MODIFICATION TO TOWN PLANNING SCHEME AVAILABLE FOR INSPECTION**

City of Canning

Town Planning Scheme No. 40 (City Zoning Scheme)

Ref: 853/2/16/44.

Notice is hereby given that the modifications outlined in the Schedule annexed hereto have been made to the abovementioned town planning scheme.

**SCHEDULE OF MODIFICATIONS REQUIRED BY THE HON MINISTER FOR PLANNING: CITY
OF CANNING TPS NO. 40**

The Hon Minister for planning has granted approval for the City of Canning Town Planning Scheme No. 4 City Zoning Scheme to be advertised for public inspection subject to the following Schedule of Modifications being advertised conjointly with the Scheme. The schedule identifies those areas of the Scheme requiring modification. Public submissions may be made both on the contents of the Scheme and the schedule of Modifications.

(A) SCHEME TEXT

Carry out modifications to the Scheme Text as follows:

General

- (1) Correct typographic errors and other minor omissions as discussed between DPUD and Council.
- (2) Modify the Text so that it is more user friendly and consistent with the "Model Scheme Text" specifically as follows;
 - (I) Insert a "Table of contents" and modify "PART 1—PRELIMINARY" as necessary (Clause 1.2, subclause 1.11.2).
 - (II) Remove reference in the Text to "paragraphs", "sections", "subsections" and "items". These should be identified as "subclauses".
 - (III) Table 3—Zoning Table to be modified so that the zones are referred to by name at the top of the Table.

PART I—PRELIMINARY

- (1) Clause 1.7 (Maps) delete reference to "Supplementary Map" for the reasons nominated under Part "(c)" of this schedule and delete reference to this map under clauses 1.7 and 2.1 and subclause 2.1.3.

PART II—GENERAL PROVISIONS

- (1) The wording of subclauses 2.1.1 (Regional Reservations), 2.1.2 (Development and Use of Regional Reservations), 2.1.4 (Uses of Local Authority Reservations) and 2.1.6 (application form) to be modified as discussed between DPUD and council.
- (2) Subclause 2.1.10 (Right of Disposal) to be modified and corrected as follows;
 - (I) Subclause 2.1.10.1 refers to a non existent "preceding subclause".
 - (II) the wording of subclause 2.1.10.1 to be modified as discussed between DPUD and council.
 - (III) delete subclause 2.1.10.2 and replace with the following clause;

"The land referred to in the preceding subclause may be leased or used under licence only for a use or uses consistent with the use for which the land is or proposed to be reserved."
- (3) Add a new subclause headed "compensation" after subclause 2.1.10, the text of which shall be generally consistent with the wording of the supplied extract of the "Model Scheme Text".

- (4) Clause 2.3 (Development and Use of Land) to be modified so that the various subclauses of this clause correctly refers to the responsible authorities and process for dealing with and determining applications for development approval as discussed between DPUD and council.
- (5) The second paragraph of subclause 2.3.6.2. "AA" Uses to be deleted as this provides the council with the power to require any and every application for Development Approval involving an "AA" use to be dealt with as if it were an "SA" use. This would render the "AA" use classification superfluous.
- (6) Subclause 2.3.9.1 (d)—"Power to Determine Applications for Development Approval" to be deleted and replaced with the following;
- (d) "request additional information on or more detailed investigation of the proposal prior to the consideration or determination of the application at a later meeting of the council."
- (7) Subclause 2.3.12 (Informal Applications) to be deleted as this could deny the right of an applicant to have a proposal determined within the statutory period. Council should consider a similar provision contained in the Shire of Swan Town Planning Scheme which details the councils requirements for acceptance of applications for development.
- (8) The "Additional Information Sheet" referred to in subclause 2.5.2.2 "Power to control Advertisements" shall be the sheet attached to the Commission's "Advice Note 2 of 1990" dealing with this matter. This sheet should be inserted into the Appendix section of the Text.
- (9) The Heritage council of W.A is seeking to standardise the provisions contained in Town Planning Schemes for heritage matters. Clause 2.6 "Conservation and Preservation" should be reviewed having regard to the views of the Council.
- (10) Subclause 2.7.11 "Power to make Policies" to be modified so that it refers to the procedures for advertising, adopting and rescinding policies. For this purpose the Council should have regard for "Planning Bulletin No. 1/85 Policy in Town Planning Schemes" and the wording shall be generally consistent with the wording of the supplied extract of the "Model Scheme Text."
- (11) Subclause 2.7.13 "charges for Planning Services" to be deleted as this provision is not within the ambit of Schedule 1 of the Town Planning and Development Act.

Council is advised that the new planning legislation is likely to provide the Minister with the power to make regulations setting out the fees and charges which may be levied by planning authorities for the provision of planning services.

- (12) Table 3—"zoning Table" to be modified as follows;
- (I) "Caravan Park" to be a use not permitted in the Canning City Centre zone.
- (II) Delete reference to "Community Home" as this use is inconsistent with "Advice Note 3 of 1988—Residential Planning Review Taskforce" which directs that Councils should make allowance in Town Planning Schemes for small groups of unrelated people to occupy a residential dwelling as of right. For this purpose the "R" Codes includes appropriate definitions for Dwelling and Residential Building.
- (III) "Institutional Building" to be an "SA" use in the Residential zone. The Council's view that separate provision should be made for the accommodation of persons requiring special care but which would not in its view fall within the traditional interpretation of Institutional Home is noted. The Committee's position however is that such a use (small hospice, nursing home) falls within the meaning of Institutional Home and that this use should be afforded an "SA" classification in the Residential zone to allow the Council to determine proposals of this nature on their merits having regard to the impact on residential amenity.
- (IV) Having regard to (II) and (III) above "Nursing Home" is considered superfluous and therefore should be deleted.
- (V) "Home Occupation" to be an "SA" use in the Residential and Special Residential zones.
- (VI) "Recreation Vehicle Construction", "Family Day Care Centre" and "Educational Establishment" to be "SA" uses in the Residential zone.
- (VII) "Office" to be an "AA" use in the Commercial zone so that it is consistent with the same use classification for the Canning City Centre and Industrial Service zones.
- (VIII) "Shop" to be an "IP" use in the Industrial Service zone so that the use classification is consistent with the other commercial zones.
- (IX) "Take Away Food Outlets" to be an "SA" use in the Highway Commercial zone in recognition that such uses will normally seek to establish in areas the subject of this zone.
- (X) Carry out other minor corrections to the table as discussed between DPUD and Council.

PART III GENERAL BUILDING AND DEVELOPMENT STANDARDS AND GENERAL OFF STREET PARKING REQUIREMENTS.

- (1) Carry out the minor modifications to the various subclauses as discussed between DPUD and Council.
- (2) Delete subclause 3.1.4 "Connection to Reticulated Sewerage" and replace with the following clauses;
 - (i) All residential development, apart from a single house or an existing development, is required to be connected to a reticulated sewerage system.
 - (ii) If no sewer is available, development in excess of a single house is not permitted unless such development complies with the requirements of the Government Sewerage Policy.
- (3) subclause 3.2.8 "Cash Payment in Lieu of Providing Parking Spaces" to be modified as discussed between DPUD and Council and specifically to provide for partial/total cash in lieu of parking, land in lieu of parking, and the provision of the public parking station within the nominated period.

The Council may be assisted in modifying this subclause by referring to similar provisions in the City of Armadale TPS No. 3.

PART IV CANNING REGIONAL CENTRE DEVELOPMENT.

- (1) Carry out the minor modifications to the various subclauses as discussed between DPUD and Council officers.
- (2) Subclause 4.5.1 "Canning Regional Centre Policies" to be modified as follows;
 - (I) The procedures for advertising, adopting and rescinding policies to be consistent with the procedures per subclause 2.7.11. "Power to make Policies".
 - (II) The procedures for preparing, advertising, and adopting "specific Structure Plans" shall generally be consistent with those procedures per subclause 5.3.3. "Areas Subject to Structure Plans" and shall include reference to the consideration and adoption of such plans by the State Planning Commission.

Other Considerations

- (I) If the Council has adopted the Canning Regional Centre Structure Plan subclause 4.5.2 should be modified as necessary. Subclause 4.5.2. conflicts with Clause 4.3.—development within the Canning Regional Centre to generally accord with the C.R.C.S.P. However subclause 4.5.2. states "If Council adopts the C.R.C.S.P....."
- (II) Inclusion of a provision under clause 4.5 that "development within the Canning Regional Centre zones shall generally accord with the proposals contained in the adopted C.R.C.S.P. and amendments thereto."
- (3) Table 4A to be modified to;
 - (I) Nominate the specific provisions of PART V—ie clause; subclauses.
 - (II) Clarify the density coding for residential development in the City Centre Deferred zone
 - (a) "single house" is the only residential use permitted with Council approval—is the R 60 density code to apply)
 - (III) Insert specific setback requirements for shopping, commercial and civic etc land uses.
 - (IV) Carry out the minor modifications to this Table as discussed between DPUD and Council.
- (4) Table 4B to be modified by;
 - (I) Deleting reference to "Community Home"
 - (II) Review parking provisions for "Residential Building" in respect of incorrect reference to "residential units" and "employees" (refer to definition of "Residential Building").

PART V—RESIDENTIAL DEVELOPMENT

- (1) The need for subclause 5.3.3—"Areas Subject to Structure Plans" is questioned in that the land nominated in Appendix 7 is subject of Commission adopted Structure Plans.

Alternative provisions could be as follows—

- (i) "Subdivision/development of the land set out in Appendix 7 shall generally be in accordance with the structure plan adopted by the Council and State Planning Commission for the land".
- (ii) Retain subclauses 5.3.3.3 (e) and 5.3.3.4.
- (2) Relevant subclauses of clause 5.4 "Residential Building Standards" to be modified and additional subclauses inserted as follows—
 - (A) Subclause 5.4.1—the following additional clauses—
 - (I) "For the purpose of the Scheme "Residential Planning Codes" means the Residential Planning Codes as defined in Appendix 1 of the Scheme."

- (II) "The Residential Planning Code density applicable to the land shall be determined by reference to the Residential Planning Code density number(s) superimposed on the particular areas shown on the Scheme Map as being contained within the outer edges of the orange striped borders or where such an area abuts onto another area having a Residential Planning Code Density as being contained within the centre lines of those borders."
- (III) "Where a Residential Planning Code Density is identified as a multiple number on the Scheme Map the lower code shall prevail as the maximum permissible residential density for any land within the Residential zones unless reticulated sewerage is or becomes available to any land within the zone. At this time the maximum permissible residential density for the land serviced by reticulated sewer shall become that represented by the higher code for the purpose of the zone."
- (IV) Insert a provision to provide Council with the ability to approve single house development that does not comply with the standards nominated in the R Codes (refer to example in Page 12 of the "R" Code Manual)
- (V) Give consideration to, and insert appropriate additional provisions that nominate criteria to qualify for the higher density such as the following;
 - (1) consolidation of lots.
 - (2) advertisement and Council adoption of Residential Design Guidelines.
 - (3) other performance standards such as those nominated under subclause 5.4.3. suitably modified.
- (B) Heading of subclause 5.4.2 to read "Special Application of Residential Planning Codes" (if retained).
- (C) Subclause 5.4.2 to be deleted for the following reasons—
 - (i) To ensure uniformity of application of the R-Codes in Local Authority Schemes there is a presumption that only in exceptional circumstances will variations to these codes be permitted. The council has not adequately demonstrated that exceptional circumstances exist to require 30 metre frontage for group/multiple dwellings and a greater "parking provision for grouped dwellings."
 - (ii) In addition to (i) above—
 - (a) 30 metre frontage requirement

Does not necessarily guarantee a higher standard of residential amenity. This is largely dependent on appropriate application of design guidelines (which should be developed by the Council as soon as possible and adopted as policy).

The requirement is unduly restrictive—there is no discretion available to Council to vary the requirement for a 30 metre frontage where circumstances warrant a smaller frontage width.

This subclause is inequitable—the 30 metre frontage requirement will not apply to areas not subject of a split coding (ie R30, R40 areas).

It is unclear why a 30 metre frontage requirement should apply in the case of areas Coded R5/R40.

It is also questionable given the wording of subclause 5.4.2.1 (a frontage of 30 metres shall be required) that any property having the benefit of a greater frontage width may not qualify as a group/multiple dwelling site.
 - (b) Minimum Parking Provisions

The parking standards proposed by council are excessive (ie for a 10 unit development the "R" code requirement is 17 bays. Council's requirement if discretion is not exercised will be 30 bays).

Council's parking requirement is at least equivalent to and may possibly exceed the requirement for multiple dwellings.

Council is indirectly acknowledging that the proposed parking standard could be excessive by providing itself with the discretion to reduce the number of parking bays having regard to the merits of the proposal.

This subclause is also inequitable in that within the "Canning City Centre" zone the parking standard for group dwellings is "As per R Codes".

A more flexible approach is necessary to encourage diversity of development and support Councils overall housing density strategy.
- (D) Subclause 5.4.6—"Public Open Space Contribution For Density Development" to be deleted as this provision is not within the ambit of Schedule 1 of the Act. DPUD is presently examining the need for contributions for Public Open Space and Community Facilities and which provides recommendations on the contribution mechanism and guidelines that could be applied.

- (3) Table 5 to be modified per the modifications required to Table 4B. Also reference in Table 5 to the minimum parking provisions for residential developments to be "As per R Codes" conflicts with subclause 5.4.2.2 (minimum parking standards for group housing). Accordingly reference in this Table to parking standards for residential (group dwellings) development should be consistent with subclause 5.4.2.2 if retained.

PART VI—INDUSTRIAL DEVELOPMENT

- (I) Carry out the minor modifications to the various subclauses as discussed between DPUD and Council.
- (II) Table 6A—Nominate specific setback requirements per nominated zone.

PART VII—COMMERCIAL DEVELOPMENT

- (I) Carry out the minor modifications to the various—subclauses as discussed between DPUD and council.
- (II) Add a provision(s) that nominates the applicable residential density code and building standards for multiple dwelling developments which are permitted with Council approval in the "Shopping" and "Commercial" zones.

PART VIII—RURAL DEVELOPMENT

- (I) Consider modifying subclause 8.4.1 "General Development Conditions Applicable to Special Rural and Rural zones" to provide the Council with greater control to protect the environs within these zoned areas.

The following modifications and additional provisions are recommended—

- a) Modify subclause 8.4.1 (g) by adding after the word "animals" "provided the Council is satisfied that the grazing or keeping of any animal will not result in the removal or damage of the vegetation and trees or result in soil erosion and dust pollution. As a condition of approval the Council may require the animals to be stabled or corralled".
- b) Delete subclause 8.4.1 (h).
- c) Add the following provisions to subclause 8.4.1—
- " (h) No indigenous vegetation and trees shall be destroyed or cleared unless and subject to the prior approval of the council where such vegetation and trees are dead, diseased or where the clearing is required for the purpose of a firebreak, dwelling, outbuilding, fence and/or house driveways.
- (i) Where in the opinion of the Council additional tree planting on a lot will assist in the control of soil erosion the Council may direct the landowner(s) to plant on the Lot indigenous and native trees and shrubs of a species and at a density and distribution and at a time to be determined by the Council.
- (j) The landowner(s) of a lot shall be responsible for the maintenance and the replacement, if and where necessary of trees and vegetation on the lot to the satisfaction of the Council.
- (k) Within the Rural zones land uses other than a single house that are permitted or may be permitted by the Council pursuant to the Scheme shall notwithstanding only be permitted when the Council is satisfied that the land use does not involve excessive nutrient application, the clearing of the land or adversely affect the amenity and character of the specific zone."
- (II) Table 8B to be modified per the modifications required to Table 4B and addition delete reference to "Fuel Depot" which is a use that is not permitted in the Rural zones.

PART IX—OTHER ZONES

- (I) Carry out the minor modifications to the various subclauses as discussed between DPUD and Council.
- (II) Table 9 to be modified as per the modifications required to Table 4B.

APPENDIX 1—INTERPRETATION

- (I) Appendix 1 to be modified as follows—
- (1) Add definitions for the following—
- "Amenity Building"
- "Building Code of Australia"
- "Occasional Uses"
- "Public Parking Station"
- "Public Utility" (definition to have appropriate regard to Sections 20D and 32 of the Act)
- "Recreation Vehicle"
- "Residential Building"
- (2) Amending the headings of specific terms to read as follows—
- "aged or dependent persons"
- "Albany Highway (Canning) Policy Plan"
- (3) Delete the term "Community Home".

(4) Amend the wording of specific terms as follows—

“amenity”—delete “in case of a residential locality”.

“development”—adopt the definition contained in the “Act”.

“radio and TV installation—private” delete reference to the use class of “Dwelling and Dwelling Unit” (no such use class in the Scheme) and substitute with an appropriate definition.

“R-Codes”—add the words “December 13, 1991”.

“Noxious Industry”—delete “but does not include wet fish shops or piggeries or a waste disposal process operation carried out by or under the direct management and supervision of the Council.”

(5) clarify the term “general industry” specifically reference in “(ii)” to “site works on buildings, work or land”.

(6) Undertake other minor modifications as discussed between DPUD and Council.

APPENDIX 2—CAR PARKING AND MANOEUVRE SPECIFICATIONS

- (I) Modify the “Notes” as discussed between DPUD and council officers and replace the word “Notes” with the word “Requirements”.

APPENDIX 3—PROFORMA

- (I) Modify the Appendix as discussed between DPUD and Council officers.

APPENDIX 5—SCHEDULE OF ADDITIONAL USES

- (I) Additional Use No. 14 requires clarification in respect of automatic approval of 7000m² of “commercial use” in the Canning Vale Markets. It is noted that Town Planning Scheme No. 16 provides Council with the discretion to approve up to 7000m² of uses that Council has discretion to permit within the Industrial Service Zone (shops, offices).

APPENDIX 7—AREAS SUBJECT TO STRUCTURE PLANS

- (I) Insert heading as above and do other minor modifications as discussed between DPUD and Council.

(B) SCHEME MAPS

Modify the Scheme Maps as follows;

GENERAL

- (1) Scheme Maps to be annotated/notated as appropriate per the following—

“Scheme Map”

“Scheme Area Boundary”

“Legend”

- (2) Application of the Residential zones is ambiguous in respect of whether particular land parcels that have a non-residential zoning/reservation have also the benefit of a residential zoning. This should be rectified as follows—

Residential zoned land to have a solid colour/or appropriate bordering;

Residential Code area boundaries, Code number(s) to be superimposed over the residential zoned areas;

Legend to include reference to Code Area Boundary, Density Code number per the example provided.

RELATIONSHIP WITH THE MRS—

- (I) correct Scheme Maps to be consistent with MRS Reservations as discussed between DPUD and Council. The corrections shall be attached as appendices to the Scheme Maps and appropriately annotated.

CANNING REGIONAL CENTRE

- (I) Identify and border the “Canning Regional Centre Zones” on the Scheme Map/Legend to reflect the status afforded to those areas in the Scheme Text.

REVIEW SPECIFIC ZONING PROPOSALS—

- (1) Reserve 31860 Mills Street—Subject of MRS Amendment to zone the land “Urban”. Include in the Residential zone with Additional Use classification per Amendment No. 599 to Town Planning Scheme No. 16.
- (2) Kielman Road school site to be included in the Residential zone per Amendment No. 598 to Town Planning Scheme No. 16 with a suitable density code.
- (3) Woodthorpe Drive school site to be reserved (Local Authority Reservation) for Public Purposes.
- (4) Service Station site corner of Ranford and Wilfred Roads the subject of Amendment No. 611 to Town Planning Scheme No. 16 to be zoned “Service Station”.

- (5) Various hotel sites associated with shopping centres (as discussed with Council) that are proposed to be zoned "shopping" to be included in the "Commercial" zone to provide adequate control over further increase in retail floor space in these areas (a shop being an "IP" use in the Commercial zone).
- (6) Highway Drive-In Site—review "Highway Commercial" zoning in respect of decisions on Amendment Nos. 582 and 618 to Town Planning Scheme No. 16. A service/commercial node is considered prejudicial to the planned provision of commercial facilities in the Canning Regional Centre. Medium density housing options should be considered for all or part of the land.

RESIDENTIAL

- (1) The Commission is of the view that greater regard should be given to the Commission's Policy DC 2.10 "Residential Densities and Housing Mix" which recommends a base code of R20 to be applied to residential precincts. For this purpose the residential precincts subject of the R17.5 code designation shall be designated a split code of R17.5/R25 and Council should nominate the criteria to qualify for the higher density (Refer to Part V(2) of the Schedule of Modifications)
- (2) Review the residential precincts subject of the R17.5 code designation to identify those areas adjoining shopping, transport and open space nodes with potential for medium density residential housing development with the allocation of appropriate density code (ie R30, R40).
- (3) Review the split code proposal for the Whittome Residential Estate as the application of this split code may result in density development that is inconsistent with the approved structure plan. Council should consider the following options—
 - (A) Zone the land "Residential Development Area" with no density code and suitable reference in the Scheme Text to this area to control subdivision or development; or
 - (B) Allocate applicable density codes per the adopted structure plan.

MISCELLANEOUS

- (1) Correct minor drafting errors as discussed between DPUD and Council.
- (2) The Commission's acceptance of a "Mixed Business" zoning for Council land in Canning Vale the subject of Amendment No. 562 to Town Planning Scheme No. 16 is subject to the submission and approval of the pre-requisite structure plan for this land prior to requesting Final Approval to Town Planning Scheme No. 40.
- (3) Certain Public Open Space areas as discussed between DPUD and Council have been incorrectly zoned for residential/private clubs and institutional purposes. These areas should be reserved for "Local Park and Recreation Area".

(C) SUPPLEMENTARY MAP (LOCAL AUTHORITY RESERVATIONS)

This map should not form part of the Scheme for the following reasons—

- (a) The Supplementary Map conflicts with the Scheme Map in that various roads have a dual classification—ie Ranford Road (IRR) is designated a Regional Reservation under the Scheme Map and a Local Authority Reservation (Primary Distributor Road) under the Supplementary Map. This results in confusion and conflict in respect of the application of Part II "General Provisions".
- (b) The Scheme will require amendment every time a new road is created in the Municipality.
- (c) It is unclear how this Map will be interpreted in the statutory context of the Scheme.

Accordingly, this map should be adopted by the Council as a policy map and suitable modifications be made to the Scheme Text to delete direct reference to the Supplementary Map (ie clauses 1.7 and 2.1 and subclause 2.1.3).

Plans and documents setting out and explaining the town planning scheme and modification(s) thereto have been deposited at Council Offices, 1317 Albany Highway, Cannington and at the Department of Planning and Urban Development, Albert Facey House, 469-489 Wellington Street, Perth, and will be available for inspection during office hours up to and including June 22, 1992.

Submissions on the modification(s) should be made in writing on Form No 4 and lodged with the undersigned on or before June 22, 1992.
