“subdivision” includes re-subdivision;
“the Act” means the Town Planning and Development Act, 1928 (as amended);
words and expressions used in these regulations have when so used the same respective meanings as are given to them in and for the purposes of the Act.

3. These regulations are subject to any regulations made by the Minister under the provisions of the Act and are in addition thereto.

4. (1) A person desirous of obtaining, under the provisions of section 20 of the Act, the approval of the Board to a subdivision of land shall make application therefor to the Board in the Form No. 1 in the Appendix to these regulations.

(2) Every application shall—

- (b) be accompanied by four copies of the plan of the proposed subdivision or, as the case may be, the land the subject of the instrument or document affecting the same; and
- (c) be lodged at the office of the Board.

5. Where pursuant to the provisions of section 21 of the Act the approval of the Board to a transfer, conveyance, lease or mortgage of any land is applied for, it shall not be necessary to lodge a form of application as required by regulation 4 of these regulations, but every such transfer, conveyance, lease or mortgage shall be accompanied by or contain a sketch of the portion of land with which it deals and be lodged with the Board, and the Board may either endorse its approval on such transfer, conveyance, lease or mortgage or notify the party lodging the same that approval will be given upon the performance of such conditions as it may think fit, and in either case return the document to the party lodging the same.

6. (1) Plans accompanying an application in accordance with regulation 4 of these regulations shall be drawn on a white background and clearly illustrate the proposals in respect of which the application is made.

(2) Subject to subregulation (3) of this regulation, every plan shall be drawn to a scale not smaller than five chains to an inch, and there shall be shown in every plan—

- (f) the location, names and widths of adjoining streets and roads, and the size and shape of adjoining lots or portions of land.

(3) Notwithstanding the provisions of subregulation (2) of this regulation, the Board may accept a plan drawn to a scale smaller than five chains to an inch in any case where the land the subject of the application is of such size and dimensions that a plan drawn to a smaller scale sufficiently depicts in the opinion of the Board the proposed subdivision.

7. When in pursuance of subsection (1) of section 24 of the Act the Board forwards a plan of subdivision or a copy thereof to a local authority or public body or a Government department, the Board shall also give therewith to that local authority or public body or that Government department notice in writing of the proposed subdivision in the Form No. 2 in the Appendix to these regulations.

9. (1) The Board may approve any plan of subdivision submitted to it in accordance with these regulations, or may reject any such plan, or the Board may in respect of any such plan specify such conditions as it may think fit upon performance whereof by the owner of the land the Board will approve such plan.

(2) The Board shall notify the applicant of its determination in writing.

10. (1) A person who has been notified of the Board's approval under these regulations to a subdivision may at any time within two years of the date of such approval submit to the Board the diagram of survey or the plan of survey, or the sketch accompanying or drawn on a transfer, conveyance, lease or mortgage, relating to the subdivision, in respect of which the Board's approval was given, together with six copies of that diagram, plan or sketch, and request that the approval of the Board be endorsed on the diagram or plan or the document accompanied by or containing the sketch.

11. When any diagram of survey or plan of survey or document accompanied by or containing a sketch has been endorsed with the Board's approval pursuant to the provisions of regulation 5 or regulation 10 of these regulations, the Board shall forward a copy of the diagram, plan or sketch to the local authority of the district wherein the land the subject of the diagram, plan or sketch is situated.

12. An appeal to the Minister in pursuance of the provisions of section 26 of the Act shall be in the Form No. 3 in the Appendix to these regulations.

This by-law is subject to the provisions of section 359 of the Local Government Act, 1960, regarding crossings from premises, other than premises used primarily for residential purposes, abutting main roads; under which section the permission of the Commissioner of Main Roads has first to be obtained.

3. The Council may fix positions where crossings may be constructed, but in the absence of a specific direction by the Council as to the positions of crossings, such positions may be fixed by the Clerk or Engineer.

4. The sole owner, or the majority in number of owners, if more than one, may apply to the Council for the construction of a crossing.

5. The application mentioned in clause 4 of this by-law shall be in the form of Schedule I to this by-law.

11. In all cases the amount of the expense of the construction or repair of a crossing shall be determined by the Council.

12. Crossings for vehicular traffic shall be constructed to a minimum width sufficient to allow all vehicles likely to make use of the crossing sufficient space to enter or leave the property and the crossing without damage to the crossing or street or way and without endangering other users of the street or way.

13. In no case shall a crossing for vehicular traffic be of a width less than 12 feet.

17. No person shall, without the written consent of the Council, draw or drive any vehicle or agricultural implement along or across the footpath of any street or way except at a specially constructed crossing.
