From the sum of the values of the New Lots within the Subdivisional Area and in Areas B and C shall be deducted the costs or estimated costs of the Scheme and the figure as ascertained is the net value of the New Lots. Owner's Interest in Scheme.

17. Each owner of an Old Lot or portion of an Old Lot in the Subdivisional Area shall be deemed to be entitled to an interest in the Scheme of a value equal to the value of his old lot or the portion thereof within the Subdivisional Area and in Areas B and C increased or decreased (as the case may be) in the ratio of the Owner's Value Ratio determined in accordance with Clause 16 hereof as the case may be.

Council's Land.

18. If the Council is or shall be the owner of any land in the Scheme Area other than as the responsible authority under the Scheme it shall have similar rights to an owners value ratio replacement lots and otherwise as have other owners of land within the Scheme Area.

- (a) The administration costs of the Scheme including an amount to reimburse the Council for such overhead and supervision costs as may be incurred in the implementation of the Scheme.

Estimate of Compensation.

20. In the event of any claims for compensation not having been settled at the time when the Council is ready to transfer lots pursuant to the provisions of the Scheme the Council may estimate the amount of compensation payable and the costs relating thereto and debit the Scheme with the amount so estimated. In the even of the Council so doing the difference between the estimated and the actual compensation payable shall be received or paid by the Council as the case may be.

Allocation and Disposal of New Lots.

21. The New Lots created by the re-survey of the Scheme Area will be dealt with as follows:—

- (a) Each owner of land within the Subdivisional Area and in Areas B and C shall be offered a new lot or lots zoned for residential purposes (hereinafter called "replacement lots") of a value as near as practicable to the owners interest in the Scheme as calculated according to Clause 17. The replacement lots shall be chosen and allocated as equitably as possible so that if practicable the replacement lot will have characteristics similar to those of the old lot acquired from the owner.
- (b) All the remaining lots in the Subdivisional Area (hereinafter referred to as "saleable lots") may be sold to pay the costs of the Scheme and otherwise dealt with in accordance with the Scheme.

Additional Damage or Inconvenience.

22. If an owner shall in the opinion of the Council suffer any additional damage or inconvenience by reason of the Scheme the Council may offer to such owner such sum of money or additional lot as it (acting on the advice of the Chief Valuer of the State Taxation Department) considers equitable. The said offer shall be made with the offer mentioned in Clause 23 hereof to the intent that the owner may not accept the offer mentioned in Clause 23 either wholly or in part without accepting the offer in this Clause mentioned.

Nature of Offers.

23. The offer mentioned in paragraph (a) of Clause 21 hereof shall be made either with an offer of payment of money or subject to the owner making a payment of money in order that the total value of the New Lot or Lots offered and the new value of any land within the Scheme Area not acquired by the Council and retained by the owner together with or subject to a payment in money is equal to the owners interest in the Scheme as ascertained in accordance with Clause 17 hereof. The offer may be made in the alternative giving the owner the right to accept either a lot or lots subject to a payment by him or to accept no lots or a lesser number of lots with a payment by the Council to him.

24. The owners from whom land has been resumed but to whom no offer of land is made shall be offered a cash payment equal to that owners interest in the Scheme.

25. The offers mentioned in the above Clauses shall be made in writing to each of the said owners and served by registered post on him at his address appearing in the Rate Book of the Council and shall specify the New Lot or Lots (if any) the subject of the offer and the Old Lot in respect of which the offer is made. It shall also specify the owner's interest in the Scheme, the valuations placed on the said lots and the payment to be made or received as the case may be, and how the amount is calculated.

26. If a pipe drain has been or is to be laid across land within a New Lot such New Lot may be offered or sold expressly subject to the condition that the transferee shall grant to the Council or to the Metropolitan Water Supply Sewerage and Drainage Board or Public Works Department as decided by the Council a drainage easement over so much of the lot as is required for the drain. If the Council shall itself have granted an easement to the said Board or Department the lot shall be transferred subject to such easement.

27. The offer shall specify a date not being less than twenty eight (28) days after the posting of the said offer within which the offer may be accepted.

28. The offer may be accepted by notice in writing to the Council at any time before the date specified in the said offer and if not accepted within such time shall unless the time shall have been extended by the Council be deemed to have been rejected.

29. If an offer is made on the alternative and if an owner does not accept all the lots offered to him the lots accepted by him shall be treated as being in payment on account of the owner's interest in the Scheme. The remainder of his interest in the Scheme shall be paid in cash.

30. An owner who accepts the offer shall be liable to pay to the Council all rates which would have been payable on the land acquired from him if such land had remained in the name of the owner until the transfer of the New Lots to him.

31. If an offer be accepted wholly or in part it shall be accepted by the owner on the basis that such acceptance is a complete bar to all claims for compensation which the owner may have had in respect of the resumption from him of the Old Lot in respect of which the offer was made and otherwise in respect of the operation of the Scheme but shall not bar him from participating in the profits of the Scheme.

32. If an owner does not accept an offer wholly or in part he shall not be entitled to any interest under the Scheme or to participate in the Scheme profits.

Registration of Transfers.

33. The Council shall cause to be prepared and sent to those owners entitled, transfers in respect of each lot offered and which has been accepted by the owner in accordance with the Scheme. If an owner shall fail to complete the transfer in accordance with the Transfer of Land Act 1893 as amended and return it to the Council for registration, or if the owner shall fail to make payment of any money which may be due by him to the Council within twenty eight (28) days after having been called upon to do so by notice served by registered post on the owner at his address last known to the Council (which notice may be served with the Transfer) the Council may rescind any agreement whereby such owner is entitled to have the land the subject of the transfer transferred to him and thereupon such owner shall have a claim against the Council only for a cash payment equal to his interest in the Scheme and the land the subject of the transfer shall be treated as a rejected lot.

Saleable Lots and Rejected Lots.

34. Any lot offered to but not accepted by an owner in accordance with the Scheme or the subject of a transfer not completed as aforesaid may be dealt with by the Council as hereinafter appears.

35. The Council may sell the saleable lots and the rejected lots either by public auction tender or private contract as a whole or in separate lots upon such terms and conditions as the Council may think fit. In the event of a sale by private contract the price shall not be less than the price recommended by the Chief Valuer of the State Taxation Department unless after submitting the land for sale by public auction or tender that price has not been obtained.

36. If in the opinion of the Council it shall not prove necessary to sell all the saleable lots or rejected lots in order to pay the costs of the Scheme or it is otherwise desirable not to sell all such lots the Council may reallocate some or all of the lots unsold to owners where it considers it just and equitable so to do and the cash payment to be made or received under Clause 23 shall be adjusted accordingly.

37. The Council may instead of selling all or any of the saleable lots or rejected lots ascertain the value of them or those unsold from the Chief Valuer of the State Taxation Department and credit the Scheme with the value so ascertained and in that event the lots shall be the property of the Council and may be retained sold or otherwise dealt with in such manner as the Council thinks fit.

The value shall be determined by the Chief Valuer of the State Taxation Department or some person recommended by him. If an owner shall object to the value so determined he may give notice of such objection within twenty eight (28)

(2) The offer to be made to owners of land in Area C shall be made on the basis that the owner will also accept the portion of a lot or the portion of a closed road adjoining such land and shown on the Scheme Maps as being part of a lot within the Area C and will have such land amalgamated in the title to the land in Area C. The amount payable to or by the owner by way of cash adjustment shall be modified according to the value of the land offered to the owner pursuant to this Clause.

(3) Any subsequent subdivision of any land within an Area C shall be made according to the design shown on the Scheme Maps or any modification thereto agreed upon by the Council and the Town Planning Board.

Area D.

41. The land within Area D is required by the Metropolitan Region Planning Authority for the purpose of the Beechboro-Gosnells Highway. For the purpose of this Clause the values shall be those finally made pursuant to Clauses 11 and 13 hereof. The right to participate in the profits shall not in the absence of agreement devolve to any person not the owner of the land who accepted an offer made by the Council pursuant to this Scheme.
