AUDIT REPORT.

We have audited the books and records of the Shire of Wickepin in accordance with Australian Auditing Standards and the Local Government Audit Directions issued by the Minister for Local Government.

In preparing its balance sheet it is not the policy of the Shire to recognise all liabilities which exist at balance date. This policy complies with the requirements of the Local Government Act and the Accounting Directions although it is not in accordance with Australian Accounting Standards. In our opinion there were creditors of approximately \$30 000 and a further liability for long service leave of \$14 000 which should have been shown in the Balance Sheet at 30 June 1985. The resultant adjustment to the Accumulation Account balance at 30 June 1985 would be a reduction of \$44 000 to \$740 498.

In our opinion, except for the matters referred to in the preceding paragraphs the annual accounts have been prepared in accordance with provisions of the Local Government Act 1960 and amendments, and the Local Government Accounting Directions and so as to give a true and fair view of:

- (1) The state of affairs of the Shire of Wickepin as at 30 June 1985;
- (2) The cash transactions of the Shire of Wickepin for the year ended 30 June 1985;

are in accordance with the books and records of the Shire.

Signed at Perth this 23rd day of October, 1985.

S. J. FOSTER,
Ernst & Whinney (Chartered Accountants).

Approved double security gates shall be fitted at each entrance in such a way as to form a safety compound so that one gate may be closed before the other gate is opened.

Strainer posts shall be of adequate size with suitable stays and placed at intervals to permit straining to the manufacturer's specifications. Line posts of suitable material shall be placed at not more than 6 metre intervals.
