2. The Secretary as referred to in these by-laws means the person for the time being employed by the Trustees as the Secretary of the Cemetery and such person shall, subject to the Trustees exercise a general supervision and control over all matters pertaining to the Cemetery and to the carrying out and enforcement of these by-laws and the direction of such person shall in all cases and for all purposes be presumed to be and have been the direction of the Trustees.

3. A plan of the Cemetery showing the distribution of the land compartments, sections, situations and numbers of graves and a register of all certificates of rights of burial shall be kept at the office of the Trustees.

7. Where a monument or other memorial has been placed on a grave, and it is desired by any person to inter another body in that grave or cause such grave to be reopened for a valid reason, approval of the Trustees must be obtained and the removal of the monument or other memorial or part thereof shall be at the risk of the applicant or his representative. The applicant if desired may nominate his own workmen to carry out the work entailed and pay any extra costs to such workmen. - (2) If the Processor is unable or fails to supply feed, medication or vaccination as required by subclause (1)(b) and such failure to supply causes or will cause an adverse or detrimental effect on the performance and eventual processing of the chickens, then the Grower shall be at liberty to arrange the supply of the same and to recover the reasonable cost thereof from the Processor.
- Variation of shed ratio.
- (3) The ratio mentioned in subclause (1)(f)(ii) may fluctuate in the short term in order to enable sheds of a viable size to be erected.
- Grower's obligations.
3. The Grower will—
- (a) provide and make available and where necessary install for the purposes set out in this agreement—
- (i) positive identification of the farm at the main gate;
- (ii) the necessary land with suitable drainage and all weather roads and access to shedding as directed and approved by the Processor;

(b) insure the said building or buildings and plant and equipment for the reasonable insurable value thereof against the risks of loss or damage by fire, storm, impact and tempest and effect all insurance relating to employees for Common Law Liability or Workers' Compensation Liability as may be required by the provisions of the Workers' Compensation Act, 1912 (as amended from time to time) of the Parliament of Western Australia or any Act passed in substitution for that Act;
- Keep records. (c) keep and maintain all such records as shall be reasonably required by the Processor, such records remaining the property of the Processor at all times;
- Feed and Medication. (d) use the feed, medication and vaccination arranged to be supplied by the processor as detailed in clause 2(b) for the purpose only of the raising and production of chickens supplied by the Processor;
- Notify disease. (e) in the event of disease or other sickness occurring in all or any of the chickens supplied by the Processor, forthwith notify the Processor or its Broiler Flock Supervisor and follow the control measures or advice directed or given by either of them or, if he disagrees with this advice or direction, forthwith notify the Processor or its Broiler Flock Supervisor in writing of such disagreement in which case the matter shall be referred to the Chief Veterinary Officer, Department of Agriculture, whose decision, after consultation with the Processor's Veterinary Officers, shall be binding on the parties to this agreement;
- Allow access. (f) allow the Processor's Broiler Servicemen or other employee free access at all reasonable times to chickens supplied by the Processor;
- Husbandry and management. (g) prepare the shedding for the reception of chickens from the Processor, be present at the time when they are delivered and place them in the brooding area and at all times follow the reasonable advice of the Broiler Servicemen as to general shed preparation and litter replacement and as to the raising and husbandry of, and disease prevention and management practices to be adopted in respect of, chickens supplied by the Processor;

- Exclude other poultry. (j) not permit or allow any other farm yard poultry on the farm or let animals in the building or buildings housing chickens supplied by the Processor, except where agreed to by the Processor.

Weighing of broiler chickens. 4. All broiler chickens the subject of this agreement shall be weighed over a Registered Weighbridge nominated by the Processor. The Grower may be present at the time of such weighing and shall receive a copy of the Weighbridge ticket for each load if he so requires.

System or method of calculating payment. 5. The sums of money to be paid by the Processor to the Grower in respect of the raising and production of broiler chickens pursuant to this agreement shall be determined by means of the Pool System or by any other method of calculation based on the growing fee agreed by the parties from time to time after consultation with the Committee.

Calculation of payment to Grower under Pool System. 6. Where the Pool System is to be used for the determination of the payment to be made to the Grower then, unless the Grower is excluded from the pool payment calculation pursuant to clause 7, the Processor will calculate the liveweight price per kilogram for each batch grown by the Grower in accordance with the following provisions by pooling the result of batches from all growers in the same pool:—

- (a) The total growing costs of all birds picked up during the pool period from each grower in the pool growing the similar stock who is not excluded from the pool payment calculation pursuant to clause 7 shall be added up and these growing costs shall comprise the following expenses and notional amounts during the pool period, from each grower referred to above i.e. chickens, feed and medication supplied by the Processor and growing fee (notionally payable on the pick-up of each batch).
- (b) The total growing costs determined pursuant to paragraph (a) of this clause shall be divided by the total number of kilograms of liveweight birds picked up during the pool

period from each grower in the pool other than any grower excluded from the pool payment calculation pursuant to clause 7.

- (c) The figure thus calculated is the liveweight price per kilogram for all broiler chickens grown during the pool period by each grower.
- (d) The liveweight price per kilogram thus determined will then be applied to the Grower's batch picked up during the pool period to give the gross proceeds of the Grower. From the gross proceeds of the Grower will be deducted the costs of chickens, feed and medication supplied to the Grower by the Processor in respect of that batch.
- (e) Payment will be made by the Processor to the Grower by means of an interim payment within fourteen (14) days of the final pick-up of the broiler chickens from the farm for that batch pending final payment, and the final payment will be made within fourteen (14) days after the completion of the pool period. Both periods of days referred to in this paragraph may be varied by mutual agreement from time to time.
- (f) Where there are wide fluctuations in price or quality of feed and/or day old chicken prices within the pool period the Processor will have the right to adjust the pool at such time as these wide fluctuations occur.
- (g) The calculations referred to in this clause shall apply only in respect of growers growing similar stock so that there will be different pool calculations for growers of other types of poultry.
- (h) All calculations in respect of this clause shall be made available in detail to the Committee, and may be made available to an independent Public Accountant acceptable to the Grower and Processor who will verify the Processor's calculations and will if required by the Grower qualify his individual result. If the fault lies with the Processor, all costs will be paid by the Processor.

Exclusion
from Pool.

7. The Processor reserves the right—

- (a) to exclude any grower from a pool payment calculation under clause 6 prior to the supply to that grower of a batch of chickens if—
 - (i) the normal requirements of broiler growing have not been observed by that grower;
 - (ii) that grower is in breach of his contract with the Processor; or
 - (iii) that grower is not an efficient grower;
- (b) to exclude any grower from a pool payment calculation under clause 6 if the results of that grower in the pool are seriously impaired due to any circumstances whether those circumstances are beyond the control of the grower or not.

Payment
to the
Grower
where
excluded
from Pool.

8. (1) Subject to subclause (2) where the Grower is excluded from the pool payment calculation in respect of a particular pool the Grower shall be paid, in respect of birds marketed from the batch concerned, an amount, determined by negotiation between the parties having regard to the growing fee and all other relevant factors.

(2) Where the Grower—

- (a) has provided the relevant cooling facilities and supervision pursuant to clause 3(a)(v) and (vi); and
- (b) is excluded from the pool payment calculation in respect of a particular pool as a result of his results in that pool being seriously impaired by heatwave conditions,

the Grower shall be paid the full growing fee in respect of all birds marketed from the batch concerned.

AND IT IS FURTHER EXPRESSLY AGREED AND DECLARED as follows:

Termination
date for
raising
of batch.

9. The Processor has the sole right to decide at what time the raising and production of a batch of chickens supplied by it shall terminate. If the raising of a batch is terminated ten (10) days or more before the average age at which normally caught and loaded by the Processor or continues for ten (10) days or more after that average age, then the Grower shall be suitably compensated.

Liability
for insur-
able losses.

10. The Grower shall not be liable to the Processor for any losses suffered by the Processor by reason of the death or sickness of any of the Processor's chickens resulting from fire, storm or tempest against which the Processor can insure; PROVIDED THAT in the event of the chickens or any of them being neglected or not properly cared for by the Grower or the Grower not complying with his obligations set out in this agreement or the Grower not complying with any reasonable advice tendered by the Processor as to the care, medication, vaccination or raising or pick-up of the chickens, then it shall be lawful for the Processor at the expense in all things of the Grower either to engage an employee or employees to raise and

produce the chickens or remove the same or do both such things and in such event the Processor shall be at liberty to deduct from any amount otherwise due or becoming due to the Grower all expenses incurred in such action.

Grower an independent contractor.

11. The Grower shall be and remain an independent contractor and shall not at any time be the servant, employee or agent of the Processor and the arrangement between the parties evidenced by this agreement shall take effect on this basis.

Insolvency.

12. (1) If the Grower—

- (a) commits any act of bankruptcy; or
- (b) becomes insolvent within the meaning of the Sale of Goods Act, 1895, of the Parliament of Western Australia; or
- (c) assigns his estate for the benefit of creditors; or
- (d) suffers execution to be levied against his estate; or
- (e) parts with possession of any chickens or other goods supplied pursuant to this agreement or attempts to encumber, transfer or dispose of same; or
- (f) does or suffers anything whereby he might be deprived of chickens or other goods supplied pursuant to this agreement; or
- (g) becomes of unsound mind or incapable of providing for the rearing of birds,

then the Processor may at the expense in all things of the Grower remove any chickens and other goods supplied pursuant to this agreement from the Grower's premises and in such event the Processor shall be at liberty to deduct from any amount otherwise due or becoming due to the Grower all expenses incurred in such action and the Processor, or its employee or agent acting with its authority, shall have full leave and licence to enter any premises on which the chickens are kept or are supposed to be kept in order to effect such removal.

(2) If the Processor—

- (a) commits an act of bankruptcy; or
- (b) is placed in liquidation; or
- (c) enters into a composition with its creditors; or
- (d) suffers execution to be levied against it; or
- (e) suffers anything whereby the Grower is deprived of goods or services to be provided by the Processor pursuant to this agreement with the consequence that the performance and eventual processing of the birds being currently grown at the time of such default are adversely or detrimentally affected,

then in such case the Grower shall be at liberty to provide the goods or services and to charge the same to the Processor or (if the Grower shall incur liability in respect thereof) to recover forthwith from the Processor the amount of such liability together with all other losses or expenses incurred by the Grower by reason of the default of the Processor.

Term of agreement.

13. This agreement shall continue until terminated in accordance with clause 14.

Termination of agreement.

14. This agreement may be terminated—

- (a) by mutual consent of the parties;
- (b) by either party by giving to the other party not less than twelve (12) months' written notice but no notice of termination may be given under this paragraph before the expiration of a period of four (4) years from the date of this agreement;
- (c) by either party by giving written notice to the other party where that other party has committed a breach of this agreement but no notice of termination may be given under this paragraph unless rectification of the breach has not occurred within a reasonable period of time after written notice of the breach has been given to the offending party by the aggrieved party;
- (d) by the Grower by his becoming permanently incapable of carrying on the business of a Broiler Grower because of illness and advising the Processor in writing of such circumstances;
- (e) by the Processor by written notice to the Grower where the Grower has ceased to be an efficient grower.

Goods unused on termination of agreement.

15. If this agreement is terminated and any of the goods arranged to be supplied by the Processor to the Grower pursuant to this agreement remain unused, the Processor may at its option refuse to accept the return of those goods and may charge the Grower for them on the basis that they are goods sold and delivered by the Processor to the Grower. If the Processor exercises this option then the provisions of clause 3(h) shall not apply to those goods. If this agreement is renewed the Processor may elect to treat those goods as supplied under the new agreement.

Transfer of business by Processor. 16. The Processor shall not be entitled to sell, lease, assign or otherwise dispose of his interest in the business in respect of which broiler chickens received pursuant to the agreement to another person who carries on or intends to carry on the business of processing broiler chickens unless the rights and benefits of the Processor under this agreement are also assigned to the purchaser pursuant to an instrument under which the purchaser undertakes to be bound by this agreement and to fulfil and carry out all of the obligations of the Processor under this agreement.

Transfer of agreement. 17. The Grower shall not be entitled to assign this agreement or the benefit hereof, without prior written consent of the Processor, but that consent shall not be unreasonably withheld.

Arbitration. 18. (1) If any difference shall arise between the parties hereto as to anything contained in or concerning this agreement and its interpretation or touching on matters arising from the contractual relationship hereby created the parties may by mutual consent refer the point of difference to a person mutually acceptable to the parties who will arbitrate on the point of difference and his determination shall be binding on both parties.

(2) Where a point of difference has been referred to an arbitrator pursuant to subclause (1) neither party may refer that point to the Committee as a dispute for determination pursuant to section 18 of the Act unless that arbitrator has advised the parties that he is unable to make a determination on the point.

(3) Except as provided in subclause (2) nothing in subclause (1) affects the right of either party to refer a dispute arising between the parties to the Committee for determination pursuant to section 18 of the Act.

Persons to be bound by agreement. 19. This agreement shall be binding upon the respective successors and permitted assigns of the parties and, in the case of a Grower being an individual, shall be binding upon the legal personal representatives of the Grower.

In witness whereof the parties to this agreement have executed this agreement the day and year first hereinbefore mentioned.
