Schedule.

SHIRE OF AUGUSTA-MARGARET RIVER  
TOWN PLANNING SCHEME No. 14.

THE Shire of Augusta-Margaret River under and by virtue of the powers conferred upon it in that behalf by the Town Planning and Development Act, 1928 (as amended) hereby makes the following Town Planning Scheme for the purpose of:—

- (a) Preserving the environment of the scheme area.
- (b) Controlling the development of the land.
- (c) Creating reserves.

1.1 This Town Planning Scheme may be cited as the Shire of Augusta-Margaret River Town Planning Scheme No. 14, hereinafter called "The Scheme", and shall come into operation on the publication of notice of the Minister's final approval thereof in the *Government Gazette*.

1.2 The Scheme shall apply to the whole of the land shown within the black border in the map forming part of the scheme.

1.3 The responsible authority for carrying out the scheme is the Council of the Shire of Augusta-Margaret River. (Hereinafter referred to as "The Council").

1.4 Arrangement of the Scheme:  
Scheme Text.  
Scheme Map.

1.5 In this Scheme the terms used have the respective interpretation set out in the Appendix 'D' of the Town Planning Regulations 1967 unless otherwise specified by this scheme.

2.1.1 Land within the Scheme Area is classified into the following zones and reserves:

- (a) Special Rural Zone
- (b) Public Open Space Reserve.

2.1.2 Within the Special Rural Zone it is the intention that the land should be subdivided into small rural holdings having areas not less than 3 ha.

2.1.3 In giving consideration to applications for subdivision the Town Planning Board may take into account:

- (i) The number of similar lots already available for development both within and outside the scheme area.
- (ii) The scale and rate of development of lots existing at the time of such application.
- (iii) Any other factors considered relevant by the Board.

2.1.3a. At the time of the subdivision, or the appropriate stage of subdivision as the case may be, the subdivider shall construct the bridle-ways to a gravel, road base or limestone standard to a width of 4 metres to provide a trafficable access route in the case of emergency.

2.1.4. The Council shall permit a single occupancy dwelling or a duplex dwelling to be erected on each sub-lot within the scheme area, together with such outbuildings that would reasonably be associated with residential or agricultural use, or other use permitted by Council.

2.1.5 The minimum floor area of any single occupancy dwelling shall be 67 sq. metres, and for a duplex dwelling shall be a minimum floor area of 60 sq. metres per living unit.

2.1.6 No building shall be erected or placed on any lot without the owner making application to and gaining the approval of Council. Plans, specifications, materials, design and position of any building shall indicate that it will be in harmony with the rural environment.

2.1.7 The position of any structure on any lot within the Scheme area, including setback from the lot frontage and side boundary shall be determined by Council.

2.1.8 No lot shall be used except for residential or agricultural purposes, or other use permitted by Council on application by the owner.

2.1.9 No person shall erect or display any sign, hoarding, billboard, advertising device or like structure without making application to and gaining approval of the Council.

2.1.10 No lot shall be cleared of its natural vegetation to a greater area than one-third of the lot size, excluding firebreaks required by the Council and the Bush Fires Board of Western Australia, and excluding the gross floor area of approved buildings.

2.1.11 No lot that fronts the River Reserve shall be cleared of its natural vegetation for a distance of forty (40) metres from the river.

2.1.12 Upon application, Council may approve of the clearing of a lot to a greater area than one third.

2.1.13 As the responsible authority Council is aware of the need to improve the environment and each lot owner will be encouraged to undertake a programme of tree planting.

2.1.14 The establishment of any offensive trade such as piggeries, intensive stall fed cattle and poultry rearing, etc., industry or practice which could in the opinion of Council, cause annoyance or be inconsistent with the character of the Scheme shall not be permitted.

3.1.1 Any application for development required under any provision of the Scheme shall be in writing and be accompanied by such plans, sketches and specifications as to fully illustrate the proposals.

3.1.2 Such plans shall embody the basic premise that development and associated services are secondary to the natural features of the site and indicate the extent of earthmoving and clearing.

3.1.3 For the purpose of assisting and guiding the Council in administering the Scheme and protecting the amenity of the area, the owners of the land within the Scheme may, from time to time, elect or appoint an Owners' Committee of three members.

3.1.4 The Council shall refer any application for development to the Owner's Committee and the Committee shall recommend in writing to the Council that the application be approved, conditionally approved or refused.

3.1.5 The Council shall consult with the Owners' Committee in the development and maintenance of the Wallcliffe Road buffer zone.

3.1.6 The Council shall pay regard to, but shall not be bound by, the recommendation of the Owners' Committee.

3.1.7 The Council may, by an authorised officer, enter at reasonable times any buildings or land for the purpose of ascertaining whether the provisions of the Scheme are being observed.

3.1.8 Any person aggrieved by a decision of the Council in the use of its discretionary powers under the Scheme may appeal in accordance with part V of the Town Planning and Development Act and the regulations made thereunder.

3.1.9 Any person who fails to comply with any of the provisions of the Scheme is guilty of an offence and without prejudice to any other remedy given herein is liable to such penalties as are prescribed in the Town Planning and Development Act, 1928 (as amended).

4. Reserved Land.

4.1 (a) Land set aside under this Scheme for the purposes of a reservation is deemed to be reserved for the purposes indicated on the Scheme Map.

(b) Except as otherwise provided in this Part, a person shall not carry out any development on land reserved under this Scheme, other than the erection of a boundary fence, without first applying for and obtaining the written approval of the Council.

(c) In giving its approval the Council shall have regard to the ultimate purpose intended for the reserve and shall in the case of land reserved for the purposes of a public authority, confer with that authority before giving its approval.

(d) No provision of this Part shall prevent the continued use of land for the use for which it was being lawfully used immediately prior to the Scheme having the force of law, or the repair and maintenance, for which the prior consent in writing of the Council has been obtained, of buildings or works lawfully existing on the land.

4.2 (a) Where a Council refuses approval for the development of land reserved under the Scheme on the ground that the land is reserved for public purposes, or grants approval subject to conditions that are unacceptable to the applicant, the owner of the land, may, if the land is injuriously affected thereby, claim compensation for such injurious affection.

(b) Claims for such compensation shall be lodged at the office of the Council not later than six months after the date of the decision of the Council refusing approval subject to conditions that are unacceptable to the applicant.

(c) In lieu of paying compensation, the Council may purchase the land affected by such decision of the Council at a price not exceeding the value of the land at the time of refusal of approval or of the grant of approval subject to conditions that are unacceptable to the applicant.

5. Non-Conforming Use of Land.

5.1 (a) The continued use of any land or building for the purpose for which it was being lawfully used at the time of the coming into force of the Scheme; or

(b) The carrying out of any development thereon for which, immediately prior to that time, a permit or permits required under the Town Planning and Development Act, 1928 (as amended), and any other law authorising the development to be carried out have been duly obtained and was current.

5.2 (a) Where in respect of land reserved under Part 4 of the Scheme a non-conforming use exists or was authorised as mentioned in clause 4.1 of this Part on that land all or any erections alterations or extensions of the buildings thereon or use thereof shall not be carried out unless the approval of the Council has been obtained in writing.

(b) Where in respect of land zoned under Part 2 of the Scheme a non-conforming use exists or was authorised as mentioned in clause 5.1 of this Part on that land, and provided the prior consent in writing of the Council has been obtained, buildings may be extended to the limits prescribed by the Uniform Building By-laws made under the Local Government Act, 1960 (as amended), or by any other by-laws made under the Act for the purpose of limiting the size, location and distance from boundaries and any other matter required by law for that class of use within the boundary of the lot or lots on which the use was carried on immediately prior to the coming into force of the Scheme.

5.3 Change of Non-Conforming Use.

The Council may permit the use of any land to be changed from one non-conforming use to another

non-conforming use, provided the proposed use is, in the opinion of the Council, less detrimental to the amenity of the neighbourhood than the existing use, or is in the opinion of the Council closer to the intended uses of the zone.

5.4 Discontinuance of Non-Conforming Use:

(a) Notwithstanding the preceding provisions of this Part, except where a change of non-conforming use has been permitted by the Council under Clause 5.3, when a non-conforming use of any land or building has been discontinued, such land or building shall not thereafter be used other than in conformity with the provisions of the Scheme.

(b) The Council may effect the discontinuance of a non-conforming use by the purchase of the affected property, or by the payment of compensation to the owner or the occupier or to both the owner and the occupier of that property, and may enter into an agreement with the owner for that purpose.

Adopted by the resolution of the Council of Augusta-Margaret River Shire at the meeting of the Council held on 28th day of February, 1980, and the Seal of the Municipality was hereunto affixed in the presence of—
