenticed male junior workers (under 21 years of age) may be employed in any of the vocations mentioned in this Award, in the proportion of one (1) to every three (3) or fraction of three (3) adult workers.

Junior workers shall receive wages and proportionate district allowance in accordance with the following scale:—

	Percentage of male basic wage and of district allowance.
Under 17 years of age	50
17 to 18 years of age	60
18 to 19 years of age	70
19 to 20 years of age	80
20 to 21 years of age	100

(b) The term "junior worker" shall not apply to a worker under 21 years of age who has completed his term of apprenticeship.

(c) In the event of any dispute between the Union concerned and the employer as to the appropriateness of the employment of a junior worker, the matter may be referred to a Board of Reference.

25.—Higher Duties.

(a) Any worker carrying out work classified at a higher minimum than his ordinary rate for two (2) hours in any shift shall be paid at the minimum rate for such work for the whole of that shift: Provided that such minimum is not lower than such worker's regular rate of pay. If he be employed for less than two (2) hours at work classified

at a higher minimum than his ordinary rate, he shall be paid his ordinary rate for the whole shift.

(b) A worker's regular rate of pay shall not be reduced whilst he is temporarily employed at work classified with a lower minimum, owing to shortage of material occasioned by the employer's default, or for any other cause within the control of the employer.

26.—Shift Work.

(a) Men working shifts not subject to weekly rotation shall be paid for each shift other than a day shift at the rate of time and a quarter.

(b) All other shift workers—five per cent. (5%) in addition to the relevant rate prescribed in this Award.

(c) With respect to workers under this Award working more than one (1) shift, any worker whose ordinary rotation shift falls on a Sunday or on any of the abovementioned holidays may be employed at ordinary time.
