- (b) Not more than one single dwelling house per lot shall be erected.
- (c) In order to conserve the rural environment or features of natural beauty all trees shall be retained unless their removal is authorised by the Council.

- (e) Notwithstanding the provisions of the scheme and what may be shown in the plan of subdivision specified in clause 2.5.1 (c) the State Planning Commission may approve a minor variation to the subdivisional design but further breakdown of the lots so created shall be deemed to be contrary to the provisions of the Scheme.

- 3.1.7 As provision has been made for public parking abutting the commercial centres of Jurien, Cervantes and Badgingarra, the car parking requirement for development proposed in the Commercial Zones of those towns may be waived by Council.
- 3.1.8 Where a developer can satisfy the Council that the minimum car parking requirements cannot be provided on the site the Council may accept a cash payment in lieu of the provision of car parking spaces but subject to the requirements of this clause—
 - (a) A cash-in-lieu payment shall be not less than the estimated cost to the owner of providing the land and constructing the parking spaces required by the Scheme. The value of that area of his land which would have been occupied by the parking spaces may be stated by the Valuer General or by a licensed valuer appointed by Council.
 - (b) Before the Council agrees to accept a cash payment in lieu of the provision of parking spaces the Council must have already provided a public car park nearby, or must have firm proposals for providing a public car park area nearby within a period of not more than eighteen months from the time of agreeing to accept the cash payment.
 - (c) Payments made under this clause shall be paid into a special fund to be used to provide public car parks.
