PUBLIC SERVICE ARBITRATION ACT, 1966.

Premier's Department,
Perth, 6th April, 1967.

HIS Excellency the Governor in Executive Council, acting pursuant to the provisions of section 30 of the Public Service Arbitration Act, 1966, has been pleased to make the regulations set forth in the Schedule hereunder.

W. S. LONNIE,
Under Secretary.

Schedule.

Regulations.

1. These regulations may be cited as the Public Service Arbitration Regulations.
2. In these regulations, "the Act" means the Public Service Arbitration Act, 1966.
3. The Arbitrator shall have a stamp bearing the words, "Public Service Arbitrator".
4. Any claim, application or appeal under section 11 or 17 of the Act submitted to the Arbitrator shall be entitled in the form of Form 1 in the Schedule to these regulations.
5. Any claim, application or appeal submitted to the Arbitrator shall be accompanied by a sufficient number of copies thereof to enable two to be filed in the office of the Arbitrator and one to be forwarded to each party affected by the claim, application or appeal.
6. Any document filed in connection with proceedings before the Arbitrator shall be endorsed with the name and address of the party filing the document, and that address shall be deemed to be the address for service of that party.
7. An appeal submitted by a Government officer under paragraph (g) of subsection (1) of section 11 of the Act shall be in the form of Form 2 in the Schedule to these regulations.

8. Where the association or an employer wishes to make an application under paragraph (f) of subsection (1) of section 11 of the Act, the Association or the employer, as the case may be, shall give to the Arbitrator and every party affected by the application, notice in the form of Form 3 that it is intended to make the application on the date specified in the notice, being a date that is not less than fourteen days after the date of the giving of the notice, or at such later time as the Arbitrator directs.

9. The Arbitrator shall give notice to the parties in any proceedings of the calling of a conference pursuant to subsection (4) of section 15 of the Act or subsection (4) of section 18 of the Act, which notice shall not, except with the agreement of all parties, be given less than seven days before the day fixed for the conference.

10. (1) Where the Arbitrator thinks it necessary to hear evidence in respect of any matters in any proceeding before him he shall cause notice of the place at and the day on which the hearing is to commence to be given to the parties to the proceeding.

(2) The day on which the hearing is commenced shall not, except with the consent of the parties, be less than fourteen days after the date of the giving of the notice to the parties.

(3) Each of the parties to any proceedings before the Arbitrator shall, within seven days of the receipt of notice of the date fixed for the hearing of evidence, furnish the Arbitrator and each of the other parties to the proceedings with a list of the witnesses he intends to call.

(4) Where a party to proceedings before the Arbitrator does not, in those proceedings, call as a witness any person whose name was contained on a list furnished by that party pursuant to subregulation (3) of this regulation, the provisions of that subregulation do not apply so as to prevent any other party from calling that person as a witness.

11. (1) A summons to a witness shall be in the form of Form 4 in the Schedule to these regulations, and a summons to produce books or documents shall be in the form of Form 5 in that Schedule.

(2) Service of a summons shall be effected by serving on the witness or person required to produce books or documents a copy of the summons stamped with the stamp of the Arbitrator.

(3) Any number of witnesses may be included in one summons, but the copy served need contain only the name of the witness upon whom it is served.

(4) The service of any summons where service has not been effected by post may be proved by an indorsement on the summons, signed by the person by whom it was served setting forth the day, place and mode of service, or the person by whom the summons was served may depose to the service on oath at the hearing.

(5) The signature to an indorsement of service shall be *prima facie* evidence that the indorsement was signed by the person whose signature it purports to be.

12. (1) Two copies of every agreement entered into between an employer and the Association pursuant to paragraph (a) of subsection (4) of section 14 of the Act, shall be filed with the Arbitrator by the employer within seven days of the date on which the agreement is made.

(2) The registrar of the Public Service Arbitrator's Office shall cause every order and award of the Arbitrator, and every agreement filed with the Arbitrator pursuant to subregulation (1) of this regulation, to be published in the *Western Australian Industrial Gazette*.

1. In the interpretation of these By-Laws, the following words shall have the meanings assigned to them hereunder:—

- (a) "Council" means the Wickiepin Shire Council.
- (b) "Employee" means and includes all persons employed in any capacity by the Council, and who are in the regular and full-time employment of the Council.
- (c) "Continuous Service" means service in the employment of the Council during which an employee has not been absent from the service of the Council for a continuous period of more than two working days, has not been absent on long service leave and has not been absent without pay without such leave or absence being granted by the Council; provided that an employee who was employed by the Council on a permanent basis immediately prior to entering compulsory service with the Armed Forces of the Commonwealth of Australia, shall have such service counted as continuous service with the Council, provided the requisite proof is produced.

2. Absence of an employee on account of sickness shall not be deemed to be a break in continuity of service, provided the period of absence shall be certified necessary by a Medical Practitioner and is approved by the Council.

3. An employee dismissed by the Council for neglect of duty or for irregular practices shall not be paid any sum in pursuance of these by-laws.

4. No *pro rata* long service leave shall be granted to an employee who prior to completing any qualifying period of ten (10) years of continuous service resigns his employment with the Council.

5. (a) All present and future employees of the Council shall, after each period of ten (10) years of continuous service as a permanent full time employee thereof, commencing from the First day of July, One thousand nine hundred and fifty seven, be entitled to thirteen (13) weeks long service leave, and no long service leave will be granted to any employee, except where otherwise provided herein, without serving a qualifying period of ten (10) years continuous service being first completed.

(b) Provided however that where an employee of the Council has become entitled to long service leave under the provisions of the Long Service Leave Act, 1958, he shall not be entitled to any further long service leave until the expiration of ten (10) years continuous service with the Council from the date he became entitled to long service leave under the provisions of the Long Service Leave Act, 1958.

6. (a) *Pro-rata* entitlements of long service leave shall be the same proportion of thirteen (13) weeks as the length of continuous service of any employee since commencing any qualifying period of service bears to the full qualifying period of ten (10) years continuous service with the Council.

(b) An employee who has completed the initial qualifying period of ten (10) years continuous service with the Council and has taken such long service leave, shall, upon resuming his normal duty with the Council, immediately commence accumulating *pro-rata* long service leave. Such *pro-rata* long service leave may be taken by an employee who has reached the retiring age of sixty-five (65) years or is retired on the grounds of ill health or is dismissed through staff retrenchments or being a female retiree for the purpose of and actually marries. Then and in such case such employee shall be granted long service leave by the Council, calculated in accordance with by-law 6 (a).

(c) An employee who prior to completion of the initial qualifying period of ten (10) years continuous service with the Council, but who has completed a minimum of five years (5) continuous service with the Council and who has reached the retiring age of sixty-five (65) years or is retired on the grounds of ill health or is dismissed through staff retrenchments or being a female

retires for the purpose of and actually marries, then and in such case such employee may be granted *pro-rata* long service leave by the Council, calculated in accordance with by-law 6 (a).

(d) The Council shall grant a payment in lieu of *pro-rata* long service leave to the personal representative, or if there be none, to the dependants of an employee who dies after completing the initial qualifying period of continuous service with the Council, taking such long service leave and re-commencing duty with the Council. Such payment shall be calculated in accordance with by-law 6 (a).

(e) The Council may grant a payment in lieu of *pro-rata* long service leave to the personal representatives, or if there be none, to the dependants of an employee who dies prior to completing the initial qualifying period of continuous service with the Council. Such payment shall be calculated in accordance with by-law 6 (a).

7. (a) Long service leave shall be taken at the convenience of the Council, who will, as far as possible, meet with the wishes of the employee, but the Council may require the employee to take the leave by giving not less than thirteen (13) weeks notice.

(b) Long Service leave shall be taken by every employee within twelve (12) months of it becoming due, and if not taken, the employee shall not begin to qualify for further long service leave until the resumption of duty after taking the long service leave already due to him.

(c) Provided that with the express approval of the Council, an employee may be allowed to accumulate long service leave up to, but not exceeding twenty-six (26) weeks.

8. (a) Employees taking long service leave shall be paid their salary or wage for the period thereof at the rate equivalent to the permanent rate of pay excluding conditional margins or higher duty payments paid in the week immediately preceeding the taking of long service leave.

(b) The Council shall pay to any employee his salary or wage during his period of long service leave periodically, provided that it may at its discretion pay to the employee in advance a sum representing the amount of his salary or wages for the period of his long service leave upon written application being made to the Council for payment in such manner.

9. (a) Nothing in these by-laws contained or implied shall have the effect or be deemed to have the effect of depriving any employee, during any year in which he shall take long service leave of the whole or any part of the annual leave to which he would ordinarily have been entitled in that year nor any other privileges and rights normally conferred by his employer.

(b) All annual leave to which an employee is entitled, or will become entitled, before the expiration of his long service leave shall be taken by the employee in conjunction with his long service leave but any public holidays which may occur during the taking of his long service leave are not to be paid for over and above the long service leave but are to form part of such long service leave.

10. Long Service Leave shall be considered as a special period of recuperation after a lengthy term of Service with a view to fitting the employee for a further term of service to the Council and during such leave no employee shall undertake any form of employment for hire or reward. Any contravention of these by-laws shall entitle the Council to dismiss the employee from its service and to cease paying or to recover any amounts paid in advance on account of long service leave.

CLEAN AIR ACT, 1964.

Department of Public Health,
Perth, 6th April, 1967.

HIS Excellency the Governor in Executive Council acting in pursuance of the provisions of section fifty-three of the Clean Air Act, 1964, and section eleven of the Interpretation Act, 1918, has been pleased to make the regulations set forth in the schedule hereunder.

W. S. DAVIDSON,
Commissioner of Public Health.

Schedule.
Regulations.

- | | |
|---------------------|--|
| Citation. | 1. These regulations may be cited as the Clean Air Regulations, 1967. |
| Commencement. | 2. These regulations shall come into operation on and from the day on which the Clean Air Act, 1964, comes into operation. |
| Interpretation. | 3. In these regulations, unless the contrary intention appears—
“Act” means the Clean Air Act, 1964, and if that Act is amended from time to time includes the Act as so amended;
“Council” means the Air Pollution Control Council established under the Act;
“dark smoke” means smoke that, if compared in the appropriate manner with a chart known as the Ringelmann Chart as described in British Standard (of the British Standards Institution) number 2742:1958, or observed with the instrument known as the “Tele-smoke”, would appear to be as dark as, or darker than, shade 2 on that chart or that instrument;
“incinerator” means any structure or part of a structure used to dispose of combustible refuse by burning;
“master” includes every person having lawfully, or de facto, the command, charge or management of a vessel for the time being;
“section” means section of the Act. |
| | Licensing and other provisions. |
| Prescribed periods. | 4. The prescribed period for the purposes of—
(a) paragraph (a) of subsection (2) of section 23, is three months from the date of the coming into operation of the Act in the part of the State concerned; |

- (b) paragraph (b) of that subsection, is one month from the time the person making application for a licence in respect of any premises, first commenced to use them as scheduled premises;
 - (c) paragraph (c) of that subsection, is three months after the publication of the Order in Council in the Gazette;
 - (d) paragraph (d) of that subsection, is one month after the person became the occupier of the scheduled premises.
5. An application for the renewal of a licence shall be made not earlier than one month before the date of expiry of the licence. Prescribed period for renewal of licence.
6. An application for a licence pursuant to the provisions of Division 1 of Part III of the Act shall be made in or to the effect of Form 1 of these regulations. Application for licence.
7. An application for renewal of a licence pursuant to the provisions of Division 1 of Part III of the Act shall be made in or to the effect of Form 2 of these regulations. Application for renewal of licence.
8. An application for transfer of a licence pursuant to the provisions of Division 1 of Part III of the Act shall be made in or to the effect of Form 3 of these regulations. Application for transfer of licence.
9. A person who makes an application—
 (a) for a licence;
 (b) for the renewal of a licence; or
 (c) for the transfer of a licence,
 that is false in any material particular is guilty of an offence against these regulations and is liable to a penalty of two hundred dollars. Offence and penalty.
10. The fee payable in respect of a transfer of a licence shall be ten dollars. Fees for transfer.
11. An application for approval under the provisions of section thirty-four shall be made to the Commissioner in or to the effect of Form 4 of these regulations and shall be accompanied by a fee of twenty dollars. Fee for approval under S. 34 (3).
12. The plans and specifications required to be submitted under paragraph (d) of subsection (2) of section thirty-four—
 (a) shall be submitted in duplicate; and
 (b) shall be drawn to such scale and be set forth in such detail as shall provide adequate information of the work, building, erection or alteration to which the plans and specifications relate so far as the work, building, erection or alteration affects air pollution control. Plans and specifications to be in duplicate.
13. The register of licences caused to be kept by the Commissioner under section twenty-eight, shall be in or to the effect of Form 5 of these regulations. Register of licences.

Licensing Fees.

14. The fees payable for licences in respect of scheduled premises or any renewal thereof under the provisions of section twenty-four shall be calculated as follows:—

Any scheduled premises being used or intended to be used for the conduct of an industry—	\$
(a) where the basic factor of the industry equals or exceeds the basic factor prescribed under these regulations	200
(b) where the basic factor of the industry is less than the basic factor so prescribed but is two-thirds or more thereof	150

Licensing fees.

		\$
	(c) where the basic factor of the industry is less than two-thirds of the basic factor so prescribed but one-third or more thereof	100
	(d) where the basic factor of the industry is less than one-third of the basic factor so prescribed	20
	(e) where the scheduled premises have not been used for the production of any products	20
	(f) where the industry is a railway—for each workshop thereof	200
Only one fee payable in respect of scheduled premises.	15. Where scheduled premises at one location, as determined by the Council, fall within more than one of the classifications of scheduled premises, only one fee is payable under the provisions of regulation 14 of these regulations and that fee shall be the fee appropriate to the classification in respect of which the higher or highest fee is payable.	

16. For the purposes of subsection (2) of section thirty the following factors are prescribed as basic factors:—

Scheduled Premises.	Basic Factor.
(1) <i>Cement Works</i> , being premises in which argillaceous and calcareous materials are used in the production of cement clinker and premises in which cement clinker is ground	50,000 tons
<i>Ceramic Works</i> , being premises in which any product such as bricks, tiles, pipes, pottery goods, refractories or glass are manufactured in furnaces or kilns fired by any fuel	50,000 tons
<i>Chemical Works</i> (class 1), being premises in which sulphuric acid, chemical fertilisers, soap, sodium silicate, lime or other calcium compounds are manufactured	50,000 tons
<i>Chemical Works</i> (class 2), being premises in which any chemical or chemical product not included in class 1 is manufactured	1,000 tons
<i>Coke Works</i> , being premises in which coke is produced and quenched, cut, crushed or graded	1,000 tons
<i>Ferrous and Non-Ferrous Metal Works</i> , being premises in which metal melting processes for casting or metal coating are carried out	5,000 tons
<i>Gas Works</i> , being premises in which coal, coke, oil or their mixtures or derivatives are handled or prepared for carbonisation or gasification and in which such materials are subsequently carbonised or converted to combustible gas	500,000 therms per annum
<i>Grinding and Milling Works</i> , being premises in which rock, ores, minerals or chemicals are processed by grinding, milling or separating into different sizes by sieving, air elutriation, or in any other manner	50,000 tons
<i>Oil Refineries</i> , being premises in which crude shale oil or crude petroleum is refined	50,000 tons
<i>Primary Metallurgical Works</i> , being premises in which ores are smelted to produce metal	50,000 tons

Prescribed basic factors.

Scrap Metal Recovery Works, being premises in which scrap metals are treated (in any type of furnace) for recovery of metal, irrespective of whether this is the primary object of any specific premises or not 5,000 tons

Any premises on which there is erected a boiler or boilers 50 tons of fuel per hour

- (2) Basic factors referred to in this regulation are the annual production of the works unless shown otherwise.

Chimney Heights.

17. (1) This regulation applies to any furnace, boiler or any other fuel burning equipment that can under normal operation emit one pound or more of sulphur dioxide in an hour.

(2) The height of a chimney serving or connected to any such furnace, boiler or other fuel burning equipment shall be in accordance with that given under the Memorandum on Chimney Heights Number 25/63 published in the United Kingdom as issued on the 15th day of May, 1963 by the Ministry of Housing and Local Government, as determined within the scope of that Memorandum.

Emission of Solid Particles in Smoke.

18. (1) Subject to subregulation (2) of this regulation, a person shall not erect or install in any premises any fuel burning equipment or incinerator of any kind that is likely to emit solid particles in smoke unless the person proposing to erect or install it has before commencing the erection or installation thereof, submitted to the Council full details including details of any control equipment for preventing or minimising the emission of solid particles in smoke.

(2) This regulation does not apply to domestic fires or to individual free standing incinerators of a capacity of less than eight cubic feet which is used for burning household or garden refuse, but applies to any incinerator that is built into a building.

Emission of Dark Smoke (General).

19. (1) The emission of dark smoke from a chimney of, or used in connection with, any scheduled or other premises lasting for not longer than the periods set out in this regulation shall be left out of account for the purposes of sections thirty-two and thirty-seven—

- (a) continuously for four minutes, except when the emission of the dark smoke is caused by soot blowing on any fuel burning equipment served by the chimney;
- (b) for ten minutes in the aggregate in any period of eight hours, except when the emission of dark smoke is caused by soot blowing on any fuel burning equipment served by the chimney when the period of ten minutes may be extended to a period of fourteen minutes;
- (c) where a chimney serves more than one unit of fuel burning equipment, the periods of ten minutes and fourteen minutes respectively referred to in paragraph (b) of this subregulation shall be extended as follows—
 - (i) for a chimney serving two such units, eighteen and twenty-five minutes respectively;
 - (ii) for a chimney serving three such units, twenty-four and thirty-four minutes respectively;
 - (iii) for a chimney serving four such units, twenty-nine and forty-one minutes respectively.

(2) In any prosecution for an offence against this regulation it shall be a defence to prove—

- (a) that the contravention happened on an isolated occasion; and

- (b) that the contravention was due solely to—
- (i) the lighting up of the fuel burning equipment served by the chimney and that all practicable means had been adopted to prevent or minimise the emission of dark smoke, but where the fuel burning equipment is a boiler or incinerator, the emission of dark smoke and lighting up period did not exceed a period of twenty minutes in the aggregate in any period of twenty-four hours; or
 - (ii) the failure of the fuel burning equipment or of any apparatus used in connection therewith and that the failure could not have been foreseen or provided against and that all practicable means had been adopted to prevent the failure by maintaining the equipment or apparatus in a reasonable state of repair; or
 - (iii) the unavoidable use of unsuitable or variable fuel and that all practicable means had been adopted to prevent or minimise the emission of the dark smoke resulting from the use thereof.

Dark Smoke Permitted Periods (Vessels).

Dark smoke
—Vessels. 20. The emission of dark smoke from any vessel within the limits of any harbour or in any inland navigable waters lasting for not longer than the periods set out in this regulation shall be left out of account for the purposes of section thirty-seven—

- (a) continuously for four minutes, except when soot blowing a water tube boiler in the vessel or in the cases referred to in paragraph (e) of this regulation;
- (b) in the case of the emission of dark smoke from a forced draught oil-fired boiler furnace or an oil engine in the vessel, for ten minutes in the aggregate in any period of two hours;
- (c) in the case of the emission of dark smoke from a natural draught oil-fired boiler furnace in the vessel for ten minutes in the aggregate in any period of one hour;
- (d) in the case of the emission of dark smoke from a coal-fuel boiler furnace in the vessel, for ten minutes when the vessel is not under way, except in the cases referred to in paragraph (e) of this regulation, or for twenty minutes in the aggregate in any period of one hour when the vessel is under way;
- (e) in the case of the emission of dark smoke from a natural draught boiler furnace, whether oil or coal fired, and for tugs not under way but preparing to get under way or supplying power to other vessels or shore installations, or for vessels not under way but using main power for dredging, lifting, pumping or performing some other special operation for which the vessel is designed, for twenty minutes in the aggregate in any period of one hour or for ten minutes continuously in the case of the emission of dark smoke from an oil-fired boiler furnace, except when soot blowing a water tube boiler;
- (f) for five minutes in the aggregate in any period of one hour in any other case not previously referred to in this regulation.

Penalty.

21. A person who contravenes or fails to comply with any of these regulations is guilty of an offence and is liable except where no other penalty is expressly provided for the offence, to a penalty of two hundred dollars and in the case of a continuing offence against the regulations, a further sum of forty dollars for each day during which the offence continues.
