Whereas by the Will of the late Robert John Gledden the residue of the estate of the testator was left to the University of Western Australia in trust to establish out of the income thereof certain fellowships and scholarships for the purposes set out in the said Will it is now provided as follows: —

The Robert Gledden and Maude Gledden Travelling Fellowships.

1. There shall be two Gledden Travelling Fellowships to be known as the Robert Gledden Travelling Fellowship and the Maude Gledden Travelling Fellowship hereinafter described as the Gledden Fellowships or the Fellowships.

2. The Gledden Fellowship shall be open to graduates of any recognised university who are permanently or indefinitely resident in Western Australia and to licensed surveyors being likewise resident who have served articles in Western Australia and have passed the examination conducted by the Land Surveyors Licensing Board of Western Australia.

3. Each Gledden Fellowship shall be of the annual value of one thousand eight hundred pounds (Australian) and shall be tenable for not more than two years.

4. At least one Gledden Fellowship shall normally be awarded in each year, but if in the opinion of the Professorial Board there shall not in any year be any applicant of sufficient merit the Fellowship shall not be awarded in that year and the income thereof shall be added to the capital sum of the Gledden Trust.

5. The object of each Gledden Fellowship is to enable the Fellow to do post-graduate work and/or obtain additional experience in applied science more particularly relating to surveying engineering or mining or cognate subjects.

6. Applicants for Gledden Fellowships must be not less than twenty-seven nor more than fifty years of age on the first day of July in the year in which they apply and must satisfy the Vice-Chancellor that unless awarded a Fellowship they would not be able to go overseas to do post-graduate work or to obtain additional experience in accordance with the terms of the Trust.

7. (1) A member of the staff of the University of Western Australia is ineligible for an award of a Gledden Fellowship during such time as he is or will be absent from the University on study leave.

(2) When a member of the staff of the University of Western Australia who is within the age limits set out in section 6 is not entitled to study leave he may be awarded a Gledden Fellowship but during the period thereof shall not receive any salary from the University and shall be required to undertake that at the end of his Fellowship he will return to the University and remain in its employment for two years unless released by the Senate.

(3) In exceptional circumstances a Gledden Fellow and eligible members of the staff of the University of Western Australia on study leave may be granted a Robert and Maude Gledden Travelling Studentship not exceeding six hundred pounds (Australian) if the Senate is satisfied that the Fellow or member of the staff will, by means of such Studentship, be enabled to visit institutions and establishments which he would not otherwise be able to visit.

8. (1) Each Fellow shall be required to take up his Gledden Fellowship within twelve months of the date of the award thereof and to spend at least two-thirds of the period of his Fellowship outside Australia.

(2) If he is not a member of the staff of the University of Western Australia he shall also be required before taking up his Fellowship to sign a written undertaking to return to work in Western Australia for at least one year immediately after the termination of his Fellowship, if suitable work is available.

(3) He shall not during his Fellowship engage in any work other than that for which the Fellowship has been awarded except by permission of the Professorial Board.

(4) If he shall during his Fellowship accept or agree to accept any continuous and paid employment in connection with work done or to be done within the scope of his Fellowship he shall at once notify the Vice-Chancellor for the information of the Professorial Board which shall then decide on what terms and conditions the Fellow shall continue to hold his Fellowship during such time as he remains in such continuous and paid employment.

9. (1) Applications for the Gledden Fellowships must reach the Vice-Chancellor on or before a date to be fixed by him and advertised and shall contain a full statement of the applicant's academic and professional attainments and experience and of the work which he proposes to undertake if awarded a Fellowship.

(2) Every applicant shall state the period during which he proposes to work under a Gledden Fellowship if such Fellowship be awarded to him.

10. The award of the Gledden Fellowship shall be made by the Professorial Board after full reports on the qualifications of each applicant have been received from the Faculty of Engineering from any other Faculty or Faculties concerned and from such persons and institutions as the Board or the Chairman thereof shall ask for a report.

11. (1) Payment of the amount of each Gledden Fellowship may be made in such instalments and at such times and places and on such terms and conditions as may be determined by the Vice-Chancellor and the Chairman of the Professorial Board.

(2) If a Gledden Fellowship is awarded for less than one year or for more than one year but less than two years or if a Fellow before the end of the period for which a Gledden Fellowship has been awarded to him has completed his work under the Fellowship and/or has returned to Western Australia the Professorial Board shall decide what payment shall be made to the Fellow for any period being less than a complete year during which he shall be or shall have been engaged in the work for which his Fellowship has been awarded but so that payment shall be at the rate of not less than one thousand eight hundred pounds (Australian) per annum.

12. (1) At the end of the period of his Fellowship the Fellow shall supply to the University a full report of the work which he has done and of the experience which he has gained during the period of his Fellowship and shall supply to the University free of all charges such number of copies as the Vice-Chancellor may require of any thesis or other matter written by him in relation to his work under the Fellowship during his tenure thereof. Any thesis or other matter so written by the Fellow during such period shall if published acknowledge that the author was at the time of writing the thesis or other matter a Gledden Fellow of the University of Western Australia.

(2) If the Professorial Board considers a thesis written by a Gledden Fellow during the period of his Fellowship to be of sufficient merit it may recommend to the Senate to grant out of the income of the Gledden Trust not more than seventy-five pounds (Australian) towards the cost of publishing the thesis on condition that the Fellow shall supply to the University free of all charges such number of copies of the published thesis as the Vice-Chancellor may require.

(3) The copies of a thesis or other matter which under the two preceding sub-sections the Fellow is required to give to the University shall become the sole property of the University and may be used or disposed of by the University as the Vice-Chancellor may decide.

13. Before commencing work under his Fellowship each Fellow may be required by the Professorial Board to sign a written undertaking to give at the University of Western Australia or elsewhere within the State during the twelve months immediately following the date of his return to the State such number of lectures as the Board may require concerning the work which he has done and the experience which he has gained during his Fellowship but so that no fee shall be payable to the lecturer in respect of any such lectures but that any expenses which in the opinion of the Vice-Chancellor have been necessarily and properly incurred in connection therewith shall be paid out of the income of the Gledden Trust.

14. The Senate on the recommendation of the Professorial Board made after consideration of the applications received may award to individual students or to groups of University teachers and students in the University of Western Australia Robert and Maude Gledden Travelling Studentships hereinafter described as the Gledden Travelling Studentships of such number and value as the Senate shall from time to time determine but so that the Gledden Fellowships shall in each year be the first charge on the available income of the Gledden Trust.

15. The Senate may also award Gledden Travelling Studentships to teachers of applied science more particularly relating to surveying engineering or mining or cognate subjects at the University of Western Australia.

16. The object of the Gledden Travelling Studentships shall be to assist students who have completed at the University of Western Australia not less than three years of a course for a degree in applied science more particularly relating to surveying engineering or mining or cognate subjects to visit engineering and other technical works and institutions in the other States of the Commonwealth and in other countries and to assist teachers of the aforesaid subjects at the University of Western Australia to visit such engineering and other technical works and institutions either independently or as conductors of a group or groups of students to which such a Gledden Travelling Studentship has been awarded.

17. Applications for Gledden Travelling Studentships shall be made to the Vice-Chancellor on or before a date to be fixed by him.

18. The recommendations of the Professorial Board in regard to the award of Gledden Travelling Studentships shall be made only after it has received and considered reports on each application from the Faculty or Faculties concerned.

19. The amount of the Gledden Travelling Studentships shall be paid to the person or persons entitled thereto in such instalments and in such manner and at such places and on such terms and conditions as the Vice-Chancellor shall determine.

#### The Robert and Maude Gledden Research Fellowships.

20. In each year in which there is sufficient income available after providing for such Travelling Fellowships and Travelling Studentships as have been awarded there shall be one or more Robert and Maude Gledden Research Fellowships (hereinafter referred to as the Gledden Research Fellowships) each of the annual value of one thousand pounds (Australian).

21. The object of the Gledden Research Fellowships is to enable the Fellow to do post-graduate work in applied science more particularly relating to surveying, engineering or mining or cognate subjects.

22. Applications for the Gledden Research Fellowships shall be made to the Vice-Chancellor on or before a date to be fixed by him.

23. The award of Gledden Research Fellowships shall be made by the Professorial Board after full reports on the qualifications of each applicant and on the post-graduate work which he proposes to do have been received from the Faculty of Engineering from any other Faculty or Faculties concerned and from such persons as the Board or the Chairman thereof shall ask for a report.

24. A Gledden Research Fellowship shall in the first instance be awarded for one year only, but may thereafter be renewed by the Professorial Board for one year if it is satisfied that the Fellow is making good progress in the work or course of study for which the Gledden Research Fellowship was awarded. Applications for renewal must be accompanied by a recommendation from the Fellow's tutor or supervisor and should reach the Vice-Chancellor not later than the 1st day of May in the year in which the Gledden Research Fellowship would otherwise come to an end.

25. (1) A Fellow shall not without written permission engaged in any work or course of study in addition to that for which the Gledden Research Fellowship was granted.

(2) Written permission to undertake additional work or an additional course of study must first be obtained from the tutor or supervisor if the work or course of study will continue for less than four weeks and from the Vice-Chancellor if the work or course of study will continue for more than four weeks.

(3) A Fellow who undertakes additional work or an additional course of study without permission is liable to forfeit his Gledden Research Fellowship.

26. (1) A tutor or supervisor of such part of each Fellow's work or course of study as is intended to be done at the University of Western Australia shall be appointed by the Dean of the Faculty and the Head of the Department concerned as soon as possible after each award is made.

(2) A Fellow who intends to do all or part of his work or course of study at an institution other than the University of Western Australia shall within three months of his enrolment at such institution submit to the Vice-Chancellor of the University of Western Australia the name of the tutor or other person under whose supervision he proposes to do his work or course of study.

27. Payment of the amount of each Gledden Research Fellowship shall be made by instalments of such amounts as the Vice-Chancellor shall determine, the first of such instalments being payable at the commencement of the Gledden Research Fellowship and the remaining instalments at such times as may be decided by the Vice-Chancellor, but only after he has received sufficient evidence that the Fellow is satisfactorily doing the work or course of study for which his Fellowship was awarded.

28. At the end of the Gledden Research Fellowship the Fellow shall be required to supply to the University a full report on the work or course of study undertaken by him and such number of copies as the Vice-Chancellor shall require of any thesis or publications connected with his work or course of study.

29. Whenever any written work is carried out under a Gledden Research Fellowship acknowledgment thereof shall be made in the publication of such work.

30. (1) A Gledden Research Fellow is ineligible for a Hackett Studentship or Scholarship and for any other similar award within the gift of the University.

(2) A Gledden Research Fellow is also ineligible for a free passage or other available travelling award which is either within the gift of the University or which is made on the recommendation of the University.

31. If a Gledden Research Fellow receives an award from any other institution the amount of his Fellowship will be reduced in each year by the value of such award.

Note.—The Senate of the University on the 17th June, 1946, decided to recognise the following interpretation of the phrase "applied science more particularly relating to surveying, engineering or mining or cognate subjects"—

- (a) Any graduate in Applied Science could apply and be considered for a Fellowship—for instance, graduates in Science, Agriculture, Engineering, Medicine, Dentistry.
- (b) Applied Science which had more particular relation to Surveying, Engineering, or Mining would have preference over Applied Science not so relating.
- (c) An application from a person holding a degree in Science or in any Applied Science (e.g., B.Sc., B.S. Agric., etc.) the content of which had a demonstrable relation to Surveying, Engineering or Mining, should receive exactly the same consideration as an application from a person holding a degree in Engineering or Surveying (e.g. B.Sc., Eng., etc.).

The Common Seal of the University of Western Australia has been affixed in pursuance of an order of the Senate by the undersigned being legally entitled to the custody thereof as the Chancellor of the said body Corporate.

Chancellor.
