APPLICATIONS FOR LEASING.

Department of Lands and Surveys,
Perth, 5th October, 1979.

Corres. 902/75.

APPLICATIONS are invited under section 117 of the Land Act, 1933-1977 for the leasing of Jerramungup Lots 197 and 199 containing an area of 2 428 and 2 327 square metres respectively for the purpose of "Light Industry" for a term of 10 years at a rental of \$50 per annum per lot.

Intending applicants shall submit with their application an outline plan drawn to scale, showing development proposed within two years from the date of approval of the application.

The Minister for Lands reserves the right to refuse any application on the grounds that the proposed development is inadequate or unsuitable.

On completion of substantial development to the satisfaction of the Minister for Lands the lessee may surrender his lease in order that the land may be made available in freehold. In this regard it is advised that the lessee should not anticipate freehold title before providing full details of contemplated development for departmental examination and approval. The price for the land shall be \$850 per lot and shall remain valid for a period of 3 years from this date.

The land is made available for leasing subject to the following conditions:—

- (1) The land shall not be used for any purpose other than "Light Industry" without the prior approval in writing of the Minister for Lands.
- (2) The lessee shall not without the previous consent in writing of the Minister for Lands assign, transfer, mortgage sublet or part with the possession of the demised land.
- (3) The land shall be occupied and used by the lessee for the purpose specified within nine (9) months of the commencement of the lease and thereafter will be continuously so used to the satisfaction of the Minister.
- (4) The lessee shall commence construction within nine (9) months and thereafter continue construction and complete and operate the works within two (2) years from the date of the commencement of the lease.
- (5) All buildings, erections, paving, drainage and other works shall be to the approval of the Local Authority and the lessee shall perform, discharge and execute all requisitions and works unto the demised land as are or may be required by any local or public authority operating under any statute by-law or regulation.
- (6) The lessee shall, within twelve months from commencement of the lease, fence the external boundaries to the requirements of the Local Authority.
- (7) The lessee shall maintain existing and future improvements to the satisfaction of the Minister for Lands.
- (8) The only residence permitted will be that of the Lessee or a Manager or Manager/Caretaker.

- (9) The lessee shall indemnify the Minister against all claims for damage to property or persons arising from the use of the land.
- (10) Compensation shall not be payable to the lessee in respect of any improvements effected by him on the demised land and remaining thereon at the expiration or earlier determination of the lease.
- (11) It shall be lawful for the lessee at any time within the three calendar months immediately following the expiration of the term or earlier determination of the lease, to take down, remove, and carry away any buildings, structures, improvements and plant the property of the lessee.
- (12) On determination of the lease, the lessee shall fill in, consolidate and level off any unevenness, excavation or hole caused by him during the term of the lease or by removal of his improvements and shall leave the demised land in a clean, neat and tidy condition to the satisfaction of the

Minister for Lands and shall remove any or all waste matter as required by the Minister.

A person in the employ of the State must apply through the Under Secretary for Lands for the Governor's permission to hold this land. Written approval of the Permanent Head concerned should accompany such application.

Applications must be lodged at the Department of Lands and Surveys Perth on or before Wednesday, November 7, 1979 accompanied by a deposit of \$28.50.

All applications lodged on or before that date will be treated as having been received on the closing date, and if there are more applications than one for either lot, the application to be granted will be decided by the Land Board.

(Plan Jerramungup Townsite (Bennett, Newton and Moorshead Streets).)

Acting Under Secretary for Lands.

LAND ACT, 1933-1977.

Regulations for the Guidance of Surveyors in the Department of Lands and Surveys.

(Regulation 150.)

I, DAVID JOHN WORDSWORTH, Minister for Lands, acting under the provisions of regulation 150 of the Regulations for the Guidance of Surveyors in the Department of Lands and Surveys, hereby fix the remuneration payable to surveyors for surveys carried out under those regulations as the amounts set out in the Schedule below with effect on and from the 8th day of October, 1979.

Schedule.

The fees payable to surveyors for surveys carried out under the regulations shall be as follows—

1. CADASTRAL SURVEYS RURAL:

- (a) For each survey effected under a separate instruction, a basic fee of \$64.40 will be paid.
- (b) Only one basic fee will apply where two or more surveys are effected at the same time and utilise common establishment or re-establishment.
- (c) In addition to the basic fee a linear base rate of \$78.90 per kilometre will be paid for the definition of new boundaries. The cost of placing and provision of survey marks and reading of angles is inclusive in this charge.
- (d) The rate shall be the same for old lines re-established provided they are accurately ranged and chained and that old marks are renewed where necessary.
- (e) Provided the nature and extent of such variations are clearly shown in the field notes lodged, a loading on the base rate in respect to slope and vegetation variation may be applied using the tables hereunder as a guide. These loadings may be averaged where possible.
- (f) For traverses not marked in accordance with Regulations for the Guidance for Surveyors deduct 33½ per cent.

Tables.

2. CADASTRAL SURVEYS URBAN:

- (a) For each survey effected under a separate instruction, a basic fee of \$64.40 will be paid.
- (b) Only one basic fee will apply where two or more surveys are effected at the same time and utilise common establishment or re-establishment.
- (c) Additional fees will be paid in accordance with the following table:—

	Under 2 000 m ²	2 000 m ² to under 4 000 m ²	4 000 m ² to under 8 000 m ²	8 000 m ² to under 2 ha	2 ha to under 3 ha	3 ha to under 4 ha	4 ha to under 6 ha	6 ha to under 10 ha
1st Lot \$	119.20	127.80	140.60	170.70	190.60	222.20	281.80	331.20
Each Succeeding lot \$	34.40	41.90	51.60	66.60	82.70	98.80	132.00	155.70

Where the area of lots in a subdivision vary, the initial charge shall be in the category of the greatest number of lots.

- (d) The fees include the cost of materials, marking, pickup and control set out.
- (e) For lots of 10 hectares in area and greater fees shall be the same as for Cadastral Surveys Rural.
- (f) For lots of irregular sides add to the prescribed fee 25 per cent of the relevant "each succeeding lot" fee in paragraph (c) of this item but this does not apply where the irregularity is caused by the truncation of a lot corner.
- (g) For lots with curved boundaries add to the prescribed fee 50 per cent of the relevant "each succeeding lot" fee in paragraph (c) of this item.
- (h) For truncation at the time of subdivision add (each) \$14.50.
- (i) Where the purpose of the survey is to truncate a corner and no other survey is involved the fee shall be the same as for one lot of under 2 000 m².
- (j) For repegging, lot fees shall be 75 per cent of the above scale.
- (k) For rough areas, or when the necessary pickup is excessive a loading of up to 33½ per cent may be charged subject to approval being obtained from the Surveyor-General or other duly authorised officer.

3. ROAD SURVEYS RURAL:

- (a) Where the survey requires the ranging and measurement of one boundary of a road and laying off the other boundary, rates as for Cadastral Surveys Rural shall apply for both boundaries.
- (b) Where by instruction it is necessary to offset both boundaries from a traverse, payment will be made at a rate approved by the Surveyor-General or other duly authorised officer.
- (c) Where the purposes of the survey is to truncate, deviate or widen existing road boundaries, the following rates may be charged:—
- (i) As for Cadastral Surveys Rural as specified in item 1, or
 - (ii) as for Cadastral Surveys Urban as specified in item 2 paragraphs (a), (b), (c), (d), (f), (g) and (k), allowing that each portion added to or subtracted from existing lots and locations to be considered a lot. Surveyed portions connected by new road alignments are considered to fall within the definitions as outlined in item 2 paragraph (b) and (c).

4. HOURLY RATES:

- (a) Surveyor, in the field—
- | | \$ |
|--|-------|
| non-licensed, under supervision | 17.20 |
| licensed, less than 4 years experience | 21.50 |

c | Heavy
duty
c |
|---|--------------------|--------------------|
| Surveyor only, per kilometre | 52.8 | 67.1 |
| Surveyor with one employee per kilometre | 62.7 | 77 |
| Surveyor with two employees per kilometre | 71.5 | 85.9 |
| Surveyor with three employees per kilometre | 77 | 91.3 |
- (c) The provisions of this item are subject to the provisions of regulation 53 of the Regulations for the Guidance of Surveyors in the Department of Lands and Surveys.

6. ACCOMMODATION:

- (a) Where a surveyor or his assistants are obliged to live away from home requiring the surveyor to provide suitable accommodation an allowance of \$9.70 per man per day shall be paid.
- (b) Where expenses are extreme, and subject to approval by the Surveyor-General or other duly authorised officer, the actual accommodation costs may be paid.
- (c) In the circumstances referred to in paragraph (b) all receipts must be submitted with the claim.

7. GENERAL:

- (a) For observation for azimuth. (Minimum of four sets including calculations) \$36.00.
- (b) For observations of latitude and longitude, fees shall be paid on an hourly rate basis or at a rate determined after reference to the Surveyor-General or other duly authorised officer.
- (c) For obliteration of marked boundaries, hourly rate.
- (d) For observations to Geodetic Stations, hourly rate.
- (e) Other types of survey for which no rates are specified, hourly rate.
- (f) Level work will be paid for on an hourly rate basis unless specified otherwise by the Surveyor-General or other duly authorised officer.
- (g) For office calculations associated with survey, hourly rate less 10 per cent.
- (h) Searches by Surveyors will be paid for on an hourly rate basis as in 7(g) above subject to approval by the Surveyor-General or other duly authorised officer.
- (i) For loss of time attributable to the Department, hourly rate.
- (j) Where survey necessitates the use of special equipment, payment for such equipment may be made at a rate approved by the Surveyor-General or other duly authorised officer.

8. DISTRICT LOADINGS:

- (a) (i) For the purposes of district loadings the State is divided into the zones specified in the first column in the schedule below.
- (ii) The area of a zone specified in the first column in the schedule below is as specified directly opposite and corresponding to that zone in the second column of that schedule.
- (iii) A district loading specified as a percentage of the fees in the third column of the schedule below directly opposite and corresponding to a zone in the first column of that schedule is payable in respect of survey work carried out in that zone in addition to the other fees payable.

Schedule.

Zone	Area of Zone	Percentage of fee as a loading.

Notice to Owners and Occupiers of Land within the Shire of Coorow.

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required on or before October 31, 1979 to plough, scarify, cultivate or otherwise clear and thereafter maintain free of all inflammable material until the 15th day of April, 1980 firebreaks of not less than two (2) metres in width in the following positions on the land owned or occupied by you.

(1) Inside and along the whole of the external boundaries of the property or properties owned or occupied by you.

BUSH FIRES ACT, 1954.

Shire of Woodanilling.

Notice to all Owners and/or Occupiers of Land in the Shire of Woodanilling.

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required on or before the 15th day of November, 1979 and thereafter up to and including 31st day of March, 1980 to have a firebreak clear of all inflammable material not less than the width specified, in the following positions on all land owned or occupied by you.

1. Rural Land:

1.1 Immediately inside all external boundaries of all cleared or part cleared land not less than 2.5 metres wide (8 feet) and;

- 1.2 Parallel to and 20.11 metres (one chain) from the boundary of any railway reserve not less than 2.5 metres (8 feet) and;
 - 1.3 In any such other positions as is necessary to divide land in excess of 162 hectares into areas not exceeding 162 hectares (400 acres) each completely surrounded by a firebreak not less than 2.5 metres (8 feet) and;
 - 1.4 Immediately surrounding any part of land under crop not less than 2.5 metres wide (8 feet) not exceeding 162 hectares and;
 - 1.5 Immediately surrounding all buildings, haystacks, fuel ramps, storage tanks and drums situated on the land, not less than 4.8 metres wide (16 feet).
2. Townsite Land:
- 2.1 All blocks less than half of 0.2 hectares ($\frac{1}{2}$ acre) have the whole land clear of all inflammable materials.
 - 2.2 Where the area of land exceeds 0.2 hectares ($\frac{1}{2}$ acre) have a fire break not less than 2.5 metres (8 feet) in width immediately inside and around all external boundaries of the land.

If it is considered to be impracticable for any reason to clear firebreaks as required by this notice, you may apply to the Council or its Chief Fire Control Officer not later than the 1st day of November for permission to provide firebreaks in alternate positions on the land. If permission is not granted by this Council or its Chief Bush Fire Control Officer, you shall comply with the requirements of this notice.

The penalty for failing to comply with this notice is a fine of not less than \$20.00 and no more than \$400.00 and a person in default is also liable whether prosecuted or not, to pay the cost of performing the work directed in this notice, if it is not carried out by the owner or occupier by the date required by this notice.

If requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bushfires Act.

By order of the Council,

P. A. ANNING,
Shire Clerk.

BUSH FIRES ACT, 1954.

BUSH FIRES ACT, 1954-1977.

Town of Narrogin.

Firebreak Order and Information.

NOTICE to all owners and/or occupiers of land within the Municipality of the Town of Narrogin.

PURSUANT to the powers contained in section 33 of the above Act you are hereby required, on or before the 1st November, 1979 or within fourteen (14) days of you becoming the owner or occupier should this be after the 1st November, 1979, clear firebreaks in accordance with the following and thereafter to maintain the firebreaks clear of inflammable material up to and including the 14th February, 1980 (inclusive).

1. Where the area of the land is 1 350 m² or less all inflammable material on the land shall be removed by burning, close mowing, cultivation, grubbing or approved spraying.

2. Where the area of the land exceeds 1 350 m² in area, firebreaks at least 2.5 m wide shall be cleared of all inflammable material inside all external boundaries of the land and also surrounding all buildings situated on the land by burning, cultivation or approved spraying.

If it is considered to be impracticable to clear firebreaks as required by this Notice, you may apply to the Council or its duly authorised Officer not later than the 25th October, 1979 for permission to take alternative action to abate fire hazards on the land. If permission is not granted by the Council or its duly authorised Officer, you shall comply with the requirement of this Notice.

The penalty for failure to comply with this Notice is a fine of \$40.00 by Infringement Notice of \$400.00 by Prosecution, and a person in default is also liable, whether prosecuted or not, to pay the costs of performing the work directed, by the date required by this Notice.

(Section 33.)

Shire of Mullewa.

Notice to Owners and Occupiers of Land in the Shire of Mullewa.

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required on or before the 1st day of October, 1979, to plough, scarify, cultivate, or otherwise clear, and thereafter maintain free from all inflammable material until the 31st March, 1980, firebreaks of not less than two metres in width in the following positions of the land owned or occupied by you:—

- (1) Inside and along the whole of the external boundaries of the property or properties owned or occupied by you.
- (2) Around all paddocks under crop.
- (3) Where buildings or haystacks are situated on property additional firebreaks not less than two metres in width must be provided within 1.5 metres of the perimeter of such buildings or haystacks, in such a manner as to completely encircle the building or haystacks. If for any reason it is considered impracticable to provide firebreaks in the position required by this notice, the approval of the Shire Council must be obtained to construct such firebreaks in an alternative position. Approval to any such variation will only be granted where the Bush Fire Control Officer for the area has first signified his approval to the variation.

Where the land of an owner or occupier abuts a construction road, the owner or occupier has after obtaining the approval of the Authority which has the control and management of such road, burned or cleared the bush between the road formation and the boundary of his land, such firebreak will be accepted as complying with the requirements of this notice as far as it applies to the abutting boundaries of the property.

Dated this 15th day of September, 1979.

Shire of Narembeen.

Firebreak Order.

Notice to Owners and Occupiers of Lands within the Shire of Narembeen.

UNDER the provisions of the above Act, you are hereby required to:—

Agricultural Land.

(a) On or before the 1st November, 1979, to clear of all inflammable material, firebreaks not less than 3 metres (10 feet) wide in the following positions on all rural and townsite land owned or occupied by you and thereafter to maintain the firebreaks clear of inflammable material up to and including the 30th day of April, 1980.

- (1) Immediately inside all external boundaries of the land; and
- (2) In such other positions as is necessary to divide the land in excess of 120 hectares (300 acres) into areas not exceeding 120 hectares, each completely surrounded by a firebreak; and
- (3) Immediately surrounding any part of the land used for pasture or crop; and
- (4) Immediately surrounding all buildings, haystacks and fuel ramps situated on the land which are normally used for the storage of fuel whether they contain fuel or not; and

(b) On or before the 31st day of January, 1980 (or within 14 days of the date of completion of the preparation for burning should this be after the 31st day of January, 1980) to clear all inflammable material firebreaks not less than 20 metres (one chain) wide immediately inside the external boundaries of the land on which the bush has been bulldozed, chained or prepared in any similar manner for burning (whether you intend to burn the bush or not) and thereafter to maintain the firebreak clear of inflammable material up to and including the 30th day of April, 1980.

If it is considered to be impracticable for any reason to clear firebreaks as required by this notice, you may apply to the Council not later than 14 days prior to the date by which the firebreaks are required to be provided for permission to provide firebreaks in alternative positions on the land. No such application will be considered unless it is made in writing, adequately describes the land, and it is accompanied by written approval of the bush fire control officer for the area in which the land is situated. If permission is not granted by the Council you shall comply with the requirements of this notice.

The penalty for failing to comply with this notice is a fine not exceeding \$400.00. A person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed in this notice if it is not carried out by the owner or occupier by the date required by this notice.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act, 1954-1977.

Townsites Land.

On or before the 1st of November, 1979, remove all bush and inflammable material from vacant townsites land; but where buildings are erected on the land, prepare and thereafter maintain until 30th April, 1980, effective firebreaks around the perimeter of such buildings and inside and along the whole of the boundary of the land, cleared of inflammable material to a width of at least 1 metre (3 feet) or where the boundary is closer than 1 metre (3 feet) then for the lesser distance.

Failure or neglect to comply with this notice will render the owner or occupier liable to a penalty of \$400.

By order of the Council,

A. J. MIDDLETON,
Shire Clerk.

BUSH FIRES ACT, 1954-1977.

Shire of West Arthur.

Notice to Owners and Occupiers of Land.

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required, on or before the 30th day of November, 1979, to clear of all inflammable material or to clear firebreaks in accordance with the following, and therefore to maintain the land or the firebreaks clear of inflammable material up to and including the 1st day of April, 1980.

1. Rural Land: Owners or occupiers of land, other than within a townsite, shall clear of all inflammable material, firebreaks at least two and a half (2½) metres wide in the following positions:—

- (a) Immediately inside all external pasture boundaries of the land; and
- (b) surrounding and within one hundred (100) metres of any part of land used for crop.

2. Townsite Land: Owners and Occupiers of land within a townsite shall:—

- (a) Clear of all inflammable material the whole of the area where:
 - (i) The area of the land is 2 023 square metres or less; or
 - (ii) the land is used for the storage of inflammable liquids; or
 - (iii) there is a hotel situated thereon.
- (b) If the area of land exceeds 2 023 square metres (half an acre) clear of all inflammable material firebreaks at least two and a half (2.5) metres wide immediately inside all external boundaries of the land.

3. Homesteads, Buildings, Haystacks, Bulk Fuel, Drums and Liquid Petroleum: Owners and Occupiers of land shall during the period from 30th day of November, 1979, to the 1st day of April, 1980, inclusive have firebreaks at least ten (10) metres wide, if provided by burning, cultivating or spraying or thirty (30) metres wide, if provided by being closely grazed in such positions as are necessary to completely surround the perimeter of any homestead, building, fuel installation (including drums), haystacks or group of such structures or installations. Provided that wherever thirty (30) metre wide alternative is chosen, the outer two and a half (2.5) metres of the thirty (30) metre area must be totally free of any inflammable material.

4. Sawmills, Rural and Townsite Areas: Occupiers of sawmills shall clear of all inflammable material the whole of the land on which the sawmill is situated.

If for any reason it is considered impracticable to comply with any provision of this notice, a written application for a variation may be made to the Shire Council and must reach the Shire Clerk by the 14th day of November, 1979. Any such application must bear the signature of the fire control officer of the area signifying his agreement to the variation. If permission for variation is not granted the terms of this notice must be complied with, or as the Council directs.

Inflammable material is defined for the purpose of this order to include bush (as defined in the Bush Fires Act), boxes, cartons, paper and like inflammable materials, rubbish and also any combustible matter, but does not include green standing trees, or growing bushes and plants in gardens or lawns.

The penalty for failing to comply with this notice is a fine not exceeding \$400 and a person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed in this notice if it is not carried out by the owner or occupier by the date required by this notice.

By order of the Council,

C. J. PERRY,
Shire Clerk.

Restricted Burning Times (Permits etc., required):—

Zone 4: 23rd September, 1979, to 4th November, 1979; 15th February, 1979, to 29th March, 1980.

Zone 6: 9th October, 1979, to 20th November, 1979; 1st March, 1980 to 12th April, 1980.

All dates inclusive.

Prohibited Burning Times:—

Zone 4: 5th November, 1979, to 14th February, 1980.

Zone 6: 21st November, 1979 to 28th February, 1980.

All dates inclusive.

Harvesting Bans: The operation of harvesting machines on Christmas Day is prohibited.

Road Verge Burning: All burning of road verges must be carried out under the control of Bush Fire Brigades and Council recommends that warning signs be used during road verge burning.

BUSH FIRES ACT, 1954-1977.

Shire of Wagin.

Notice to all Owners and/or Occupiers of Land in the Shire of Wagin.

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required on or before the first day of November, 1979 and thereafter up to and including the thirty-first day of March, 1980, to have a firebreak clear of all inflammable material in accordance with the following:—

(1) Rural Land:—

- (a) Firebreaks at least 2.5 metres wide shall be cleared of all inflammable material inside and adjacent to all external boundaries of all cleared land and inside and adjacent to boundaries which adjoin cleared roads, and
- (b) Firebreaks at least 2.5 metres wide shall be cleared of all inflammable material parallel to and one chain distant from boundaries which adjoin railway reserves, and
- (c) Firebreaks at least 2.5 metres wide shall be cleared of all inflammable material completely surrounding all crops on land adjoining railway reserves, and
- (d) Firebreaks at least 2.5 metres wide shall be cleared of all inflammable material at a distance of one chain from the perimeter of all buildings and haystacks, or groups of buildings and haystacks and shall completely encircle such buildings and haystacks, and
- (e) The area between the buildings and haystacks and the firebreak mentioned in (d) above shall be cleared of all inflammable material by the 15th December, 1979.
- (f) Fuel Storage Sites: The land within a perimeter of 6 metres outside the external boundary of the land normally occupied by any drums or tanks used for the storage of fuel, or the foundations or supports of any structure supporting such drums or tanks, whether containing fuel or not, shall be cleared of all inflammable material.

(2) Town Land:—

- (g) Where the area of land is 0.202 hectares (half an acre) or less all inflammable material on the land shall be removed from the whole of the land, and
- (h) Where the land exceeds 0.202 hectares (half an acre) in area firebreaks at least 2 metres wide shall be cleared of all inflammable material immediately inside all external boundaries of the land and also immediately surrounding all buildings situated on the land.

If it is considered to be impracticable for any reason to clear firebreaks or to remove inflammable material from land as required by this notice you may apply to the Council or its duly authorised Officer not later than the 15th October, 1979 for permission to provide firebreaks in alternative positions or to take alternative action to abate fire

hazards on the land. If permission is not granted by the Council or its duly authorised officer, you shall comply with the requirements of this notice.

"Inflammable Material" is defined for the purpose of this Order to include bush (as defined in the Bushfires Act), timber, boxes, cartons, paper and like inflammable materials, rubbish and also any combustible matter but does not include green standing trees, or growing bushes and plants in gardens, or lawns.

The penalty for failing to comply with this notice is a fine of not more than \$400, or a penalty of \$40 may be incurred by issue of an Infringement Notice, and a person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed in this notice if it is not carried out by the owner or occupier by the date required by this notice.

If the requirements of this notice are carried out by burning, such burning must be in accordance with relevant provisions of the Bush Fires Act.

By order of the Council,
V. S. SPALDING,
Shire Clerk.

BUSH FIRES ACT, 1954.

Notice to all Owners and/or Occupiers of Land
in the Shire of Ravensthorpe.

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required on or before the 31st day of October, 1979 (or such other date as is indicated herein), to have firebreaks clear of all inflammable material not less than the width indicated herein in the following positions on all land owned or occupied by you and thereafter to maintain the firebreaks clear of inflammable material up to and including the date indicated herein as the maintenance date.

Rural Land.

- 1.1 Not less than 3 metres wide immediately inside all external boundaries of that part of the land which is cleared or partly cleared. Maintenance date 31st March, 1980; and
- 1.2 where the total area of each property or holding exceeds 400 hectares additional firebreaks must be provided in such positions so as to divide cleared or part cleared land into areas not exceeding 400 hectares with each area completely surrounded by a firebreak not less than 3 metres in width. Maintenance date 31st March, 1980.
- 1.3 Not less than 3 metres wide within 200 metres of the perimeter of all buildings and haystacks and fuel drum ramps situated on the land so as to completely surround with firebreaks and buildings, haystacks or ramps or group of buildings or haystacks or ramps. Maintenance date 31st March, 1980; and
- 1.4 Not less than 20 metres wide immediately inside all external boundaries of that part of the land on which the bush has been bulldozed, chained or prepared in any similar manner for clearing by burning (whether you intend to burn the bush or not). Provided that where the bulldozing, chaining or preparing of the bush is completed after the 31st October, 1979, the firebreaks required to be cleared in this paragraph must be cleared forthwith. Maintenance date 31st May, 1980.
- 1.5 Such width as is necessary to completely cover the whole of the land on which fuel drums whether full or empty are stored. Maintenance date 31st March, 1980.

2. Townsites: On or before the 31st day of October, 1979, and thereafter up to and including the 31st day of March, 1980, to have the whole of the land owned and/or occupied by you clear of all inflammable material.

3. Generally: If it is considered to be impracticable for any reason to clear firebreaks as required by this notice you may apply to your local bush fire control officer not later than the 8th October, 1979, for permission to provide firebreaks in alternative positions on land owned or occupied by you. If permission is not granted by your local bush fire control officer you shall comply with the requirements of this notice.

4. The penalty for failing to comply with this notice is a fine of \$400, or a prescribed penalty of \$40 on service of an Infringement Notice, and a person in default is also liable whether prosecuted or not, to pay the cost of performing the work directed in this notice, if it is not carried out by the owner or occupier by the date required by this notice.

5. If the requirements in this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

Dated this 24th day of September, 1979.

By order of the Council,
K. C. WILLIAMS,
Shire Clerk.

BUSH FIRES ACT, 1954.

(Section 33.)

Notice to all Owners and/or Occupiers of Land
in the Shire of Mundaring.

Firebreaks.

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required on or before the 30th day of November, 1979, and thereafter up to and including the 14th day of March, 1980, to have a firebreak, clear of all flammable material, at least 3 metres wide immediately inside all external boundaries of the land and also immediately surrounding all buildings situated on the land.

If it is considered to be impracticable for any reason to clear firebreaks as required by this notice, you may apply to the Council not later than 15th November, 1979, for permission to provide firebreaks in alternative positions on the land.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

The penalty for failing to comply with this notice could result in the issue of an infringement notice for \$40 or by a hearing in the Local Court where a fine of not less than \$400 may be imposed. A person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed in this notice if it is not carried out by the owner or occupier by the date required by this notice.

Prohibited Burning Period—Zone 1 and Zone 8.
15th day of December, 1979 until 31st day of March, 1980.

TOWN PLANNING AND DEVELOPMENT ACT,
1928 (AS AMENDED).

Advertisement of Approved Town Planning Scheme.

Shire of Dardanup Town Planning Scheme No. 5—
Padbury Fields.

T.P.B. 853/6/9/8.

IT is hereby notified for public information, in accordance with Section 7 of the Town Planning and Development Act, 1928 (as amended), that the Minister for Urban Development and Town Planning approved the Shire of Dardanup Town Planning Scheme No. 5—Padbury Fields., on the 3rd September, 1979—the Scheme Text of which is published as a Schedule annexed hereto.

W. H. RATCLIFFE,
President.

C. J. SPRAGG,
Shire Clerk.

Schedule.

Shire of Dardanup.

Town Planning (Guided Development) Scheme
No. 5—Padbury Fields.

Scheme Text.

PART 1—PRELIMINARY.

1.1 The Council of the Shire of Dardanup under and by virtue of the powers conferred upon it by the Town Planning and Development Act, 1928 (as amended), hereby makes the following Town Planning Scheme.

1.2 Citation: This Town Planning Scheme may be cited as the Shire of Dardanup Town Planning (Guided Development) Scheme No. 5 (hereinafter referred to as "The Scheme").

1.3 The Scheme shall apply to the whole of the land contained within the broken black line shown as the Scheme Boundary on the Scheme and Land Use Maps forming part of this Scheme.

1.4 Responsible Authority: The Authority responsible for enforcing the observance of the Scheme is the Council of the Shire of Dardanup (hereinafter referred to as "the Council").

1.5 Relationship to Town Planning Scheme No. 3: This Scheme is not a substitute for the relevant portion of Town Planning Scheme No. 3 but is intended to complement and expand upon its provisions. Where the provisions of this Scheme conflict with those of Town Planning Scheme No. 3 the provisions of this Scheme shall prevail.

1.6 Scheme Documents: The Documents comprising the Scheme are:

- (i) Scheme Report.
- (ii) Scheme Text.
- (iii) Land Use Map.
- (iv) Scheme Map.

1.7 Arrangement: The Scheme Text is arranged into the following Parts:

- Part 1—Preliminary.
- Part 2—General Objectives.
- Part 3—Scheme Provisions.
- Part 4—Administration.

PART 2—GENERAL OBJECTIVES.

2.1 The General Objectives of the Scheme are to ensure that the subject land having been selected in accordance with the criteria set down in the Shire of Dardanup Town Planning Scheme No. 3—

- (i) is properly planned and subdivided in accordance with a pattern of subdivision which takes account of the physical and topographical features of land;
- (ii) is, once subdivided in accordance with this Scheme, not subjected to further ad-hoc subdivision proposals; unless any such further subdivision is considered by the Council to enhance the amenity of the area and further promote the objectives of the Scheme;
- (iii) retains, as far as possible, its present character and environmental characteristics by the preservation of existing trees and shrubs complemented where necessary by new planting and landscaping;
- (iv) is used in a manner which will not detract from the amenity of individual lots within the Scheme area or the area generally;
- (v) is maintained in a neat and tidy condition at all times;
- (vi) not subjected to the visual clutter of indiscriminate advertising.

2.2 In addition to the general objectives set out in the preceding paragraph, the Scheme also contains abilities and powers of Council to control development and enforce its provisions.

PART 3—SCHEME PROVISIONS.

3.1 Subdivision.

3.1.1 The land within the Scheme Area shall be subdivided generally in accordance with the design of roads and lots shown upon the Scheme Map. However, should the Town Planning Board and the Council agree that a variation from that pattern of subdivision is justified to enhance the prospects of achieving the objectives of this Scheme then nothing in this Clause shall be deemed to prevent such a variation.

3.1.2 No lot shall be smaller than 1 ha and an overall average lot size of 2 ha shall be maintained throughout the Scheme Area.

3.1.3 When all or part of the land within the Scheme Area is subdivided, those portions required for drainage purpose or such portions thereof as may be considered by the Under Secretary for Works to be appropriate to the stage of subdivision shall be vested in the Crown as drainage reserves.

3.1.4 In addition to the drainage reserves required to be provided pursuant to the foregoing clause, subsidiary drainage channels and lines are required in the positions shown upon the Scheme Map. Each subdivider when subdividing his land shall construct the drainage channels and lines at his expense to the satisfaction of Council.

3.1.5 Following the construction of the drainage channels and lines required pursuant to Clause 3.1.4, the owners of each affected lot shall thereafter maintain such channels and lines to the satisfaction of the Council. Failure to carry out the required works of maintenance shall constitute a contravention of this Scheme and the Council may take the appropriate action to enforce compliance pursuant to Clause 4.4 hereof.

3.1.6 All new roads within the Scheme Area shall be constructed and the following sections of Garvey and Padbury Roads shall be upgraded to 5.5 m wide bitumen facilities all to the specification and satisfaction of the Council:—

- (a) Garvey Road—between the existing bitumen formation and the proposed new road serving Location 306.
- (b) Padbury Road—between the eastern and western boundaries of Location 306 and 307 respectively.

The costs of constructing, surveying and draining all new roads and the costs of upgrading the said portions of existing roads shall be borne proportionately by the land owners.

The said costs shall be payable by owners of the land in equitable proportions and at such times as may be determined by mutual consent bearing in mind the potential number of lots capable of being created pursuant to this Scheme. Failing any such agreement the apportionment of the costs shall be settled by arbitration.

For the purpose of this Clause the potential number of lots to be created from each holding and the Scheme as a whole shall be deemed to be those lots shown upon the Scheme Map.

3.1.7 In the event of a dispute the matter shall be settled by an independent and suitably qualified person acting as arbitrator. The fees of any such arbitrator shall be payable by the land owners in the proportions determined in the Clause 3.1.6.

3.1.8 If any owner of land within the Scheme Area does not proceed with the subdivision of his land and, in the view of the Council, such failure to act unduly hinders any other owner from carrying out the subdivision of his land the Council may resume or purchase all or such portion of the land as it may deem appropriate and itself proceed with subdivision in accordance with Scheme.

The Council shall have the power to dispose of, sell, lease or use any land acquired or owned by it within the Scheme Area consistent with the objectives of this Scheme.

3.1.9 Exchanges of land between owners shall take place in accordance with the details shown on the Scheme Map or in the event of a dispute by an arbitrator appointed by Council in accordance with the same provisions set out in Clause 3.1.7.

3.2 Amenity and Landscape.

3.2.1 Insofar as it is practicable to do so the rural and visual amenity of the locality shall be maintained by preserving existing trees and vegetation supplemented where necessary by additional landscaping as may be required by the Council of the developers of each lot upon the grant of a Planning Consent to commence Development.

3.2.2 No lot shall be cleared of vegetation to an extent greater than 50% of its total area, which cleared area shall include the land upon which any buildings have been or are proposed to be erected except that the Council may permit parkland clearing of a further 25% of the lot area where it is satisfied that such a use will not detract from the visual and rural amenity of the area and that development will not become more conspicuous from local roads.

3.2.3 New planting areas shown upon the Scheme Map shall be laid out, planted and thereafter maintained in such a manner as may be prescribed by the Council at such a time and in such a manner as may be agreed in writing between the Council and the occupier of each lot upon the grant of a Planning Consent to Commence Development.

3.2.4 No person shall use or cause or permit to be used any lot within the Scheme Area in such a manner that—

- (a) the visual, rural and residential amenities of adjoining lots are adversely affected by reason of noise, smoke, dust, smell or by any other cause;
- (b) the environmental qualities and visual and rural amenity of the district generally are impaired;

- (c) any existing or newly planted trees and shrubs are harmed or destroyed.

3.3 Buildings and other Development.

3.3.1 No development of any land within the Scheme Area shall be commenced without the prior consent of the Council having first been sought and obtained in accordance with the provisions of Part VII of the Shire of Dardanup Town Planning Scheme No. 3.

3.3.2 In considering any application for Planning Consent to Commence Development, the Council will take into account the objectives of this Scheme, in particular the need to preserve the visual and rural amenity of the locality, and will only approve the erection of buildings and other structures designed and constructed to harmonise with the rural character within which they are to be built or erected. Consistent with this objective, all new dwellings erected within the Scheme Area shall be constructed in brickwork unless the Council gives its approval to the use of some other material which produces buildings of an acceptable quality and appearance.

3.3.3 No building shall be erected otherwise than within the building envelope prescribed for that lot on the Scheme Map.

3.3.4 No building shall be erected closer than 7.5 m to any boundary of a lot within the Scheme Area and in the case of a boundary adjoining a road the building setback shall be 15 m unless due to very exceptional circumstances related to the physical and topographical features of the lot the Council considers a lesser distance (not being less than 7.5 m) is justified.

3.3.5 (a) No more than one dwelling house shall be constructed on any lot having an area of 2 ha or less but the Council may, where it is satisfied that a genuine need exists, permit the erection of a "granny flat" not exceeding 37 m² in area and subject to the requirements for such units set out in the Uniform Building By-laws.

(b) In respect of lots greater than 2 ha in area the Council may approve the erection of two dwellings or a duplex building subject to compliance with the provisions of this Scheme and provided that the Council is satisfied that such development will not conflict with the objectives of this Scheme.

3.3.6 Each dwelling erected within the Scheme Area shall not be occupied until a supply of potable water either from a reticulated system, an underground source or a rainwater storage system with a minimum capacity of 90 000 litres has been provided to the satisfaction of the Council.

3.3.7 No accessway from new or existing roads within or around the Scheme Area shall be constructed to any new lot created pursuant to this Scheme unless the prior consent of the Council to its position and form of construction has first been sought or obtained.

3.4 Fencing.

3.4.1 No fences within the Scheme Area shall be erected without the prior approval of Council having been obtained in accordance with the procedures laid down in Part 2 hereof.

3.4.2 Where approval to the construction of fences is required pursuant to this Part, Council will not permit the use of any material which will in any way adversely affect the visual and rural amenity of the area. Furthermore, in the interests of amenity, the Council will seek to ensure that fencing on adjoining properties is complementary and of a pleasing appearance.

3.5 Uses.

3.5.1 No person shall use or permit to be used any lot or any part of any lot—

- (i) for the intensive keeping and rearing of pigs;
- (ii) as a poultry farm;
- (iii) for intensive keeping and rearing of cattle;
- (iv) for the keeping, breeding and boarding of dogs;

- (v) for the grazing or keeping of any animals at an intensity which would adversely affect the pasture and other vegetation on the lot concerned or be likely to result in soil erosion.

The intensive keeping and rearing of animals specified in this Clause shall be determined as involving the keeping of animals in any manner in such numbers as may lead to a loss of amenity to the locality by reason of noise, smell or any other cause.

3.5.2 Notwithstanding the provisions of Clause 3.5.1. (iv) above owners of lots may keep up to two dogs as domestic pets.

3.5.3 No person shall place or permit to be placed on any lot within the Scheme Area any vehicle or machinery which by virtue of its condition is unserviceable at reasonable cost and which cannot be used for its designed purpose. For the purpose of this Clause, car bodies, unserviceable farm equipment, machinery, trailers and building materials are deemed to be included unless the items concerned are stored within a building on the lot.

3.5.4 No more than one sign not exceeding 0.2 m² in area may be erected on any lot and any such sign shall only advertise or describe the nature of the activity conducted on the site concerned. All such signs shall be well maintained and shall not be permitted to deteriorate to the point where there is an adverse effect, in the Council's view, on the visual amenity of the area.

3.6 Fire Control.

3.6.1 The Council may by written notice require the owners of land within the Scheme Area to take such action as may in the Council's view, be necessary to minimise the risk and spread of fire. Such measures may include *inter alia*, the removal from lots of fuel caused by the accumulation of fallen or dead trees, shrubs or grasses or the selective provision of fire breaks and clearing to provide protection to groups of lots, or the controlled burning of portions of lots to reduce the risk of fire.

3.6.2 Failure to comply with any requirement of Council made pursuant to the preceding Clause shall constitute a contravention of the Act and the Council, in addition to other available remedies, may invoke the powers and remedies of this Scheme and of the Town Planning and Development Act.

PART 4—ADMINISTRATION.

4.1 Powers and Authorities of Council.

4.1.1 In carrying out the provisions of this Scheme the Council shall have the following powers and authorities:

- (i) to enter and inspect any land within the Scheme Area at any reasonable time;
- (ii) to enter into agreements with the owners or occupiers of any land within the Scheme Area;
- (iii) to enter into agreements with the purchasers or prospective purchasers of any land within the Scheme Area;
- (iv) to resume any land required for a public purpose including but not limiting the generality of this Clause, a road, right of way, footway, drainage reserve or any other purpose necessary for the effective implementation of this Scheme;
- (v) to resume, buy, sell, lease or dispose of any land within the Scheme Area to achieve the objectives of this Scheme.

4.2 Claims for Compensation.

4.2.1 The time limited for making claims for compensation pursuant to Section 11 of the Act is six months after the date when notice of approval to the Scheme is published in the manner prescribed by the Regulation made under the Act.

4.3 Untidy Sites.

4.3.1 Where, in the Council's view, a site is not being maintained in a manner consistent with the general standard of lots in the Scheme Area and

that the unkempt appearance of the property concerned has a deleterious effect on the visual and rural amenity of the locality, the Council may by written notice require the owner, occupier or lessee of the land concerned to undertake such works as may be necessary to restore or upgrade the condition of that site to a standard commensurate with the condition of other sites in the locality.

4.4 Enforcement.

4.4.1 If any person contravenes or fails or neglects to comply with any of the provisions of this Scheme, the Council may by written notice in accordance with Clause 4.5 hereof, order such person to discontinue forthwith any such contravention, and within the period specified in the notice (not being less than 30 days) to remove, pull down, take up, alter or otherwise make good, any work or to cease or alter any use which contravenes the Scheme or to carry into effect any provisions of the Scheme which are not being complied with. The Council may in serving any such notice advise the person to whom the notice is addressed that failure to comply with the terms and conditions of the notice within the specified period may result in the Council by its agents, officers or servants, entering upon the land for the purpose of carrying into effect the matters specified in the notice.

4.4.2 Any expenses incurred by the Council in doing any of the works pursuant to any default by a person described in paragraph 4.4.1 may be recovered from the person in default by action for a civil debt recoverable summarily in any Court having jurisdiction in respect of the amount involved.

4.4.3 Notwithstanding the powers and authorities available to the Council pursuant to Clauses 4.4.1 and 4.4.2 hereof, failure to;

- (a) comply with the provisions of this Scheme;
- (b) comply with any notices served pursuant to this Scheme;
- (c) comply with any conditions imposed by the Council on any planning consent to commence development;
- (d) carry out development in strict accordance with plans approved by the Council,

shall constitute a contravention of the Scheme and the remedies, including the revocation of a planning consent granted, available to the Council under Section 10 of the Act may be pursued.

4.5 Notices.

4.5.1 Any notice served by the Council pursuant to this Scheme;

- (i) Shall be addressed to the owner, occupier or lessee of the land concerned;
- (ii) Shall describe in general terms the matters requiring attention;
- (iii) Shall require the owner, occupier, or lessee of the land concerned to carry out within the period specified in the notice (not being less than 30 days) such works as may be necessary:
 - (a) to upgrade or restore the site to a condition commensurate with the standard of properties in the locality;
 - (b) to protect properties from the risk of fire;
 - (c) to remedy a contravention of the Scheme;
- (iv) shall, if appropriate, advise the person to whom it is addressed that in default of compliance with the requirements of the notice, the Council will enter upon such land and carry out the necessary works itself by its agents or servants at the expense of the person in default.

4.5.2 Notices to an owner, occupier or lessee of land served or given pursuant to this Scheme shall be deemed to have been sufficiently served if sent to such owner by registered post in an envelope addressed to that person at his/her address

appearing in the Rate Book of the Council and a notice so sent shall be deemed to have been served on the day following the date of posting.

4.6 Appeals.

4.6.1 Any person who is aggrieved by a decision made by the Council exercising a discretionary power available to it under this Scheme may appeal to the Minister for Urban Development and Town Planning or such other member of Executive Council for the time being charged by the Governor with the administration of the Act in accordance with Part V of the Act.

4.7 Definitions.

4.7.1. Unless the context otherwise requires the terms and expressions used in this Scheme shall have the same meanings as those set out in the Shire of Dardanup Town Planning Scheme No. 3 and, where not mentioned in that Scheme, those meanings set out in Appendix "D" of the Town Planning Regulations 1967.

Adopted by Resolution of the Council of the Shire of Dardanup at the ordinary meeting of the Council held on the 18th day of May, 1979, and the seal of the Municipality was pursuant to that resolution hereunto affixed in the presence of:

W. H. RATCLIFFE,

Closure of Private Street.

To: Westley Bellingham Maley and Frank Torrens Maley.

NOTICE is hereby given in pursuance of the provisions of section 297A of the Local Government Act, 1960-1978, that the Council of the Shire of Albany, at its ordinary meeting held on Friday, 21st September, 1979, resolved to propose to close that portion of private street being Millar Street situated between the southern boundary of Alfred Street and the northern boundary of Edinburgh Road (previously Torbay Road), and abutting Lots 11, 12, 15 and 16 of Plantagenet Location 381, being part of Plantagenet Location 381 and being part of the land coloured brown and marked Millar Street on Plan 92, and being part of the land comprised in Certificate of Title Volume 17, Folio 303,

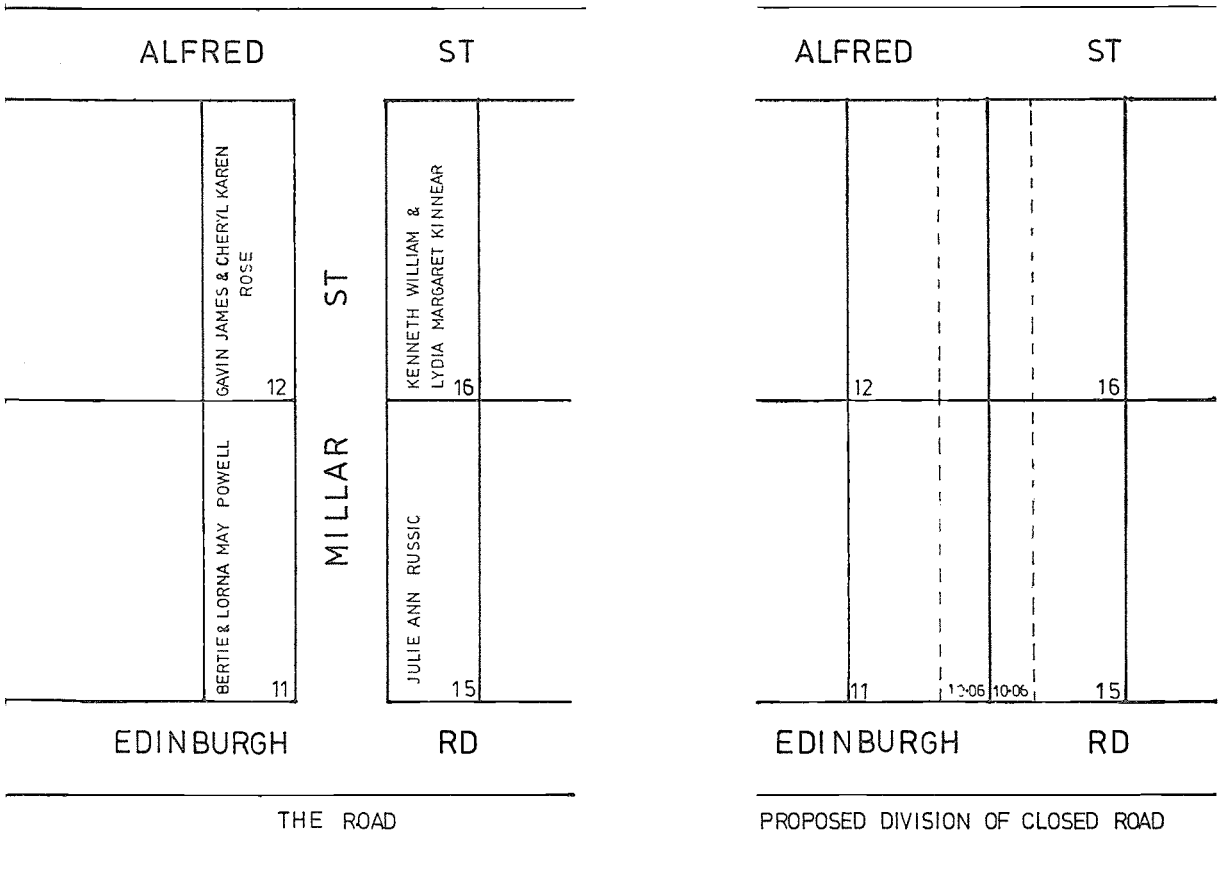

and to incorporate the said position of the said street when closed into the said lots 11, 12, 15 and 16 of Plantagenet Location 381, in the manner shown on the attached plan.

Accordingly, I call upon you to show cause if you so desire to the Council within 30 days of the date of publication of this notice:—

- (i) Why the private street should not be closed in accordance with the proposal therefor;
- (ii) why any portion of the land that is marked on the plan hereinbefore referred to and that comprises those portions of the private streets upon which abuts the land comprising a lot, should not be transferred to the owner of that lot.

K. F. BENTLEY,
Shire Clerk.

- Proof of ownership and age. 4. The Authority may, before registering a vehicle under subsection (2) of section 29 or transferring a registration certificate under that section, require the applicant for that registration or transfer to furnish proof of his ownership of the vehicle or of his age or both.
- Registration fee. 5. The prescribed fee payable in respect of the registration of a vehicle under subsection (2) of section 29 is, irrespective of the length of the period for which that registration is valid, or of the type of vehicle, a fee of four dollars.
- Number plate fee. 6. The prescribed fee payable in respect of a number plate under subsection (2) of section 29 is a fee of four dollars.
- Certificates of registration to be carried on vehicles. 7. The owner of a registered vehicle shall not drive or use or cause or permit any other person to drive or use that vehicle unless the registration certificate issued in respect of the registered vehicle is carried thereon.
- Duplicates or certified copies of certificates of registration. 8. (1) The owner of a registered vehicle or, in the event of his death or legal disability, his executor or administrator or legal representative, as the case may be, may, if the registration certificate issued in respect of the vehicle concerned is lost, badly damaged or destroyed, apply to the Authority for the issue to him of a duplicate or certified copy of the registration certificate.
(2) On receipt of an application under subregulation (1), the Authority shall, if it is satisfied that the registration certificate concerned is lost, badly damaged or destroyed, issue a duplicate or certified copy of the registration certificate to the applicant.
(3) In this regulation—
“damaged” includes rendered illegible.
- Transfer fee. 9. The transfer fee referred to in subsection (8), and in paragraph (a) of subsection (10), of section 29 is, irrespective of the type of vehicle concerned, a fee of three dollars.
- Refund fee. 10. The prescribed fee chargeable for a refund under section 32 is a fee of one dollar.
- Notification of change of address. 11. A person to whom a registration certificate has been issued or transferred shall, within seven days after changing his address, give notice in writing of that change to the Authority.
- Replacement of lost, damaged or dilapidated number plates. 12. When a number plate—
(a) is lost, the owner of the registered vehicle concerned or, in the event of his death or legal disability, his executor or administrator or legal representative, as the case may be, shall forthwith—
(i) inform the Authority in writing verified by statutory declaration of that loss; and
(ii) return the registration certificate issued in respect of the vehicle concerned to the Authority; or
(b) is damaged or dilapidated to such an extent as to render it illegible, the owner of the registered vehicle concerned or, in the event of his death or legal disability, his executor or administrator or legal representative, as the case may be, shall forthwith return that number plate, together with the registration certificate issued in respect of the vehicle concerned, to the Authority,
and the Authority shall thereupon issue a new number plate in respect of that vehicle, and return that registration certificate, to him.
- Positioning and legibility of number plates. 13. The owner or person in charge of a registered vehicle shall rigidly fix and keep so fixed on the registered vehicle the number plate issued in respect thereof so that—
(a) the registration number displayed on that number plate is clearly visible and legible; and

Schedule—*continued*

(b) in the case of—

- (i) a vehicle which is not a motor cycle, that number plate is in an upright position in a conspicuous place on the back of that vehicle; or
- (ii) a vehicle which is a motor cycle, that number plate is in a conspicuous place on the back of that vehicle and, if possible, in an upright position.

Authorized officer may seize and take possession of number plates.

14. An authorized officer may seize and take possession of a number plate which he has reasonable grounds to believe—

- (a) has not been issued in connexion with a registration certificate which is in force at the time of that seizure and taking possession;
- (b) is affixed to a vehicle other than that in respect of which it was issued; or
- (c) should have been returned or delivered up to the Authority in accordance with the Act or these regulations.

Allotment of identification marks.

15. (1) When, in relation to the engine of a registered vehicle—

- (a) there is no identification mark on that engine; or
- (b) the identification mark on that engine has been altered, defaced, obliterated or removed,

the Authority may, if it considers that an identification mark is necessary for identifying that engine, allot an identification mark to that engine.

(2) When an identification mark has been allotted under sub-regulation (1), the owner of the vehicle concerned shall put or cause to be put the identification mark on the engine of that vehicle in such manner, in such position and within such period as the Authority directs in writing.

Notification of change of identification mark.

16. The owner or person in charge of a registered vehicle of which the engine or a part thereof, bearing an identification mark, is replaced shall within seven days after that replacement inform the Authority in writing of—

- (a) the date of that replacement;
- (b) the make and the registration number of the registered vehicle;
- (c) the name and address of that owner;
- (d) the identification mark on the engine or part thereof, which engine or part has been replaced; and
- (e) the identification mark, if any, on the engine or part thereof which has been substituted for the engine or part thereof which has been replaced.

Duties in connexion with identification marks.

17. (1) A person shall not use or cause or permit to be used a registered vehicle the engine of which—

- (a) does not bear a clear and legible identification mark; or
- (b) bears an identification mark which has been altered, defaced, obliterated or removed.

(2) Subject to regulation 15, a person shall not, except with the prior approval in writing of the Authority—

- (a) alter, deface, obliterate or remove an identification mark on or from; or
- (b) put on the engine of a registered vehicle any mark, number or letter which purports or is intended to be, or is a colourable imitation of, an identification mark put on,

the engine of a registered vehicle.

PART III.—DETENTION AND DISPOSAL OF OFF-ROAD VEHICLES

Period for recovery of detained vehicles.

18. The prescribed period referred to in paragraph (c) of subsection (2) of section 42 is a period of three months.

Sale or disposal of unclaimed vehicles.

19. (1) The Authority or a council shall serve on the owner of a vehicle ordered to be detained under subsection (1) of section 42 at his last known address notice in writing advising him that he is entitled to claim that vehicle when the period of detention thereof expires.

Schedule—*continued*

(2) When the Authority or a council is empowered by subsection (2) of section 42 to dispose of or sell a vehicle referred to in subregulation (1), the Authority or the council may cause that vehicle to be offered for sale by public auction or by public tender and may thereupon accept the best offer made for the purchase of that vehicle.

(3) If an offer for the purchase of a vehicle offered for sale under subregulation (2) is not made at the time of public auction of that vehicle or within a reasonable time after the making of that offer for sale by public tender, as the case may be, the Authority or council may cause the vehicle to be—

- (a) sold by private treaty; or
- (b) disposed of, otherwise than by sale, as economically as possible.

Proceeds
of sale of
unclaimed
vehicles.

20. (1) The Authority or a council shall apply the proceeds of a sale effected by it under regulation 19—

- (a) first, in meeting the costs of that sale; and
- (b) second, in meeting the costs of any conveyance of the vehicle concerned to a place of safe custody and the costs of safe custody at that place.

(2) Subject to subregulation (3), any surplus funds remaining after the Authority or a council has applied the proceeds of the sale of a vehicle in meeting the costs referred to in subregulation (1) shall—

- (a) in the case of a sale effected by the Authority, be held by or on behalf of the Authority; or
- (b) in the case of a sale effected by the council, be paid by the council into a trust fund referred to in Part XXIV of the Local Government Act, 1960.

in trust for the owner of the vehicle.

(3) The Authority or a council shall—

- (a) if within a period of one year from the date on which the vehicle concerned was sold under regulation 19 any person satisfies it that he was the owner of that vehicle at the time of that sale, pay to him any surplus funds held in trust for him under subregulation (2); or
- (b) if no person satisfies it that he was the owner of the vehicle concerned at the time of the sale thereof within the period referred to in paragraph (a) of this subregulation, pay any surplus funds held in trust for the owner of that vehicle under subregulation (2)—
 - (i) in the case of the Authority, into the Consolidated Revenue Fund; or
 - (ii) in the case of the council, into its municipal fund referred to in Part XXIV of the Local Government Act, 1960.

Recovery
of costs
through
court
proceedings.

21. The Authority or a council may recover in a court of competent jurisdiction from the owner of a vehicle which has been removed, detained and sold or disposed of pursuant to the Act and this Part—

- (a) in the case of a vehicle which has been so sold, the amount by which the costs referred to in subregulation (1) of regulation 20 exceed the proceeds of that sale; or
- (b) the costs of conveying that vehicle to a place of safe custody, of detaining that vehicle in safe custody and of disposing of that vehicle otherwise than by sale.

PART IV.—SAFETY REQUIREMENTS.

Prescribed
safety
require-
ments.

22. For the purposes of section 29, the prescribed safety requirements for vehicles—

- (a) in relation to vehicles which are not motor cycles, are those requirements set out in Part I of the Second Schedule; or
- (b) in relation to vehicles which are motor cycles, are those requirements set out in Part II of the Second Schedule.

PART V.—CONTROL OF NOISE.

- Interpretation in Part V. 23. (1) In this Part—
 “ambient noise” means noise, other than noise emitted by a vehicle being tested under this Part, recorded at the test site concerned at the time of that test;
 “dB(A)” means reading in decibels on a sound level meter using the A-weighting network specified in standard B;
 “standard A” means Australian Standard 1259, Part 1—1976, “Sound Level Meters—Type 1, General Purpose”, published by the Standards Association of Australia;
 “standard B” means Australian Standard 1259, Part 2—1976, “Sound Level Meters—Type 2, Precision”, published by the Standards Association of Australia;
- (2) Whenever the dB abbreviation is used in this Part, a value relative to a sound pressure of twenty micropascals is implied.
- Prescribed noise requirements. 24. For the purposes of section 29, the prescribed noise requirements for vehicles are those requirements set out in regulation 25.
- Maximum permissible noise levels. 25. The level of the noise emitted by the type of vehicle specified in the second column of the Third Schedule shall not exceed the maximum level specified opposite thereto in the third column of that Schedule.
- Excessive noise penalised. 26. The owner or person in charge of a vehicle which emits noise at a level in excess of the appropriate maximum level specified in regulation 25 commits an offence against these regulations.
- Sound level meters to be used. 27. A person testing under this Part the noise emitted by a vehicle shall use a sound level meter—
 (a) having an A-weighting network;
 (b) complying with standard A or standard B or both; and
 (c) calibrated in accordance with regulation 28.
- Calibration of sound level meters. 28. (1) A sound level meter used for the testing of vehicles under this Part shall be calibrated before each such test by means of an acoustical calibrator with an accuracy of ± 0.5 dB.
 (2) A wind screen may be used with a microphone employed during a calibration referred to in subregulation (1) for the purpose of reducing the influence of wind noise on the readings produced by the acoustical calibrator concerned.
 (3) A sound level meter used for the testing of vehicles under this Part and the means employed for checking its accuracy shall be calibrated not less than once in each period of twelve months at a laboratory registered in respect of the calibration of sound level meters by the National Association of Testing Authorities, at the Noise Laboratory of the Department of Public Health or at any other laboratory approved by the Minister in writing.
- Test sites. 29. (1) A site used for the testing of vehicles under this Part shall consist of a clear fiat space 15 metres in diameter.
 (2) The area surrounding a site referred to in subregulation (1) shall be as nearly level as is practicable and there shall not be any buildings, parked vehicles, signboards, walls or other objects with large sound reflecting surfaces within a radius of 50 metres of that site.
- Ambient noise. 30. The level of ambient noise during the testing of a vehicle under this Part shall be not less than 10 dB(A) below the level of noise emitted by the vehicle.
- Weather conditions. 31. Measurement of the noise emitted by a vehicle being tested under this Part shall—
 (a) be carried out in fine weather; and
 (b) be discontinued if the wind velocity at the site concerned exceeds 24 km/h.
- Persons permitted near vehicle being tested. 32. During the measurement of the noise emitted by a vehicle being tested under this Part, a person shall not be within a radius of 3 metres of that vehicle or of the microphone employed during that test unless he is—
 (a) the driver or rider of that vehicle; or
 (b) the person who is measuring that noise.
- Engine of vehicle to be at normal operating temperature. 33. The engine of a vehicle which is to be tested under this Part shall, before the measurement of the noise emitted by that vehicle begins, be brought to its normal operating temperature.

Vehicle testing methods.

34. The methods to be used in the testing of vehicles under this Part shall be those set out in the Fourth Schedule.

PART VI.—GENERAL AND PENALTIES.

Modified penalties, infringement notices and withdrawal notices.

35. For the purposes of section 37—

- (a) the modified penalty prescribed in respect of an offence specified in the second and third columns of the Fifth Schedule is the modified penalty specified opposite thereto in the fourth column of that Schedule;
- (b) the prescribed form of infringement notice is that set out in form 3; and
- (c) the prescribed form of the notice of withdrawal referred to in subsection (5) of that section is that set out in form 4.

Endorsing or altering infringement notice an offence.

36. A person who makes any endorsement on, or alteration to, an infringement notice commits an offence against these regulations unless he is an authorized officer or a person required or permitted to make such an endorsement or alteration in the course of his employment by the municipality to which the infringement notice refers.

Certificates of appointment of authorized officers and notices prohibiting use of vehicles.

37. For the purposes of section 38—

- (a) the prescribed form of certificate of appointment of an authorized officer referred to in paragraph (d) of subsection (4) of that section is that set out in form 5;
- (b) the prescribed form of certificate of appointment of an honorary inspector referred to in subsection (5) of that section is that set out in form 6; and
- (c) the prescribed form of notice prohibiting the use of a vehicle referred to in subsection (8) of that section is that set out in form 7.

General penalty.

38. (1) A person who contravenes or fails to comply with regulation 7, 11, 12, 13, 15, 16, 17 or 32 commits an offence against these regulations.

(2) A person who commits an offence against these regulations is liable to a penalty not exceeding one hundred dollars.

Second Schedule (Regulation 22).

Prescribed Safety Requirements for Vehicles.

PART I.

VEHICLES OTHER THAN MOTOR CYCLES.

Dangerous Fittings.

- 1. All mechanical components and fittings of a vehicle shall be safe and in a serviceable condition.
2. All exposed components of a vehicle shall be free of any sharp or jagged edges or projections likely to occasion danger or risk of bodily injury.

Schedule—*continued*

3. The passenger compartment of a vehicle shall be free of any components or protrusions likely to increase the risk of bodily injury under all driving conditions.

Noise or Vibration.

4. A vehicle shall be so constructed that no undue or avoidable noise or vibration is caused.

Steering Equipment.

5. A vehicle shall be capable of being safely steered, with—

- (a) all steering mechanisms so designed as to eliminate the danger of any accidental detachment or overlocking; and
- (b) all steering connexions secured with bolts which are locked or pinned.

6. Unless the Authority otherwise permits in writing, any component of the steering mechanism of a vehicle, which component is essential to the operation of steering the vehicle, shall be designed to transmit energy by mechanical means only.

Braking Equipment.

7. A vehicle shall be fitted on all wheels with efficient brakes capable of readily stopping the vehicle.

8. All brake rods and linkages on a vehicle shall be in good condition.

9. All brake hoses and pipes in or on a vehicle shall be in good condition, free from leakage and adequately secured.

Tyres and Rims.

10. Every tyre and rim fitted to a vehicle shall be free from any apparent defect likely to render the use of the vehicle unsafe.

11. The fitting of a tyre to a rim used on a vehicle shall be in accordance with the recommendation of the manufacturer of the tyre.

Safety Glass.

12. All glass fitted to a vehicle shall be safety glass.

13. Transparent material, other than safety glass, used in the windscreen or the windows of a vehicle shall not be fitted to the vehicle unless that material offers clear vision and is shatterproof.

Mudguards.

14. When mudguards are fitted to a vehicle, they shall—

- (a) be adequately secured to the vehicle; and
- (b) cover the wheels of the vehicle so that they deflect downwards, so far as is practicable, any mud, stones, water or other objects or substances thrown upwards by the rotation of those wheels.

Exhaust Systems.

15. An exhaust system—

- (a) shall be securely fitted to the engine of the vehicle concerned;
- (b) if it is so situated on or in the vehicle concerned that persons can accidentally come into contact with it, shall be so shielded as to prevent that contact; and
- (c) shall include an efficient silencing device, so constructed that all exhaust from the engine of the vehicle concerned is projected through that device in such a manner as effectively to prevent the creation of undue noise.

Seats.

16. Every seat in a vehicle shall be—

- (a) soundly constructed; and
- (b) securely fixed to the floor structure of the vehicle.

17. Every seat belt fitted to a vehicle shall be—

- (a) correctly mounted and operate effectively; and
- (b) be of a type approved by the Authority.

Roll Bar.

18. A roll bar shall—

- (a) be fitted to a vehicle unless the vehicle has a roof capable of offering; and
- (b) when fitted to a vehicle, be firmly secured to the permanent body structure of the vehicle so as to give adequate protection to the occupants of the vehicle in the event of the vehicle rolling over.

Schedule—*continued*

Floor Pan.

19. The floor pan of a vehicle shall extend under the entire passenger compartment of the vehicle.

Door Latches and Hinges.

20. When door latches and hinges are fitted to a vehicle, they shall be sufficiently robust to prevent the accidental opening of the doors concerned when the vehicle is in motion.

Fuel Tanks, Fuel Lines and Fuel Caps.

21. The fuel tank of a vehicle shall be—

- (a) correctly secured to the vehicle;
- (b) free from leaks;
- (c) in a sound condition; and
- (d) protected from damage by objects external to the vehicle.

22. The fuel lines of a vehicle shall be adequately secured and free from leaks.

23. A fuel cap shall be affixed to the fuel tank of a vehicle or to the inlet pipe of that fuel tank so as to prevent the spillage of fuel from that fuel tank or from that fuel tank and inlet pipe, as the case may be.

Lighting Systems.

24. When a vehicle is driven during the hours of darkness, it shall be provided with—

- (a) two efficient headlamps on the front thereof; and
- (b) on the rear thereof two efficient tail lamps, two efficient stop lamps and two efficient reflectors or a single efficient combination consisting a tail lamp, stop lamp and reflector and having a total diameter of not less than 100 mm.

25. The light from the two headlamps of a vehicle shall be capable of illuminating and rendering easily discernible a person who—

- (a) is dressed in dark clothing; and
- (b) is straight ahead of the vehicle and at a distance of not less than 50 metres therefrom.

Cooling Systems.

26. When a water cooled engine is fitted to a vehicle, all hoses forming part of the cooling system of that engine shall be adequately secured and there shall be sufficient shielding interposed between the driver of the vehicle and the engine compartment or water cooling system thereof to protect the occupants of the vehicle from any risk of harm from that system.

Moving Components.

27. All moving components in a vehicle shall be adequately guarded against coming into accidental contact with any person.

Electrical Systems.

28. The battery of a vehicle shall be securely mounted.

29. All electrical wiring in a vehicle shall be adequately insulated and secured.

PART II.

MOTOR CYCLES.

Dangerous Fittings.

1. All exposed components of a motor cycle shall be free of any sharp or jagged edges or projections likely to occasion danger or risk of bodily injury.

Steering Equipment.

2. A motor cycle shall be capable of being safely steered, with all steering mechanisms so designed as to eliminate the danger of any accidental detachment or over-locking.

Braking Equipment.

3. A motor cycle shall be fitted on both the front and rear wheels with efficient brakes capable of readily stopping the motor cycle.

4. All brake rods and linkages on a motor cycle shall be in good condition.

5. All brake hoses and pipes in or on a motor cycle shall be in good condition free from leakage and adequately secured.

Schedule—*continued*

Tyres and Rims.

6. Every tyre and rim fitted to a motor cycle shall be free from any apparent defect likely to render the use of the motor cycle unsafe.

7. The fitting of a tyre to a rim used on a motor cycle shall be in accordance with the recommendation of the manufacturer of the tyre.

Mudguards.

8. Every mudguard fitted to a motor cycle shall be in good order and condition and free from tears and sharp or jagged edges.

Exhaust Systems.

9. An exhaust system—

(a) shall be securely fitted to the engine of the motor cycle concerned; and

(b) if it is so situated on or in the motor cycle concerned that person can accidentally come into contact with it, shall be so shielded as to prevent that contact.

Fuel Tanks, Fuel Lines and Fuel Caps.

10. The fuel tank of a motor cycle shall be—

(a) correctly secured to the vehicle;

(b) free from leaks; and

(c) in a sound condition.

11. The fuel lines of a motor cycle shall be free from leaks and in a sound condition.

12. A fuel cap shall be affixed to the fuel tank of a motor cycle or to the inlet pipe of that fuel tank so as to prevent the spillage of fuel from that fuel tank or from that fuel tank and inlet pipe, as the case may be.

Lighting Systems.

13. When a motor cycle is ridden during the hours of darkness, it shall be provided with—

(a) an efficient headlamp on the front thereof; and

(b) on the rear thereof an efficient tail lamp, an efficient stop lamp and an efficient reflector or a single efficient combination consisting of a tail lamp, stop lamp and reflector.

Third Schedule (Regulation 25)

MAXIMUM PERMISSIBLE NOISE LEVELS

Item	Type of Vehicle	Maximum Noise Level (dB(A))
1	Vehicles other than motor cycles	104
2	Motor cycles with—	
	(a) a piston displacement of less than 170 cc	107
	(b) a piston displacement equal to or greater than 170 cc	110

Fourth Schedule (Regulation 34).

VEHICLE TESTING METHODS.

Testing Vehicles other than Motor Cycles.

1. (1) The vehicle under test shall be positioned in the centre of the test site and shall be stationary.

(2) The gear selector of the vehicle under test shall—

(a) in the case of a vehicle having manual transmission, be in the neutral position; or

(b) in the case of a vehicle having automatic transmission, be in the "park" or "neutral" position.

(3) The speed of the engine of the vehicle under test shall be brought to 75% of its speed at maximum power and kept within $\pm 3\%$ of that speed while noise level measurements are made.

(4) If the speed of a particular engine at maximum power is not known that speed shall be deemed for the purposes of subitem (3) of this item to be 4 000 r.p.m.

Testing Motor Cycles.

2. (1) The rider of the motor cycle under test shall sit astride that motor cycle in the normal riding position.

(2) The motor cycle under test shall be positioned in the centre of the test site and shall be stationary.

Schedule—*continued*

(3) Subject to subitems (4), (5) and (6) of this item, the rider of the motor cycle under test shall, with the gearbox thereof in neutral, keep the speed of the engine of that motor cycle at a speed equal to 50% of the maximum engine speed recommended by the manufacturer of that motor cycle.

(4) If the gearbox of the motor cycle under test cannot be operated in neutral, that motor cycle shall be tested—

- (a) with its rear wheel raised to between 5 and 10 cm above the ground; or
- (b) with its drive chain or belt removed.

(5) If the manufacturer of the motor cycle under test has not recommended a maximum engine speed or the recommended maximum engine speed is not known, then the rider of that motor cycle shall maintain the speed of the engine thereof at a speed equal to 60% of the speed at which maximum power is developed by that engine.

(6) If the manufacturer of the motor cycle under test has not recommended a maximum engine speed or the recommended maximum engine speed is not known and the speed at which maximum power is developed by the engine of that motor cycle is not known, the speed at which that engine is to be maintained during the testing of that motor cycle shall be calculated in accordance with the following formula:

$$\text{r.p.m.} = \frac{306\,000}{\text{stroke in mm}}$$

Tachometers.

3. Notwithstanding that the vehicle under test may be provided with an engine speed tachometer, a portable engine speed tachometer of the vibrating reed or moving coil type with a steady state accuracy of $\pm 5\%$ may be used for the purpose of determining the engine speeds referred to in items 1 and 2 of this Schedule.

Positioning and Use of Microphones.

4. (1) The height above the ground of a microphone used in the testing of the vehicle under test (in this item called "the test microphone") shall be equal to that of the exhaust outlet of that vehicle, unless the height above the ground of that outlet is less than 200 mm, in which case the height above the ground of the microphone shall be 200 mm.

(2) The test microphone shall be pointed towards, and at a distance of 0.5 m (± 0.01 m) from, the orifice through which the exhaust gas is emitted.

(3) The axis of maximum sensitivity of the test microphone shall—

- (a) be parallel to the ground; and
- (b) make an angle of 45° ($\pm 10^\circ$) with the direction of flow of the exhaust gas.

(4) In the case of a vehicle under test provided with two or more exhaust outlets at intervals of 0.3 metres or less and connected to a single silencer—

- (a) the test microphone shall be positioned in relation to the exhaust outlet nearer or nearest to an external side of that vehicle or, if there is no such exhaust outlet, in relation to the exhaust outlet which is higher or highest from the ground; and
- (b) measurements of noise level shall be made at one point only in relation to the appropriate exhaust outlet referred to in paragraph (a) of this subitem.

(5) In the case of a vehicle under test provided with two or more exhaust outlets spaced at intervals of more than 0.3 metre or not connected to a single silencer—

- (a) the test microphone shall be positioned in relation to each of those exhaust outlets in turn;
- (b) measurements of noise level shall be made at one point only in relation to each of those exhaust outlets; and
- (c) the point at which the highest noise levels are measured shall be deemed to be the point at which noise levels are measured for the purposes of these regulations.

(6) In the case of a vehicle under test provided with a vertically inclined exhaust outlet—

- (a) the test microphone shall be placed—
 - (i) at a height above the ground of 1.2 m; and
 - (ii) at a distance of 0.5 m from the external side of that vehicle nearest to that exhaust outlet;
 and
- (b) the axis of maximum sensitivity of the test microphone shall be vertical and oriented upwards.

Schedule—*continued*

Measurement of Noise Levels.

5. (1) The sound level meter used in the testing of a vehicle under test (in this item called "the test sound level meter") shall be set for the A-weighting network and "slow response".

(2) The noise level recorded shall be that measured during steady state operation at the engine speed required by item 1 or 2 of this Schedule in respect of the type of vehicle under test.

(3) Not less than three measurements of noise level shall be carried out at each point at which measurements of noise level are made and those measurements shall be treated as valid for the purposes of these regulations only if the range of the noise levels measured as a result of three of those measurements made in immediate succession is not greater than 5 dB(A).

(4) The lowest noise level resulting from the measurements referred to in subitem (3) of this item shall be deemed to be the noise level measured in respect of the vehicle under test for the purposes of these regulations.

(5) Fractional parts of decibels shall be ignored when taking readings from the test sound level meter and all such readings which are not integral shall be rounded downwards to the nearest whole decibel.

Contents of Test Reports.

6. Every report on the testing of a vehicle under Part V of these regulations shall set out—

- (a) the registration and type of the vehicle and the date of expiry of that registration;
- (b) details of the equipment used during that testing;
- (c) the sound levels, including the level of ambient noise at the measuring point, measured during that testing; and
- (d) the engine speeds at which that testing was carried out.
