18

Special Zone—Marina Development

with the box being coloured by diagonal green stripes;

- (ii) Including the land shown as diagonal green stripes on the attached plan in Area 18 Special Zone—Marina Development.

2.0 General Alterations

2.1 By adding "Table 4 Land Use/Sub-Areas" and "Table 5 Regulatory Controls" to the Table of Contents after "Table 3 Building Lines".

2.2 By adding "18 Special Zone—Marina Development" in Clause 3.1 after "17 Natural Bushland" and replacing "seventeen" with "eighteen".

3.0 Special Zone—Marina Development Controls

By adding a new zone Area 18 "Special Zone—Marina Development" in Clause 3.5 with the following controls—

3.1 Purpose and Intent

The purpose and intent of the Special Zone—Marina Development is to facilitate the integrated development of the Area with the Marina being the principal focus and to permit a range of uses appropriate to a marina oriented tourist development. The development of the Area is to be complementary to the Central Business District. Development shall be controlled to ensure that the relevant policies are implemented and to—

- (i) Ensure suitable standards of development;
- (ii) Control and safeguard health, safety, convenience and the general welfare and amenity of the area.

3.2 Policies

In order to assist in achieving the purpose and intent of the zone the Council may formulate and adopt policies for the Area, sub-areas (as shown on the development plan) and any use or development therein. In particular, such policies may relate to—

- urban design
- landscape and streetscape
- architectural character of buildings (including material)
- vehicular and pedestrian movement
- signs.

3.3 Development

- (i) All development and use shall be in accordance with: the Development Guide Plan and policies adopted by Council; the Regulatory Controls conditions of any Development Approval and any other applicable provisions of the Scheme;
- (ii) Unless otherwise specified no development and use shall occur in any of the sub-Areas without a Development Approval being issued in writing by the Council except where exemption exists under relevant legislature;
- (iii) In determining an application for a Development Approval (including use of land) the Council shall have regard not only to the matters set out in Clause 6.6 but also to the following—
- (a) The external appearance of the building;
 - (b) The dimensions, scale and proportions of the building;
 - (c) The effect on adjoining, adjacent and nearby buildings, places and properties and the occupants therein;
 - (d) The environment resulting from the building itself and the effect of this environment on the occupants of the building;
 - (e) The effect on the landscape and environment generally;
 - (f) State Planning Commission Policy No. DC 6.1—
Country Coastal Planning Policy dated December 1987, as amended;
- (iv) All signs/advertising (except those on windows) shall require a development approval.

3.4 Controls for Sub-Areas

(i) Sub-Area Definition

The Sub-Areas are that portion of land enclosed by a black border on the Development Plan and are denoted by the symbols A to Q as listed in Table 4. The Regulatory Controls are applicable to each Sub-Area as specified in Clause (ii).

TABLE 4—LAND USE/SUB-AREAS

- Q—Resort Hotel Complex;
- P—Festival Retail/Office;
- D—Marina Service Commercial and Public Car Park;
- A—Residential;
- L—Office;
- H—Batavia Park—Public Open Space;
- G—Railway Station Buildings (and forecourt) and Tour Bus Terminal Transit Building;
- I—Tourist Site—Public Amusement (Non Retail);
- C—Ferry Terminal and Public Car Park;
- E—Foreshore Reserve;
- N—Road Widening;
- K,
- J—Public Open Space.

(ii) Regulatory Controls

The development of Sub-Area A shall be in accordance with the controls specified in the Residential Planning Codes with an R20 coding being applicable to single residential, an R40 coding being applicable to grouped housing and an R60 coding being applicable to multi unit development.

There are no regulatory controls for Sub-Areas H, C, E, N, K and J. No development approval is required for the use and development of these Sub-Areas for the purposes for which they are reserved for the relevant vested Authority. However, such Authorities shall have regard to the general policies for this zone and to any specific policies for the Sub-Areas.

Within this zone Council may accept a cash-in-lieu payment for the provision of onsite carparking and any payment shall be—

- (a) Not less than the estimated cost of constructing the parking spaces required by the Scheme, plus the value of the land which would have been occupied by the carparking; and
- (b) Paid into a special fund held by Council solely for the provision, construction and maintenance of carparking facilities in reasonable proximity to the land upon which the provision was required.

The regulatory controls for all other Sub-Areas are set out in Table 5—Regulatory Controls.

*Does not include the 2 000 m² minimum area to be created as a central public place.

The following provisions be introduced into PART VI—Administration and Finance, as Clause 3.5:

Power to Make Policies

In order to achieve the objectives of the Scheme, the Council may make Town Planning Scheme Policies relating to parts or all of the Scheme Area and relating to one or more of the aspects of the control of development.

A Town Planning Scheme Policy shall become operative only after the following procedures have been completed:

- (a) The Council having prepared and having resolved to adopt a draft Town Planning Scheme Policy, shall advertise a summary of the draft policy once a week for two consecutive weeks in a newspaper circulating in the area, giving details of where the draft policy may be inspected and where, in what form, and during what period (not less than 21 days) representations may be made to the council
- (b) The Council shall review its draft Town Planning Scheme Policy in the light of any representations made and shall then decide to finally adopt the draft policy with or without amendment, or not proceed with the draft policy; and
- (c) Following final adoption of a Town Planning Scheme Policy, details thereof shall be advertised publicly and a copy kept with the Scheme documents for inspection during normal office hours.

A Town Planning Scheme Policy may only be altered or rescinded by—

- (a) Preparation and final adoption of a new Policy pursuant to this clause, specifically worded to supersede an existing Policy; and
- (b) Publication of a formal notice of rescission by the Council twice in a newspaper circulating the area.

A Town Planning Scheme Policy shall not bind the Council in respect of any application for planning consent but the Council shall take into account the provisions of the Policy and objectives which the Policy was described to achieve before making its decision.

APPROVED TOWN PLANNING SCHEME AMENDMENT
City of Stirling

Town Planning Scheme No. 2—Amendment No. 158

Ref: 853/2/20/34, Pt. 158.

It is hereby notified for public information, in accordance with section 7 of the Town Planning and Development Act 1928, that the Hon Minister for Planning approved the City of Stirling Town Planning Scheme Amendment on October 26, 1992, for the purpose of:

1. Inserting the following new Schedule into the Scheme Text:

" Schedule 9

Hamilton Lakes Precinct

1. Purpose

The purpose of the Hamilton Lakes Precinct is to permit the development of an integrated medium density residential estate built around a lake system.

2. Development

Any subdivision, rezoning or development proposal, other than a single house on an existing lot, will be considered only when Council and the State Planning Commission have adopted (and the proposal conforms with) the Design Layout Plan and is in accordance with the Implementation Strategy.

All development within the subject area shall comply with the Design Guidelines, as adopted by the Council, for the Hamilton Lakes Precinct.

3. The Design Layout Plan

The Design Layout Plan shall apply to all land within the Hamilton Lakes Precinct and shall show the following:

- (a) The topography of the area;
- (b) The existing major road systems;
- (c) The location and width of proposed roads;
- (d) The location and quantity of civic and public facilities proposed;
- (e) The basic layout of a sewerage system and other utility services;
- (f) The land holdings adjacent to or in the vicinity of the precinct;
- (g) The development proposed, the method of carrying out the development and the sequence of development.

In addition to the abovementioned provisions, the Design Layout Plan shall adequately address the following aspects:

3.1 Residential Density Allocation

The overall residential density allocation shall promote a variety of dwelling types and in doing so shall be based on an average residential density not exceeding R40, with no land being coded in excess of R60. The spatial location of appropriate Residential Planning Code densities shall be shown on the Design Layout Plan.

3.2 Traffic Management

A traffic management design capable of accommodating the projected traffic volumes is essential. The road layout shall be such as to minimise the impact of traffic generated by the Hamilton Lakes Precinct on existing residential streets.

Direct access to Hutton Street and Karrinyup Road should be avoided. Such access will be considered only where the City, the Main Roads Department and the Department of Planning and Urban Development are satisfied that such access is justified and workable without undue adverse impact on the established residential areas.

3.3 Lake System

The development of the Precinct shall be centered around an environmentally sound lake system that will accommodate the current drainage function of the area. An examination to determine the environmental significance of the existing wetlands in the area is to be undertaken to the satisfaction of the Council.

The design of the lake system shall address ongoing management including foreshore banks, water quality and insect control to the satisfaction of the City, the Environmental Protection Authority and the Water Authority of Western Australia.

3.4 Public Open Space

Public Open Space shall be located and designed to facilitate access to the lake system by all residents and shall be provided in accordance with State Planning Commission Policy.

A multipurpose path linking Karrinyup Road with the bicycle path along the Mitchell Freeway shall be accommodated.

3.5 Shopping Facility

The provision of a small centrally located shopping facility catering for the daily convenience needs of the local residents may be justified. In defining the size of the facility, its location within the catchment area of the Main Street Shopping Centre shall be recognised.

4. Implementation Strategy

The Implementation Strategy shall ensure an equitable method of allocating the costs of all works required in implementing the Design Layout Plan to all landowners within the Hamilton Lakes Precinct.

The Implementation Strategy must reflect the method of development, including any staging of the development proposals.

5. Design Guidelines

Design Guidelines for the built environment are required to ensure a cohesive and pleasant living environment. These Guidelines shall also ensure that any residential development which may impinge on the streetscape of an established residential street shall reflect the single residential character of that street.

The streetscape design shall be developed on the principles of the Australian Model Code for Residential Development. The design shall provide for underground power, appropriate paving and roundabout treatments, landscape features, fencing provisions, street furniture and lighting.

6. Procedure

6.1 Adoption of the Design Layout Plan

The Council shall, if it resolves that the proposed Design Layout Plan may be considered appropriate in the circumstances, ensure that one or more (as determined by the Council) of the provisions specified hereunder are invoked:

- (a) One or more notices, not less than 1 metre by 1.5 metres each and readable from the street, explaining the proposed Design Layout Plan, shall be displayed in a prominent position on the land for a period of not less than three weeks. The notice shall also state that comments may be lodged with the Council before a specified date, being not less than three weeks after the first display of the notice.
- (b) The Council shall advertise or cause to be advertised in a newspaper circulating in the District, notice of its intention to consider the proposed Design Layout Plan; the advertisement shall state that comments may be lodged with the Council before a specified date, being not less than three weeks after the first publication of the notice.
- (c) The Council may use any other methods or media to ensure widespread notice of the proposal.

The Council shall after the date stated in the notices, consider the proposed Design Layout Plan, including any comments received, and make its decision.

6.2 Adoption of the Implementation Strategy

All landowners within the Hamilton Lakes Precinct shall be invited, by registered mail, to comment on the Implementation Strategy. All comments received shall be considered by the Council prior to such Strategy being adopted.

6.3 Amendments

Amendments to the Design Layout Plan shall require approval of the Council and the State Planning Commission. Amendments to the Implementation Strategy shall require approval of the Council. In considering an amendment to either the Design Layout Plan or the Implementation Strategy, the Council may require that such amendment be advertised for comment in accordance with the provisions of the abovementioned subclause 6.1 or subclause 6.2."

2. Inserting a new Clause 1.3.6 in Part 1 of the Scheme Text as follows—

"1.3.6 HAMILTON LAKES PRECINCT

No person shall carry out development within the Hamilton Lakes Precinct except in accordance with Schedule 9 of the Scheme. Where any other provision of the Scheme is inconsistent with a provision of Schedule 9 of the Scheme, the provisions of Schedule 9 shall prevail."

3. Amending the Scheme Maps—

- (a) In accordance with the Hamilton Lakes Precinct Boundary Map as shown in Schedule 9 of the Scheme Text; and
- (b) By rezoning all land within the Hamilton Lakes Precinct to "Medium Density Residential" and affixing the notation, "ZONE SUBJECT TO THE PROVISIONS OF SCHEDULE 9 OF THE SCHEME" to this zoning.

Aforeword

This first edition of the Western Australian Government Directory is intended to help provide ready access to the State's Public Sector Agencies.

Government offers an enormous range of services to people in our community which enhances their lives.

Departments and agencies do not operate behind closed doors. These organisations are making every effort to be increasingly responsive to the needs of customers and citizens.

This publication consolidates valuable information about agencies of the Western Australian Government. Simple contact details are accompanied by concise descriptions of the role of agencies and the legislation they administer. Future editions will be improved and expanded taking into account the needs of users.

This directory will have many uses and individuals and organisations should find this volume most helpful.
