2. The following By-laws regulating the granting of Long Service Leave to Employees are hereby substituted in lieu of the repealed By-laws.

By-law Relating to Regulating the Granting of Long Service Leave to Employees.

1. In the interpretation of this By-law the following words shall have the meanings assigned to them hereunder:—

- (a) “Council” means the City of Fremantle.
- (b) “Employee” means and includes all persons employed in any capacity by the Council, and who are in the regular and full-time employ of the Council.
- (c) “Continuous Service” means service in the employment of the Council during which an employee has not been absent from the service of the Council for a continuous period of more than two (2) days or an aggregate period of ten (10) days without leave of absence being

granted by the Council or its authorised officer: Provided that absence on sick leave, either with or without pay, shall not constitute absence without leave in respect to this by-law.

2. All present and future employees of the Council shall, after each period of ten (10) years' continuous service as permanent full-time employees, be entitled to three (3) months' long service leave. Present employees shall retain the entitlement to leave which has accrued to them by virtue of the provisions of the by-law published in the *Government Gazette* dated the 23rd October, 1953.

3. Any present or future employee of the Council, who leaves the service of the Council before completing ten (10) years' service but after completing two (2) years' continuous service, shall be paid a sum of money equal to his wages or salary for such proportionate part of three (3) months as the completed years of service bear to ten (10) years: Provided that such entitlement shall accrue only where employment is terminated because of death, retrenchment, retirement because of ill-health, incapacity or reaching the retiring age or the employee, being a female, retires for the purpose of marriage and actually marries.

4. Any present or future employee of the Council who leaves the service of the Council after completing ten (10) years' continuous service shall be paid a sum of money equal to his wages or salary for such proportionate part of three (3) months as the completed years of service bear to ten (10) years, in addition to any payments for earlier long service leave for which the employee has qualified but has not taken.

5. Long service leave granted under this by-law shall be calculated at the rate of one and three tenth weeks on full pay each completed year of continuous service.

6. An employee dismissed for neglect of duty or for irregular practices shall not be paid any sum in pursuance of this by-law.

7. Long service leave shall be taken at the convenience of the Council which will, as far as practicable, meet the wishes of the employee, but the Council may require the employee to take leave by giving not less than three (3) months' notice.

8. (a) Employees taking long service leave shall be paid their salary or wage for the period thereof at the rate equivalent to the permanent rate of pay, excluding conditional margins of higher duty payments, payable in the week immediately preceding the taking of long service leave.

(b) Excepting where an employee is terminating his service, the Council shall pay to an employee his salary or wages on a weekly basis during the period of long service leave provided that the Town Clerk may authorise payment in advance when it is the intention of the employee to travel interstate or overseas during the leave period.

9. (a) Public holidays which may occur during the taking of long service leave and to which an employee would normally be entitled shall not be paid for over and above the long service leave but are to form part of such long service leave.

(b) Nothing in this by-law contained or implied shall have the effect of depriving any employee of any privileges and rights normally conferred by his employment, nor the whole or any part of the annual leave to which he would ordinarily have been entitled in the year during which long service leave is taken.

10. Excepting in respect to pro-rata payments made under the provisions of clauses 3 and 4 of this by-law, long service leave shall be considered as a special period of recuperation after a lengthy term of service, with a view to fitting such employee for a further term. During such leave, no employee shall undertake any form of employment for hire or reward, unless by special permission of the Council. Any contravention of this clause shall entitle the Council to dismiss the employee from its service and to cease paying or to recover any amounts paid in advance on account of long service leave.
