Burning is not Permitted on Sundays (except in Areas Defined in Item No. 4).

Notice to Owners and/or Occupiers of Land.
PURSUANT to the powers contained in the above Act, you are hereby required by the 30th November, 1969, to clear, and thereafter maintain clear, of all inflammable material, until the 15th March, 1970, firebreaks in the positions, and by the dates, as set out hereunder.

4. Sunday Burning—Sub-divisional Residential Lots Only:—

Between 15th October and 30th November 1969, burning on Sundays is permitted for the purpose of removing fire hazards from residential lots within the subdivisions of Murray Bend, Ravenswood, North and South Yunderup and Furnissdale.

Owners are requested to exercise caution when undertaking burning operations and should not proceed to burn during high temperatures or under conditions when a fire could escape from effective control.

Absentee Owners of Sub-divisional Lots: Contractors are available in the subdivisional areas to undertake this work if required. Arrangements should be made with contractor direct at an early date, to ensure that breaks are completed by required date.

It is the owner's responsibility to ensure that the firebreaks comply with this order. The Shire will not arrange for this work to be done.

Note: If, for any reason, it is considered impractical to comply with any provision of this order a written application for a variation may be made to the Shire Clerk and must reach him no less than two weeks prior to the date by which the firebreak is required to be established. Any such application must bear the signature of the fire controller officer for the area, signifying his agreement to the variation.

Inspections: An officer of the Council will inspect properties and prosecutions could result where this order is not complied with.

Penalty: Minimum fine, \$10; maximum, \$200.

Shire of Bridgetown Town Planning Scheme No. 2
—Bridgetown Townsite Area.

T.P.B. 853/6/5/2.

IT is hereby notified for public information, in
accordance with section 7 of the Town Planning
and Development Act, 1928 (as amended) that the
Hon. Minister for Town Planning approved the
Shire of Bridgetown Town Planning Scheme No. 2
—Bridgetown Townsite Area on the 25th July,
1969, the Scheme Text of which is published here-
under.

SHIRE OF BRIDGETOWN TOWN PLANNING
SCHEME, No. 2.

THE Bridgetown Shire Council, under and by
virtue of the powers conferred upon it in that
behalf by the Town Planning and Development
Act, 1928 (as amended), hereby makes the follow-
ing Town Planning Scheme for the purpose of—

- (a) controlling land development by zoning;
- (b) other matters authorised by the enabling
Act.

PART I.—PRELIMINARY.

1.1 This Town Planning Scheme may be cited
as the Shire of Bridgetown Town Planning Scheme
No. 2 (Bridgetown Townsite area) hereinafter
called "the Scheme" and shall come into opera-
tion on the publication of notice of the Minister's
final approval thereof in the *Government Gazette*.

1.2 The Scheme shall apply to the whole of the
land set out in the maps in the appendices hereto.

1.3 The responsible authority for carrying out
the Scheme is the council of the Shire of Bridge-
town.

1.4 In the Scheme the planning area is divided
into zones as follows:—

- (a) Residential.
- (b) Commercial.
- (c) Industrial.
- (d) Rural.
- (e) Railway.
- (f) Recreation.

1.5 Arrangement of Scheme: The Scheme is
divided into the following parts and appendices:—

- Part I.—Preliminary.
- Part II.—Zones.
- Part III.—Non-conforming uses.
- Part IV.—Special provisions.
- Part V.—Finance and administration.

The remaining documents of the Scheme are as
follows:—

- (1) Land Use Map.
- (2) Scheme Map.

The Scheme Report is also appended.

1.6 (1) Subject to the provisions of subclau-
(2) of this clause, in this Scheme the terms use
will have the respective interpretations set out in
Appendix D of the Town Planning Regulator
unless otherwise specified in the Scheme.

(2) In the Scheme, unless the context require
otherwise "service station" means business premises
for the supply of petrol and automotive accessories
and includes greasing, tyre repairs and minor
mechanical repairs—with or without a cafe thereon
or attached thereto; private club means land or
premises used solely or primarily by the members
of a club, association or institution.

PART II.—ZONES.

2.1 Table No. 1 appended to clause 2.2 of this
Part indicates the several uses permitted by this
Scheme in the various zones, such uses being
determined by cross reference between the list of
"Use Classes" on the left-hand side of the table
and the list of "Zones" on the top of that table.

2.2 The symbols used in the cross reference in
Table No. 1 appended to this clause have the
following meanings:—

- "P" = A use that is permitted under the provisions of this Scheme.
- "AA" = A use that is not permitted unless approval is granted by the responsible authority.
- "IP" = A use that is not permitted unless such use is incidental to the predominant use as decided and approved by the responsible authority.
- "X" = A use that is not permitted.

2.3. No development of any land in the Scheme
area shall be commenced or continued without the
approval or conditional approval of the responsible
authority.

2.4 Approval under this part does not exempt
the person to whom approval is granted from the
requirement, if any, to obtain permission or
approval to develop under any other law.

PART III.—NON-CONFORMING USE OF LAND.

3.1 No provision of the Scheme shall prevent—

- (a) the continued use of any land or building
for the purpose for which it was being
lawfully used at the time of the coming
into force of the Scheme; or
- (b) the carrying out of any development
thereon for which, immediately prior to
that time, a permit or permits required
under the Town Planning and Development
Act, 1928 (as amended), or any other
law authorising the development to be
carried out had been duly obtained and
was current.

3.2 Where in respect of land zoned under Part
II of the Scheme a non-conforming use exists
which was authorised as mentioned in clause 3.1 of this
Part on that land, buildings may be extended
within the limits prescribed by the Uniform Building
By-laws made under the Local Government Act
1960 (as amended), or by other by-laws made
under that Act for the purpose of limiting the
size, location and distance from boundaries at
any other matter required by law for that class
of use within the boundary of the lot or lots in
which the use was carried on immediately prior to
the coming into force of the Scheme.

3.3 Change of Non-Conforming Use: The Council
may permit the use of any land to be changed
from one non-conforming use to another non-
conforming use, provided the proposed use is, in the
opinion of the Council, less detrimental to the

amenity of the neighbourhood than the existing use, or is in the opinion of the Council closer to the intended uses of the zone.

3.4 Discontinuance of Non-Conforming Use:

- (a) Notwithstanding the preceding provisions of this Part when a non-conforming use of any land or building has been discontinued, such land or building shall not thereafter be used other than in conformity with the provisions of the Scheme.
- (b) The responsible authority may effect the discontinuance of a non-conforming use by the purchase of the affected property, or by the payment of compensation to the owner or the occupier or to both the owner and the occupier of that property, and may enter into an agreement with the owner for that purpose.

PART IV.—SPECIAL PROVISIONS.

Amenity.

4.1 The responsible authority may refuse to approve any plans of development or redevelopment of lots if in its opinion the siting, appearance, design and harmony of the proposed buildings would be detrimental to or destroy the amenities of the neighbourhood nor shall any building be so constructed, finished or left unfinished that its external appearance would disfigure the locality or tend to depreciate the value of adjoining properties. Further, all land and buildings shall be so maintained as to preserve the amenities of the neighbourhood in which they are situated.

Building Line.

4.2 (a) Subject to the provisions of subclause (b) no building shall be constructed closer to the street alignment than the distance specified hereunder (hereinafter called the building line):—

- (3) in the case of petrol stations and service stations in any zone the building line shall be 25 feet from the street alignment.

(b) Where owing to the configuration of the land it appears that a site cannot otherwise be satisfactorily developed the council may permit buildings to be erected closer to the street alignment than the distances specified in subclause (a) of this clause.

Industrial Zones.

4.3 Within an industrial zone—

- (a) No person shall use land between the building line and the street alignment other than for lawns and gardens, for the parking of vehicles or as a means of access save with the written approval of the responsible authority.
- (b) Adequate parking space shall be provided, for the parking of owners and employees vehicles in addition to that provided under subclause (a) of this clause.

Parking of Commercial Vehicles on Privately owned land within Residential Zones.

4.4 No person shall on privately owned land within a residential zone—

- (a) park or allow to remain stationary for more than four hours consecutively—
 - (i) more than two commercial vehicles, and if there are two such vehicles, one at least must be housed in a domestic garage or domestic outbuilding;

(iii) a vehicle which together with the load thereon exceeds nine feet in height;

- (b) repair, service or clean a commercial vehicle unless such work is carried out whilst the vehicle is housed in a domestic garage or domestic outbuilding.

Appeals.

4.5 (a) Any person wishing to develop land who is aggrieved by a decision of the responsible authority exercising the discretionary powers embodied in clause 2.3 of Part II or clause 4.1 or Proviso (2) to subclause 4.2 (a) of Part IV may appeal to the Minister against that decision.

(b) An appeal under subclause (a) of this clause shall be made within 30 days of receipt of notice of such decision and shall be made in writing setting out the nature of the original application the clause or clauses under which the decision was taken, the reasons given for the decision, the clause under which the appeal is made and the reasons for the appeal.

(c) The decision of the Minister on an appeal shall be final.

PART V.—FINANCE AND ADMINISTRATION.

5.1 Disposal of Land: The responsible authority may deal with or dispose of any land which it owns or which it has acquired pursuant to the provisions of the Scheme, in accordance with the Act and in conformity with the provisions of the Scheme, and for such purpose may make such agreements with other owners as it deems fit.

5.2 Compensation: Claims for compensation by reason of the Scheme shall be made not later than six months from the date on which notice of approval of the Scheme is published in the *Government Gazette*.

5.3 Entry to Premises: The responsible authority may by its engineer or other authorised officer enter at all reasonable times any building or land for the purpose of ascertaining whether the provisions of the Scheme are being observed.

5.4 Penalties: Any person who fails to comply with any of the provisions of the Scheme is guilty of an offence and without prejudice to any other remedy given herein is liable to such penalties as are prescribed by the Act.

Adopted by resolution of the Council of the Shire of Bridgetown at a meeting of the council held on the 20th day of December, 1968, and the seal of the Municipality was pursuant to that resolution hereunto affixed in the presence of:

TOWN PLANNING AND DEVELOPMENT ACT,
1928 (AS AMENDED).

Advertisement of Approved Town Planning
Scheme.

Shire of Cockburn Town Planning Scheme No. 4—
Phoenix Park.

T.P.B. 853/2/23/4.

IT is hereby notified for public information, in accordance with Section 7 of the Town Planning and Development Act, 1928 (as amended), that the Hon. Minister for Town Planning approved the Shire of Cockburn Town Planning Scheme No. 4—Phoenix Park on the 9th July, 1969, the Scheme Text of which is published hereunder.

SHIRE OF COCKBURN TOWN PLANNING
SCHEME NO. 4—PHOENIX PARK SCHEME

THE Shire of Cockburn under and by virtue of the powers conferred upon it in that behalf by the Town Planning and Development Act, 1928 (as amended) hereby makes the following Town Planning Scheme:

Scheme Text.

1. Citation: This Town Planning Scheme may be cited as Shire of Cockburn Town Planning Scheme No. 4 Phoenix Park Scheme (hereinafter called "the Scheme").

2. Responsible Authority: The authority responsible for enforcing the observance of this Scheme is the Shire of Cockburn (hereinafter referred to as "the Council").

3. Maps: The following Maps are attached to this Text and form part of the Scheme:—

Land Use Map.

Scheme Proposals Map.

Subdivisional Guide Map.

4. Scheme Area: The Scheme shall apply to the land indicated as the Area of the Scheme on the Land Use Map. The said land is hereinafter referred to as the Scheme Area.

5. General Objects: The general objects of the Scheme are—

- To improve and develop the Scheme Area to the best possible advantage.
- To plan within the Scheme Area suitable roads.
- To make provision for and construct arterial roads.
- To ensure the proper drainage of the roads and of those parts of the Scheme Area which require drainage or other such works.
- To facilitate and co-ordinate progressive subdivision and development of land within the Scheme Area.
- To make provision for land to be used for Public Open Space and drainage purposes.
- By means of a subdivisional Guide Map to suggest ways in which land within the Scheme Area may be subdivided and developed.

6. Method of Carrying out Objects: As and when owners of land within the Scheme Area subdivide their land such subdivision shall be according to a plan which will be capable of forming part of an overall plan of subdivision for the Scheme Area.

7. The Scheme Proposals Map forms a basis for subdivision and development of the Scheme Area but the Council may with the consent of the Town Planning Board permit alterations or variations to the Scheme Proposals Map where in its opinion circumstances justify such action provided that no such alteration or variation shall be permitted if in the opinion of the Council it would impede the subdivision and development of the Scheme Area as a whole.

8. The Subdivisional Guide Map suggests a manner in which land within the Scheme Area may be subdivided but it is not intended that the design shown thereon shall be binding on the Town Planning Board the owners of land or on the Council.

9. Subdivision: An owner of land within the Scheme Area who desires to subdivide his land either alone or in conjunction with other owners shall submit a plan of proposed subdivision to the Town Planning Board as required by the Town Planning and Development Act of Western Australia.

10. New Roads: Subject to the following clauses all new roads within the Scheme Area shall be constructed and drained at the expense of the owners of land therein and each owner shall when subdividing his land make the land available for the roads and pay the costs of the construction and drainage of the roads within the land owned by him

11. In cases where the situation of a new road within the Scheme Area is such that it would be fair and equitable that the owners of adjoining land should each contribute to the cost of the construction or drainage of that road and apportion the value of the land made available for roads and such owners are unable to agree upon the proportion of the costs payable by each of them the amount (if any) payable by each such owner shall be determined by arbitration in manner hereinafter provided.

12. The Council may construct and drain any new roads within the Scheme Area and acquire the land necessary for that purpose. If the Council shall do so prior to the subdivision of the land adjoining such road the costs of the construction and drainage of the said road and all compensation and other costs consequent upon the acquisition of the land shall be paid to the Council by the respective owners of land in accordance with the foregoing provisions as and when they subdivide their land.

13. If an owner shall claim compensation for the resumption from him of land to be used as a road there shall be set off against the amount of compensation payable to him the amount by which the value of the remainder of his land has been or will be increased by the construction of the roads within the Scheme Area and by the operation of the Scheme.

14. If an owner shall subdivide his land and if he or his predecessors in title shall have claimed or shall have been paid compensation by reason of the resumption by the Council of the land for a new road within the Scheme Area he shall before the approval of his plan of subdivision release the Council from the payment of compensation or repay to the Council the compensation paid by it to him or his predecessor in title as the case may be.

15. Spearwood Avenue: The land to be used for Spearwood Avenue between the western boundary of the Scheme Area and Rockingham Road shall be acquired by the Council by purchase or resumption or partly by one method and partly by the other. The Council shall at a time determined by it construct or cause to be constructed a 24 foot carriage-way including all necessary drainage and earthworks on Spearwood Avenue between Hamilton Road and Rockingham Road.

16. If an owner when subdividing his land shall make land available for Spearwood Avenue he shall be compensated by the Council in respect of the value of such land but from such compensation shall be deducted any amounts due by the owner to the Council pursuant to the Scheme.

17. Road Widening: In cases where the Scheme Proposals Map shows that an existing road is to be widened the owner of the land on which such road widening is situated shall when subdividing his land make such road widening land available free of charge to the Council.

18. Closure of Roads: Surveyed roads within the Scheme Area that are not shown as roads on the Scheme Proposals Map or are shown thereon as roads to be closed shall be deemed to have been closed as from the date on which the Council shall resolve to close each such road respectively.

19. Drainage: The Council shall at the appropriate time or times carry out such drainage works as are necessary for the proper drainage of the Scheme Area.

20. Public Open Space: It is intended that the land coloured green on the Scheme Proposals Map shall be reserved for Public Open Space and drainage purposes.

21. The Council may as and when it deems fit acquire the said lands coloured green or any parts thereof either by purchase or resumption or partly by one method and partly by the other.

22. Each owner of land within a Scheme Area shall prior to the final approval by the Town Planning Board to the subdivision of his land and subject as hereinafter provided transfer to the Council an area of land equal to one-tenth of the total area of land being subdivided or developed by him or such other areas as the Town Planning Board shall upon approval of the Plan of Subdivision require.

23. If within a portion of a Scheme Area the subject of subdivision and development it is not possible to transfer an area of land equal to one-tenth of the total area of land being subdivided the Council may make or receive a cash adjustment so that the value of the land (if any) to be transferred with or subject to the cash adjustment equals one-tenth of the land the subject of the subdivision.

24. If within a portion of the Scheme Area the subject of subdivision and development more than one-tenth is required by the Council for Public Open Space or drainage purposes the owner shall transfer to the Council the land required by it for that purpose and the Council shall pay to the Owner by way of compensation the value of the land exceeding the said one-tenth as shall be required by the Council. If the Council so agrees the Council may transfer to the said owner other land in or near a Scheme Area either owned by the Council or acquired by it for that purpose to compensate him for the land in excess of the said one-tenth required by the Council in which case the amount payable by the Council to the owner shall be reduced accordingly.

25. The Council may sell or otherwise dispose of any land transferred to or acquired by it for the purpose of Public Open Space or drainage purposes provided that all moneys received by the Council in respect of such sales and all moneys received by the Council under Clause 23 hereof shall after making all the necessary payments to owners and paying the costs of land (if any) acquired for transfer to owners under Clause 24 hereof be expended by the Council in the acquisition or improvement of land for Public Open Space or drainage purposes in or near the Scheme Area concerned.

26. If the Council shall have resumed land for Public Open Space roads or drainage purposes it shall be reimbursed all compensation and costs paid by it from moneys received by it from the sale of land or under the preceding clauses hereof and upon the owner from whom the land was resumed subdividing his land the value of one-tenth of his land to be made available for Public Open Space or drainage purposes hereunder shall be assessed on the basis that such land has not been resumed.

27. Scheme Costs: The costs or estimated cost of the following items are hereinafter referred to as Scheme Costs:—

- (a) the acquisition of the land for Spearwood Avenue between the western boundary of the Scheme Area and Rockingham Road;
- (b) the construction of a 24 foot carriage-way including all necessary drainage and earthworks on Spearwood Avenue between Hamilton Road and Rockingham Road;
- (c) the drainage works necessary for the property drainage of the Scheme Area;
- (d) the extension of the water mains to the Scheme Area;
- (e) all compensation which the Council shall pay or become liable to pay by reason of any building or other improvement being affected by the proposals contained in the Scheme Proposals Map or the use and enjoyment of any land building or improvement being adversely affected by the Scheme.

28. Payment of Scheme Costs: Each owner shall prior to the final approval by the Town Planning Board to the subdivision of his land pay to the Council an amount which bears the same proportion of the total Scheme Costs as the area of the owners land bears to the whole of the land within the Scheme Area that is privately owned at the date of the coming into operation of the Scheme.

29. Estimate of Scheme Costs: If any of the items of Scheme Costs have not been paid or ascertained at the time of a subdivision they may be estimated by the Council. An estimate may be revised from time to time.

(30) Development of Land Adjoining Spearwood Avenue: No plan or diagram of subdivision will be permitted which contains a lot that has a frontage to Spearwood Avenue only and not to any other road.

(31) It is intended that a lot boundary adjoining Spearwood Avenue be the rear or side boundary of the lot. No development will be permitted on a lot adjoining Spearwood Avenue unless the frontage be a road other than Spearwood Avenue.

(32) No lot adjoining Spearwood Avenue is to have vehicular access to Spearwood Avenue.

(33) It is desired that lots adjoining Spearwood Avenue be fenced as uniformly as is reasonably possible along the Spearwood Avenue boundary with a fence which does not appear ugly from Spearwood Avenue. Applications for building licences in respect of such lots shall show the proposed fences adjoining Spearwood Avenue.

(34) The area of land bounded by Spearwood Avenue, Sussex Street, the railway and Hamilton Road is low lying and in its present state is not suitable for residential development. Upon a change of zoning being approved by the Council it shall not be necessary that the change be made to a Residential Zone but subject to the appropriate procedure being followed the zoning may be changed to permit any use approved by the Council.

(35) Valuations: Where it is necessary to ascertain the value of any land for the purpose of the Scheme the value shall be determined by a disinterested and competent valuer appointed by the Council.

(36) If an owner objects to the value so determined he may give notice of such objection to the Council within twenty-eight days after having been informed of the said value or the revised value. If the valuer does not agree to change the value to a figure acceptable to the owner the value shall be determined by arbitration in accordance with the provisions hereinafter contained.

(37) If a valuation made by the valuer shall be changed as the result of an objection the valuer may reconsider the values placed on other lands and make such revaluations as he considers just and equitable. The owners affected by such revaluation shall forthwith be notified of any change in value.

(38) Land Owned or Acquired by the Council: All or any of the land now owned by or subsequently acquired by the Council within or near the Scheme Area may be used by the Council for any purposes appropriate to the Scheme and if such purpose is one for which an owner is required to make land available or for which land may be acquired by the Council pursuant to this Scheme the Council shall be compensated for the value of the land so used by the Council.

(39) Arbitration: Any dispute or difference between the owners as to their respective rights under the Scheme and any matter which by the terms of this Scheme may be determined by arbitration may be referred to the arbitration of a single arbitrator in manner provided by the Arbitration Act 1895 or any statutory modification thereof for the time being in force and if the parties fail to agree upon any one single arbitrator he may be nominated by the Council.

(40) Powers and Authorities of Council: In carrying out the provisions of the Scheme the Council shall have the following powers and authorities:—

- (b) To make agreements with the owners or occupiers of any land within the Scheme Area.
- (c) To enter into agreements with purchasers or prospective purchasers or prospective occupiers of land within the Scheme Area.
- (d) If any owner of land within the Scheme Area does not proceed with the subdivision or development of his land in accordance with the terms of the Scheme or by reason of the nature of his land is unable to subdivide or develop it and his failure to do so in the opinion of the Council will unduly delay the completion of the Scheme the Council may resume the land of such owner or owners and proceed with the

subdivision and development of the said land in accordance with the provisions of the Scheme.

- (e) In the event of the Council exercising its powers under Clause (d) it shall have all the powers of an owner in the subdivision development and disposal of the said land but before selling the land so subdivided and developed it shall offer the new lots to the original owner upon his paying to the Council all costs and expenses consequent upon the resumption subdivision or development of the said land and upon his releasing the Council from all claims for compensation in respect of such resumption. The said offer shall be made in writing and if not accepted within one calendar month of the service thereof the Council may proceed with the sale of the subdivided lots. All moneys received by it from such sale shall be applied firstly in payment of all costs and expenses consequent upon such subdivision and secondly in payment of all compensation in respect of the resumption of the said land. The balance if any of such moneys may be retained by the Council and the Council shall make good any deficit.
- (f) If the offer mentioned in Clause (e) hereof be not accepted the Council may retain all or any part of the said land but if it does so it shall be responsible to pay such costs of subdivision of the said land and compensation for its resumption as are then unpaid.
- (g) The Council may resume any land within the Scheme Area for Public Open Space or drainage purposes.
- (h) To dispose of any lots to which it becomes entitled whether under Clause (d) hereof or otherwise upon such terms and conditions as it may think fit and without limiting the generality of the foregoing the Council may sell the lots singly or in groups and on the condition that buildings of a specified character with specified parking or other facilities shall within a limited period be constructed thereon or that the land and buildings be used for a specified purpose.
- (i) Extend the time within which payments have to be made to the Council and agree to the securing of such payments.

41. Twenty-eight days written notice is hereby prescribed as the notice to be given pursuant to Section 10 of the Act. Any expenses incurred by the Council under the said Section may be recovered from the person in default as a simple contract debt in such Court of Civil Jurisdiction as is competent to deal with the amount of the claim.

42. The Council may at any time exercise the powers conferred by Section 13 of the Act.

43. Claims for Compensation: Claims for compensation by reason of the operation of this Scheme may be made within six months of the Scheme coming into operation.
