The services provided to the lots are roads and water and the service premiums and survey fees shown in the Schedule are payable in cash within 30 days of acceptance of application. The water is available from a stand pipe, located adjacent to Lot 5232.

Neither the State Government nor the Local Authority shall be responsible for the provision of any additional services to the demised land.

Applicants are advised that the Port Hedland Council's Town Planning Scheme No. 4 provides for the subject area to be zoned "Special Rural" and the text will include the following clause—

- Prohibits the erection of a residence at least until an adequate reticulated water supply is available to each lot.
- Permits a storage building of 36 square metres maximum area to be constructed subject to Council approval, requiring a satisfactory standard of construction, appearance and maintenance.
- The maximum of horses or other stock which may be kept at any time is one per hectare, calculated to the nearest hectare.

The land is made available for leasing subject to examination of survey and the following conditions:—

- The land shall not be used for any purpose other than "Stabling and Paddocking of Horses" without the prior approval in writing of the Minister for Lands and Surveys.
- The rent shall be subject to reappraisal at the end of the third year of the term of the lease and each successive three yearly period thereafter.
- The lessee shall not without the previous consent in writing of the Minister assign, transfer, mortgage, sublet or part with the possession of the demised land.

- (4) The land shall be occupied and used by the lessee for the purpose specified within nine (9) months of the commencement of the lease and thereafter will be continuously so used to the satisfaction of the Minister.

- (6) All buildings, erections, paving, drainage and other works shall be to the approval of the Local Authority and the lessee shall perform, discharge and execute all requisitions and works unto the demised land as are or may be required by any local or public authority operating under any statute, by-law or regulation. Attention is drawn to the special requirements of the Public Works Department when a well or bore is intended to be sunk.
- (7) The lessee shall, within twelve months from commencement of the lease, fence the external boundaries with a stock-proof fence to the satisfaction of the Minister.
- (8) The lessee shall maintain existing and future improvements to the satisfaction of the Minister.
- (9) The lessee shall indemnify the Minister against all claims for damage to property or persons arising from the use of the land.
- (10) The Minister or his representative may enter the land for inspection at any reasonable time.
- (11) Compensation will not be payable for damage by flooding of the demised land.
- (12) Compensation shall not be payable to the lessee in respect of any improvements effected by him on the demised land and remaining thereon at the expiration or earlier determination of the lease.
- (13) It shall be lawful for the lessee at any time within the three calendar months immediately following the expiration of the term or earlier determination of the lease, to take down, remove, and carry away any buildings, structures, improvements and plant the property of the lessee.
- (14) On determination of the lease, the lessee shall fill in, consolidate and level off any unevenness, excavation or hole caused by him during the term of the lease or by removal of his improvements and shall leave the demised land in a clean, neat and tidy condition to the satisfaction of the Minister and shall remove any or all waste matter as required by the Minister.
- (15) Power is reserved to the Minister to direct that the number of stock depasturing on the demised land shall be reduced if the Minister is of the opinion that the demised land is overstocked to an extent sufficient or likely to cause permanent damage to the land; failure to comply with any such direction will result in the forfeiture of the lease.

A person in the employ of the State must apply through the Under Secretary for Lands for the Governor's permission to hold this land. Written approval of the Permanent Head concerned should accompany such application.

Applications must be lodged at the Department of Lands and Surveys, Perth on or before Wednesday, 8 August 1984 accompanied by the deposit shown in the Schedule together with the completed Land Board Questionnaire.

L. A. VICARY,
Shire Clerk.

The accounts of the Shire of Harvey have been audited for the financial year ended 30 June 1983.

I am unable to form an opinion on transactions of the Rate Book due to insufficient internal control on the computer rating system. Valuation data for several rateable properties were deleted from computer files, an interim billing report could not be produced for audit, penalty billing reports were either lost or destroyed and credit postings were affected by the inclusion of write-offs, journal transfers and error corrections. Audit test checks also revealed errors in the application of valuations.

The following transactions contrary to the provisions of the Local Government Act were also noted:

- (i) A second reserve fund embracing "Long Service Leave" was established contrary to the provisions of Section 528 (4) (b);
- (ii) Loans 197A and 197B for \$30 000 and \$40 000 respectively were raised for the purpose of plant purchase. As the funds held in the Plant Reserve Fund (\$87 954 at 30 June 1983) were at all times sufficient to meet commitments the raising of these loans was contrary to the provisions of Section 528 (11);
- (iii) Section 523 (1) (q) provides that interest on investments should form part of the Municipal Fund. Accumulated interest earnings amounting to \$41 582 have been retained in the Trust Fund "Town Planning Scheme No. 3" contrary to the provisions of the Act and the Municipal Fund has been correspondingly understated; and

(iv) An amount of \$4443 was expended in the year on a scheme to subdivide and develop land as an industrial area. Approval to subdivide and develop this Council held land was not specifically provided for under a town planning scheme nor was approval sought under the provisions of either section 266B or section 514A of the Act to undertake this work.

Subject to the above comments, the Balance Sheet and related financial statements for the year ended 30 June 1983 have been prepared on a basis consistent with Local Government Act Accounting Directions and are in accordance with the accounts and records of the Shire.
