If the parties fail to agree upon any one arbitrator he shall be nominated by the Council.

- (h) The cost of altering existing electricity water sewerage drainage or telephone services or of providing exceptional services rendered necessary by the Scheme to the extent to which and in cases where the Council considers the cost justified.

21. Estimate of Compensation: In the event of any claims for compensation not having been settled at the time when the Council is ready to transfer lots in pursuance of this Scheme the Council may estimate the amount of compensation payable and the costs relating thereto and debit the Scheme with the amount so estimated.

In the event of the Council so doing the difference between the estimated and the actual compensation payable shall be received or paid by the Council as the case may be.

22. Allocation and Disposal of New Lots: The new lots created by the resurvey of the Scheme Area will be dealt with as follows:—

- (a) The lots shown in the Second Schedule hereto (hereinafter called "saleable lots") shall be set aside and subject to the provisions of Clauses 36, 37 and 38, hereof shall be sold to pay the costs of the Scheme.
- (b) The owners of the old lots in Column No. 1 of the Third Schedule hereto will be offered the new lots shown opposite in Column No. 2.

23. Nature of Offers: The offer mentioned in paragraph (b) of Clause 22 hereof will be made either with an offer of payment of money or subject to the owner making a payment of money in order that the total value of the new lots offered, and the new value of any land within the Scheme Area not acquired by the Council and retained by the owner, together with or subject to a payment in money is equal to the owners interest in the Scheme as ascertained in accordance with Clause 17 hereof. The offer may be made in the alternative giving the owner the right to accept either a lot or lots subject to a payment by him or to accept no lots or a lesser number of lots with a payment by the Council to him.

24. The owners from whom land has been resumed but to whom no offer of land is made shall be offered a cash payment equal to that owners interest in the Scheme.

25. If an owner shall in the opinion of the Council suffer any additional damage or inconvenience by reason of the reduction in size of the lot on which a dwelling house is erected or by reason of the proximity of a road to such dwelling house the Council shall offer to such owner such sum (if any) as it (acting on the advice of the Chief Valuer of the Taxation Department) considers equitable. The said offer shall be made with the offer mentioned in Clause 23 hereof to the intent that the owner may not accept the offer mentioned in Clause 23 either wholly or in part without accepting the offer in this clause mentioned.

26. The offers mentioned in the above Clauses shall be made in writing to each of the said owners and served by registered post on him at his address as appearing in the Rate Book of the Council and shall specify the new lot or lots (if any) the subject of the offer and the old lot in respect of which the offer is made. It shall also specify the owners interest in the Scheme, the valuations placed on the said lots and payment to be made or received as the case may be, and how the amount is calculated.

27. If a pipe drain has been or is to be laid across land within a new lot such new lot may be offered or sold expressly subject to the condition that the transferee shall grant to the Council or to the Metropolitan Water Supply Sewerage and Drainage Board as decided by the Council, a drainage easement over so much of the lots as is required for the drain. If the Council shall itself have granted an easement to the said Board the lot shall be transferred subject to such easement.

28. The offer shall specify a date not being less than twenty-eight (28) days after the posting of the said offer within which the offer may be accepted.

29. The offer may be accepted by notice in writing to the Council at any time before the date specified in the said offer and if not accepted within such time shall unless the time shall have been extended by the Council be deemed to have been rejected.

30. If an owner does not accept all the lots offered to him the lots accepted by him shall be treated as being in payment on account of the owner's interest in the Scheme. The remainder of his interest in the Scheme shall be paid in cash.

31. An owner who accepts the offer shall be liable to pay to the Council all rates which would have been payable on the land acquired from him if such land had remained in the name of the owner until the transfer of the new lots to him.

32. If an offer be accepted wholly or in part it shall be accepted by the owner on the basis that such acceptance is a complete bar to any claim for compensation which the owner may have had in respect of the resumption from him of the old lot in respect of which the offer was made and otherwise in respect of the operation of this Scheme but shall not bar him from participating in the profits of the Scheme.

33. If an owner does not accept an offer wholly or in part he shall not be entitled to any interest under this Scheme, or to participate in the Scheme profits.

34. Registration of Transfers: The Council shall cause to be prepared and sent to those owners entitled transfers in respect of each lot offered and which has been accepted by the owner in accordance with the Scheme. If an owner shall fail to complete the transfer in accordance with the Transfer of Land Act 1893—1959 and return it to the Council for registration or if the owner shall fail to make payment of any money which may be due by him to the Council within twenty-eight (28) days after having been called upon to do so by notice served by registered post on the owner at his address last known to the Council (which notice may be served with the Transfer) the Council may rescind any agreement whereby such owner is entitled to have the land the subject of the transfer transferred to him and thereupon such owner shall have a claim against the Council only for a cash payment equal to his interest in the Scheme and the land the subject of the transfer shall be treated as a rejected lot.

35. Saleable Lots and Rejected Lots: Any lot offered to but not accepted by an owner in accordance with this Scheme or the subject of a transfer not completed as aforesaid may be dealt with by the Council as hereinafter appears.

36. The Council may sell the saleable lots and the rejected lots either by public auction tender or private contract as a whole or in separate lots upon such terms and conditions as the Council may think fit. In the event of a sale by private contract the price shall not be less than the price recommended by the Chief Valuer of the Taxation Department of Western Australia unless after submitting the land for sale by public auction or tender that price has not been obtained.

37. If in the opinion of the Council it shall not prove necessary to sell all the saleable lots in order to pay the Costs of the Scheme the Council may re-allocate some or all of the lots unsold to owners where it considers it just and equitable so to do and the cash payment to be made or received under Clause 23 shall be adjusted accordingly.

38. The Council may instead of selling all or any of the saleable lots or rejected lots ascertain the value of them or those unsold from the Chief Valuer of the Taxation Department of Western Australia and credit the Scheme with the value so ascertained and in that event the lots shall be the property of the Council and may be retained, sold or otherwise dealt with in such manner as the Council thinks fit.

39. Area A: The lands within the areas marked A on Plan No. 2 may be retained by the Council and used or zoned for recreation or for roads or sold to the Metropolitan Region Planning Authority.

42. Area B: Portion of each of the lands within the areas marked B on Plan No. 2 are reserved by the terms of the Metropolitan Region Scheme published in the *Government Gazette* of 9th August, 1963 for the purpose of Controlled Access Highways or Important Regional Roads.

43. The Council shall not resume but may by negotiation acquire the land within all or any of the Areas marked B on Plan No. 2.

44.
