Report of the Auditor

I have examined the books of account of the Shire of Leonora for the year ended 30 June 1986.

The Annual Accounts required by section 630 (3) of the Local Government Act were submitted to me for audit and have been found to be a correct extract from the books of account.

The accounts have been prepared in the form required by Local Government Act Accounting Directions.

I am unable to form an opinion as to the compliance with the Local Government Act and Minister's Accounting Directions because of a conflict of accounting principles between the Act and the Accounting Directions and also, the possible effect of section 43 (1) of the Interpretation Act 1984.

5 February 1987.

Auditor.

Report of the Auditor

1. The financial statements of the Shire of Broome are prepared on the basis of historical cost. In preparing its balance sheet it is not the policy of the Council to:—

(a) calculate depreciation to write off the cost of each fixed asset over its estimated useful life; and

(b) recognise all liabilities which exist at balance date.

2. The policy at (a) complies with the requirements of the Local Government Act and the Accounting Directions, although it is not in accordance with generally accepted accounting standards.

3. The policy at (b) does not comply with the Local Government Act, which requires an annual statement showing the assets and liabilities of the Council, nor does it comply with generally accepted accounting standards.

4. Council has spent approximately \$71 000 for which no budget item was raised in the 1985/86 budget. Such expenditure is unauthorised expenditure in accordance with the Local Government Act. Of this amount approximately \$28 000 was offset by transfers from loan and reserve funds.

5. The Local Government Accounting Directions 1985 require Councils to show salary and wage deductions on the financial statements as receipts and payments of the trust fund. Such deductions have not been shown in the trust fund.

6. I have, with the assistance of my staff, audited the books of the Shire of Broome for the year ended 30 June 1986. In my opinion, the financial statements, comprising schedules 1 to 14, 16 and 20 to 25 are in agreement with the books and records of the Council, and, subject to my comments in paragraph 3 to 5 are prepared on a basis consistent with the Local Government Act and the Accounting Directions.

Auditor.
