## Order

The Authority fixes the undermentioned prices and rates for market milk, deemed to include unflavoured milk sold for human consumption within the State of Western Australia, including milk for ships' stores and international airlines (hereinafter embraced by the term ships' stores)—

44.85 cents per litre for market milk

which may be varied by deducting an amount for the transport of bulk market milk and an amount of 0.02 cents per litre to offset the cost of insuring dairymen payments for market milk.

**Maximum Prices to Authority:**

Maximum price to be paid to the Authority by licensees of dairy produce factories for market milk at the rate of:

47.33 cents per litre for market milk.

The Authority reserves the right to vary the maximum price specified in this order by addition of an amount as the Authority may reasonably determine to be contributed toward the cost of insuring payments to be made to dairymen for market milk.

**Acceptance and Disposal of Milk by the Authority**

It is further determined that, where milk delivered by a dairyman—

is found to contain less than 11.75 per cent total milk solids, as determined by the aforementioned Standard Method during any testing period on a second or succeeding occasion after 1 January 1987 or a second or succeeding occasion in any subsequent quota year, milk supplied by that dairyman for the duration of that testing period will not be accepted by the Authority as market milk.

is found by the Authority or its authorised agent on a certain day to contain antibiotic or other inhibitory substance on a second occasion after 1 January 1987 or a second occasion in any subsequent quota year, milk supplied by that dairyman for that one day will not be accepted by the Authority as market milk.

is found by the Authority or its authorised agent on a certain day to contain antibiotic or other inhibitory substance on a third or succeeding occasion after 1 January 1987 or a third or succeeding occasion in any subsequent quota year, milk supplied by the dairyman for the duration of that testing period in which that day occurs will not be accepted by the Authority as market milk.

is found by the Authority or its authorised agent on a certain day to contain excess water on the first occasion after 1 January 1987 or a first occasion in any subsequent quota year, milk supplied by that dairyman for that one day will not be accepted by the Authority as market milk.

is found by the Authority or its authorised agent on a certain day to contain excess water on the second or succeeding occasion after 1 January 1987 or a second or succeeding occasion in any subsequent quota year, milk supplied by that dairyman for the duration of the testing period in which that day occurs will not be accepted by the Authority as market milk.

is found by the Authority or its authorised agent on a certain day to contain added solids on the first occasion after 1 January 1987 or a first occasion in any subsequent quota year, milk supplied by that dairyman will not be accepted by the Authority as market milk for a minimum of two testing periods.

Where milk delivered by a dairyman is acceptable as market milk and the abovementioned prices for market milk apply, the milk is accepted by the Authority at the dairyman's registered dairy produce premises.

Provided that nothing in the Dairy Industry Act 1973, requires the Authority to accept all or any milk delivered to it by any person; and milk delivered to and accepted by the Authority may be disposed of by the Authority to milk vendors or other persons.

## Foreword

This first edition of the Western Australian Government Directory is intended to help provide ready access to the State's Public Sector Agencies.

Government offers an enormous range of services to people in our community which enhances their lives.

Departments and agencies do not operate behind closed doors. These organisations are making every effort to be increasingly responsive to the needs of customers and citizens.

This publication consolidates valuable information about agencies of the Western Australian Government. Simple contact details are accompanied by concise descriptions of the role of agencies and the legislation they administer. Future editions will be improved and expanded taking into account the needs of users.

This directory will have many uses and individuals and organisations should find this volume most helpful.
