- (3) trees be planted in specified places;
- (4) landscaping proposals should be submitted for the approval of the Council and, if approved, executed and subsequently maintained to Council's satisfaction.

Further all land and buildings shall be so maintained as to preserve the amenities of the neighbourhood in which they are situated.

The Council in making observations to the Town Planning Board on applications for subdivision within residential and small holding zones, shall take into account the topography, hydrography, the incidence of natural vegetation and any other matters relating to the particular area and while recognising that on-site sewerage disposals systems should desirably be sited a minimum distance of 65 m from a waterway, Council may recommend such greater or lesser distances as may be appropriate depending on advice received from the Town Planning Board and the Department of Conservation and the Environment. Each application will be dealt with on its merits. The Council when dealing with any development application for tourist accommodation or multiple residential buildings on an unsewered site recognises that any on-site disposal system should desirably be sited a minimum distance of 100m from a waterway. However, each application will be examined on its merits and Council may require a greater or approve a lesser distance as may be determined following consultation with the Department of Conservation and the Environment.

5.8 Drainage: Prior to any approvals being given for development involving the erection of buildings, Council will require to be satisfied that the land is or is to be properly drained, that proper provision is to be made for the disposal of surface water from roofs and paved areas and that proper provision is to be made for the disposal of household or trade wastes.

5.9 Places and Objects of Historical Interest and Natural Beauty: No person shall without the written consent of the Council, wilfully destroy, remove, modify or damage any object or place registered on the Schedule of Places and Objects of Historical Interest and Natural Beauty.
