12. In ascertaining the value of the "acquired land" for the purpose of clause 11, if any compensation or other payment has been made or estimated under subclause (c), (d) or (e) of clause 10, the amount of such compensation or payment shall be substituted for the value of such land ascertained in pursuance of clause 7 in respect of which the payment was made or estimated.

14. The new lots shall be allocated as equitably as possible among the owners entitled to be offered them.

15. (1) The offer shall be made on the basis that the owner shall in respect of each new lot offered pay to or be paid by the Council a sum of money as hereinafter appears.

(2) The average value of the new lots on the Scheme Plan as valued for the purpose of this Scheme shall be ascertained.

(3) In ascertaining the amount payable by or to be paid to an owner who is offered a new lot in accordance with the terms of this Scheme the owner shall be—

Nature of Offers: The offers shall be made in writing to each of the said owners and served by certified post on him at his address as appearing in the Rate Book of the Council and shall specify the new lot the subject of the offer and the old lot or lots in respect of which the offer is made. lot as is shown as a drainage line on the Scheme Plan; or if the Council shall have already granted an easement to the Metropolitan Water Supply, Sewerage and Drainage Board then the offer will be subject to that easement.

18. An owner who accepts an offer shall pay to the Council the amount of rates which would have been payable if the land which entitled him to receive the offer had remained in the name of the owner until the transfer of the new lot.

19. The offer shall specify a date not being less than twenty-eight (28) days after the posting of the said offer within which the offer may be accepted.

20. The offer may be accepted by notice in writing to the Council at any time before the date specified in the said offer and if not accepted within such time shall subject to the Council's right to extend the time be deemed to have been rejected. No acceptance of the offer shall be deemed a valid acceptance unless all rates and taxes owed by the owner in respect of land within the Area have been paid unless the owner is a pensioner and payment of rates has been postponed.

21. If the offer be accepted, it shall be accepted by the owner in full settlement and satisfaction of all claims for compensation in respect of the resumption from him of the old lot or lots in respect of which the offer was made and otherwise in respect of the operation of this Scheme and on the condition that the owner will indemnify the Council against any claims which may be made by any other person who has or claims to have any estate or interest in the lots in respect of which the offer is made.

22. Registration of Transfers: The Council shall cause to be prepared and sent to those owners entitled transfers in respect of each offer of a replacement lot which has been accepted by the owner in accordance with this Scheme. If an owner shall fail to complete the transfer in accordance with the Transfer of Land Act, 1893-1959, to make the payment of the amount payable by him, and return the Transfer to the Council for registration within twenty-eight (28) days after having been called upon to do so by notice served by registered post on the owner at his address last known to the Council (which notice may be served with the transfer), the Council may rescind any agreement whereby such owner is entitled to have the land the subject of the transfer transferred to him, and thereupon such owner shall have a claim against the Council only for compensation for the resumption of the land in respect of which the offer of the replacement lot or lots was made and the land the subject of the transfer shall be treated as a rejected lot.

25. Valuation of Rejected Lots and Surplus Lots: The Council may instead of selling all or

any of the rejected lots or surplus lots ascertain the value of them or those unsold from the Chief Valuer of the Taxation Department of Western Australia and credit the Scheme with the value so ascertained and in that event the lots shall be the property of the Council and may be retained, sold or otherwise dealt with in such manner as the Council thinks fit.

26. Profits of Scheme: In the event of the Scheme showing a profit the amount of such profit shall be expended by the Council in the development of or for the benefit of the Scheme Area.

27. Time Limit for Claims for Compensation: Claims for compensation by reason of the operation of this Scheme shall be made within six (6) months of the coming into operation of this Scheme or the date of the issue of a notice of resumption or the issue of a notice of rescission under Clause 22 hereof whichever is the later.

28. Estimate of Compensation: In the event of any claim for compensation not having been settled at the time when the Council is ready to make the offers of lots in pursuance of this Scheme, the Council may estimate the amount of compensation payable and the costs relating thereto and debit the Scheme with the net amount so estimated. In the event of the Council so doing, the difference between the estimated and the actual compensation payable shall be received or paid by the Council as the case may be.

29. Encumbrances on Title: In the event of any land in the Scheme Area being subjected to a registered mortgage, charge, or lease or to a caveat to protect the interest of the purchaser, mortgagee, chargee, or lessee, the Council shall not transfer a new lot to the owner unless subject to similar encumbrances, or with the consent of all persons entitled to the benefit of the encumbrance.
