HIS Excellency the Governor in Executive Council has been pleased to approve under section 45A of the Land Act 1933 of Pemberton Lot 194 having an area of 1 012 square metres being made available for sale for the purpose of "Extension of Dwelling on Lot 195" at the purchase price of one thousand five hundred dollars (\$1 500) and subject to the following conditions:

- (a) The purchaser shall erect on the lot purchased an extension of Dwelling on Lot 195 to comply with Local Authority by-laws within four (4) years from the due date of the first instalment. If this condition has not been complied with in the time prescribed, the land may be absolutely forfeited together with all purchase money and fees that may have been paid. On payment of the first instalment of purchase money a licence will be available, upon which a mortgage can be registered. A Crown Grant (freehold) will not issue until the purchaser has complied with the building condition. A holder of a licence may apply to the Minister for Lands and Surveys for permission to transfer a licence.

- (b) A deposit of 10 per cent of the purchase price is payable on application and the balance of purchase money shall be paid within 24 months of the date of approval of application by eight (8) equal quarterly instalments on the first days of January, April, July

The first instalment of purchase money shall become due and payable on the first day of the quarter next following the date of approval of application the Crown Grant fee being payable with the last instalment of purchase money: Provided that amounts paid during the 12 months commencing on the first day of the quarter next following the date of approval of application shall be interest free but all moneys outstanding after that period shall be subject to interest at a rate of 10 per cent per annum calculated at quarterly rests on the balance outstanding at the end of the previous quarter. Such interest shall be due and payable with the prescribed instalment. Nothing shall prevent the balance of purchase money and fees being paid at an earlier date should the purchaser so desire but a Crown Grant shall not issue until the conditions under which the lot was made available for sale have been fulfilled.

- (c) Any plans submitted for a dwelling on the lot should be certified by a practising Structural Engineer as structurally adequate for that particular site.
- (d) Prior to the commencement of any building operations, the site should be drained and/or filled to the satisfaction of the Local Government.

Auditors' Report.

We have audited the attached accounts of the Town of Claremont for the year ended 30 June 1985, being the Statement of Receipts and Payments, Balance Sheet, Adjustment Account and Municipal Accumulation Account, in accordance with Australian Auditing Standards.

1. Provision is not made for depreciation of buildings included in land and buildings valued at \$2 088 213 in the Balance Sheet. This constitutes a departure from the Australian Accounting Standard in respect to depreciation of non-current assets. In our opinion, a provision for depreciation should have been created in respect of buildings with a corresponding charge to the Adjustment Account so as to absorb the cost of the buildings over their useful economic lives. We are unable to determine the amount of depreciation that should have been provided.
2. The Town Clerk's Advance Account had been overdrawn frequently during the year. This contravenes the borrowing provisions of the Local Government Act.

Subject to the above, in our opinion—

- (a) The accompanying accounts, being the Statement of Receipts and Payments, Balance Sheet, Adjustment Account and Municipal Accumulation Account, are in accordance with the books of the Council and have been prepared in accordance with the provisions of the Local Government Act, Local Government Accounting Directions and the accounting policies so as to give a true and fair view of—
 - (i) the cash receipts and payments of the Council for the year ended 30 June 1985; and
 - (ii) the financial position of the Council as at 30 June 1985.
- (b) The accounting records required by the Local Government Act to be kept by the Council have been properly kept in accordance with the provisions of that Act.

Report of the Auditor.

1. The accounts of the Shire of Brookton are prepared on the basis of historical cost. In preparing its balance sheet it is not the policy of the Council to:—

- (a) Calculate depreciation to write off the cost of each fixed asset over its estimated useful life; and
 - (b) Recognise all assets and liabilities which exist at balance date.
2. The policy at (a) complies with the requirements of the Local Government Act and the Accounting Directions, although it is not in accordance with generally accepted accounting standards.
3. The policy at (b) does not comply with the Local Government Act, which requires an annual statement showing the assets and liabilities of the Council, nor does it comply with generally accepted accounting standards, although it is consistent with previous years.

4. I have, with the assistance of my staff, audited the books of the Shire of Brookton for the year ended 30 June 1985. In my opinion, the balance sheet, statement of receipts and payments, adjustment account and municipal accumulation account are in agreement with the books and records of the Council, and, subject to my comments in paragraph 3, are prepared on a basis consistent with the Local Government Act and the Accounting Directions.
