IN THE HIGH COURT OF AUSTRALIA.  
PRINCIPAL REGISTRY.  
SITTING AS THE COURT OF DISPUTED  
RETURNS.

No. 17 of 1980.

Between: John Gordon Evans, Petitioner, and Noel Ashley Crichton-Browne, Respondent,

In the matter of the Commonwealth Electoral Act 1918-1980 and in the matter of an Election held on the eighteenth day of October, one thousand nine hundred and eighty for the election of five Senators for the State of Western Australia, to serve in the Senate of the Parliament of the Commonwealth of Australia.

To the High Court of Australia sitting as the Court of Disputed Returns.

THE humble petition of John Gordon Evans of 4 Tumut Road, City Beach, in the State of Western Australia, Management Consultant, sheweth as follows:—

1. On or about the nineteenth day of September 1980 a writ was duly issued to the Australian Electoral Officer for Western Australia commanding him to cause election to be made according to law of five Senators for the said State to serve in the Senate of the Parliament of the Commonwealth of Australia from and after the first day of July, 1981, and by the said writ the eighteenth day of October, 1980, was appointed to be the day on which the poll was to be taken.

2. Your Petitioner and one Noel Ashley Crichton-Browne and 21 other persons were duly nominated as candidates for the election referred to in paragraph 1 hereof (hereinafter referred to as "the said election").

3. There were 749 286 names recorded on the Roll of electors for the said election and 699 957 votes were given but of these votes 69 453 were rejected as informal.

4. The Ballot-paper used in the said election was substantially in the form "E" in the Schedule to the said Commonwealth Electoral Act.

5. Set out hereunder are the names of the 23 candidates in the order in which, and grouped as they appeared on the said Ballot-paper and shewn after each name is the number of first preference votes recorded for that candidate:—

<b>Total Votes</b> .....	<b>630 504</b>

6. The Australian Electoral Officer for Western Australia determined a quota of 105 085 votes.

7. Thereupon Reginald Greive Withers and Gordon Douglas McIntosh were declared to have been duly elected.

8. Thereupon 172 280 surplus votes of the said Reginald Greive Withers and 137 479 surplus votes of the said Gordon Douglas McIntosh were transferred to the continuing candidates and 175 573 votes were then recorded for Peter Drew Durack and 137 866 votes for Patricia Jessie Giles.

9. Thereupon the said Peter Drew Durack and Patricia Jessie Giles were declared to have been duly elected.

10. Thereupon 70 483 surplus votes of the said Peter Drew Durack and 32 781 surplus votes of the said Patricia Jessie Giles were transferred to the continuing candidates and all the continuing candidates other than your Petitioner and the Respondent were then excluded one by one and after distribution of their preferences the votes recorded were as follows:—

Your Petitioner 104 802.

The Respondent 105 362.

11. The said Noel Ashley Crichton-Browne was thereupon declared to have been duly elected.

12. The writ mentioned in paragraph 1 hereof was returned on the 24th November, 1980.

13. It is the custom for most candidates for election to the Senate of the Parliament of the Commonwealth of Australia (hereinafter called "the Senate") to be supported by a political party. A candidate or group of candidates is selected some time before an election is due to be held by the members of a particular political party (and usually from amongst the membership) to be its candidate or candidates at that election. This procedure is usually referred to as the political party "endorsing" a candidate or candidates. The Australian Electoral Office in recognition of such procedures places all candidates (by draw upon ballot) of like political parties into respective groups according to party.

14. Your Petitioner was the first of three candidates endorsed by a political party known as the Australian Democrats (hereinafter called "the Australian Democrats") for the said election, and was accordingly included in Group F with his fellow Australian Democrat candidates, as set out in paragraph 5 hereof.

15. The Respondent was the third of three candidates endorsed by another political party known as The Liberal Party of Australia (hereinafter referred to as "The Liberal Party") for the said election, and was accordingly included in Group C with his fellow Liberal Party candidates as set out also in paragraph 5 hereof.

16. Another political party known as The Australian Labor Party (hereinafter referred to as "The Labor Party") also endorsed candidates for the said election.

17. After the procedure set out in paragraph 13 hereof much of the campaigning for the election of an endorsed candidate or endorsed candidates on his or their behalf is organised and undertaken by members of the particular political party which has endorsed that candidate, and therefore in the name of that party. Such campaigning usually includes advertising by means of notices, handbills, pamphlets and cards and electoral advertisements in newspapers and on radio and television and in other ways, with the aim of promoting the candidate or candidates personally and also recommending him or them to electors, especially because they are members of that particular political party and have been endorsed by it, thereby persuading electors to vote for such candidate or candidates at the election often because he or they are members of and/or endorsed by that party. Such advertising may also seek to dissuade electors from voting for another candidate or other candidates either on personal grounds or because of the political party which has endorsed that other candidate or candidates, and therefore often merely because he or they are members of and/or endorsed by another party.

18. On occasions other groups, or individuals, also advertise either in support of the election of a candidate or candidates or against the election of a candidate or candidates. Such advertising may refer to a candidate or candidates personally or it may refer to the political party which has endorsed the candidate or candidates or both to the candidate or candidates personally and to his or their political party.

19. Once a candidate, endorsed by a political party, has been elected to the Senate it is usual for him to join the group of Senators belonging to the same political party as he does (and which uses the name of the political party to which the members belong—for example, the Australian Democrats, The Liberal Party and the Labor Party) and to be identified with that group. As a rule all members of the group vote on any matter coming before the Senate in the same way, and this is a presumption usually made concerning a duly elected Senator in anticipating the manner in which he or she may exercise his or her vote as a Senator.

20. On a date no later than the ninth day of October 1980 on behalf of the Respondent and the other candidates in his group and continuing until just before the said election, The Liberal Party and others began an advertising campaign by way of:

- (a) Newspaper advertisements,
- (b) Radio broadcasts, and
- (c) Television telecasts,

seeking to dissuade electors from voting at the said election for the Petitioner and the other candidates endorsed by the Australian Democrats.

21. The advertisements referred to in paragraph 20 hereof appeared in newspapers circulating in Western Australia on the following dates and with the headings shown:

17th October, 1980; *Daily News* (Page 19); "Danger for the West"

Copies of the said advertisements will be produced upon the hearing of this Petition.

22. The audited circulation figures of the three major newspapers referred to in paragraph 21 hereof (at or about the time the aforesaid publications were made) by each of them respectively were:

- (i) *The West Australian*—254 550
- (ii) *The Daily News*—119 162
- (iii) *The Sunday Times*—262 000.

23. Advertisements to a similar effect were heard on commercial radio stations and those operated by the Australian Broadcasting Commission and heard and seen on commercial television stations and on those operated by the Australian Broadcasting Commission but your Petitioner has been unable to get transcripts of what was said or copies of the television advertisements except for one transcript of what was said on a telecast which was transmitted on a date just prior to the said election on both commercial television channels and the said Commission's television channel, all operating from Perth. Such telecast began with the words: "This is an election telecast on behalf of the Liberal Party of Australia for the Federal Election . . ." and ended with the words "Please think deeply before casting your Senate vote . . . a vote for Liberals is a vote for Western Australia . . . Vote 1 R. G. Withers, 2 P. G. Durack, 3 N. A. Crichton-Browne", and in the course of such telecasts contained the spoken words:

"Now what about the Democrats . . . in the last Parliament the Democrats voted with the Labor Party 8 times out of 10".

The full text of that telecast, and any others containing like allegations, transmitted prior to the said election, will be referred to upon the hearing of this Petition.

24. The substance and purport of all the advertisements referred to in paragraphs 20, 21 and 23 was that—

- (a) the present Australian Democrat Senators, (Namely Senator the Honourable Donald L. Chipp, Parliamentary Leader of the Australian Democrats and Senator Colin Mason, Deputy Parliamentary Leader) had in the last Parliament "voted with Labor eight times out of ten";
- (b) "a vote for Democrats could be a vote for Labor" and voting Democrat "might be your first Labor vote and could give Labor control of the Senate" and "a vote for the Democrats could end up a vote for Labor"; and
- (c) the Australian Democrat Senators in the last Parliament had "voted 80% of the time with the Labor Party, but they were not there for 52 votes" out of a total of 192 occasions.

The inference to be drawn from the said advertisements was that the Australian Democrats are to be identified with the Labor Party, and that if electors voted for the Australian Democrat candidates the result would be the same as voting for the Labor Party candidates because the two parties are alleged to have much the same political philosophy and policies and that the members of each were likely, allegedly on most occasions, to vote in the Senate in the same way.

25. The said advertisements contained untrue or incorrect statements likely to mislead electors in or in relation to casting their votes in that:

- (a) the voting record of the said Australian Democrat Senators in the Senate during the last Parliament was not "with Labor

eight times out of ten" when all votes taken during the lifetime of that Parliament are taken into account including:

- votes taken both "upon the voices" and "upon divisions"; and
- votes taken when such Senators, or one of them, were absent or upon leave;

but instead the true and correct record was that, taking all votes of both kinds into account (as well as absences and leave as aforesaid) the Australian Democrat Senators in fact voted with the Government (that is the Liberal Party) upon a substantial majority of occasions in the lifetime of the last Parliament. The completion of and extracting and compiling of all relevant figures from the last Parliament (including survey of a number in excess of 2 600 votes on the voices) could not be completed in time for inclusion in this Petition, and will be given in full particularity on the hearing hereof;

- (b) there was no agreement, understanding, commitment undertaking nor any arrangement between the Australian Democrats and Labor that the said Australian Democrats would vote with Labor in the Senate, as implied or suggested by such text and presentation in the phrases "a vote for the Democrats could be a vote for Labor" and that voting Democrat "might be your first Labor vote". In fact, the Australian Democrats and the Labor Party are two distinct and separate political parties each completely independent of the other. Each has a political philosophy and policies distinct and different from the other and in many respects in conflict with the other. The members of each have views on many political matters widely differing from those of members of the other;
- (c) there was in existence no arrangement for "pairs" for the said Australian Democrat Senators (such as has for many years existed between Labor Party Senators and Senators belonging to the Liberal Party) in case of the absence of an Australian Democrat Senator from the Senate. The lack of such arrangement was not referred to in the said advertisements with the intended result that the absence of Australian Democrat Senators through illness, travel, commitments in their home States and the like appears to show a lack of diligence on their part compared with Senators belonging to other political parties and implying a likely similar lack of diligence by any Australian Democrat candidate who may have been elected to the Senate when such is not the case.

26. (a) Further an undated letter apparently from the office, on the letterhead, and over the signature of one Sir Charles Court, Premier of the State of Western Australia, was sent to many electors at their addresses shown in the electoral rolls. That letter, a copy of which will be produced in evidence on the hearing of this Petition, was also published in part under the heading "Threat to Western Australia" on the 17th day of October, 1980, on page 45 of *The West Australian* newspaper, as set forth in paragraph 21 hereof.

(b) Such letter was to the same effect or purport as the advertisement referred to in paragraphs 20, 21 and 23 using such words as "... have voted eight out of ten times with the Labor Party" and "a vote for the Australian Democrats can end up a vote for the Labor Party". It is an electoral advertisement. It is untrue and incorrect and was intended and likely to mislead electors in relation to the casting of their votes. It is endorsed at its close with the words "Authorised by C. Porter, 51 Colin Street, West Perth".

27. (a) On the 17th day of October, 1980 (as set forth already in paragraph 21 hereof) an electoral advertisement appeared on Page 41 in the

*Daily News* headed "What good is an Australian Democrat Watchdog if he is not there?". At the end thereof appeared, "Inserted by a large group of businessmen vitally concerned with keeping a responsible Liberal Government in Canberra. Authorised by D. Hill, 39 The Esplanade, South Perth". A copy of the said electoral advertisements will be produced at the hearing of this Petition.

(b) Such electoral advertisement was to the same effect as the electoral advertisements referred to in paragraphs 20, 21, 23 and 26 hereof. It is untrue and incorrect, and contains figures which (upon any interpretation) can refer to voting records only on divisions, and then only in respect of merely one session of the last Parliament, and with no explanation as to the absence of a "pairs" system for the Australian Democrats Senators (as aforesaid) in any event.

28. All such untrue or incorrect statements in the said advertisements and recited herein were intended or likely to mislead or improperly interfere with electors in or in relation to the casting of their votes for candidates for the Senate in the said election and accordingly were illegal practices pursuant to Section 161 of the Commonwealth Electoral Act.

29. Your Petitioner points to the closeness of the result of the election between the Respondent and himself. Only 0.09 percentum of electors need have been misled by the said advertisements in relation to the casting of their votes and have thereby been dissuaded from voting for the Petitioner for such result. Had they not been so misled then the Petitioner would have been elected.

30. (a) Your Petitioner refers to paragraphs 5, 6, 7, 8, 9 and 10 hereof in which are set out the number of votes cast for the twenty three candidates at the said election and the result of the count of those votes. The last candidate to be excluded before your Petitioner was Brian James Dennis Conway, the third candidate in Group G, being the three candidates endorsed by the Labor Party. The said Brian James Dennis Conway before his exclusion had 38 235 votes, the Petitioner had 68 014 and the Respondent 103 915. Upon his exclusion 36 788 of the said votes were transferred to the Petitioner and 1 447 to the Respondent showing that most of the voters who voted for one or other of the Labor candidates gave their preferences to the Petitioner rather than to the Respondent. It could be expected that if a greater number of electors had voted for the Labor candidate they too would have given their preferences to the Petitioner rather than to the Respondent. Had this happened then the Petitioner and not the Respondent would have finished with the greater number of votes and been declared elected.

(b) Members of the Liberal Party, and others, made untrue and incorrect statements in relation to candidates of the Labor Party in advertisements which were intended or likely to mislead or improperly interfere with electors in or in relation to the casting of their votes for the Senate in the said election and accordingly were illegal practices pursuant to Section 161 of the Commonwealth Electoral Act. Full particulars of such statements have been given in other petitions presented to this Honourable Court. Although such petitions relate to elections for the House of Representatives in other States, the same or similar advertisements and to the same effect, appeared in electoral advertisements in newspapers and on radio and television and in other ways, in Western Australia.

(c) The probable result of the statement referred to in sub-paragraph (b) hereof was to reduce the number of votes cast for the candidates endorsed by the Labor Party and therefore, because of the matters canvassed in sub-paragraph (a) hereof, to reduce the number of votes for the Petitioner.

31. The Court may be satisfied therefore that the result of the said election has been affected by the matters set out in paragraphs 13-28 and 30 of this Petition and that it is just that the Respondent should be declared not to have been duly elected or that the said election should be declared void.

Your Petitioner therefore prays:

- (1) That this Petition be upheld in whole;
- (2) That it may be declared that the Respondent, the said Noel Ashley Crichton-Browne, was not duly elected;
- (3) That your Petitioner may be declared duly elected;
- (4) Alternatively to (2) and (3) hereof, that the said election may be declared absolutely void;
- (5) That your Petitioner may be awarded his costs; and
- (6) For such further or other order as to this Honourable Court may seem meet.

Dated the 17th day of December One thousand nine hundred and eighty.

Note: It is intended to serve a copy of this Petition upon the Respondent, Noel Ashley Crichton-Browne of 29 Pawlett Way, Karrinyup 6018.

Filed by Peter Finkelstein & Associates, Solicitors, 4th Floor, Prudential Building, 150 Queen Street, Melbourne, 3000, for and on behalf of the Petitioner whose address is 4th Floor, 68 St. George's Terrace, Perth, Western Australia, 6000.

LOCAL GOVERNMENT ACT, 1960-1979.

The Municipality of the Shire of Dardanup.

By-laws Relating to Fencing.

IN pursuance of the powers conferred upon it by the abovementioned Act and of all other powers enabling it, the Council of the abovementioned Municipality hereby records having resolved on the Eighteenth day of April, 1980, to make and submit for confirmation by the Governor, the following by-laws.

1. All previous by-laws relating to fencing published in the *Government Gazette* on the 7th March, 1969, and subsequently amended in the *Government Gazette* of the 7th November, 1972, and the 27th September, 1974, are hereby repealed.

2. These by-laws shall have effect within the whole of the Municipality of the Shire of Dardanup.

3. In these by-laws, unless the context otherwise requires, the following terms shall have the meaning set against them:—

“Council” shall mean the Dardanup Shire Council.

“Fence” shall mean any structure erected or built on the boundary of a property, including a gate, but excluding a structure defined by the Uniform Building By-laws as a “building”.

“Building Line” shall be the building set-back distance from the street alignment, as defined in the Council's Town Planning Schemes.

“Dividing Fence” shall have the same meaning as defined in the Dividing Fences Act 1961.

“Height” in relation to a fence shall mean the distance between the top of a fence and the ground immediately below.

“Residential Area” shall mean land zoned in a Town Planning Scheme for residential purposes and shall also include land zoned for business and community uses as well as Development Areas zoned for those purposes.

“Industrial Area” shall mean land zoned in a Town Planning Scheme for industrial purposes, but shall exclude Industrial Development zones which are being used for other purposes.

“Rural Area” shall mean all areas other than those defined as “residential” and “industrial” areas.

4. The erection of a fence on a line other than a boundary shall be defined as a fence under these by-laws if it is, in the opinion of the Council, intended to be a boundary fence.

5. No person shall erect a fence within the rural area of the Shire unless it complies with the requirements of the first schedule. Nothing in these by-laws shall preclude the erection of a fence of a standard superior to that detailed in the schedule, or for the erection of an alternative type of fence, provided Council's written approval has been received prior to its erection.

6. No person shall erect a fence within a residential area, or an industrial area, other than of one or more of the following materials:

brick, stone, concrete, wrought iron, tubular steel, link mesh, asbestos, timber, or any other material approved in writing by the Council.

7. Subject to by-law (8), no person shall erect a fence within a residential area at a height exceeding 1.2 metres, except that a fence erected behind the building line may be erected to a maximum height of 2 metres.

8. Notwithstanding the limitations of by-law (7) the Council may at its discretion, following the submission of plans and specifications, approve the erection of a fence at a greater height than those stipulated, but only after ensuring that the fence will have no adverse effect on other property owners in the area or the general public.

9. Within an industrial area no person shall erect a fence exceeding 1.2 metres in height forward of the building line, unless it is of a material that allows unobstructed vision.

10. No person shall erect a fence within a residential area using:

- (a) Barb wire, iron spikes, whole or broken bottles, electrically charged wire, or any other material which could be harmful or cause injury to any person, or
- (b) Second hand material, unless the Council has given its prior approval in writing to the use of such material. The Council may at its absolute discretion refuse or grant approval upon such terms and conditions as it deems fit.

11. No person shall erect a free standing asbestos fence other than in accordance with the manufacturer's recommendations.

12. A fence constructed in accordance with the specifications set out in the schedules hereto is prescribed as a "sufficient fence" for the purpose of the Dividing Fences Act, 1961. This section shall not preclude the erection of a dividing fence of an alternative standard to that set out in the schedule, provided the alternative standard is agreed to in writing by all affected property owners.

13. Where there is a conflict in the required standard of a dividing fence because of different property uses, the lesser standard of the two shall be prescribed as a "sufficient fence" under the Dividing Fences Act, 1961.

14. The owner of land on which a fence is erected shall maintain the fence in good condition and in a manner so as to prevent it from becoming dangerous, dilapidated, unsightly, or prejudicial to the property in, or the inhabitants of, the neighbourhood. In rural areas a fence shall also be maintained so as to prevent the escape of stock which are enclosed therein.

15. The Council may give notice in writing to the owner of any land upon which a fence has been erected, or is being maintained, other than in accordance with these by-laws, requiring such owner to carry out within a specified time certain works as shall be detailed and stated in the notice.

16. Where the owner of land who has been served with a notice under by-law 15 of these by-laws fails to comply with that notice, the Council may enter upon the land, either by his own servants or by authorising other persons, and carry out the works specified in the notice. All costs and expenses incurred by the Council in carrying out the works shall be recoverable from the owner of the land in a Court of competent jurisdiction.

17. A person who fails to comply with a notice given to him pursuant to by-law 15 or who does anything contrary to these by-laws, commits an offence and shall be liable to:

- (a) A maximum penalty of \$100, plus
- (b) An additional daily penalty of \$5 for each day during which the offence occurs.

#### First Schedule.

#### RURAL AREAS.

1. Posts shall be of steel, reinforced concrete, or sawn, split or round wooden, set not less than 450 mm in the ground and not less than 1.2 metres out of the ground.

2. Retaining material shall be of a sheep proof type, consisting of either:—

Such fences shall comply with By-Laws for Limiting the Height of Obstructions at Corners of Streets, Roads or Rights-of-Way made and now in effect under the provisions of the Town Planning and Development Act 1928, section 31(1).
