PARKS AND NATURE RESERVES.
SYSTEM 6.

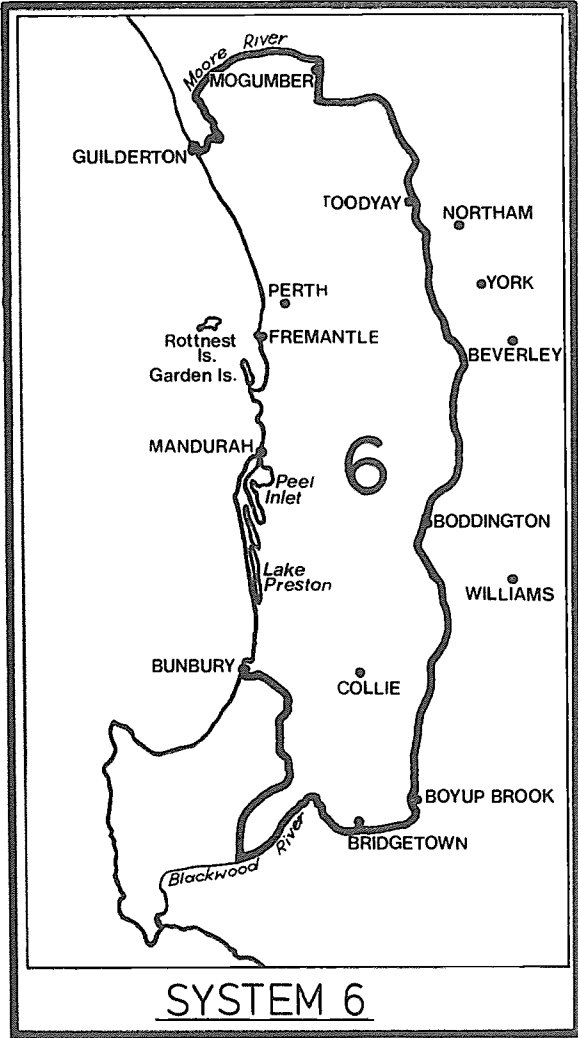

THE Environmental Protection Authority invites submissions on areas that should be set aside for recreational purposes and as national parks and nature reserves in Western Australia's System 6.

This system extending from Guilderton in the north to Bunbury in the south, is the last of 12 systems within the State to be considered by the Conservation Through Reserves Committee.

Because of the complex demands in an area catering to the recreational needs of most of the State's population and the intense competition for alternative land uses, the Conservation Through Reserves Committee will be reconstituted and expanded.

This Committee will consider all written submissions which should be lodged with the Department of Conservation and Environment, BP House, 1 Mount Street, Perth 6000, before 31st July, 1976.

(2) The Board may prescribe from time to time the amounts of modified penalties that may be accepted under this By-law for breaches of these By-laws or any particular By-law.

47. On such days or nights and during such time or times as the Principal may direct, Police officers and authorised officers shall have complete control over all traffic within the College lands, whereupon every person in charge of any vehicle or animal within the College lands shall obey every order and direction of any Police officer or authorised officer relating to the movement or control of such traffic, and shall stop or proceed or park in such manner and direction as the Police officer or authorised officer may from time to time order. This By-law shall apply notwithstanding the terms of any issued permit.
