  - (ii) be constructed of steel flat-bar having a width of not less than 20 millimetres and a thickness of not less than five millimetres or more than six millimetres, and shall be constructed in accordance with diagram 1 in the schedule to this notice;
  - (iii) be located at least 150 millimetres away from the attachment point or points of the hauling rope and not between the attachment points if there are two;
  - (iv) be positioned on the side of the pot so that the longer sides of the gaps that they create are generally parallel to the base of the pot and the lower internal edge of the escape gaps are not more than 110 millimetres from the base of the pot and shall be positioned in accordance with diagram 2 in the schedule to this notice;
  - (v) unless otherwise approved by the Director, not exceed the following dimensions when measured internally:—  
Diameter—925 millimetres.  
Height—420 millimetres.
  - (vi) not have any obstruction positioned in such a way as to restrict the movement of rock lobsters through the escape gaps or to reduce the internal measurement of the escape gaps, but in the case of a pot constructed of cane or sticks one wire may pass vertically across each escape gap.
- (b) In the case of an existing cane or stick pot modified to increase the number of escape gaps from one to three, two wires may pass vertically across one of the three gaps provided that this provision shall cease to have effect on 14 November 1988.

## Batten Pots

4. (a) Every batten pot shall have inserted therein a device or devices that creates a minimum of three or four escape gaps that are as nearly as practicable rectangular in shape, and when measured internally each shall measure not less than 305 millimetres in length and not less than 54 millimetres in height except as hereinafter provided.
- (b) Where:—
- (i) escape gaps are fitted to three sides of the pot in accordance with this clause the combined length of those gaps shall be not less than 915 millimetres except as hereinafter provided;
  - (ii) escape gaps are fitted to two sides only of the pot the combined length of those gaps shall be not less than 1220 millimetres except as hereinafter provided.
- (c) Where:—
- (i) three escape gaps are fitted, they shall be positioned one on each side, other than the base, in the rear half of the pot and one at the end of the pot opposite the hauling rope attachment point or points in accordance with diagram 3 in the schedule to this notice;
  - (ii) three escape gaps are fitted, and the length of the pot does not exceed 770 millimetres, they shall be positioned one on each side, other than the base of the pot, and one at the end of the pot opposite the hauling rope attachment point or points;
- (d) The Director may approve the positioning of escape gaps otherwise than in accordance with paragraph (c) of this clause.
- (e) Any approval granted under paragraph (d) of this clause shall:—
- (i) be in writing; and
  - (ii) cease to have effect on 14 November 1988.
- (f) Where the escape gap fitted to the end of the pot opposite the hauling rope attachment point or points, in accordance with paragraph (c) of this clause, and that escape gap is obstructed by the framework of the pot, the minimum effective length of that escape gap may be less than 305 millimetres but shall be not less than 280 millimetres provided that this paragraph shall cease to have effect on 14 November 1988.
- (g) Where:—
- (i) four escape gaps are fitted, they are positioned two on each side other than the base or the end to which the hauling rope is attached to the pot, the length of one of the gaps fitted to each side of the pot may be less than 305 millimetres provided that—  
(A) the combined length of two escape gaps on each side of the pot shall be not less than 610 millimetres; and  
(B) the smallest gap on each side of the pot shall be not less than 200 millimetres.
  - (ii) four escape gaps are fitted and two of those gaps are positioned across the entire width of the end of the pot opposite the hauling rope attachment point or points, the combined length of those gaps may be less than 610 millimetres provided that—  
(A) the centre support of the end of the pot to which the escape gap is attached does not exceed 50 millimetres in width; and  
(B) the smallest gap shall not be less than 250 millimetres.
- (h) When fitted to the pot, the longer sides of the escape gaps shall be generally parallel to the base of the pot and the lower internal edge of the escape gaps shall be no more than 110 millimetres from the base of the pot.
- (i) Escape gaps shall be constructed of:—
- (i) steel flat-bar having a width of not less than 20 millimetres and a thickness of not less than three millimetres and not more than six millimetres and shall be constructed in accordance with diagram 4 in the schedule to this notice;
  - (ii) aluminium having a width of not less than 20 millimetres and a thickness of not less than four millimetres and not more than six millimetres and shall be constructed in accordance with diagram 5 in the schedule to this notice; or

- (iii) fibreglass with a thickness of not less than three millimetres and not more than six millimetres with reinforcing on the lip of the gap having a thickness of not less than five millimetres and not more than eight millimetres and having a width of not less than 30 millimetres. The widest measurement of the lip of the gap is not to exceed 12 millimetres and shall be constructed in accordance with diagram 6 in the schedule to this notice.
- (j) The material to which the escape gap is, or escape gaps are, attached in the horizontal plane must not be:—
  - (i) constructed of material, the thickness of which, exceeds 13 millimetres;
  - (ii) in the horizontal plane, within five millimetres of the internal edge of the escape gap; or
  - (iii) providing the escape gap is attached internally to the framework running horizontally along the bottom of the pot and the bottom internal edge of the escape gap is not within 10 millimetres of the attachment material, then the material to which the gap is attached can be greater than 13 millimetres but not more than 25 millimetres in thickness.
- (k) Unless otherwise approved by the Director a batten pot shall not exceed the following dimensions when measured internally:—
  - Length—915 millimetres.
  - Height—420 millimetres.
  - Base Width—800 millimetres.
  - Top Width—540 millimetres,
 except that where the height of the pot is less than 420 millimetres, the top width of the pot may be increased by five millimetres for every 10 millimetres by which the height is reduced.
- (l) The measuring points for a batten pot for the determination of internal volume shall be those specified in Diagram 7 in the schedule to this notice, and in the event the end frames have been modified by cutting the corners of the frame to the pot or modified in some other way, the measuring points for calculating internal volume are to be projected points as if the end and side frames were not cut or modified and were in accordance with those of Diagram 7 in the schedule to this notice.

#### Plastic Pots

- 5. (a) Every plastic pot shall have inserted therein a device or devices that creates three escape gaps that are as nearly as practicable rectangular in shape and each escape gap when measured internally shall measure not less than 305 millimetres in length and not less than 54 millimetres in height.
- (b) The escape gaps shall be positioned:—
  - (i) one on each side, other than the base, in the rear half of the pot and one at the end of the pot opposite the hauling rope attachment point or points;
  - (ii) so that the longer sides of the gaps are generally parallel to the base of the pot and the lower internal edge of the escape gaps are no more than 110 millimetres from the base of the pot in accordance with diagram 8 in the schedule to this notice.
- (c) Escape gaps shall be constructed of:—
  - (i) the materials and to the specifications set out in clause 4 (i)—(i), (ii) and (iii) of this notice; or
  - (ii) plastic having a thickness of not less than three millimetres and not more than six millimetres.
- (d) The material to which the escape gap is, or escape gaps are, attached in the horizontal plane must not be:—
  - (i) constructed of material, the thickness of which, exceeds 13 millimetres;
  - (ii) in the horizontal plane, within five millimetres of the internal edge of the escape gap.
- (e) A plastic pot formed by an injection moulding process shall not exceed the following dimensions when measured internally:—
  - Length—782 millimetres.
  - Maximum Width—565 millimetres.
  - Height—470 millimetres.

#### Other Pots

- 6. (a) Every pot other than a beehive pot, batten pot or plastic pot shall have inserted therein a device or devices that creates three escape gaps that are as nearly as practicable rectangular in shape and when measured internally each shall measure not less than 305 millimetres in length and not less than 54 millimetres in height.
- (b) The escape gaps shall be positioned:—
  - (i) one on each side, other than the base, in the rear half of the pot and one at the end of the pot opposite the hauling rope attachment point or points;
  - (ii) so that the longer sides of the gaps are generally parallel to the base of the pot and the lower internal edge of the escape gaps are no more than 110 millimetres from the base of the pot.
- (c) Escape gaps shall be constructed of the materials and to the specifications set out in clause 4 (i) — (i), (ii) and (iii) of this notice.
- (d) The material to which the escape gap is, or escape gaps are, attached in the horizontal plane must not be—
  - (i) constructed of material, the thickness of which exceeds 13 millimetres;
  - (ii) in the horizontal plane, within five millimetres of the internal edge of the escape gap.

#### Conditions Applicable to all Pots

- 7. (a) A pot shall not have any form of chamber or partition within the pot capable of containing rock lobster other than that formed by the external frame of the pot.
- (b) A pot shall not have internal volume, including that of any object enclosed within a pot such as bait baskets, neck and ballast within the frame of the pot, which is greater than 0.257 cubic metres.
- (c) Escape gaps fitted to pots shall not have any obstruction positioned in such a way as to restrict the movement of rock lobsters through the escape gaps or to reduce the internal measurements of the escape gaps except as provided in clause 3 (a) (vi).

#### Revocation

- 8. The following notices are revoked:—
    - (a) notice number 224 published in the *Government Gazette* of 27 March 1986;
    - (b) notice number 230 published in the *Government Gazette* of 9 May 1986.
- Dated this 1st day of September, 1986.

I. F. TAYLOR,  
Acting Minister for Fisheries.

The lots are sold subject to the following conditions:

(A) The purchaser shall erect on the lot purchased a residence to comply with Local Government by-laws within two years from the due date of the first instalment. If this condition has not been complied with in the time prescribed, the land may be absolutely forfeited together with all purchase money and fees that may have been paid. However, freehold title to the land may be applied for when a residence has been erected to "top plate height" stage, and is not less than 50 per cent completed to the satisfaction of the Minister of Lands.

On payment of the first instalment of purchase money a licence will be available, upon which a mortgage can be registered. A Crown Grant (freehold) will not issue until the purchaser has complied with the building condition. A holder of a licence may apply to the Minister for Lands for permission to transfer.

(B) The purchaser shall erect on the lot purchased a residence to comply with Local Government by-laws within four years from the due date of the first instalment. If this condition has not been complied with in the time prescribed, the land may be absolutely forfeited together with all purchase money and fees that may have been paid. However, freehold title to the land may be applied for when a

residence has been erected to "top plate height" stage, and is not less than 50 per cent completed to the satisfaction of the Minister for Lands.

On payment of the first instalment of purchase money a licence will be available, upon which a mortgage can be registered. A Crown Grant (freehold) will not issue until the purchaser has complied with the building condition. A holder of a Licence may apply to the Minister for Lands for permission to transfer.

The Terms of Sale are:

- (1) Ten per cent of the purchase price is payable on application.
- (2) Balance of the purchase money is payable within 24 months from the date of sale by eight equal quarterly instalments, on the first days of January, April, July and October in each year. The first instalment of purchase money shall become due and payable on the first day of the quarter next following the date of sale. Amounts paid during the first 12 months will be exempt from interest. Thereafter, interest at the rate of 10 per cent will be charged. A Crown Grant fee of \$35 is payable with the final instalment.

Applications, accompanied by a 10 per cent deposit, are to be forwarded to, or lodged at, the Department of Land Administration, Cathedral Avenue, Perth.

Should two or more applications for any lot be lodged on the same day, the Minister for Lands shall nominate the method of determining the successful applicant.

N. J. SMYTH,  
Executive Director.

Full disclosure of company structure, shareholding and trusteeship will be required from corporate bodies applying for this area.

Applications accompanied by a deposit of \$324.50 must be lodged at the Department of Land Administration, Perth not later than Wednesday, 29 October 1986 together with the attached Land Board Questionnaire.

All applications lodged on or before that date will be treated as having been received on the closing date and if there are more applications than one for the area, the application to be granted will be decided by the Land Board.

 Offices, Karratha.

Public Plans Karratha 28.26, 28.27, 28.28 and Reg 6.5

The lots are sold subject to the following conditions:—

(A) The purchaser shall erect on the lot purchased a residence to comply with Local Government by-laws within two years from the due date of the first instalment. If this condition has not been complied with in the time prescribed, the land may be absolutely forfeited together with all purchase money and fees that may have been paid. However, freehold title to the land may be applied for when a residence has been erected to "top plate height" stage, and is not less than 50 per cent completed to the satisfaction of the Minister for Lands.

On payment of the first instalment of purchase money a licence will be available, upon which a mortgage can be registered. A Crown Grant (freehold) will not issue until the purchaser has complied with the building condition. A holder of a Licence may apply to the Minister for Lands for permission to transfer.

(B) The purchaser shall erect on the lot purchased commercial premises to comply with Local Government by-laws within two years from the due date of the first instalment. If this condition has not been complied with in the time prescribed, the land may be absolutely forfeited together with all purchase money and fees that may have been paid.

On payment of the first instalment of purchase money a licence will be available, upon which a mortgage can be registered. A Crown Grant (freehold) will not issue until the purchaser has complied with the building condition. A holder of a Licence may apply to the Minister for Lands for permission to transfer.

(C) Purchases by Agents will need to be ratified by the Principals.

(D) Subject to Examination of Survey.

LICENSED SURVEYORS ACT 1909  
LICENSED SURVEYORS (GUIDANCE OF SURVEYORS)  
AMENDMENT REGULATIONS 1986

MADE by the Land Surveyors' Licensing Board with the approval of His Excellency the Governor in Executive Council.

**Citation**

1. These regulations may be cited as the *Licensed Surveyors (Guidance of Surveyors) Amendment Regulations 1986*.

**Commencement**

2. These regulations shall come into operation on the day on which sections 5 (2) and 10 (2) of the *Town Planning and Development Amendment Act 1986* come into operation.

**Principal regulations**

3. In these regulations the *Licensed Surveyors (Guidance of Surveyors) Regulations 1961\** are referred to as the principal regulations.

[\*Reprinted in the Gazette on 5 February 1986 at pp. 367-419.]

**Regulation 8 amended**

4. Regulation 8 of the principal regulations is amended by deleting "The original" and substituting the following—

" Except as provided by regulation 55B the original "

**Regulation 17 amended**

5. Regulation 17 of the principal regulations is amended by deleting "observations and measurements" and substituting the following—

" observations, measurements, calculations and adopted values "

**Regulation 54 amended**

6. Regulation 54 of the principal regulations is amended by deleting "The following" and substituting the following—

" Except as provided by regulation 55D the following "

**Regulations 55A to 55F and the heading thereto inserted**

7. After regulation 55 of the principal regulations the following regulations and heading thereto are inserted—

" EARLY PREPARATION OF CERTIFICATE OF TITLE

**Surveys must comply with these regulations**

55A. Plans will not be examined and Certificates of Title partially prepared prior to completion of field marking unless the survey is in accordance with the regulations of this part. The survey should also conform with any guidelines under the regulations unless the surveyor can show that compliance is inappropriate in the particular circumstances of the survey or that an equivalent alternative action has been taken.

**Contents of field book**

55B. Every subdivision (involving one or more plans) to be examined must be effected through a control survey network, integral with the re-establishment of the original boundaries and be shown in a registered field book. The control survey network must be marked and measured before examination, and the marks of this control survey should be placed as far as possible so as to remain undisturbed throughout the installation of services and until permanent cadastral survey marking is completed.

This field book shall contain—

- (i) State Planning Commission file number;
- (ii) Re-establishment survey;
- (iii) Graphic summary of control network including observed values and adjusted, adopted values.
- (iv) Connections between control network and re-establishment survey.

**Network summary**

55C. Observed and adjusted values for the control survey network shall be shown on the network summary in the field book. Distances and angles shown must result in zero closures (or negligible misclosures due to rounding errors only) for all polygons, including new (precalculated) lots.

**Certificate to be included on plan**

55D. The following certificate on every plan shall be signed and dated by the Surveyor before the plan is registered—

I hereby certify that this plan is correct, was prepared under my supervision and is the result of calculations from measurements made by me (or under my own personal supervision, inspection and field check) in strict accordance with the *Licensed Surveyors (Guidance of Surveyors) Regulations 1961*.

**BUSH FIRES ACT 1954****City of Wanneroo**

Notice to all Owners or Occupiers of Land in the District of the City of Wanneroo Regarding Firebreaks.

THE City of Wanneroo hereby gives notice pursuant to section 33 of the Bush Fires Act 1954 to all owners or occupiers of land in its district that they are required on or before 30 November 1986 or within 14 days of becoming the owner or occupier of land if that occurs after 30 November 1986 to plough, cultivate, scarify, burn or otherwise clear firebreaks as specified in this Notice and thereafter up to and including 30 April 1987 to maintain the firebreak clear of inflammable matter.

1. Land having an area of 2 000 square metres or more. A firebreak not less than three metres wide immediately inside and around all external boundaries of the land must be cleared by ploughing, cultivating, scarifying or burning.

2. Land having an area of less than 2 000 square metres. A firebreak not less than two metres wide immediately inside and around all external boundaries of the land must be cleared by cultivating, mowing, slashing, chemical application or burning.

3. Buildings: A firebreak not less than three metres wide immediately around all external walls of every building must be cleared of inflammable material by ploughing, cultivating, mowing, slashing or chemical application.

Whenever a firebreak is cleared by burning the provisions of the Act and Regulations made thereunder must be observed.

If pursuant to Item 2 of this Notice, mowing or slashing is carried out the height of vegetation thereafter must not exceed, as far as is reasonably practicable, 20 mm over the entire area of the land. The use of chemicals is subject to all restrictions imposed by the Department of Agriculture.

Attention is drawn to the Flammable Liquids Regulations made under the Explosives and Dangerous Goods Act 1961 which requires a site on which inflammable liquid is stored to be totally cleared of all inflammable material for a minimum distance of five metres surrounding the site.

If it is considered to be impracticable for any reason to comply with the provisions of the Notice, application may be made not later than 15 November 1986 to the Council or its authorised officer for permission to provide alternative fire protection measures. If permission is not granted the requirements of this Notice must be complied with.

An owner or occupier of land who fails or neglects in any respect duly to comply with the requirements of this Notice is liable to fine of \$400.

R. F. COFFEY,  
Town Clerk.

## BUSH FIRES ACT 1954

(Section 33)

Town of Northam

To all Owners and/or Occupiers of Land in the Town of Northam

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required on or before 1 November 1986, or within 14 days of the date of your becoming owner or occupier, should this be after 1 November 1986, to remove from the land owned or occupied by you, all inflammable materials or to clear firebreaks in accordance with the following and thereafter to maintain the land or the firebreak clear of inflammable material up to and including 31 March 1987:—

- (1) where the area of land is 2 024 square metres or less, all inflammable material on the land shall be removed from the whole of the land;
- (2) where the land exceeds 2 024 square metres in area, firebreaks at least three metres wide shall be cleared of all inflammable material immediately inside all external boundaries of the land and also immediately surrounding all buildings situated on the land.

If it is considered to be impracticable for any reason to clear firebreaks or to remove inflammable material from land as required by this notice, you may apply to Council or its duly authorised officer, not later than 1 November 1986 for permission to provide firebreaks in alternative positions or to take alternative action to abate fire hazards on the land. If permission is not granted by the Council or its duly authorised officer, you shall comply with the requirements of this notice.

"Inflammable material" is defined for the purpose of this notice to include bush, timber, boxes, cartons, paper and like inflammable materials, rubbish and also any combustible matter, but does not include green standing trees, or growing bushes and plants in gardens or lawns.

The penalty for failing to comply with this notice is a fine of up to \$400, or a prescribed penalty of \$40 on service of an infringement notice, and a person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed by this notice, if it is not carried out by the owner or occupier by the date required by this notice.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

The Prohibited Burning Period will be from 1 November 1986 to 31 March 1987.

By Order of the Council,  
B. H. WITTBBER,  
Town Clerk.

## BUSH FIRES ACT 1954

Notice to all Owners and/or Occupiers of Land in the Shire of Boulder and Town of Kalgoorlie

PURSUANT to the powers contained in section 33 of the Bush Fires Act 1954, you are hereby required on or before 31 October 1986 or within 14 days of your becoming owner or occupier of land should this be after 31 October 1986 to clear firebreaks and remove flammable material from the land owned or occupied by you as specified hereunder and to have the specified land and firebreaks clear of all flammable material from 31 October 1986 up to and including 14 April 1987.

## 1. Land Outside Townsites.

1:1 All buildings on land which are outside townsites shall be surrounded by two firebreaks not less than two metres wide cleared of all flammable material, the inner firebreak to be not more than twenty metres from the perimeter of the building or group of buildings and the outer firebreak not less than 200 metres from the inner firebreak.

1:2 To remove flammable material from the whole of the land between the firebreaks required in paragraph 1:1 above.

## 2. Land in Townsites.

2:1 Where the area of land is 2 000 square metres (approximately half an acre) or less, all flammable material shall be removed from the whole of the land.

2:2 Where the area of land exceeds 2 000 square metres, firebreaks at least three metres in width shall be cleared of all flammable material immediately inside and along the boundaries of the land. Where there are buildings on the land, additional firebreaks three metres in width shall be cleared immediately surrounding each building.

If it is considered for any reason to be impractical to clear firebreaks or remove flammable material as required by this notice, you may apply to the Council or its duly authorised Officer not later than 15 October 1986 for permission to provide firebreaks in alternative positions or take alternative action to remove or abate fire hazards. If permission is not granted by Council or its duly authorised Officer, you shall comply with the requirements of this notice.

"Flammable material" does not include green growing trees or green growing plants in gardens.

If the requirements of this notice are carried out by burning, such burning shall comply with the relevant provisions of the Bush Fires Act.

The penalty for failing to comply with this notice is a fine of \$400 and a person in default is also liable, whether prosecuted or not, to pay cost of performing the work directed in this notice, if it is not carried out by the owner or occupier by the date required by this notice.

The prohibited burning period will be from 15 December 1986 to 14 April 1987 inclusive.

Dated this 31st day of August, 1986.

By Order of the Councils.

R. G. HADLOW,  
Shire Clerk.

T. P. O'CONNOR,  
Town Clerk.

## BUSH FIRES ACT 1954

(Section 33)

Shire of Coorow

Notice to owners and occupiers of land within the Shire of Coorow

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required on or before 31 October 1986 to plough, scarify, cultivate or otherwise clear and thereafter keep clear of all inflammable material until 15 April 1987, firebreaks of not less than two metres in width in the following positions on the land owned or occupied by you.

- (1) Inside and along the whole of the external boundaries of the property or properties owned or occupied by you.
- (2) Where buildings or haystacks are situated on the property, additional firebreaks not less than 3.5 metres in width must be provided within 100 metres of the perimeter of such buildings or haystacks, in such manner as to completely encircle the buildings or haystacks.
- (3) Townsites: All townsites must be cleared and kept clear of all accumulations or inflammable materials.
- (4) Where land is in the Warradarge Bush Fire Brigade area, the firebreaks are to be 18.5 metres (60 feet) wide around scrub areas that are to be burnt.

If for any reason it is considered impracticable to provide firebreaks in the position required by this notice, the approval of the shire clerk must be obtained to construct such firebreaks in an alternative position. Approval to any such variation will only be granted where the bush fire control officer for the area has first signified his approval to the variation.

Penalty for non-compliance: Minimum \$40, maximum \$400.

S. N. HAZELDINE,  
Shire Clerk.

## BUSH FIRES ACT 1954

## Shire of Cuballing

Notice to all Owners and/or Occupiers of Land  
in the Shire of Cuballing

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required, on or before 31 October 1986, to clear firebreaks on the land owned or occupied by you in accordance with the requirements of this Notice as set out hereunder and thereafter to maintain this land or the firebreaks clear of all inflammable material up to and including 1 April 1987.

1. Rural Land (Land other than in a Townsite): You shall clear of all inflammable material firebreaks not less than three metres wide in the following positions:—

- 1.1 Immediately inside the boundary of all which is cleared, part cleared and which is under pasture. This also applies to abutting a formed public road.
- 1.2 Immediately surrounding all land which is under crop.
- 1.3 Immediately inside any boundary which abuts a Railway Reserve.
- 1.4 Immediately surrounding all buildings, haystacks and fuel ramps situated on land.
- 1.5 Immediately surrounding any drum or drums situated on the land which is normally used for storage of fuel, whether they contain fuel or not.

## Townsite Area (Land in any Townsite):—

Where the area of the land is one-fifth of one hectare or less you shall clear all inflammable material on the land from the whole of the land.

- 2.2 Where the area of the land exceeds one-fifth of one hectare you shall clear all inflammable materials of firebreaks not less than three metres wide as required for Rural Land in paragraph one above.

If it is considered to be impracticable for any reason to clear firebreaks as required by this Council you may apply to the Council or its duly authorised Officer not later than 15 October 1986, for permission to provide firebreaks in alternative positions on the land. If permission is not granted by the Council or its authorised Officer, you shall comply with the requirements of this Notice.

If the requirements of this Notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act 1954.

By Order of the Council,  
G. W. FOSTER,  
Shire Clerk.

PURSUANT to section 33 of the Bush Fires Act 1954 all owners and/or occupiers of land within the Shire of Merredin are hereby required on or before 1 November 1986 to remove from that land all inflammable materials or to clear firebreaks in accordance with the following provisions and thereafter to maintain the land or firebreaks clear of all inflammable materials up to and including 15 March 1987.

1. Rural Land (land other than in a townsite): Firebreaks of not less than three metres shall be cleared of all inflammable materials in the following positions:—

- (a) immediately inside all external boundaries of the land; and
- (b) in such positions as are necessary to divide the land into areas not exceeding 200 hectares, each area to be completely surrounded by a firebreak; and
- (c) immediately surrounding all land used for cropping; and
- (d) within 100 metres of the perimeter of all buildings, bulk and drum fuel deposits and haystacks on the land so as to completely surround the buildings, fuel deposits and haystacks; and

- (e) prepare firebreaks of not less than 20 metres wide around the perimeter of any scrub or timber which has been logged, chained or otherwise prepared for burning.

2. Townsite Land (land in any townsite):—

- (a) where the land is 2 000 square metres or less the land shall be cleared of all inflammable material; and
- (b) where the area of the land exceeds 2 000 square metres a firebreak of not less than three metres wide shall be cleared of all inflammable materials inside the external boundaries of the land and immediately surrounding any buildings, fuel deposits and haystacks contained on the land.

If the requirements of this notice are carried out by burning such burning must be in accordance with the relevant provisions of the Bush Fires Act 1954.

If it is considered impracticable for any reason to clear firebreaks or remove inflammable materials as required by this notice an owner and/or occupier of any land may apply to the Council or its duly authorised officer not later than 15 October 1986 for permission to provide firebreaks in an alternative position on the land.

If permission is not granted the requirements of this notice shall be complied with.

The penalty for failing to comply with this notice is a fine not exceeding \$400 and the person in default is liable, whether prosecuted or not, to pay the cost of performing the work directed in this notice if it is not carried out by the owner or occupier by the date required on this notice.

Dated this 3rd day of September, 1986.

By Order of the Council.  
R. LITTLE,  
Shire Clerk.

## BUSH FIRES ACT 1954

## Shire of Mundaring

Notice to all Owners and/or Occupiers of Land  
Situated in the Shire of Mundaring

## Firebreaks

PURSUANT to the powers contained in section 33 of the Bush Fires Act 1954, you are hereby required to clear of inflammable material, firebreaks not less than three metres in width in the following positions on all land owned or occupied by you and situate within the Shire of Mundaring.

1. Immediately inside all external boundaries of the said land.
2. Immediately surrounding all buildings erected on the said land.

Such firebreaks may be constructed by one or more of the following methods: ploughing, cultivation, scarifying, burning or chemical spraying, and are to be cleared to the satisfaction of the Shire of Mundaring's duly authorised officers. In addition you may be required to carry out further works which may be deemed necessary by the duly authorised officers and specified by way of a separate written notice forwarded to the address as shown on the rate records for the land maintained by the Shire of Mundaring.

All firebreaks as designated above, must be prepared on or before 30 November 1986 or within 14 days of you becoming the owner or occupier should this be after that date and be maintained clear of inflammable material up to and including 14 March 1987.

Take notice that pursuant to section 33 (4) of the Bush Fires Act, where the owner or occupier of land who has received notice fails or neglects to comply with the requisitions of the notice within the time specified, the Shire of Mundaring may, by its officers and with such servants, workmen and contractors' vehicles and machinery as the officers deem fit enter upon the land and carry out the requisitions of the notice which have not been complied with and pursuant to section 33 (5) of the Bush Fires Act the amount of any costs and expenses incurred may be recovered from you as the owner or occupier of the land.

Application to vary  
the above requirements

If it is considered to be impracticable for any reason whatever to clear firebreaks as required by this notice, you may apply to the Council of the Shire of Mundaring or its duly authorised officers not later than 15 November 1986 for permission to provide firebreaks in alternative positions on the land. If permission is not granted by the Council or its duly authorised officers, you must comply with the requirements of this notice.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

The penalty for failing to comply with this notice is a fine not exceeding \$400 and a person in default is also liable whether prosecuted or not to pay the costs of performing the work directed in this notice if it is not carried out by the owner and/or occupier by the date required by this notice.

By Order of the Council,  
M. N. WILLIAMS,  
Shire Clerk.

Shire of Narrogin

Notice to all Owners and/or Occupiers of Land in the  
District of the Shire of Narrogin.

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required on or before 31 October 1986 to clear of all inflammable material firebreaks not less than 2.438 metres (8 feet) wide in the following positions on all rural and townsite land owned or occupied by you and thereafter to maintain the firebreaks clear of inflammable material up to and including 15 April 1987.

(1) Inside and within 20.116 8 metres (1 chain) of the boundary of all land, and

(2) In such other positions as is necessary to divide land in excess of 404.68 hectares (1 000 acres), into areas not exceeding 404.68 hectares (1 000 acres), each completely surrounded by firebreak.

(3) Surrounding all areas on which buildings, haystacks, fuel ramps and fuel containers are situated on the land at a distance of not more than 45.72 metres (150 feet) from the exterior of such buildings, haystacks, fuel ramps and fuel containers.

If it is considered to be impracticable for any reason to clear firebreaks as required by this notice, you may apply to the Council or its duly authorised officer not later than 16 October 1986 for permission to provide firebreaks in alternative positions, on the land. If permission is not granted by Council or its duly authorised officer, you shall comply with the requirements of this notice.

The penalty for failing to comply with this notice is a fine of not less than \$40 or more than \$400 and a person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed in this notice if it is not carried out by the owner or occupier by the date required by this notice.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the provisions of the Bush Fires Act 1954.

Dated 18th September, 1986.

By Order of the Council,  
W. T. PERRY,  
Shire Clerk.

BUSH FIRES ACT 1954

Shire of Quairading

Firebreak Order

Notice to Owners and Occupiers of Land

PURSUANT to the powers contained in section 33 of the Bush Fires Act 1954, the following notice is given to owners and/or occupiers of land within the district of the Shire of Quairading.

1. Rural Land, (ie land other than in a townsite): You are hereby required on or before 15 November 1986, to remove from the land owned or occupied by you, all flammable

materials or clear firebreaks in accordance with the Schedule hereunder and thereafter to maintain the land or firebreaks clear of all flammable materials up to and including 1 April 1987.

2. Townsite: You are hereby required to keep land free of fire hazards for the period 15 November 1986, to 1 April 1987. The land will be inspected and Specific Orders to remove fire hazards issued where considered necessary by Council.

If it is considered impractical to make firebreaks in accordance with this notice, the permission of your Fire Control Officer is required to arrange a suitable alternative.

Applications for extension of time to make firebreaks will be considered if submitted in writing to the Shire Clerk prior to 15 November 1986.

The maximum penalty for non-compliance with this order is \$400 and Council can have the required works effected and recoup the cost from the land owner or occupier.

Schedule

1. Three metres wide within 20 metres of all external boundaries of the land.

2. Three metres wide within 20 metres of and parallel to the common boundary between the land and the public road or the railway line where any part of the land abuts onto or is intersected by a public road or railway.

Dated this 16th day of September, 1986.

By Order of the Council,  
T. L. WHITE,  
Shire Clerk.

BUSH FIRES ACT 1954

Shire of Toodyay

Notice to all owners and/or occupiers of land in the Shire of  
Toodyay.

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required, on or before the dates specified, and thereafter up to and including 30 April 1987, to have a firebreak clear of all inflammable material at least as wide as specified hereunder.

Rural Land

1. Rural Land (i.e. all land other than within a townsite.)  
Date: 28 October 1986

1.1 Where the land does not exceed 20 hectares a firebreak two metres wide shall be cleared inside and within 10 metres of the external boundaries of the land.

1.2 Where land exceeds 20 hectares but does not exceed 200 hectares a firebreak two metres wide shall be cleared inside and within 100 metres of the external boundaries of the land.

Note: Strategic Firebreaks: Landowners within the subdivisions known as "Royd Nook", "Brookdale" (excluding Lots 1-16), "Majestic Heights", "Marri Glades", "Toodyay Highlands", "Woodland Heights", "Vernon Hills" and "Majestic Waters" as designated in Shire of Toodyay Town Planning Scheme No. 2 and West Toodyay Townsite who have signed the necessary participation form and contributed (\$20 where land owned does not exceed 20 hectares, or \$32.50 where land exceeds 20 hectares) on or before 30 September 1986 towards the maintenance of the Strategic Firebreak System constructed in their area will have fulfilled the requirements of section 1:1 and 1:2 of the Order.

1.3 Where land exceeds 200 hectares a firebreak two metres wide shall be cleared in such a manner as to divide the land into areas not exceeding 200 hectares, each completely surrounded by a firebreak.

1.4 A firebreak three metres wide shall be cleared immediately around all buildings, hay stacks and fuel ramps situated on the land.

1.5 A firebreak two metres wide shall be cleared immediately around any unattended stationary motor, including electric, when operating.

1.6 A firebreak 20 metres wide shall be cleared immediately inside the external boundaries of all land which has been bulldozed, chained or prepared in any similar manner for clearing by burning (whether you intend to burn the bush or not) provided that where the bulldozing, chaining or other method of preparation for clearing is completed after 28 October 1986 the firebreak is required to be completed within 28 days of such completion.

Note: Firebreak Variations: If for any reason it is considered to be impracticable to clear firebreaks or remove inflammable material from land as required by Part 1 of this notice, you may apply in writing to Council or its duly authorised officer on or before 14 October 1986 for permission to provide firebreaks in an alternative position.

If permission is not granted by the Council or its duly authorised officer, you shall comply with the requirements of this notice.

#### Townsite Land

2. Townsite land (being all land within the Toodyay townsite and includes Lots 200 to 229 fronting Gibney, Harcourt and Reserve Streets). Date: 15 November 1986.

2.1 Width as necessary to ensure that the firebreak covers the whole of the land. Provided that, if the land is used permanently for grazing animals or if the Council has had other methods of hazard reduction, you may apply in writing to Council or its duly authorised officer, on or before 1 November 1986, for permission to have firebreaks cleared of all inflammable material at least two metres wide immediately inside the external boundaries of the land in lieu of removing all inflammable material from the whole of the land. If permission is not granted by the Council or its duly authorised officer, you shall comply with the requirements of this notice.

The owner or occupier of land who fails or neglects to comply with the requirements of this Order is guilty of an offence under subsection 3 of section 33 of the Act and is liable to maximum penalty of \$400, and the Council may do the works and charge the owner or occupier for such work.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act 1954.

Dated this 17th day of July, 1986.

By Order of the Council.

R. A. L. BROOMHALL,  
Acting Shire Clerk.

#### BUSH FIRES ACT 1954

##### Fire Break Order Under section 33

##### Notice to Owners and Occupiers of Land within the Shire of West Author

PURSUANT to the powers contained in section 33 of the above Act you are hereby required, on or before 30 November 1986, to clear off all flammable material or to clear firebreaks in accordance with the following, and therefore maintain the land or the firebreaks clear of all flammable material up to and including 1 April 1987.

1. Rural Land: Owners or Occupiers of Lands, other than within a townsite, shall clear of all flammable material, firebreaks at least two and a half metres wide immediately inside all boundaries adjoining trafficable public roads.

2. Townsite Land: Owners and Occupiers within a Townsite shall:

(a) Clear of all flammable material the whole of the area where:—

(i) The area of the land is 2 023 square metres or less or:

(ii) The land is used for storage of flammable liquids or:

(iii) There is a hotel situated thereon.

(b) If the area of land exceeds 2 023 square metres (half an acre) clear of all flammable material firebreaks at least two and a half metres wide immediately inside all external boundaries of the land.

3. Homesteads, Buildings, Haystacks, Stacks of Fodder, Bulk Fuel, Drums and Liquid Petroleum: Owners and occupiers of land shall:

(a) During the period from 30 November 1986 to 1 April 1987 inclusive have firebreaks at least 10 metres wide, if provided by burning, cultivating or spraying or 30 metres wide, if provided, by being closely grazed in such positions as are necessary to completely surround the perimeter of any homestead, building, fuel installation (including drums), haystack (where such a haystack is situated within 200 metres of any homestead, building, fuel installation, or group of such structures or installations). Provided that wherever 30 metre wide alternative is chosen, the outer two and a half metres of the 30 metre area must be totally free of any flammable material.

4. Sawmills, Rural and Townsite Areas: Occupiers of sawmills shall clear of all flammable material the whole of the land on which the sawmill is situated.

5. Harvesting: A fully operation mobile fire fighting powered unit complete with a container with at least 400 litres minimum capacity of water is to be located in any paddock being harvested. The responsibility to supply the unit being that of the landholder.

6. General Information: If for any reason it is considered impractical to comply with any provision of this notice a written application for a variation may be made to the Shire Council and must reach the Shire Clerk by 14 November 1986. Any such application must bear the signature of the fire control officer of the area signifying his agreement to the variation.

If permission for variation is not granted the terms of this notice must be complied with, or as the Council directs.

Flammable material is defined for purpose of this order to include bush (as defined in the Bush Fires Act), boxes, cartons, paper and like flammable materials, rubbish and also combustible matter, but does not include green standing trees, or growing bushes or plants or plants in gardens or lawns.

The penalty for failing to comply with this notice is a fine of \$40 by infringement notice or not more than \$400 if prosecuted, and a person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed in this notice if it is not carried out by the owner or occupier by the date required by this notice.

By Order of the Council,

G. S. WILKS,  
Shire Clerk.

      - (i) provides adequate protection against the weather;
      - (ii) is lined with fire resistant material; and
      - (iii) is drained and vented to the outside atmosphere in such a manner as to prevent any accumulation of leaked gas within any encloseable area of a marine craft; or
    - (b) in a position that is approved, in each case, by an inspector.

(2) Subitem (1) does not apply in relation to a cylinder if—

    - (a) the cylinder is an integral part of a portable appliance;
    - (b) the capacity of the cylinder is not more than a water capacity of 5.5 kilograms or a propane capacity of 2.25 kilograms; and
    - (c) the marine craft on or in which the cylinder is located contains not more than 6 cylinders, the aggregate capacity of which is not more than a water capacity of 11 kilograms or a propane capacity of 4.5 kilograms.

(3) Cylinders shall be installed in the upright position, with the valve uppermost and shall be firmly secured in place by means capable of withstanding a load in any direction equal to 4 times the combined weight of the cylinder (when full) and its carrier.

- (4) Where a cylinder is installed so that the pressure regulator is not secured to the cylinder valve adequate flexibility between the regulator and fitting line carrying gas to the appliances in the craft shall be provided by means of—
- (a) a section of flexible fitting line having a length of not less than 0.3 metre and not more than 0.6 metre; or
  - (b) a loop of copper fitting line, or a section of copper fitting line having a configuration at least as flexible as a loop.
- (5) The vent from a cylinder compartment shall terminate not less than 1 metre from any opening to the inside of the marine craft unless the opening to the inside of the marine craft is more than 150 mm above the termination of the vent.
- (6) The vent from a cylinder or regulator shall terminate not less than 2 metres from a source of ignition.
- (7) A drainage pipe from a compartment on a marine craft—
- (a) shall have an internal diameter of not less than 13 mm;
  - (b) shall have a continuous fall from the lowest part of the compartment to the outside of the marine craft;
  - (c) shall be connected directly to the outside of the marine craft; and
  - (d) shall terminate above the water line.
- (8) A consumer's gas installation shall be so designed that in order to disconnect the cylinder from the consumer's gas installation it is necessary to undo only the cylinder valve union.
- (9) This item applies both to—
- (a) a cylinder that is not connected to an appliance; and
  - (b) a cylinder that is connected to an appliance. ”;
- (f) in item 715 (1) by deleting “machinery,”;

    - (b) be constructed to indicate clearly whether the valve is in the open or closed position; and
    - (c) be in an accessible position. ”.
- (h) in item 717—
- (i) by deleting subitem (1) and substituting the following subitem—  
“ (1) A gas appliance installed in a marine craft shall not be fitted in any exit or means of escape from the craft and shall be located so that in the event of a fire on the craft the appliance will not stop or obstruct any person attempting to leave the craft. ”;
- and
- (ii) by deleting subitem (3) and substituting the following subitems—  
“ (3) A gas appliance shall not be installed in a marine craft below the level of the main deck unless an approved device designed to detect the presence of flammable gas is installed.  
(3a) The device for detecting flammable gas referred to in subitem (3) shall—  
    - (a) have at least one sense point located adjacent to the gas appliance and not more than 100 mm above floor level; and
    - (b) on detecting flammable gas, automatically ensure that the gas supply to the gas appliance is shut off until such times as it is reconnected by manual means.
(4) the device for detecting flammable gas referred to in subitem (3) shall be in operation—  
    - (a) before any appliance is lit;
    - (b) while the marine craft is being refuelled; and
    - (c) while the marine craft is in use. ”;
- (i) in item 720—
- (i) in subitem (1) (b) by deleting “0.4” and substituting the following—  
“ 0.45 ”; and
  - (ii) in subitem (3), by deleting paragraph (b) and substituting the following paragraph—
