1.2 The Scheme shall apply to the whole of the Derby Townsite, the maps forming part of the Scheme.

1.3 The Town Planning Scheme for the Shire of West Kimberley (Derby Townsite) which was published in the *Government Gazette* on the 22nd day of March, 1974, and subsequently amended from time to time, is hereby revoked (for the area detailed in Clause 1.2 above).

(c) In giving its approval the Council shall have regard to the ultimate purpose intended for the reserve and shall in the case of land reserved for the purposes of a public authority confer with that authority before giving its approval.

(d) No provision of this Part shall prevent the continued use of land for the use for which it was being lawfully used immediately prior to the Scheme having the force of law, or the repair and

maintenance, for which the prior consent in writing of the Council has been obtained, or buildings or works lawfully existing on the ground.

2.3 (a) Where a Council refuses approval for the development of land reserved under the Scheme on the ground that the land is reserved for public purposes, or grants approval subject to conditions that are unacceptable to the applicant, the owner of the land may, if the land is injuriously affected thereby, claim compensation for such injurious affection.

(b) Claims for such compensation shall be lodged at the office of the Council not later than six months after the date of the decision of the Council refusing approval or granting it subject to conditions that are unacceptable to the applicant.

(c) In lieu of paying compensation the Council may purchase the land affected by such decision of the Council at a price not exceeding the value of the land at the time of refusal or approval or of the grant of approval subject to the conditions that are unacceptable to the applicant.

PART IV.—NON-CONFORMING USE OF LAND.**4.1 No provision of the Scheme shall prevent:**

- (a) the continued use of any land or building for the purpose for which it was being lawfully used at the time of the coming into force of the Scheme; or
- (b) the carrying out of any development thereon for which, immediately prior to that time, a permit or permits required under the Town Planning and Development Act, 1928 (as amended), and any other law authorising the development to be carried out have been duly obtained and was current.

4.2 (a) Where in respect of land reserved under Part II of the Scheme a non-conforming use exists or was authorised as mentioned in Clause 4.1 of this Part on that land all or any erections, alterations or extensions of the buildings thereon or use thereof shall not be carried out unless the approval of the Council has been obtained in writing.

(b) Where in respect of land zoned under Part III of the Scheme a non-conforming use exists or was authorised as mentioned in Clause 4.1 of this Part on that land, and provided the prior consent in writing of the Council has been obtained, buildings may be extended to the limits prescribed by the Uniform Building By-laws made under the Local Government Act, 1960 (as amended), or by any other by-laws made under that Act for the purpose of limiting the size, location and distance from boundaries and any other matter required by law for that class of use within the boundary of the lot or lots on which the use was carried on immediately prior to the coming into force of the Scheme.

4.3 Change of Non-Conforming Use.

The Council may permit the use of any land to be changed from one non-conforming use to another non-conforming use, provided the proposed use is, in the opinion of the Council, less detrimental to the amenity of the neighbourhood than the existing use, or is in the opinion of the Council closer to the intended use of the zone.

4.4 Discontinuance of Non-Conforming Use.

- (a) Notwithstanding the preceding provisions of this Part, except where a change of non-conforming use has been permitted by the Council under Clause 4.3, when a non-conforming use of any land or building has been discontinued, such land or building shall not thereafter be used other than in conformity with the provisions of the Scheme.
- (b) The Council may effect the discontinuance of a non-conforming use by the purchase of the affected property, or by the payment of compensation to the owner or the occupier or to both the owner and the occupier of that property, and may enter into an agreement with the owner for that purpose.

PART V.—GENERAL PROVISIONS.**5.1 Town Centre Zone.**

Before granting approval for any of the uses permitted within the Town Centre Zone the Council shall adopt a development policy plan for the development and/or subdivision of any land.

5.2 Residential Zone.

Before granting approval for the development or redevelopment of any land zoned Residential the Council shall require a development plan showing, as a minimum requirement:

- (a) the location and width of all road reserves;
- (b) the physical condition of the land including existing buildings, fences and any other structures or public utilities;
- (c) the location of all Boab trees;
- (d) the existing and proposed lot boundaries.

6.2 Compensation.

Claims for compensation by reason of the Scheme other than for the purpose of Part II shall be made not later than six months from the date on which notice of approval of the Scheme is published in the *Government Gazette*, except in the case of reserved land where the provisions of Part II shall apply.

6.3 Entry to Premises:

The Council may by an authorised officer enter at all reasonable times any building or land for the purpose of ascertaining whether the provisions of the Scheme are being observed.
