9. In relation to every win and place totalisator there shall be displayed in a prominent place by figures or suitable indicators a progressive indication of the anticipated dividend payable to investors in respect of each greyhound.

Rules Relating to the Working of a Totalisator Generally.

10. Each greyhound semaphored to start in a race shall be denoted on the totalisator by a number corresponding with the number of the greyhound in the official programme and no such greyhound shall be barred on the totalisator.

11. (1) An investor may invest an unlimited amount on any greyhound semaphored as a starter in a race.

(2) All investments shall be made in cash.

12. Subject to these Rules, if any greyhound does not become a starter all money invested on the greyhound shall be refunded in full to the investors concerned in the manner provided in Rule 23; and the amount so to be refunded shall be deemed not to have been paid into the totalisator.

13. (1) Every investor should satisfy himself before leaving the totalisator window that he has received the ticket, or tickets, for which he applied, or the correct amount of dividend or refund payable to him as the case may be.

(2) No claim in respect of the issue of tickets or in respect of short payment of dividend, or refund, shall be permitted after the investor has departed from the totalisator window.

14. (1) Every investor acquiring a ticket shall, subject to these Rules, be deemed to have irrevocably constituted the workers of the totalisator, and each and every one of them, his agent or agents to invest the moneys paid in advance by him to the workers of the totalisator for the ticket on the greyhound or greyhounds named or numbered or denoted on the ticket, and for the event named or denoted thereon.

(2) On payment of the money and the issue of a ticket to the investor in respect of such payment, in accordance with these Rules, the investor shall have no rights other than those conferred by the Rules on the holder of any such ticket.

15. (1) Any ticket issued from a totalisator is so issued to and shall be accepted by the investor subject to these Rules.

18. In no circumstances whatever shall any further moneys be accepted or investments permitted after the totalisator has once been officially closed.

19. (1) In the event of a race being run over again by order of the stewards the amount originally invested on the race shall be dealt with in accordance with the ultimate result of the race; but a greyhound shall not be deemed to be a starter in the race unless it becomes a starter in the re-run race.

(2) The committee may open the totalisator for the re-run race as if it were a distinct or independent race.

(3) The aggregate of the moneys paid in to the totalisator at every attempt shall be paid out on the winner of the final attempt.

20. (1) Before any dividends shall be declared or paid on a race the stewards shall authorize the judge to semaphore the "All Clear" signal and when the stewards have authorized a dividend to be declared or paid on any greyhound in any race or on any combination of greyhounds in any quinella, double, forecast or tierce no investor on any other greyhound in the race or on any other combination of greyhounds in the quinella, double, forecast or tierce, shall be entitled to receive a dividend notwithstanding that by a subsequent order of the stewards or by a decision of the committee or by any court or otherwise any other greyhound is declared to be the winner or second greyhound or third greyhound in place of any greyhound first declared by the stewards to be the winner or second greyhound or third greyhound or whatever may afterwards result, any regulation or law or rule of racing to the contrary notwithstanding.

(2) The posting of particulars of the dividends on the totalisator in respect of each race or division of a race shall be a sufficient declaration of the relative positions at the finishing post of the greyhounds indicated.

21. (1) If a protest is duly lodged in accordance with the rules of racing before the stewards give the "All Clear" signal, the pool shall be retained until the protest has been decided by the stewards, and shall thereafter be dealt with in accordance with their decisions at such time and place as the stewards appoint.

(2) Prior to their decision on any protest duly lodged the stewards may order such dividends as they are satisfied will not be affected by the result of the protest to be declared and paid.

(3) If no protest is lodged, the dividends shall be declared and paid as authorized by the stewards.

22. Immediately after the declaration of a dividend in respect of an event, notice of the amount of the dividend payable shall be exhibited in places appointed by the committee for that purpose and shall remain exhibited until after the last race.

23. (1) Every investor shall be entitled to receive payment of any dividend, or refund, on presentation of the ticket entitling him thereto at the pay office on the day of the race in respect of which the ticket was issued, not later than thirty minutes after the declaration of the dividend of the last race on that day.

(2) Where it is impracticable for any investor to present the ticket for payment within the time so limited, the dividend or refund to which he is entitled will be payable, within a period of three

months from the day on which the race was run, on presentation at any reasonable hour of the ticket at the office of the secretary of the club, or at such other place as may from time to time be determined by the committee and notified in the official programme of the club.

24. (1) No dividend or refund shall be paid except on presentation of a ticket.

(2) No torn, mutilated, defaced or disfigured ticket shall be accepted except by order of the committee.

25. (1) If any event or circumstance touching or concerning any investment or dividend in any totalisator which is not provided for by these Rules should arise, the matter shall be dealt with in such manner as the committee or any sub-committee of its members appointed by it for the purpose may determine.

(2) A decision of a sub-committee appointed for the purposes of this Rule shall be taken to be the decision of the committee.

26. The decision of the committee upon—

- (a) any question or dispute as to the amount available for dividend on any greyhound, or greyhounds, in any event;
- (b) any question as to the genuineness of any ticket or as to any forgery or alteration thereof or tampering therewith; or
- (c) any other matter arising under these Rules,

shall be final and conclusive.

27. The Manager shall allot windows at the totalisator for the receipt of investments and each window shall denote the type and value of investment available at that window.

28. The Manager shall allot windows for the payment of dividends on presentation of tickets representing winning investments.

29. All windows shall be clearly marked by letters or numbers to assist investors in identifying them.

30. All moneys paid into a totalisator by way of investment shall be recorded so as to register separately for each pool the aggregate of all investments received on all parts of the racecourse.

WIN TOTALISATOR.

31. In respect of the win totalisator the dividend on the winner of any race shall be calculated as follows:—

The total amount invested less, by way of commission, an amount not exceeding twenty per centum of the amount by which the amount of the win pool exceeds the amount invested on the winning number, shall be divided *pro rata* between the investors on the winning number; but so that—

- (a) no fractional part of five cents (5c) shall be paid; and
- (b) when a win dividend calculated and payable under this rule on a race on which the T.A.B. operates is less than fifty five cents (55c) the committee, in its absolute discretion, may declare and pay a dividend of fifty five cents (55c).

32. The greyhound placed first by the judge shall, unless a protest be lodged, be deemed the winner of the race.

33. (1) In the event of a dead heat which has not been run off the total money shall be divided into as many equal parts as there are greyhounds placed first, and such part shall be treated as a separate total and separate dividends shall be paid thereof according to the number of investors upon each greyhound.

(2) No fractional part of five cents (5c) shall be paid.

34. If the final result of a race shall be a dead heat in which only one greyhound is backed, the holders of tickets on the greyhound backed shall receive the whole of the applicable dividend.

35. In the event of there being no ticket taken out on the winning greyhound in any race, or of a walk-over, the amount paid on the purchase of

each ticket for that race shall on production of the ticket be returned, less the commission.

PLACE TOTALISATOR.

36. The following rules shall apply to the place totalisator:—

- (1) (a) when eight or more greyhounds are notified as starters in a race when the totalisator is opened for the reception of investments on that race, dividends shall be paid on greyhounds placed first, second and third;
- (b) when five, six or seven greyhounds are notified as starters in a race when the totalisator is opened for the reception of investments on that race, dividends shall be paid on greyhounds placed first and second; and
- (c) when four or a lesser number of greyhounds are notified as starters in a race, the place totalisator shall not be opened.

- (2) (a) if eight or more greyhounds are notified as starters in a race when the totalisator is opened for the reception of investments on that race, three separate pools of equal amount (one for each placed greyhound) shall be established and dividends calculated for the greyhound placed first, second and third respectively in the following manner:—

- (i) there shall be deducted from each of the three pools a commission not exceeding twenty five per centum of the amounts by which the amounts of such pools respectively exceed the amounts invested on the greyhounds placed first, second and third;

- (ii) dividends for the greyhounds placed first, second and third, shall then be calculated by dividing the number of winning tickets based on the unit investment on each of the placed greyhounds into the amounts of the respective pools; and

- (iii) no fractional part of five cents (5c) shall be paid.

- (b) if the amount invested on one or more of the greyhounds respectively placed first, second or third is in each case more than one third of the total pool before the establishment of the three separate pools under paragraph (a) sub-rule (2) of this rule, a dividend of fifty cents (50c) per unit of investment shall be declared and paid out of the total pool in respect of the greyhound or greyhounds and the provisions of that paragraph shall apply with necessary alterations thereto.

(3) if the number of greyhounds notified as starters in a race when the totalisator is opened for the reception of investments is five, six or seven two pools only (one for the greyhound placed first and one for the greyhound placed second) shall be established and such pools shall be constituted and the dividends payable in respect thereof, calculated with necessary alterations as provided in sub-rule (2) of this rule.

- (4) (a) if two or more greyhounds dead heat for first, second or third place, necessitating the payment of one or more additional place dividends, then the dividend to be declared and paid for each greyhound in the dead heat, shall be the dividend that, but for such dead heat, would otherwise have been declared, divided by the number of greyhounds forming the dead heat.

- (b) no fractional part of five cents (5c) shall be paid.

(5) notwithstanding the provisions of this rule, where a place dividend calculated and payable under this rule on a race on which the T.A.B.

operates is less than fifty five cents (55c) the committee, in its absolute discretion, may declare and pay a dividend of fifty five cents (55c).

- (d) in the event of a dead heat for second place between two or more greyhounds the pool shall be divided into as many equal parts as there are combinations which have been backed of the winner and one of the greyhounds running the dead heat for second place and each of such parts shall be divided amongst the investors on each such combination;

TIERCE TOTALISATOR.

39. The following rules shall apply to the Tierce totalisator—

- (a) the tierce totalisator shall be in respect of the selection in any race specified by the committee of three greyhounds filling first, second and third places in such races, irrespective of the order in which they finish;
- (b) in the event of a dead heat for first place between three or more greyhounds, the pool shall be divided into as many equal parts as there are combinations which have been backed of such greyhounds running the dead heat and each of the parts shall be divided amongst the investors on each backed combination;
- (c) in the event of a dead heat for second place between two or more greyhounds the pool shall be divided into as many equal parts as there are combinations which have been backed of the winner and one of the greyhounds running the dead heat for second place and each of such parts shall be divided amongst the investors on each such combination;

DOUBLES TOTALISATOR.

40. The following rules shall apply to the doubles totalisator—

Each such part shall be treated separately and the dividend payable to an investor on any such combination shall be ascertained by dividing that part among the investors on such combination;
