##### Regional Open Space.

8. The land shown on the Scheme Map as Regional Open Space are lands reserved by the Metropolitan Region Planning Authority pursuant to the Metropolitan Town Planning Scheme Act 1959 (as amended) or intended by it so to be and are shown on the Scheme Map in order to comply with the said Metropolitan Region Town Planning Scheme Act. The said lands are not reserved by this Scheme.

##### Acquisition of Land.

9. The land within the Scheme Area or so much thereof as is necessary to implement the scheme but with the exception of Lot 3 Menzies Road fronting Ferndale Crescent shall subject to Clause 37 be resumed or otherwise acquired by the Council.

##### Owners Value Ratio.

10. The lots and such portions of the lots not reserved for Regional Open Space shown on the Land Use Map with the exception of Lots 3 and 7 fronting Ferndale Crescent (Menzies Road) (hereinafter called "old lots") shall be valued as at the 10th July, 1972 on which date the Council passed a resolution deciding to prepare the Scheme. Each

owner will as soon as the valuation has been made be notified of the value so placed on his old lot or portion of his old lot as the case may be.

11. The lots created by the re-survey of the Scheme Area in accordance with the Scheme Map but with the exception of Lots numbered 111 and 118 on the Scheme Map (hereinafter called "new lots") shall be valued on the basis that all works to be undertaken as part of this scheme have been carried out.

12. From the sum of the values of the new lots shall be deducted the costs or estimated costs of the Scheme and the figure so ascertained is the net value of the new lots. The Owners Value Ratio is the relationship between the net value of the new lots and the sum of the values of the old lots.

#### Owners' Interest in Scheme.

13. Each owner of an old lot or portion of an old lot in the Scheme Area not being reserved for regional open space shall be deemed to be entitled to an interest in the Scheme of a value equal to the value of his old lot or the portion thereof within the Scheme Area, increased in the ratio of the Owners Value Ratio determined in accordance with Clause 11 hereof if the net value of the new lots exceeds the sum of the values of the old lots, and decreased in the said ratio if the net value of the new lots is less than the sum of the values of the old lots.

#### Cost of Scheme.

14. The Scheme shall be debited with—

- (a) The administration costs of the Scheme including an amount to reimburse the Council for such overhead and supervision costs as may be incurred in the implementation of the Scheme.
- (b) The costs of the Scheme works.
- (c) The cost of land drainage and filling which the Council considers reasonable for the proper development of the Scheme Area.
- (d) The cost of water reticulation throughout the Scheme Area.
- (e) The cost of sewerage facilities within the Scheme Area.
- (f) Contributions which the Council considers reasonable towards the cost of sewerage treatment works and other sewerage works and pump stations outside but serving the Scheme Area.
- (g) All costs payable by owners of land within the Scheme Area pursuant to the provisions of Town of Canning Town Planning Scheme 23.
- (h) One-half of the cost of upgrading so much of Willcock Street and Ferndale Crescent as abuts the Scheme Area to kerbed carriageways thirty-two feet in width.
- (i) All compensation payable and all costs and expenses of determining and settling compensation and any payment to be made under Clause 21.
- (j) The estimated compensation and costs payable under Clause 15 hereof.
- (k) The cost of acquisition of any land within the Scheme Area excluding land reserved for regional open space in the event of such land being acquired other than by resumption.
- (l) The cost of altering existing electricity, water, sewerage, drainage or telephone services or of providing exceptional services rendered necessary by the Scheme to the extent to which and in cases where the Council considers the cost justified.
- (m) All other costs and expenses which the Council may be required to meet in order to complete the Scheme.

#### Estimate of Compensation.

15. In the event of any claims for compensation not having been settled at the time when the Council is ready to transfer lots in pursuance of the Scheme, the Council may estimate the

amount of compensation payable and the costs relating thereto and debit the Scheme with the amount so estimated. In the event of the Council so doing, the difference between the estimated and the actual compensation payable shall be received or paid by the Council as the case may be.

#### Allocation and Disposal of New Lots.

16. The new lots created by the re-survey of the Scheme Area will be dealt with as follows:—

- (a) The Council shall set aside certain lots to be nominated by it (hereinafter called "saleable lots") in order that the proceeds of sale of such lots may be applied in payment or part payment of the Scheme costs.
- (b) The remaining new lots shall be apportioned among the owners of the old lots as equitably as possible and offered to such owners. Each owner of an old lot within the Scheme Area will be offered a new lot or lots as nearly as may be in the same position as his old lot and the like.

17. The owner of Lot 3 fronting Ferndale Crescent (Menzies Road) shall not be entitled to an interest in the scheme or to share in the profits of the Scheme.

18. The owner of Lot 7 fronting Ferndale Crescent (Menzies Road) shall not be entitled to an interest in the Scheme or to share in the profits of the Scheme. The owner from whom the said lot shall have been resumed shall be offered Lot 111 on the Scheme Map in substitution for the said Lot 7.

#### Nature of Offers.

19. An offer made pursuant to the proceeding clause will be made either with an offer of payment of money or subject to the owner making a payment of money in order that the total value of the new lot or lots offered and the new value of any land within the Scheme Area not acquired by the Council and retained by the owner together with or subject to a payment in money is equal to the owner's interest in the Scheme as ascertained in accordance with Clause 12 hereof. The offer may be made in the alternative giving the owner the right to accept either a lot or lots subject to a payment by him or to accept no lots or a lesser number of lots with a payment by the Council to him.

20. The owners from whom land has been resumed but to whom no offer of land is made shall be offered a cash payment equal to that owner's interest in the Scheme.

21. If an owner shall in the opinion of the Council suffer any additional damage or inconvenience by reason of the reduction in size of the lot on which a dwelling-house is erected or by reason of the proximity of a road to such dwelling-house or otherwise by reason of the Scheme, the Council shall offer to such owner such sum (if any) as it (acting on the advice of the Chief Valuer of the State Taxation Department or other valuer approved by it) considers equitable. The said offer shall be made with the offer mentioned in Clause 16 hereof to the intent that the owner may not accept the offer mentioned in Clause 16 either wholly or in part without accepting the offer in this clause mentioned.

22. The offers mentioned in the above clauses shall be made in writing to each of the said owners and served on him by registered post at his address as appearing in the Rate Book of the Council and shall specify the new lot or lots (if any) the subject of the offer and the old lot in respect of which the offer is made. It shall also specify the owner's interest in the Scheme, the valuations placed on the said lots and the payment to be made or received as the case may be and how the amount is calculated.

23. If a pipe drain has been or is to be laid across land within a new lot such new lot may be offered or sold expressly subject to the condition that the transferee shall grant to the Council or

to the Metropolitan Water Supply, Sewerage and Drainage Board as decided by the Council a drainage easement over so much of the lots as is required for the drain. If the Council shall itself have granted an easement to the said Board the lot shall be transferred subject to such easement.

24. The offer shall specify a date not being less than twenty-eight (28) days after the posting of the said offer within which the offer may be accepted.

25. The offer may be accepted by notice in writing to the Council at any time before the date specified in the said offer and if not accepted within such time shall unless the time shall have been extended by the Council be deemed to have been rejected.

26. If an offer be made in the alternative and an owner does not accept all the lots offered to him the lots accepted by him shall be treated as being in payment on account of the owner's interest in the Scheme. The remainder of his interest in the Scheme shall be adjusted in cash.

27. An owner who accepts the offer shall be liable to pay to the Council all rates which would have been payable on the land acquired from him if such land had remained in the name of the owner until the transfer of the new lots to him.

28. If an offer be accepted wholly or in part it shall be accepted by the owner on the basis that such acceptance is a complete bar to all claims for compensation which the owner may have had in respect of the resumption from him of the old lot or lots in respect of which the offer was made and otherwise in respect of the operation of the Scheme but shall not debar him from participating in the profits of the Scheme.

29. If an owner does not accept an offer wholly or in part he shall not be entitled to any interest under this Scheme or to participate in the Scheme profits.

#### Registration of Transfers.

30. The Council shall cause to be prepared and sent to those owners entitled transfers in respect of each lot offered and which has been accepted by the owner in accordance with the Scheme. If an owner shall fail to complete the transfer in accordance with the Transfer of Land Act, 1893, as amended, and return it to the Council for registration or if the owner shall fail to make payment of any money which may be due by him to the Council within twenty-eight (28) days after having been called upon to do so by notice served by registered post on the owner at his address last known to the Council (which notice may be served with the Transfer) the Council may rescind any agreement whereby such owner is entitled to have the land the subject of the transfer transferred to him and thereupon such owner shall have a claim against the Council only for a cash payment equal to his interest in the Scheme and the land the subject of the transfer shall be treated as a rejected lot.

#### Saleable Lots and Rejected Lots.

31. Any lot offered to but not accepted by an owner in accordance with the Scheme or the subject of a transfer not completed as aforesaid may be dealt with by the Council as hereinafter appears.

32. The Council may sell the saleable lots and the rejected lots either by public auction, tender or private contract as a whole or in separate lots upon such terms and conditions as the Council may think fit. In the event of a sale by private contract the price shall not be less than the price recommended by the Chief Valuer of the State Taxation Department or such other valuer as shall be appointed by the Council unless after submitting the land for sale by public auction or tender that price has not been obtained.

33. If in the opinion of the Council it shall not prove necessary to sell all the saleable lots in order to pay the costs of the Scheme the Council may—

- (a) re-allocate some or all of the lots unsold to owners where it considers it just and

equitable so to do in which case the cash payment to be made or received under Clause 19 shall be adjusted accordingly;

- (b) set aside lots for public open space;
- (c) otherwise deal with the lots in such manner as it considers to be in the best interest of the district.

34. The Council may instead of selling all or any of the saleable lots or rejected lots ascertain the value of them or those unsold and credit the Scheme with the value so ascertained and in that event the lots shall be the property of the Council and may be retained sold or otherwise dealt with in such manner as the Council thinks fit.

#### Profits of the Scheme.

35. If the Scheme shall show a profit the amount of such profit shall in the first instance be divided in the proportions which the value of the old lots or portions thereof, bear to the total value of all the old lots within the Scheme Area. Those owners who have accepted offers made pursuant to the foregoing provisions of the Scheme shall be paid the portion of the Scheme profits which bears the same proportion to the total Scheme profits as the value of the owner's old lot, in respect of which there is an accepted offer of a new lot, bears to the total value of the old lots. The remainder of the Scheme profits shall be expended by the Council for the benefit of the Scheme Area.

#### Encumbrances on Title.

36. In the event of any land in the Scheme Area being subject to a registered mortgage charge or lease or to a caveat to protect the interest of the purchaser mortgagee chargee or lessee the Council shall not make any payments to nor transfer a new lot to the owner without the consent of all persons entitled to the benefit of the encumbrance or unless subject to similar encumbrances.

#### Moneys Owning to Council and for Rates and Taxes.

37. The Council shall deduct from any moneys payable to an owner the amount of any unpaid rates or taxes and any other moneys owing by the owner to the Council. Except in the case of pensioners no new lot shall be transferred to an owner until all moneys owing by him for rates and taxes have been paid.

#### Honey Factory Land.

38. (1) The Council may decide not to resume the whole of the land being portion of Canning Location 43 and 102 and being Lot 49 on Diagram 21305 and being the whole of the land comprised in Certificate of Title Volume 1200 Folio 916 hereinafter referred to as "the honey factory land". If the Council does not resume the honey factory land such land shall not be subdivided unless upon the following conditions:—

- (a) The owner shall pay to the Council a contribution to the costs of the Scheme being an amount which bears the same proportion to the total Scheme costs as the area of the honey factory land bears to the whole of the Scheme Area.
- (b) The owner shall repay to the Council all compensation paid by it in respect of any portion of the honey factory land resumed for roads.
- (c) The owner shall transfer free of cost to the Council the portions of the honey factory land shown as roads on the Scheme map.
- (d) The subdivision shall be according to the design on the Scheme map and the owner will co-operate with the Council and the adjoining owners in carrying out the subdivision.
- (e) After the subdivision the lots renumbered to inclusive on the Scheme map shall be the property of the owner of the honey factory land and the lots numbered to inclusive shall be the property of the Council or the adjoining owners as

the case may be. If an amount to be paid by way of equality cannot be agreed upon by the parties hereto such dispute shall be settled by arbitration.

- (f) All non-conforming uses carried on on the honey factory land shall be discontinued and after the subdivision all the new lots shall be used for residential purposes.

(2) Nothing in this clause shall prevent the Council from revoking its decision and from resuming the whole of the industrial land in order to carry out the Scheme.

39. If the subdivision shall have been carried out strictly in accordance with the provisions of the Scheme excluding this clause, before any Scheme profits shall have been distributed the owner shall be entitled to the same interest in the Scheme to which he would have been entitled if the honey factory land had been resumed by the Council and the owner had accepted the Council's offer of replacement lots.

#### Powers of Council.

40. The Council in the conduct and management of this Scheme shall in addition to the powers and authorities hereinbefore mentioned have the following powers:—

- (a) To enter and inspect the land within the Scheme Area.
- (b) To enter into agreements or arrangements with the owners or occupiers of any land within the Scheme Area.
- (c) To negotiate with the Metropolitan Region Planning Authority in order that the boundaries of regional open space may be fixed by survey.
- (d) With the consent of the Metropolitan Region Planning Authority to resume land designated as regional open space.
- (e) To extend the time within which any offer of replacement lots may be accepted.
- (f) To acquire by purchase or otherwise any land or buildings within the Scheme Area.
- (g) To dispose of any lots to which it becomes entitled either as the owner of land within the Scheme Area at the date of the coming into operation of this Scheme or to which it becomes entitled pursuant to the Scheme upon such terms and conditions as it may think fit. Without limiting the generality of the foregoing the Council may sell the lots singly or in groups and on the condition that buildings of a specified character with specific parking or other facilities shall within a limited period be constructed thereon or that the land and buildings be used for a specified purpose.
- (h) To transfer any land acquired by it in pursuance of the Scheme as compensation or part compensation and to enter into agreements relative to the determination and settling of compensation.
- (i) To enter into such agreements and arrangements with the Metropolitan Water Supply, Sewerage and Drainage Board as seems proper to the Council for the purpose of draining the Scheme Area and providing reticulated water and sewerage disposal services within the Scheme Area.
- (j) To remove alter or demolish any building which obstructs the observance or carrying out of this Scheme.
- (k) With the consent of the Town Planning Board to make minor variations to the survey design where necessary or desirable.
- (l) To let or lease on such terms and conditions as it thinks fit any land or buildings acquired by it pursuant to this Scheme.
- (m) With the consent of all owners affected thereby to alter the allocation of any replacement lots.

- (n) If an owner does not accept an offer the Council may, but is not obliged so to do, pay by way of compensation the interest on the Scheme to which the owner would have been entitled if he had accepted the offer or a part thereof.

- (o) As an owner to comply with the provisions of Town Planning Scheme Number 23 in respect of land resumed by it.

- (p) To postpone the implementation of the Scheme or to implement it in respect of part or parts only of the Scheme Area.

#### Valuations.

41. Where it is necessary to ascertain the value of any land for the purpose of the Scheme the value shall be determined on the assumption that there are no buildings structures or fences thereon and shall be made by the Chief Valuer of the State Taxation Department or by such other valuer being a member of the Commonwealth Institute of Valuers as shall be approved by the Council.

42. If an owner shall object to the value placed on his land he may give notice of such objection to the Council within twenty-eight (28) days after having been notified of the said value or revised value. If the valuer does not agree to change the value to a figure acceptable to the owner and if the objection shall not have been withdrawn the value shall be determined by the arbitration of a single arbitrator in manner hereinafter provided.

43. If a value placed on a lot shall be changed as the result of an objection the valuer may reconsider the value placed on the other lots and make such revaluations as he considers just and equitable. The owners affected shall forthwith be notified of any change in value so made.

#### Arbitration.

44. Any dispute or difference between the owners as to the valuation of land made for the purpose of this Scheme and all disputes which may be referred to arbitration shall be referred to the arbitration of a single arbitrator in manner provided by the Arbitration Act, 1895, or any statutory modification thereof for the time being in force and if the parties fail to agree upon any one arbitrator he may be nominated by the Council.

#### Time Limit for Claims for Compensation.

45. Claims for compensation by reason of the operation of the Scheme shall be made within six months of the coming into operation of the Scheme or the date of the issue of a notice of resumption or the issue of a notice of rescission under Clause 30 hereof whichever is the later.

Adopted by resolution of the Council of the Town of Canning at the ordinary meeting of the Council held on the 9th day of October, 1973, and the seal of the municipality was, pursuant to that resolution, hereunto affixed in the presence of—
