7. The lots created by the re-survey of the Area in accordance with Plan No. 2 (hereinafter called "new lots"), shall be valued on the basis that all works to be undertaken as part of this Scheme and the drainage of the Area have been carried out.

8. The valuations shall be made by the Chief Valuer of the Taxation Department of Western Australia or by some person appointed by him to ascertain the unimproved value as defined by section 533 (3) of the Local Government Act, 1960-1962.

9. Increase Value Ratio: From the sum of the values of the new lots shall be deducted the costs or estimated costs of the Scheme and the figure so ascertained is the net value of the new lots. The increase value ratio is the relationship between the sum of the values of the old lots and the net values of the new lots.

10. Owners' Interest in Scheme: Each owner from whom an old lot or portion of an old lot has been resumed shall be deemed to be entitled to an interest in this Scheme of a value equal to the value of the land resumed from him increased in the ratio of the increase value ratio determined in accordance with Paragraph 9 hereof.

In the event of the Council so doing, the difference between the estimated and the actual compensation payable shall be received or paid by the Council as the case may be.

13. Time Limit for Claims for Compensation: Claims for compensation by reason of the operation of this Scheme shall be made within six (6) months of the coming into operation of this Scheme or the date of the issue of a notice of resumption or the issue of a notice of rescission under clause 21 hereof whichever is the later.

14. Allocation and Disposal of New Lots: The new lots created by the re-survey of the Area will be dealt with as follows:—

(d) The offer mentioned in subclause (c) hereof will be made either with an offer of payment of money or subject to the owner making a payment of money in order that the total value of the replacement lots and the said offer of the additional lot or lots with or subject to a payment is equal to the owners interest in the Scheme as ascertained in accordance with clause 10 thereof.

18. The offer of the replacement lot may be accepted and the offer of the remaining lots may be rejected.

19. If the offer of the replacement lot be accepted, only the replacement lot shall be treated as being in payment on account of any claim for compensation the owner may have for the resumption of his old lot or by reason of the operation of this Scheme.

20. If the offer be wholly accepted it shall be accepted by the owner in full settlement and satisfaction of all claims for compensation in respect of the resumption from him of the old lot in respect of which the offer was made and otherwise in respect of the operation of this Scheme.

21. Registration of Transfers: The Council shall cause to be prepared and sent to those owners entitled transfers in respect of each offer of a replacement lot which has been accepted by the owner in accordance with this Scheme. If an owner shall fail to complete the transfer in accordance with the Transfer of Land Act, 1893-1959, and return it to the Council for registration or if the owner shall fail to make payment of any money which may be due by him to the Council within twenty-eight days after having been called upon to do so by notice served by registered post on the owner at his address last known to the Council (which notice may be served with the transfer) the Council may rescind any agreement whereby such owner is entitled to have the land the subject of the transfer transferred to him and thereupon such owner shall have a claim against the Council only for compensation for the resumption of the land in respect of which the offer of the replacement lot or lots was made and the land the subject of the transfer shall be treated as a rejected lot.

22. Rejected Lots: If an owner does not accept an offer made to him by the Council in accordance with this Scheme or fails to complete a transfer of the said lot in manner aforesaid the Council may deal with lots so affected as hereinafter appears.

23. Sale of Saleable Lots and Rejected Lots: The Council may sell the saleable lots and the rejected lots either by public auction or private contract as a whole or in separate lots upon such terms and conditions as the Council may think fit.

In the event of a sale by private contract, the price shall not be less than the price recommended by the Chief Valuer of the Taxation Department of Western Australia unless after submitting the land for sale by public auction or tender that price has not been obtained.

24. Valuation of Saleable Lots and Rejected Lots: The Council may, instead of selling all or any of the saleable lots or rejected lots, ascertain the value of them or those unsold from the Chief Valuer of the Taxation Department of Western Australia and credit the scheme with the value so ascertained and in that event the lots shall be the property of the Council and may be retained, sold or otherwise dealt with in such manner as the Council thinks fit.

25. Profits of Scheme: In the event of the Scheme showing a profit, the profit shall be divided equally among the replacement lots and shall be paid to the owners who accept the offer mentioned in clause 14 (a) hereof. The amount of profit referable to rejected lots shall be paid to the Council.

26. Encumbrances on Title: In the event of any land in the Area being subject to a registered mortgage, charge or lease or to a caveat to protect the interest of the purchaser, mortgagee, chargee or leasee, the Council shall not transfer a new lot to the owner unless subject to similar encumbrances or with the consent of all persons entitled to the benefit of the encumbrance.

27. Powers of Council: The Council in the conduct and management of this Scheme shall have the following powers:—

- (a) To enter and inspect the land within the Area.
- (b) To enter into agreements or arrangements with the owners of any land within the Area.
- (c) To extend the time within which any offer of replacement lots may be accepted.
- (d) To acquire by purchase or otherwise any land within the Area.
- (e) To dispose of any lots to which it becomes entitled as the owner of land within the Area at the date of the coming into operation of this Scheme upon such terms and conditions as it may think fit.
- (f) To transfer any land acquired by it in pursuance of this Scheme as compensation or part compensation and to enter into agreements relative to the determination and settling of compensation.
- (g) To enter into such agreements and arrangements with the Metropolitan Water Supply, Sewerage and Drainage Department as seem proper to the Council for the purpose of draining the Area.
