**BUSH FIRES ACT 1978**

*Shire of Kojonup*

**FIREBREAK ORDER**

(Section 33)

Notice to Owners and Occupiers of Land within the Shire of Kojonup—1993-94

Pursuant to the powers contained in section 33 of the above Act, you are hereby required to have firebreaks clear of all inflammable material, in the position, of the width, and for the period as specified hereunder.

1. Urban Land (Land within a townsite)

During the period from the 15th November to the 31 May inclusive, you shall have firebreaks in the following positions—

1.1 On land which is 4 000 square metres or less in area, you shall remove all inflammable material from the whole of the land.

1.2 On land which exceeds 4 000 square metres (one acre) in area as per item 2.1 hereunder.

1.3 However, owners of property with an area greater than 4 000 square metres that bounds a developed residentially zoned property, must install a satisfactory 2.4 metre wide boundary firebreak on their land abutting that residential property.

## 2. Rural Land—Homesteads, Buildings, Haystacks, Bulk Fuel, Drums and Liquid Petroleum

2.1 During the period from the 15th December, to the 31st May inclusive you shall have firebreaks at least 20 metres wide, if provided by burning, cultivating or spraying or 60 metres wide, if provided by being closely grazed or mowed to the satisfaction of a Bush Fire Control Officer in such positions as are necessary to completely surround the perimeter of any homestead building (excluding isolated non-inflammable buildings) fuel installation (including drums), haystacks (but only haystacks within 100 metres of any building) or group of such structures or installations. In each case the outer 2.5 metres of the area must be totally free of any inflammable material and where mowing is the method used all residue of the mowing process must be removed from the area.

NOTE—Boundary firebreaks are not compulsory within the Shire of Kojonup Rural Area. Landholders can provide firebreaks if they wish.

### General Information:

If it is considered impracticable for any reason to clear firebreaks on the land as required by this notice you may apply to Council or its duly authorised officer for permission to provide firebreaks in alternative positions or to take alternative action to abate fire hazards on the land. If permission is not granted by Council or its duly authorised officer you shall comply with the requirements of this notice.

Please Note—Following the method adopted by Council to inspect the firebreaks required in this notice, it is not necessary for Council to notify you or give you prior warning that legal action may proceed for failing to comply with the requirements of this notice.

The penalty for failing to comply with this notice is a fine of not less than \$80 and a person in default is also liable, whether prosecuted or not to pay the cost of performing the work directed in this notice if it is not carried out by the required date.

Harvesting: As per the Bush Fires Act it is now compulsory that an engine powered pumping unit and not less than 400 litres of water be in attendance during grain harvesting operations.

Swathers and Balers are subject to the same conditions as Harvesting, i.e., an engine powered pumping unit and not less than 400 litres of water be in attendance during operations from 1st December.

Oxyacetylene, arc welders, friction cutting equipment (whilst used in the open) are subject to the same conditions as are swathers and balers, and that in addition, the worksite be adequately cleared of flammable material prior to the use of the abovementioned equipment.

By Order of the Council,

NEIL P. HARTLEY, Shire Clerk.

LG502

## BUSH FIRES ACT 1954

### *Shire of Cuballing*

Notice to all Owners and/or Occupiers of Land in the Shire of Cuballing

Pursuant to the powers contained in section 33 of the above Act, you are hereby required, on or before 31 October 1993, to provide and maintain firebreaks up to and including 1 April 1994, as follows:

1. Rural land (land other than in a townsite) you shall clear of inflammable material, firebreaks not less than three metres wide in the following position:
  - 1.1 Immediately inside the external boundary of all land. This also applies to land abutting a formed public road.
  - 1.2 Immediately surrounding all buildings, haystacks and fuel ramps/depots situated on the land.
2. Townsite areas (land in any townsite) where the area of the land is 2 033 m<sup>2</sup> or less you shall clear all inflammable material on the land from the whole of the land:
  - 2.1 Where the area of the land exceeds 2 033 m<sup>2</sup> you shall either:
    - (a) Provide and maintain firebreaks not less than 3 metres in width inside all external boundaries of the land, or
    - (b) Have the land cleared of all inflammable material likely to be conducive to the out-break, spread or extension of a fire.

If it is considered impracticable to clear firebreaks or remove inflammable material from the land as required, applications may be made to Council or its duly authorised officer to put in place alternative fire hazard reduction. If permission is not granted by the Council or its duly authorised officer, the requirements of this order shall be complied with.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provision of the Bush Fires Act 1954.

By Order of the Council,

G. W. FOSTER, Shire Clerk.
