EXPLANATORY

FORMAT

1. The list is produced by a punched card system. Permanent and temporary items are numbered sequentially (0001 to 9999) for each department and departments are allocated departmental numbers as shown in Appendix A.
2. This method of numbering allows for organisational expansion in departments and the item number for a particular position will generally remain constant. Positions in departments are identified by a departmental number and the item number in the particular department. (Example: Sub-Accountant, Accounts Branch, Department of Agriculture - Item 01 1510).
3. All allowances and remarks are coded and the coding is detailed in Appendix B. Lengthy titles of office have been abbreviated, where necessary, to meet the requirements of the punched card system.

ALLOWANCES

4. Allowances shown throughout the list are explained by reference to the code detailed in Appendix B. Temporary allowances which ultimately convert to salary, and also district allowances, have not been included. For explanations of the designations "Efficiency", "Service", and "Married Man's" allowances, reference should be made to the relevant Salaries Agreement.

DIVISIONS OF THE SERVICE CLASSIFICATION AND SALARY

5. The Public Service is divided into five Divisions - Special, Administrative, Clerical, General and Professional.

SPECIAL DIVISION

6. The level of each office in this Division is indicated in the 'Classification' column. To ascertain the salary rate applicable to a particular level, reference should be made to the Determination of 13th January, 1969 as published in Government Gazette (No. 8) of 17th January, 1969.

CLERICAL AND ADMINISTRATIVE DIVISIONS

7. The classification for each office in these Divisions is indicated by symbols for division (A - Administrative: C - Clerical) group and class. To ascertain the salary rate applicable to a particular office, reference should be made to -

(a) The Public Service (Clerical and Administrative Officers) Salaries Agreement, 1967 - operative 22nd December, 1967.

(b) Administrative Instructions No. 5/67, dated 29th December, 1967 and No. 9/68, dated 5th November, 1968.

GENERAL DIVISION

8. The classification of each office in this Division is similarly indicated by symbols for division (G) group and class. To ascertain the salary rate applicable to a particular office, reference should be made to -

- (a) Public Service (General Division Officers) Salaries Agreement, 1968 - operative from 15th March, 1968.
- (b) Administrative Instructions No. 5/68 dated 26th March, 1968, and No. 9/68, dated 5th November, 1968.

PROFESSIONAL DIVISION

9. Salary rates for offices covered by the occupational groups listed hereunder may be obtained by reference to the relevant Public Service Professional Division Salaries Agreement. The level of each office, indicated in the classification column, denotes the level of salary or salary range allocated by the Agreement concerned. Agreements operative prior to the 25th October, 1968, should be read in conjunction with Administrative Instruction No. 9/68 dated the 5th November, 1968 -
