- (7) The lessee shall indemnify the Minister against all claims for damage to property or persons arising from the use of the land.
- (8) The Minister or his representative may enter the land for inspection at any reasonable time.
- (9) Compensation shall not be payable to the lessee in respect of any improvements effected by him on the demised land and remaining thereon at the expiration or earlier determination of the lease.
- (10) It shall be lawful for the lessee at any time within the three calendar months immediately following the expiration of the term or earlier determination of the lease, to take down, remove and carry away any buildings, structures, improvements and plant the property of the lessee.
- (11) On determination of the lease, the lessee shall fill in, consolidate and level off any unevenness, excavation or hole caused by him during the term of the lease or by removal of his improvements and shall leave the demised land in a clean, neat and tidy condition to the satisfaction of the Minister and shall remove any or all waste matter as required by the Minister.

A person in the employ of the State must apply through the Under Secretary for Lands for the Governor's permission to hold this land. Written approval of the permanent Head concerned should accompany such application.

PART V—General Provisions.

PART VI—Special Provisions—Places of Heritage Value.

PART VII—Finance and Administration.

The remaining documents of the Scheme are as follows:—

- (1) Land use Maps.
- (2) Scheme Maps.

1.5 Interpretation: In this Scheme the terms used will have the respective interpretations set out in Appendix "D" of the Town Planning Regulations 1967, unless otherwise specified by this Scheme.

"Service Industry" means an industrial operation conducted for the express purpose of rendering services directly concerned with the day to day needs of the community, and where the processes carried on, the machinery installed, the number of persons employed and the amount of vehicular traffic generated would not be detrimental to the amenity of the area concerned.

PART II—Reserved Land.

Reservation of Land and Development thereof.

2.1 (a) Land set aside under this Scheme for the purposes of a reservation is deemed to be reserved for the purposes indicated on the Scheme Map.

(b) Except as otherwise provided in this Part, a person shall not carry out any development on land reserved under this Scheme, other than the erection of a boundary fence, without first applying for, and obtaining, planning approval of the Council.

(c) In giving its approval, the Council shall have regard to the ultimate purpose intended for the reserve, and shall, in the case of land reserved for the purposes of a public authority, confer with that authority before giving approval.

(d) No provision of this Part shall prevent the continued use of land for the use for which it was being lawfully used immediately prior to the Scheme having the force of law, or the repair and maintenance, for which the prior consent in writing of the Council has been obtained, of buildings or works lawfully existing on the land.

2.2 Where a Council refuses planning approval for the development of land reserved under the Scheme, on the ground that the land is reserved for public purposes, or grants planning approval subject to conditions that are unacceptable to the applicant, the owner of the land may, if the land is injuriously affected thereby, claim compensation for such injurious affection in terms of Clause 7.5 of this Scheme.

PART III—Zones.

3.1 The Scheme Area is divided into FOUR types of zones, as set out hereunder:—

1. Residential "A".
2. Commercial.
3. Industrial.
4. Caravan Park.

3.2 Table No. 1, of this Part, indicates the several uses permitted by this Scheme in the various zones, such uses being determined by cross reference between the list of "Use Classes" on the left hand side of the Table and the list of "Zones" on the top of that Table.

3.3 The symbols used in the cross reference in Table No. 1, have the following meanings:—

- "P"—a use that is permitted under this Scheme.
 "AA"—a use that is not permitted unless approval is granted by the Council.

“IP”—a use that is not permitted unless such use is incidental to the predominant use as decided and approved by the Council.
 “X”—a use that is not permitted.

3.4 Where application is made for a use which does not appear on Table No. 1, then Council shall determine in which zones the use shall be permitted and, in granting planning approval, may impose any conditions it thinks fit.

- (a) the continued use of any land or building for the purpose for which it was being lawfully used at the time of the coming into force of the Scheme; or
- (b) the carrying out of any development thereon for which, immediately prior to that time, a permit or permits required under the Town Planning and Development Act 1928 (as amended), and any other law authorising the development to be carried out have been duly obtained and was current.

4.2 (a) Where in respect of land reserved under Part II of the Scheme a non-conforming use exists or was authorised as mentioned in Clause 4.1 of this Part on that land all or any erections alterations or extensions of the buildings thereon or use thereof shall not be carried out unless the planning approval of the Council has been obtained in writing;

(b) Subject to the provision of Part III, where in respect of the Scheme, a non-conforming use exists, or was authorised as mentioned in Clause 4.1 of this Part, and provided that the prior planning approval of the Council has been obtained in writing in accordance with the provisions of Part II of this Scheme, buildings may be extended by 20% of the floor area of the building existing at the time of the gazettal of this Scheme, or by such greater proportion which the Council considers will not prejudice the objectives of this Scheme, provided always that such extension is within the limits of the setbacks provided in this Scheme.

4.3 Change of Non-Conforming Use: The Council may permit the use of any land to be changed from one non-conforming use to another non-conforming use, provided the proposed use is, in the opinion of the Council, less detrimental to the amenity of the neighbourhood than the existing use, or is in the opinion of the Council closer to the intended uses of the zone.

4.4 Discontinuance of Non-Conforming Use:

- (a) Notwithstanding the preceding provisions of this Part, except where a change of non-conforming use has been permitted by the Council under Clause 4.3, when a non-conforming use of any land or building has been discontinued for a minimum period of six months, such land or building shall not thereafter be used other than in conformity with the provisions of the Scheme.
- (b) The Council may effect the discontinuance of a non-conforming use by the purchase of the affected property, or by the payment of compensation to the owner or the occupier or to both the owner and the occupier of that property, and may enter into an agreement with the owner for that purpose.
