SENIOR STAFF VACANCIES IN ASIAN
DEVELOPMENT BANK.

Budget, Personnel and Management Systems
Department.

THE Asian Development Bank which is located in Manila, the Philippines, has vacancies in two senior positions at the Deputy Director and Manager level (Personnel Division) in the Budget, Personnel and Management Systems Department.

The management of the Bank has sought the co-operation of the Australian Government in recruiting an Australian national for these positions.

The Budget, Personnel and Management Systems Department, headed by a Director and supported by a Deputy Director, consists of three Divisions: (1) a Budget and Planning Division; (2) a Personnel Division; and (3) a Systems and Procedures Division, each under the charge of Divisional Managers.

The principal responsibilities of this Department are to manage and administer the Bank's budget, manpower and personnel policies, plans and programmes and to design, install and review the Bank's organizational structure and systems and procedures.

DEPUTY DIRECTOR (Range 6) \$US36 610-41 900.

Duties: Provide support to the Department Director. Responsible for evolving a meaningful personnel policy for the Bank. Initiate and develop the policy and framework of a manpower planning system and consolidate the planning information now available in the Bank.

MANAGER—PERSONNEL DIVISION (Range 5)
\$US32 490-40 935.

Duties: Responsible for the operation of the Personnel Division, involving development and administration of programmes for staff recruitment, manpower and planning, career development and training, performance appraisal, compensation, benefits, retirement, personnel services and staff welfare; negotiations and preparation of contracts for the engagement and administration of a wide range of consultants.

Qualifications: Applicants must possess a university degree or equivalent education and substantial experience in personnel management and administration at senior management level in a large organization, preferably with international operations involving a multi-national and multi-disciplines professional staff.

General: Appointments to both positions are expected to be made on fixed term contracts of up to 5 years with the possibility of renewal. Salaries are tax free and are supplemented by a family and educational allowance as well as housing subsidy

LAND ACT, 1933-1977.

Land Release.

Department of Lands and Surveys,
Perth, 26th January, 1979.

File No. 2223/78.

HIS Excellency the Governor in Executive Council has been pleased to approve under section 45A of the Land Act, 1933-1977, of Narrogin Lot 1559 containing an area of 6 414 square metres being made available for sale in fee simple for "Restaurant and Reception Centre" at the purchase price of six thousand dollars (\$6 000.00) and subject to the following conditions:

(a) The purchaser shall erect on the lot purchased business premises to comply with Local Authority by-laws within two (2) years from the due date of the first instalment. If this condition has not been complied with in the time prescribed, the land may be absolutely forfeited together with all purchase money and fees that may have been paid.

On payment of the first instalment of purchase money a license will be available, upon which a mortgage can be registered. A Crown Grant (freehold) will not issue until the purchaser has complied with the building condition.

(b) A deposit of 10% of the purchase price is payable on application and the balance of purchase money shall be paid within twelve months of the date of approval of application by four (4) equal quarterly instalments on the first days of January, April, July and October in each year. The first instalment of purchase money shall become due and payable on the first day of the quarter next following the date of approval of application, the Crown Grant fee being payable with the last instalment of purchase money, but a Crown Grant shall not issue until the conditions under which the lot was made available for sale have been fulfilled.

A person in the employ of the State must apply through the Under Secretary for Lands for the Governor's permission to hold this land. Written approval of the Permanent Head concerned should accompany such application.

Applications, accompanied by a deposit of \$600.00 must be lodged at the Department of Lands and Surveys, Perth on or before Wednesday, February 28, 1979.

All applications lodged on or before the closing date will be treated as having been received on that date, and if there are more applications than one for the lot the application to be granted will be decided by the Land Board.

- (4) The lessee shall not without the previous consent in writing of the Minister for Lands assign, transfer, mortgage sublet or part with the possession of the demised land.
- (5) No structures will be erected without the prior approval in writing of the Minister for Lands.
- (6) Compensation shall not be payable to the lessee in respect of any improvements effected by him on the demised land and remaining thereon at the expiration or earlier determination of the lease.
- (7) It shall be lawful for the lessee at any time within the three calendar months immediately following the expiration of the term or earlier determination of the lease, to take down, remove, and carry away any buildings, structures, improvements and plant the property of the lessee.
- (8) On determination of the lease, the lessee shall fill in, consolidate and level off any unevenness, excavation or hole caused by him during the term of the lease or by removal of his improvements and shall leave the demised land in a clean, neat and tidy condition to the satisfaction of the Minister for Lands and shall remove any or all waste matter as required by the Minister.
- (9) Power is reserved to the Minister for Lands to direct that the number of stock depasturing on the demised land shall be reduced if the Minister is of the opinion that the demised land is overstocked to an extent sufficient or likely to cause permanent damage to the land; failure to comply with any such direction will result in the forfeiture of the lease.

A person in the employ of the State must apply through the Under Secretary for Lands for the Governor's permission to hold this land. Written approval of the Permanent Head concerned should accompany such application.

Applications, accompanied by a deposit of \$14.50 must be lodged at the Department of Lands and Surveys, Perth on or before Wednesday, February 28, 1979.

All applications lodged on or before the closing date will be treated as having been received on that date, and if there are more applications than one for the lot the application to be granted will be decided by the Land Board.

OPEN FOR PASTORAL LEASING.

Under Part VI of the Land Act, 1933-1977.

Eastern Division,

Jaurdi District, 26th January, 1979.

Corres. No. 13003/03, V.2.

IT is notified for general information that the area of approximately 8 931 hectares as described in the Schedule below, has been made available for Pastoral Leasing as from Wednesday, 14th March, 1979, subject to the condition that a Pastoral Lease of this land may only be granted to a lessee of land in the same locality. Lessees are required to stock the land and as a guide to minimum development lessees are required to expand, each year, in effecting improvements an amount not less than two and one half times the annual rental.

In accordance with the provisions of the Land Act this land is made available for pastoral leasing at an interim rental of \$1.00 per thousand acres. The final rent will be fixed by the Minister on the advice of the Pastoral Appraisal Board.

Full disclosure of company structure, shareholding and trusteeship will be required from corporate bodies applying for this area.

Applications, accompanied by a deposit of \$15.00, must be lodged at the Department of Lands and Surveys, Perth, not later than Wednesday, 14th March, 1979.

The land is made available subject to payment for improvements in cash should the successful applicant be other than the owner of the improvements.

All applications lodged on or before that date will be treated as having been received on the closing date, and if there are more applications than one for the area, the application to be granted will be decided by the Land Board.

F. W. BYFIELD,
Under Secretary for Lands.

Notice of Amendment.

File 823/2/25/2; Amendment No. 248/15.

1. Notice is hereby given in accordance with the provisions of Clause 15 of the Metropolitan Region Scheme that the Metropolitan Region Planning Authority on 20th December, 1978 resolved to amend the Metropolitan Region Scheme by including within the Urban Zone land adjacent to the Southern River and off Balfour Street, Gosnells, as shown on the schedule hereunder.

2. The purpose of the amendment is to rationalise the foreshore reserve along part of the Southern River. It is a simple detail adjustment arising from subdivision and future development of the subject land which will define the reserve boundary in accordance with the natural features of the land.

3. Please note that any person aggrieved by the inclusion of the currently reserved land within the Urban Zone may appeal to the Hon. Minister for Urban Development and Town Planning in the prescribed form within thirty (30) days of this notice.

ARTIFICIAL BREEDING OF STOCK ACT, 1965-1976.

Department of Agriculture,
South Perth, 10th January, 1979.

HIS Excellency the Governor in Executive Council, acting pursuant to the powers conferred by the Artificial Breeding of Stock Act, 1965-1976, and the Interpretation Act, 1918-1975 has been pleased to—

- (a) revoke the Artificial Breeding (Cattle) Regulations, 1967 and all amendments thereto; and
- (b) make the regulations set out in the Schedule hereunder, so that the regulations referred to in paragraph (b) and the revocation referred to in paragraph (a) both take effect on and after the date on which the Artificial Breeding of Stock Act Amendment Act, 1976, comes into operation.

E. N. FITZPATRICK,
Director of Agriculture.

Schedule.

FIRST SCHEDULE.—FORMS 1-11.

SECOND SCHEDULE.—LIST OF HEREDITARY DEFECTS, Reg. 10 (1).

- Interpretation. 3. In these regulations, unless the contrary intention appears—
- “cattle” means a bull, cow, ox, steer, heifer or calf of the bovine genus;
- “collection”, in relation to semen, means a quantity collected at any one time;
- “container” means—
- (a) in the case of frozen semen; straw, ampoule or pellet; and
- (b) in the case of chilled or variable temperature semen; test tube or similar vessel;
- “processing”, in relation to semen, means any procedure used in the preparation of collected semen before final use in insemination;
- “regulation” means one of these regulations;
- “Schedule” means a Schedule to these regulations;
- “stock” means any goats, horses, cattle, sheep or pigs and includes poultry of all kinds and such other animals of any kind of species that the Governor proclaims to be stock for the purposes of the Act;
- “the Act” means the Artificial Breeding of Stock Act, 1965 as amended from time to time.

- Forms. 4. (1) The several forms set out in the First Schedule are the forms prescribed for the respective purposes therein appearing.
- (2) Where a form prescribed by these regulations requires completion by the insertion of particulars or other matters referred to in the form, those particulars or other matters are prescribed as those required by these regulations.
- (3) A form prescribed by these regulations and containing any directions for its completion, shall be completed in accordance with those directions.
- Fees 5. (1) Every application for the issue, renewal, transfer or variation of a licence or an application for a certificate of competency shall be accompanied by the fee prescribed in subregulation (2) of this regulation.
- (2) The several fees payable are—
- | | |
|---|----|
| | \$ |
| on the issue or renewal of a licence for the collection and processing of semen for general sale or use | 75 |
| on the issue or renewal of a licence for storage and sale of semen | 40 |
| on the issue or renewal of a licence for the transplanting of ova and processes of production, handling, fertilisation, implantation and storage of ova for general sale or use | 75 |
| on the transfer or variation of a licence | 10 |
| on application for a certificate of competency | 10 |
- Condition for issue of licences. 6. It is a condition of any licence issued pursuant to Part II of these regulations which includes one or more of the following: collection, dilution, examination, chilling, freezing and processing of semen, that a veterinary surgeon or a person who is the holder of a certificate of competency for these procedures issued by the authority of the Minister be continuously employed on the premises and be responsible for the conduct of the licence in accordance with these regulations.

PART II.—LICENSED PREMISES.

Division 1.—Premises Licensed for the Collection and Processing of Semen for General Sale or Use.

- Licensed premises. 7. (1) A licence for the collection and processing of semen for general sale or use shall not be issued unless the premises to which the licence applies are provided with—
- (a) fences and gateways constructed in accordance with the provisions of subregulation (2) of this regulation, so as to prevent the transmission of disease to stock on the premises, and prevent the unauthorised movement of stock onto, within or out of the premises;
 - (b) a quarantine area so situated that drainage or effluent cannot flow onto or escape from that area to any other part of the premises to which stock have access; and
 - (c) a hospital area for the housing, diagnosis and treatment of intercurrent diseases of stock which have been admitted to the premises.
- (2) For the purposes of subregulation (1) of this regulation, licensed premises shall comprise—
- (a) a fence surrounding the boundary of the premises;
 - (b) a fence so erected that—
 - (i) no part of it is within 3 metres of the boundary fence; and
 - (ii) it will prevent the unauthorised access of animals on the premises to the boundary fence or any gateway which is part of the boundary fence;
 - (c) a post and rail fence of not less than 1.5 metres in height surrounding the quarantine area on the premises with a gate or gates that are capable of being securely fastened; and
 - (d) a fence that will prevent the unauthorised approach of any stock on the premises to within six metres of the quarantine area.

Movement of stock into and out of licensed premises.

8. (1) A person shall not, except with the approval of the Chief Veterinary Surgeon, move stock into or out of the quarantine area.

(2) Subject to these regulations, a person shall not permit any animals, other than cattle, horses or dogs, to enter or remain upon licensed premises.

Movement of horses on premises.

9. (1) A person shall not permit a horse to enter, or remain upon the premises, unless the horse has, within the thirty days immediately prior to its entry, been tested for brucellosis and leptospirosis, by a veterinary surgeon and has given negative result to those tests.

(2) A horse admitted to the premises pursuant to subregulation (1) of this regulation shall, forthwith after entry, be placed in the quarantine area and a person shall not permit it to be removed therefrom until it has been tested again by a veterinary surgeon, for the diseases referred to in subregulation (1) of this regulation, and has given negative result to those tests.

Entry of bulls on premises.

10. (1) A person shall not permit a bull to enter or remain upon the premises, unless the bull has, within the thirty days immediately prior to its entry, been examined clinically and tested in isolation by a veterinary surgeon for—

- (a) tuberculosis; using the single intradermal (caudal fold) test, with negative results;
- (b) brucellosis; using the Complement Fixation Test, by warm fixation and doubling serum dilution from 1 in 4 to 1 in 128 inclusive, with negative results;
- (c) leptospirosis; using the agglutination-lysis test, for *L. pomona* and *L. hardjo* with negative results;
- (d) vibriosis; by examination of preputial scrapings by culture and immunofluorescence, with negative results;
- (e) trichomoniasis; by examination of preputial scrapings by culture, with negative results and found to be free of trichomoniasis;
- (f) evidence of infectious or contagious disease; and
- (g) hereditary defects as listed in the Second Schedule, including testing for mannosidosis of bulls of susceptible breeds.

(2) In the case of a sexually mature bull, in addition to compliance with the provisions of subregulation (1) of this regulation—

- (a) a semen examination shall be performed, with satisfactory results as to sperm morphology, density, motility, and freedom from the presence of inflammatory products; and
- (b) seminal plasma shall be subjected to a brucellosis agglutination test, with negative results.

(3) Notwithstanding anything in subregulation (1) of this regulation bulls under the age of five months which are sexually immature may be permitted to enter and remain upon the premises without being tested for vibriosis and trichomoniasis, but shall be subjected to those tests at the age of ten months, and prior to the first collection of semen.

(4) A veterinary surgeon examining a bull shall certify—

- (a) that he has found no evidence of any infectious or contagious disease, or hereditary defect as listed in the Second Schedule; and
- (b) that the results to the tests performed pursuant to paragraphs (a), (b), (c), (d) and (e) of subregulation (1) of this regulation are negative.

Tests for bulls in Quarantine Area.

11. (1) A bull qualified to enter and remain on the premises pursuant to regulation 10 shall, forthwith after entry, be placed in the quarantine area, and shall not be removed unless it has again been tested by a veterinary surgeon for—

- (a) tuberculosis; using the single intradermal (caudal fold) test not earlier than eight weeks after the introductory test, with negative results;
- (b) brucellosis; according to the procedure set out in paragraph (b) of subregulation (1) of regulation 10 not earlier than eight weeks after the introductory test, with negative results;

(c) leptospirosis; according to the procedure set out in paragraph (c) of subregulation (1) of regulation 10 not earlier than eight weeks after the introductory test, with negative results; and

(d) subject to subregulation (2) of this regulation, vibriosis and trichomoniasis; according to the procedures set out in paragraphs (d) and (e), respectively, of subregulation (1) of regulation 10 on four occasions at weekly intervals, with negative results.

(2) The provisions of paragraph (d) of subregulation (1) of this regulation shall not apply in the case of bulls admitted in accordance with subregulation (3) of regulation 10.

(3) All bulls shall be subjected to an approved course of treatment with streptomycin after the completion of the final testing for vibriosis and trichomoniasis.

(4) Where a bull gives positive results to testing for leptospirosis, it may be accepted if additional tests after treatment with streptomycin show a stable or falling titre.

(5) A veterinary surgeon examining a bull shall, on completion of the tests referred to in subregulation (1) of this regulation, certify that the results to those tests are negative.

Semen not to be collected from bulls in quarantine.

12. Semen shall not be collected for sale from a bull while it is being held in a quarantine area pursuant to these regulations.

Entry of steers on premises.

13. (1) A person shall not permit a steer to enter or remain upon the premises unless—

(a) the steer has been castrated before the age of five months; and

(b) within thirty days prior to entry the steer was examined by a veterinary surgeon whilst held in isolation, in accordance with the provisions of subregulation (2) of this regulation.

(2) A veterinary surgeon examining a steer shall certify—

(a) that he has found no evidence of any infectious or contagious disease; and

(b) that the results to tests performed for tuberculosis, brucellosis and leptospirosis according to the provisions of paragraphs (a), (b) and (c) of subregulation (1) of regulation 10 are negative.

Tests of steers in quarantine.

14. (1) A steer qualified to enter premises pursuant to regulation 13 shall forthwith after entry be placed in the quarantine area and shall not be removed unless it has again been tested by a veterinary surgeon for tuberculosis, brucellosis and leptospirosis according to the provisions of paragraphs (a), (b) and (c) of subregulation (1) of regulation 11, with negative results.

(2) A veterinary surgeon testing a steer shall on completion of the tests referred to in subregulation (1) of this regulation, certify that the results to those tests are negative.

Entry of cows and heifers on premises.

15. (1) A person shall not permit a cow or heifer to enter or remain upon the premises unless it has within the thirty days immediately prior to its entry been clinically examined and tested in isolation by a veterinary surgeon in accordance with the provisions of subregulation (2) of this regulation.

(2) A veterinary surgeon examining a cow or heifer shall certify that—

(a) he has found no evidence of infectious or contagious disease;

(b) he has tested the animal for tuberculosis, brucellosis and leptospirosis according to the provisions of paragraphs (a), (b) and (c) of subregulation (1) of regulation 10 with negative results;

(c) vaginal mucus was collected and submitted to agglutination and cultural tests for vibriosis with negative results; and

(d) vaginal mucus was collected and cultured for evidence of trichomoniasis with negative results.

Tests for cows and heifers in quarantine.

16. (1) A cow, or heifer, that is qualified to enter premises pursuant to regulation 15 shall, forthwith after entry, be placed in the quarantine area and shall not be removed until it has again been tested by a veterinary surgeon for—

- (a) tuberculosis, brucellosis and leptospirosis; according to the provisions of paragraphs (a), (b) and (c) of subregulation (1) of regulation 11, with negative results;
- (b) vibriosis; by examination of vaginal mucous by agglutination and culture, on four occasions at weekly intervals, with negative results; and
- (c) trichomoniasis; by cultural examination of vaginal mucous, on four occasions at weekly intervals, with negative results.

(2) A veterinary surgeon testing a cow or heifer shall on completion of the tests referred to in subregulation (1) of this regulation, certify that the results of those tests are negative.

Testing of stock after release from quarantine area.

17. (1) Any stock which have been removed from the quarantine area after completion of negative tests and are retained on the premises shall be checked for the diseases, in accordance with the procedures (if any) at such time intervals as are specified in the following table—

Stock.	Disease, Procedure and Result.	Frequency.
1. Horses.	(a) Brucellosis with negative results.	Not less than once in every 12 months.
	(b) Leptospirosis with negative results.	Not less than once in every 12 months.
2. Bulls.	(a) Tuberculin test with negative results.	Not less than once in every 12 months.
	(b) Brucellosis — complement fixation test with negative results.	Not less than once in every 12 months.
	(c) Leptospirosis—with results satisfactory to the Chief Veterinary Surgeon.	Not less than once in every 12 months.
	(d) Examination by culture and immunofluorescence of preputial scrapings for vibriosis infection, with negative results.	Not less than once in every 12 months.
	(e) Examination by culture of preputial scrapings, for trichomoniasis infection with negative results.	Not less than once in every 12 months.
3. Steers.	(a) Tuberculin test with negative results.	Not less than once in every 12 months.
	(b) Leptospirosis—with results satisfactory to the Chief Veterinary Surgeon.	Not less than once in every 12 months.
4. Cows and heifers.	(a) Tuberculin test with negative results.	Not less than once in every 12 months.
	(b) Brucellosis — complement fixation test, with negative results.	Not less than once in every 12 months.
	(c) Leptospirosis—with results satisfactory to the Chief Veterinary Surgeon.	Not less than once in every 12 months.
	(d) Examination by culture and mucous agglutination tests of vaginal mucous for vibriosis, with negative results.	Not less than once in every 3 months.
	(e) Examination by culture of vaginal mucous for trichomoniasis with negative results.	Not less than once in every 3 months.

- (2) Notwithstanding anything in subregulation (1) of this regulation, the Chief Veterinary Surgeon may require any stock referred to in subregulation (1) of this regulation, to be tested or treated in such manner and at such times as he may direct.
- Records to be kept by licensee. 18. (1) The licensee of premises under this Division shall keep records on the premises with respect to every horse and head of cattle that has at any time entered the premises, containing details of—
- the date or dates of the entry of the animal to, and its departure from the premises;
 - the particulars and dates of any tests or treatment for disease to which the animal is, or has been, subject; and
 - the identity of the animal.
- (2) Notwithstanding anything in subregulation (1) of this regulation, where the animal is a bull, the records shall provide details of the date or dates of entry, name, breed, herd book registration number, tattoo mark (if any) and the date of birth.
- Annual report. 19. The licensee shall submit to the Chief Veterinary Surgeon a report comprising of a certificate in the form of Form 11 in the First Schedule by the end of January of each year.
- Collection of semen. 20. (1) Semen shall be collected by means of an artificial vagina or by electrical stimulation and not otherwise.
- (2) A cow or heifer shall not be used as a decoy during the process of collecting semen, unless the cow or heifer is correctly fitted with an approved appliance that will prevent the transmission of bovine venereal disease.
- Licensed premises to be properly equipped and maintained. 21. (1) All premises licensed under this Division shall be provided with a laboratory equipped with all the necessary equipment for the examination, appraisal, dilution, chilling, freezing, processing and storage of semen.
- (2) All equipment with which semen may come into contact during collection and any procedure referred to in subregulation (1) of this regulation shall—
- be effectively cleaned and sterilized before any occasion of its use for that purpose; and
 - not be used on any other premises without the prior consent of the Chief Veterinary Surgeon.
- Samples from test bulls not to be introduced into laboratory. 22. Samples collected from bulls under test pursuant to regulation 10 and regulation 11 and any equipment used in the process shall not be introduced into the laboratory referred to in regulation 21.
- Terminal for inseminators to be outside of premises. 23. Where a terminal for inseminators is associated with the premises, it shall be situated outside the boundary of the licensed premises.
- Semen not produced on premises not to be processed thereon. 24. Only semen produced on premises licensed under this Division shall be processed on those premises.
- Vessels to be clearly identified. 25. (1) Any vessel used to hold semen between the time of collection and that of storage or packing for sale shall be clearly marked so as to enable the semen it contains to be identified.
- (2) The mark referred to in subregulation (1) of this regulation shall correspond to the entry in the records kept pursuant to regulation 30.
- Semen to be appraised after collection. 26. (1) All semen shall, forthwith after collection, be appraised for the concentration, motility and morphology of its content of spermatozoa.
- (2) Semen shall not be diluted, chilled, frozen or processed, unless at the time of its appraisal—
- it contains a concentration of not less than 500 million spermatozoa per millilitre; and
 - not less than 60 per cent of spermatozoa content is actively motile and morphologically normal.

Storage of semen intended for sale.

27. Semen found to be suitable for processing pursuant to subregulation (2) of regulation 26 shall, as soon as practicable after appraisal, be diluted and where the semen is intended for sale shall—

- (a) as chilled semen, be chilled to a temperature of between 1° C and 10° C;
- (b) as frozen semen, be chilled and placed in approved containers and sealed in approved quantities and be frozen to a temperature of —75° C, or at a lower temperature; and
- (c) as variable temperature semen, be maintained at a temperature not exceeding 27° C.

Sale of frozen semen.

28. (1) Semen frozen pursuant to paragraph (b) of regulation 27 shall not be sold unless each container holds not less than five million actively motile and morphologically normal spermatozoa after thawing.

(2) The licensee shall destroy all semen collected in the same collection for freezing, where the semen tested does not comply with the requirements of subregulation (1) of this regulation.

Containers for packing semen to be identified.

29. Each container in which semen is stored or packed for despatch from the premises shall be colour-coded and shall be clearly and indelibly marked—

- (a) with the date of collection;
- (b) the batch number;
- (c) the licensed premises at which it was collected; and
- (d) the identification and breed of bull from which it was collected.

Licensee to keep records of collected semen.

30. The licensee shall cause records to be maintained on premises at all times showing—

- (a) with respect to the collection of semen—
 - (i) the identity of the bull from which the semen was collected;
 - (ii) the date of collection and the identity number assigned to such collection and batch of semen;
 - (iii) the total quantity collected;
 - (iv) the results of the appraisal, with respect to the concentration, motility and morphology of spermatozoa;
 - (v) the degree to which the semen is diluted and the constituents of the diluent used;
 - (vi) whether the semen is chilled or frozen and the quantity of semen so preserved;
 - (vii) details of the despatch of the collection or any of it for sale; and
 - (viii) details of the disposal of any part of the collection, whether diluted or undiluted that is not otherwise accounted for under subparagraph (vii) of this regulation;
- (b) with respect to the disposal of all semen, whether by rejection, destruction, use for examination, sale or other disposition showing—
 - (i) the date of despatch of semen;
 - (ii) the name of the licensed premises or person to whom it was despatched;
 - (iii) the quantities of semen despatched;
 - (iv) the markings made on containers, pursuant to regulation 29, of semen despatched or taken from the premises and, in each case whether it was chilled, or frozen semen;
 - (v) the quantities of semen returned as unused, the name of the person and date; and
 - (vi) the method, date of disposal and particulars of any semen not otherwise accounted for in the records.

Certificate to be attached to despatched semen.

31. The licensee shall ensure that a certificate is sent with all semen despatched, certifying—

- (a) the origin of the semen;
- (b) the name and address of the premises from which it is despatched; and
- (c) that the semen to which the certificate relates corresponds to the markings identifying it on the container in which it was despatched.

Division 2.—Premises Licensed for the Storage and Sale of Semen.

Licensed premises.

32. A licence for the storage and sale of semen shall not be issued unless the premises to which the licence applies include—

- (a) facilities approved by the Chief Veterinary Surgeon for the holding or storage of semen; and
- (b) facilities for cleaning and sterilizing of equipment used for storage of semen.

Licensee to keep records.

33. The licensee of premises under this Division shall keep records showing—

- (a) the date of the receipt and despatch of semen;
- (b) the name of the licensed premises from which semen was received and of the person to whom it was despatched;
- (c) the quantities of semen received and the quantities despatched;
- (d) the markings made on containers, pursuant to regulation 29, of semen received and despatched from the premises and, in each case, whether it was chilled or frozen semen;
- (e) any quantities of semen returned as unused and the name of the person and date;
- (f) the method, date of disposal and particulars of semen not otherwise accounted for in paragraphs (a) to (e) inclusive of this regulation.

Licensee to issue certificate.

34. The licensee of premises under this Division shall cause a certificate to be sent with all semen despatched, certifying as to—

- (a) the origin of the semen;
- (b) the name and address of the premises from which it is despatched; and
- (c) the identity of the semen by referral to the markings on the container in which it was despatched.

Records.

35. The licensee shall submit a record of semen receipts and usage in the form of Form 7 in the First Schedule for examination by the 31st July and 31st January of each year.

Division 3.—Premises Licensed for the Transplanting of Ova and Processes of Production, Handling, Fertilization, Implantation and Storage of Ova for General Sale or Use.

Facilities for premises.

36. (1) A licence for the transplantation of ova and the processes of production, handling, fertilization, implantation and storage of ova for general sale or use shall not be issued unless the premises to which the licence applies are provided with—

- (a) fences of such quality and construction as will prevent unauthorized movement of stock onto, within, or out of the premises, and prevent the transmission of disease to stock on the premises;
- (b) a hospital area for housing, diagnosis and treatment of intercurrent diseases of stock admitted to the premises; and
- (c) all necessary equipment and facilities to carry out the procedures related to the production, fertilization and transplantation of ova.

- Use of equipment. 37. All equipment provided pursuant to paragraph (c) of regulation 36, which may come into contact with semen or ova shall—
- (a) be properly cleaned and sterilized before any occasion of its use; and
 - (b) not be used on any premises other than the licensed premises, without the consent of the Chief Veterinary Surgeon.
- Introduction of semen onto premises. 38. (1) A person shall not introduce semen or permit semen to be introduced onto the premises unless that semen is derived from premises licensed pursuant to Division 1 of these regulations.
- (2) Notwithstanding the provisions of subregulation (1) of this regulation, semen may be introduced if the prior approval of the Chief Veterinary Surgeon is obtained, subject to any conditions that the Chief Veterinary Surgeon may impose.
- Entry of bulls onto premises. 39. A person shall not permit a bull to enter or remain upon the premises unless it has been conveyed directly from premises licensed under Division 1 of these regulations and has complied with the tests set out in regulation 10 and regulation 11.
- Admission of horses onto premises. 40. A person shall not permit a horse to enter or remain upon the premises unless it has within thirty days immediately prior to entry been tested for brucellosis by a veterinary surgeon and has given negative results to that test.
- Entry of cows, heifers and steers onto premises. 41. (1) A person shall not permit a cow, heifer or steer to enter or remain upon the premises unless the animal has been conveyed—
- (a) from a herd which has been declared by the Chief Veterinary Surgeon pursuant to the Stock Diseases (Regulations) Act, 1968 as amended, to be—
 - (i) accredited brucellosis free; or
 - (ii) certified brucellosis free; or
 - (b) from a herd not under quarantine restrictions in a declared brucellosis free area or provisionally free area pursuant to the Stock Diseases (Regulations) Act, 1968 as amended.
- (2) The Chief Veterinary Surgeon may require an animal referred to in subregulation (1) of this regulation to undergo such other diagnostic tests as he may determine.
- Chief Veterinary Surgeon may require animals to be tested and treated. 42. The Chief Veterinary Surgeon may require any horse or cattle on the premises to be tested and treated for disease in such a manner and at such times as he may specify, and that animal or those animals shall be treated accordingly.
- Tests for animals leaving premises. 43. A person shall not permit a cow, or heifer or bull to leave the premises unless—
- (a) it has been tested for brucellosis with negative results; or
 - (b) a permit to remove has been obtained from the District Inspector, subject to any conditions that the Chief Veterinary Surgeon may make.
- Records. 44. (1) The licensee of premises under this Division shall cause records to be kept on the premises in respect of every horse and head of cattle that has at any time been on the premises, setting out—
- (a) individual identification;
 - (b) the date of entry of the animal and its origin;
 - (c) the date of departure of the animal and its destination; and
 - (d) the particulars, dates and results of any tests or treatment for disease to which the animal is, or has been subject.
- (2) The licensee of premises under this Division shall cause to be kept on the premises records showing—
- (a) the date of receipt of semen;
 - (b) the name of the licensed premises from which semen was received;
 - (c) the markings on each container received;
 - (d) the date on which the semen was used for artificial insemination of cows;

- (e) the identification of the cows inseminated;
- (f) the method and date of disposal; and
- (g) particulars of semen not otherwise accounted for pursuant to this subregulation.

PART III.—CERTIFICATES OF COMPETENCY.

Application for certificate of competency. 45. (1) A person who seeks to be issued with a certificate of competency shall make an application in the form of Form 5 in the First Schedule.

(2) A certificate of competency shall be issued to a herdsman-inseminator or an authorised inseminator on the condition that the holder of the certificate of competency annually submits to the Chief Veterinary Surgeon the Inseminator Annual Return of Semen usage and Non-Return Ratios in the form of Form 8 in the First Schedule.

Authorized inseminators. 46. A person who desires to be issued with a certificate of competency as an authorised inseminator shall—

- (a) pass an examination on the theory of artificial insemination conducted by a person or organisation approved by the Chief Veterinary Surgeon; or
- (b) show, in the opinion of the Chief Veterinary Surgeon, such knowledge of the theory of artificial insemination of cattle and such practical training in the packing and storing and use of semen, whether demonstrated by practical test or not, as warrants the issue of a certificate.

Herdsman-inseminators. 47. A person who desires to be issued with a certificate of competency as a herdsman-inseminator shall—

- (a) pass an examination on the theory and practice of artificial insemination conducted by a person or organisation approved by the Chief Veterinary Surgeon; or
- (b) show, in the opinion of the Chief Veterinary Surgeon, such knowledge of the theory and practice of artificial insemination, whether demonstrated by practical test or not, as warrants the issue of a certificate.

Custom collectors. 48. A person who desires to be issued with a certificate of competency as a custom collector of semen shall satisfy the Chief Veterinary Surgeon that he possesses adequate knowledge of the theory and practice of the collection and processing of semen.

PART IV.—INSEMINATORS.

Records. 49. An authorised inseminator or herdsman-inseminator shall keep a record of all semen received by him from licensed premises for the purpose of the artificial insemination of cows providing details of—

- (a) the address of every licensed premises from which semen is received, the quantities received in each case and the date of each receipt;
- (b) the markings on each container received and whether it contained chilled or frozen semen;
- (c) the date on which the semen or any of it was used for the artificial insemination of cows;
- (d) the identity of, and the name and address of the owner of any cows inseminated; and
- (e) the method, date of disposal and particulars of any semen not used for insemination of cows or otherwise accounted for in accordance with this regulation.

Records of conception rate. 50. An authorised inseminator or herdsman-inseminator shall keep records showing the conception rate resulting from the use of semen, identifying the rate in each case with the particulars of the bull from which it appears that the semen was collected.

Use of semen. 51. An authorised inseminator or herdsman-inseminator shall not use any semen for the insemination of cows other than semen drawn from a container marked in accordance with the provisions of regulation 29.

Equipment in transport of semen. 52. An authorised inseminator or herdsman-inseminator shall use for the transport of semen such equipment as will maintain the semen at the respective temperatures prescribed for its storage by regulation 27.

Prevention of transmission of disease. 53. (1) An authorised inseminator or herdsman-inseminator when inseminating cows, shall take every precaution necessary to ensure that disease is not transmitted between cows, whether of the same herd or from a different herd.

(2) A fresh, sterile pipette or sheath shall be used for each insemination and shall be discarded after use.

PART V.—CUSTOM COLLECTION OF SEMEN.

Processing of semen. 54. A custom collector of semen shall not process semen from a bull for storing unless—

- (a) the animal is resident in a herd which has been declared by the Chief Veterinary Surgeon pursuant to the Stock Diseases (Regulations) Act, 1968 as amended, by notice in writing to be an accredited brucellosis free herd, or a certified brucellosis free herd; or
- (b) the animal is resident in a herd, not under quarantine restrictions in a declared brucellosis free area, or brucellosis provisionally free area, under the provisions of the Stock Diseases (Regulations) Act, 1968 as amended; or
- (c) the approval of the Chief Veterinary Surgeon has been obtained and the bull has been subjected to isolation and tests for brucellosis as required by him; and
- (d) the animal is resident in a herd which has been declared by the Chief Veterinary Surgeon by notice in writing to be accredited tuberculosis free; or
- (e) the animal is resident in a herd not under quarantine restrictions in a declared tuberculosis free area; or
- (f) the animal is resident in a herd not under quarantine restrictions in a declared tuberculosis provisionally free area, and the herd has been tested with negative results not more than twelve months prior to the date of collection and processing; or
- (g) the animal has been isolated for thirty days and then tuberculin tested with negative results prior to the date of collection and processing.

Identification of semen. 55. The semen shall be processed in ampoules or wine red straws identified by marking "UL—(owner of bull)—(processor)—(bull)—(batch)".

Certification of doses. 56. Each batch shall be sample checked and certified that each dose, on thawing contains a concentration of not less than 5 million actively motile and morphologically normal spermatozoa.

Storage of semen in licensed premises. 57. The semen may be stored at premises licensed for storage and sale provided that it is stored in a vessel containing only such semen and which is clearly identified as such.

Chief Veterinary Surgeon to be notified of collection. 58. A custom collector shall notify the Chief Veterinary Surgeon of each collection in the form of Form 9 in the First Schedule.

PART VI.—IMPORTATION OF SEMEN FROM OTHER STATES OR PARTS OF THE COMMONWEALTH.

Prohibition on importation of bovine semen. 59. A person shall not, without the written authority of an inspector in the form of Form 10 in the First Schedule, import into this State any bovine semen or accept delivery of such semen, whether personally or by agent.

Importation of semen from licensed premises. 60. A person shall not import into this State semen that is produced at or introduced directly from premises licensed under legislation controlling artificial breeding of stock in any State or Territory of the Commonwealth, unless it is accompanied by a certificate of identification approved by the Chief Veterinary Surgeon—

- (a) listing the names and breeds of the donor bulls;
- (b) stating the quantity, date of collection and batch number of containers in the consignment; and
- (c) stating that each container holds not less than five million actively motile and morphologically normal spermatozoa on thawing.

Additional
containers.

61. Where the requirements of paragraph (c) of regulation 60 are not met, samples additional to those intended to be imported shall be included in the consignment in respect of each collection of semen from each bull—

- (a) where not more than one hundred containers are intended to be imported or introduced, an additional three containers; or
- (b) where more than one hundred containers are intended to be imported or introduced, an additional three containers for the first one hundred, and a further two containers for each further one hundred or part of one hundred.

Importation
of semen
from un-
licensed
premises.

62. (1) A person shall not import into this State semen that is produced at or imported from premises which are not licensed under legislation controlling artificial breeding of stock in a State or Territory of the Commonwealth unless—

- (a) the approval of the Chief Veterinary Surgeon shall be obtained prior to the importation;
- (b) the semen is accompanied by a certificate from the District Veterinary Officer for the district of the State or Territory from which the semen will be imported certifying—

- (i) that the donor bull is derived from a herd which is not known to be or suspected of being infected with tuberculosis or brucellosis and in which Johne's disease has not been known or suspected to exist during the five years prior to the date of collection; and

- (ii) that the donor bull prior to collection has been isolated for a period of not less than sixty days prior to being tested with negative results for—

- (I) tuberculosis, using the single intra-dermal tuberculin test;
- (II) brucellosis, using the Complement Fixation Test, by warm fixation and doubling serum dilution from 1 in 4 to 1 in 128 inclusive;
- (III) leptospirosis, using the agglutination-lysis test for *L. pomona*, and *L. hardjo*;
- (IV) vibriosis, by examination of preputial scrapings by culture and immunofluorescence;
- (V) trichomoniasis, by examination of preputial scrapings by culture.

(2) Semen imported pursuant to subregulation (1) of this regulation shall be—

- (a) despatched in ampoules or wine red straws marked—

UL — (owner of bull) — (processor) — (bull) — (batch);

- (b) certified that each batch has been checked and each dose, on thawing, contains a concentration of not less than five million actively motile and morphologically normal spermatozoa;
- (c) used only on cattle in Western Australia owned by the person to whom the semen is being consigned.

(3) Semen imported into the State pursuant to subregulation (1) of this regulation may be stored at licensed premises provided that it is stored in a vessel containing only such semen and the vessel is clearly identified as such.

PART VII.—MISCELLANEOUS.

63. A person shall not mix semen of one bull with that of another or mix semen collected on one day with that collected on another.

64. Records required to be kept under these regulations shall not be destroyed, until after a period of three years from the date of their being made.

65. Every person who by act or omission commits an offence against these regulations shall be liable to a penalty of one hundred dollars.
