The Municipality of the Shire of Williams.

By-laws Relating to Dogs

L.G. 395/73.

IN pursuance of the powers conferred upon it by the abovementioned Acts and of all other powers enabling it, the Council of the abovementioned Municipality hereby records having resolved on the ninth day of May, 1973, to make and submit for confirmation by the Governor the following by-laws:—

Interpretation.

1. In these by-laws the term "Council" shall mean the Williams Shire Council.
2. All previous by-laws relating to dogs are hereby repealed.

PART 1.—IMPOUNDING OF DOGS.

3. The Council may establish and maintain a pound or pounds for the impounding of dogs seized pursuant to the provisions of the Dog Act, 1903-1965.

4. A dog seized by the Police or by an officer authorised by the Council may be placed in a pound.

5. Where a dog has been seized or placed in a pound the keeper of the pound or other officer authorised by the Council shall, if the owner or person usually in charge of the dog is known to him, forthwith notify such person that the dog has been impounded.

6. If the owner or person apparently acting on behalf of the owner of the dog seized or impounded shall claim such dog then upon payment of the fees specified in the schedule hereto the dog shall be released to such person.

7. The poundkeeper shall be in attendance at the pound for the release of dogs at such time and on such days of the week as shall from time to time be determined by the Council.

8. Any person applying for the release of a dog seized or impounded shall prove to the satisfaction of the poundkeeper or other officer authorised by the Council the ownership of the dog and his authority to take delivery of it. The poundkeeper or officer may accept such proof as he considers satisfactory and no person shall have any right of action against him or the Council in respect of the delivery of a dog in good faith.

9. If a dog shall not be claimed and the said fees paid within 48 hours of its being seized or if a dog having a collar around its neck with a registration label for the current year affixed thereto shall not be claimed and the said fees paid within 48 hours of the service of a notice upon the registered owner, the poundkeeper or other officer authorised by the Council may sell such dog.

10. Upon the sale of a dog, the proceeds of sale shall be the property of the Council and may be disposed of in such manner as the Council thinks fit. The owner of a dog sold in pursuance of these by-laws shall have no claim against the Council in respect of the proceeds thereof.

11. If within the time mentioned in by-law 9 hereof or at any time before the destruction of a dog the dog has not been claimed as aforesaid and the said fee and if no offer has been received for its purchase the dog may be destroyed.

12. Notwithstanding anything herein contained but subject to the provisions of section 19 of the Dog Act, 1903-1965, any dog seized or impounded may at any time be destroyed upon the authority of the Shire Clerk or the Council if in the opinion of the Shire Clerk the dog is too savage or noisy to be kept or is suffering from an injury, disease or sickness.

13. If the Council shall destroy a dog at the request of its owner whether such dog shall have been seized or impounded or not, the owner shall pay to the Council the fee specified in the schedule hereto.

14. No person shall—

- (a) unless a poundkeeper or other officer of the Council duly authorised in that regard, release or attempt to release a dog from a pound;
- (b) destroy, break into, damage or in any way interfere with or render not dog proof any pound;
- (c) destroy, break into, damage, or in any way interfere with any dog cart, vehicle or container used for the purpose of catching, holding or conveying dogs which have been seized.

15. No person shall obstruct or hinder an employee of the Council or member of the Police Force in the performance of anything authorised by the provisions of the Dog Act, 1903-1965, or the regulations made in pursuance of those provisions.

16. The payment of fees in respect of the seizure, care, detention or destruction of a dog shall not relieve the owner of it of liability to a penalty under any of the provisions of these by-laws.

17. Any person who shall commit a breach of any of by-laws 3 to 17 (both inclusive) of these by-laws shall upon conviction be liable to a penalty not exceeding ten dollars (\$10).

PART 2.—GENERAL.

18. No person shall permit a dog to wander at large and shall keep such dog chained or under effective control at all times.

HIS Excellency the Governor in Executive Council, acting under the provisions of section 49 of the Noxious Weeds Act, 1950-1972, has been pleased to make the regulations set out in the Schedule hereunder.

E. N. FITZPATRICK,

Schedule.

Regulations.

1. These regulations may be cited as the Noxious Weeds Regulations, 1973.
2. The Noxious Weeds Act Regulations, 1951, published in the *Government Gazette* on the 9th November, 1951, as amended from time to time by notices so published thereafter, are hereby revoked.
3. The Interpretations set out in subsection (1) of section 26B of the Noxious Weeds Act, 1950, apply to these regulations.
4. (1) A person shall not harvest pasture seeds from land upon which there are primary noxious weeds.
(2) A person shall not use, sell or supply, offer to sell or supply, or have in his possession, custody, or control pasture seeds harvested from land upon which, at the time of harvest, there were primary noxious weeds.
(3) In this regulation "pasture seeds" means seeds of pasture species and includes clovers (*Trifolium* spp.), medics (*Medicago* spp.), serradella (*Ornithopus* spp.) and rye grasses (*Lolium* spp.).
5. (1) Where there are primary noxious weeds upon any land a notice in writing may be served on the owner or occupier of the land by an inspector directing him not to move from the land—
 - (a) any stock;
 - (b) any restricted animal that is not shorn immediately prior to being removed from the land;
 - (c) any hay, chaff, fodder or grain made or produced from any crop grown on the land; or
 - (d) any vehicle or machine which has been used for agricultural, excavation or earthmoving purposes on the land.

(2) Where a notice is served in accordance with subregulation (1) of this regulation the owner or occupier of any land so served shall not move or permit to be moved from that land any stock or other thing referred to in that notice without first having obtained authority in writing so to do from the Chief Weed Control Officer.

(3) Any owner or occupier of any land who contravenes this regulation is guilty of an offence.
6. (1) A person shall not bring or receive into the State from elsewhere any coat, fodder, sack, woolpack, restricted animal, or machinery unless written notice has first been given by him or on his behalf to a Government inspector of the intention so to do.
(2) The notice required by subregulation (1) of this regulation shall either consist of or be supported by a statutory declaration, in Form No. 1 in the appendix to these regulations, stating that to the best of the declarant's knowledge and belief the consignment is free from noxious weeds.
(3) The notice required under subregulation (1) of this regulation may be given by the owner, or the person importing, or an agent authorized by the owner or the person importing, and the statutory declaration may be made by any such person except where the notice relates to restricted animals when the declaration shall be made by the owner of the place or property in or on which those animals were last held for a period of ninety days or longer prior to entry, or by a manager or authorized agent having knowledge of the conditions with regard to noxious weeds prevailing there during that period.
(4) The notice and declaration shall sufficiently identify the consignment and shall state—
 - (a) the nature and number of the animals or things comprised in the consignment;
 - (b) the name and address of the owner;
 - (c) in the case of sheep, the date of last shearing;
 - (d) the method of transport, the date and place of proposed importation, the name and address of the consignee, and the destination in Western Australia; and
 - (e) whether any and what agent has authority to act on behalf of the intending importer.

(5) A copy of the notice and declaration shall be delivered to the Government inspector at the place of entry into Western Australia, and a further copy shall accompany the consignment.

(6) Where the intention is to bring or receive into the State from elsewhere a restricted animal the original of the notice and declaration shall be accompanied by a certificate signed by an inspector of the Department of Agriculture in the State from which the animal was consigned stating that he has examined the animal and found it to be free from noxious weeds, and each copy of the notice and declaration shall be accompanied by a copy of that certificate.

(7) The certificate required by subregulation (6) of this regulation shall be in the form shown in the appendix to these regulations as the reverse of Form No. 1, and shall be valid only for a period of seven days from the date of issue unless an extension of its validity, for a period not exceeding fourteen days, has been approved by the Agriculture Protection Board.

(8) Where the intention is to bring or receive into the State from elsewhere any machinery the provisions of this regulation in regard to the furnishing of a statutory declaration may be dispensed with unless a Government inspector requires by notice in writing that such a declaration be furnished.

7. (1) No person shall bring or receive into the State from elsewhere any restricted animal unless—

- (a) during the period subsequent to the time of inspection referred to in the certificate signed by an inspector of the Department of Agriculture in the State from which it was consigned the animal was held in a place or yard which, along with its immediate environs, was free from noxious weeds; and
- (b) the removal from the place of inspection was carried out by road transport or by rail.

(2) If, on arrival in Western Australia, the length of wool on any part of the body of a sheep exceeds twenty (20) centimetres, it shall be shorn unless a Government inspector certifies in writing that he is satisfied no prohibited material is present.

8. (1) Where any animal or thing is detained in accordance with section 26A of the Noxious Weeds Act, 1950, and is found to, or to be likely to, carry or contain any prohibited material, a Government inspector may, by notice, in Form No. 2 in the appendix to these regulations, require the owner, consignor, consignee or person in possession of that animal or thing to destroy it or to cleanse it of prohibited material within the time specified in that notice.

(2) A person who is unwilling to comply with the requirements of a notice to destroy or cleanse any animal or thing of prohibited material may instead arrange with the Government inspector for its release on condition that it be exported from the State, or may return it to a part of the State approved by a Government inspector, within the time specified in that notice.

9. (1) Where a notice given under regulation 8 of these regulations is not complied with within the time specified a Government inspector shall—

- (a) cause the animal or thing to be cleansed of prohibited material and sold in accordance with regulation 12 of these regulations; or
- (b) subject to the provisions of regulation 11 of these regulations, cause the animal or thing to be slaughtered or destroyed.

(2) Where any animal is slaughtered under subregulation (1) of this regulation the Government inspector shall cause the carcass to be sold for the best price that can reasonably be obtained unless, in accordance with regulation 11 of these regulations, the carcass is destroyed.

10. Where a coat is shorn under these regulations, or is taken with the skin of any animal slaughtered under these regulations, it should be baled, the bale shall be marked with an identifying mark, and the bale shall remain under the control of a Government inspector until exported, removed under his approval, or destroyed.

11. (1) If a Government inspector has reasonable grounds to believe that—

- (a) there is no apparent reason why an animal or thing should not be slaughtered or destroyed; and
- (b) the costs and charges of and incidental to the cleansing of that animal or thing would be likely to exceed the net proceeds of the sale of it by the best reasonable means,

he may cause it to be slaughtered or destroyed and no compensation shall be payable.

(2) In considering whether or not any course of action would be economic, or whether or not any animal or thing should be slaughtered or destroyed, a Government inspector shall have regard to—

- (a) the facilities and time available or required;
- (b) the costs and charges of and incidental to the proposed course of action and any reasonable alternative procedure; and
- (c) the intrinsic value of that animal or thing and the adequacy of its replacement by a cash value.

12. (1) Where any animal or thing is to be sold under these regulations it shall normally be disposed of by public auction, but where in the usual course of trading a different method of disposal would be reasonable and not manifestly unfair to the owner a Government inspector may take such action as he thinks fit to obtain the best practicable price.

(2) After deduction by the Board of all reasonable and necessary costs, charges and expenses the balance of the proceeds of a sale made under these regulations shall be paid to the owner of the animal or thing sold, and if the owner cannot be found shall be deposited with the Treasurer of the State.

13. (1) The owner, consignor, consignee and person in possession shall be jointly and severally liable to the Protection Board for the costs, charges and expenses incurred by a Government inspector under these regulations in respect of the cleansing, sale, destruction or treatment of any animal or thing, in addition to any penalty that may be imposed for breach of these regulations.

(2) The amount of expenses for which a person is liable under these regulations, shall be recoverable by the Protection Board in a court of competent jurisdiction as a debt due to the Board and a certificate to that effect by the Protection Board shall be *prima facie* evidence that the amount is properly payable.

14. A person who contravenes any of these regulations commits an offence. Penalty: Two hundred dollars.
