6. The Council shall pay the returning officer for each and every election conducted by him the fee prescribed in Appendix B, and a further sum sufficient to recoup him all authorized expenses incurred by him in conducting such election.

7. (1) The returning officer for the time being shall, in the month of March in each year, conduct an election to fill the vacancies in the Offices of members of the Council that occur by effluxion of time in that year.

(2) A person elected to fill a vacancy occurring by effluxion of time shall hold office for a term of three years from the 31st March in the year in which he is elected.

(3) Any member who retires from the Council or whose term of office expires by effluxion of time shall, subject to the Act, be eligible for re-election to the Council.

(4) Subject to subregulations (5) and (6) of this regulation, where an extraordinary vacancy occurs such vacancy shall be filled by election of a pharmaceutical chemist in the manner prescribed for elections generally, and the member so elected shall hold office for the residue of the term during which the member in lieu of whom he is elected would have held office.

10. (1) If the number of persons nominated is not greater than the number required to fill the vacancies, the returning officer shall forthwith make a return to the registrar, and declare the person or persons nominated to be elected as members.

(2) If the number of persons so declared to be elected is insufficient to fill the vacancies, the retiring president shall so report to the Governor in Council, who may thereupon appoint one or more qualified persons to fill such vacancy or vacancies.

11. (1) If the number of persons nominated is greater than the number required to fill the vacancies, a poll shall be taken by the returning officer, who shall cause ballot papers and counterfoils to be printed in the form of Form 2 in Appendix A.

(2) The returning officer shall send one ballot paper and counterfoil, initialled by him, together with one unfastened envelope marked "Ballot Paper", and another unfastened envelope with the name and address of the returning officer printed thereon, by post in a sealed envelope to the address appearing in the register of every pharmaceutical chemist registered by the Council.

and shall then proceed to open the envelopes marked "Ballot Paper" that have not been rejected and to ascertain the number of votes cast in favour of the respective candidates.

(3) Where votes are recorded on a ballot paper for more or less candidates than the number of candidates to be elected the returning officer shall declare the votes cast in that ballot paper to be invalid and shall not count those votes, except that where a candidate withdraws from an election between the date of nomination and the date of the election the votes cast in a ballot paper shall not be invalid by reason only that a vote has been cast in favour of such withdrawn candidate.

(4) Having counted the votes the returning officer shall duly declare elected the candidates (not exceeding the number of vacancies) who have received the greatest number of valid votes or, in the event of an equal number of valid votes being received by two or more candidates, the candidate or candidates in whose favour he exercises his casting vote or votes.

- (a) the requisite fee;
- (b) complete plans and all relevant specifications of the pharmacy; and
- (c) in the case of premises which form part of a larger building, the plans of that building including a site plan showing the area in which the pharmacy is or is proposed to be situated in the building.

(2) Application for the renewal of the registration of premises as a pharmacy shall be made to the registrar in the form of Form 11 in Appendix A and shall be accompanied by the requisite fee.

55. The Council shall consider an application made under regulation 54 and may by resolution—

- (a) grant the applicant a certificate of registration of the pharmacy in the form of Form 12 in Appendix A;
- (b) refuse the application; or
- (c) withhold registration of the pharmacy until the applicant complies with, or brings the premises into conformity with, the requirements of subregulation (1) of regulation 56.

56. (1) The Council shall not register a pharmacy under section 23 of the Act unless it is satisfied that—

- (a) the premises used or intended to be used as a pharmacy, whether a single unit or portion of larger premises, are self-contained by being walled, floored and ceiled, have no means of access to any adjacent other type of professional or business premises and, subject to subregulation (3) of this regulation, have a separate entrance from a street or public thoroughfare;
- (b) the pharmacy is well lit and adequately ventilated;
- (c) the premises and fittings therein, and all equipment, utensils and apparatus used or to be used in dispensing and storing of drugs are and will be maintained, in clean condition and proper state of efficiency and repair;
- (d) the premises are not and will not be used for the receipt, handling or storage of any clothing or other article for dry cleaning, laundering or repair whether those operations are to be carried out on the premises or elsewhere;

(2) For the purposes of paragraph (a) of subregulation (1) of this regulation "public thoroughfare" means a thoroughfare which is open to the public at all times.

(3) Registration of premises as a pharmacy shall not be refused by reason only of the fact that the entrance to those premises is from a thoroughfare which is closed to the public at certain times for security or other purposes so long as the Council is satisfied that the pharmaceutical chemist by whom or under whose immediate supervision the business of the pharmacy is carried on may gain unrestricted access to the premises whenever he wishes to do so.

(4) Notwithstanding the provisions of paragraph (a) of subregulation (1) of this regulation, if on the 1st July, 1965 any premises were in an advanced stage of construction as a pharmacy or were premises in which the practice of a pharmaceutical chemist was being carried on, those premises may be registered as a pharmacy if the Council is satisfied that the area of the premises used as a pharmacy is clearly defined and identified.

(5) For the purposes of paragraph (g) of subregulation (1) of this regulation, prescriptions and repeat prescriptions shall be recorded in an appropriate bound prescription book or other system approved by the Council, except that records of National Health Service prescriptions and Repatriation Department prescriptions may be in the form of duplicates kept in sequence in marked monthly order that are readily identifiable and accessible.

57. Where in any case application is made for registration of a pharmacy and circumstances exist which render it impracticable to comply immediately with the requirements of regulation 56, or in the opinion of the Council it is not in public interest to require such compliance, the Council may register the pharmacy subject to such conditions as it may determine.

Alteration of Registered Pharmacies.

58. (1) A person in whose name any pharmacy is registered pursuant to section 23 of the Act shall not carry out or cause to be carried out or permit to be carried out any alterations affecting the construction, structure, layout or floor area of that pharmacy unless he has first—

SCHEDULE—continued

- (b) submitted to the Council complete plans and all relevant specifications relating to those alterations and obtained the approval of the Council thereto.

(2) The Council shall not withhold approval of plans and specifications relating to proposed alterations to a pharmacy unless it is satisfied that if those alterations were carried out in accordance with those plans and specifications the pharmacy would cease to comply with any one or more of the requirements of regulation 56.

Service of Notice.

59. If the Council is satisfied that a registered pharmacy has ceased to comply with any one or more of the requirements of regulation 56, it may cancel the certificate of registration issued to that pharmacy.

60. Where a certificate of registration is cancelled by the Council under regulation 59 the registrar shall give notice in writing of the cancellation to the holder of the certificate and the holder shall, within seven days of receipt of that notice, return the certificate to the Council by hand or registered post.

63. (1) A pharmaceutical chemist shall not cause or permit to be made or displayed any advertisement—

- (a) which claims, or may be construed as claiming, professional superiority on behalf of that or any other pharmaceutical chemist, or which claims satisfaction, purity of drugs or accuracy in dispensing;
- (b) which constitutes an offer by him or any other person to treat or cure any disease or illness, or which indicates that a consulting service relating to the cure or treatment of diseases or illnesses is carried on in premises in which he practises as a pharmaceutical chemist;
- (c) which offers free collection of prescriptions to be dispensed at, or free delivery of medicines from, premises in which he practises as a pharmaceutical chemist;
- (d) which is misleading in a professional respect;
- (e) which, subject to subregulation (3) of this regulation, indicates that a dispensing service is provided in premises in which he practises as a pharmaceutical chemist at times other than those at which the premises may lawfully be kept open for general business.

(2) A pharmaceutical chemist shall not cause or permit to be displayed within the premises in which he practises or carries on business as such, any sign or notice indicating that he provides, or offers to provide, dispensing or other professional services of any kind, except a sign or notice every letter of or on which is not more than 16 cm in height.

(3) A pharmaceutical chemist may display on a door or window of his premises a sign—

- (b) in an entry which is first approved by the Council in an Australian Telecommunications Commission Telephone Directory,

but not in any other advertisement.

64. A pharmaceutical chemist shall not cause or permit to be erected or displayed elsewhere than on the building in which he practises as a pharmaceutical chemist or a chemist and druggist, a sign indicating that he so practises.

65. Where a pharmaceutical chemist vacates premises used by him as a pharmacy, he shall, except where he believes on reasonable grounds that the premises will within thirty days of his vacating them, be occupied by another pharmaceutical chemist for use as a pharmacy, cause any sign notice or writing on the premises that refers to the practice of pharmacy therein to be removed or erased immediately upon his ceasing to practise in those premises.

(Notice under Section 32.)

THE ABALONE FISHERY.

1. I, PETER VERNON JONES, Minister for Fisheries and Wildlife, pursuant to sections 32 and 17 of the Fisheries Act, 1905, hereby declare that all species of abalone constitute a limited entry fishery, in this notice referred to as the Abalone Fishery.

2. For licensing purposes the waters comprised in the Abalone Fishery shall be divided into the following zones—

Zone 1—waters between the eastern boundary of Western Australia on the South coast and Shoal Cape.

Zone 2—waters lying between Shoal Cape and the main jetty at Busselton.

Zone 3—waters between Cape Leeuwin and the eastern boundary of Western Australia on the North coast.

3. In this notice, unless the contrary intention appears—

(a) the provisions of section 26 of the Interpretation Act, 1918 apply as they apply to an Act;

(b) the expressions used have the same respective meanings as are given to them by the Act and the regulations;

(c) a reference to "the Act" is a reference to the Fisheries Act, 1905 as from time to time amended, and a reference to "the regulations" is a reference to the regulations for the time being in force under the Act;

(d) "the Fishery" means the Abalone Fishery constituted pursuant to this notice;

(e) "zone" means a licensing zone as defined in clause 2 of this notice.

4. (1) Except with the written permission of the Director, no person shall take or attempt to take for sale or disposal for gain or reward any abalone in the waters comprised in the Fishery unless—

(a) the abalone are taken by a person authorized to engage in the Fishery and from a boat authorized to operate in the Fishery pursuant to this notice; and

(b) the abalone are taken in accordance with the manner authorized by this notice.

(2) A person shall not—

(a) take or attempt to take abalone in any waters of the Fishery other than the zone specified in his authorization; or

(b) use or permit or suffer a boat to be used in any waters of the Fishery other than the zone specified in his authorization.

(3) Where an authorization specifies that only a specified species of abalone may be taken a person shall not take or attempt to take any abalone other than the species specified in the authorization.

5. (1) An authorization to engage in the Fishery and to operate a specified boat or boats in the Fishery shall be given by the Director, or by a licensing officer on behalf of the Director, in the form annexed to this notice and the relevant license shall be endorsed with the number and date of the authorization.

(2) An authorization to engage in the Fishery and to operate a specified boat or boats in the Fishery may be made subject to any condition, restriction or limitation relating to the authorization specified or referred to therein by reference to seasons, zones, method of fishing and equipment that may be used, or otherwise.

(3) For the purposes of any prosecution under the Act, any condition, restriction or limitation, by whatever name described, specified or referred to by an authorization shall be construed as a condition imposed upon the license to which the authorization relates.

6. (1) An application for authorization to engage in the Fishery and to operate a specified boat or boats in the Fishery shall be made to the Director in writing in the form annexed to this notice.
- (2) An authorization, unless sooner cancelled or suspended, has effect for the period therein specified.
- (3) Except as provided in this notice an authorization is not transferable and is valid only in relation to the taking of abalone by the person in relation to whom it is issued and the fishing boat specified in the authorization.
- (4) The fees prescribed by the regulations shall be paid in relation to each application and to any authorization granted pursuant to this notice.
- (5) Any authorization may be varied from time to time by the Director, or by a licensing officer on behalf of the Director, and may be cancelled or from time to time suspended by the Director by notice in writing to the holder of the license.
- (6) Where the Director, in writing, gives to a person any specific authorization to engage in the Fishery and to operate a specified boat or boats in the Fishery other than in the form annexed to this notice any fishing activity carried out in accordance with that authorization shall be deemed not to contravene the provisions of this notice.
7. The benefit of an authorization granted pursuant to this notice may be transferred to another person by the person named in the authorization if the Director gives his written approval thereto, but not otherwise, and the relevant license shall thereupon be further endorsed accordingly, but if the Director is satisfied that the holder of an authorization has ceased to be actively engaged in the Fishery and has ceased to operate the boat specified in his authorization for the purpose of taking abalone he may cancel the authorization.
8. An authorization to take abalone is subject to any notice relating to the closing of waters to fishing issued under the Act.
9. The criteria that will be applied to determine whether a person may be authorized to engage in the Fishery and to operate a specified boat or boats in the Fishery are—

- (b) a person who has applied to take over an authorization already issued under this notice from a person who proposes to retire from the industry.
10. The holder of an authorization who relinquishes his authorization or retires from the industry shall not be replaced by any other person, except with the approval of the Director of Fisheries who may grant or refuse such approval having regard to the potential of the Fishery.
11. With the prior written approval of the Director, but not otherwise, a boat the operation of which in the Fishery has been authorized pursuant to this notice, may be replaced by a boat approved of by the Director.
12. The holder of an authorization issued under this notice shall not employ another person for the purpose of taking abalone unless—
- (a) that other person is the holder of a professional fisherman's license endorsed to the effect that he is authorized to assist in the taking of abalone; and
- (b) that other person does not take abalone or any other fish for sale or disposal by that other person.
13. The holder of an authorization issued in respect of a particular zone shall not take or attempt to take abalone in another zone unless authorized to do so by the authorization.
