Town Planning Scheme No. 7.

Robins Road Scheme.

Scheme Text.

1. Responsible Authority: The authority responsible for enforcing the observance of this Scheme is the Shire of Kalamunda (hereinafter referred to as "the Council").

2. Area: The Scheme shall apply to the land contained within a blue border on the Land Use Map and the Scheme Map. The said land is hereinafter referred to as "the Area".

3. General Objects: The general objects of the scheme are—

- (a) to improve and develop the area to the best possible advantage;
- (b) to make suitable provision for the better use of the land within the Area for building purposes;
- (c) to make suitable provision for roads within the Area;
- (d) to ensure proper drainage of those parts of the Area that require drainage.

4. Works to be Carried Out: The following works shall be carried out within the Area:—

- (a) The Area shall be resurveyed in conformity with the design as shown on the "Scheme Map" with such minor variations as may be determined by the Council.
- (b) The roads of which the proposed carriageways are coloured yellow on the "Scheme Map" plan shall be constructed and drained. The Council will meet the cost of constructing and draining a length of road equivalent to the length of existing surveyed road within "the Area".
- (c) Such portions of Robins Road, Betti Road and Margaret Road as are necessary to implement the scheme will be closed.
- (d) Reticulated water will be provided.

5. Acquisition of Land: The land within the Area or so much thereof as is necessary to implement the Scheme shall be resumed or otherwise acquired by the Council.

6. Valuations: The land within the Area shown on the "Land Use Map" and the "Scheme Map" shall be valued at the date of the coming into operation of the Scheme.

7. The lots created by the re-survey of the Area in accordance with the "Scheme Map" (hereinafter called "New Lots") shall be valued on the basis that all works have been undertaken as part of the Scheme.

8. The valuations shall be made by the Chief Valuer of the Taxation Department of Western Australia or by some person appointed by him to ascertain the unimproved value as defined by section 533 (3) of the Local Government Act, 1960-1962.

9. Increased Value Ratio: From the sum of the values of the new lots shall be deducted the costs or estimated costs of the Scheme and the figure so ascertained is the net value of the new lots. The increased value ratio is the relationship between the sum of the values of the old lots and the net value of the new lots.

10. Owner's Interest in Scheme: Each owner from whom an old lot or portion of an old lot has been resumed shall be deemed to be entitled to an interest in this Scheme of a value equal to the value of the land resumed from him increased in the ratio of the "increase value ratio" determined in accordance with paragraph (9) hereof. The Council, being owners of land in the area, shall be deemed to be entitled to an interest in this scheme of a value equal to the value of the land made available to the scheme increased in the ratio of the increased value ratio determined in accordance with paragraph (9) hereof.

11. Costs of Scheme: The scheme shall be debited with—

- (a) the administration costs of the Scheme, including a sum of recoup the Council with overhead costs as may be relative to this Scheme;
- (b) the costs of the works to be carried out;
- (c) all compensation payable and expenses and all costs of determining and settling compensation;
- (d) the estimated compensation and costs payable under clause 12 hereof;
- (e) the costs of acquisition of any land within the Area in the event of such land being acquired other than by resumption;
- (f) the cost incurred by the Metropolitan Water Board in providing water mains for the service of the Area;
- (g) the costs of the Scheme shall be divided in the same proportion as the increased value ratio of the new lots on the Scheme proposal plan.

12. Estimate of Compensation: In the event of any claim for compensation not having been settled at the time when the Council is ready to transfer lots in pursuance of this Scheme, the Council may estimate the amount of compensation payable and the costs relating thereto and debit the Scheme with the net amount so estimated. In the event of the Council so doing, the difference between the estimated and the actual compensation payable shall be received or paid by the Council as the case may be and shall form part of the receipts or expenditure of this Scheme.

13. Time Limit for Claims for Compensation: Claims for compensation by reason of the operation of this Scheme shall be made within six (6) months of the coming into operation of the Scheme, or the date of the issue of a notice of resumption or the issue of a notice of rescission under clause 21 hereof whichever is the later.

14. Allocation and Disposal of New Lots: The new lots created by the re-survey of the Area shall be dealt with as follows:—

- (a) Each owner of an old lot or portion thereof will be offered the new lot or lots with the position and dimensions as nearly as possible as that shown on "Scheme Map" bearing the numbers shown in red assigned to his old lot on the Land Use Map (hereinafter called "replacement lots").
- (b) The Council shall set aside sufficient lots (hereinafter called "saleable lots") in order that the costs of the Scheme may be paid from the sale of them.
- (c) The remaining new lots shall be apportioned among the owners of the old lots as equitably as possible and offered to such owners.
- (d) The offer mentioned in sub-clause (c) hereof will be made either with an offer of payment of money or subject to the owners making a payment of money in order that the total value of the replacement lots offered and the new value of any land within the Scheme area not acquired by the Council and retained by the owner, together with or subject to a payment in money, is equal to the owner's interest in the Scheme as ascertained in accordance with clause (10) hereof.
- (e) An owner from whom land has been resumed but to whom no offer of land is made shall be offered a cash payment equal to that owner's interest in the Scheme.

15. Nature of Offers: The offers mentioned in clause 14 hereof shall be made in writing to each of the said owners and served by certified post on him at his address as appearing in the Rate Book of the Council and shall specify the new lot or lots the subject of the offer and the old lot in respect of which the offer is made. It shall also specify the owner's interest in the Scheme, how

the offer is calculated, the valuations placed on the said lots and payment to be made or received as the case may be.

16. The offer shall specify a date not being less than twenty-eight (28) days after the posting of the said offer within which the offer may be accepted.

17. The offer may be accepted by notice in writing to the Council at any time before the date specified in the said offer and if not accepted within such time shall, subject to clause 22 hereof, be deemed to have been rejected. No acceptance of the offer shall be deemed a valid acceptance unless all rates and taxes owned by the owner of land within the area specified have been paid.

18. The offer of the replacement lot may be accepted and the offer of the remaining lots may be rejected.

19. If the offer of the replacement lot be accepted only the replacement lots shall be treated as being in payment on account of any claim for compensation the owner may have for the resumption of his old lot or by reason of the operation of this Scheme.

20. If the offer be wholly accepted it shall be accepted by the owner in full settlement and satisfaction of all claims for compensation in respect of the resumption from him of the old lot in respect of which the offer was made and otherwise in respect of the operation of this Scheme.

21. Registration of Transfers: The Council shall cause to be prepared and sent to those owners entitled transfers in respect of each offer of a replacement lot which has been accepted by the owner in accordance with this Scheme. If an owner shall fail to complete the transfer in accordance with the Transfer of Land Act, 1893-1959, and return it to the Council for registration within twenty-eight (28) days after having been called upon to do so by notice served by registered post on the owner at his address last known to the Council (which notice may be served with the transfer), the Council may rescind any agreement whereby such owner is entitled to have the land the subject of the transfer transferred to him and thereupon such owner shall have a claim against the Council only for compensation for the resumption of the land in respect of which the offer of the replacement lot or lots was made and the land subject of the transfer shall be treated as a rejected lot.

22. Rejected Lots: If an owner does not accept an offer made to him by the Council in accordance with this Scheme or fails to complete a transfer of the said lot in the manner aforesaid, the Council may deal with the lots so affected as hereinafter appears.

23. Sale of Saleable Lots and Rejected Lots: The Council may sell the saleable lots and the rejected lots either by public auction or private contract as a whole or in separate lots upon such terms and conditions as the Council may think fit. In the event of a sale by private contract the price shall not be less than the price recommended by the Chief Valuer of the Taxation Department of Western Australia, unless, after submitting the land for sale by public auction or tender that price has not been obtained.

24. Valuation of Saleable Lots and Rejected Lots: The Council may instead of selling all or any of the saleable lots or rejected lots ascertain the value of them or those unsold from the Chief Valuer of the Taxation Department of Western Australia and credit the Scheme with the value so ascertained and in that event the lots shall be the property of the Council and may be retained, sold or otherwise dealt with in such manner as the Council thinks fit.

25. Profits of Scheme: In the event of the Scheme showing a profit, the profit shall be divided equally among the replacement lots and shall be paid to the owners who accept the offer mentioned in clause 14 (a) hereof. The amount of profit referable to rejected lots shall be paid to the Council.

26. Encumbrances on Title: In the event of any land in the Area being subject to a registered mortgage charge or lease or to a caveat to protect the interest of the purchaser, mortgagee, chargee or lessee, the Council shall not transfer a new lot to the owner unless subject to similar encumbrances or with the consent of all persons entitled to the benefit of the encumbrance.

27. Powers of Council: The Council in the conduct and management of this Scheme shall have the following powers:—

- (a) To enter and inspect the land within the Area.
- (b) To enter into agreement or arrangement with the owners of any land within the Area.
- (c) To extend the time within which any offer of replacement lots may be accepted.
- (d) To acquire by purchase or otherwise any land within the Area.
- (e) To dispose of any lots to which it becomes entitled as the owner of land within the area at the date of the coming into operation of this Scheme upon such terms and conditions as it may think fit.
- (f) To transfer any land acquired by it in pursuance of this Scheme as compensation or part compensation and to enter into agreement relative to the determination and settling of compensation.
- (g) To make minor variations to the survey design where necessary or desirable.

28. Arbitration: Any dispute or difference arising out of the operation of this Scheme may be referred to the arbitration of a single arbitrator in the manner provided by the Arbitration Act, 1895, or any Statutory modification thereof for the time being in force.
