## LOCAL GOVERNMENT ACT, 1960.

The Municipality of the Town of Geraldton.

By-law Relating to Long Service Leave to be Granted to Employees of the Geraldton Town Council.

L.G. 918/62.

IN pursuance of the powers conferred upon it by the abovementioned Act, the Council of the abovementioned Municipality hereby records having resolved on the 24th day of October, 1962, to make and submit for the confirmation of the Governor the following by-law:—

By-law No. 41.

1. In the interpretation of this by-law the following words shall have the meanings assigned them as hereunder:—

- (a) "Council" means the Council of the Municipality of the Town of Geraldton.
- (b) "Employee" means and includes all persons employed in any capacity by the Council, and who are in regular and full time employ of the Council.
- (c) "Continuous service" means service in the employment of the Council during which an employee has not been absent from the service of the Council for a continuous period of more than two normal working days or an aggregate period of more than ten days, without leave of absence being granted by the Council.

2. All present and future employees of the Council shall, after each period of ten years continuous service as permanent full time employees thereof commencing from the 1st day of March, 1952, be entitled to three months long service leave but no long service leave shall be granted to an employee without a qualifying period of 10 years being first completed.

3. (a) The Council shall grant long service leave to an employee who has been granted long service leave in respect of 10 years' continuous service and before a further period of ten years' continuous service has been completed if such employee retires from the Council's service on reaching the retiring age of 65 years or is retired through ill health or is dismissed through retrenchment or redundancy, in which case the term of the long service leave shall be computed *pro rata* as the length of the term of qualification bears to 10 years of continuous service.

Provided that no such grant shall be made to an employee of the Council who, prior to the completion of a further period of 10 years continuous service, resigns from his employment with the Council for any reason other than ill health or on reaching retiring age.

(b) The long service leave which may be granted under this by-law, shall be for a period not exceeding one and three-tenth weeks for each completed year of service since the conclusion of the period of service which qualified the employee for his previous long service leave, and shall be on full pay.

4. An employee dismissed by the Council for neglect of duty or for irregular practices shall not be paid any sum in pursuance of the preceding by-law.

5. Absence on account of sickness shall not be deemed to be a break in continuity of service, providing that the period of absence shall not exceed three months in any year, unless otherwise decided by the Council.

6. Long service leave shall be taken at the convenience of Council who will as far as is possible, meet with the wishes of the employee, but the Council may require the employee to take the leave by giving three months' notice.

7. In the event of the retirement through age or ill health or of the death of an employee, the Council shall pay to such employee (or in the case of death, to his personal representatives, or if there are none, to his dependants) a sum of money equal to his wages or salary for the period of the long service leave which the Council is empowered under this by-law to grant to such an employee at the date of such retirement or death, or if the Council, after consideration of all circumstances, direct that the death of an employee be presumed, the Council may authorise the payment to the dependants of the employee a sum equivalent to the amount of wages or salary which would under this by-law have been granted to the employee immediately prior to the date of his death, such date to be determined by Council.

8. (a) Employees due to take long service leave shall be paid their salary or wages for the period thereof at the rate equivalent to the salary or wages paid in the week immediately preceding the taking of the long service leave.

(b) The Council may, at its discretion, either—

- (i) pay to an employee his salary or wages periodically during the long service leave; or
- (ii) pay to the employee, in advance, a sum representing the amount of his wages or salary for the period of his long service leave.

9. All annual leave to which an employee is entitled or will become entitled before the expiration of his long service leave shall be taken in addition to his long service leave, but any public holidays which may occur during the taking of his long service leave are not to be paid for over and above the long service leave but are to form part of such long service leave.

10. Long service leave shall be considered as a special period of recuperation after a lengthy term of service with a view of fitting the employee for a further term, and during such leave no employee shall undertake any form of employment for hire or reward, unless by special permission of the Council.

Any contravention of this subclause shall entitle the Council to dismiss the employee from its service and to cease paying or to recover any amounts paid in advance on account of long service leave.
