SETTLEMENT AGENTS ACT 1981.

RULES FOR SETTLEMENT AGENTS' CODE OF CONDUCT 1982.

MADE by the Settlement Agents Supervisory Board with the approval of the Chief
Secretary.

1. These rules may be cited as the Settlement Agents' Code of Conduct 1982.
2. These rules shall come into operation on the day on which they are published
in the *Government Gazette*.
3. In these rules, unless the context otherwise requires—
“agent” means a person who is an agent within the meaning of the Real Estate
and Business Agents Act 1978;
“developer” means a person who is a developer within the meaning of the Real
Estate and Business Agents Act 1978;
“real estate sales representative” means a person who is a real estate sales repre-
sentative within the meaning of the Real Estate and Business Agents Act
1978;
“the Act” means the Settlement Agents Act 1981.
4. A licensee shall ensure that he has at all times a complete knowledge of the
Act, the regulations thereunder and this Code of Conduct as amended from time to
time and the duties and obligations imposed upon him by the Act, the regulations
and the Code of Conduct and shall duly comply with all requirements thereof.
5. A licensee shall have a knowledge of his duties both at law and in equity
to the party to the transaction by whom the licensee was appointed (the “client”)
and in particular a licensee shall be aware that his obligation to his client is one
of the utmost good faith which requires him not to put his duty to his client in
conflict or in likelihood of conflict with his own interests or that of any other person.
6. A licensee shall at all times make a full and frank disclosure to his client of
any interest he may have in any transaction in which he is concerned and if such
interest is adverse to that of his client he shall terminate his appointment.

7. Subject to section 46 of the Act and to rule 5 hereof a licensee may sometimes act for both parties. The test to apply is to consider whether in the interest of one he should withhold some information or advice from the other. If he should, then he should inform both clients that he is embarrassed and, subject to the following, should cease to act for both. He may continue to act for one of them in the same matter, however, unless he has received some confidential information from the other which it would be improper to use against him yet which should be used in the interest of the selected client.

8. (1) Where a person proposes to appoint a licensee to act on his behalf in a transaction which has been negotiated—

(a) by an agent or developer in which—

(i) the licensee;

(ii) if the licensee is a firm, any of the persons who are partners in the firm; or

(iii) if the licensee is a body corporate, any of the shareholders or directors of the body corporate,

have any interest; or

(b) by a real estate sales representative who has any interest in the licensee, then, before the appointment required under section 43 of the Act is effected, the licensee shall give to that person a notice in writing in the form of Form 1 in the Schedule to these rules.

(2) In subrule (1) of this rule the term "shareholders of a body corporate" does not include shareholders of a body corporate which is—

(a) a body corporate, shares in which are listed for quotation on the stock market of a stock exchange in Australia;

(b) a bank authorized under any law of the Commonwealth or the State to carry on banking business;

(c) a building society authorized to act under any law of the State;

(d) a body corporate authorized by the law of any State, or of a Territory, of the Commonwealth to apply for and obtain, in its own name, a grant of probate or of letters of administration of the estate of a deceased person.

9. No licensee may act or continue to act in the settlement of a transaction if any conflict of interest arises or foreseeably could arise between the licensee and his client.

10. When acting for a person in arranging a settlement a licensee shall—

(a) as soon as practicable after receiving instructions to act for that person cause searches and enquiries to be made at such offices and authorities as may be necessary in regard to the transaction; and

(b) as soon as practicable forward a settlement statement to the person by whom he was appointed to arrange a settlement and shall forward amended settlement statements from time to time as may be necessary.

11. Whenever it is necessary or prudent to do so, a licensee shall recommend to his client that the client seek the advice of a solicitor in respect of the transaction or any aspect thereof.

12. A licensee shall not, whether directly or indirectly, dissuade or attempt to dissuade or discourage or impede his client from seeking legal advice or representation.

13. A licensee shall be responsible for the supervision and control of the work of unlicensed persons engaged in assisting in the conduct of his business, and for that purpose—

(a) where the licensee of the business is a natural person—

(i) he shall give substantial attendance at his registered office and shall ensure that the managers of all branch offices of the business respectively give substantial attendance at the respective branch offices; and

(ii) the manager of a branch office of the business shall give substantial attendance at that office;

and

(b) where the licensee of the business is a firm or a body corporate—

(i) the partners of the firm or the directors of the body corporate, as the case requires, shall ensure that the person in *bona fide* control of the business gives substantial attendance at the registered office of the business;

(ii) the person in *bona fide* control of the business shall give substantial attendance at the registered office of the business;

(iii) the partners of the firm or the directors of the body corporate, as the case requires, and the person in *bona fide* control of the business shall ensure that the managers of all branch offices of the business respectively give substantial attendance at the respective branch offices; and

(iv) the manager of a branch office of the business shall give substantial attendance at that office.

14. Subject to any statutory provisions to the contrary and save as he may be otherwise instructed by his client a licensee shall not disclose any information which has come to him in his capacity as licensee for the client and in the legitimate course of his appointment as a settlement agent by such client.

15. A licensee shall carry out all services efficiently, honestly and without concealment or any form of deception or misleading representation.

16. A licensee shall ascertain and communicate to his client (when requested by the client or when it is necessary or prudent to do so), all available pertinent facts concerning any service or transaction he undertakes as a settlement agent so that in providing the service and handling the transaction he will avoid error, deception or mis-representation.

17. A licensee is at all times responsible for his actions, and those of his employees in business relations with other settlement agents, solicitors, clients and the public.

18. A licensee shall at all times use his best endeavours to complete any work on behalf of his client as soon as is reasonably possible.

19. A licensee shall not engage in any harsh or unconscionable conduct discreditable to him or likely to bring settlement agents into disrepute.

20. Neither a settlement agent nor any of his employees shall be excused for non-observance of the terms of this Code by reason of any claimed ignorance of the terms of the Code.

21. It is the duty of a licensee to keep proper accounts evidencing his dealings with clients' money and to keep such records intact and available for inspection by the client, the Board and its authorized officers at any time.

22. It is the duty of a licensee to pay all clients' money received by him promptly to the client or as the client may direct into a trust account as provided for in the Act. As far as practicable it is desirable for him to preserve records of payment by drawing cross-cheques on his trust account and if he holds a client's money in a savings bank trust account or a building society trust account it is desirable that he place it in his trust account current with a trading bank before finally disposing of it so as to preserve a record of its destination.

23. If a licensee finds that his trust account is deficient it is his duty to either balance it by his own money or by money placed at his disposal by someone knowing fully his financial position and to immediately inform all persons who could be affected by the deficiency.

24. A licensee shall not pay his clients' money into his trust account which he knows to be deficient.

25. A licensee shall notify his client promptly of the receipt by him of moneys, documents of title or securities on behalf of the client and whenever asked by the client or another settlement agent or solicitor instructed by the client for a cash account or for the payment of moneys or for the delivery of securities or the client's papers the licensee shall comply promptly and willingly.

26. A licensee shall render a bill of costs, promptly at any time if requested by his client so to do but he need not render an itemised bill unless the client requests it provided he has satisfied himself that his lump charge is fair and proper.

27. A licensee shall not take unnecessary steps or do his work in such a manner as to increase his proper normal cost to the client. Nevertheless, he should not refrain from taking any steps that he considers advisable in the client's interest.

28. A licensee should recognize that a client is entitled to change his settlement agent or instruct a solicitor to act for him at any time without giving a reason. A licensee will best maintain his own dignity and the dignity of settlement agents by accepting the client's decision in good part and facilitating the change in a friendly and helpful manner.

If permission is not granted by the Council, or its duly authorised officer, you shall comply with the requirements of this notice. A. Rural Land.

Firebreaks not less than two (2) metres wide must be provided in the following positions:—

- (c) not more than 100 metres and not less than 20 metres from the perimeter of all groups of buildings, haystacks and fuel installations provided on that land.

Note: Irrigation Areas—Owners or occupiers may be exempted from all or part of the requirements of the above if, in the opinion of the Fire Control Officer responsible for the area in which the land is located, there is no need to construct breaks on the irrigated land or non-irrigated land, not exceeding 20 hectares in area if surrounded by irrigated land.

The requirements of this order are considered to be the minimum standard of fire prevention work required to protect not only individual properties but the district generally. In addition to the requirements of this Order, Council may issue separate special orders on owners or occupiers if hazard removal is considered necessary in some specific areas.

Town of Armadale.

Town Planning Scheme No. 1—Amendment No. 194.
THE Armadale Town Council under and by virtue of the powers conferred upon it in that behalf by the Town Planning and Development Act 1928 (as amended), and the Metropolitan Region Town Planning Scheme Act 1959 (as amended), hereby amends the above Town Planning Scheme by:

1. Delete Clause 4.27.1 and replace with:
No more than one single dwelling house per lot shall be constructed.
2. Delete Clause 4.27.2 and replace with:
No tree shall be removed without the prior written approval of the Council other than—
 - (i) a fruit tree used for commercial purposes; and
 - (ii) any tree which it is necessary to remove for the purpose of the construction of a dwelling house, fence or accessway in respect of which a building licence has been issued by the Council;
 - (iii) any tree lying within the boundary of a development envelope, where designated;
 - (iv) for the purpose of firebreak construction required by a regulation or by-law except that, in order to preserve the amenity of the area, Council may at its discretion vary the position of any required firebreak to avoid destruction of vegetation or due to the physical features of the subject land.

In granting its approval to the removal of any tree under this paragraph, the Council may impose any conditions it considers necessary in order to preserve the amenity and character of the locality.

3. Delete Clause 4.27.9 and replace with:
Where, in the Local Authority's opinion, there is deficiency of tree cover on any particular lot, Council may require the planting of native trees in order to revegetate the landscape to create wind-breaks or foliage screens, as a condition of development.
4. (a) Add a new Clause 4.27.12:
Where depicted on the subdivisional guide plan accompanying a Special Rural Zone Amendment, a development envelope indicates the area of land upon a lot which may be built on subject to planning consent being granted by Council pursuant to Clause 3.8. The area of land excluded from the envelope shall not be developed or built upon.

(b) A definition of Development Envelope is added to Clause 1.8 of the Scheme:

Development Envelope is an area of land within a lot defined on the subdivision guide plan accompanying a Special Rural Zone Amendment lodged with Council or by other means, related by measurement to the boundaries of the lot and within which all buildings on the lot are to be contained.

5. Add a new Clause 4.27.13:

Grazing/Stocking of Land.

Wherever, in the opinion of Council, land is being grazed or stocked to cause topsoil to be exposed and/or trees to be ring-barked to the general detriment of the character and good management of the area, the matter may be referred to the Department of Agriculture for investigation and recommendation. Having regard to the recommendations of the Department, Council may order the reduction of number of or removal of stock and/or the protection of trees by fencing or lattice binding. Failure to comply with such order shall constitute an offence under the Scheme.

6. Add a new Clause 4.27.14:

Control of Bush Fires.

Proposals for the subdivision which accompany an application for rezoning must contain an analysis of the bushfire vulnerability of the land within the subdivision area, arising from the proposal itself or areas within the locality. Upon the basis of such analysis, the developer shall present to Council the measures proposed within the subdivision to control bushfires which shall include, but not necessarily be limited to, the provision and allocation of strategic firebreaks and methods of fire management control.

7. Add a new Clause 4.27.15:

Council, in considering applications to clear land for rural use shall, in addition, have regard to the effects of clearing on erosion, water quality and other elements of the physical environment and may refer such applications to the Department of Conservation and the Environment for investigation and recommendation. In granting approval to clear land, the Council shall have due regard to such recommendations.

8. Add a new Clause 4.27.16:

- (i) subdivision of land in the Special Rural Zone shall be generally in accordance with the Subdivisional Guide Plan accompanying a Special Rural Zone Amendment.
- (ii) notwithstanding the provisions of the Scheme and what may be shown in the Subdivisional Guide Plan, the Town Planning Board may approve minor variations to the subdivisional design but further breakdown of lots so created shall be deemed to be contrary to the provisions of the Scheme.

9. Add a new Clause 4.27.17:
