PUBLISHED BY AUTHORITY G. L. DUFFIELD, GOVERNMENT PRINTER AT 3.30 PM

### **Publishing Details**

The *Western Australian Government Gazette* is published by the State Printing Division for the State of Western Australia on Friday of each week unless disrupted by Public Holidays or unforeseen circumstances.

*Special Government Gazettes* and *Extraordinary Government Gazettes* are published periodically, only the special gazettes are included in the subscription price.

The following guidelines should be followed to ensure publication in the *Government Gazette*.

- Material submitted to the Executive Council for gazettal will require a copy of the signed Executive Council Minute Paper.
- Advertising should be received by the Manager, Publication Sales no later than 3.00 p.m. on Wednesday.
- Lengthy or complicated notices should be forwarded several days before publication.
- Proofs will be supplied only when requested.
- No additions or amendments to material for publication will be accepted by telephone.

Send copy to:

The Manager,  
Publication Sales  
State Printing Division  
Station Street, Wembley, 6014  
Telephone: 383 8851 Fax: 382 1079

### **Advertisers should note:**

- All Notices should be written in 'plain English'.
- Signatures (in particular) and proper names must be legible.
- All copy should be typed and double spaced.
- If it is necessary through isolation or urgency to communicate by facsimile, any confirmation forwarded later must be endorsed to the effect that this copy is only confirmation of previously transmitted facsimile copy already received by the State Printing Division. This is to alleviate the problem of copy appearing twice.
- Documents not clearly prepared and in the exact format for gazettal will be returned to the sender unpublished.
- Late copy received at Publication Sales after 3.00 p.m. Wednesday will be placed in the following issue irrespective of any date/s mentioned in the copy (unless otherwise advised).

**APPLICATIONS**

Applications for the award of a permit over the above area are required to be made in the approved manner, submitted in duplicate and should be accompanied by—

## (a) Details of—

- (i) the applicant's assessment of the petroleum potential of the area, including a geological and geophysical review and technical assessment of the area, and the concepts underlying the proposed exploration programme;
- (ii) the minimum work programme proposed for each of the five years, specifying the number of wells to be drilled, the line kilometres of seismic survey to be carried out and the estimated expenditure;
- (iii) wells referred to in the work programme should not include development wells (the AAPG well classification scheme will be the basis of identification).

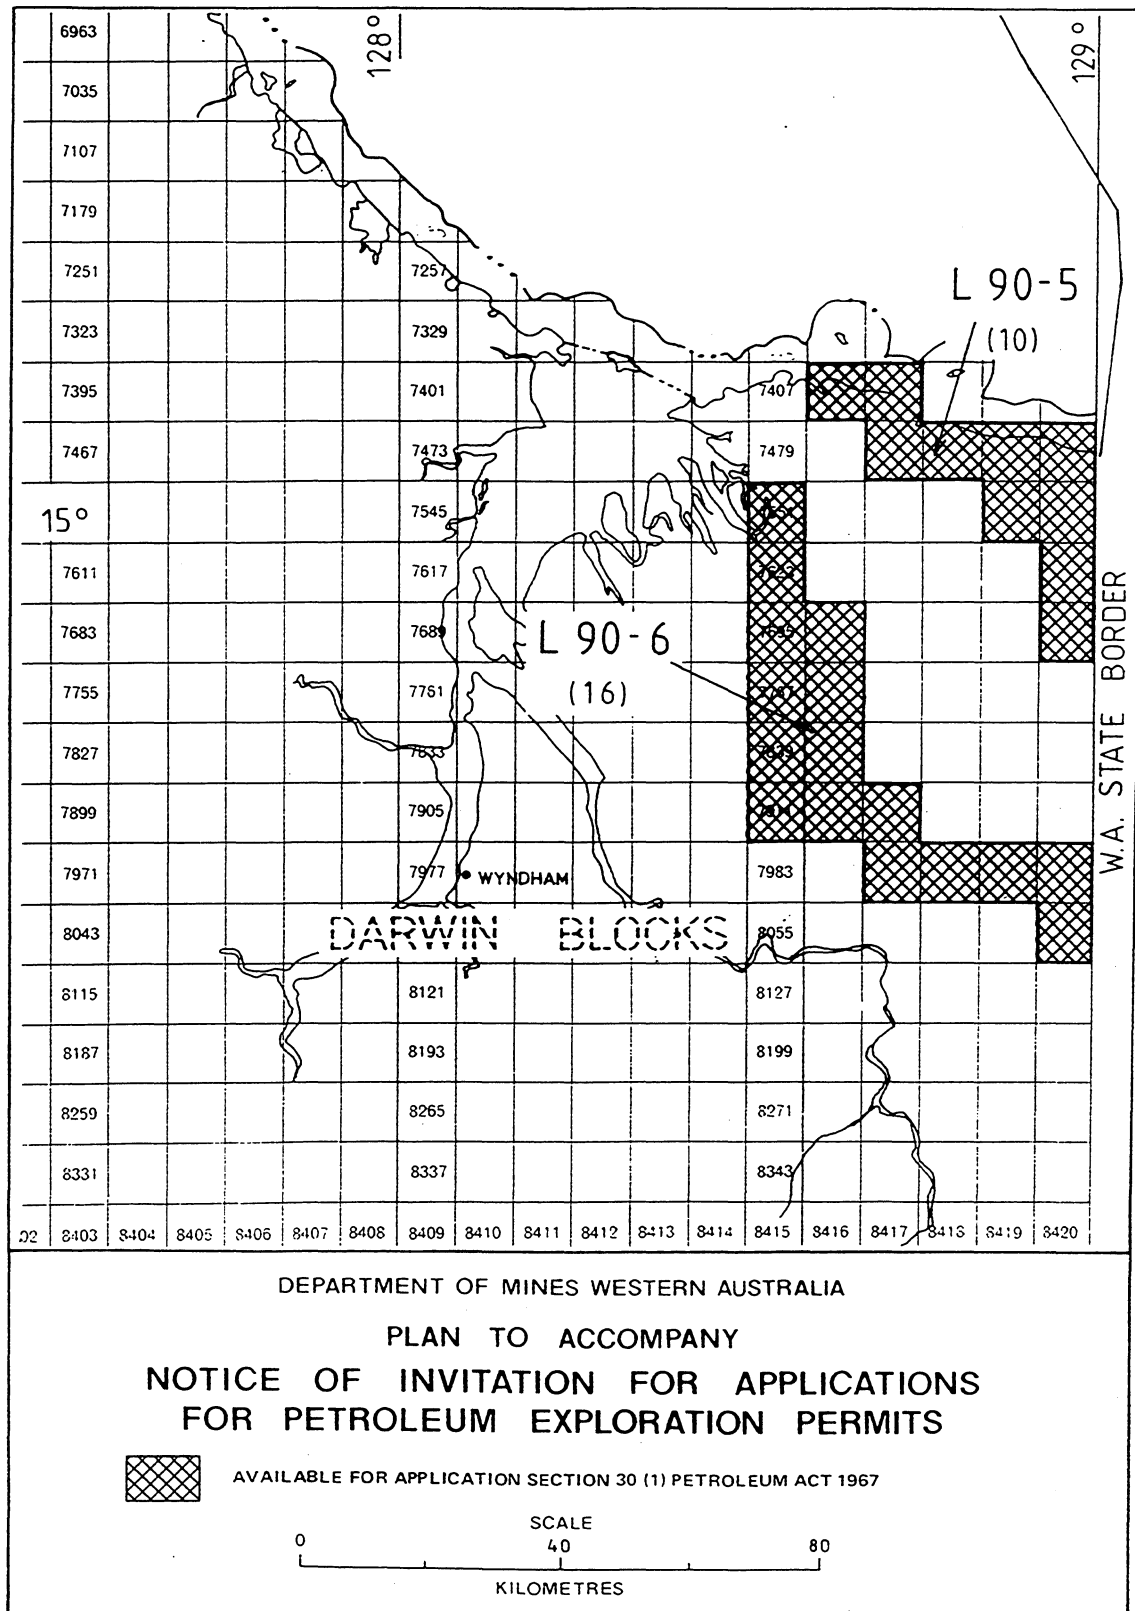

## (b) Particulars of—

- (i) the technical qualifications of the applicant and of its employees;
  - (ii) the technical advice available to the applicant;
  - (iii) the financial resources available to the applicant, including evidence of the applicant's ability to fund the work programme proposed, and a copy of the latest annual report for each applicant company;
  - (iv) where relevant, the viability of the consortium lodging the application, including evidence that a satisfactory settlement has been, or can be, reached on a Joint Operating Agreement (a copy of a Heads of Agreement dealing will generally suffice)
  - (v) the percentage participating interest of each party to the application; and
  - (vi) a single address for service of notices in respect of the application.
- (c) A fee of \$3 000, made payable to the Department of Mines through an Australian bank or by bank cheque.
- (d) Such other information as the applicant wishes to be taken into account in consideration of the application.

Award of the permit will be based upon the adequacy of the the work programme for the first two years of the permit term. The successful applicant will be required to fulfill the minimum commitment for each of those years without variation. This is known as the firm commitment phase, however the balance of the programme can be negotiated according to the result of prior exploration.

**METROPOLITAN REGION TOWN PLANNING SCHEME ACT 1959****DECLARATION OF PLANNING CONTROL AREA No. 17**

Araluen Park, City of Armadale

File No.: 835-2-22-3.

**General Description**

The Hon Minister for Planning has granted approval to the declaration of Planning Control Area No. 17 over land generally known as Araluen Park and associated crown and private land and shown shaded yellow on State Planning Commission Plan No. 2.0662.

**Purpose of the Planning Control Area**

To protect the designated area from development which may be inappropriate to its civic and cultural amenity and value for parks and recreation.

**Duration and Effects**

The declaration remains in force for a period not exceeding five years from the date of publication of this notice in the *Gazette*, or until revoked by the State Planning Commission with approval by the Minister, whichever is the sooner.

A person shall not commence and carry out development in a Planning Control Area without the prior approval of the State Planning Commission. The penalty for failure to comply with this requirement is \$2 000, and, in the case of a continuing offence a further fine of \$200 for each day during which the offence continues.

Compensation is payable in respect of the land injuriously affected by this declaration, and land so affected may be acquired by the State Planning Commission in the same circumstances and in the same manner as if the land had been reserved in the Metropolitan Region Scheme for a public purpose.

"The incidental use of a residential property, being the ordinary place of residence by a self employed person, to store and take delivery of tools of trade, materials and vehicles related to that person's occupation, but subject to the provisions contained within Clause 5.11 and 5.12 of the Scheme".

2. Delete Clause 5.11 and replace it with a new Clause 5.11 and subclauses 5.11.1 and 5.11.2 to read as follows:  
**"5.11 Parking of commercial vehicles in a Residential zone"**  
 5.11.1 No person shall on privately owned land within a Residential zone:—  
 (a) park or allow to remain stationary a commercial or industrial vehicle for a longer period than is necessary for loading or unloading, unless—  
     (i) it is parked behind the residence and;  
     (ii) the vehicle and its load does not exceed 3.0 metres in height;  
 (b) repair, service or clean a commercial vehicle unless such work is carried out whilst the vehicle is housed in a domestic garage.  
 5.11.2 (a) Notwithstanding Clause 5.11.1, Council may vary the requirements of that Clause, if in its opinion, the parking, repair, servicing or cleaning of the commercial vehicle at the front of the residence does not adversely affect the character and amenity of neighbouring properties or the general locality.  
 (b) In exercising the discretion conferred by Clause 5.11.2(a), Council may specify a time and period the activity is to be carried out; and may require screening in the form of walls or fence, and/or landscaping in a position on the property as decided by Council.
3. Delete Clause 5.12 and replace it with sub clauses 5.12.1 and 5.12.2 to read as follows:  
**5.12 Prohibition of unsightly objects**  
 5.12.1 No person shall cause, allow or permit to be placed on any building lot, any article, object or thing which shall be visible from any street, way, or public place, or from any other land or building or any part thereof, and which is, in the opinion of Council, offensive, unsightly or otherwise considered to be detrimental to the amenities of the neighbourhood.  
 5.12.2 Where land is used or is to be used for the storage or sale of any article, object or thing, Council may:—  
 (a) limit the time and period the storage, sale or delivery of the article, object or thing is to take place, and/or  
 (b) limit their number, amount or extent; and/or  
 (c) require screening by walls or fences and/or landscaping in a position on the property as decided by Council.
4. Insert in Schedule 1—interpretations after "Club Premises" the following:  
**"Commercial Vehicle means a vehicle designed for, or used for commercial and industrial purposes, including a caravan, a horse float and a trailer, where the load capacity of the vehicle exceeds one tonne".**
5. Delete in Schedule 1—interpretations the following—"Board: Means the Town Planning Board constituted under the Act".

P. P. PARKIN, Mayor.  
B. R. GENONI, Town Clerk.

**TOWN PLANNING AND DEVELOPMENT ACT 1928 (AS AMENDED)****Town of Mosman Park Town Planning Scheme No. 2***Scheme Text*

The Council of the Town of Mosman Park under and by virtue of the powers conferred upon it in that behalf by the Town Planning and Development Act 1928 (as amended) (hereinafter referred to as the "Act") and the Metropolitan Region Town Planning Scheme Act 1959 (as amended) hereby makes the following Town Planning Scheme for the purpose of:

- (a) setting aside land for future public use as reserves;
- (b) controlling land development; and,
- (c) other matters authorised by the Act.

## PART I—PRELIMINARY

1.1 Scheme Title: This Town Planning Scheme may be cited as the Town of Mosman Park Town Planning Scheme No. 2 hereinafter called the Scheme and shall come into operation on the publication of notice of the Minister's final approval thereof in the *Government Gazette*.

1.2 Scheme Area: The Scheme shall apply to the whole of the land within the District of the Town of Mosman Park.

1.3 Operation of Scheme: The Scheme is complementary to, and is not a substitute for the Metropolitan Region Scheme, and the provisions of the Metropolitan Region Scheme, as amended from time to time shall continue to have effect.

1.4 General Intent: The intent of this Scheme is to direct and control the development of the Scheme Area (hereinafter referred to as the District) in such a way as shall promote and safeguard the health, safety and convenience, economic and general welfare of its inhabitants and the amenities of every part of the District and more specifically:

- To consolidate commercial activities and prevent commercial ribbon development along Stirling Highway.
- To insulate residential areas from further non-residential uses and encourage existing non-residential uses out of residential areas.
- To enhance the amenity of residential areas and maintain the lifestyle enjoyed by Mosman Park residents.
- To encourage the development of aged persons housing in suitable locations within the District.
- To encourage the redevelopment of existing multistorey flats buildings to lower profile residential buildings.
- To preserve and enhance places of natural beauty, of historic buildings and objects of historical and scientific interest.
- To maintain and enhance the amenity and quality of streetscapes throughout the District.
- To control the orderly and proper planning of undeveloped areas within the District with regard to:

- (i) the environmental or historic qualities of the site.
- (ii) the health, safety and convenience, economic and general welfare of its inhabitants and the amenities of every part of the District.
- (iii) the existing or proposed land uses in the surrounding locality and the intensities of such land uses.
- (iv) the needs of the residents of Mosman Park.

1.5 Revocation of Town Planning Scheme: The Town of Mosman Park Town Planning Scheme as amended which came into operation by publication in the *Government Gazette* on 23rd June 1972 is hereby revoked.

1.6 Responsible Authority: The Responsible Authority for carrying out the Scheme is the Council of the Town of Mosman Park hereinafter referred to as the Council, except that where land is reserved and is shown on the Scheme Map marked "MRS" the responsible Authority is deemed to be the State Planning Commission and the provisions of the Metropolitan Region Scheme shall apply to such reservations.

1.7 Arrangement of the Scheme: The Scheme Text is divided into the following parts:

- PART I Preliminary
- PART II Reserved Land
- PART III Zones
- PART IV Non-conforming Use of Land
- PART V General Provisions
- PART VI Conservation and preservation of Places of Natural Beauty and Historic Buildings and Objects of Historical or Scientific Interest
- PART VII Finance and Administration

The remaining documents of the Scheme are as follows:

1. Land Use Map
2. Scheme Map
3. Development Guide Map

The Scheme is supported by the data and policies contained in the Scheme Report, although the Scheme Report is not included as a statutory Scheme document.

1.8 General Obligations: Subject to the provisions of the Act and all Regulations made thereunder and to Part IV of this Scheme, no person shall depart or permit or suffer any departure from the requirements and provisions of the Scheme, nor shall any person use or permit the use of any land or building or undertake to permit any new work if the use, new work, reconstruction, alteration or modification, does not conform with the Scheme or would tend to delay the effective operation of the Scheme.

1.9 Relationship of Scheme to By-Laws: The provisions of the Scheme shall have effect, notwithstanding any By-law for the time being in force in the District, and where the provisions of the Scheme are inconsistent with the provisions of any By-law, the provisions of the Scheme shall prevail.

1.10 Control of Defence Areas Regulations: Notwithstanding any other provisions of the Scheme, all buildings erected within the District shall be subject to the requirements of the "Control of Defence Areas Regulations" as validly promulgated by the Department of the Army of the Commonwealth of Australia from time to time.

1.11 Interpretation: In this Scheme the terms used will have the respective interpretations set out in Appendix A of this Town Planning Scheme and the Residential Planning Codes, subject that where a term is defined in the Codes then notwithstanding anything else in the Scheme, the term when used in respect of residential development has the meaning given to it in the Codes.

## PART II—RESERVED LAND

2.1 Land set aside under this Scheme for the purposes of a reservation is deemed to be reserved for the purposes indicated on the Scheme Map, and the reservations of the Metropolitan Region Scheme are shown in the Scheme in order to comply with the provisions of the Metropolitan Region Town Planning Scheme Act. Land reserved under the Metropolitan Region Scheme is not land reserved under this Scheme.

2.2 Development on Reserved Land: Except as otherwise provided in this Part, a person shall not carry out any development on land reserved under this Scheme other than the erection of a boundary fence, without first applying for and obtaining the written approval of the Council.

2.3 Approval of Development on Reserved Land: In giving its approval, the Council shall have regard to the ultimate purpose intended for the reserve, and shall in the case of land reserved for the purpose of a Public Authority, confer with that Authority before giving its approval.

2.4 Existing Use Rights on Reserved Land: No provision of this Part shall prevent the continued use of land for the use for which it was being lawfully used immediately prior to the Scheme having the force of law, or repair and maintenance of buildings or works lawfully existing on the land.

2.5 Compensation for Injurious Affection: Where the Council refuses approval for the development of land reserved under the Scheme on the ground that the land is reserved for public purposes, or grants approval subject to conditions that are unacceptable to the applicant, the owner of the land may, if the land is injuriously affected thereby, claim compensation for such injurious affection.

2.6 Compensation Claim Procedure: Claims for compensation shall be lodged at the office of the Council not later than six months after the date of the decision of the Council refusing approval or granting it, subject to conditions that are unacceptable to the applicant.

2.7 Council may Purchase: In lieu of paying compensation the Council may purchase the land affected by the decision of the Council at a price not exceeding the value of the land at the time of refusal of approval, or of the granting of approval subject to conditions that are unacceptable to the applicant.

## PART III—ZONES

3.1 Notwithstanding anything to the contrary in this Scheme and without affecting the generality of Clause 1.6 of Part I the Council may, with the consent of the Minister (or when required by the State Planning Commission so to do, shall) require that the development of any land within the District, however zoned, shall be subject to the provisions of Clauses 10, 24 and 30 of the Metropolitan Region Scheme.

3.2 Zones Specified in Scheme: The following use zonings are specified and described in this Scheme and more particularly in Table No. 1—Zoning Table.

1. Residential
2. Business
3. Business and Residential
4. Industrial
5. Service Station
6. Place of Public Assembly
7. Private Clubs and Institutions
8. Special Office—Residential
9. Development

3.3 Table No 1—Zoning Table indicates the several uses permitted by this Scheme in various Zones, such uses being determined by cross reference between the list of 'Use Classes' on the top left-hand side of the table and the list of 'Zones' on top of the table. The symbols used in the cross reference in Table 1 have the following meanings:

P—A use that is permitted under this Scheme

AA—A use that is not permitted unless special approval is granted by the Council.

IP—A use that is not permitted unless such use is incidental to the predominant use as decided and approved by Council.

X—A use that is not permitted.

3.4 Additional Uses: The portions of the Scheme Area specified in Column 1 at Appendix B are the subject of additional use permits. Notwithstanding that land the subject of an additional use permit is within a zone the land or any building thereon may be used for the purpose set against that land in Column 2 at Appendix B in addition to the other uses permitted in the zone in which the land is situated unless any of these uses is excluded or modified by a condition specified in Column 2 at Appendix B. The use of the land is also subject to any other conditions considered appropriate by the Council and stated in Column 2 at Appendix B.

USE RESTRICTED IN ACCORDANCE WITH THE PROVISIONS OF CLAUSE 3.7 OF THE TEXT

**3.5 Business Zone:** The maximum permissible plot ratio shall be 0.8 and in considering development applications, Council will be guided by the height and bulk of buildings in adjoining areas and the amenity and parking provisions of Part V—General Provisions of the Scheme. Council shall have regard to the policies for the zone.

**3.6 Business and Residential Zone:** It is intended that development or re-development of land within the Business-Residential zone should take place only after comprehensive planning to ensure the best possible arrangement of land uses, buildings, circulation, access and parking and to accommodate a mixture of commercial and residential uses. Having regard to that intention, the Council before supporting or approving any proposal for the subdivision (including amalgamation) of lots or development of land within the zone shall require the preparation of an outline development plan for that land and such other related land as Council specifies.

Such an outline development plan should show details of:

- (i) the staging of development;
- (ii) the integration of buildings, parking areas, vehicular access, services and pedestrian and planting areas throughout the whole of the zone to achieve high standards of safety, appearance, convenience and service;
- (iii) the enhancement of the streetscape to emphasise Glyde Street as the main entrance to the Town;
- (iv) the height, scale, bulk, colour, design and use of materials of any development in the zone and conformity with any design guidelines.
- (v) the preservation of existing character buildings.

The maximum plot ratio within the zone shall be 1.0 and car parking shall be provided in accordance with the provisions of Table 2—Vehicle Parking Requirements.

With comprehensive re-development or new development of the whole or a significant part of the zone the development shall provide for the truncation and upgrading of the intersection of Glyde Street with Stirling Highway without cost to Council. Should the whole or a significant part of the zone not be comprehensively developed or re-developed, then the provisions of the Special Office-Residential zone (including R-Coding) shall apply to Lots 1, 2 and 3 on the corner of Stuart Street and Stirling Highway, Lots 7, 21, 22, 1, 2, 11 and Lots 12-17 Stuart Street.

**3.7 Industrial Zone:** Land within the Industrial Zone may only be used for the purpose or purposes for which it was being used at the date of approval of the Scheme.

**3.8 Residential Zone:**

**3.8.1** The intent of the Residential Zone is to promote a high quality residential environment taking account of the existing development pattern and landform of the district. Development will be guided by the Development Guide Map, the Residential Planning Codes and the variations thereto, the amenity provisions contained in Part V—General Provisions of the Scheme and the Zone Provisions hereunder.

**3.8.2** In the area of dual coding (R10/20) bordered by Bird, Caporn, Marshall Streets and Riverside Drive, development in accordance with the R20 Code may only be permitted where subdivision has occurred utilising an upgraded right of way running between Marshall Street and Caporn Street for frontage purposes.

**3.8.3** In the area of dual coding (R20/50) fronting Stirling Highway between Victoria and Wellington Streets, development to the higher density may only be permitted where the total area is redeveloped.

**3.8.4** In the area of dual coding (R20/40) between Eastbourne and Glanville Streets, development to the higher density may only be permitted where an application proposes the frontage of dwellings to both streets.

**3.8.5** In the area of dual coding (R15/25) between Solomon and Baring Streets, development to the higher density may only be permitted where an application proposes the frontage of dwellings to both streets.

**3.8.6** In the area of dual coding (R20/50) between Victoria and Fairlight Streets, development to the higher density may only be permitted where properties exceeding 2000m<sup>2</sup> in total area are to be developed. In this area provision should be made for access via Rights of Way and streets other than Stirling Highway. All developments using Rights of Way for access shall be widened to the satisfaction of the Council to provide for the additional vehicular traffic likely to be generated by the development and future development of surrounding land that may utilise the Right of Way for access.

**3.8.7** In the area of coding R50 between Fairlight Street and St. Leonards Street development to this density may only be permitted where properties exceeding 2000m<sup>2</sup> in total area are to be developed and where access is via Rights of Way or streets other than Stirling Highway. All developments using Rights of Way for access shall be widened to the satisfaction of Council to provide for the additional vehicular traffic likely to be generated by the development and future development of surrounding land that may utilise the Right of Way for access.

**3.8.8** In the area of dual coding (R20/R40) covering Sub Lots 176, 215 and 216 on the corner of Boundary Road and Stirling Highway development at the higher density may only be permitted where Council is satisfied that vehicular traffic generated by the development will not affect the amenity of the surrounding residential area.

**3.8.9** Development of the area bounded by Monument, Glyde, Harvey and Lochee Streets shall generally conform with Council's policies or policy plans.

3.8.10 Council may permit an increase in residential densities for the redevelopment of any site containing blocks of flats 4 storeys and over that will conform with Council's Building Height Policy.

3.8.11 In the area of dual coding (R20/R40) covering Lots 11, 12, 13 and 14 Willis Street development at the higher density may only be permitted where the existing character house on Lot 14 is preserved and new development complements the existing residence in terms of height, scale, bulk, colour, design and use of materials.

3.9 Service Station and Place of Public Assembly Zones: Within the Service Station and Place of Public Assembly Zones the maximum permissible plot ratio shall be 0.5. In considering development applications within these Zones Council shall be guided by the height and boundary setbacks of buildings in adjoining areas and the amenity and parking provisions of Part V—General Provisions of the Scheme. If any of the service station uses discontinue then Council will only support residential development on the sites to a similar standard to surrounding residential areas.

3.10 Private Clubs and Institutions: Within the Private Clubs and Institutions Zone, the maximum permissible plot ratio shall be 0.4 and the maximum site cover shall be 0.25. In considering development applications within this zone, Council shall be guided by the height and boundary setbacks of buildings in adjoining areas and the amenity and parking provisions of Part V—General Provisions of the Scheme.

3.11 Special Office—Residential Zone: The Council intends to direct and control development within this zone in a manner which will upgrade the appearance and function of land included within the zone consistent with Council's intention that the area should accommodate a mixture of residential and special commercial (non-retail) uses, while encouraging the preservation of character houses. The bulk and location of residential buildings will generally be to an R40 standard. The bulk and location of professional offices, health centres or consulting rooms shall be controlled as if the buildings were residential. No building to be used as professional offices, health centres or consulting rooms shall be more than 1 storey in height unless no less than half of the development is used for residential purposes. Car parking shall be provided in accordance with the provisions of Table 2—Vehicle Parking Requirements.

Council shall have regard to any Policy Plans or Policies for the area and may have regard to—

- (i) the integration of buildings, parking areas, vehicular access, services and pedestrian and planting areas throughout the whole of the zone to achieve high standards of safety, appearance, convenience and service.
- (ii) the preservation of existing character houses.
- (iii) new development shall complement existing character houses in terms of height, scale, bulk, colour, design and use of materials and shall maintain the residential appearance of the area.
- (iv) the traffic and parking impact of any development on surrounding areas.
- (v) the enhancement of the streetscape to emphasise Glyde Street as the main entrance to the Town.

#### 3.12 Development Zone:

3.12.1 Council encourages the residential development of the Development zone. Development of this zone shall provide for:

- (i) an open space connection between the Parks and Recreation reserve abutting the Swan River, the Parks and Recreation reserve on Buckland Hill and the Parks and Recreation reserves to the west of the Buckland Hill reservoir, including preservation of the Hillock on the CSBP site as part of the open space. This open space shall be reserved for Parks and Recreation under the Metropolitan Region Scheme.
- (ii) the subdivision of each superlot within the zone shall be designed to achieve a mix of residential densities. The maximum R-Code density shall be R15 except that Council may permit development to a maximum of R40 in accordance with an adopted outline development plan.
- (iii) the restriction of private domestic bores.
- (iv) incorporation of urban design features that reduce per capita water consumption and increase water retention and groundwater recharge.
- (v) integration with surrounding developments.

3.12.2 Council shall only permit development of the CSBP site to the south of McCabe Street where the site has been rehabilitated or all contaminants have been removed from the site to the satisfaction of the Council. Density concessions may be offered to achieve this.

3.12.3 Any person who wishes to develop land within the Development Zone shall make application for approval in accordance with Clause 7.1 and shall comply with the advertising procedures of Clauses 7.1.4 and 7.1.6 and any other of Council's procedural requirements.

### PART IV—NON-CONFORMING USES

#### 4.1 Non-conforming Use Rights:

No provision of the Scheme shall prevent:

- (a) the continued use of any land or building for the purpose for which it was being lawfully used at the time of coming into force of the Scheme; or,
- (b) the carrying out of any development thereon for which, immediately prior to that time, a permit or permits, lawfully required to authorise the development to be carried out, were duly obtained and are current.

4.2 Extension of Non-conforming Use: A person shall not alter or extend a non-conforming use or erect, alter or extend a building used in conjunction with a non-conforming use without first having applied for and obtained the planning consent of the Council under the Scheme and unless in conformity with any other provisions and requirements contained in the Scheme.

4.3 Change of Non-conforming Use: Notwithstanding anything contained in the Zoning Table the Council may grant its planning consent to the change of use of any land from a non-conforming use to another use if the proposed use is, in the opinion of the Council, less detrimental to the amenity of the locality than the non-conforming use and is, in the opinion of the Council, closer to the intended uses of the zone or reserve.

4.4 Discontinuance of Non-conforming Use:

4.4.1 Notwithstanding the preceding provisions of this Part, when any land or building which has to that time been classified as having a non-conforming use has not been utilised for that use for a period of 6 consecutive calendar months, such land or building shall not thereafter be used other than in conformity with the provisions of the Scheme.

4.4.2 The Council may effect the discontinuance of a non-conforming use by the purchase of the affected property, or by the payment of compensation to the owner or the occupier or to both the owner and the occupier of that property, and may enter into an agreement with the owner for that purpose.

4.5 Destruction of Buildings: If any building is, at the gazettal date, being used for a non-conforming use, and is subsequently destroyed or damaged to an extent of 75% or more of its value the land on which the building is built shall not thereafter be used otherwise than in conformity with the Scheme, and the building shall not be repaired or rebuilt, altered or added to for the purpose of being used for a non-conforming use or in a manner or position not permitted by the Scheme.

## PART V—GENERAL PROVISIONS

### 5.1 Amenity:

#### 5.1.1 Building Height—

- (a) Policy—Council's policy for development within the district limits building to no more than two storeys in height so as to maintain privacy, views and general amenity. In exercising this policy Council will not regard undercroft space used for lift shafts, stairways, or meter rooms, bathrooms, shower rooms, laundries, water closets or other sanitary compartments or the parking of vehicles where that space is not higher than a datum being one metre above the crown of the road measured directly opposite the centre of the site boundary abutting the road. In the case of lots with multiple street frontages the datum shall be determined from the crown of the higher(est) road. Council may depart from this policy where natural ground forms indicate that a variation is warranted, provided that it is satisfied that the amenity of neighbouring areas will not be adversely affected.
- (b) Measurement of Building Height—For the purpose of measuring 'storey' and hence 'building height', Council shall generally follow the following formula, except in particular cases where natural ground forms indicate that a variation is warranted provided that the amenity of neighbouring areas is not unreasonably diminished.

The maximum building height shall be measured from the natural ground level at any point on the site to the crown of the roof and shall be:

Single Storey	Roof Height: 6.0 metres
Two Storey	Wall Height: 6.0 metres
	Roof Height: 8.5 metres

Variations to the above heights may be permitted in the case of extensions to existing buildings.

5.1.2 General—Notwithstanding the specific provisions of this Scheme in considering a proposed development, Council shall have regard to and may impose conditions relating to the following:

- (i) the need for limitation of height or location of buildings to preserve or enhance views;
- (ii) the need for preservation of existing trees or areas or buildings of architectural or historical interest;
- (iii) the choice of building materials and finishes where these relate to the preservation of local character and the amenity of the area generally;
- (iv) the dispersal of building bulk into two or more separate buildings on a lot in order to minimise the effect of building bulk;
- (v) an increase in building setbacks where the adjoining land is controlled under a lower Residential density Code in order to ensure adequate protection for adjoining residents;
- (vi) the location and orientation of a building or buildings on a lot in order to achieve higher standards of daylight, sunshine or privacy or to avoid visual monotony in the street scene as a whole;
- (vii) the maintenance of fresh air in the locality through the control of building bulk and the control of odours, gaseous and particulate emissions;
- (viii) in respect of privacy, the impact of balconies, verandahs and large viewing windows in floor levels above ground floor level in particular;
- (ix) the quiet of the locality in general including the impact of the nature of the proposed use, the likely times of activity, likely traffic generation, particularly concerning the location and impact of plant including air conditioners, plant rooms and other machinery proposed to be located on a site and the position of parking bays and driveways in relation to neighbouring developments.

In order to preserve the quiet of residential areas, Council may impose conditions on development approvals restricting the hours and seasons of work on a development site;

- (x) the impact of a development on the penetration of natural light to neighbouring developments or the likely interference caused by a development on the use of solar energy on neighbouring properties;
- (xi) the Council may refuse approval to any development if more than 50% of an adjoining lot would as a result of that development, be calculated by Council to be in shadow at noon on the 21st June;
- (xii) the visual effect of the development as viewed from the Swan River;
- (xiii) the retention of the natural landform and the provision of landscaping on properties adjoining river foreshore reserves and the effect on the amenity of those reserves;
- (xiv) the maximisation of groundwater recharge, the effect on groundwater and the restriction of private domestic bores;
- (xv) the trees and shrubs to be planted and retained and the landscaping to be carried out;
- (xvi) the position, design and size of advertising;
- (xvii) the extent to which the natural contours of the land are altered.
- (xviii) the provision of appropriate bicycle facilities.

## 5.2 Residential Development:

### 5.2.1 Residential Planning Codes—

- (a) For the purpose of this Scheme 'Residential Planning Codes' means the Residential Planning Codes set out in Appendix 2 to the Statement of Planning Policy No. 1, together with any amendments thereto.
- (b) A copy of the Residential Planning Codes, as amended, shall be kept and made available for public inspection at the offices of the Council.
- (c) Unless otherwise provided for in the Scheme the development of land for any of the residential purposes dealt with by the Residential Planning Codes shall conform to the provisions of those Codes.
- (d) The Residential Planning Codes density applicable to land within the Scheme Area shall be determined by reference to the Residential Planning Codes density numbers superimposed on the particular areas shown on the Development Guide Map as being contained within the outer edges of the black borders or where such an area abuts another area having a different Residential Planning Code density, as being contained within the centrelines of those borders.

### 5.2.2 Residential Planning Codes—Variations and Exclusions

- (a) Notwithstanding the provisions of the Residential Planning Codes the following variations and exclusions apply to all residential developments within the Scheme Area.
- (b) No residence or part of a residence other than the eaves of the residence shall be constructed in front of a building line 7.5 metres back from the front boundary (as determined by Council) except:
  - (i) when it can be shown that the standard setback along a street alignment or part of a street alignment is less than that stipulated, Council may permit a reduced setback to be consistent with the street.
- (c) Where the Development Guide Map indicates the minimum setback from a street boundary to be Nil, the wall of a residential building may be constructed on that boundary except that no major opening to a habitable room (other than an open face of a balcony) shall be located within 2 metres of the site at ground level or, in the opinion of Council sufficiently close to street level as to result in a significant loss of privacy. Walls of residential buildings higher than 6 metres shall be set back from street boundaries in accordance with the relevant Code.
- (d) Notwithstanding the provisions of the Residential Planning Codes, "additional accommodation" as set out in Clause 28 and 29 of the Codes have been replaced by the term "additional dwelling" as defined at Appendix A—Planning Scheme Interpretations. Subject to the procedures set out in Part VII of the Scheme, Council may approve an additional dwelling unit in the Residential Zone in accordance with the following provisions:
  - (i) No person other than a parent of the owner or the spouse of the owner of the residence or such other aged or dependent relative of the owner or his spouse as Council in its discretion shall permit, shall reside in the second self-contained unit and then only whilst there is a current annual permit granted by the Council in respect of that use. Additional accommodation units shall be registered and a permit obtained from 1st July each year. The permit will expire on 30th June each year and an annual permit fee of \$10 shall be paid; where a permit is issued during the year the fee shall be proportional to the months which will elapse before 1st July next.
  - (ii) Within 3 months or within such further time as the Council shall in its absolute discretion decide of the second self-contained unit ceasing to be occupied in accordance with the provisions of sub-paragraph (i) or if the Council fails to renew the annual permit for that use of the residence, the owner of the residence shall effect such modifications to the building as shall restore it to a single tenement residence.
  - (iii) The site clearances for side, front and/or rear boundaries shall be as prescribed in the Code pertaining to the zoning of the subject land and the site cover and plot ratio of the total development shall not exceed the figures laid down within the Codes.
  - (iv) All additional dwellings shall have deep sewerage connection.
  - (v) All requirements of the Building Code of Australia pertaining to structural requirements shall apply.

5.3 Combined Residential/Business Development: Council may approve combined residential/business developments on appropriately zoned land subject to the following conditions.

- (a) the residential component of the building shall be built in accordance with the Residential Planning Codes, the Development Guide Map, the Zoning Provisions of Part III and General Provisions of Part V of this Scheme as they apply.
- (b) the business component of the development shall be built in accordance with the Development Guide Map, the Zoning Provisions of Part III and the General Provisions of Part V of this Scheme.

5.4 Vehicle Parking and Loading: The purpose of this clause is to secure the provision of off-street parking and loading facilities in relation to the use of land so as to reduce or prevent the congestion of traffic on any road or public place. Every owner or occupier who constructs or who substantially reconstructs, alters or adds to a building on any site or changes the use of any land or building shall make provision in accordance with the requirements of Table II for vehicles used in conjunction with the site (whether by occupiers, their employees or invitees and other persons) to stand on or, in the opinion of the Council, sufficiently close to the site but not on a street while being loaded or unloaded or awaiting use.

5.4.1 Size and Location of Car Spaces and Loading Facilities: The minimum dimensions of car parking spaces and access drives shall generally be in accordance with the diagram at Appendix C. When considering any applications Council shall have regard to and may impose conditions on the details of locating and designing the required car parking spaces and loading facilities. In particular, the Council shall take into account, and may impose conditions concerning:

- (a) the number of spaces to be roofed or covered;
- (b) the number of spaces to be below natural ground level;
- (c) the means of access to each space and the adequacy of any manoeuvring area;
- (d) the location of the spaces on the site and their effect on the amenity of adjoining development, including the potential effect if spaces should later be roofed or covered;
- (e) the adequacy of proposed screening or planting;
- (f) the extent to which spaces are located within required setback areas; and
- (g) the location of proposed footpaths and the effect on traffic movement and safety.

5.4.2 Number of Parking and Loading Spaces to be Provided: Except where discretion exists to vary parking requirements in other parts of the Scheme, the number of spaces to be provided in respect of any particular site shall be determined by Council, having regard to the nature of the use and the known or likely volume of goods, materials or people moving to and from the site and; where the use is stipulated, not less than the number of spaces set down in Table II hereunder;

TABLE II

Use	No of Parking Spaces
1. Attached Houses, Grouped Dwellings, Multiple Dwellings and Single Houses	In accordance with the Residential Planning Codes.
2. Other Residential Buildings	1 space to each room used as a bedroom plus 1 space to each 25 sq. metres of gross floor area of service buildings.
3. Motels	1 space to each room used as a bedroom plus 1 space to each 25 sq. metres of gross floor area of service buildings.
4. Licensed Hotels and Taverns	1 space to every bedroom, 1 space to every 2 sq. metres of floor or ground area open to the public for consumption of liquor provided that in the case of areas used as lounges and beer gardens and used solely for seated customers, the ratio may be reduced to 1 additional space for every 4 sq. metres of floor or ground area. If provision is made for holding conventions or functions, Council shall require an additional space for every 4 sq. metres that the convention/function room is designed to accommodate.
5. Hospitals	1 space to every 4 patients' beds plus 1 space per employee on duty.
6. Theatres, cinemas, halls and non-residential clubs	1 space to every 4 persons whom the building is designed to accommodate.
7. Churches	1 space to every 4 persons whom the building is designed to accommodate.
8. Educational Establishments	3 spaces per each classroom, library and gymnasium.
9. Motor Repair Station and Service Stations	1 space to each working bay plus 1 space to each person employed on the site.
10. Warehouses, showrooms, storage yards and carriers depots including incidental offices on premises used for such purposes	1 space to each 100 sq. metres of open space and 1 space to each 100 sq. metres gross floor area.
11. Industry	1 space to every 50 sq. metres gross floor area.
12. Shops	1 space to every 12.5 sq. metres of gross floor area.
13. Administrative, commercial and professional offices	1 space to each 40 sq. metres of floor area.

5.4.3 Cash Payment in Lieu of Providing Parking Spaces: Where it is not practicable for an owner to comply fully or partially with the requirements of Table 2 Council may agree with an applicant to accept a cash payment in lieu of the provision of paved car parking spaces subject to:

- (a) A cash-in-lieu payment shall not be less than the estimated cost to the owner of providing and constructing the parking spaces required by the Scheme, plus the value, as estimated by a licensed valuer appointed by the Council, of that area of his land which would have been occupied by the parking spaces and manoeuvring area.
- (b) Payments under this clause shall be paid into a special fund to be used to provide public parking stations.
- (c) Council shall record and keep a register of details of developments approved, including the use of land and gross space so used, as well as details of parking provided on-site and parking met by way of cash-in-lieu payment,
- (d) All costs incurred in obtaining the valuation and estimate shall be borne by the applicant for planning approval.

5.5 Appearance of Buildings: All buildings shall be maintained by the owner and occupier thereof so as to preserve the amenities of the locality and their harmony with the exterior designs of neighbouring buildings.

5.6 Prohibition of Unsightly Objects: No persons shall cause, allow or permit to be placed on any building or part of a building or on a building lot, any article, object or thing which shall be visible from any street, way or public place or from any other land or building or any part thereof, and which is, in the opinion of the Council, offensive, unsightly or otherwise considered to be detrimental to the amenities of the neighbourhood.

No person shall:

- (a) store a disused motor vehicle, an old motor vehicle body or any old machinery; or
- (b) dismantle or break up a disused motor vehicle, an old motor vehicle or any old machinery,

except at a place approved by the Council for that purpose or inside an enclosed garage and no premises shall be used for the service, repair or spray paint of any motor vehicle.

5.7 Setbacks for Non-Residential Buildings: All buildings not under the control of the Residential Planning Codes shall have setbacks from boundaries as determined by Council. Where non-residential buildings are located next to a residential building or building in a residential zone the setbacks specified for the adjacent residential zone shall apply.

5.8 Land Liable to Flooding: Council may specify minimum floor and fill levels on any property in order to prevent the flooding or inundation of properties.

5.9 Outbuildings: Council may allow outbuildings where they do not affect the amenity of surrounding areas and shall have regard to location, height, bulk, floor area, design and materials used for the outbuilding.

5.10 Control of Advertising: The erection, placement and display of advertising shall be in conformity with Council's policies, and by-laws.

5.11 Variation of Scheme Provisions: Council may by absolute majority vary the provisions of this Scheme to allow for any land use or development that does not affect the amenity of the area provided that it conforms with—

- (i) the general intent of the Scheme
- (ii) the objectives and purpose of the zone; or
- (iii) any policy or policy plan of Council.

and shall prior to granting approval to the development or use follow the advertising procedures of Clauses 7.1.4 and 7.1.6.

5.12 Council Policies: In order to provide for the co-ordination, rationalization, promotion or encouragement of the planning, development, redevelopment or use of land or the preservation of historic buildings or objects of historical or scientific interest or the conservation of the natural beauty of the Scheme Area or part thereof, the Council may make and adopt a policy or plan with reference to any portion of the Scheme Area.

Council shall have regard to such policies or policy plans in assessing applications for a change in land use or development and may impose conditions or offer incentives to achieve the policies.

## PART VI—CONSERVATION AND PRESERVATION OF PLACES OF NATURAL BEAUTY AND HISTORIC BUILDINGS AND OBJECTS OF HISTORIC OR SCIENTIFIC INTEREST

### 6.1 First Schedule—Places, Buildings and Objects:

6.1.1 Council considers that the places of natural beauty and historic buildings and objects of historical or scientific interest contained in Schedule 1—Appendix D hereto (Appendix D Places, Appendix D Buildings and Appendix D Objects, respectively) should be conserved and preserved.

6.1.2 If the Council resolves that any place of natural beauty or any historic building or object of historical or scientific interest should be protected by the conservation and preservation provisions of this Part the Council may initiate an amendment to the Scheme to add the place, building or object to, Appendix D.

6.1.3 If the Council at any time considers that any Appendix D Place, Building or Object should no longer be protected by the conservation and preservation provisions of this Part the Council may initiate an amendment to the Scheme for the deletion of the place, building or object from Appendix D.

**6.2 Written Consent of the Council:**

6.2.1 No person shall without the consent in writing of the Council commence or carry out or permit or suffer the commencement or carrying out of any development on, in or in relation to any Appendix D Place, Building or Object and without in any way limiting the generality of the foregoing shall not:

- (a) clear, excavate or fill any land;
- (b) fell, remove, kill or irreparably damage any tree;
- (c) erect any fence;
- (d) commence or carry out any renovation, modification, refitting, decoration, or demolition of any building;
- (e) alter or remove any building or object or any part thereof.

6.2.2 The provisions of this sub-clause shall not affect any obligation imposed by other provisions of this Text or by the Metropolitan Region Scheme to apply for and obtain the approval of the Council or of the State Planning Commission prior to the commencement or carrying out of any development, and the written consent of the Council under this sub-clause is required in addition to any such approval to commence or carry out development.

6.2.3 If the Council decides to give its written consent to the commencement or carrying out of any development or other work referred to in paragraph 6.2.1, the Council may give that written consent notwithstanding that the development or work involved does not comply with the Building Code of Australia or the Residential Planning Codes or with any requirement or standard specified in or arising out of this Text.

6.2.4 The Council when considering an application for its consent in writing pursuant to the provisions of paragraph 6.2.1 may:

- (a) give its consent in writing with or without conditions and limit the time for which the consent remains valid prior to completion or substantial commencement of the development or other work; or
- (b) refuse to give its consent in writing.

**6.3 Purchase or Resumption:** The Council may purchase or, subject to the Act, resume the parcel of land on or in which any Appendix D Place, Building or Object is situated, or so much or such interest in that parcel of land as in the opinion of the Council is necessary for the preservation of the Appendix D Place, Building or Object.

**6.4 Agreements:** The Council may:

- (a) enter into agreements with the owners or occupiers of land on or in which any Appendix D Place, Building or Object is situated, for the purpose of ensuring the preservation or conservation of such place, building or object;
- (b) enter into agreements with the National Trust of Australia (WA), the Royal Western Australian Historical Society (Inc) or any Government Department, Authority or other body in Western Australia responsible for tourism or with any other Authority, body or person, for the preservation or conservation of any Appendix D Place, Building or Object; and
- (c) enter into agreements relating to the payment of monies and financial arrangements for the purpose of conserving Places, Buildings or Objects listed in Appendix D.

## PART VII—ADMINISTRATION AND FINANCE

**7.1 Applications:**

7.1.1 Application for Planning Approval: In addition to a building licence the Council's planning approval is required for any development on or partly on any lot zoned or reserved under the Scheme except the carrying out of any works on, in or under a street or road by a public authority acting pursuant to the provisions of any statute.

Subject to this exception, no person shall commence or carry out any development unless Council approval has first been obtained.

7.1.2 In addition to the requirements of the Metropolitan Region Scheme any application for planning approval, including the commencement, carrying out or change of use of land; the erection, placement and display of advertising; the fill or excavation of land; the construction or reconstruction, alteration or addition to a building, and the demolition of any building, shall be in the form prescribed at Appendix E. The application shall be submitted to the Council in duplicate together with such plans and elevations and other information reasonably required by the Council.

All applications shall be endorsed by the owner of the property or be accompanied by the owner's written consent. Details to be included on plans, elevations and other information include the following:

(a) Site Plan:

- (i) The scale shall not be less than 1:200 unless otherwise agreed by the Council's Planning Committee;
- (ii) The plan shall show the location of all buildings and courtyard walls or dividing fences, car parking provisions, access and landscaping;
- (iii) The plan shall show the contours of the site and intended earthworks;
- (iv) The plan shall show the location and detailed layout of all car parking areas and driveways, including rights of way, where utilised;

(b) Floor Plans: Plans of every storey of the proposed building are required. Where floors are duplicated in their entirety, a typical floor plan will be sufficient. The scale shall not be less than 1:100 and shall clearly show the location and size of all windows and doors

together with room sizes and built-in facilities. Either the floor plan or the elevations shall indicate the length of walls and their setbacks to site boundaries together with the height of the walls above natural ground level.

- (c) Elevations: Sufficient elevations to accurately describe the proposed development must be included. The minimum requirement is a street elevation, together with one longitudinal elevation. These drawings must show the true finished ground and floor levels.
- (d) Outline Specification: The type and colour of the principal materials of construction, buildings, car parking spaces and driveways are to be noted on the drawings. In this respect, coloured drawings would assist. Alternatively, the drawings may be accompanied by an outline specification indicating the materials under consideration.
- (e) Perspective/Model: It is to the applicant's advantage to submit a perspective drawing to enable Council to more readily appreciate the full extent of the proposal. In the case of large developments, for example flats/hotels, the Council may require the application to be accompanied by a model to a scale not less than 1:500.
- (f) Number of Sets of Drawings: Three complete sets of drawings shall be required in the case of two storey single residential and all multi-residential and commercial applications.
- (g) In particular cases, Council may also require information on the impact of a development in terms of traffic, existing services, shadows, wind, noise and social factors.

7.1.3 Notwithstanding the exception nominated within Clause 7.1.1 an application for planning approval shall be made in the form prescribed to the Council for submission to the State Planning Commission for determination in accordance with the Metropolitan Region Scheme or the Metropolitan Region Town Planning Scheme Act 1959, as amended, where the land, the subject of the application, is wholly or partly affected by a gazetted notice of a resolution of the Commission under Clause 32 of the Metropolitan Region Scheme, or within an area duly declared by the Commission to be a Planning Control Area or reserved or adjoins land reserved under the Metropolitan Region Scheme.

7.1.4 Before approving a development involving an "AA" use the Council may require that a notice of sufficient size, to be visible and readable from the street, be erected in a prominent position on the land explaining the proposed use. The notice shall be exhibited for a period of not less than 21 days and shall state that submissions may be lodged with the Council before a specified date, being not less than 21 days after the erection of the notice.

7.1.5 Council may require an applicant who applies for planning approval of a building, other than a single level, low profile dwelling or extensions thereto, to advise in writing any adjoining owner that plans of the proposal are available at Council's offices during normal office hours for inspection. The advice to the adjoining land owners shall be forwarded within seven days of lodging the application with the Council and the applicant shall advise Council in writing of those adjoining owners who have been notified. The advice to adjoining owners shall be deemed to have been given if forwarded by certified mail to the address recorded in Council's rating records. Included in the advice to adjoining owners shall be the information that should they wish to comment on the proposed development they shall provide comments in writing to Council within seven days of the date of the posting of the applicant's advice or such extended period accepted by Council. A copy of the advice and replies shall be submitted to Council before a final decision is made on the application.

7.1.6 The Council may in any case additionally or alternatively to the notice provided for in paragraphs 7.1.4 and 7.1.5 do or require any one or more of the following:

- (a) cause to be advertised or require the applicant to advertise one or more times in a newspaper circulating in the district notice of the Council's intention to consider the application for the proposed use and any such advertisement shall state that submissions may be lodged with the Council before a specified date, being not less than 21 days after the first publication of the notice;
- (b) use any other methods or media to ensure widespread notice of the proposal; or,
- (c) give notice to owners and/or occupiers likely to be affected by the granting of the approval. Such notice shall be in writing, supplying at least the information referred to in item (a) of this paragraph and allowing a like time after receipt of the notice for submissions to be lodged with the Council.

7.2 Advisory Committee: The Council may appoint an Advisory Committee consisting of the Mayor or his nominee and three persons at least one of whom is an Architect and one of whom is a member of the Mosman Park Ratepayers Association, and all, of whom are ratepayers in the Town.

7.3 Appeal Rights: An applicant or owner of land in respect of which an application has been made pursuant to Clause 7.1 and related sub-clauses has a right of appeal under Part V of the Act in respect of the exercise of discretionary powers by the Council under this Scheme.

7.4 Disposal of Land: The Council may deal with or dispose of any land which it owns or which it has acquired pursuant to the provisions of the Scheme, in accordance with the Act, and in conformity with the provisions of the Scheme, and for such purposes may make such agreements with other owners as it deems fit. In addition to all other powers vested in it, the Council may acquire land and buildings within the Scheme Area and enter into agreements and arrangements with any owners of land within the Scheme Area.

7.5 Compensation: Claims for compensation by reason of the Scheme other than for the purpose of Part II shall be made not later than six months from the date on which notice of approval of the Scheme is published in the *Government Gazette*, except in the case of the land reserved under the Metropolitan Region Planning Scheme, where the provisions of Division 2 of Part II of the Scheme shall apply.

7.6 Entry to Premises: An officer of the Council, authorised by the Council for the purpose, may at all reasonable times enter any building or land for the purpose of ascertaining whether the provisions of the Scheme are being observed.

7.7 Penalties: Any person who fails to comply with any of the provisions of the Scheme is guilty of an offence and is liable to such penalties as are prescribed by the Town Planning and Development Act 1928 as amended.

7.8 Delegated Authority: Council may by absolute majority delegate its authority for planning approval of any type of development to any officer of Council.

7.9 Demolition: No person shall demolish any building, structure or part thereof unless the consent of the Council is obtained, except where the Council has issued a planning approval to do so under the Scheme. In considering an application for planning approval to demolish a building, the Council may:

- (a) defer consideration of the application until it has received and granted planning approval for subsequent development of the site,
- (b) consent to the application, subject to conditions including the retention, maintenance, reinstatement and repositioning of any part.
