### COUNTRY AREAS WATER SUPPLY ACT, 1947-1954.

Water Supply, Sewerage and Drainage Department,

Perth, 12th June, 1957.

HIS Excellency the Governor in Executive Council has been pleased to approve of the by-laws made by the Minister for Water Supply, Sewerage and Drainage under and for the purposes of the Country Areas Water Supply Act, 1947-1954, as set out in the Schedule hereunder.

(Sgd.) G. COCK,

Acting Under Secretary for Works and Water Supply.

### Schedule.

#### COUNTRY AREAS WATER SUPPLY ACT BY-LAWS.

##### Division I.

##### Commencements.

1. (1) These by-laws shall take effect and have the force of law on and after the 1st day of July, 1957, in every country water area, catchment area and water reserve constituted under sections 8 and 9 of the principal Act.

(2) On the taking effect of these by-laws in accordance with sub-by-law (1) of this by-law, the by-laws made under the Country Areas Water Supply Act, 1947, and published in the *Gazette* on the 12th August, 1949, as amended from time to time thereafter and in force prior to the 1st day of July, 1957, shall, by operation of this by-law, be cancelled.

##### Interpretations.

1A. (1) In these by-laws, unless the context otherwise requires—

(a) the expressions

“cesspool,” “drain,” “house,” “land,” “owner,” “piggery” and “public house”

have the meanings respectively assigned to them in section 3 of the Health Act, 1911-1956;

(b) the expression

“bore” means a drilled bore hole from which water is drawn for a domestic supply;

"domestic purposes" means the ordinary household purposes for which water is required in or about a dwelling-house and includes the use of water for watering lawns and gardens appurtenant to a dwelling-house or those growing or planted in a street or road adjoining private land upon which a dwelling-house is erected, when those lawns and gardens are grown by or cared for by the owner or occupier of that land and are watered with water which has passed into that land through a supply of water installed by the Minister on that land; the expression does not include the use of water for cattle or horses or for any steam engine, or for washing carriages where the horses or carriages are kept for hire, or are the property of any dealer, or the use of water for any hotel, inn, trade, manufacturer or any business whatever, or for public gardens, or for fountains or other ornamental purposes;

"domestic supply" means a supply of water for domestic purposes;

"farm supply" means a supply of water for farm purposes and includes a domestic supply but does not include a supply of water for any industrial or manufacturing purpose;

"feeder" means a watercourse, creek, stream or other channel with permanent or intermittent flow whereby water is or can be conveyed to a reservoir;

"high water mark" means the level of full supply of a reservoir or a feeder;

"inspector" means an inspector appointed by the Minister for the purposes of these by-laws;

"local officer" means a person appointed as a local or other officer by the Minister for the purpose of administering these by-laws;

"principal Act" means the Country Areas Water Supply Act, 1947, as amended;

"private service" includes all pipes and fittings and all connections and apparatus whatsoever, whether used temporarily or otherwise on any part of premises owned or occupied by any person and supplied with water, whether by measure or otherwise, and also includes any pipes and fittings which are the property of the owner or occupier of those premises and which are used for conveying water from the drains of the Minister, whether or not that property is situated on those premises;

"well" means an open excavation into which water percolates and from which water is drawn for domestic supply.

#### Division II.

##### By-laws for the Preventing of Pollution of the Catchment Area.

2. The by-laws in this Division apply to all water reserves and catchment areas constituted for the purpose of the principal or any amending Act.

##### Cleaning and Filling Up of Cesspools.

3. All existing cesspools, within the catchment areas shall be cleansed and filled up to the satisfaction of an Inspector, within one calendar month after notice, in writing, to that effect has been given by or with the authority of the Minister to the occupier or owner of the premises concerned.

##### Situation of Closets.

4. Closets shall not be constructed within 50 yards of highwater mark, or of any well or bore, and any closet situated within 50 yards of highwater mark, or of any well or bore, shall within one calendar month of notice to that effect being given to the owner or occupier by the Minister or by an Inspector, be taken down and the cesspool, if it exists, cleansed and a fire made therein, after which the cesspool shall be filled up to the satisfaction of the Inspector by the owner or occupier of the house to which the closet or cesspool is appurtenant.

## Provision of Sanitary Conveniences.

5. (1) The owner and occupier of every house within the catchment area shall provide for the use of the occupants of the house—

- (a) an earth closet with a sufficient number of pans approved by an Inspector; or
- (b) septic tanks or other apparatus as may be required or approved by the Minister.

(2) The closet, septic tanks or approved apparatus shall be erected in a position as directed by an Inspector.

## Earth Closets and Privies.

6. No person shall construct or cause to be constructed any earth closet or privy which does not comply with the following conditions:—

- (a) It shall not be less than—
  - 4 ft. 8 in. in length, or
  - 3 ft. in width, or
  - 7 ft. in height.
- (b) It shall not be within 20 ft. of any house or tank, nor within 50 ft. of any other water supply, nor within 50 ft. of the milking shed or milk room of any dairy, and shall be so constructed that the pan may be withdrawn from the rear of the convenience.
- (c) The walls shall be of stone, brick, or other material approved by the Minister.
- (d) There shall be at least two ventilating openings, of 50 square inches, in area, one in each of two opposite walls, and situated 6 ft. above the floor level.
- (e) The roof shall be of galvanised iron, or other impervious material.
- (f) The door shall be hung so that there is, when the door is closed, a clear space of at least 3 in. above and below it.
- (g) The floor shall be of approved impervious material, and shall have a uniform fall of 1 in 30 from back to front and its upper surface shall be not less than 6 in. above the level of the ground adjoining.
- (h) The panstead shall measure 19½ in. long by 16 in. wide. It shall be totally enclosed and constructed in a manner to exclude flies.
- (i) The upper surface of the seat shall be 15½ in. above the floor.
- (j) A hinged aperture cover shall be provided to the seat.
- (k) A service door shall be provided in the rear wall of the convenience, through which the pan must be withdrawn.

6A. In relation to sanitary conveniences to be provided in connection with houses and public and private places, the following provisions shall apply, that is to say:—

- (1) Every house, and every public place and every private place shall be provided with not less than one sanitary convenience.
- (2) In the case of any house, or public or private place in respect of which the requirements of more than twenty persons have to be provided for, there shall be additional sanitary conveniences in the proportion of one for every 20 persons, or portion of 20: Provided that this requirement shall not apply to public buildings under Part VI of the Health Act, 1911-1956, nor to licensed premises under the provisions of the Licensing Act, 1911-1956, nor to factories under the provisions of the Factories and Shops Act, 1920-1956.

6B. (1) The occupier of any premises whereon there is a sanitary convenience shall maintain the convenience in a cleanly condition.

(2) The owner of any premises whereon there is a sanitary convenience shall maintain the convenience in accordance with these by-laws.

(3) Every closet shall be supplied with a sufficient number of receptacles which shall be interchangeable with others in the same district and which shall be of approved size, shape and style, and every pan shall be emptied and cleansed at least once every week or as often as may be required by an Inspector.

#### Removal and Re-erection of Closets.

7. Closets or urinals already in existence shall, whenever considered necessary by an Inspector be removed where directed by the Inspector, and the removal or re-erection shall be at the cost of the owner, who shall have the work completed within one calendar month from delivery by the Inspector of written notice to the owner requiring this to be done.

#### Nuisance shall not be Caused.

8. (1) The owner or occupier of any house within a catchment area shall not permit the contents of any pan used in any closet or urinal to overflow from any cause whatever.

(2) The owner or occupier of any house within a catchment area shall not permit any closet or urinal, or pan appertaining thereto, or used by the occupants of such house to become offensive or a nuisance, and every such owner or occupier, whenever directed, either verbally or in writing by an Inspector, shall properly and effectively empty and cleanse the closet, urinal or pan, to the satisfaction of the Inspector.

#### Disposal of Nightsoil, etc.

9. (1) Nightsoil, refuse and garbage shall be disposed of from time to time as the Minister or an Inspector may direct.

(2) Nightsoil, faecal matter or refuse shall not be buried within the catchment area unless written consent thereto has been obtained from the Minister.

(3) Nightsoil, faecal matter or human urine, whether mixed with any other substance or not, or any solution thereof unless the same has been thoroughly deodorised and disinfected to the satisfaction of an Inspector, shall not be placed, deposited, spread or permitted to be placed, deposited or spread in or upon any land or garden within a catchment area, unless written consent thereto has been obtained from the Minister.

#### Disposal of Manure, etc.

10. Refuse, dung, manure or other offensive matter shall not be deposited or be permitted to be deposited within three hundred yards of highwater mark or of any well or bore.

#### Use of Poisons and Artificial Manure.

11. (1) The owner or occupier of any house, land or premises situated within a catchment area shall not use without the approval of the Minister—

(a) any artificial manure for agricultural, horticultural, pastoral and sylvicultural purposes; or

(b) any weed killer or any other toxic substance; or

(c) any poison for the destruction of rabbits, dogs, foxes, opossums, rats, mice or other vermin.

(2) The Minister shall from time to time by notice published in the *Government Gazette* indicate those materials that may be used without prior approval.

#### Situation of Outbuildings.

12. (1) Buildings of any description shall not be used as or constructed for a stable, cow-shed, goat-shed, sheep-pen, pig-sty or fowl-house, and any animal or bird shall not be housed or yarded within three hundred yards of highwater mark or of any well or bore or in a position that storm-waters may wash any manure or refuse therefrom into any reservoir or feeder.

(2) Every such structure within the catchment area shall have attached thereto for containing all liquid and solid manure a watertight receptacle approved by an Inspector.

(3) (a) Land sloping to a feeder on which any such structure stands shall be excavated to a depth of at least 12 in. and the soil so obtained shall be used as an embankment around the area so excavated.

(b) Such work shall be done by and at the expense of the owner or occupier of such premises.

#### Cleaning of Outbuildings.

13. The owner or occupier of any stable, cow-shed, goat-shed, sheep-pen, pig-sty or fowl-house, situated within a catchment area, shall not allow any dung, manure, or other refuse to accumulate in or near such premises, but

shall immediately remove or dispose of same in such manner that it cannot pollute any water flowing or which may flow into any reservoir or any feeder or any well or bore and an Inspector may by written notice to the owner or occupier order the immediate removal and disposal of any dung, manure, or other refuse from such premises and any person omitting to comply with the notice to the satisfaction of an Inspector shall be guilty of an offence against these by-laws, and liable to penalties for breach thereof.

#### Disinfection.

14. The occupier of every house or premises whether public or private situated on any catchment area, shall when required by the Minister, cause all nightsoil or other matter deposited in any pan in any closet or privy to be thoroughly disinfected in the manner specified by an Inspector.

#### Treatment of Nightsoil.

15. Every nightman or contractor shall cause the nightsoil removed from any premises to be either rendered inoffensive or treated in a destructor, desiccator or incinerator, or buried in trenches outside the catchment area, or disposed of in a manner approved by an Inspector.

#### Mode of Removal of Receptacles.

16. The mode of removal of each receptacle in each closet shall be as follows:—

- (a) The nightman shall remove each receptacle and at once cover the same with a suitable tight-fitting lid, and upon every such removal shall carefully place a cleansed pan, of the pattern approved by the Minister or an Inspector, in lieu of every pan so removed.
- (b) Each receptacle which is so removed from a closet and sealed with a lid as prescribed in the foregoing clause, shall be removed by the nightman in a cart or vehicle of a pattern to be approved by an Inspector, and the contents of all such receptacles shall be deposited in such place or places as shall from time to time be fixed by the Minister or an Inspector.
- (c) After the receptacle has been emptied, it and its lid shall be thoroughly washed, and scrubbed in clean water and then the inside of the receptacle and both sides of the lid shall be thoroughly scrubbed in a disinfecting solution, a separate brush being used, and then wholly immersed in a solution of disinfectant having a germicidal value equal to a 5 per cent. solution of pure carbolic acid; or thoroughly cleansed in a steam-tight box or chamber with steam, to be applied to the receptacle and lid for not less than five minutes.
- (d) The interior surface of every receptacle and the underside of the lids shall, after being thoroughly cleansed, be properly coated with coal tar applied hot, and the coating shall be renewed, whenever necessary, so as to properly protect the whole internal surface of the receptacle and the underside of the lid.
- (e) The receptacle shall be emptied and perfectly cleansed as above once per week at least, or so much more frequently as the Minister or Inspector may from time to time direct.

#### Charges for Removal.

17. Every nightman is entitled to charge, unless other arrangements be made, and to receive from the occupier of any premises from which any nightsoil, trade or house refuse is removed, such sum or sums of money as are specified in a contract and approved by the Minister, and shall not ask, demand, or receive more than the sums approved.

#### Licensing of Nightmen.

18. Nightsoil shall not be removed from any closet, house or premises within an area to which this provision applies, except by nightmen duly licensed by the Minister.

#### Private Contracts for Removal of Nightsoil.

19. Individual householders shall not contract for the removal of nightsoil or any other refuse or offensive matter whatever except with a person licensed by the Minister, and in accordance with these by-laws.

#### Keeping Pigs.

19A. The keeping of swine on any portion of a catchment area within 500 yards of a reservoir or feeder situate within a catchment area or of a well or bore is hereby forbidden.

#### Straying of Animals.

20. A person shall not cause or permit horses, cattle, sheep, goats, pigs, ducks, geese, fowls or other species of livestock to stray or depasture over any portion of a catchment area in respect of which area the Minister has by notice in the *Government Gazette* prohibited the straying or depasturing of horses, cattle, sheep, goats, pigs, ducks, geese, fowls or other species of livestock.

#### Abattoirs, Slaughterhouses and Offensive Trades.

21. Abattoirs, slaughterhouses or any trade with offensive waste shall not be established or conducted in any part of the catchment area, except in an area, set apart for the offensive trades, and unless provision is made for the disposal of all wastes, liquid or otherwise, either outside the catchment area, or in some other manner approved by the Minister.

#### Removal and Destruction of Carcasses.

22. In the event of the death or of an accident necessitating the slaughter of any horse, cattle, or sheep, or other animal, the carcass of the animal shall be removed by the owner thereof to a safe distance from high-water mark, or of any well or bore, or any feeder, or to such place as an Inspector may direct, and the owner shall immediately thereafter dispose of same by burning to the satisfaction of the Inspector, or if the owner cannot be found, the Inspector shall destroy it.

#### Burials.

23.(1) No human body shall be buried in any catchment area except in a place approved by the Minister.

(2) Any human body so buried with the approval of the Minister shall be covered with at least 5 ft. of earth.

#### Receptacle for Refuse.

24. (1) The occupier of every house or premises shall provide and keep in a position approved by an Inspector, such and so many receptacles or boxes of the material and of the dimensions as may be required by the Minister or Inspector for the temporary deposit of solid house refuse.

(2) The owner or occupier of the house shall regularly collect all refuse or rubbish from the premises, and place the same in receptacles and he shall not permit or suffer the receptacles to overflow or become offensive, and shall, when necessary, or directed by the Inspector, thoroughly disinfect the same forthwith.

(3) (a) The owner or occupier of every house or premises in which a receptacle or box is so provided or kept or used, shall cause same to be emptied at least once a week or as often as the Inspector may direct.

(b) The owner or occupier of the house or premises shall keep the receptacle or box in good repair, and upon notice from the Inspector immediately replace by a new and improved receptacle or box any receptacle or box that the Inspector may deem worn out or unfit for use.

#### Disposal of Household Rubbish.

25. (1) The owner or occupier of any house which is served by a rubbish removal service shall not deposit any rubbish whatsoever upon any catchment area, other than in the place set apart by the Minister or an Inspector for such purpose.

(2) Where a house is not served by a rubbish removal service; then the owner or occupier of the house may, subject to the next succeeding by-law; dispose of his own dry house refuse or rubbish by burial: Provided that such rubbish shall be covered by at least 12 in. of clean earth.

#### Disposal of, and Receptacles for Noisome Things.

26. Rubbish, filth, blood, offal or manure or any slops, soapsuds, urine, water containing urine or other refuse, noisome thing or matter, shall not be deposited or be permitted to be deposited in any part of a catchment area, where it may, in the opinion of an Inspector, be carried by stormwater, into any feeder or any well or bore, but every occupier or owner shall provide and maintain proper watertight vehicles or receptacles fitted with close-fitting covers or lids for the purpose of carting or receiving same.

#### Location of Vehicles or Receptacles.

27. All such vehicles or receptacles shall be kept in such convenient place to allow of ready removal as may be directed by an Inspector, so as not to be a nuisance to any person, and shall be kept in a thoroughly sanitary condition, and removed at least once every week and cleansed and disinfected both inside and out.

#### Reserve for Rubbish.

28. Foul or offensive water or other offensive liquid, or refuse, garbage, sweepings, or other offensive matter or thing, shall not be pumped, emptied or swept, thrown, or otherwise discharged or deposited into or upon any street, lane, yard, vacant land, or other place, whether public or private within the district other than the place set apart by the Minister or an Inspector for that purpose.

#### Disposal of Industrial Wastes.

29. (1) No person shall pump, drain or discharge or permit to be pumped, drained, or discharged, any water or liquid waste from any quarry, mine, pit, factory or industrial process upon any catchment area without the written permission of the Minister.

(2) Where any permitted water or liquid waste is so discharged the person so discharging it shall at all times comply with the requirements of the permit.

#### Pollution of Streams.

30. No person shall wash clothes or other articles in any watercourse, reservoir, aqueduct, or any waterworks within a catchment area, nor shall any person wash, throw, cause or permit to enter therein any dog or other animal, or throw or convey, or permit to be conveyed or thrown therein any rubbish, dirt, filth, dead animal, or other noisome thing.

#### Bathing.

31. Bathing in any watercourse, reservoir, aqueduct or any waterworks within a catchment area is prohibited except in the places and under the conditions as the Minister may from time to time specify.

#### Entry into Private Premises by Officers of Minister.

32. (1) It is lawful for an Inspector or any assistant acting under the directions of an Inspector or other officer authorised by the Minister at his discretion, at any reasonable hour, with or without notice, to enter any land, house, or premises for the purpose of ascertaining whether any act or thing is being done or permitted or left within that land, or house, or those premises in breach of these by-laws and to remove or cause to be removed anything so done, permitted or left thereon in breach of these by-laws, or to take steps as he may deem necessary for carrying out these provisions.

(2) The cost of removal or other necessary act shall be borne by the owner or occupier of the premises upon which the breach occurs.

#### Period for Compliance with Notices.

33. Unless otherwise provided for, the time which may elapse between the giving of a notice and the doing of a thing required to be done by any Inspector or other authorised officer shall be determined by the Minister according to the nature of each case.

#### Cutting of Timber and Clearing.

34. No person, whether in possession of a timber cutter's license or not, shall cut or hew timber or destroy any trees, shrubs or vegetation of any kind or carry out any clearing of any kind, on any catchment area unless authorised so to do by the Minister.

#### Shooting, Hunting and Fishing Restrictions.

35. The Minister may from time to time prescribe restrictions on hunting, shooting and fishing in the catchment area.

#### Camps and Picnics.

36. (1) No person, body corporate or association or group of persons shall at any time camp or picnic within 300 yards of the high-water mark or of any well or bore or any reservoir or feeder thereto.

(2) The Minister may from time to time by notices erected in a catchment area, further restrict camping and picnicking in the catchment area.

Division III.

By-laws for Protecting the Water, Grounds, Works, etc.  
from Trespass and Injury.

Trespassing Prohibited.

37. A person shall not enter any ground which is adjacent to or reserved for water supply works and which is fenced off and not open to the public, without the permission of the Minister or the officer in charge of that ground or any other officer acting on behalf of and with the authority of the Minister.

38. No person shall in any way foul or contaminate any water belonging to the Minister, and prove that

- (a) any person has washed his body or any part thereof or any clothes or utensils or any other thing whatsoever in such water, or
- (b) any person has entered or caused or permitted any animal to enter such water

shall be sufficient proof of such fouling or contamination.

Camping and Lighting of Fires.

39. No person shall camp or light a fire within an area set apart or reserved for a reservoir or bore except in such portion, if any, as may be set apart, by the authority controlling the area or in whom the area is vested, for camping or the lighting of fires as the case may be.

Protection of Flora, Shrubs, etc.

40. The removal, plucking, or damaging of any wild flower, shrub, bush, tree, or other plant, growing on any land or reserve vested in the Minister, within half a mile of any reservoir or bore is prohibited.

Dogs Prohibited.

41. Dogs shall not be brought or taken on or to any portion of the grounds in the vicinity of any waterworks.

Disposal of Refuse, etc.

42. Loose paper or other refuse shall not be left on any portion of the grounds in the vicinity of any reservoir or works, except in a receptacle provided therefor.

Posting or Distribution of Bills, etc.

43. Bills, advertisements, or other notices shall not be posted or distributed on any portion of any reservoir or works, or on any portion of the works or grounds in the vicinity thereof.

Nuisances.

44. Nuisances shall not be committed on any portion of the grounds in the vicinity of any reservoir or works.

Protection of Pipes.

45. Vehicles, conveyances, or animals shall not be driven, taken, or ridden in such a manner as to endanger the main conduit or any branch thereof, or be permitted to cross the same except where crossing places have been provided as indicated by sign-boards.

Protection of Works from Injury.

46. No person shall in the vicinity of any works carry on or cause to be carried on any mining or quarrying operation, or make any excavation of any sort, or cause any explosion so as to injure any waterworks, sewerage works, sewers, drains, pipes or fittings whatsoever.

## Division IV.

## Licensing of Plumbers.

Plumbing Work shall be done by Licensed Plumbers.

47. A person shall not fix, alter or repair pipes, or fittings connected with the works of the Minister within a country water area, unless he is the holder of a water supply plumber's license duly granted by the Minister.

## Description and Scope of Licenses.

48. (1) The Minister may grant a water supply plumber's license operative in the areas to which these by-laws apply, excluding areas open for sewerage connections within a sewerage area or district constituted under the Country Towns Sewerage Act, 1948-1954, to a plumber who satisfies the Minister that he is a competent water supply plumber and is a fit and proper person to hold the license.

(2) A person who applies to the Minister for a water supply plumber's license may be required by the Minister to submit to an examination in the theory and practice of plumbing work.

## Annual Fee for License.

49. An annual fee of one pound (£1) is payable for every license except when a license is granted after the first day of July in any year, in which case the fee shall be ten shillings.

## Renewal of License.

50. Licenses issued by the Minister under these by-laws shall be current only from the day of issue to the 31st December of the year of issue, but may be renewed annually and water supply plumbers shall apply for a renewal and pay the necessary fee before the expiry of the year for which their existing license is current.

## List of Licensed Plumbers Shall be Published.

51. A list of licensed water supply plumbers shall from time to time, be published at the office of the Minister.

## Breaches of By-laws by Plumbers.

52. (1) Any licensed water supply plumber offending against any by-law, direction, or regulation of the Minister, or who refuses to give any needful or proper information required by an officer of the Minister, either by himself or those employed by him, or who fails to complete any contract with the Minister or with a private owner within the time specified, shall be liable to a fine not exceeding 20 pounds, and is liable to have his license suspended or cancelled.

(2) Any person who is removed from the list shall not be re-admitted as a licensed water supply plumber unless and until he has served the suspension order or paid the fine not exceeding 20 pounds, as the Minister may determine.

## Delay in Work.

53. Plumbers shall execute any work they undertake with reasonable despatch; and any inconvenience to the public caused by licensed water supply plumbers by unnecessary delay in carrying out work will be rigorously dealt with by the Minister.

## Damage to Pipes Shall be Reported.

54. Damage caused by licensed water supply plumbers to water, gas or other pipes shall be at once reported, and immediate steps taken to have repairs effected, and the cost of same shall be defrayed by such plumber.

## Deposit and Declaration.

55. Prior to issue of the license, the person to whom the same is to be issued shall deposit with the Minister a sum of five pounds, which shall be retained during the currency of the license as a security for the proper performance of all work done by him and shall sign a declaration that he accepts the license subject to the conditions thereof and the regulations, by-laws and directions of the Minister, and that he will conform and comply therewith.

## Deductions from Deposit.

56. The Minister may deduct from such deposit any fine inflicted or the expense of making good any bad work of the licensed water supply plumber

or his workmen, and as often as any amount is so deducted the licensed water supply plumber shall make good the deposit to the sum of five pounds, and in default his license will be cancelled.

Change of Address to be Notified.

57. Every licensed water supply plumber shall within 48 hours of any change of his address give notice in writing to the Minister.

Division V.

Water Supply Plumbing.

Specification of Pipes, Fittings and Apparatus for Private Services.

58. In connection with the laying down, maintenance, alteration or repair of every private service, the following conditions shall be observed by the owner or occupier of the premises to which the service is connected or to be connected:—

(10) (a) Tees, thimbles, bends, reducing couplings, plugs, etc., shall be of the best material and manufacture, true in section, regular, and of equal thickness, properly and truly cut with the British standard thread, perfectly sound and new, and free from all defects.

(b) The tees, bends, tubes, etc., shall be capable of withstanding hydrostatic pressure of 300 lb. per square inch, shall be tested to this pressure by an officer duly appointed for the purpose, and shall conform otherwise to the British standard specification existing at the time.

(11) (a) All joints between pipes, tees, bends, thimbles, couplings, elbows and cocks, etc., shall be made with flax or other approved jointing material.

(b) All joints on lead pipes shall be of the kind known as "wiped joints," and all connections between lead and iron water pipes shall be made with brass couplings and wiped joints.

(12) No pipe or other apparatus shall be laid through any sewer, drain, ashpit, cistern, or manure bin, or through, in, or into any place where, in the event of the pipe becoming unsound, the water conveyed through the pipe would be liable to be polluted or to escape without observation, unless the pipe or apparatus is laid through an exterior approved iron pipe or box of sufficient length and strength to afford due protection to the same and to bring any leakage or waste within easy detection.

(13) All taps, stop-cocks, ball-cocks, valves, other fittings or apparatus used in connection with the supply of water shall be of approved types and capable of withstanding a pressure of 300 lb. per square inch, and shall be tested and stamped by the duly authorised officer of the Minister before being fixed.

(14) No valve or cock or apparatus of any description shall be permitted unless the construction of the same is such that a rise in pressure of not more than 10 lb. per square inch shall occur when the valve, cock, or apparatus is closing.

(15) Every cistern and tank shall be provided with an equilibrium ball valve and stop-cock, and the overflow pipe shall be laid and fixed in a suitable manner, so as to discharge in some conspicuous place open to inspection.

(16) No service pipe on private property below the ground surface shall be laid at a depth less than 18 inches, unless otherwise approved by the Minister.

(17) No part of any service shall communicate directly with any vessel (other than approved apparatus for heating water for domestic purposes), except with the written permission of the Minister.

(18) No part of any service shall communicate directly with any steam boiler or other vessel used for generating steam, or with any other vessel, in such manner that noxious liquids or gasses can return into the main or service pipe.

(19) (a) Every water closet, urinal, slop hopper or other fixtures as directed by the Minister shall be supplied from the service pertaining to the building through an approved waste-preventing apparatus.

(b) No service pipe shall communicate directly with the fixture, or otherwise than with the cistern.

(20) (a) Unless otherwise approved by the Minister, the outlet of every fixture such as baths, lavatory basins, kitchen sinks, etc., shall be distinct from and unconnected with the inlet, and the inlet shall be placed at least one inch above the highest water level of those fixtures.

(b) The outlet of every fixture shall be provided with a perfectly watertight plug, and shall be constructed so as to prevent a waste of water.

(21) Projection pieces between a bib tap and fitting on the end of a horizontal water service pipe shall not be permitted unless so supported as to prevent the pipe and tap swinging downwards.

(22) All taps over fixtures shall be so arranged that any drips from same will fall within the fixture.

(23) Stand pipes not secured to buildings shall be securely fixed to an approved support fixed in the ground.

(24) Pipes shall be secured to woodwork by means of approved galvanised clips and screws and to concrete, stone or brickwork with approved galvanised hooks or bolted clips.

(25) Pipes shall be laid in a straight line and where changes of direction occur under ground bends shall be used.

(26) In all cases where a water service pipe is attached to a cistern, lavatory basin, or any other plumbing fixture when directed by the responsible officer, the connection shall be made by means of an approved lead or annealed copper connection between the fixture and supply pipe, the length of which shall not be less than 15 in. over all.

(27) No person shall fix any water ejector, automatic siphon, or other water power pumping appliance to the Minister's supply without the permission in writing of the Minister being first obtained and if approved, such apparatus shall be fixed only under such conditions as the Minister shall notify in writing.

#### Maintenance of Private Services.

59. (1) The owner or occupier for the time being of any property supplied with water shall at his own risk and expense lay down his private service and keep it in good order and repair, in such a manner as to conform with the provisions of these by-laws.

(2) Where the service pipe or apparatus within the boundary of any premises is the property of the owner or occupier of those premises, the occupier (if any) and if none, the owner shall, upon receiving notice that the service pipe or apparatus requires repairing, or is blocked up or broken, immediately proceed to repair the same by employing a licensed plumber, subject to the provisions of these by-laws, and he shall be responsible for any loss of water or other damage which shall be caused by reason of such service pipe or apparatus

being leaky or otherwise out of repair or broken, and, in default, be liable on conviction to a penalty not exceeding ten pounds, and, in the event of continuing the offence, to a further penalty of two pounds for each day after receipt of such notice, and the Minister may stop the water from flowing into those premises, either by cutting off the service pipe, or otherwise, as the Minister may see fit, until the necessary repairs are effected.

(3) Without prejudice to the right of the Minister to proceed for any penalty for the breach or non-observance of any of the provisions of this by-law, the Minister may cut off the supply of water to any premises whereon the private service or any part thereof is not at all times laid, fixed, used or maintained in all respects in accordance with the provisions of the said by-law, and may keep the same cut off until such provisions have been fully observed.

#### Interference Within Three Feet of Stop-cock.

60. (1) Licensed plumbers or other persons shall not, under any circumstances, disconnect the joints from a meter supplied by the Minister.

(2) No branch shall be taken off the service pipe within a distance of 3 ft. on the consumer's side of the stop-cock or meter of the Minister.

### Division VI.

#### By-laws for General Purposes.

##### Applications for Service.

61. (1) Applications for water service shall be made on the printed form procurable at the Head or Branch Office, and shall be lodged not less than seven days before the service is required.

(2) Full information, as indicated on the prescribed form, shall be supplied, and the full amount of rates and/or other charges due on the premises, to which a service is required, shall be paid on or before application and before the work is commenced.

##### Supply to Non-rated Premises.

62. (1) Any person or persons requiring a water service to any non-rated property may be supplied on payment of a minimum charge which shall be fixed by the Minister in each case.

(2) The minimum charge shall then take the place of a water rate, and the general provisions of these by-laws, as applying to ratepaying consumers, shall apply to minimum charge paying consumers.

##### Supply of Water Not Compulsory.

63. It shall be at the discretion of the Minister to supply water to any individual consumer or to any land whether rated or not.

##### Separate Services Required.

64. (1) Except with the written permission of the Minister, not more than one house or tenement shall be supplied from a single water service.

(2) The Minister may in special cases, consent to two or more tenements being supplied from one water service, but in such cases the sub-services shall be so arranged that the supply to each house shall be independent of the supply to the remaining houses and controlled by a stop-cock on such sub-service.

##### Size of Service Pipes.

65. The size of the service pipe shall in each case be fixed at the discretion of the Minister.

##### Notice of Intention to Build.

66. The owner or occupier of any land supplied with water within a Country Water Area who shall erect or make, or cause to be erected or made, any building or addition to any existing building on such land shall, before the commencement of same, give notice in writing thereof to the Minister.

#### Obstruction of Pipes, Sewers, Drains or Fittings.

67. (1) Any person who without the written consent of the Minister, erects or maintains any building or structure or causes any building or structure to be erected or maintained, or places or keeps any material or thing or causes any material or thing to be placed or kept over any pipe, sewer, drain or fitting which is the property of the Minister, and thereby—

- (a) trespasses on or causes injuries to such pipe, sewer, drain or fitting; or
- (b) prevents or in any way impedes or obstructs the inspection, maintenance cleansing, repair, management or use of such pipe, sewer, drain or fitting,

shall be guilty of an offence against these by-laws and be punishable on summary conviction by a penalty not exceeding twenty pounds, and in the case of a continuing breach of this by-law the offender shall be liable to a further penalty not exceeding five pounds for each day the offence continues after notice thereof has been given by or on behalf of the Minister to the offender.

(2) The Minister may cause any building, structure, material, or thing erected, placed, maintained, or kept over any such pipe, sewer, drain or fitting in contravention of this by-law to be altered, pulled down, removed, or otherwise dealt with as he shall think fit.

(3) Any person committing any breach of this by-law shall, in addition to any penalty imposed on him, pay any expense incurred by the Minister in consequence of such breach.

#### Locking of Taps, etc.

68. The occupier of any premises to which water is laid on, or in the event of there being no occupier, the owner of such premises shall cause proper means to be taken by locks or otherwise, subject to the approval of the Minister, to prevent the use of the water from the main by persons not connected with those premises.

69. No person shall connect a service pipe directly with any cistern, tank, or vessel intended or used for the reception of water other than water obtained from the Minister's mains.

#### Misuse of Water.

70. No person entitled to a supply of water for domestic purposes only or entitled only to a supply of water for any other specified purpose, shall use such water for any other purpose except that for which the water is supplied.

#### Illegal Taking or Selling of Water.

71. No person, whether entitled to receive water, from the Minister or not, shall, without the written permission of the Minister, take, carry away, or allow to be taken or carried away, such water from his premises, or sell the same to any other person.

72. No person shall use or consume or permit to be used or consumed any water belonging to the Minister without first obtaining the consent of the Minister.

#### Turning off When Repairing and Tapping.

73. The Minister may, from time to time, when necessary for the purpose of tapping or repairing the main, or otherwise, cut off the supply of water from any part or parts of a country water area.

#### Reward—Reporting Leakage.

74. The Minister may in his discretion adequately reward any person (not being the person in fault), who communicates timely information to the Minister of any leakage or waste of water, whether the same be accidental, negligently or wilfully occasioned or suffered, or who gives such information as shall lead to the conviction of any person or persons who steals or cause to be stolen or improperly appropriated the water of the Minister.

#### Waste of Water.

75. No person supplied with water by the Minister, whether by meter or otherwise shall allow the same to run to waste.

#### Limiting Supply.

76. (1) The Minister may at such times and for such purposes as he may deem necessary and expedient, prohibit the use of water for garden purposes and all purposes other than domestic and industrial, except with his permission in writing.

(2) The Minister may also at and for such times and for such purposes as he may deem necessary and expedient, by notice published in any newspaper circulating in the district, limit the use of water for any purpose and may prohibit the use of any hose or fixed or other mechanical devices and/or sprinklers at such times and during such hours as he may deem fit.

(3) A person who uses water or a hose, device or sprinkler in contravention of a notice so published shall be deemed to have committed a breach of the provisions of this by-law and shall be liable upon conviction to a penalty not exceeding 20 pounds, and in the event of a continuing breach to a further penalty not exceeding five pounds, for each day the breach continues.

#### Fixing of Meters.

77. (1) An officer appointed by the Minister for the purpose may fix a meter on any service, and shall determine the size and class of meter in each case.

(2) Meters will be supplied by the Minister, and may be open or encased at the discretion of the Minister.

#### Repairs and Maintenance of Meters.

78. (1) (a) Any person supplied with water through a meter belonging to the Minister, shall pay the cost of making good all damage to such meter whilst on his land and in his charge.

(b) Any repairs required shall be done by the officers of the Minister, and the expense incurred by the Minister in so doing shall, on demand, be paid by the owner or occupier of the land, and if not paid on demand shall be recoverable in the same manner as water rates.

(2) A person supplied with water through a meter not owned by the Minister shall pay the cost of keeping the meter in repair, and shall pay in advance an annual maintenance fee equivalent to 75 per cent. of the annual rental charge prescribed in by-law No. 96.

#### Notice of Damage or Non-Registration of Meter Shall be Given.

79. Any person supplied by the Minister with water through a meter shall, on finding that meter is damaged, or not registering, immediately give notice of the fact to the Local Water Supply Office.

#### Interference with Meters.

80. No person shall break or in any way interfere with the seal fixed on a meter, through which water is supplied by the Minister, or turn or attempt to turn any screw, bolt, or nut on or attached to the meter, or use any tool or appliance on any such meter, or introduce or attempt to introduce any body or substance into the meter, or in any way interfere with any portion of the meter or any pipes or fittings attached thereto.

#### Period for Reading.

81. The quantity registered by a meter at any time between 10 days before and 10 days after any stated date may be taken as the reading of the meter at such stated date.

#### Averaging of Consumption.

82. During the time any meter is undergoing repairs, or should it cease properly to register or record the consumption of water, the Minister or any officer appointed by the Minister may, at his option, estimate the quantity of water consumed by taking an average of the quantity used during any previous period or by adopting any other basis of adjustment as the Minister may determine, and the quantity so ascertained shall be paid for by the consumer.

#### Testing of Meters.

83. If a consumer is at any time dissatisfied with any particular reading of a meter, and is desirous of having the meter tested, he shall give written notice thereof to the Minister or his officer within seven days of that reading and thereupon the meter shall be tested by passing through it a pre-determined quantity of water, and if upon being so tested it appears to the satisfaction of the Minister or his officer that the meter registered more than five per cent. in excess of the quantity that actually passes through it at the testing, then the Minister shall bear the expense of and incidental to the testing, and shall also adjust the charge to the consumer, but if the meter upon that testing does not register more than five per cent. in excess of the quantity that actually passes through it, then the consumer shall pay to the Minister all the expenses of and incidental to the testing, provided that the expense of every test shall be fixed by the Minister, subject to a minimum charge of 10s. for each test; provided also, that the consumer shall not be at liberty to avail himself of the right to test the registration of the meter for any period other than the period of registration next preceding the date of reading in respect of which he gives notice as aforesaid.

#### Authority to Enter Premises.

84. (1) Any officer acting under the Minister's authority may, at all reasonable times, enter any house or premises connected or intended to be connected with the water mains, in order to examine whether the water pipes and fittings in such house or premises are in proper order.

(2) Any person refusing admission or in any way hindering such officer in the execution of his duty shall be liable to a penalty as hereinafter prescribed.

#### Gratuities Prohibited.

85. Officers, workmen, or agents of the Minister shall not solicit or receive any fee or gratuity whatever.

#### Standard Drawings and Fittings.

86. (1) Approved standard fittings and type drawings will be exhibited at the Minister's office.

(2) Due consideration will be given by the Minister to the claims of any other fittings which may be presented for approval, and if considered satisfactory, the same may be placed among and become one of the approved standard fittings.

(3) The Minister may, from time to time, amend, alter, or cancel any or all of the standard fittings or type drawings, and replace them by such other fittings or drawings as he may approve of.

#### Connecting or Interfering with Pipes and Fittings.

87. No person shall make any connection or interference with any pipe of the Minister or with any water pipe or fitting communicating therewith, at any other place than shall be approved of by the Minister, and the mains shall only be tapped by a workman of the Minister.

#### Inspection of Works.

88. (1) Work shall not be undertaken in connection with water supply, or in the extension or alteration thereof, until such time as the necessary printed permit is obtained.

(2) Two days' notice shall in all cases be given by the licensed plumber before work is intended to be commenced, unless the officer of the Minister duly appointed to issue permits expressly accepts shorter notice.

(3) In no case shall any water pipes or apparatus in connection with water supply be used until the work has been inspected, and, if necessary, tested by the officer, and certified by him in a form approved by the Minister.

(4) No underground or enclosed work shall be covered up or concealed from view until the same has been duly inspected and passed by an Inspector, and for this purpose the person to whom the permit has been issued shall immediately report any work which is ready for inspection, or test, and every facility shall be afforded to such officer for making any inspection or tests.

Division VII.  
Rates and Charges.  
Rating.

89. (a) Within any Country Water Area the water rate shall, subject to the provisions of section 65, subsection (2) (a), be at a rate not exceeding three shillings in the pound per annum upon the net annual value of all rateable land not rated as "Country Land" provided that a minimum rate of one pound per annum shall be payable on each separately assessed piece of land.

(b) In making rates a distinction may be made between occupied and vacant land, and in the event of a dispute as to whether or not land shall be regarded as vacant, the decision of the Minister shall be final in every case.

(c) On "Country Land" within the boundaries of a Country Water Area, the annual water rate on each rateable holding shall, subject to the provisions of section 65, subsection (2), paragraphs (b), (c) and (d), be a sum not exceeding five pence per acre of the area of the land rated, or three per centum of the unimproved value of the land, whichever is the lesser, provided that a minimum rate of not exceeding two pounds per annum shall be payable in respect of each rateable holding.

(d) The Minister may, in his discretion, allow a discount of not exceeding 5 per centum upon any rates paid within three months of the date upon which such rates become payable, but such discount shall not apply to minimum rates or fees which shall be paid in full.

(e) For the purpose of section 50 of the Act the financial year shall be:—

(i) the year ending on the 31st day of December in respect of the following rating zones:—Mundaring; Darlington; Kalamunda; Toodyay; Northam; York; Beverley; Central; Goomalling; Belka; Nukarni; Westonia; Williams; and

(ii) the year ending on the 30th day of June in respect of the following rated zones:—Southern Cross; Coolgardie; Kalgoorlie; Boulder; Norseman; Bullfinch; Marvel Loch; Barbalin; Bruce Rock; Kon-dinin; Narembeen; Allanson; Collie; Narrogin; Boyup Brook; Brookton; Carnamah; Dwellingup; Katanning; Mount Barker; Pemberton; Serpentine; Tambellup; Quairading; Bridgetown; Brunswick; Cranbrook; Gnowangerup; Kulin; Margaret River; Pinjarra; Three Springs; Waroona and Dangin.

Rates—How Payable.

90. Water rates shall become due and payable in advance as from the date of making and levying of such water rates.

Allowance for Rate.

91. Where a rate or other charge in lieu of a rate is payable in respect of a piece of land within a rating zone specified in the Schedule of these by-laws, the owner or occupier of that land is entitled to consume in accordance with these by-laws and during the period in respect of which the rate or the charge is payable, such quantity of water as would be obtainable for the amount of that rate or charge if calculated at the price specified in that Schedule, with respect to that zone, as the price for water supplied in return for rates paid or for minimum charges paid in lieu of rates.

91A. A consumer of water in respect of premises rated under the provisions of the Country Towns Sewerage Act, 1948-1954, who, on or after the first day of January, 1957, receives his supply of water to the premises through a meter and has paid or pays for the supply so received an amount exceeding the sum which he would be required to pay upon the rating of the premises under the principal Act shall, out of the excess, be allowed, so far as the excess admits, a deduction equal to the value of 5,000 gallons of water per annum on account of each water closet on the premises for which the supply of water for the flushing passes through, and is recorded by, the meter, except in the case of factories or premises having a range of privy closets receiving their water flush from one flushing cistern, in each of which cases the allowance or deduction shall be equivalent to the value of 3,000 gallons of water per annum for each privy seat in the range.

92. When during the currency of the year in respect of which a water rate has been levied, a meter is attached to a pipe on any land supplied with water, the consumer shall pay for the quantity of water taken, as registered by the meter, from the time when the meter was attached, at the prescribed price of 1,000 gallons, so far as the water supplied is in excess of the quantity to which the consumer is entitled in respect of the proportionate part of the rate paid by him, apportioned to the period from the date when the meter was attached to the end of the then current year in respect of which the rate was paid or is payable.

Payment for Excess Water.

93. A consumer taking water in excess of the quantity to which he is entitled in respect of the rate or other charge in lieu of the rate shall pay for the excess in accordance with prices set out in the schedule hereto.

Fees—State or Commonwealth Government Departments.

94. (1) For each water service for purposes of any State or Commonwealth Department there is payable, as a minimum annual fee in lieu of water rate, a sum not less than one pound (£1) when the service is metered, and not less than one pound ten shillings (£1 10s.) when the service is non-metered.

(2) It shall be at the discretion of the Minister as to whether or not a meter shall be fixed in each case.

Fees for Additional Services.

95. (1) When any place where the owner or occupier of any separately rated piece of land requires more than one service to be installed for supplying water to that land, the additional service or services shall, at the discretion of the Minister, be installed on such occupier or owner paying in advance the cost of installation and a fee of not less than one pound per annum in addition to meter rent, for each additional service.

(2) In return for such fee an equivalent quantity of water will be given in each year, in the same way as water is given in return for water rates.

Meter Rents.

96. Every person supplied with water by measure shall pay meter rent in advance according to the following scale unless the Minister shall otherwise determine:—

Size of Meter	Annual Rent			
	Inferential		Positive	
	Open	Encased	Open	Encased
$\frac{1}{4}$ inch	s.	20	s.	20
$\frac{3}{8}$ inch	10	20	10	20
$\frac{1}{2}$ inch	10	20	10	20
$\frac{3}{4}$ inch	10	20	10	20
1 inch	15	30	25	50
1 $\frac{1}{4}$ inches	15	30	25	50
1 $\frac{1}{2}$ inches	20	40	40	80
2 inches	25	50	60	120
3 inches	30	60	100	200
4 inches	40	80	130	260

Reconnection Fee.

97. (1) In every case in which the supply of water is cut off by reason of non-payment of rates or other charges, or by reason of a defective service, or by request of the occupier or owner, or when, in the opinion of the Minister or a local officer, necessary to prevent waste of water, or for other reasons, a minimum fee of five shillings shall be charged before the service is reconnected provided that where cost of disconnection and reconnection exceeds the minimum fee the actual cost of the disconnection and reconnection, as determined by the Minister, shall be charged, and shall be payable by the owner or occupier for the time being, on demand.

(2) The service shall not be restored until such fee has been paid.

## Private Fire Services.

98. (1) Private fire services will be allowed, but every such service shall be sealed, except in cases where the Minister may decide that sealing is unnecessary.

(2) For each such service the owner or occupier shall pay in advance the actual cost of installation and a minimum annual fee and meter rent as determined by the Minister in each case, and such owner or occupier shall also bear the cost of maintaining the boundary service and of having it disconnected when it is no longer required.

(3) The owner or occupier for the time being shall in addition at his own risk and expense, and subject to the provisions of these by-laws, keep the internal fire service in good order and repair, so that the same shall at all times be in accordance with these by-laws.

(4) No water shall be taken from any sealed portion except for extinction of fire.

(5) In the event of the seal being broken in case of fire or by accident or otherwise, the owner or occupier shall give notice forthwith to the Department and pay the cost of re-sealing.

## Building Fees.

99. (1) Where water is required for building purposes the Minister may permit the supply thereof on payment of the appropriate fees prescribed in sub-by-law (2) of this by-law and on the following terms:—

- (a) All fees shall be paid in advance, and if any work is done other than that mentioned at the time of applying to the Minister, the same shall be paid for in advance, or the whole supply will forthwith be cut off.
- (b) It shall be at the discretion of the Minister as to whether or not in any case a supply of water shall be classed as a supply for building purposes, and as to whether or not the supply shall be measured by meter.
- (c) Applications for water under this by-law shall be in writing, stating the nature of the work to be done and the purpose for which water is required.

(2) The fees referred to in sub-by-law (1) of this by-law are payable in accordance with the following scale:—

Building services (metered or non-metered)—	Amount of Fee.
(a) Buildings, etc., brick, stone, concrete—	s. d.
If cost of building, etc. under £50	5 0
£50 and under £200	10 0
£200 and under £1,000, one-fourth per cent. on cost of buildings, etc., with minimum of £1,000 and over, one-fourth per cent. on cost of building, etc., up to £1,000 plus one-tenth per cent. on cost over £1,000.	20 0
(b) Buildings, etc., wood and/or iron and asbestos with brick chimneys, or lath and plaster linings—	
If cost of building—	
Under £200	5 0
£200 and under £500	10 0
£500 and over	20 0

(3)—

- (a) The fees prescribed in sub-by-law (2) of this by-law shall apply to new buildings and to alterations and additions to existing buildings, also to wood and iron buildings without brick or plaster work if service is available before completion of construction of building.
- (b) In cases where supply is drawn through an existing metered service, or should the Minister specially meter a service, water shall be allowed in return for building fee at price per 1,000 gallons prescribed for trading purposes within the rating zone concerned and in addition the cost of fixing and, if necessary, removing the meter.

Fees for Public Water Troughs and Drinking Fountains.

100. Where water is required for public water troughs or drinking fountains, and the supply is metered, the annual minimum charge shall be £1, but where the supply is non-metered, the annual minimum charge shall be:—

(a) Water troughs	....	....	....	50s.
(b) Drinking fountains	....	....	....	30s.

Water Supplies to Country Land.

101. For water supplied to land rated as country land in any rating zone the price of water allowed in return for the amount of the annual rate levied or for minimum charge levied in lieu of a rate and the price of water in excess of the quantity so allowed shall be calculated at a rate not exceeding 4s. per thousand gallons.

Irrigation Supplies.

102. (1) A supply of water for irrigation purposes and at irrigation prices shall not be granted except on such applications from consumers as may be in each case specifically approved by the Minister, and such supply may be discontinued at any time at the discretion of the Minister.

(2) The reduced price of water for irrigation purposes will apply only to excess water actually put into the soil direct from the water pipe.

(3) Where required a separate meter may be installed for measuring the irrigation supply and where this is not done the Minister will estimate the quantity so used for irrigation purposes.

Special Agreements.

103. Water supplies for school, public standpipe, race course, mining, railway and other large Government purposes will be supplied under special agreement.

When Accounts Due and Payable.

104. Where water is supplied by measure to the owner or occupier of land, whether rated under the Act or otherwise, payment for same shall become due and payable within 14 days after due service of the account, unless otherwise agreed upon.

Division VIII.

Penalties.

105.
