LAND ACT 1933.

Land Release.

Department of Lands and Surveys,
Perth, 23 March 1984.

Corres. 482/70.

HIS Excellency the Lieutenant-Governor in Executive Council has been pleased to approve, under section 45A of the Land Act 1933 of Jurien Lot 240 having an area of 690 square metres being made available for sale for "Commercial Purposes" at the purchase price of \$7 500.00 subject to the following conditions:—

- (i) The purchaser shall erect thereon Commercial Premises to comply with the Local Authority by-laws within two years of the due date of the first instalment of purchase money. If this condition has not been complied with in the time prescribed the land may be absolutely forfeited together with all purchase money and fees that may have been paid.
- (ii) A deposit of 10 per cent of the purchase price is payable on application and the balance of purchase money shall be paid within 12 months of the date of approval of application by four (4) equal quarterly instalments on the first days of January, April, July and October. The first instalment of purchase money shall become due and payable on the first day of the quarter next following the date of approval of application, the Crown Grant fee being payable with the last instalment of purchase money.
- (iii) On payment of the first instalment of purchase money a licence will be available, upon which a mortgage can be registered. A Crown Grant (freehold) will not issue until the purchaser has complied with the building condition.
- (iv) Intending applicants shall submit with their applications—
- Detailed plans of proposed development, including an indication of development stages where proposed.
 - Details of the timing of proposed development programme as from date of allocation of the site.
 - Details of cost estimates, related to stages of development.
 - Details of sources of funds.

- (v) Subject to agreement between the licensee and the Minister for Lands and Surveys the development requirements set out in Clause (iv) above may be varied or added to from time to time.
- (vi) The Minister reserves the right to refuse any application on the grounds that the proposed development and/or development programme is inadequate or unsuitable or that the applicant has failed to show adequate capacity to fund his development programme.

Applications, accompanied by a deposit of 10 per cent of the purchase price together with detailed plans of proposed development and other information, must be lodged at the Department of Lands and Surveys, Perth on or before Wednesday, 2 May 1984.

All applications lodged on or before the closing date will be treated as having been received on that date, and if there are more applications than one for the lot, the application to be granted will be decided by the Land Board.

APPLICATION FOR LEASING.

Department of Lands and Surveys,
Perth, 23 March 1984.

3388/981 RA:AW.

APPLICATIONS are invited under section 117 of the Land Act 1933 for the leasing of the Boyup Brook lots shown in the schedule hereunder for the purpose of "Light Industry" for a term of 21 years at the rentals shown in the said schedule.

Intending applicants shall submit with their applications details of intended utilisation and proposed development indicating size and type of intended structures, cost estimates, source of funds and programme for construction whether staged or not.

The Minister for Lands and Surveys reserves the right to refuse any application on the grounds that the proposed utilisation, development and/or development programme is inadequate or unsuitable or that the applicant has failed to show adequate capacity to fund the development.

The services provided to these lots are Roads and Water and the Service Premium as shown in the schedule is payable within 30 days of acceptance of application.

Where the in-going lessee indicates that he anticipates a requirement for freehold during the currency of the lease, the Hon. Minister shall signify the extent of development (which may be additional to that required as the basis for leasing the site) that will be necessary to enable the issue of a Crown Grant.

Subject to agreement between the lessee and the Minister, the foregoing development obligations and other conditions set out herein may be varied or added to from time to time.

At any time during the currency of the lease, subject to the development obligations and other conditions having been met to the satisfaction of the Hon. Minister, the lessee may surrender his lease to the intent that he may apply for purchase of the said land. In this event a purchase price in accordance with the schedule shall apply for a period of 3 years from the date of approval of the lease (following which period the price shall be subject to review) and fees associated with the issue of a Crown Grant shall be payable.

The land is made available for leasing subject to the following conditions:—

- (1) The land shall not be used for any purpose other than "Light Industry" without the prior approval in writing of the Minister for Lands and Surveys.

- (2) The rent shall be subject to reappraisal at the end of the third year of the term of the lease and each successive three yearly period thereafter.
- (3) The lessee shall not without the previous consent in writing of the Minister assign, transfer, mortgage, sublet or part with the possession of the demised land.
- (4) The land shall be occupied and used by the lessee for the purpose specified within nine (9) months of the commencement of the lease and thereafter will be continuously so used to the satisfaction of the Minister.
- (5) The lessee shall commence construction within nine (9) months and thereafter continue construction and complete and operate the works within two (2) years from the date of the commencement of the lease.
- (6) All buildings, erections, paving, drainage and other works shall be to the approval of the Local Authority and the lessee shall perform, discharge and execute all requisitions and works unto the demised land as are or may be required by any local or public authority operating under any statute, by-law or regulation.
- (7) The lessee shall, within twelve months from commencement of the lease, fence the external boundaries to the satisfaction of the Minister.
- (8) All frontages shall be treated and maintained to give an appearance aesthetically pleasing consistent with the purpose of the lease according to a plan submitted to the Minister.
- (9) The lessee shall indemnify the Minister against all claims for damage to property or persons arising from the use of the land.
- (10) The Minister or his representative may enter the land for inspection at any reasonable time.
- (11) The lessee will assume full responsibility for all damage caused by or due to any escape of oil or other liquid from the pipelines or works of the company.
- (12) Compensation shall not be payable to the lessee in respect of any improvements effected by him on the demised land and remaining thereon at the expiration or earlier determination of the lease.
- (13) It shall be lawful for the lessee at any time within the three calendar months immediately following the expiration of the term or earlier determination of the lease, to take down, remove, and carry away any buildings, structures, improvements and plant the property of the lessee.
- (14) On determination of the lease, the lessee shall fill in, consolidate and level off any unevenness, excavation or hole caused by him during the term of the lease or by removal of his improvements and shall leave the demised land in a clean, neat and tidy condition to the satisfaction of the Minister and shall remove any or all waste matter as required by the Minister.

A person in the employ of the State must apply through the Under Secretary for Lands for the Governor's permission to hold this land. Written approval of the Permanent Head concerned should accompany such application.

Applications must be lodged at the Department of Lands and Surveys, Perth on or before Wednesday, 2 May 1984, accompanied by the deposit shown in the schedule together with the required development details and completed Land Board Questionnaire.

All applications lodged on or before that date will be treated as having been received on the closing date, and if there are more applications than one for any of the lots, the application to be granted will be decided by the Land Board.

APPLICATION FOR LEASING.

Department of Lands and Surveys,
 Perth, 23 March 1984.

Corres. 2445/983 RA:MKW.

APPLICATIONS are invited under section 117 of the Land Act 1933 for the leasing of the Geraldton Lots listed in the Schedule hereunder for the purpose of "Light Industry" for a term of 21 years at the annual rentals shown in the schedule.

Intending applicants shall submit with their applications details of intended utilisation and proposed development indicating size and type of intended structures, cost estimates, source of funds and programme for construction whether staged or not.

In this regard, applicants are strongly advised to consult with the Town of Geraldton prior to submitting an application, to ensure their proposals are compatible with the development of the area.

The Minister for Lands and Surveys reserves the right to refuse any application on the grounds that the proposed utilisation, development and/or development programme is inadequate or unsuitable or that the applicant has failed to show adequate capacity to fund the development.

The successful applicants shall not destroy or disturb the natural vegetation on Park Reserve 38308 (Buffer Strip) and ensure that those persons engaged in the preparation of their site and the construction of buildings, also comply with this requirement.

The services provided to these lots are Roads, Drainage and Water and the Service Premium as shown in the schedule is payable within 30 days of acceptance of application. Power is available on application to the State Energy Commission.

Where the ingoing lessee indicates that he anticipates a requirement for freehold during the currency of the lease, the Hon. Minister shall signify the extent of development (which may be additional to that required as the basis for leasing the site) that will be necessary to enable the issue of the Crown Grant.

Subject to agreement between the lessee and the Minister, the foregoing development obligations and other conditions set out therein may be varied or added to from time to time.

At any time during the currency of the lease, subject to the development obligations and other conditions having been met to the satisfaction of the Hon. Minister, the lessee may surrender his lease to the intent that he may apply for purchase of the said land. In this event a purchase price in accordance with the Schedule shall apply for a period of 3 years from the date of approval of the lease (following which period the price shall be subject to review) and fees associated with the issue of a Crown Grant shall be payable.

The land is made available for leasing subject to the following conditions:

- (1) The land shall not be used for any purpose other than "Light Industry" without the prior approval in writing of the Minister for Lands and Surveys.
- (2) The rent shall be subject to reappraisal at the end of the third year of the term of the lease and each successive three yearly period thereafter.

- (3) The lessee shall not without the previous consent in writing of the Minister assign, transfer, mortgage, sublet or part with the possession of the demised land.
- (4) The land shall be occupied and used by the lessee for the purpose specified within nine (9) months of the commencement of the lease and thereafter will be continuously so used to the satisfaction of the Minister.
- (5) The lessee shall commence construction within nine (9) months and thereafter continue construction and complete and operate the works within two (2) years from the date of the commencement of the lease.
- (6) All buildings, erections, paving, drainage and other works shall be to the approval of the Local Authority and the lessee shall perform, discharge and execute all requisitions and works unto the demised land as are or may be required by any local or public authority operating under any statute by-law or regulation.
- (7) The lessee shall, within twelve months from commencement of the lease, fence the external boundaries to the satisfaction of the Minister.
- (8) The lessee shall maintain existing and future improvements to the satisfaction of the Minister.
- (9) The lessee shall indemnify the Minister against all claims for damage to property or persons arising from the use of the land.
- (10) The Minister or his representative may enter the land for inspection at any reasonable time.
- (11) Vehicular access to the land shall only be by way of the immediately contiguous public road.
- (12) Compensation shall not be payable to the lessee in respect of any improvements effected by him on the demised land and remaining thereon at the expiration or earlier determination of the lease.
- (13) It shall be lawful for the lessee at any time within the three calendar months immediately following the expiration of the term or earlier determination of the lease, to take down, remove and carry away any buildings, structures, improvements and plant the property of the lessee.
- (14) On determination of the lease, the lessee shall fill in, consolidate and level off any unevenness, excavation or hole caused by him during the term of the lease or by removal of his improvements and shall leave the demised land in a clean, neat and tidy condition to the satisfaction of the Minister and shall remove any or all waste matter as required by the Minister.

A person in the employ of the State must apply through the Under Secretary for Lands for the Governor's permission to hold this land. Written approval of the Permanent Head concerned should accompany such application.

Applications must be lodged at the Department of Lands and Surveys, Perth on or before Wednesday, 2 May 1984 accompanied by the deposit shown in the schedule, with the required development details and completed Land Board Questionnaire.

All applications lodged on or before that date will be treated as having been received on the closing date, and if there are more applications than one for any lot, the application to be granted will be decided by the Land Board.

Town Planning Scheme No. 3.

District Zoning Scheme.

THE Council of the Shire of Irwin under and by virtue of the powers conferred upon it in that behalf by the Town Planning and Development Act 1928 (as amended) hereby makes the following Town Planning Scheme which may be cited as the Shire of Irwin Town Planning Scheme No. 3—District Zoning Scheme and is hereinafter referred to as “the Scheme”.

PART 1—Preliminary.

1.1 Scheme Area: The Scheme shall apply to the whole of the area of land contained within the inner edge of the broken black line on the Scheme Maps, forming part of the Scheme, which area is hereinafter referred to as the “Scheme Area”.

1.2 Revocation: The Shire of Irwin Town Planning Scheme No. 2 published in the *Government Gazette* on 22 August 1975 and subsequently amended is hereby revoked.

1.3 Responsible Authority: The Authority responsible for the implementation of this Scheme shall be the Council of the Shire of Irwin hereinafter referred to as “the Council”.

1.4 Scheme Documents: The Scheme is comprised of the following documents:—

- (i) A Land Use Map.
- (ii) A Scheme Map.
- (iii) A Scheme Text.

These documents are complemented by a Scheme Report.

1.5 Arrangement of Scheme Text: The Scheme Text is divided into the following parts:—

PART 1—Preliminary.

PART 2—Development and its approval.

PART 3—Reserved Land.

PART 4—Zoned Land and General Provisions.

PART 5—Non-Conforming Use of Land.

PART 6—Finance and Administration.

1.6 Interpretations: In this Scheme unless the context otherwise requires, the terms used shall have the respective meanings set out in Appendix No. 3.

1.7 General Objectives of the Scheme: Pursuant to the provisions of the Act, in particular section 6 and the First Schedule, the general objectives of this Scheme are:—

- (a) to reserve land required for various public purposes.
- (b) To zone the balance of the land within the Scheme Area for the various purposes described in the Scheme.
- (c) To introduce various land use and development controls for the purpose of securing and maintaining an orderly and properly planned use and development of land within the Scheme Area.
- (d) To make provision for other matters authorised by the enabling Act.

PART 2—Development and its Approval.

2.1 Except as hereinafter provided, no development including a material change in the use of land, shall be carried out on land within the Scheme Area without the prior consent of the Council. Such consent is hereinafter referred to as “a planning approval” and is required in addition to a building licence.

2.2 Applications for planning approval shall be in the form set out in Appendix No. 1 to this Scheme and shall be accompanied by such plans and other explanatory material as may be required by Council.

2.3 In considering any such application, Council shall have regard to:

- (i) the objectives and provisions of this Scheme;
- (ii) the orderly and proper planning of land within the Scheme Area, and,

may take into account:

- (iii) the nature of the proposed development in relation to the development either existing or proposed on adjoining land;
- (iv) the size, shape and character of the lot upon which the development is to be carried out and the influence which this may have on the siting and nature of any new building;
- (v) the views from any new building and the views which that building may interrupt;
- (vi) the design and external appearance (including the exterior cladding) of any new building and its effect upon the amenity of existing buildings and the area generally;
- (vii) the representations of any Statutory Bodies or other interested parties with whom it may confer;
- (viii) the existing and likely future amenity of the Scheme Area;
- (ix) the nature and condition of roads serving the sites under consideration, and the need for car parking, loading and vehicle turning space within the site to adequately serve anticipated development;

- (x) any other matters relevant to town and regional planning, the public interest in general and the locality surrounding the proposed development in particular.

2.4 The Council having considered an application for planning approval may either:

- (a) refuse to grant its approval giving its reasons or,
 (b) grant approval, or
 (c) grant approval subject to such conditions and requirements as it deems fit.

Without limiting the above, the Council, may, where it deems appropriate, grant planning approvals which;

- (i) if not implemented within the period of time specified in each such approval, shall thereafter cease to be valid or,
 (ii) permit the use and development of land to occur for limited periods of time after the expiration of which periods, as specified in each such approval, the use of the land shall cease and the site shall be restored to its former condition.

2.5 The Council shall convey its decision on any such application for planning approval to the applicant in the form set out at Appendix 2 to this Scheme within 60 days of the date upon which it was received at the Council's offices unless the Council shall have first obtained the applicant's approval in writing for an extension of that period and in the event that a decision has not been made within the period or extended period, the application may be deemed to have been refused for the purpose of appeal.

2.6 The following classes of development may be undertaken without the approval of the Council and are referred to as permitted development;

- (a) The construction, replacement, maintenance or repair by Government Agency or Statutory Undertaking of any equipment necessary to provide and maintain a public service.
 (b) The maintenance and repair of any building provided that no works of a structural nature are undertaken and no material change in the external appearance of the building is involved.
 (c) Activities and work which lie within the definition of development but which are association with and necessary for the continuation of a predominant use of land which lawfully exists by virtue of the other provisions of this Scheme or by approvals granted pursuant to this Scheme.
 (d) Changes in the use of land and buildings for which an approval pursuant to the other provisions of this Scheme is not required except those changes of use which give rise to:—
 (i) a material change in the appearance of the property concerned;
 (ii) the need for additional car parking accommodation, landscaping or other special site treatments;
 (iii) significant increases in the amount of traffic attracted to the site;
 (iv) the need for the provision of significantly improved public services and utilities of any kind.

2.7 Enforcement: Failure to comply with the conditions imposed by Council on the grant of a planning approval or failure to carry out development so approved in strict accordance with the plan approved by Council in respect of a particular proposal, shall constitute a contravention of the Act and the Council may, as provided for in Clause 6.4:

- (a) By written notice served on the owner and/or occupier of the land, require the development to be carried out in accordance with the conditions imposed on any approval granted and/or in strict accordance with the plans approved in the grant of any such approval within the period specified in the notice (not being less than 28 days). Failing compliance with the terms of the written notice, the Council may enter the land carry out the work itself and recover any expenses so incurred from the person in default as a simple contract debt in such Court of Civil Jurisdiction as is competent to deal with the amount of the claim.

- (b) Prosecute the owner or occupier of the land as the case may be pursuant to section 10 of the Act.

- (c) Revoke the approval so granted and require the removal of the development carried out as set out in section 10 of the Act.

2.8 Appeals: Any applicant who is aggrieved by any decision made or deemed to have been made by Council exercising any of the discretionary powers available to it under this Scheme may appeal, in accordance with Part V of the Act, to the Hon. Minister for Urban Development and Town Planning or to the Town Planning Appeal Tribunal.

PART 3—Reserved Land.

3.1 Parts of the Scheme Area are included in reserves as set out hereunder:—

- Parks and Recreation,
 Public Purposes,
 Communications,
 Port Installation—Small Boat Harbour.

3.2—

- (a) Land set aside under this Scheme for the purpose of a reservation is deemed to be reserved for the purpose indicated on the Scheme Map.
 (b) Except as otherwise provided in this Part, a person shall not carry out any development on land reserved under this Scheme, including the erection of a boundary fence, without firstly applying for and obtaining from the Council a planning approval pursuant to Part 2 hereof.
 (c) In giving its approval, the Council shall have regard to the ultimate purposes intended for the reserve and shall, in the case of land reserved for the purpose of a Public Authority, confer with that Authority before giving its Approval.
 (d) No provision of this Part shall prevent the continued use of land for the purpose for which it was being lawfully used immediately prior to the Scheme having the force of Law, or the repair and maintenance, for which prior consent in writing of the Council has been obtained, of buildings or works lawfully existing on the land.

3.3—

- (a) Where Council refuses to grant a planning approval for the development of land reserved under the Scheme on the ground that the land is reserved for public purposes, or grants approval subject to conditions that are unacceptable to the applicant, the owner of the land may, if the land is injuriously affected thereby, claim compensation for such injurious affection.
 (b) Claims for such compensation shall be lodged at the office of the Council not later than six calendar months after the date of the decision of the Council refusing approval or granting it subject to conditions that are unacceptable to the applicant.
 (c) In lieu of paying compensation, the Council may purchase the land affected by such decision of the Council at a price not exceeding the value of the land at the time of the refusal of approval or of the grant of approval subject to conditions that are unacceptable to the applicant.

PART 4—Zoned Land and General Provisions.

4.1 Zones: Land other than land reserved under Part 3 of the Scheme is classified into zones as set out hereunder:—

1. Residential.
2. Group Residential.
3. Residential Development.
4. Special Residential.
5. Hotel.
6. Motel.
7. Local Shopping & Central Business.
8. Light Industry.
9. General Industry.

- 10. Private Clubs and Institutions.
- 11. Rural.
- 12. Special Rural.
- 13. Special Use.

4.2 Uses.

4.2.1 Table No. 1 indicates the uses which subject to the provisions of Part 2 may be permitted by the Council under this Scheme in the various zones. The suitability of each use may be determined by cross reference between the list of "Use Classes" on the left hand side of the table and the list of "Zones" along the top of that Table.

4.2.2 The symbols used in the cross references in Table No. 1 appended to this clause have the following meanings:—

"P" Uses in respect of which the Council's planning approval pursuant to Part 2 will be granted provided that the appropriate minimum site requirements and development standards specified in this Scheme are complied with to the satisfaction of the Council.

"AA" Uses which the Council may, at its discretion, permit pursuant of this Scheme.

"SA" Uses which Council exercising the discretionary powers available to it may approve under this Scheme except that such approval may not be granted by the Council until:—

- (a) full details and particulars of the proposal have been advertised by the Council or the applicant at least twice in a newspaper circulating in the district. Such advertisement shall specify the manner in which and the period (not being less than 21 days) during which submissions may be made to the Council.
- (b) a sign giving the same details as the advertisement referred to in paragraph (a) above has been affixed in a con-

spicuous position on the land for the entire duration of the advertisement period.

(c) adjoining property owners have been notified of proposal in writing by the Council.

(d) the Council has considered any submissions received.

"IP" Uses which are not permitted unless such use or development is incidental to the predominant use of the land as decided and approved by the Council.

"X" Uses which are not permitted under this Scheme.

4.2.3 Notwithstanding that uses may be acceptable pursuant to the provisions of Clause 4.2.2 and Table No. 1 Zoning Table, nothing in this Part shall prevent the Council from refusing planning approval or granting planning approval subject to conditions, whether in principle or otherwise, on the grounds that the layout, design, height, siting or general appearance of the development is/are not acceptable to Council or will only be acceptable if the requirements of imposed conditions are satisfied.

4.2.4 In respect of uses which are not specifically mentioned in Table No. 1, the Council may either:—

- (a) determine that the proposed use is consistent with the objective of the zone concerned and therefore act as if it was included among the list of uses which may be permitted by the Council following the "SA" procedures, or
- (b) determine that the proposed use is inconsistent with the objectives of the zone concerned in which case the use shall be deemed to be prohibited.

4.2.5 A determination made by Council pursuant to the provisions of Clause 4.2.4 shall, for the purpose of this Scheme, be regarded as the exercise of a discretionary power with the result that appeals may be lodged with the Minister against such determinations.

4.3 General Provisions.

4.3.1 Compliance with Use and Development Requirements: Subject to the provisions of Clause 4.3.2, development within the Scheme Area shall conform to the standards set out:—

- (a) in Table No. 1—Zoning Table
- (b) in Table No. 2—Development & Car Parking Standards
- (c) in this Part,

and where no standard is prescribed, shall be carried out in accordance with the requirements which Council may specify in each particular case.

With respect to Table No. 2, uses and development shall not only comply with the Development and Car Parking Requirements for the use concerned but shall also comply with the Zone Standards appropriate to the Zone within which the Use or Development is to be established.

4.3.2 Power to Relax Development Standards and requirements: Notwithstanding the provisions of Clause 4.3.1, the Council may in exceptional circumstances relax the standards set out in this Part and in Table No. 2 by a proportion not exceeding 5% of the dimensions, distances, ratios and areas specified. The Minimum Lot Sizes and Effective Frontages specified in Table No. 2 are set down to guide the future subdivision and development of land, and although the Council will normally adhere to those standards, their stipulation shall not prevent the Council, where it deems appropriate in special circumstances from approving applications for uses and developments on Lots having lesser area or frontages:—

- (a) where such lots were created prior to this Scheme coming into operation, or
- (b) where such lot or lots were specifically approved for the purpose by the Town Planning Board, provided that the Council is satisfied that compliance with the relevant development standards can be achieved.

Additional Provisions:

The Council may vary the requirement for side setbacks and may require the observance of a rear setback dependent upon the arrangements to be made for loading and unloading, car parking and open storage. There shall be no open storage of goods, unserviceable machinery or vehicles, or building or other materials within 10 metres of the front boundary of any lot within these zones which areas shall only be used for parking, loading and unloading, landscaping or, with Council approval, trade displays. All open storage areas shall be screened from view by solid fencing and/or landscaping and/or other means approved by Council.

Within these zones Council may reduce the front setback to 7.5 m where it is satisfied that the design, appearance and materials to be used in the construction of the front portion of the building is of a standard which, in the Council's view, will enhance the appearance of the street and locality. Such reductions will only be permitted where the front elevation and the side return elevations for a depth of 3 metres are constructed of brick, masonry or other materials producing a similar appearance. No more than one caretaker's flat or house is permitted on a lot within these zones.

Special Use								

4.3.3 Setbacks: In instances where a site has more than one street frontage the Council may determine which shall be regarded as the front for purpose of the setbacks prescribed in Table No. 2 and may permit the observance of setbacks of one half of those specified in respect of the other street frontages. Moreover where compliance with the Setbacks specified in this Table (as may be reduced pursuant to this and the foregoing Clauses) would, in the Council's opinion be unreasonable by virtue of the irregular shape of the lot or some other physical difficulty of the land, the Council may approve developments where the average distance from the respective boundaries complies with those setback requirements.

4.3.4 Car Parking: Car Parking required pursuant to the provisions of this Scheme shall be provided in accordance with the details set out in Appendix No. 4.

Parking areas and driveways shall be constructed, drained, laid out and landscaped to Council's satisfaction at the time of the development or at such other time as may be agreed in writing between the owner of the land and the Council. Such parking areas and driveways when completed in accordance with this Clause shall thereafter be permanently maintained to Council's satisfaction.

Where the Council so decides it may accept cash payments in lieu of the provision of paved parking spaces but only subject to the following requirements being satisfied:—

- the cash-in-lieu payment shall not be less than the estimated cost to the owner or developer of providing and constructing the parking spaces required by the Scheme, plus the value, as estimated by Council, of that area of his land which would have been occupied by the parking spaces.
- Before the Council agrees to accept a cash payment in lieu of the provision of parking spaces, the Council must either have purchased land and/or provided a public car park nearby or have firm proposals to provide such a public car park within a period of 2 years of the time of agreeing to accept the cash payment.

(c) Payments made under this Clause shall be paid into a special fund to be used for the provision of public car parking facilities and the Council may use this Fund to provide public parking facilities anywhere within or immediately adjacent to the urban areas of Dongara and Port Denison.

(d) If an owner or developer shall object to the amount of the costs and values determined by Council pursuant to subclause (a), the matter may be referred to arbitration in accordance with the provisions of Clause 6.5.

4.3.5 Servicing: For new uses or development projects which require the despatch or receipt of goods of any kind, loading and unloading space will be required to be provided clear of the street. In general, Council will also seek to ensure that most servicing vehicles are able to enter and leave sites in a forward direction.

4.3.6 Parking/Servicing Facilities Separated from Development: Where parking or loading and unloading is provided on a lot or lots separated from the lot upon which the development or redevelopment is to occur, Council will require to be satisfied that the land so allocated to parking will be permanently retained for that purpose by either requiring an amalgamation of the lots set aside for parking with the lots being developed or, by any other means giving a similar assurance.

4.3.7 Landscaping: Landscaping areas to be constructed, planted and maintained pursuant to this Scheme will be located in such positions on a site or sites so as to enhance the appearance of the affected street or streets and to screen from view or soften the impact of parking areas, open storage areas, drying areas and any other space which by virtue of its use is likely to detract from the visual amenity of the townscape.

Landscaping proposals shall be submitted to and approved by Council.

Landscaping required to be carried out pursuant to this Scheme or pursuant to a conditional planning approval shall be carried out at the time of the development or at such other time as may be agreed in writing between the developer and the Council and shall thereafter be maintained to the satisfaction of Council.

4.3.8 Height and Appearance of Buildings:

- (a) With the exceptions of buildings approved by Council pursuant to the provisions of the following paragraph, and buildings and structures required for agricultural use in Rural Zones, no building in excess of two storeys or a height of 8 metres above natural ground level shall be erected within the Scheme Area.
- (b) Notwithstanding the provisions of paragraph (a) the Council may, after following the procedures set out for uses and developments under Category "SA" in Clause 4.2.2, approve buildings which exceed the heights specified after considering the information provided pursuant to Clauses 2.2 and 2.3 and any submissions made by persons owning or having an interest in land affected directly or indirectly by the proposal. The Council shall satisfy itself that the proposed building:
 - (i) will be in harmony with the general character of buildings in the locality, and,
 - (ii) will not be detrimental to the amenity or, character of the locality or the quality of environment or the townscape, and,
 - (iii) will observe the required setbacks from the boundaries of the lot on which it is to be constructed and will not prejudice the siting, design, aspect and privacy of buildings on other nearby lots, and,
 - (iv) will not impair the potential for development of other vacant blocks in the vicinity with particular regard to amenity, aspect and views and,
 - (v) has been designed in harmony with the natural land form of the site,
 before granting any approval and any such decision may only be made by an absolute majority of Council;
- (c) Where a row or rows of attached housing or holiday units comprised of 5 units or more are proposed and the design of such units is repetitious and/or with orientation to the side boundaries, the Council will not grant planning approval for the development unless it can be satisfied that the visual amenity of the locality and the privacy of adjoining properties will not be adversely affected.

4.3.9 Caravan and Boat Storage: Except as hereinafter provided, all caravans, boats, trailers and similar items shall not be stored between a dwelling and the street. Notwithstanding this provision the Council may, if compliance is impossible or impractical, grant special approval for the storage of such items in selected positions within the front setback area.

4.3.10 Sand Drift: Where an owner or occupier of a lot undertakes site treatment works which disturb the natural surface of the land, the Council may, by a condition attached to a planning approval or by written notice served pursuant to this Scheme, require the owner or occupier of the land to take such action as may be required to prevent the drift of wind blown sand.

4.4 Provisions relating to Residential Development—Residential Planning Codes.

4.4.1—

- (i) For the purpose of this Scheme "Residential Planning Codes" means:—
The Residential Planning Codes adopted as a policy by the Board on 26 July 1982 together with all amendments or additions thereto or any code, by-laws or regulations replacing them and applying or being applicable within the district.
- (ii) A copy of the Residential Planning Codes shall be kept and made available for public inspection at the offices of the council.
- (iii) In the event of there being any inconsistency between the Residential Planning Codes identified by sub-clauses (i) and (ii) the provisions in the document identified in clause (i) shall prevail.

- (iv) Unless otherwise provided for in the Scheme the development of land for any of the residential purposes dealt with by the Residential Planning Codes shall conform to the provisions of those codes and the schedules to those Codes.
- (v) The Residential Planning Code density applicable to land within the Scheme area shall be determined by reference to the Scheme Map.
- (vi) Council may grant planning approval for attached or grouped dwellings up to the R25 density in the Residential Zone. Such development applications for this Zone shall only be considered for planning approval where Council is able to be satisfied, in addition to any other provisions of this Scheme, that on-site effluent disposal can be effectively achieved.
- (vii) Development in accordance with the R50 Code shall only be considered for planning approval in the Group Residential Zone where Council is able to be satisfied, in addition to any other provisions of the Scheme, that on-site effluent disposal can effectively be achieved.

4.4.2 Residential Planning Codes: Variations and Exclusions: The following variations and exclusions to the Residential Planning Codes shall apply to this Scheme:

- (i) The minimum front and rear setback for development in the R10/R25 and R50 Coded areas shall be 7.5 metres;
- (ii) A minimum of two car parking spaces per dwelling unit will be required in the Residential Zone.

4.5 Additional Provisions relative to Residential Development Zone.

4.5.1 Except as hereinafter provided, no development or subdivision shall occur within Residential Development Zones until an Outline Development Plan has been prepared and approved in accordance with the procedure described below.

4.5.2 Outline Development Plans may be prepared by the Council or by the landowners or their agents to Council's satisfaction for the whole of the particular area covered by that Zone.

4.5.3 An Outline Development Plan shall comprise a map or set of maps together with a complementary report which together detail to Council's satisfaction:

- (i) the relationship of the land to be subdivided to the developed land in the area,
- (ii) the proposed roads within the planned area and their connection with the road network in the locality,
- (iii) the proposed pattern of subdivision for the planned area and the nature of all new development,
- (iv) the analysis of the physical, topographical and environmental characteristics of the area leading to the selection of the land considered to be suitable for development,
- (v) the drainage system and the other services necessary to serve any new subdivision and development,
- (vi) the intended zoning for the land,
- (vii) such other information as may be required by Council.

4.5.4 Following preparation and adoption of the Outline Development Plan by the Council, the Council shall;

- (i) forward copies of the Outline Development Plan to the Secretary to the Town Planning Board and, if the Council considers appropriate, to the Director for Conservation and the Environment for comment, and,
- (ii) then advertise, once per week for two consecutive weeks in local and statewide newspapers, details of both the affected land and the Outline Development Plan advising that the Plan is available for inspection at the Council offices and the Town Planning Department and that submissions may be made to the Council within a period not being less than four weeks nor greater than 13 weeks from the date of the first such advertisement.

4.5.5 The Council shall, after the expiration of the advertisement period, consider any submissions lodged and may:

- (a) approve the Outline Development Plan either with or without amendment;
- (b) resolve not to proceed with the Outline Development Plan advising the Town Planning Board and affected landowners accordingly.

If the Council shall approve the Outline Development Plan with or without amendment, it shall then, within a period of four weeks from the date of the expiration of the advertisement period, forward same to the Town Planning Board for endorsement.

Following the grant of approval by Council and endorsement by the Town Planning Board, the Outline Development Plan shall become effective as a guide for subdivision and development.

4.5.6 Where, within an approved Outline Development Plan, land is set aside for uses and developments which are not permitted within the Residential Development Zone, the Council shall, within a period of 3 months of the date of the endorsement of the Plan by the Board, initiate rezoning amendments to regularise the inconsistencies.

4.5.7 Applications for Approval to Subdivide Land and Applications for Planning Approval to use or develop land in a Residential Development Zone will not normally be recommended for approval or be granted as appropriate until an Outline Development Plan has been prepared and approved in accordance with the foregoing procedures. In exceptional circumstances, however, the Council may, by a decision of an absolute majority, grant a planning approval for development or recommend approval to a plan of subdivision where it can be demonstrated that such development and/or subdivision will not prejudice or adversely affect the subsequent preparation and adoption of an Outline Development Plan. In both instances Council may require the submission of plans, details and particulars of the likely planning for the area in order to satisfy itself of the acceptability of the subdivision and/or development from a planning point of view.

4.6 The Special Residential Zone.

4.6.1 The Special Residential Zones are shown on the Scheme Map and the provisions relative to the respective areas are set out at Appendix No. 5.

4.7 Special Use Zones.

4.7.1 The list of sites included within this Zone is at Appendix No. 6 which details the respective purposes for which those sites may be used or developed.

4.7.2 In addition to the uses nominated for each site, Council may at its discretion, approve the establishment of other uses where it can be fully satisfied that the additional uses are completely ancillary and incidental to the approved predominant use and are consistent with the objectives of this Scheme.

4.8 Special Rural Zone.

4.8.1 Land within a Special Rural Zone: Land included within this zone may be comprised of land considered by Council to be suitable for subdivision into Special rural lots.

4.8.2 Subdivision Development and Land Use: The provisions of this Clause shall apply specifically to all land included in the Special Rural Zone in addition to any provisions which are more generally applicable to such land under this Scheme.

The objective of the Special Rural Zone is to provide land within the rural areas of the Shire wherein closer subdivision will be permitted for such uses as hobby farms, horse breeding, rural-residential retreats, and small holdings in such a manner as to preserve the rural landscape and amenity consistent with the orderly and proper planning of the locality.

Specific provisions relating to the individual Special Rural Zones will be as laid down in Appendix No. 7 to the Scheme and future subdivision shall accord with the Plan of Subdivision for the specified area as referred to in the Schedule and such plan of subdivision shall form part of the Scheme. The Town Planning Board may approve a minor variation to the subdivisional design where it is satisfied that such variation is desirable.

(i) Development Requirements:

- (a) Each small rural holding lot shall be provided with frontage to a fully constructed and sealed road connected by such a road to the fully constructed and sealed road system in the district.
- (b) All lots created within the zone shall be provided with a functioning water bore or have access to an alternative supply of water suitable for stock watering satisfactory to Council.
- (c) The Council may, by written notice served upon individual land-owners or upon a subdivider of land within this zone, require the preservation of specific areas of natural vegetation and thereafter no land-owner, subdivider or occupier of the land shall cut, remove or otherwise destroy any vegetation in the area so specified unless the Council rescinds the notice or order.
- (d) Where lots are covered or substantially covered by vegetation either natural or introduced, the approval of the Council is required for the clearance of any part of any lot and the Council shall determine the extent to which the land may be cleared bearing in mind the nature of the land and intended use of the Special Rural Zone involved.
- (e) A subdivider shall make arrangements with and to the satisfaction of both the Bush Fires Board and the Council for the creation of strategic fire breaks on the land and for their subsequent maintenance.
- (f) Once the land within these Zones is subdivided in accordance with an approved plan of subdivision, further subdivision of the lots shall be deemed to be contrary to the provisions of the Scheme.

(ii) Development:

- (a) In accordance with Part 2 all development requires the prior approval of the Council and notwithstanding the provisions of section 11.3 of the Uniform Building By-laws, the Council will permit the erection of only one dwelling on each new lot and additional accommodation attached to such a dwelling may also be permitted.
- (b) The minimum floor area of any single occupancy dwelling shall be 65 sq. metres.
- (c) Each dwelling shall be provided with a supply of potable water either from a reticulated system, an underground bore or a rainwater storage system with a minimum capacity of 90 000 litres or a combination of either to the satisfaction of the Council. A dwelling shall not be considered fit for human habitation unless such a supply has been installed and is operating.
- (d) In addition to dwellings approved by Council pursuant to the foregoing sub-clauses, Council may also approve the erection of such outbuildings that would reasonably be associated with residential or agricultural use or such other use as may be approved by Council.
- (e) All applications for planning approval pursuant to Part 2 for development within a Special Rural Zone shall indicate the entire lot, the areas of natural vegetation, the site contours, the extent of any earthworks the siting, setbacks, design and external appearance of all new buildings nominating the reason for the choice of the materials and the manner in which these will assist in integrating the buildings into the natural landscape.

- (f) Every application for planning approval to construct a dwelling within a Special Rural Zone shall be accompanied by a plan of landscaping including the planting of trees to act as a screen from public roads and between dwellings and arrangements shall be made for the implementation and maintenance of such landscaping in the manner set out in Clause 4.3.7.

(iii) Land Use:

- (a) No person shall use or permit to be used any lot or any part of a lot for any purpose which would:—

- * detract from the rural/residential amenity of adjoining lots.
- * detract from the rural character of the area generally.
- * adversely affect the land by exceeding usual stocking rates with the resultant prospect of soil erosion.
- * adversely affect the established vegetation on the land particularly that vegetation on any dunes or parts thereof which may exist in any such lot.

- (b) In approving any application to use or develop land as a small rural holding, the Council will require each lot owner to undertake a programme of tree planting related to the degree to which the land or buildings are exposed to view.

4.9 Rural Zone: For the Rural Zone the Council sees the following objectives as being relevant:—

- (i) to foster and encourage the use and development of land for broad-acre farming in all of its facets.
- (ii) to oppose developmental and subdivisional proposals which would operate in conflict with the retention of the land for productive rural practice unless some specific proposal serving the broader needs of the community can be seen to override the objective of conserving productive and, in some instances, wilderness rural land.
- (iii) to discourage the subdivision and resubdivision of established farm holdings especially those comprised of a number of small lots or locations in many instances without road frontages. Council will only support the resubdivision of such holdings where the land owner can satisfy Council that:—
 - (a) the proposal would better serve the overall agricultural interest.
 - (b) the proposal would result in a substantial diminution in the number of rural lots.
 - (c) the proposal would greatly improve access and road communication within the area and would result in a considerable improvement to the land tenure pattern in the area.
 - (d) the erection of dwellings on lots having no road frontage is precluded under this Scheme unless the Council is satisfied that any such development is necessary for the owner or employees of a large farm holding comprised of a number of small allotments and that permanent access is to be gained from within the holding concerned.
- (iv) To oppose subdivision and development proposals the affects of which are likely to create or compound problems with respect to the stability of the coastal environment.

4.10 Additional Dwellings in the Rural Zone: Notwithstanding the provisions of Table No. 1—Zoning Table, proposals for the erection of more than one dwelling house on a Single lot in the Rural Zone are

not permitted unless planning approval is granted pursuant to Part 2. Council will require the applicant in each such case to justify the need for the additional dwelling or dwellings proposed.

4.11 Road Construction and Soil Erosion: Where it is proposed to construct any new public road within or serving a subdivision, the subdivider shall, where any soil surface which is liable to erosion by wind or water is disturbed by road construction or other subdivisional works, take such action as may be specified by Council to stabilise that surface with a view to eliminating or minimising the risk of erosion.

PART 5—Non-Conforming Use of Land.

5.1 Status of Non-Conforming Uses: No provision of the Scheme shall prevent:

- (a) the continued use of any land or building for the purpose for which it was being lawfully used at the time of the coming into force of the Scheme, or
- (b) the carrying out of any development thereon for which, immediately prior to that time, a permit or permits required under the Town Planning and Development Act 1928 (as amended) and any other law authorising the development to be carried out have been duly obtained and was current.

5.2 Development on Land used for Non-Conforming Purposes:

- (a) Where in respect of land reserved under Part 3 of the Scheme, a non-conforming use exists, or was authorised as mentioned in Clause 5.1 of this Part, on that land, all or any erections, alterations or extensions of the buildings thereon or any use thereof shall not be carried out unless the approval of the Council has been obtained in writing.
- (b) Subject to the provisions of Clause 5.4, where in respect of the Scheme, a non-conforming use exists, or was authorised as mentioned in Clause 5.1 of this Part, and provided that the prior consent of the Council has been obtained in writing in accordance with the provisions of Part 2 of this Scheme, buildings may be extended by 20 per cent of the floor area of the building existing at the time of the gazettal of this Scheme, or by such greater proportion which the Council considers will not prejudice the objectives of this Scheme, provided always that such extension is within the limits of the setbacks provided in this Scheme.

5.3 Change of Non-Conforming Use: The Council upon receipt of a formal application pursuant to Part 2 hereof may permit the use of any land to be changed from one non-conforming use to another non-conforming use, provided the proposed use is, in the opinion of the Council, less detrimental to the amenity of the neighbourhood than the existing use, or is in the opinion of the Council, closer to the intended uses of the zone.

5.4 Compliance with Use and Development Standards: In considering any application for planning approval pursuant to Clauses 5.2 and 5.3, nothing shall prevent the Council from requiring compliance with the Use and Development Standards of this Scheme relevant to the existing or proposed use of the land and nothing in this Scheme shall prevent the Council from refusing any such application on the grounds that compliance with the appropriate Use and Development Standards could not be achieved.

5.5 Discontinuance of Non-conforming Use.

5.5.1 If, after the gazettal date of this Scheme, a non-conforming use is discontinued for an uninterrupted period of six months or more, that use shall, for the purposes of this Scheme, be deemed to have ceased and thereafter a person shall not, except in accordance with any approval granted by Council pursuant to Clause 5.3, use or permit to be used any land or any building or structure thereon for any purpose except in conformity with this Scheme.

5.5.2 Notwithstanding the provisions of the foregoing Sub Clause 5.5.1, the Council may, on application from the owner, extend the period of six months specified therein if it is satisfied that there has been no intention of the owner or occupier to discontinue the non-conforming use.

5.5.3 The Council may effect the discontinuance of a non-conforming use, by the purchase of the affected property, or by the payment of compensation to the owner or the occupier or to both the owner and the occupier of that property, and may enter into an agreement with the owner for that purpose.

PART 6—Finance and Administration.

6.1 Powers and Authorities of Council.

6.1.1 In carrying out the provisions of the Scheme the Council shall have the following powers and authorities:

- (a) to enter and inspect at all reasonable times, any land within the Scheme Area by its officers, agents or servants to ascertain any matter relative to the implementation of the Scheme or to the observance of the provisions of the Scheme,
- (b) to enter into agreements with the owners or occupiers or prospective owners or occupiers of any land within the Scheme Area,
- (c) to co-operate with the Crown and any department of the State with reference to the carrying out of any of the objectives of this Scheme,
- (d) to purchase land within the Scheme Area and for that purpose to enter into contracts and agreements with owners and thereafter to deal with the land in any way to give effect to the objectives of the Scheme,
- (e) to resume any land for any purpose necessary for effective implementation of the Scheme,
- (f) to deal with, dispose of, transfer or sell any land which it owns or which it has acquired pursuant to this Scheme in accordance with the provisions of the Scheme.

6.2 Compensation: Claims for compensation pursuant to this Scheme and to section 11 of the Town Planning and Development Act 1928 (as amended) shall be made not later than six months from the date on which notice of approval of the Scheme is published in the *Government Gazette*, except in the case of reserved land where the provisions of Part 3 shall apply.

6.3 Enforcement of Provisions.

6.3.1—

- (a) If any person contravenes or fails or neglects to comply with any of the provisions of the Scheme, the Council may by notice in the manner set out in Clause 6.4 hereof, order such person to discontinue forthwith any such contravention, and within thirty clear days after the service of such notice to remove, pull down, take up, alter or otherwise make good any work which contravenes the Scheme, or to carry into effect any provisions of the Scheme which are not being complied with and at the same time it may, pursuant to subsection 1 of section 10 of the Act advise such person that in the event of him failing to comply with the provisions thereof in the time limited for compliance then the Council by its agents will enter such person's property and cause to be done such works and things as shall be specified in such notice.
- (b) Any expense incurred by the Council in doing any works pursuant to any default under paragraph (a) hereof may be recovered from the person in default by action for a civil debt recoverable summarily in any court having jurisdiction in respect of the amount involved.

6.4 Untidy Sites: Where in the Council's view, a site is not being maintained in a clean and tidy condition and that the unkempt appearance of the property has a deleterious effect on the amenity of the area in which it is located, the Council may by notice as provided for in Clause 6.5, require the owners, occupier or lessee of that land to undertake such works

as may be necessary to restore or upgrade the conditions of that site to a standard commensurate with those generally prevailing in the vicinity.

6.5 Notices: Any notice to be served under Clauses 2.7, 6.3 and 6.4, and Appendix No. 7 hereof:

- (a) shall be addressed to the owner, occupier or lessee of the land in question,
- (b) shall describe in general terms the matters requiring attention, the remedial action required and shall specify the period (not being less than 28 days), within which the work shall be carried out,
- (c) shall where necessary, advise the person to whom it is addressed that in default of his compliance with such notice, the Council will enter such land and carry out the requirements of such notice itself at the expense of that person,
- (d) any notice required to be given hereunder may be served personally or by pre-paid letter addressed to the person to be served at his address as shown in the rate book of the Council if he shall be a ratepayer or at his last known address (whether he is a ratepayer or not) and such notice shall be deemed to be served on the day following the date of posting.

6.6 Arbitration: Any dispute or difference in respect of any matter which by the terms of the Scheme may be determined by arbitration may be referred to the arbitration of a single arbitrator in the manner provided for by the Arbitration Act 1895 or any statutory modification thereof for the time being in force and if the parties fail to agree upon any one single arbitrator, he may be nominated by the President of the Law Society of Western Australia for the time being but if the dispute or difference relates to values only, the arbitrator shall be a licensed valuer without personal or professional interest in the matter, appointed by agreement between the parties or failing agreement by the President for the time being of the Western Australian Division of the Australian Institute of Valuers (Inc).

6.7 Valuation: Where it is necessary to ascertain the value of any land for the purpose of the Scheme, the value may be determined by either the Valuer General or by a licensed valuer appointed by the Council.

3. Please note that any person who feels aggrieved by the amendment may appeal against the amendment to the Minister for Planning in the prescribed manner. Forms of Notice of Appeal are available at the places of public inspection.

4. The Notice of Appeal together with full particulars, in the form of a written submission of the grounds upon which the appeal is made, shall be lodged with the Minister for Planning and a copy served on The Metropolitan Region Planning Authority, 22 St. George's Terrace, Perth, on or before Friday, 25 May 1984.

A. L. HENDRY,
Secretary, Metropolitan Region
Planning Authority.

First Schedule.

The Metropolitan Region Scheme is amended by substituting the zones and reservations shown on Amending Map Sheets numbered 20/37m and 24/14m respectively, for those parts of Map Sheets numbered 20 and 24.

The effect of the amendment is to rationalise the road widening requirements for Kwinana Freeway between Roe Highway and Yangebup Road and to include land no longer required for road widening purposes in the adjacent zones and reservation.

The amendment is depicted on Metropolitan Region Planning Authority Plan No. 3.0384.

Second Schedule.

Public Inspection:

1. Office of the Town Planning Department, 2nd Floor, Oakleigh Building, 22 St. George's Terrace, Perth, W.A. 6000.
2. Main Roads Department, 4th Floor, Head Office, Corner Waterloo Crescent and Plain Street, East Perth, W.A. 6000.

METROPOLITAN REGION TOWN PLANNING
SCHEME ACT 1959-1982.

Metropolitan Region Scheme.

Notice of Major Amendment.

Southern Extension of Kwinana Freeway.

Amendment No. 529/33; File 809-2-23-10.

1. It is hereby notified for public information that the Metropolitan Region Planning Authority at its meeting held on 29 February 1984, has resolved in accordance with the provisions of section 33 of the Metropolitan Region Town Planning Scheme Act 1959-1982, to propose an amendment to the Metropolitan Region Scheme and that the Minister for Planning, Employment and Training and Consumer Affairs has granted preliminary approval to the proposed amendment outlined in the First Schedule hereunder.

2. Copies of the map that form part of the Metropolitan Region Scheme that is proposed to be amended together with detail land requirement plans and accompanying report will be available from Monday, 26 March 1984, to Monday, 25 June 1984, for public inspection free of charge, during normal office hours, Monday to Friday, inclusive, of each week, except on public holidays, at each of the places mentioned in the Second Schedule hereunder.

3. Any person who desires to make a submission either supporting or objecting to any provisions of the proposed amendment may do so on the prescribed Form 6A. Forms for making submissions are available on request, from the places where the proposed amendment is on display for public inspection and shall be lodged with the Secretary, The Metropolitan Region Planning Authority, 22 St. George's Terrace, Perth, 6000, on or before 4.30 p.m., Monday, 25 June 1984.

A. L. HENDRY,
Secretary, Metropolitan Region
Planning Authority.

First Schedule.

The Metropolitan Region Scheme is proposed to be amended by substituting the Controlled Access Highway reserve shown on Amending Map Sheets Numbered 24/15 m and 28/2 m for those corresponding parts of Metropolitan Region Scheme Map Sheets Numbered 24 and 28 respectively.

The effect of the proposed amendment is to include in the Metropolitan Region Scheme Map a Controlled Access Highway reserve for the southern extension of the Kwinana Freeway from its juncture with the Yangebup Road reserve, in the locality of Jandakot in the City of Cockburn, to its junction with Thomas Road, in the locality of The Spectacles, in the Town of Kwinana.

The proposed amendment is depicted on Metropolitan Region Planning Authority Plan Number 2.0435 and in more detail on Plans Numbered 1.1762 and 1.1763 respectively.

Second Schedule.

Public Inspection.

The Amendment Plan No. 2.0435, supporting land requirement Plans Numbered 1.1762 and 1.1763 respectively, and accompanying Report will be available for public inspection from Monday, 26 March 1984, to Monday, 25 June 1984, at each of the following places:—

H. A. RIGGS,

D. J. CUNNINGHAM,
Shire Clerk.

The accounts of the Shire of Albany have been audited for the financial year ended 30 June 1983. The accounts have been found to be in order and properly kept in accordance with the provisions of the Local Government Act 1960 and have been allowed subject to the comment contained in this report.

The Balance Sheet item Freehold Land and Buildings is overstated by an amount of \$21 060 due to errors in the accounting treatment of Loans 57 and 77A. Amounts totalling \$46 063 shown against Loans 42, 50, 54 and 77A under the heading of Deferred Assets in the Balance Sheet have been incorrectly included, thereby overstating the item to that extent. The Municipal Accumulation Account is overstated by an amount of \$67 123, being the total of the two amounts mentioned.

In my opinion, except for the above comment the Balance Sheet and the related financial statements for the year ended 30 June 1983, have been prepared on a basis consistent with the Local Government Act Accounting Directions and present a true and fair view of the affairs of the Shire.

The accounts of the Shire of Derby/West Kimberley have been audited for the financial year ended 30 June 1983. The accounts have been found to be in order and properly kept in accordance with the provisions of the Local Government Act 1960 and have been allowed subject to the comments contained in this report in respect of the following Balance Sheet items:

- (i) Current Assets—Stock on Hand, \$5 876—No supporting stock sheets were submitted for audit and the balance could not be verified.
- (ii) Sundry Debtors—Refunds, \$11 827—Supporting ledger accounts totalling \$20 381 were not reconciled at 30 June 1983 and as a consequence the amount outstanding could not be verified.
- (iii) Non-Current Liabilities—Trust Fund \$77 974. An amount of \$18 363 stated to represent surpluses derived from sales of land for non payment of rates was not supported by adequate documentation to enable verification.

LOCAL GOVERNMENT ACT 1960-1983.

By-law No. 63—Town Planning Classification or Zoning By-law for Land and/or Buildings in the Victoria Park-Carlisle Area.

The Municipality of the City of Perth.

By-law Relating to Zoning.

IN pursuance of the powers conferred upon it by the abovementioned Act and of all other powers enabling it the Council of the abovementioned Municipality hereby records having resolved on 20 February 1984 to make and submit for confirmation by the Lieutenant-Governor and Administrator the following amendment to By-law No. 63:

1. A new Clause 18 be inserted as follows:

"18. (1) This Clause shall apply to all that piece of land being Canning Location 3252 and being the whole of the land comprised in Certificate of Title Volume 1654 Folio 300. The said land is herein referred to as "the Collier Technology Park".

(2) In this Clause:

“gross floor area” means the gross floor area of all the floors of a building measured so as to include the floor area taken up by the enclosing walls (if any) and by those portions of any party wall that belong to that building.

“landscaped area” means any area developed by the planting of lawns, garden beds, shrubs or trees and includes any area developed with rockeries, ornamental ponds, barbecue areas or children’s playgrounds and includes any other area approved of by the Council as landscaped area.

“landscape margin” means the area shown stippled in black on the plan in the Third Schedule hereto.

“plot ratio” means the ratio of the gross floor area to the area of the land the subject of the application under sub-clause (4) hereof and for the purposes of this definition the floor area excludes lift shafts, stairs, toilets and amenities, external wall thickness, plant room and the gross area of any floor space for the parking of wheeled vehicles including access to and from that space within the building.

- (3) A person shall not develop or use any land or suffer or permit any land to be developed or used within the Collier Technology Park or erect, or adapt any building or suffer or permit building to be erected used or adapted within Collier Technology Park unless the person obtained the approval in writing of the Council under this Clause and otherwise than in accordance with the requirements of this Clause.
- (4) A person who wishes to obtain the approval of the Council under this Clause shall make application in writing to the Council which application shall:
- (a) specify the full name and address of the applicant;
 - (b) specify the full name and address of the owner;
 - (c) specify the purpose for which it is proposed to use the land and buildings;
 - (d) be accompanied by a location plan (to a scale of 1:5 000 or less) upon which the land the subject of the application is clearly identified.
 - (e) be accompanied by a plan (to a scale of 1:500 or less) showing:
 - (i) The location of any existing and proposed buildings on the said land;
 - (ii) The existing and proposed means of access to and from the said land;
 - (iii) The existing and proposed provision for car parking spaces and landscaped areas; and
 - (iv) The purpose for which all buildings and land adjacent to the land the subject of the application are used.
- (5) The Council shall not grant its approval under this Clause unless it is satisfied that the use of the land for the proposed purpose, the activities to be carried on which are connected with or incidental to that purpose and any building to be erected for that purpose will not have any adverse or detrimental effect on the residents or amenities of or the properties in the neighbourhood.
- (6) The development of land within the Collier Technology Park shall be in accordance with the following requirements:
- (a) Where any area of the land the subject of the application is within the landscape margin then such area shall be designed, developed and maintained as landscaped area.
 - (b) In addition to the requirement imposed under the preceding paragraph, at least 25 per centum of the area of the land the subject of the application which is not within the landscape margin shall be designed, developed and maintained as landscaped area.
 - (c) A building shall be set back:
 - (i) at least 7.5 metres from any street boundary except where the street is Kent Street, Hayman Road or Jarrah Road in which case it shall be 20 metres;
 - (ii) at least 4.5 metres from any boundary of the land the subject of the application other than a street boundary.
 - (d) The maximum height of any building shall be two storeys or 7.5 metres measured from the average natural ground level whichever is the lesser.
 - (e) The minimum number of car parking spaces to be provided on the land the subject of the application shall be 1 per 50 square metres of the gross floor area of the building.
 - (f) The plot ratio of any building shall not exceed 0.5:1.”

2. That Clause 3 be amended by inserting a new class within the classification “Class C—Business” as follows:

Class C20—“Scientific and industrial research and the development, production and assembly of products associated with such research.”

3. That the Second Schedule be amended by inserting a new zone as follows:
" No. 20 Zone.

Collier Technology Park.

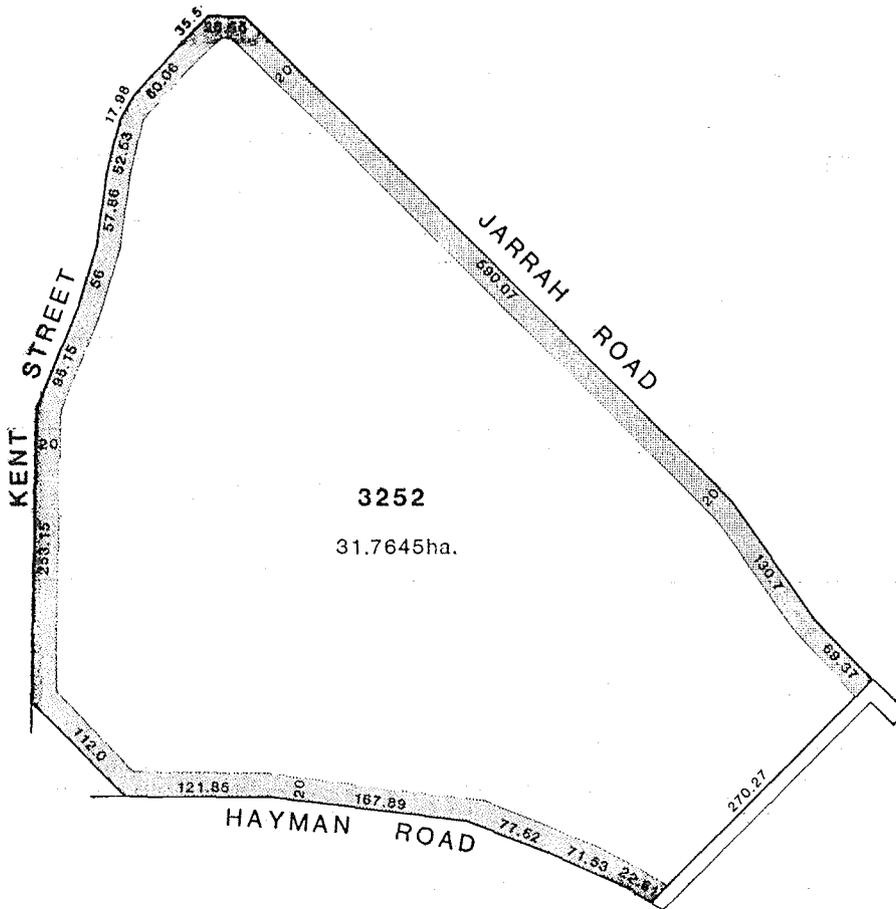

The limits and areas of the above zone are as shown and numbered 20 on the Victoria Park-Carlisle Zoning Plan of the City of Perth in the office of the Perth City Council.

The land and/or buildings shown and numbered as No. 20 Zone may be used for the following purposes and no others:

Class C20"

4. That a new Third Schedule be inserted immediately following the Second Schedule as follows:
