(5) The statements of accounts and the balance sheets aforesaid, duly audited and bearing an auditor's certificate in accordance with section 630 (3) of the Local Government Act, 1960, shall be laid before the first meeting of the Council held after the audit is completed.

## Accounting System.

3. (1) In order to prepare the working account and balance sheet referred to in clause 2 of these directions, each Council shall keep double entry accounts upon an income and expenditure basis.

(2) With the approval of the Minister the system of full double entry accounting may be suitably modified to meet the requirements of the Council of the Municipality, provided that, as modified, it will enable the Council to prepare the statements required by these directions.

## Budget.

4. (1) The budgets required to be prepared by section 547 of the Act shall be prepared on a receipts and payments basis, in accordance with the forms prescribed in these directions and numbered forms 1 to 5 respectively.

(2) A copy of each budget shall, within one month of its adoption by the Council, be sent by the clerk to—

- (a) the Department of Local Government; and
- (b) the Department of Public Health.

## Monthly Statements.

5. The monthly statement required by section 628 to be placed before the Council once in every month, shall be prepared on the basis of receipts and payments, in the form prescribed in these directions and numbered form 16.

## Books of Account.

6. (1) Each Council shall use a suitable form of—

- (a) Cash book—which may be divided into a receipts cash book and a payments cash book;
- (b) Ledger;
- (c) Journal;
- (d) such other books as may be deemed necessary or are prescribed by these directions.

(2) Unless the Minister otherwise approves, costing records or separate and accurate cost accounts shall be kept by each Council. The total expenditure on works as shown in the accounts of the works cost ledger shall be listed and balanced at least once each half-year with the relative accounts in the general ledger.

(3) The cash book for each fund shall be reconciled with the bank pass book or statements monthly, and the reconciliation statement entered in the cash book. Where separate receipts and payments cash books are kept, the reconciliation statement shall be entered in the receipts cash book.

(4) Each item of receipt and of expenditure shall be carried to an appropriate account in the ledger.

(5) Accounts for overhead expenses on public works, such as salaries of separate engineering and gardening staffs, superannuation payments, pay roll tax, sick and holiday pay, etc. on works shall as far as practicable, be allocated to the works carried out during the year. The statement of receipts and payments shall show the separate items, and the amount allocated to the works.

(6) Plant operation costs shall show in detail in the statement of receipts and payments, together with the amount allocated to works. Allocation to works shall be on the basis of the hours for which each machine has been employed.

(7) Depreciation shall not show in the statement of receipts and payments other than as a transfer to a depreciation, or renewal and replacements reserve fund. It shall be debited to the working account as a separate expenditure, and not allocated to the works and accounts upon which it is deemed to have been a charge. In the cost accounts or costing records, depreciation may be included to show the total cost.

(8) Expenditure on roads, and also on reserves shall not be regarded as producing an asset, irrespective of whether the expenditure is from revenue or loan funds. In all cases this expenditure shall be debited to working account. Buildings and other fixed improvements on roads and reserves shall be treated as assets.

(9) Private works shall all be charged through trust accounts, and each separate work should be kept in one account in the ledger. The statement of receipts and payments shall group private works into their main groupings. Plant hire on private works shall be debited to the works concerned and paid into the Municipal Fund.

(10) Plant hire for the use of the council's own plant shall not be debited against loan works.

(11) The total amount of the rates levied shall be debited to "Sundry Debtors for Rates" and credited to "Rates Account." Rates written off, reductions on appeal, and discounts allowed, shall be credited to "Sundry Debtors for Rates" and debited to "Rates Account."

(12) A register of hall hirings shall be used to generate the debits for hall hire, and a register of leases shall be used to generate the debits for rent of buildings, reserves, etc.

(13) Contributions by a council to the Central Road Trust Fund shall be debited to an asset account. Receipts from that fund shall be divided into two parts, the refund of the council's contribution being credited to the assets account, and the subsidy portion credited to a revenue account.

(14) Asset accounts shall be created for items such as halls, buildings, fencing, water reticulation on reserves, etc., street seats, bus shelters, plant, tools, beach change rooms, toilet blocks and similar items.

(15) The administrative charges shall be divided into two sections, one incorporating the whole of the administrative expenses apart from those concerned with membership, and the other incorporating all expenses connected with the members, their election, travelling and other allowances, entertainment expenses, etc. The share of pay roll tax, superannuation, and similar costs appropriate to the share of salaries, etc., for the staff, shall be debited as administrative costs.

No portion of the general administrative costs shall be allocated to works in any way, the only debits to these being the expenditure actually incurred in carrying out those works.

(16) Insurance and similar items paid in advance shall be debited to a prepayment account, and the amount related to the year alone transferred to the working account.

(17) Receipts for the sale of fixed assets are to be taken into the Trust Fund, and thereafter transferred to such other fund or expended in such authorised works, as the Council determines.

(18) All loans raised are to be regarded as being raised on behalf of the Municipal Fund, and repayable from that fund. In the case of trading concerns, the loans raised are to be regarded as the function of the Municipal Fund, and the purchase of plant, etc., is to be treated in the Municipal Fund books as an investment in the undertaking. In the books of the undertaking the sum invested is to be treated as a "Capital Advance." Transfers to the Municipal Fund from the trading concern are to be treated as allocations of profit, the transfer in respect of loan repayment showing, by a journal entry, as a reduction of the advance of capital.

(19) As the provisions of the Act do not permit the use of the income of a trading concern to purchase capital assets for that concern, any expenditure on new plant, extensions, etc., must be met from the Municipal Fund or a reserve fund.

In the Municipal Fund accounts, sums transferred to the undertaking to be spent on new plant, etc., for the trading undertaking shall be debited to "Trading Undertaking Investment," whilst in the accounts of the trading undertaking, the sum transferred shall be credited to "Capital Advance" and debited to an account for the asset when this is purchased.

(20) Expenditure in connection with town planning shall be divided into two parts, viz., the ordinary town planning or zoning control expenses, which shall be transferred to working account, and capital expenditure on town planning schemes, e.g., purchase of land, road construction in a re-subdivision carried out by the council, which must be debited to an asset account under a heading such as "Town Planning Scheme—Work No. 1." Receipts from sales of land in a town planning scheme shall be credited to the asset account.

(21) Special overdraft accounts under section 600 shall be kept in accordance with that section in separate bank accounts, and a separate statement of receipts and payments prepared.

##### Checking and Certification.

19. (1) Every account for goods or services shall bear the Certificate of the responsible servant of the Council that such goods have been received in good condition and according to order, or that such services have been rendered.

(2) Before certifying to an account for goods, the responsible servant shall check the particulars therein with the entries in the Goods Received Book, and enter in the appropriate column the number of the account certified. Accounts, when certified, shall be returned to the Clerk by the responsible officer.

(3) The clerk or some other officer authorised by resolution of the Council shall check the prices and computations of every account submitted to the Council, and shall certify to their correctness. He shall also certify in cases where the goods supplied

or services rendered are under contract or quotation, whether the prices charged are in accordance therewith. In all other cases, he shall certify whether the prices charged are, so far as he is able to ascertain, fair and reasonable.

(4) Accounts shall not be submitted to the Finance Committee or the Council without the certificates of the certifying servants above prescribed.

(5) In submitting accounts for payment to the Finance Committee or the Council, the Clerk shall classify them in some suitable form according to the fund to which they are chargeable.

(6) Every account for goods or services which is paid shall bear a certificate indicating the date on which it was placed before the Finance Committee for review and for recommendation to the Council for payment, and such certificate shall be initialised by a member of the Finance Committee.

(7) All accounts for goods or services against the Council shall be listed in a schedule, which shall be in the form numbered 17, a copy of which shall be placed before each member of the Finance Committee.

The schedule shall bear the following certificate by the chairman of the Finance Committee before its submission to the Council for authority to pay:—

(8) Certificates required by this clause to be attached to accounts against the Council may be so attached by means of uniform rubber-stamped impressions; such certificates shall be signed with the usual hand-written signature by the certifying officer or servant.

#### Receipts, Disbursements, and Banking.

20. (1) All books of receipt forms shall be so arranged as to provide for the retention in the book of carbon duplicates of all receipts issued. At the head of each duplicate there shall be printed the words "Office Copy Only".

(2) The receipt forms in the books, or in packets, shall be type-numbered consecutively.

(3) The books of receipt forms shall also be numbered consecutively, and the year in which they are used shall be endorsed thereon.

(4) Receipts given by the Clerk shall be in some suitable printed form approved by the Council, and such form shall be the Council's "Official Receipt."

(5) The receipt of all moneys shall be acknowledged by the issue of official receipts, licenses, certificates, or other money forms applicable to the particular transaction.

(6) Receipts may be issued by means of cash registers, receipting machines, or by hand written forms.

(7) Receipts shall indicate the mode of payment, that is, whether by cash, cheque, postal note, etc. If by cheque, other than that of the payer, particulars thereof shall be recorded.

#### The Issuing of Receipts.

21. (1) Subject to subclause (3) hereof the Clerk or other servant authorised by the Council or deputed by the Clerk to receive moneys on behalf of the Council shall give a receipt, written in ink or indelible pencil, and take a carbon duplicate of such receipt for each payment made to him. Such carbon duplicate shall be retained in the receipt book.

(2) If, owing to a receipt being improperly written, correction is found to be necessary, the incorrect receipt shall be cancelled with ink or with indelible pencil, and shall not be detached from the receipt book. If the receipt has been detached before the error is discovered, it shall be cancelled

in the above-described manner, and pasted in its place in the receipt book. In either case a fresh receipt shall be issued.

(3) Every receipt issued by mechanical means shall have imprinted on it a facsimile of the signature of the Clerk or other servant operating the machine, and where payment is received by cheque that fact shall be written or stamped upon the duplicate form recording particulars of the payment.

The duplicate forms recording particulars of the payments hereinbefore referred to shall be retained by the Council, and shall be bound together in a secure manner, and preserved for future reference.

Where a receipt has been incorrectly printed by mechanical means and correction is found to be necessary, the incorrect receipt shall be cancelled with ink, indelible pencil, or by stamping, and shall, together with the duplicate form recording particulars of the payment, which shall also be cancelled, be retained by the Council to be bound with the other duplicate forms recording particulars of the payments hereinbefore referred to. A fresh receipt shall, in every case, be prepared and issued, and a duplicate form recording particulars thereof shall be retained by the Council to be bound with other similar forms in the manner aforesaid.

(4) Where several receipt forms are printed to each page of the receipt book, the counterfoil may be used as the collector's cash book.

22. Receipt books or packets of receipt forms shall be kept in the custody of a responsible officer, who shall keep a record thereof in a register for that purpose.

23. All mail should be opened in the presence of two officers, where practicable, and all cheques received through the mail and not already crossed shall immediately be crossed payable to the order of the Council only.

The cheques so received shall be listed in a record book, and handed to the cashier, who shall sign the record book. The number of the receipt issued for each such cheque shall be endorsed in the record book against the cheque concerned. Money orders and postal notes shall be likewise dealt with.

24. All deposits in the Council's banking account shall be shown in a bank lodgment book kept in duplicate in accordance with Form 18, but, with the approval of the Department of Local Government, in the case of municipalities subject to audit by Government inspectors of municipalities, or of the Council's auditor, in other cases, a different form of bank lodgment book may be used.

Bank lodgments shall in all cases include one or more complete days' receipts, provided that the receipts for one day may be banked in two consecutive lodgments.

Change shall not be given for cheques received.

Moneys received shall be banked in the form in which they are received, but postal notes and money orders may be cashed at the local post office and cash deposited in the Council's bank. Where the bank appointed by the Council is not situated in the same town as the Council's office, cash received may be converted into postal notes or money orders for the purposes of transmission by post.

25. (1) All cheques for payment from the Council's bank accounts shall be signed in accordance with the provisions of section 696 (5) of the Act.

(2) All disbursements for amounts in excess of one pound (£1) shall be made by cheque made payable to the individual or order, but in the case of the payment of wages and salaries one cheque may be drawn and the amounts paid in cash.

(3) Acquittances shall be obtained for all disbursements and kept for at least six years after the date of payment.

(4) Except in cases of special emergency, accounts for sums in excess of one pound (£1) except salaries and wages the refund of securities and the purchase of postage and duty stamps, shall not be paid until their payment has been approved by the Council. Provided that this shall not apply

(2)—46181

to accounts (such as for railway freights), which must be paid on arrival or delivery of goods duly ordered; nor to any payments authorised in writing by the Mayor or President in cases of special emergency, nor contractors' progress payments; but all payments made under this provision shall be specially submitted for confirmation to the Finance Committee and the Council at the next meeting.

#### Petty Cash.

26. (1) The Council may provide the Clerk or other servant with an advance from which to make disbursements of petty cash, and to use for office change. The Clerk may expend petty cash for minor expenses, subject to any limitations which the Council may impose with regard thereto. The Clerk shall control and regulate the expenditure by other servants of petty cash entrusted to them.

(2) An account of the petty cash expenditure, summarised under appropriate headings, such as stationery, postage stamps, fares, etc., shall be submitted for approval to the Finance Committee and the Council by the Clerk at the first meeting held in each month, or oftener. Such account shall be supported by proper acquittances.

(3) The petty cash accounts shall be kept on the imprest system.

(4) Petty cash transactions shall be recorded in some suitable form of petty cash book.

(5) At the end of each year the Clerk shall pay into the bank account of the appropriate fund the amount of the petty cash in hand.

#### Advance Account.

27. (1) The Council may provide the Clerk or treasurer with an advance of such amount as may be necessary from the Municipal Fund or any other fund of the Council in which expenditure on salaries or wages is being regularly incurred.

(2) The Clerk or treasurer may use such advance for the purposes of paying the salaries or wages of any employees engaged on the Council's work who are being paid off at a time other than the Council's regular pay day or other urgent payment authorised specifically or generally by the Council. The advance shall not be used for any purposes other than the payment of salaries or wages or other urgent payments as aforesaid.

(3) The Advance Account shall be kept on the imprest system.

(4) Before the end of each financial year, or at any time when called upon to do so by the Council or the Mayor or President, the Clerk or treasurer shall pay the full amount at the credit of the Advance Account into the bank account of the fund to which it properly belongs.

#### Wages.

28. In respect of wages, the following information shall be kept, viz.:—

(a) Time Sheets.

(b) Wages Sheets for each period, showing wages earned, tax and other deductions and an allocation of the gross amount to the appropriate ledger accounts.

(c) A record of wages earned, tax and other deductions in respect of each employee.

#### Trading Undertakings—Cost Accounting.

29. In connection with each trading undertaking established or acquired, and conducted in pursuance of the provisions of the Act, a Council shall cause to be instituted a satisfactory system of "cost" accounting. Cost Accounts shall be drawn up and submitted to the Council at the close of each year.

30. Accounts for any trading undertaking shall be kept on the system of double entry, using the principle of income and expenditure, and annual statements must include—

(a) statement of receipts and payments;

(b) revenue account;

(c) balance sheet.

The treatment of loans is to be dealt with as set out in clause 6 (18) of these directions.

## Reserve Funds.

31. Any reserve fund for plant replacements, etc., shall be established only by transfer from General Account to a separate bank or investment account, after first providing for the amount on the estimates of expenditure. In the municipal fund accounts, the sum transferred shall be debited to "Transfer to Reserve Fund (Plant)." When plant has been purchased from the Reserve Fund, it shall, in the Municipal Fund General Ledger, be credited to "Reserve Fund (Plant)" and debited to "Plant Purchase."

The amount of any reserve fund at 30th June, shall be included in the balance sheet, with reserve fund (state purpose) on the liabilities side and the separate bank or investment account as an asset.

## Requisitions.

32. A servant of the Council in charge of a work or service authorised by the Council who requires goods which are not already in stock for use thereon, or a servant of the Council for the time being in charge of the Council's store, who considers it necessary or advisable that goods should be purchased for stock, shall forward a written requisition therefor to the Clerk in some suitable form of which he shall keep a carbon duplicate.

## Orders for Goods.

33. (1) The Council may, by resolution, give general authority to the Clerk to order goods in emergent cases prior to obtaining authority in cases where such goods are required for any work or services authorised by the Council or for stock.

(2) Provided also that the Council of a Shire may give general authority to the servant in charge of any work or service to order goods (up to an amount determined by the Council) in emergent cases which cannot be allowed to wait without prejudice to the interests of the Shire. Such authority shall be exercised only on occasions when the servant is absent from the headquarters of the Shire. Orders given in pursuance of this proviso shall be given in writing in some suitable form. Such orders shall be made out in triplicate, and the servant issuing the order shall as soon as practicable forward a copy to the Clerk.

(3) Orders for goods shall be given in writing in some suitable form and carbon duplicates shall be kept. Such orders shall be signed only by the Clerk, or in his absence an officer deputed by him, or by a person authorised by subclause (2) hereof.

## Overpayments of Rates and Charges.

34. (a) All overpayments to a Council shall be refunded promptly.

(b) During the month of July in each year the Clerk shall prepare and submit to the Finance Committee and Council a list of all overpayments made in the preceding year which have not been refunded, and of the persons by whom paid, together with an explanation as to why the overpayments have not been refunded.

## Writing Off of Moneys Due.

35. (1) Moneys due to a Council shall not be written off except upon a resolution of the Council. The resolution shall specify the name, the account, the amount, and the fund, or shall refer to a schedule of items recorded in a register of amounts abandoned, which shall be in some suitable form. A reference to the minute recording such resolution shall be entered in the Journal and the subsidiary book of account as the authority for the writing off.

(2) Rates shall not be abandoned or written off except with the approval of the Minister.

## Register of Legal Documents.

36. (1) All legal documents of value, such as deeds, certificates of title, insurance policies, contractors' security bonds, and fixed deposit receipts, shall be recorded in the register of legal documents, which shall be in some suitable form.

(2) Such documents shall be deposited in the Council's safe or bank for safe keeping.

(3) Fidelity guarantee bonds and similar documents shall be recorded in this Register.

## Books of Account or of Record—Corrections.

37. Corrections which may be necessary in books of account, or of record, shall not be made by erasure, but by neatly ruling out the incorrect parts of the entry and inserting the correct figures or words in writing, and such corrections shall be initialled by the person making them.

## Examination of Cash and Books.

38. The Clerk shall, whenever so directed by the Mayor or President, or requested by the Council's auditor, or by an inspector of local government accounts, submit his official cash to be counted and submit all books of account and record, vouchers, and other official documents under his control or in his custody for inspection and audit; and shall place such books, vouchers, and documents in proper order, and render every possible assistance to such Mayor or President, auditor or inspector.

## Approval of Auditor.

39. In all cases where the Auditor's approval is mentioned in these directions, in the absence of any special arrangement with the Council, no fees shall be charged by him for such approval.

## Balancing.

40. Not later than the 9th day of September in each year the Clerk shall prepare and shall balance and complete all the subsidiary books and registers to agree with the accounts kept for these books in the General Ledger and balance the accounts.

## Forwarding Statements to Statistician and Other Officers.

41. (1) Within one month after the completion of the audit the Clerk shall forward one copy of the prescribed statements of accounts for the year which ended on the last preceding 30th June to the Minister, the Government Statistician, the Commissioner of Public Health, and the Chief Vermin Control Officer, respectively.

(2) All such statements of accounts shall be furnished to the satisfaction of the Minister and shall, if necessary, be corrected at his request.

(3) Within one month after the completion of the audit, the Council shall publish the Annual Financial Statements or an abstract therefrom or summary thereof duly signed by the Mayor or President and Clerk, and certified to by the Auditor, in the *Gazette*.
